Toxic Horror: Like Hunter and his friends, I too am a huge fan of Sabaton. Here's my favorite. ATOMIC STYLE NINJA ART: NUCLEAR ATTACK!

Toxic Horror floated into the air and atomic energy swirled around him as he sang Nuclear Attack by Sabaton.

Prepare for nuclear attack

Dropped from Enola, a city erased

Threat of the future displayed

A power unheard of a power unseen

Flash out of nowhere, the sky is burning

At 8:16 a.m. Tokyo control realized something was wrong

Reports of explosions, destruction and pain

Air raid from hell city gone in a blaze

August in black, B-29's turning back

Warned but did not heed

(Prepare for nuclear attack)

Extermination

(Strike back)

Chose not to believe

(Another nuclear attack)

From the southeast came the second attack

Threat of tomorrow unveiled

11:02 a.m. on the 9th of august

Over the valley, like ball lightning

The bomb detonates and the land turns to waste

Barren for decades to come

The factories burning, the steelworks destoyed

Surrender your war else you'll perish in flames

Second attack, B-29's turning back

Warned but did not heed

(Prepare for nuclear attack)

Toxic Horror fired blasts of atomic energy and they formed into the B-29 Planes that dropped the Atomic Bombs on Hiroshima and Nagasaki in 1945.

Laney: And to top it all off, here's one that Natilee taught me. CELTIC STYLE NINJA ART: LEGEND OF THE SEAL WOMAN!

Laney floated into the air as water and green energy swirled around her and she was singing Sealwoman/Yundah by Mary McLaughlin.

Over the waves you call to me.

Shadow of dream, ancient mystery.

Oh how I long for your sweet caress.

Oh how I long for your gentleness.

Torn between sea mist and solid land.

Nights when I've ached for a human hand.

I'll come to you while the moon shines bright.

But I must go free with the first streak of light.

Over the waves you call to me.

Shadow of dream ancient mystery.

Oh how I long for your sweet caress.

Oh how I long for your gentleness.

Laney fired a wave of green energy and it formed into a wave of water and on it was the legendary Selkie or Celtic Folklore.

Super Megaforce Rangers: SUPER MEGAFORCE BLAST! FINAL STRIKE!

They fired energy bullets.

The blasts all hit General Peluso and he exploded in a massive fiery explosion!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

General Peluso was dead.

Laney: YEAH! Like Nico would say, General Peluso you have Failed This universe!

Fluttershy: Yeah!

Troy Burrows: Super Mega Rangers, That's a Super Mega Win!

They cheered.

---

We all regrouped.

Me: That was fun.

Twilight Sparkle: It always is fun.

Sideways: Now with the usual battles out of the way, let's go to Hollow Bastion.

Me: Yeah! Get ready for a huge battle guys. This is gonna be really rough.

Nico: I'm ready for anything.

Lincoln: Lets do it!

Lord Drakkon, Chemistro, Dark Laser, Speed Demon, Myotismon and Vortex appeared.

Drakkon: Me, Chemistro, Dark Laser, Speed Demon, Myotismon, and Vortex will go with you guys. You need all the heavy hitters you can get.

Me: Awesome.

Vypra and all The Masters of Evil appeared.

Vypra: We'll all come.

Me: Awesome! We're gonna be in for some heavy fighting guys so we need to hit all those Heartless bastards with everything we got.

Dark Spicer: You got it.

Me: Lets go!

We were off and we arrived later in HOLLOW BASTION/RADIANT GARDEN!

Me: Here we are guys. Hollow Bastion.

Crash Man: Is it okay if we still call this place Radiant Garden? Because that sounds more pleasant.

Me: Yeah Hollow Bastion sounds very dark and depressing. Radiant Garden is much better.

Lincoln: It sure is.

Nico: But it looks like it is doing better than it was the last time we were here.

Naruto: Yeah.

Me: It sure has gone under intense renovations. Wow.

We went down into the town and we saw Leon!

Me: Hey Leon!

Leon: Hey guys. Been a long time.

Chemistro: (to Leon) Hi there. You might not know me or some of the others but I'm a part of the Masters of Evil.

Me: We've got a lot of new recruits on both sides the last time we saw each other.

Leon: I can see that. You guys have been busy.

Cloud: You all sure have.

Eli: Long time no see Cloud.

Cloud: Same to you Little Eli. Thanks for killing Sephiroth for me.

Eli: Anytime.

Me: Sephiroth will never hurt anyone else ever again.

Eli: No he won't.

Me: Yep. You guys have been really busy remodeling the place.

Cloud: We sure have.

A Heartless then appeared and then suddenly a ball security device appeared under it and blasted it away.

Me: WHOA! That was cool!

Yuffie and everyone came.

Yuffie: I see you guys saw our new security system.

Me: Hey guys!

Eli: Yuffie, Aerith, Cid!

Aerith: Hey Eli!

Eli hugged them.

Yuffie: You're getting big Little dude.

Wind Man: That's a nice security system that you guys got.

Yuffie: Thanks. It's part of the new defense grid we set up to battle Heartless. Leon, Aerith, Sid and myself formed the Radiant Garden Reconstruction Committee. After you guys destroyed Xehanort the first time, we found it and began reconstruction on Hollow Bastian and made it back into the Radiant Garden.

Me: That's amazing!

Eli: Wow! You guys have been busy.

Cid: We sure have.

Yuffie: Yeah it's a big job.

Me: That's cool.

We went to the house of Cid and team.

Speed Demon: Also, we might need to stop by here later on to visit Tron's world.

Me: Yep but that will be the 1982 version of Tron. That's gonna be really cool.

Nico: It sure will be cool.

Lincoln: Yep.

Vypra: I can't wait to see that.

Nico: Me too. That's gonna be awesome.

Me: Yeah. For 39 years, Tron has been a huge inspiration.

Lisa Loud: Indeed he has.

Mushi: So, anyone unfriendly besides the Heartless come here lately?

Me: That's Organization XIII.

Aerith: Who are they?

Me: You're in for quite a shock.

Ansem the Wise: I'll tell them all J.D.

Ansem told them everything about them and it horrified them!

Yuffie: They are monsters!

Aerith: We have to stop them!

Me: We will. We already took down 4 of them.

Lily: And I have the Evil Luxord as my prisoner.

Evil Luxord: (Sitting on Lily's shoulder) It's true. Lily made a deal with me and I honored it.

Luxord: He is like me as well. I was once part of Organization XIII myself.

Xion: Same here. But I was the 14th member.

Me: You know what's also ironic? Both sides of us have half of Organization XIII's members on our side as what they were before they turned into them.

Elena: It's true. My name is Elena. My real name is Elrena but I like being called Elena. My Organization XIII name was Larxene the Savage Nymph.

Aeleus: I'm Aeleus and in Organization XIII, I was called Lexaeus the Taciturn Stalwart.

Roxas: I'm Roxas and I'm Sora's nobody. The 13th member of the Organization.

Luxord: My name is Luxord and I'm the Gambler of Fate.

Lauriam: I'm Lauriam and my Organization XIII member name was

Marluxia the Graceful Assassin.

Lea: My name is Lea and my Organization XIII member is Axel the Flurry of Dancing Flames.

Isa: My name is Isa and my Organization XIII member is right here.

Saix: I'm Saix the Lunar Diviner.

Ienzo: Me name is Ienzo and my Organization XIII member is right here.

Zexion: I'm Zexion and I am known as the Cloaked Schemer.

Even: I'm Even and I'm the genius and here is my Organization XIII member.

Vexen: I'm Vexen and I'm known as the Chilly Academic.

Dilan: Dilan is my name and my Organization XIII member is right here.

Xaldin: Xaldin is my name. I'm known as the Whirlwind Lancer.

Me: And we have yet to meet Demyx the Melodious Nocturne, Xigbar the Freeshooter and lastly their leader Xemnas the Superior of the In-Between.

Yuffie: Wow! That's incredible!

Nico: Yeah and we have our work cut out for us when we face them.

Me: But so far we've been really taking them down.

Cid: That's good.

Dark Laser: This is going to sound stupid but have any of you guys seen if Maleficent somehow came here?

Merlin then appeared.

Merlin: As a matter of fact she did come here.

Me: Merlin! Good to see you again.

Merlin: You too J.D. And how have you all been?

Me: Not really well. Nico has been cursed. Metaphorically speaking.

Yuffie: Cursed? How?

Me: Xemnas hit him with an energy blast that was supposed to kill him. But it backfired and brought the Digimon Emperor back and now he's inside Nico's head.

They gasped!

Yuffie: That monster tyrannical kid that caused Nico so much pain and grief!?

Me: You hit the nail right on the head Yuffie. He has been making Nico beat up some of our most hated enemies against his will. That's why I made Xemnas my target to make him pay for his crimes and for hurting Nico and make sure he dies like the rest of the Organization. I face him in The World That Never Was.

Leni: My target is totes gonna be Xigbar in Space Paranoids.

Lori: My target is Xaldin: (GROWLS IN FURY!) I WILL KILL THAT MONSTER FOR CAUSING SO MUCH PAIN TO BELLE AND BEAST AT BEAST'S CASTLE!

Me: You are still pissed about that? I thought you would've let that go by now.

Lori: Sorry.

Lana: My target is Vexen in the Timeless River.

Lynn: I'm going after Lexaeus in Agrabah.

Lucy: Zexion for me in Olympus Colosseum.

Lisa Loud: My acquired target is gonna be Saïx in Disney Castle.

Lola: I'm going after Axel in Halloween Town.

Luna: I already told you guys I'm going after an evil Demyx here. Oh and Demyx is also in the Masters of Evil dudes. You forgot to mention that.

Me: Sorry.

Lily: I already told you I took down the evil Luxord in Port Royal.

Laney: I beat Marluxia in The Pridelands.

Lincoln: I took down Larxene in The Land of Dragons.

Luan: And I took down the Evil Roxas in Twilight Town.

Me: 4 down and 9 to go. And we have to stop them before they cause more damage.

Nico: Yeah.

Long Haul: Well, we've got about 2 hours before it's time to kill some Heartless. Let's look around the area.

Me: Good idea. But I sense that Heartless are coming. So lets gear ourselves for battle.

Yuffie: Lets do it.

We got ready.

And we were equipped for war.

We then headed out and explored the area and all that and we went into the castle and we saw Ansem's study.

Ansem: This is my old study.

Me: Wow. Look at all these books.

Laney: So many of them.

Ansem: Let me show you something that I found recently.

We went into the computer room and we saw a hatch open up and we went down a spiral pathway.

Me: Wow.

We got into what looked like a dungeon.

Me: Whoa. A dungeon?

Ansem: This is what Xemnas has.

He opened a cell and inside it was Aqua's armor.

Vortex: Aqua, did you accidentally drop your armor?

Aqua: No I didn't.

Me: I think Xemnas stole it somehow.

Nico: Yeah.

I went into the cell and gathered the pieces and gave it to her.

Aqua: Thanks J.D.

Me: Looks like Xemnas has some psychological problems.

Laney: Yeah.

Me: The sooner I kill him the better.

Lincoln: Yeah.

I looked at my watch and saw that we had 30 minutes before the battle.

Me: Here we go guys. Lets get moving for the battle.

We went out of the castle and went through a crystal valley and we got to a barren land.

Me: Wow.

Livewire: Do you guys hear that?

Me: I don't hear anything. It's quiet. Too quiet.

Applejack: Yeah it's so quiet you can hear a mouse crawl.

Nico: Yeah.

?: So you all are the ones that are after me.

We turned and we saw XEMNAS!

Me: Xemnas!

Xemnas: The famous Team Loud Phoenix Storm and J.D. Knudson I have been most anxious to meet you.

Me: So I can kill you!

I flew up to him.

Me: You're gonna pay for your crimes.

Xemnas: (smirks) Oh, if you think you have the courage to fight me when the time comes, by all means. Assuming that you survive what's about to happen next. (leaves through a Corrider of Darkness)

Myotismon: I don't like the sound of that.

Me: Not so fast Xemnas!

I pulled him back.

Me: I'm not through with you yet.

Xemnas: And what is it you have to tell me?

Me: You botched up your murder attempt on Nico. That blast you made was supposed to kill him right?

Xemnas: That's right.

Me: Well you failed miserably at that! It backfired and resurrected an evil that hurt him in his past and now he's tormenting him from the inside by taking over his body even as we speak!

Xemnas: BLAST! I thought it would kill him!

Me: Well you thought wrong.

I reached into Xemnas's jacket and pulled out a piece of paper and it was the blast antidote.

Me: I'll take this. And when we fight in The World That Never War, you had better come at me with everything you got because I will never show you mercy for hurting my friend!

Xenmas: You can count on that.

I threw him through the corridor.

I went back to everyone. But then a massive number of portals appeared and out of them came thousands of Heartless!

Me: Whoa!

Nico: Look at them all!

Me: Lets make this a contest! Whoever kills the most buys pizza for the victory party!

Vypra: You're on!

?: Let me help you.

A figure came and it was Kamen Rider, Soji Tendo!

Me: Soji Tendo.

Soji: It's an honor to meet you J.D.

Me: Same here. LETS GET THEM!

We went at the Heartless and slashed and blasted and cut them all over the place with indiscriminate fury and more. The count was skyrocketing at an accelerated rate.

Nivenna blasted and smashed them all over the place and Sora grabbed a Heartless and blasted many all over with his own laser blast.

Axel Adell: (Swedish Accent) Lets get it on! ICE STYLE NINJA ART: SWEDISH EMPIRE!

Axel fired a wave of ice and it formed into the armies of the Swedish Empire from 1611-1721.

---

The **Swedish Empire** (Swedish: *Stormaktstiden*, "the Era of Great Power") was a European great power that exercised territorial control over much of the Baltic region during the 17th and early 18th centuries. The beginning of the Empire is usually taken as the reign of Gustavus Adolphus, who ascended the throne in 1611, and its end as the loss of territories in 1721 following the Great Northern War.

After the death of Gustavus Adolphus in 1632, the empire was controlled for lengthy periods by part of the high nobility, such as the Oxenstierna family, acting as regents for minor monarchs. The interests of the high nobility contrasted with the uniformity policy (i.e., upholding the traditional equality in status of the Swedish estates favoured by the kings and peasantry). In territories acquired during the periods of *de facto* noble rule, serfdom was not abolished, and there was also a trend to set up respective estates in Sweden proper. The Great Reduction of 1680 put an end to these efforts of the nobility and required them to return estates once gained from the crown to the king. Serfdom, however, remained in force in the dominions acquired in the Holy Roman Empire and in Swedish Estonia, where a consequent application of the uniformity policy was hindered by the treaties by which they were gained.

After the victories in the Thirty Years' War, Sweden reached the climax of the great-power era during the Second Northern War, when its primary adversary, Denmark-Norway, was neutralized by the Treaty of Roskilde in 1658 (this is when the Swedish empire is at its largest extent). However, in the further course of this war, as well as in the subsequent Scanian War, Sweden was able to maintain its empire only with the support of its closest ally, France. Charles XI of Sweden consolidated the empire. But a decline began with his son, Charles XII. After initial Swedish victories, Charles secured the empire for some time in the Peace of Travendal (1700) and the Treaty of Altranstädt (1706), before the disaster that followed the king's war in Russia. The Russian victory at the Battle of Poltava put an end to Sweden's eastbound expansion, and by the time of Charles XII's death in 1718 only a much-weakened and far smaller territory remained. The last traces of occupied continental territory vanished during the Napoleonic Wars, and Finland went to Russia in 1809, with Sweden's role as a great power vanishing as well.

Sweden is the only Scandinavian country to have ever reached the status of a military great power.

Khalyaka: (Indian Accent) This is gonna be fun! INDIA STYLE NINJA ART: MUGHAL EMPIRE!

Khalyaka fired a wave of orange, white and green energy and it formed into the armies of the Mughal Empire from 1526-1540 and 1555-1857.

---

The **Mughal Empire**, **Mogul** or **Moghul Empire**, was an early-modern empire in South Asia. For some two centuries, the empire stretched from the outer fringes of the Indus basin in the west, northern Afghanistan in the northwest, and Kashmir in the north, to the highlands of present-day Assam and Bangladesh in the east, and the uplands of the Deccan plateau in south India.

The Mughal empire is conventionally said to have been founded in 1526 by Babur, a warrior chieftain from what today is Uzbekistan, who employed aid from the neighboring Safavid and Ottoman empires, to defeat the Sultan of Delhi, Ibrahim Lodhi, in the First Battle of Panipat, and to sweep down the plains of Upper India. The Mughal imperial structure, however, is sometimes dated to 1600, to the rule of Babur's grandson, Akbar. This imperial structure lasted until 1720, until shortly after the death of the last major emperor, Aurangzeb, during whose reign the empire also achieved its maximum geographical extent. Reduced subsequently, especially during the East India Company rule in India, to the region in and around Old Delhi, the empire was formally dissolved by the British Raj after the Indian Rebellion of 1857.

The Mughal empire was created and sustained by military warfare. Under Akbar it did not vigorously suppress the cultures and people it came to rule, instead incorporating conquered nobles into the empire's administrative structure and practicing religious tolerance, leading to more efficient, centralised, and standardized rule. Later emperors gradually moved away from these policies in attempts to create a more orthodox Muslim state. Akbar also instituted an agricultural tax system that became the base of the empire's wealth. These taxes, which amounted to well over half the output of a peasant cultivator, were paid in the well-regulated silver currency, and caused peasants and artisans to enter larger markets.

The relative peace maintained by the empire during much of the 17th century was a factor in India's economic expansion. Burgeoning European presence in the Indian Ocean, and its increasing demand for Indian raw and finished products, created still greater wealth in the Mughal courts. There was more conspicuous consumption among the Mughal elite, resulting in greater patronage of painting, literary forms, textiles, and architecture, especially during the reign of Shah Jahan. Among the Mughal UNESCO World Heritage Sites in South Asia are: Agra Fort, Fatehpur Sikri, Red Fort, Humayun's Tomb, Lahore Fort, Shalamar Gardens and the Taj Mahal, which is described as "the jewel of Muslim art in India, and one of the universally admired masterpieces of the world's heritage."

Salar: (Arabic Accent) This will make it worthwhile friends. FIRESTORM STYLE NINJA ART: ACHAEMENID EMPIRE!

Salar fired a wave of fire and it formed into the armies of the Achaemenid Empire 550 BC-330 BC.

---

The **Achaemenid Empire** (/əˈkiːmənɪd/; Old Persian: 𐎧𐏁𐏂, romanized: *Xšāça*, lit. 'The Empire'), also called the **First Persian Empire**, was an ancient Iranian empire based in Western Asia founded by Cyrus the Great. Ranging at its greatest extent from the Balkans and Eastern Europe proper in the west to the Indus Valley in the east, it was larger than any previous empire in history, spanning 5.5 million square kilometers (2.1 million square miles). It is notable for its successful model of a centralised, bureaucratic administration (through satraps under the King of Kings), for its multicultural policy, for building infrastructure such as road systems and a postal system, the use of an official language across its territories, and the development of civil services and a large professional army. The empire's successes inspired similar systems in later empires.

By the 7th century BC, the Persians had settled in the south-western portion of the Iranian Plateau in the region of Persis, which came to be their heartland. From this region, Cyrus the Great advanced to defeat the Medes, Lydia, and the Neo-Babylonian Empire, establishing the Achaemenid Empire. Alexander the Great, an avid admirer of Cyrus the Great, conquered most of the empire by 330 BC. Upon Alexander's death, most of the empire's former territory fell under the rule of the Ptolemaic Kingdom and Seleucid Empire, in addition to other minor territories which gained independence at that time. The Iranian elites of the central plateau reclaimed power by the second century BC under the Parthian Empire.

The Achaemenid Empire is noted in Western history as the antagonist of the Greek city-states during the Greco-Persian Wars and for the emancipation of the Jewish exiles in Babylon. The historical mark of the empire went far beyond its territorial and military influences and included cultural, social, technological and religious influences as well. For example, many Athenians adopted Achaemenid customs in their daily lives in a reciprocal cultural exchange, some being employed by or allied to the Persian kings. The impact of Cyrus's edict is mentioned in Judeo-Christian texts, and the empire was instrumental in the spread of Zoroastrianism as far east as China. The empire also set the tone for the politics, heritage and history of Iran (also known as Persia).

Andropov: (Russian Accent) This will put them on ice Comrades! ICE STYLE NINJA ART: RUSSIAN EMPIRE!

Andropov fired a wave of ice and it formed into the armies of the Russian Empire from 1721-1917.

---

The **Russian Empire** was a historical empire that extended across Eurasia and North America from 1721, following the end of the Great Northern War, until the Republic was proclaimed by the Provisional Government that took power after the February Revolution of 1917. The third-largest empire in history, at its greatest extent stretching over three continents, Europe, Asia, and North America, the Russian Empire was surpassed in size only by the British and Mongol empires, leaving the empire lasting 196 years. The rise of the Russian Empire coincided with the decline of neighboring rival powers: the Swedish Empire, the Polish-Lithuanian Commonwealth, Persia and the Ottoman Empire. It played a major role in 1812-1814 in defeating Napoleon's ambitions to control Europe and expanded to the west and south, becoming one of the most powerful European empires of all time.

The House of Romanov ruled the Russian Empire from 1721 until 1762. Its matrilineal branch of patrilineal German descent, the House of Holstein-Gottorp-Romanov, ruled from 1762 until the end of the empire. At the beginning of the 19th century, the Russian Empire extended from the Arctic Ocean in the north to the Black Sea in the south, from the Baltic Sea on the west into Alaska and Northern California in America on the east. With 125.6 million subjects registered by the 1897 census, it had the third-largest population in the world at the time, after Qing China and India. Like all empires, it featured great diversity in terms of economies, ethnicities, languages, and religions. There were many dissident elements that launched numerous rebellions and assassinations over the centuries. In the 19th century, they were closely watched by the imperial secret police, and thousands were exiled to Siberia.

The empire had a predominantly agricultural economy, with low productivity on large estates worked by Russian peasants, known as *serfs*, who were tied to the land in a feudal arrangement. The serfs were freed in 1861, but the landowning aristocratic class kept control. The economy slowly industrialized with the help of foreign investments in railways and factories. From the 10th through the 17th centuries, the land was ruled by a noble class, the boyars, and subsequently by an emperor.

Tsar Ivan III (1462-1505) laid the groundwork for the empire that later emerged. He tripled the territory of his state, ended the dominance of the Golden Horde, renovated the Moscow Kremlin, and laid the foundations of the Russian state. Emperor Peter the Great (1682-1725) fought numerous wars and expanded an already huge empire into a major European power. He moved the capital from Moscow to the new model city of Saint Petersburg, which featured much Western design. He led a cultural revolution that replaced some of the traditionalist and medieval social and political mores with a modern, scientific, Europe-oriented, and rationalist system. Empress Catherine the Great (reigned 1762-1796) presided over a golden age; she expanded the state by conquest, colonization and diplomacy, continuing Peter the Great's (Peter I's) policy of modernization along Western European lines. Emperor Alexander II (1855-1881) promoted numerous reforms, most dramatically the emancipation of all 23 million serfs in 1861. His policy in Eastern Europe involved protecting the Orthodox Christians under the rule of the Ottoman Empire. That connection by 1914 led to Russia's entry into World War I on the side of France and the United Kingdom against the German, Austro-Hungarian, and Ottoman empires.

The Russian Empire functioned as an absolute monarchy on the ideological doctrine of Orthodoxy, Autocracy, and Nationality until the Revolution of 1905, when a semi-constitutional monarchy was established. It functioned poorly during World War I. Tsar Nicholas II was executed and the imperial family murdered in 1918 by the Bolsheviks, who took power in the 1920s after the Revolution and a bloody Civil War with the White Army, forced into exile (or executed) most of the aristocratic class, and repressed many others, culminating in the establishment of the Soviet Union in 1922.

Matthias: (German Accent) Lets give them a good time ja? METAL

STYLE NINJA ART: GERMAN EMPIRE!

Matthias fired a wave of metal and he formed it into the armies of the German Empire from 1871-1918.

---

The **German Empire** or the **Imperial State of Germany**, also referred to as **Imperial Germany**, the **Second Reich**, the **Kaiserreich**, as well as simply **Germany**, was the period of the German Reich from the unification of Germany in 1871 until the November Revolution in 1918, when the German Reich changed its form of government from a monarchy to a republic.

It was founded on 18 January 1871 when the south German states, except for Austria, joined the North German Confederation and the new constitution came into force changing the name of the federal state to the German Empire and introduced the title of German Emperor for Wilhelm I, King of Prussia from the House of Hohenzollern. Berlin remained its capital, and Bismarck, Minister-President of Prussia became Chancellor, the head of government. As these events occurred, the Prussian-led North German Confederation and its southern German allies were still engaged in the Franco-Prussian War.

The German Empire consisted of 26 states, most of them ruled by royal families. They included four kingdoms, six grand duchies, five duchies (six before 1876), seven principalities, three free Hanseatic cities, and one imperial territory. Although Prussia was one of four kingdoms in the realm, it contained about two-thirds of Germany's population and territory. Prussian dominance had also been constitutionally established, as the King of Prussia was also the German Emperor.

After 1850, the states of Germany had rapidly become industrialized, with particular strengths in coal, iron (and later steel), chemicals, and railways. In 1871, Germany had a population of 41 million people; by 1913, this had increased to 68 million. A heavily rural collection of states in 1815, the now united Germany became predominantly urban. During its 47 years of existence, the German Empire was an industrial, technological, and scientific giant, gaining more Nobel Prizes in science than any other country. Between 1901 and 1918, the Germans won four Nobel Prizes in Medicine, six Prizes in Physics, seven Prizes in Chemistry and three Prizes in Literature. By 1913, Germany was the largest economy in Continental Europe, surpassing the United Kingdom (excluding its Empire and Dominions), as well as the third-largest in the world, only behind the United States and the British Empire, which were also its main economic rivals.

From 1867 to 1878/9, Otto von Bismarck's tenure as the first and to this day longest-serving Chancellor was marked by relative liberalism, but it became more conservative afterwards. Broad reforms, and the Kulturkampf marked his period in the office. Late in Bismarck's chancellorship and in spite of his earlier personal opposition, Germany became involved in colonialism. Claiming much of the leftover territory that was yet unclaimed in the Scramble for Africa, it managed to build the third-largest colonial empire at the time, after the British and the French ones. As a colonial state, it sometimes clashed with other European powers, especially the British Empire. During its colonial expansion, the German Empire committed the Herero and Namaqua genocide.

Germany became a great power, boasting a rapidly developing rail network, the world's strongest army, and a fast-growing industrial base. Starting very small in 1871, in a decade, the navy became second only to Britain's Royal Navy. After the removal of Otto von Bismarck by Wilhelm II in 1890, the Empire embarked on *Weltpolitik* - a bellicose new course that ultimately contributed to the outbreak of World War I. In addition, Bismarck's successors were incapable of maintaining their predecessor's complex, shifting, and overlapping alliances which had kept Germany from being diplomatically isolated. This period was marked by various factors influencing the Emperor's decisions, which were often perceived as contradictory or unpredictable by the public. In 1879, the German Empire consolidated the Dual Alliance with Austria-Hungary, followed by the Triple Alliance with Italy in 1882. It also retained strong diplomatic ties to the Ottoman Empire. When the great crisis of 1914 arrived, Italy left the alliance and the Ottoman Empire formally allied with Germany.

In the First World War, German plans to capture Paris quickly in the autumn of 1914 failed. The war on the Western Front became a stalemate. The Allied naval blockade caused severe shortages of food. However, Imperial Germany had success on the Eastern Front; it occupied a large amount of territory to its east following the Treaty of Brest-Litovsk. The German declaration of unrestricted submarine warfare in early 1917 contributed to bringing the United States into the war.

The high command under Paul von Hindenburg and Erich Ludendorff increasingly controlled the country, but in October 1918 after the failed Spring Offensive, the German armies were in retreat, allies Austria-Hungary and the Ottoman Empire had collapsed, and Bulgaria had surrendered. The Empire collapsed in the November 1918 Revolution with the abdications of its monarchs. This left a post-war federal republic and a devastated and unsatisfied populace, faced with post-war reparation costs of nearly 270 billion dollars, all of which is considered a leading factor in the rise of Adolf Hitler and Nazism.

Lateefa: (Arabic Accent) The power of the desert knows no bounds! DESERT STYLE NINJA ART: RĀSHIDUN CALIPHATE!

Lateefa fired a wave of sand and it formed into the empire of Rāshidun Caliphate from 632-661.

---

The **Rashidun Caliphate** (Arabic: اَلْخِلَافَةُ ٱلرَّاشِدَةُ, *al-Khilāfah ar-Rāšidah* ) was the first of the four major caliphates established after the death of the Islamic prophet Muhammad. It was ruled by the first four successive caliphs (successors) of Muhammad after his death in 632 CE (AH 11). These caliphs are collectively known in Sunni Islam as the *Rashidun*, or "Rightly Guided" caliphs (اَلْخُلَفَاءُ ٱلرَّاشِدُونَ *al-Khulafāʾ ar-Rāšidūn* ). This term is not widely used in Shia Islam as Shia Muslims do not consider the rule of the first three caliphs as legitimate.

The Rashidun Caliphate is characterized by a twenty-five year period of rapid military expansion, followed by a five-year period of internal strife. The Rashidun Army at its peak numbered more than 100,000 men. By the 650s, the caliphate in addition to the Arabian Peninsula had subjugated the Levant, to the Transcaucasus in the north; North Africa from Egypt to present-day Tunisia in the west; and the Iranian plateau to parts of Central Asia and South Asia in the east.

The caliphate arose out of the death of Muhammad in 632 CE and the subsequent debate over the succession to his leadership. Abu Bakr, a close companion of Muhammad from the Banu Taym clan, was elected the first Rashidun leader and began the conquest of the Arabian Peninsula. He ruled from 632 to his death in 634. Abu Bakr was succeeded by Umar, his appointed successor from the Banu Adi clan, who continued the conquest of Persia, eventually leading to the fall of the Sasanian Empire in 651. Umar was assassinated in 644[5] and was succeeded by Uthman, who was elected by a six-person committee arranged by Umar. Under Uthman began the conquest of Armenia, Fars and Khorasan.[6] Uthman was assassinated in 656 and succeeded by Ali, who presided over the civil war known as the First Fitna (656-661). The war was primarily between those who supported Uthman's cousin and governor of the Levant, Muawiyah, and those who supported the caliph Ali. The civil war permanently consolidated the divide between Sunni and Shia Muslims, with Shia Muslims believing Ali to be the first rightful caliph and Imam after Muhammad. A third faction in the war supported the governor of Egypt, Amr ibn al-As. The war was decided in favour of the faction of Muawiyah, who established the Umayyad Caliphate in 661.

Nataša: (Czech Accent) Let me show you the kind of powers from the empire of my ancestry! METAL STYLE NINJA ART: AUSTRO-HUNGARIAN EMPIRE!

Natasa fired a wave of metal and it formed into the armies of the Austro-Hungarian Empire from 1867-1918.

---

**Austria-Hungary**, often referred to as the **Austro-Hungarian Empire** or the **Dual Monarchy**, was a constitutional monarchy and great power in Central Europe[a] between 1867 and 1918. It was formed with the Austro-Hungarian Compromise of 1867 and was dissolved following its defeat in the First World War.

It was a real union between two monarchies, Austrian Empire and the Kingdom of Hungary. A third component of the union was the Kingdom of Croatia-Slavonia, an autonomous region under the Hungarian crown, which negotiated the Croatian-Hungarian Settlement in 1868. From 1878 Austria-Hungary jointly governed Bosnia-Hercegovina, which it annexed in 1908. Austria-Hungary was ruled by the House of Habsburg, and constituted the last phase in the constitutional evolution of the Habsburg Monarchy. The union was established by the Austro-Hungarian Compromise on 30 March 1867 in the aftermath of the Austro-Prussian War. Following the 1867 reforms, the Austrian and Hungarian states were co-equal in power. The two states conducted common foreign, defense and financial policies, but all other governmental faculties were divided between respective states.

Austria-Hungary was a multinational state and one of Europe's major powers at the time. Austria-Hungary was geographically the second-largest country in Europe after the Russian Empire, at 621,538 km2 (239,977 sq mi) and the third-most populous (after Russia and the German Empire). The Empire built up the fourth-largest machine building industry of the world, after the United States, Germany and the United Kingdom. Austria-Hungary also became the world's third-largest manufacturer and exporter of electric home appliances, electric industrial appliances and power generation apparatus for power plants, after the United States and the German Empire.

The Austro-Hungarian Compromise remained bitterly unpopular among the ethnic Hungarian voters, because ethnic Hungarians did not vote for the ruling pro-compromise parties in the Hungarian parliamentary elections. Therefore, the political maintenance of the Austro-Hungarian Compromise (thus Austria-Hungary itself) was mostly a result of the popularity of pro-compromise ruling Liberal Party among the ethnic minority voters in Kingdom of Hungary.

After 1878, Bosnia and Herzegovina came under Austro-Hungarian military and civilian rule until it was fully annexed in 1908, provoking the Bosnian crisis among the other powers. The northern part of the Ottoman Sanjak of Novi Pazar was also under *de facto* joint occupation during that period but the Austro-Hungarian army withdrew as part of their annexation of Bosnia. The annexation of Bosnia also led to Islam being recognized as an official state religion due to Bosnia's Muslim population.

Austria-Hungary was one of the Central Powers in World War I, which began with an Austro-Hungarian war declaration on the Kingdom of Serbia on 28 July 1914. It was already effectively dissolved by the time the military authorities signed the armistice of Villa Giusti on 3 November 1918. The Kingdom of Hungary and the First Austrian Republic were treated as its successors *de jure*, whereas the independence of the West Slavs and South Slavs of the Empire as the First Czechoslovak Republic, the Second Polish Republic and the Kingdom of Yugoslavia, respectively, and most of the territorial demands of the Kingdom of Romania were also recognized by the victorious powers in 1920.

Suwailim: (Egyptian Accent) This will show you the powers of Egypt! DESERT STYLE NINJA ART: ANCIENT KINGDOM OF EGYPT!

Suwailim fired a wave of sand and it formed into the armies of the Kingdom of Egypt from 3100 BC to 30 BC.

Woya: This will show the powers of the ancestors of the tribes of America! WIND STYLE NINJA ART: CREEK TRIBES!

Woya fired waves of wind and they formed into the armies of the Muscogee Creek Confederacy of the states of Tennessee, Georgia, Alabama and Florida.

---

The **Muscogee**, also known as the **Muskogee**, **Muscogee Creek**, **Creek**, **Mvskokvlke**, or the **Muscogee Creek Confederacy** (pronounced [məskógəlgi]) in the Muscogee language, are a group of related indigenous peoples of the Southeastern Woodlands. Their original homelands are in what now comprises southern Tennessee, all of Alabama, western Georgia and part of northern Florida.

Like the Cherokee in northeastern Alabama, most of the Muscogee people were forcibly removed by the federal government from their original lands in the 1830s during the Trail of Tears to Indian Territory (now Oklahoma). Some Muscogee fled European encroachment in 1797 and 1804 to establish two small tribal territories in Louisiana and Texas, continued today by their descendants. Another small branch of the Muscogee Creek Confederacy remained in Alabama, and their descendants formed the federally recognized Poarch Band of Creek Indians.

Numerous Muscogee people moved into Florida between roughly 1767 and 1821, trying to evade European encroachment, and these people intermarried with local tribes to become the Seminole people. By a process of ethnogenesis, they emerged as a group with a separate identity from other parts of the Creek Confederacy. Muscogee people in these waves of migration into Florida were also fleeing armed conflict in their former home territories. After warfare waged against them in Florida by the federal government, the great majority of the Seminole were forcibly relocated to Oklahoma in the late 1830s, where their descendants are a federally recognized tribe. Ancestors of the Seminole Tribe of Florida and Miccosukee Tribe of Indians of Florida moved south into the Everglades, resisting removal. These two tribes gained federal recognition in the twentieth century and remain in Florida.

The respective languages of all of these modern-day branches, bands and tribes, except one, are closely related variants called Muscogee, Mvskoke and Hitchiti-Mikasuki, all of which belong to the Eastern Muskogean branch of the Muscogean language family. All of these languages are, for the most part, mutually intelligible. The Yuchi people today are part of the Muscogee (Creek) Nation but their Yuchi language is a linguistic isolate, unrelated to any other language.

The ancestors of the Muscogee people were part of the Mississippian Ideological Interaction Sphere, also known as the Mississippian culture. Between AD 800 and AD 1600 they built complex cities and surrounding networks of satellite towns (suburbs) centered around massive earthwork mounds, some of which had physical footprints larger than the Egyptian pyramids. Cahokia, the center of Mississippian culture just east of the Mississippi River in what is now Illinois, had a population larger than many later colonial European-American cities.

The Muscogee Creek are associated with multi-mound centers, such as the Ocmulgee, Etowah Indian Mounds, and Moundville sites. Mississippian culture societies were based on organized agriculture, transcontinental trade, copper metalwork, artisanship, hunting, and religion. Early Spanish explorers encountered ancestors of the Muscogee when they visited Mississippian-culture chiefdoms in the Southeast in the mid-16th century.

The Muscogee were the first Native Americans officially considered by the early United States government to be "civilized" under George Washington's civilization plan. In the 19th century, the Muscogee were known as one of the "Five Civilized Tribes", because they were said to have integrated numerous cultural and technological practices of their more recent European American neighbors. Muscogee confederated town networks were based on a 900-year-old history of complex and well-organized farming and town layouts.

Influenced by Tenskwatawa's interpretations of the 1811 comet and the New Madrid earthquakes, the Upper Towns of the Muscogee, supported by the Shawnee leader Tecumseh, actively resisted European-American encroachment. Internal divisions with the Lower Towns led to the Red Stick War (Creek War, 1813-1814). Begun as a civil war within Muscogee factions, it enmeshed the Northern Creek bands as British allies in the War of 1812 against the United States, while the Southern Creek remained US allies. General Andrew Jackson seized the opportunity to use the rebellion as an excuse to make war against all Muscogee people once the northern Creek rebellion had been put down with the aid of the Southern Creek. The result was a weakening of the Muscogee Creek Confederacy and the forced cession of Muscogee lands to the US.

During the 1830s Indian Removal, most of the Muscogee Confederacy were forcibly relocated to Indian Territory. The

Muscogee (Creek) Nation, Alabama-Quassarte Tribal Town, Kialegee Tribal Town, and Thlopthlocco Tribal Town, all based in Oklahoma, are federally recognized tribes. In addition, the Poarch Band of Creek Indians of Alabama, the Coushatta Tribe of Louisiana, and the Alabama-Coushatta Tribe of Texas are federally recognized. Formed in part originally by Creek refugees, the Seminole people today have three federally recognized tribes: the Seminole Nation of Oklahoma, Seminole Tribe of Florida, and Miccosukee Tribe of Indians of Florida.

Leyati: Lets show some tribe power! WIND STYLE NINJA ART: CREE TRIBES!

Leyati fired a wave of wind and it formed into an armie of the Cree Indians of Canada.

---

The **Cree** (Cree: *Néhinaw*, *Néhiyaw*, etc.; French: *Cri* ) are one of the largest groups of First Nations in North America.

In Canada, over 350,000 people are Cree or have Cree ancestry. The major proportion of Cree in Canada live north and west of Lake Superior, in Ontario, Manitoba, Saskatchewan, Alberta and the Northwest Territories. About 27,000 live in Quebec.

In the United States, Cree people historically lived from Lake Superior westward. Today, they live mostly in Montana, where they share the Rocky Boy Indian Reservation with Ojibwe (Chippewa) people.

The documented westward migration over time has been strongly associated with their roles as traders and hunters in the North American fur trade.

Edwayl: (Breton Accent) This will hurt them laddies! CELTIC STYLE NINJA ART: KINGDOM OF BRITTANY!

Edwayl fired a wave of green energy and it formed into the armies of the Kingdom of Brittney from 851-939 AD.

---

The **Kingdom of Brittany** was a short-lived vassal-state of the Frankish Empire that emerged during the Norseman invasions. Its history begins in 851 with Erispoe's claim to kingship. In 856, Erispoe was murdered and succeeded by his cousin Salomon.

The kingdom fell into a period of turmoil caused by Norseman invasions and a succession dispute between Salomon's murderers: Gurvand and Pascweten. Pascweten's brother, Alan, called the Great, was the third and last to be recognized as King of Brittany.[1] After his death, Brittany fell under Norseman occupation.

When Alan Twistedbeard, Alan the Great's grandson, reconquered Brittany in 939, Brittany became a sovereign duchy until its union with France in 1532.

Atchara fired a wave of magic water and it formed into the armies of the Ayutthaya Kingdom in Southeastern Asia of the Kingdom of Siam from 1350-1767.

---

The **Ayutthaya Kingdom** was a Siamese kingdom that existed from 1350 to 1767 centered on the city of Ayutthaya. The Kingdom of Ayutthaya is considered to be the precursor of modern Thailand and its developments are an important part of the History of Thailand.

Ayutthaya kingdom emerged from the mandala of city-states on the Lower Chao Phraya Valley in late fourteenth century during the decline of the Khmer Empire. After a century of territorial expansions, Ayutthaya was centralized and rose as a major power in Southeast Asia. Ayutthaya faced Burmese invasions resulting in the First Fall of Ayutthaya in 1569. However, King Naresuan (r. 1590 - 1605) freed Ayutthaya from brief Burmese rule and expanded Ayutthaya militarily. By 1600, the kingdom's vassals included some city-states in the Malay Peninsula, Sukhothai, Lan Na and parts of Burma and Cambodia, though the extent of Ayutthaya's control over its neighbors varied over time. In the seventeenth century, Ayutthaya emerged as en entrepôt of international trade and its cultures flourished. The reign of King Narai (r. 1657 - 1688) was described as "Golden Age" of Siamese culture and was known for historic contact between the Siamese court and the court of King Louis XIV of France. In the eighteenth century, however, Ayutthaya succumbed to civil wars and renewed Burmese invasions. Ayutthaya Kingdom ended in 1767 with Burmese invasion and the city of Ayutthaya, after 417 years of existence, was destroyed. The seat of Siamese authority was moved to Thonburi and later Bangkok.

In foreign accounts, Ayutthaya was called "Siam", but many sources say the people of Ayutthaya called themselves *Tai*, and their kingdom *Krung Tai* (Thai: กรุงไท) meaning 'Tai country' (กรุงไท). It was also referred to as *Iudea* in a painting requested by the Dutch East India Company.

Alex fired a massive blast of fire and it formed into the armies of the Macedonian Empire from 808-168 BC and 150-148 BC.

**Macedonia** (/ˌmæsɪˈdoʊniə/ (listen); Ancient Greek: Μακεδονία), also called **Macedon** (/ˈmæsɪdɒn/), was an ancient kingdom on the periphery of Archaic and Classical Greece, and later the dominant state of Hellenistic Greece. The kingdom was founded and initially ruled by the royal Argead dynasty, which was followed by the Antipatrid and Antigonid dynasties. Home to the ancient Macedonians, the earliest kingdom was centered on the northeastern part of the Greek peninsula, and bordered by Epirus to the west, Paeonia to the north, Thrace to the east and Thessaly to the south.

Before the 4th century BC, Macedonia was a small kingdom outside of the area dominated by the great city-states of Athens, Sparta and Thebes, and briefly subordinate to Achaemenid Persia. During the reign of the Argead king Philip II (359-336 BC), Macedonia subdued mainland Greece and the Thracian Odrysian kingdom through conquest and diplomacy. With a reformed army containing phalanxes wielding the *sarissa* pike, Philip II defeated the old powers of Athens and Thebes in the Battle of Chaeronea in 338 BC. Philip II's son Alexander the Great, leading a federation of Greek states, accomplished his father's objective of commanding the whole of Greece when he destroyed Thebes after the city revolted. During Alexander's subsequent campaign of conquest, he overthrew the Achaemenid Empire and conquered territory that stretched as far as the Indus River. For a brief period, his empire was the most powerful in the world - the definitive Hellenistic state, inaugurating the transition to a new period of Ancient Greek civilization. Greek arts and literature flourished in the new conquered lands and advances in philosophy, engineering, and science spread throughout much of the ancient world. Of particular importance were the contributions of Aristotle, tutor to Alexander, whose writings became a keystone of Western philosophy.

After Alexander's death in 323 BC, the ensuing wars of the Diadochi, and the partitioning of Alexander's short-lived empire, Macedonia remained a Greek cultural and political center in the Mediterranean region along with Ptolemaic Egypt, the Seleucid Empire, and the Kingdom of Pergamon. Important cities such as

Pella, Pydna, and Amphipolis were involved in power struggles for control of the territory. New cities were founded, such as Thessalonica by the usurper Cassander (named after his wife Thessalonike of Macedon). Macedonia's decline began with the Macedonian Wars and the rise of Rome as the leading Mediterranean power. At the end of the Third Macedonian War in 168 BC, the Macedonian monarchy was abolished and replaced by Roman client states. A short-lived revival of the monarchy during the Fourth Macedonian War in 150-148 BC ended with the establishment of the Roman province of Macedonia.

The Macedonian kings, who wielded absolute power and commanded state resources such as gold and silver, facilitated mining operations to mint currency, finance their armies and, by the reign of Philip II, a Macedonian navy. Unlike the other *diadochi* successor states, the imperial cult fostered by Alexander was never adopted in Macedonia, yet Macedonian rulers nevertheless assumed roles as high priests of the kingdom and leading patrons of domestic and international cults of the Hellenistic religion. The authority of Macedonian kings was theoretically limited by the institution of the army, while a few municipalities within the Macedonian commonwealth enjoyed a high degree of autonomy and even had democratic governments with popular assemblies.

We went and we arrived at VILLAIN'S VALE!

---

**Villain's Vale** (also called **Villains' Vale** ) is an inaccessible location in *Kingdom Hearts II* . It acts as a base of operations for Maleficent and her forces of darkness.

Kingdom Hearts

Villain's Vale does not appear in *Kingdom Hearts* ; instead, we see Maleficent holding meetings in the Chapel area in Hollow Bastion, the same area that Sora battles Maleficent in her human form.

*Kingdom Hearts II*

Villain's Vale appears for the first time in *Kingdom Hearts II* . After learning that Maleficent was killed, Pete showed up here, to see if it was true. He found an empty fortress, but was soon greeted by Diablo and a resurrected Maleficent. She begins to use it as a base of operations, even though now there are only two in her league.

When Sora and co. first arrive in Hollow Bastion, at the base of the Vale is a swarm of Shadow Heartless. Leon and the rest of the Hollow Bastion Restoration Committee wish to restore the city but need to get rid of the Heartless first. After the Battle of the 1000 Heartless, the base of the Vale is no longer surrounded by Heartless. The Heartless were probably amassed together by Maleficent and Pete for their army and then used to attack Hollow Bastion. The Heartless, however, sided with Organization XIII and did not finish attacking the city.

Villain's Vale appears in several flashbacks (or rather, flash-forwards) seen in Timeless River. As Maleficent treats Pete badly after his failure, the latter begins wishing he could return to the old days when he captained the Steamboat Willie. In response, the worlds gave Pete a doorway to his past to atone for his mistakes. He shows the door to Maleficent, who orders him to go to the past and destroy the Cornerstone of Light so that they may take control of Disney Castle in the present.

The fortress also acts as the driving force of most of Maleficent's actions during this game. After losing Hollow Bastion to the Hollow Bastion Restoration Committee, she deems the crumbling fortress unworthy, and begins searching for a new, grander castle in which to rule, setting her sights on both Disney Castle and the Castle That Never Was.

It can now be seen from the Bailey of Radiant Garden in the distance, and the Ravine Trail and following maps lead one closer to the fortress from the town. In *Kingdom Hearts II*, if the player uses the Reaction Command on the left balcony in the Bailey at the Radiant Garden, the resulting text says that he can see the "Villain's Vale, where Maleficent once resided". Another mention lies in Jiminy's Journal; in the story section, Jiminy states "In Villain's Vale the Heartless were swarming, as Nobodies darted about".

The Dark Depths are very close to it, and gives a good view of the whole citadel. Both Xemnas and Sephiroth stand on the edge of the cliff, looking over the fortress at different points in the game. In Sephiroth's case, he overlooks Villain's Vale preceding the one battle that is supposedly the hardest battle in the original *Kingdom Hearts II* .

---

Me: There it is. Villain's Vale. This is the base of operations for Maleficent and her army of Disney Villains.

Pete: I can't believe I lived here.

Me: Lets blow this place into Oblivion.

Ansem: It's forces will never be welcome here.

Aqua, Ventus, Terra, Sora, Kairi, Riku, Xion, Namine, Tifa, Aerith, Yuffie, Leon, Cloud, me, Eli, Nico, Rinoa, Yuna, Rikku, Payne, Ansem and Nunnally: UNITED HEART LIGHT BURST!

We fired a massive blast of light energy and it hit the Villains Vale and blew it to smithereens in a massive fiery explosion.

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive mushroom cloud could be seen for miles all over the Radiant Garden World and everyone knew that Maleficent's base was destroyed.

The entirety of the fortress was destroyed and reduced to a flaming smoldering crater.

Me: YEAH! That did it!

Nico: TAKE THAT VILLAINS OF EVIL!

Me: We still have to take out all the villains when the time comes.

Vince: Yep.

?: We'll see about that you fools!

Brittney: I was wondering when you were gonna show up Maleficent.

We turned and we saw MALEFICENT FROM 1959!

---

**Maleficent** is the main antagonist of Disney's 16th full-length animated feature film *Sleeping Beauty* (which is based on the 1697 classic fairytale of the same name by the late Charles Perrault and the late Peter Tchaikovsky), a supporting antagonist in *Mickey's House of Villains*, one of the main antagonists of the *Kingdom Hearts* franchise, and the titular main protagonist of the live-action films *Maleficent* and *Maleficent: Mistress of Evil* .

In *Sleeping Beauty*, she is the arch nemesis of the Three Good Fairies, Aurora, and Prince Phillip. She is an evil witch who takes offense at not being invited to the christening of Princess Aurora and attempts to get revenge on King Stefan and his people by cursing Queen Leah and Stefan's beloved daughter, Princess Aurora.

Maleficent is a dark fairy who is responsible for all misfortune in King Stefan's kingdom. She appears to be particularly disdainful and hated the Three Good Fairies: Flora, Fauna, and Merryweather, her rivalry opposites, who do all in their power to keep Maleficent's overwhelming evil magic at bay. With her gothic, elegant design, dramatic and flamboyant animation, and unlimited arsenal of magic powers, Maleficent is one of the most popular and well-known Disney villains.

In the 1959 animated film, she was voiced by the late Eleanor Audley, who previously voiced Lady Tremaine in Disney's 1950 film *Cinderella*, and Madame Leota in *The Haunted Mansion* . In subsequent appearances, she is voiced by Susanne Blakeslee who also currently voiced Lady Tremaine and Cruella De Vil. In the 2014 live action film, she was portrayed by Angelina Jolie.

*Sleeping Beauty*

At the christening of the newly born Princess Aurora, the Three Good Fairies come to bestow three gifts on the child: Flora's gift is Beauty, and Fauna's is Song. Before Merryweather has a chance to give the child a gift, Maleficent enters with her raven named Diablo, perched on her Staff. Mad at not receiving an invitation, she curses the child, decreeing that, before the sun sets on Aurora's 16th birthday, the child shall die by pricking her finger on the spindle of a spinning wheel. She then leaves, cackling. Merryweather is unable to undo the entire curse herself, so she is able nevertheless to alter it such that Aurora will not die, but merely enter a deep sleep, to be broken with true love's first kiss.

As Aurora's 16th birthday drew near, Maleficent punishes her Goons, who have stupidly been searching for a baby for sixteen years. She then sent Diablo, her Raven, to find the princess. Diablo discovers that Aurora, as "Briar Rose", is living with the Three Good Fairies (who are posing as mortals) in a cottage in the woods. When the princess and the fairies return to the castle late that afternoon, Maleficent finds Aurora alone and, as a will-o the wisp-like apparition, lures her to a spinning wheel. She pricks her finger and falls to the floor. The fairies arrive in time for Maleficent to scoff at them. She then disappears. She and the Goons go to the cottage, where they wait for Prince Phillip, who had arranged to meet Aurora (whom he only knew to be "Briar Rose", a peasant girl). When he arrives, they capture him and take him to her castle at the Forbidden Mountain.

Flora, Fauna, and Merryweather rescue Phillip and gives him the Shield of Virtue and the Sword of Truth. This is noticed by Diablo, who fetches the Goons. The prince and fairies are still able to escape, and Merryweather turns Diablo to stone. However, Maleficent emerged from her apparent slumber, saw Phillip escaping, and attempts to strike him down with lightning. As he continues, she summoned thorns to surround King Stefan's castle. When she saw that Phillip, with help from the Good Fairies, is able to hack through the thorns, she appeared before him, and transformed into an enormous dragon.

The two battle in an intense and climactic duel, but the three fairies finally had enough of Maleficent enchant Phillip's weapon with the spell, *"Now sword of truth fly swift and sure that evil die and good endure".* This was obvious that Maleficent was too destructive and dangerous to be left alive. Phillip eventually kills Maleficent with his sword. She fell from a great height, and Phillip looks down to see that only her robe remains. The Sword of Truth, still embedded in the robe, turned black.

With Maleficent gone, Phillip then awakened Aurora with a kiss.

*Maleficent* (film)

The 2014 movie *Maleficent* presents an alternate take on the character, casting her in a more sympathetic light. It also turns out that the real reason behind her supposed evil behavior was because of a horrible betrayal caused by her closest friend Stefan, who stole her wings in order to become the heir of the kingdom ruled by the ruthless King Henry. However, she finds redemption in becoming a mother figure to Aurora, who becomes the new Queen of the Moors following Stefan's death while Maleficent flies away with Diaval.

Maleficent returned in the 2019 sequel *Maleficent: Mistress of Evil*, where she learns that Aurora and Philip decided to marry. However, she finds herself in odds with Aurora due to a war between human and fairies instigated by Philip's mother Queen Ingrith, who plans to use the wedding to divide the humans and fairies forever.

*Kingdom Keepers*

Maleficent appears as a major antagonist in the book series appearing the most recurring villain and the second in command of Chernabog.

*Kingdom Hearts*

Maleficent is one of the main antagonists in the video game series *Kingdom Hearts* .

*Birth by Sleep*

Maleficent appears as the main antagonist of Enchanted Dominion in *Kingdom Hearts: Birth by Sleep* . When Terra arrived at the Enchanted Dominion, he eventually came across Maleficent. Almost immediately, Maleficent could tell that Terra was never from around from those parts, seeing how he was never asleep. Terra asked her if she has seen Xehanort, to which she answered no. However, she did see a mysterious man as she was leaving the castle, so Maleficent took him to where she think she saw the mysterious man. Eventually they came across a sleeping Princess Aurora. Maleficent told Terra if he want any information about Xehanort, all he had too do was steal the princess' heart.

At first Terra refused, but the darkness inside his heart eventually took over, causing him to steal Aurora's heart. When Terra comes to his senses, Maleficent states that the Keyblade is necessary to retrieve the remaining hearts and asks Terra to join her. Terra refused Maleficent's offer and attempted to attack her. However, an Unversed caused an explosion, causing Terra to be distracted. Before Maleficent left, she warned Terra that the darkness inside his heart can never be suppressed by force.

Eventually, Maleficent encounters Ventus while he was searching for both Terra and Aurora's heart. As soon as Ventus saw Maleficent, he attempted to strike her down while holding her responsible for the theft of Aurora's heart. As soon as Maleficent saw Ventus' Keyblade, she could immediately knew who he was. She explained to Ventus that she knew about the power of the Keyblade due to a demonstration by Terra. She even told Ventus that Terra was the one who stole Aurora's Heart. Ventus thought that she was lying, and that Terra would never do such a thing. Even though Maleficent was asked not to harm Ventus, she was left with no choice but to fight him. With the help of the Three Good Fairies, Ventus was able to fend off Maleficent. Ventus still refused to believe that Terra would perform such an evil deed.

Just then, Aqua showed up, telling Ventus not to believe in Maleficent's lies. Shortly after, Ventus ran off to find Terra. Before Aqua could chase after Ventus, Maleficent stopped her after noticing that Aqua was a Keyblade Wielder. Much like Ventus, Maleficent told Aqua that Terra demonstrated the powers of the Keyblade.

Aqua began to believe that Terra really did help Maleficent steal Aurora's heart, but he refused to help Maleficent when she offered Aqua to join her. Maleficent then revealed to Aqua that she knew Master Xehanort, and that he thought Aqua was a stubborn girl. Maleficent then sent Aqua to the dungeon to have time to think of Maleficent's offer.

With the help of Prince Phillip, and the Three Good Fairies, Aqua was able to escape the Forbidden Mountain. However, Maleficent cast a spell to place a forest of thorns to prevent them from escaping. She then teleported in front of Aqua and Prince Phillip. Aqua demanded Maleficent on what Master Xehanort told her. Instead, what Maleficent said was that Aqua did not have Terra's gift for obedience, and that he easily embraced the darkness within his heart. Aqua still believed that Maleficent was lying. Knowing that this was going nowhere, Maleficent transformed into a enormous dragon, and confronted Aqua and Prince Phillip. During the fight, Maleficent managed to push back Aqua, but with the help of the fairies, Prince Phillip tossed his sword into Maleficent's chest.

Despite this, and her curse had ended, Maleficent managed to survive and was reverted back into her original form. Aqua informed a weaken Maleficent that love was the reason why she lost. Maleficent refused to have something as insignificant as love defeated her. Aqua also informed her that she cannot defeat someone with a heart of light, to which Maleficent replied; "As long there is light, there will be darkness." Maleficent then retreated while coming up with plans to gain control of the darkness within the hearts of others.

While this was going on, Maleficent traveled through various worlds using the Corridors of Darkness. And by doing so, she created a team of various Disney villains. The first one she recruited was Pete after he was imprisoned in a dark realm. Other villains who joined Maleficent were Jafar, who became her second-in-command, Hades, Ursula, Captain Hook, and Oogie Boogie. She also managed to capture 4 of the seven Princesses of Heart; Aurora, Snow White, Cinderella, and Belle.

*Kingdom Hearts*

Maleficent appears as the secondary antagonist in *Kingdom Hearts*, and is the game's most prominent Disney villain. She first appears after Sora defeats the Guard Armor in Traverse Town, watching his victory from her perch in Hollow Bastion. She, along with her team (which includes popular Disney villains Captain Hook, Ursula, Jafar, and Oogie Boogie), watched Sora stride away from the battle victoriously. She and her allies muse on the nature of darkness and the Heartless, and Maleficent declares that "he could be quite useful" before bringing out the kidnapped Alice (or Snow White, if Sora sealed Deep Jungle's Keyhole before sealing Wonderland's).

After Sora seals the Deep Jungle Keyhole, Jafar asks what made the Heartless come to that world. Maleficent then replies, "The hunter lured them there", because of the darkness in his own heart.

However, at the main castle within the ruined land of the Radiant Garden/Hollow Bastion, her willingness to submit to darkness proves to be her downfall, as Xehanort's Heartless (in Riku's body) releases her inner power, turning her into a massive dragon. She fights Sora, but he is too much for her, and she is eventually defeated, dissolving in a blaze of emerald fire. All that is left behind is her cloak, which "Riku" steps on and it disappears. He declares her fate "a fitting end for such a fool" as the Heartless were using her since the beginning.

### *Kingdom Hearts Chain of Memories*

A memory-based replica of Maleficent appears to Riku in the twelfth basement of Castle Oblivion in a replica of Hollow Bastion. Though she is aware of her status as an illusion, she taunts him with the knowledge that his experience with darkness means that the people he meets in the castle will be of the same darkness he once embraced. Riku declares that he will destroy each person of darkness he encounters, prompting Maleficent to battle him in her dragon form. However, she is soon defeated. Zexion is able to detect the false Maleficent.

Later, Sora and company encounter another memory-based illusion of Maleficent, who has kidnapped Belle and seeks to trap the Beast to capture her heart. Though Maleficent is able to capture Belle's heart, Sora and company track her down, where she gives one last ultimatum to the Beast. When the Beast refuses, Maleficent engages Sora and company in battle, but is once again subdued.

*Kingdom Hearts II*

She returns in the sequel, *Kingdom Hearts II*, having used what remained of her evil power to resurrect. She immediately returns to her evil ways, but when her plans are thwarted by Organization XIII, she actually helps Sora and his friends, leading them to conclude that help can come from unexpected places.

*Kingdom Hearts: coded*

Maleficent is the secondary antagonist in *Kingdom Hearts coded*, where she once again enacts a plot to conquer Disney Castle.

Data-Sora first encounters the villainess after debugging Agrabah. Though he looks identical to the real Sora during the latter's first adventure, she believes that Data-Sora is the genuine Sora. Maleficent and Pete corner Data-Sora, but Mickey and Jiminy's Journal itself (personified as Riku) confront the villains.

Pete explains that he was sent to the castle on Maleficent's orders to spy on Mickey and his friends. However, he too was sent into the Datascape (which she mispronounces "date escape") when they were sucked into it. He came to in a strange place that looked like a terminal for other worlds and summoned Maleficent, who realized the potential of the world as a way to conquer all worlds.

After Pete explains the situation, Maleficent destroys Data-Sora's Keyblade, much to Mickey's horror, and abducts the Journal, explaining that "Riku" is destined to remain in the darkness. The villains then take their leave, the Journal in tow.

Data-Sora breaks into the Datascape's Hollow Bastion with the aid of Donald and Goofy and regains the Keyblade. After managing to dispose of Pete and the corrupted Journal, Data-Sora confronts Maleficent in her dragon form and defeats her. Sometime later, Maleficent and Pete are forced to fight Sora's Heartless, but Data-Sora rescues them at the last minute before defeating the gargantuan beast. During the fight, the Journal transports the villains back to the real world.

While wandering in Betwixt and Between, Maleficent realizes that the Datascape is similar to the Book of Prophecies, a book capable of transcribing and creating events and worlds from the future. She and Pete then concoct a plan to steal the Journal and the Datascape, hoping to find a connection.

### *Kingdom Hearts 3D: Dream Drop Distance*

With this new plan in mind, Maleficent and Pete arrive in King Mickey's castle and hold Queen Minnie hostage, sending Mickey a letter via Diablo. Maleficent threatens to kill Minnie if she does not have control over the Mysterious Tower, saying that she preferred it in a more darker, more ominous permutation. However, Mickey begins to question Maleficent's goals as she would go this far just to take over one world.

Maleficent then explains to Mickey how Master Xehanort told her how to travel to different worlds, how to win the hearts into darkness, and about the Seven Hearts of Pure Light, the hearts that would allow her to take over all worlds. She also admit that she miscalculated during her last attempt. She then reveals that she seeks the Datascape, but did not reveal why.

Mickey refuses to give the Data, so Maleficent retaliates by attacking Mickey, Donald and Goofy. However, one of Lea's chakrams appears through the Corridor of Darkness, and blocks Maleficent's magic. With that distraction, Minnie is able to escape from Pete. Mickey and his friends are about to confront Maleficent, but Pete recommends that they retreated. Before she retreats, Maleficent proclaims that what she seeks lies within the walls of the Mysterious Tower. She then threatens that she will eliminate Mickey and his friends in good time. Maleficent and Pete retreat into a Corridor of Darkness.

### *Kingdom Hearts III*

Maleficent return as a minor character in *Kingdom Hearts III* . She and Pete are traveled throughout the world for a black box (heavily implied to be the same box the Master of Masters left for Luxu in

*Kingdom Hearts X Back Cover* ). In the end, she and Pete witnessed Luxu, who was in reality a surviving Xigbar, summoning the Foretellers before they depart.

---

Maleficent: So you all managed to destroy my vast army of Heartless.

Me: We did and you are gonna pay for your crimes.

Maleficent saw Pete working for Vypra!

Maleficent: PETE YOU BLITHERING OAF! HOW DARE YOU BETRAY ME!?

Pete: YOU NEVER CARED ABOUT ME AT ALL! I HAVE A NEW BOSS NOW!

Maleficent fired a blast of magic at him and Brittney deflected the blast away.

Brittney: Your fight is with me Maleficent! Darkness Angel VS Mistress of Evil.

Maleficent: (to Britney) How does it feel to know that your own friend is only a week away from becoming one with the Darkness?

Brittney: All you are is nothing but a bunch of talk Maleficent! You don't care about anyone but yourself and that's why you have to die like we killed you before. And Nico was not born in darkness and never will be part of it. Unlike you…

Brittney then was enveloped in a vortex of darkness and ice and she went Super Angel 1,000,000 Vampiric Windigo Master.

Brittney: (Divine Voice of Dark Ice) (Transylvanian Accent) **I live in darkness and it will make you pay for your crimes. A heart as black as yours can never match the darkness of my heart.**

Maleficent: You poor simple fool! You think you can defeat me? Me? The Mistress of All Evil!?

Brittney: **I don't think, I know.**

Brittney walked over to her and Maleficent fired a massive barrage of magic blasts and green fire blasts at her and Brittney deflected the blasts back and the blasts all hit her all over and knocked her down.

Brittney: **Darkness is now your worst enemy. DARKNESS STYLE NINJA ART: ANGEL OF DARKNESS!**

Brittney fired a massive wave of darkness energy and it formed into a powerful angel of darkness and it slammed into Maleficent and exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Maleficent was hurt.

Brittney: **Had enough?**

Maleficent: I'm not defeated yet. Now, shall you deal with ME and all the powers of **HELL!** (maniacal laugh)

In a massive pillar of green fire and evil she turned into an evil Dragon!

Lola: WHOA! She's an evil dragon!

Nico: NOT GOOD!

Maleficent 2014: (British Accent) I can't believe I would be like this.

Nico: Oh boy.

Brittney: **Lets see how darkness destroys you like this! DARKFLAME BURST KAMEHAMEHA!**

She fired a massive blast of dark energy and it slammed into Maleficent and obliterated her forever and Super Hakaied her!

Brittney powered down.

Lola: YEAH! TAKE THAT YOU MONSTER!

Nico: Maleficent of 1959 you have Failed everything and the entire universe.

Me: You said it.

Then a figure appeared and he applauded for us.

Me: We appreciate the applause.

He revealed himself and it was DEMYX THE MELODIOUS NOCTURNE!

---

**Demyx**, the *Melodious Nocturne* (in Japanese: 夜想のしらべ, *Yasō no Shirabe*, lit. *Nocturnal Poem* ), is the ninth member of Organization XIII and an antagonist in the *Kingdom Hearts* video game series.

He is a lazy and irresponsible member of the Organization who wields a sitar in battle, using it to manipulate water and command it in his favor. He is also the commander of the Dancer Nobodies.

He is voiced by Kenichi Suzumura in Japanese and by Ryan O'Donohue in English.

Past

According to Xemnas, Demyx's original self was a Keyblade wielder during the Age of Fairy Tales. At some point, this Keyblade wielder succumbed to darkness, spawning a Heartless. However, his will was strong enough to spawn a Nobody as well, who joined the Organization as Demyx. In his own room at an unknown time, Demyx was fixing his hair in front of the mirror, which something he did when he was a human made him do. Finishing setting his hair, Demyx picked up his sitar and strummed it. He played and played, but was interrupted by Xaldin, who told him to keep it down because he wanted to sleep.

Annoyed, Xaldin questioned why Demyx clings to his human memories, but he did not reply. Xaldin told him that Nobodies need to sleep because a terrible force is moving their world and they need rest to store up power. Demyx did not reply once again as Xaldin left the room, displeased.

*Kingdom Hearts 358/2 Days*

Demyx is present when Xion joined the Organization. Demyx sometimes accompanies Roxas on several missions, including battling a Flare Note in Olympus Coliseum and tackling a Dual Blade in Halloween Town. When Roxas approaches Demyx, he willingly admits that he "isn't cut out for combat" and would rather perform recon.

*Kingdom Hearts II*

Demyx appears in Hollow Bastion (formerly known as Radiant Garden) with all of the other Organization members, but he does not contact Sora. Demyx's nervous laugh is audible when the Organization laughs at Sora.

Demyx is sent after Sora on suggestion by Xigbar to find him and to keep Sora on the Organization's desires. He also contacts Hades, but no deal was made and Demyx promptly flees, while passing by Sora and his friends. Later on, Demyx steals the Olympus Stone, and soon encounters Sora within the Underworld once more. Although Sora doesn't understand the meaning of Demyx's objectives, nor why Demyx calls him Roxas, Demyx is unable to fulfill them and took the next ordered step, which is to attack Sora. He summons multiple water clones to attack Sora, but Sora manages to defeat them all.

Just afterwards, Demyx appears to Sora and explains the nature of the Absent Silhouettes.

Demyx confronts Sora later in Hollow Bastion during the Battle of 1000 Heartless, again greeting Sora in a rather friendly manner. However, Sora and his companions' response is hostile, even claiming that Demyx is unable to fight. Demyx tried to show some bravery by saying, " *You shouldn't judge anyone by appearance.* ", but when Sora and friends took out their weapons, Demyx began to cower, claiming that Organization XIII sent the wrong guy. Sora and his friends then claimed that the Nobodies do not have hearts.

Demyx's normal carefree attitude vanishes, and he silences them with a much darker tone and attacks the "traitor" again with all his strength. In the end, however, Demyx is defeated again and fatally wounded. After lamenting his loss, he fades into darkness.

*Kingdom Hearts III*

Demyx returns in *Kingdom Hearts III* . Though he is originally brought back to join the real Organization XIII, he is quickly "benched" and replaced with one of Vexen's replicas. something that Larxene makes fun of him for. However, due to Demyx's past as a Keyblade wielder from the Age of Fairy Tales, the Organization is still keeping him as a reserve member.

Later, Vexen tracks Demyx down in Radiant Garden and attempts to convince him to help him defeat the Organization. While Demyx counters by claiming he and Vexen never knew each other, Vexen explains that this is exactly why Demyx is perfect for the role. Vexen then has Demyx deliver a replica and Ansem the Wise to Ienzo, who uses the replica to resurrect Roxas. In the Keyblade Graveyard, Demyx came to take the replica that was inhabited by Dark Riku. Riku at first was ready to fight him but Demyx shows Riku his gummiphone to proves hiss affiliations with Ienzo Overconfident, Riku told him that it was not just any vessel and that it had to be delivered to Radiant Garden safely. As a result, Namine became whole. What happens to Demyx afterwards remains unknown.

---

Me: Demyx, just the member of Organization XIII we were looking for.

Luna Loud: And my target.

Luna walked over to him.

Evil Demyx: I was sent to fight you.

Luna Loud: We had that feeling dude.

Evil Demyx: (to Luna) Sorry, kid. Nothing personal. Just following orders.

Luna: I know dude. But lets see how your music compares to my music!

Luna had water swirling around her and her feet.

Luna: The divine music of the Siren will tear you apart.

Luna then suddenly was enveloped in a massive vortex of water and it shot high into the sky and formed into a beautiful mermaid and the divine singing of angels and mermaids was heard all over and cosmic energy and stellar power was pouring into the mermaid. The mermaid went back down and faded and Luna then emerged forever changed! She looked like a 21-year-old girl with longer brown hair and she had purple and blue highlights in her hair and a mermaid baret in her hair. She had earrings in the shape of the kanji for Water and she had a mermaid singing and it had musical notes around it emblazoned in the middle of her forehead. She had ocean waves in her sclera and her pupils were now ocean blue. She had a purple shirt with her skull that had an ocean wave on it and the kanji for Guardian Sister of Lincoln Loud was around it and she had black leather pants on and purple combat boots on and she had an ocean blue trench coat and it had ocean waves on it and it had the Full Moon on it and it had the kanji for Luna Marie Loud, Hardcore Rock Star and Champion of The Siren Water and Melodius Master of Water on the back. She had blue angel wings with purple feathers and she had a blue scythe with a blade of water that can turn into any instrument of music. She was now a SUPER ANGEL 25,000,000 SIREN OCEAN DIVINITY!

We gasped in shock!

Me: WOW! Luna you look amazing!

Lincoln: Luna this transformation is incredible!

Nico: Yeah it is!

Luna: (Divine Siren Ocean Voice) **Thanks guys. This transformation is more than enough to beat Evil Demyx here. Here. Now he will see how deadly the waters of music can be.**

Sam S.L. was in shock as she saw how hot Luna looked like this and more. She was entranced by her beautiful appearance.

Me: Show no mercy Luna!

Luna: **With pleasure.**

Luna then went at him faster than a bullet fired from a gun and she slashed him with her scythe all over and Evil Demyx fired waves of water. But the blasts were absorbed into Luna's wings and she slashed Evil Demyx all over the place.

Luna: **Taste this! WATER STYLE NINJA ART: WATER MARTIAL ARTS!**

Luna had water form on her fists and feet and pulverized the living crap out of Evil Demyx and she pulverized him to the brink and smashed him into the ground.

Luna landed and Demyx clutched his head in pain as he was starting to vanish.

Luna: **We have one Demyx already. Two is not welcome.** (Holds Hand out to him) **HAKAI!**

Luna banished him to the Warp.

Luna: **ROCK ON!**

(ROCK ON STING PLAYS!)

Me: YEAH! WAY TO GO LUNA!

Sam S.L.: LUNA YOU WERE AWESOME!

Sam hugged her and they kissed.

Me: Aww.

Aqua: I'm glad all those Heartless are dead.

Me: And we've seen the last of Maleficent from 1959. As well as Evil Demyx.

Nico: Yep. 5 down, 8 to go.

Lola: Next up is Axel and I'm gonna try and see if I can get him to join the Masters of Evil for you Vypra.

Vypra: Awesome!

Weather Wizard: I killed 100. What about you guys?

INSTIGATOR: I killed about 50.

Puff: (pouts) Aw! I only killed 25.

We tallied up our totals.

Me: Lets see we killed a grand total of 529,392 Heartless!

We gasped!

Me: That has got to be a record of most Heartless killed in one day. There was more Heartless than we originally thought.

Nico: No kidding. That was incredible!

Yuffie: Plus we blew up Villain's Vale.

Varie: Killed Evil Demyx.

Brittney: And Super Hakaied Maleficent from 1959.

Me: This IS a HUGE record.

Nico: And our auras are glowing with incredible fire.

Vypra: No kidding.

Dark Spicer: Yeah.

Me: But this was fun. Lets see who killed the most.

We looked that over and we saw that it was all of Hunter's friends that killed the Most Heartless.

Me: WHOA! Looks like we have our winners. Hunter, your friends all killed the most Heartless.

Hunter: (German Accent) Wunderbar! Pizza is on us everyone.

Chloe N.: Yeah! That was awesome!

Me: Lets head back and tell everyone the good news and then head for the pizzeria.

Nico: You got it.

Ed Cowart: Oh J.D. I have Nico's contingency plan for him when the time comes.

Me: What is it?

Ed handed me some anti-toxin.

Ed Cowart: I've made a toxin that slowly drains Nico's powers and paralyzes nico for 72 hours unless treated at any time recommended for when something or someone possesses him and this is the anti-toxin for it.

Me: Wow! That's a little extreme but a three day window is plenty of time to act.

Nico: Thanks guys. But only when necessary.

Me: Right. But hopefully it won't come to it.

I put the antitoxin in my vest pocket.

Aqua: (To the viewers) Now we've seen the last of Maleficent and her armies. But we're not done yet. Get ready for more adventures.

Me: Yep.

We went to the pizzeria and got a pizza party.

TO BE CONTINUED…

Part 5 done.

This was an epic battle! Next up for part 6 is the 2nd Halloween Town adventure and that one is gonna be based on the Oogie's Revenge game of The Nightmare Before Christmas and it's gonna be like the chapter me and NicoChan11 did for that chapter in 2018. It's gonna be awesome! NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts gave me the ideas. The next Organization XIII member is Axel and the next Number will be Number 79: Battlin' Boxer Nova Kaiser and that one will be in the possession of Hawk & Hank and they are gonna be looking for some hardcore vengeance on us for sending them to jail!

See you all tomorrow.

# Light and Hearts Part 6

THE NIGHTMARE BEFORE CHRISTMAS 2: OOGIE'S REVENGE

---

In the early morning hours, at 2:12 AM as the first Full Moon of the new year, the Wolf Moon was high in the sky, I was having an incredibly interesting dream.

I was in a cave in my spirit form and saw another vision into the past. It was 1,000 years ago and it was before Princess Luna turned into Nightmare Moon. I saw a young filly girl named Gari light a candle.

**Gari** : I still remember it like it was yesterday, though it was countless moons ago. After *he* was defeated, not much of our once beautiful home was left. And the two brave ones that stood up for us all ruled Equestria from then on. One day, the younger one, saddened by our daily struggles, proposed to form a new colony where all of us would grow strong and happy. But the elder one forbade it, for she felt that would divide and shatter the weakened kingdom forever. Nopony knows that we are still here, smiling beneath the moonlight while remembering our dear mother, for we will forever be… her children of the night.

She described that after Discord was defeated eons ago by Princess Celestia and Luna, the land of Equestria was broken and a lot of children lost their homes and Luna decided to form a colony where the children of Equestria would be happy under Luna's care. But Princess Celestia denied her request and she feared that it would divide Equestria after such a devastating battle took place.

Me: Oh man. That's terrible. But I have a feeling I am about to see something.

Then I saw Princess Luna singing a beautiful song.

**Princess Luna: (Singing)**

Come, little children, I'll take thee away

Into a land of enchantment

Come, little children, the time's come to play

Here in my garden of shadows

(Luna had a beautiful voice and she had her eyes glow as she sang)

Follow, sweet children, I'll show thee the way

Through all the pain and the sorrows

Weep not, poor children, for life is this way

Murdering beauty and passions

(She flew down and beams of light shined on orphaned fillies.

Hush now, dear children, it must be this way

Too weary of life and deceptions

Rest now, my children, for soon we'll away

Into the calm and the quiet

(The children were floating and flying with Princess Luna into the light of the moonlit night and I followed her into the night over the mountains and the lands and it was one of the most amazing sights I had ever seen.)

Come, little children, I'll take thee away

Into a land of enchantment

Come, little children, the time's come to play

Here in my garden of shadows

Me: Wow. I wonder where she is taking them.

I flew with them over the mountains. I saw that they were flying over the Wolf Moon Mountains and I saw that there was a hidden and beautiful moonlight mansion.

Me: Wow. What a beautiful mansion. And it's right here in the Wolf Moon Mountains on the other side of Equestria.

I saw that Princess Luna was reading to them and all that and it was beautiful.

Me: Wow. Princess Luna is such a great mother to them. Just like Snowdrop.

But as I dreamt, Nico under the influence of the Digimon Emperor went and found the lava lamp of the genie NORM!

---

**Norm the Genie** is a minor recurring villain from *The Fairly OddParents*, and is the main antagonist of the 2006 film *Fairy Idol* . He constantly hatches plans to gain his freedom and get his revenge on Timmy Turner, although every time it fails miserably. He is trapped in a lava lamp made of Smoof.

He is voiced by Norm MacDonald (whom he is named after), his first voice actor. While in *Fairly Idol*, he was voiced by Robert Cait, his second voice actor.

*Genie Meanie Minie Mo*

Norm is first released by Timmy Turner after he rubs his lava lamp while at Mr. Birkenbake's garage sale. At first Timmy see's no point in making a wish since he has Fairy Godparents but Norm then informs him that these wishes are rule-free. Wanda warns Timmy on how Genies twist any wish they grant to were they always backfire only for Timmy to respond that the same always happens with his Godparents granting the wish and Norm's are rule-free. Deciding to play the first one safe, Timmy wishes for a ham and cheese omelette since it's too late for his Fairies to grant his wish. Norm quickly grants the wish and makes a fresh ham and cheese omelette appear in Timmy's hands causing them to burn since it wasn't on a plate. Norm then decides to laugh in his face saying he should of be more specific on it being on a plate. Timmy then decides to wish for "Trixie Tang to love Timmy Turner" to which Norm grants by making her love every person named Timmy Turner. Much to his frustration, Timmy tells Norm to go back into his lamp but he responds by saying he can't until Timmy makes his last wish. Wanda tells Timmy to make a simple one only for Norm to counter telling him he could wish for a large sum of money. Timmy wishes his family had a billion dollars which Norm makes happen by having Timmy's dad being a counterfeiter. Norm then throws his lamp at Cosmo and tells him to think fast. Cosmo catches the lamp only for both himself and Wanda to be sucked into it. Norm then points out the lamp forcibly sucks in and imprisons the nearest source of magic when all the wishes are used.

Timmy asks how to get them out only for Norm to say that they will be out of the lamp when another person rubs it. Seeing that Mr. Crocker plans to buy the lamp once he's seen everything else as a gift for his Uncle Albert, Timmy panics while Norm mentions that now since he's free he plans to destroy Canada. Timmy quickly grabs a vacuum made of Smoof and sucks Norm inside. Realizing he can't escape it due to it being made of Smoof, Norm grows annoyed and demands to be set free. Timmy says he'll only let Norm go for three more wishes to which he refuses. Norm however changes his mind after Timmy sucks in a large amount of tacks and wasps. When released Norm brags on how unlikely it will be to be outsmarted by a kid. Timmy knows it would take someone as cunning as a Genie and wishes for a Lawyer. In shock Norm grants the wish with it being a rather competent Fairy Lawyer. After he is forced to sign a contract that makes him undo all his damage he is sucked into his lamp while Cosmo and Wanda are set free. At that moment Crocker has finished and buys the lamp. Norm at first looks like he'll be set free only for Crocker to mention he's sending it as is without even rubbing it to his Uncle Albert in Canada. Once he arrives in Canada he is placed on a shelf with what appears to be other more classical Genie lamps and hears Mr. Crocker's Uncle Albert say he can't wait to rub it. However Norm's excitement is cut short due to it being revealed Albert can't rub it til he's let out of his straight-jacket.

## *Back to the Norm*

Norm's lamp is somehow sent back to Mr. Crocker who since he's frustrated decides he'll rub it until it breaks. Norm is summoned while he's on the phone complaining he ordered a pizza hours ago and says he's by a crazy man in Canada until he realizes he's no longer there and hangs up the phone. He then gives Mr. Crocker his standard introduction to which Crocker points out he can use these wishes to get revenge on Timmy Turner. Upon hearing this Norm points out how he hates the kid and offers the suggestion to wish him to Mars where they could watch him suffocate with no way to save himself only to immediately be turned down. Crocker at wastes his first two wishes on supplies only for Norm to point out that those were two of his wishes. Crocker then guesses he can't wish for more wishes only for Norm to reveal he can wish for more wishes to which Crocker wishes for three more wishes. As Crocker's first plan to blow up a two giant letter F's to crush Timmy fails and falls their direction Norm just teleport's to safety and assumes Crocker wishes to be healed, the concert F off him and more wishes to which Crocker agrees. After a couple more plots failing and growing annoyance over his simple suggestion being turned down, Norm is told by Crocker he has plenty of other plans and if needed they could keep trying forever. Norm fearing he'll lose his sanity teleport's to Timmy's room and points out what been going on before giving Timmy his lamp. Norm offers the suggestion to teleport Crocker to Mars and they watch as Crocker is suffocating. Norm points out his plan would of actually worked before politely pointing out to Timmy he still has two wishes and he could ask for new normal teeth right as the episode ends.

## Fairy Idol

Norm returns as the main antagonist of this. Norm's most sinister plan was when he used a cruel Timmy clone to make Cosmo and Wanda quit. He then attempted to become a Fairy Godparent by any means and succeeded. But he soon found it was unbearable due to the fact that if he didn't grant wishes often he'd suffer from Magical Build-up and caused him to explode into a pile of dust. Timmy offers Norm the deal of returning Cosmo and Wanda to him and just letting Norm stay with Chester which he reluctantly agrees to. Once he is changed back from being a pile of dust, Norm quits being a fairy just to spite Timmy. Immediately after Jorgen Von Strangle appears and changes Norm back into a Genie by ripping off his wings and taking back the wand. Now changed back into a genie, Norm admits while he might be forced back into his lamp he's happy he got revenge on Timmy by separating him and his Fairies only for Chester to state he still had one rule-free wish left, Chester wished for him to change everything back to normal which Norm painstakingly did before being forcibly sucked back into his lamp. The wish also seemed to of erased both Chester's and Jorgen's memories of what happened. Once Jorgen see's Norm's lava lamp (seemingly believing it a normal lava lamp) takes it away stating he plans to use it as urinal cake. Presumably, it's still with Jorgen to this day.

---

The Digimon Emperor released him by rubbing the lamp.

Norm the Genie: Man does it feel good to be out of that lamp!

Digimon Emperor: I bet it does.

Norm the Genie: You're Nico Chan, right?

Digimon Emperor: (in Nico's body) Not at the moment.

Norm the Genie: (eyes widens) Wait. You're not him, are you? You're just possessing his body!

Digimon Emperor (in Nico's body): Got that right. Look, it's only a matter of time before J.D. comes out of his dream. So I need you to grant my wish before that happens!

Norm the Genie: Alright. What do you need?

Digimon Emperor (in Nico's body): I need you to fully restore these 6 people. (shows Norm pictures)

They were pictures of our most hated enemies: Vlad Masters/Vlad Plasmius, King Goobot V, Sheldon J. Plankton, Denzel Crocker, Jock and Mr. Burns!

Norm: Hey these are good choices my man. You picked a fine group.

Digimon Emperor: Glad you think so my man. Looks like this is the beginning of a beautiful friendship.

Norm: Indeed. Shall I let you have 3 wishes?

Digimon Emperor: Nah. My only wish is for you to be free from your lava lamp prison.

Norm: Hey thank you!

Norm was free and ready for fun!

Norm: First lets get you these people restored.

He snapped his fingers and restored them and brought them to him.

Digimon Emperor: Welcome back, gentlemen.

Jock: What's the deal here, Chan? First, you ruin our lives. And then, all of a sudden, you tell Norm to restore us?

Vlad Plasmius: (laughs) Isn't it obvious, Jock? That's not Nico Chan at all!

Digimon Emperor: (bows) The Digimon Emperor at your service.

King Goobot: We thank you for restoring us. But why us specifically?

Digimon Emperor: Simple. The 6 of you have something in common. And that's to destroy Team Loud Phoenix Storm. They may have lots of powers. But at the end of the day, they're still human. Individually, you guys can't destroy them. But what the 6 of you need is to form your own team to get back at those idiots.

Plankton: Why? You look like you could destroy them on your own.

Digimon Emperor: True. But in case I fail, I'd like the 6 of you to finish what I started.

Crocker: And if you succeed at killing Team Loud Phoenix Storm?

Digimon Emperor: You all have a place in my new empire. Either way, you guys win.

Mr. Burns: (smiles evilly) Well, we'd have to be idiots to refuse this offer. (to the others) What do you guys think?

They agreed.

Jock: You got a deal!

Digimon Emperor: Excellent!

Mr. Burns: That's usually my line!

Digimon Emperor: Sorry. Where was I? Oh yeah. (LAUGHS MALEVOLENTLY!)

UH OH!

---

Later after The Digimon Emperor finished laughing malevolently, I woke up at 3:19 AM and looked up at the Full Moon.

Me: (In my head) I had another vision into the past. I saw Luna's Children of The Night. I got to find them and bring them here so she can be happy.

I got up and put on my cloak and spread my wings and flew off to Equestria. I flew towards the moon and I arrived at the Wolf Moon Mountains. And I saw the Mansion and it was just like what I saw in my dream.

Me: Wow. Princess Luna's mansion is amazing.

I flew down and opened the door and went in.

Me: Hello?

Gari then came.

Gari: Who are you?

I pulled down my hood.

Me: I'm sorry to come in like this. My name is J.D. Knudson, leader of Team Loud Phoenix Storm.

Gari: Oh wow! You're the famous hero that killed King Sombra and Queen Chrysalis.

The children all came.

Me: That's right. I mean you all no harm. I'm sorry to come in like this but I found you all in a dream. It was a vision into the past and it showed me what happened when Luna formed her colony.

Gari: Where's Mother?

Me: She's with me back at my Estate in my world. She hasn't seen you all for over 1,000 years.

Gari gasped.

Gari: What happened?

Me: It's a really long story.

I went over everything that happened and it was not pretty.

Gari: Oh no.

Nightshade: I can't believe that happened to mother.

Me: I know. But she's okay and safe. But you can live with her again. I can move her mansion to our estate where you all can see her again and be with her again.

Gari: You can do that for us?

Me: I sure can. Princess Celestia will no doubt scold Princess Luna for going against her orders. But I can back Princess Luna up on it.

Gari: Okay.

Me: Here we go.

I snapped my fingers and beamed the whole mansion to the estate and on the grounds. It was in the courtyard. The children saw the estate.

Gari: Wow. Your house is amazing.

Me: It sure is.

I got the mansion settled into the estate grounds.

Me: Yeah.

Later at the crack of dawn, Princess Luna came down and she saw her mansion that she hasn't seen in 1,000 years in our estate grounds.

Princess Luna: (Gasp) My mansion. I forgot about that.

She went down and came in.

Princess Luna: Wow! My mansion looks more amazing than ever. How did J.D. find it and bring it here?

Gari gasped in excitement!

Gari: Mother Luna!

Nightshade: Mother!

Princess Luna: My children!

They went and hugged her for the first time in 1,000 years!

Princess Luna: Oh children! I'm so happy to see you all again!

Nightshade: We missed you so much!

Princess Luna: I missed you too my children.

I appeared.

Me: I found them for you Princess Luna. It was because of a dream I had. It was a vision into the past and it showed me where your mansion and the children you raised were at. They were in the Wolf Moon Mountains. I told them everything that happened while you were gone as Nightmare Moon and all that.

Gari: But none of that matters anymore mother. We're just so happy you're back.

Princess Luna: (Crying in happiness) I'm glad you're all back too.

I smiled at this magical moment.

---

Later at breakfast, just as I have seen, Princess Luna was being scolded by Celestia.

Me: Princess Celestia, with all due respect, your sister did not mean any harm. She was just saddened by the way the children were hurting after the battle with Discord. She was doing what she thought was right in her heart. If it were me, I would've done exactly the same thing.

Nicole: I did the exact same thing myself.

Donna: Me too.

Me: So please Princess, don't be mad at your sister just for following her heart and doing the right thing.

Princess Celestia: Oh you guys are right. I'm sorry sister. I guess I was a little stressed out from the battle with Discord.

Princess Luna: It's all right sister. But I'm glad that you see what I was trying to do.

Me: I apologize for what Luna was doing against your wishes but she was doing it out of the goodness in her heart.

Princess Celestia: I understand J.D. and I'm proud of you for standing up for your friends like this. It shows how pure your heart is towards others in friendship.

Me: I don't brag about that but thank you princess.

We went to have breakfast.

Later, Eartha was checking the prisons.

Eartha: Guys, we might want to check up on our space prisons!

Lori: What is it!?

Lori saw what was going on and she was horrified! She saw the cells and found that Mr. Burns, King Goobot V, Jock and Vlad Masters/Plasmius were gone and Crocker's brain was not at the Big Wand in Fairy World and Plankton was not in space!

Lori: They are out of prison!

Eartha: Who would do such a thing and release them!?

Lori: I don't know but when I literally find out who it is I'm going to hunt them down and kill them and then Hakai them out of existence for the rest of their fucking ETERNITY!

Me and Eli overheard that and gasped.

Me: (Whispers) Eli what are we gonna do? If Lori finds out it was Nico that did it because of the Digimon Emperor, she is gonna banish him to the Warp and we'll never see him again.

Eli: (Whispers) I know! We have to not tell him or else.

Me: Right. Or it will be the death of us.

We gathered everyone and told them about the prisoners that escaped.

Sly Cooper: What's the big deal? We've stopped those jerks before. We can do it again.

Me: Yeah we did stop them Sly. And we can do so again.

Eartha: They aren't the only ones that are gone. Hawk & Hank are missing too.

Eli: Those dumb bullies!?

Me: I thought we were rid of those fucking jerks!

Julie Makimoto: (to me) The others I get but why are you so angry about Crocker specifically.

Preyas: Yeah. What did he do? Kill a puppy of yours?

Sixshot: Preyas, you probably shouldn't have asked that.

Me: No Sixshot they have a right to know and no they didn't do that. But some of the new recruits don't know the full extent of the story. They just joined shortly so they need to know and they don't know the full extent of the history of the other 5 villains either. Here goes.

I revealed the full extent of the villains histories.

Vlad Masters/Vlad Plasmius

**Vlad Masters**, better known as **Vlad Plasmius**, is the main antagonist of Nickelodeon's animated series *Danny Phantom* . He is Danny's main arch-nemesis, Jack Fenton's former best friend, and Maddie's former love interest, the former two's rival. He later becomes one of the most hated men on Earth after he finally reveals his true nature as a ghost.

He was voiced by Martin Mull.

Vlad Masters was the childhood friend of Jack Fenton, the father of the series' protagonist, Danny Fenton. They were working together on a science project, trying to create a portal to the ghost world, when the project exploded and infected Vlad with "ecto acne". Believing himself to be hideous, he assumed he was unworthy of his true love, although Maddie never truly loved Vlad as revealed in Masters of All Time. He held a grudge against Jack Fenton since, believing his infection to be Jack's fault. In the final episode, a TV special titled "Phantom Planet", he gets hit by an asteroid. It is unknown if he survived, though since it was rather comical it was implied that he did.

## Goals

Aside from trying to gain a family by winning back his college love and even get Danny to be his adopted son, he tries to gain power, in all ways he can. Throughout the series he makes life hard for Danny, hoping to break his will. Vlad had even made attempts to clone Danny as well in order to sate his desires for a family. At the beginning of the third season, Vlad seems to lose interest in having Danny as a son and simply sought to torment Danny. He even goes so far as to become mayor of Amity Park and start a campaign against ghosts despite being half-ghost himself. In "The Ultimate Enemy" special, he accidentally creates Dark Danny in an attempt to help ease the emotional pain Danny had been going through.

## Early life

Much of Vlad Masters early life is never revealed but at some point he meets Jack Fenton and together they attend the University of Wisconsin and become best friends who are popular as well as doing everything together, they also become lab partners. Soon, he meets Maddie Fenton whom he starts to fall in love with.

At some point, Vlad, Jack and Maddie become acquainted and soon built a prototype ghost portal (what Vlad believes will not work) where one day Jack activates the ghost portal just at the very moment Vlad checks out the portal, causing the portal to go haywire and blasting Vlad in the face with ectoplasmic energy causing him to have a severe case of Ecto-Acne thus ruining his social life and any chances to win Maddie over. Following this he becomes hospitalized for several years becoming bitter, selfish and arrogant as well as holding a strong grudge against Jack for ruining his life.

Later, he discovers that the accident gave him ghost powers and as such he takes advantage of his powers by committing many invisible burglaries to acquire his wealth he has now. He names his ghost-half under the Alias, Vlad Plasmius.

## First Appearance

Twenty years later, Vlad makes his debut in **Bitter Reunions** where he sends three vulture ghosts in an attempt to kill Jack however the ghosts were quickly defeated by Danny, when he figures it out their motives. Upon failing, Vlad throws a college reunion party at his estate and invites Jack and Maddie (who subsequently bring Danny and Jazz with them) where Vlad plans to humiliate Jack and have Maddie leave him. When the Fentons arrive the next day he warmly greets them except Jack who shuts the door on him, inside his mansion,

he shows the Fentons his Packers memorabilia, where Danny notices Vlad hitting on Maddie, who subsequently lets Jack in where Vlad attempts to convince Jack to stay for the reunion but Jack initially refuses to stay with him but manages to convince him when he tells him the Dairy King ghost haunts his mansion, Jack upon hearing he gets to hunt ghosts eagerly agrees to stay.

That night, he again sends his vulture ghosts to kill Jack (who was searching for a bathroom), Danny's ghost sense goes off again and rescues him only to be confronted by Vlad, Danny then fights him where Vlad taunts him for using his powers for good, he attempts to finish him off but Vlad quickly overpowers and defeats him and knocks him unconscious causing Danny to change back to his human form in front of him, where Vlad is shocked to find that Danny Phantom is Jack's son. Danny later wakes up screaming, alerting Vlad who comes into his room to check on him, Danny apologies to Vlad for scaring him to which Vlad says not to worry and he will see him tomorrow, Vlad leaves beginning to put his plan into action

The next day at the reunion, Vlad approaches Danny and asks him for a "favor", he tells him to head to his laboratory to retrieve a "gift" he intends to give to Jack, Danny obliges and head to his lab where notices a picture of him and Maddie he puts the picture of him and Jack together and discovers that Vlad had sent the vulture ghosts to kill Jack, but before he can do anything about that though, Skulker appears and captures Danny in a cube which naturalizes his ghost power and thus is unable to escape, before he can kill Danny, Vlad appears angrily dismissing Skulker stating he did not free him to kill Danny where the latter promptly leaves. Vlad then reveals to Danny that he is also a half-ghost just like him, he offers to Danny to join him and offers to train him in using his powers if he renounces his father, Danny angrily refuses calling him a fruit loop leaving Vlad to leave him to put his next phase of his plan into action.

Vlad heads to Jack and possess him and begins to wreck havoc intending to ruin his reputation, but Danny manages to escape with help from the Dairy King ghost and finds Vlad possessing his father who quickly removes him from his body. Heading into the library to continue their fight, Vlad once again tries to convince Danny to join his side by saying all the things he can teach him but Danny again refuses to do so. Seeing Maddie, Vlad phases in and kidnaps her where she angrily tells him to let her go but he refuses to do so, Jack see this and chases after her, Danny then drives the Fenton RV and shoots ectoplasmic goo at Vlad causing him to drop Maddie, Danny quickly repossesses his father and catches her much to her delight, Danny as Jack then sends Maddie away and confronts Vlad where he threatens to expose his and Vlad's secrets as half ghosts unless he and Vlad comes to a truce he also states that his parents will accept him no matter what but then asks Vlad what would Maddie think seeing that Danny is blackmailing him and that is slowly learning him without him realizing it, Vlad agrees to do so but not before saying that him and Maddie will join him eventually.

Later upon hearing that Valerie Gray's life had gone down hill after a ghost accident at Axion Labs that caused her father Damon Gray to lose his job in **Shades of Gray**, Vlad sends her ghost hunting equipment with a note in it, she immediately accepts the gift and begins to hunt down Danny with it unaware of his true intentions with it, Vlad then makes a quick cameo appearance outside grinning at her before he disappears.

Rivalry with Danny

Vlad makes a return in **Maternal Instinct** staging a plan that involves taking Maddie and Danny to a mother and son science convention in Florida, Maddie wanting to spend time with her son takes a reluctant Danny with her.

On their way there, the pilot of their plane is revealed to be a ghost, forcing the duo to escape via parachutes they land in the rocky mountains, braving the forest they happen to come across a mansion that is owned none other than Vlad who pulls up just at the moment, while Maddie is relieved to see him, Danny rather is suspicious of him, it is also revealed he is sending ghosts to Fenton Works to kill Jack (as well as Jazz who is also at home with her father) they then subsequently stay with him for the time being.

Later, Maddie begins to explain her and Danny's situation to Vlad (while Danny continues to remain rather suspicious of Vlad), Vlad, then confesses his love to Maddie and also tries to convince her she leaves Jack and have her and Danny stay with him. Angering her, Maddie (and Danny) quickly leaves his mansion with Danny mockingly suggesting that he either try internet dating or getting a cat to which Vlad angrily refuses.

Later, Maddie and Danny camp out in the woods as Vlad sends his ghost animals to kidnap Danny and bring him back to his mansion, upon his arrival back Vlad reveals to Danny that the mother/son convention was nothing more but a part of his plan to have Maddie to himself and that DALV was nothing more but his name backwards he then shortens out his powers by using Plasmius Maximus for three hours then shoos him into the woods with his ghost animals in pursuit, Danny is however is rescued by Maddie, who reluctantly suggests heading back to Vlad's so she can call for help on the way she puts the Specter Deflector on Danny (who powers are already shortened out from Vlad earlier) who then realizes the belt will zap him when he gets his powers back but is later able to steal the key from Maddie by hugging her.

Knocking on Vlad's door, Vlad opens and is happy to see that Maddie and Danny has returned to him, Maddie then takes advantage of Vlad by manipulating him through "flirting" with him and toying with his feelings for her in order to get on his good side, Meanwhile as a Maddie searches his house for a phone to call for help, Danny changes the clock and tricks Vlad into thinking he renounces Jack as his father and calling him as his new father takes the bait and goes to hug him, Danny then puts the Sector Deflector on Vlad shocking him and realizing that Danny has tricked him as Danny regains his powers just at the exact moment. The duo then engages in battle despite Vlad being weakened by the specter deflector Vlad has it even with Danny until he attempt to duplicate himself but only grows a second head and Danny manages to defeat him. Vlad accepts defeat, but he states that he forgot about his ghost animals, but the ghost animals quickly turn on Vlad when Danny points out his animal memorabilia on his wall, Vlad states he is more powerful then them, but Danny does what Vlad did to him earlier by shocking him with his own weapon thus shortening out his powers. Danny says he will give him a five minute head start but also say seconds saying he is bad a math, he then orders the ghost chase after Vlad out of his house and into the woods, Maddie returns and asks where Vlad went to Danny replies that he went out or a hike, Danny and Maddie then take his helicopter to return home.

Soon, Vlad is seeking for a Skeleton Key in the Ghost Zone In **The Million Dollar Ghost**, which has the ability to unlock any door in the ghost zone as well entering any realm, he is able to find the key but a giant monster confronts him in doing so, they engage in battle and Vlad is able to quickly defeat him but the monster hits him with his tail and knocks him away and back into his portal, but before he can return to the Ghost Zone and alarm to his ghost portal rings and to his horror he forgot to refill the ecto filltrator causing the portal to explode as well as his destroying his mansion in the process, to his horror he discovers that his ghost portal is destroyed thus not being able to go back into the Ghost Zone to retrieve the key, he will need a working portal to get back into the Ghost Zone and he then pulls out a picture of the Fentons and realizes he will have to steal Jack's portal before laughing evilly

Vlad later sends his vulture ghosts to attack Jack, but they end up capturing Sam Manson and Tucker Foley (Danny's best friends) forcing Danny to risk himself by going ghost in front of the ghost hunters to save them but is confronted by Vlad who reveals to Danny he sent the ghost hunters as well as placing the million dollar bounty on Danny, the two engage in a fight where Danny mocks Vlad by saying that Jack married the love of his life Maddie, Danny is however quickly defeated and almost changes back into his human form before Vlad changes him back and throws him towards the ghost hunters ready to destroy him by their weapons though Danny was able to quickly escape from them.

In order to cheer his father up Danny goes ghost and allows him to be captured by him he refuses but is instead captured by Maddie, Jack then heads over to an alleyway where he is to claim his million dollar reward, however Danny attempts to warn Jack that the reward was a trap Jack wont listen to him until they are both trapped into an ecto cage, Vlad then appears where he reveals to Jack he is going to destroy his portal and make his own, though Danny and Jack say that he has a portal of his own, Vlad says he did but it got destroyed before proceeding to Fenton Works, Jack is later able to escape with the help of Danny Phantom.

Vlad has his vulture ghosts attempt to open the Fenton portal where he is surprised Jack caught him very easily and orders his ghosts to attack Jack but Jack's competence arises and is able to quickly defeat them, Vlad tell Jack his family is all in danger all the time he states he should be put out o their misery and attack him, Jack them arms himself with the Fenton Ghost Gloves/Ghost Gauntlets and easily defeats Vlad (impressing Danny) Danny then is able to change the ecto filltrator and Jack open the Ghost Portal to Vlad's disbelief who claims Jack is an idiot to which Jack retaliates by saying he is the idiot to beat him before punching him into the Ghost Zone the portal explodes seconds after but is then revealed to be a simulation on Jack's computer.

Elsewhere in the Ghost Zone, Vlad is completely surprised that Jack defeated him and is rather upset but quickly changes his mind once he retrieves the skeleton key he had been looking for causing him to gloat that even in victory, Jack still fails. The monster that Vlad that fought earlier eats him much to his annoyance.

With the Skeleton Key still in his possession in **Reign Storm**, Vlad uses it to escape the monster that had devoured him and over to a castle in the ghost zone to steal the ring of the ghost king Pariah Dark as well as the sword of the spirit of Halloween the Fright Knight he uses the key to dissolve the orb holding the ring, Vlad then gloats that he now has the power of the ghost king in his hand he then attempts to use it to no avail. Vlad then realizes in order to use the rings power the user must also wear the crown of fire, he then uses the key to open the coffin causing a nearby vulture to beak and the coffin eyes to brighten up, at the exact moment while discussing the crowns power the ghost king angrily reawakens much to Vlad's horror. When the ghost king asks who dares reawaken him Vlad approaches him where he nervously attempts to tell him that he is a huge fan of his work, Not buying his statement King Pariah causes an explosion knocking Vlad far from his castle, the ghost king subsequently removes the sword from the pumpkin summoning the Fright Knight to serve him, he notices that the ghost king has awakened and bows down to him, the ghost king tells him he as well as Vlad who rules the Ghost Zone. Outside Vlad states he has to get of sight before the ghost king finds him he quickly grabs him telling he has reawakened him but soon discover that Vlad is a duplicate, Vlad notices that the Fright Knight is awake and goes over to an attempt to make a deal with him, the Fright Knight questions this before the ghost king attacks them Vlad tell him to call him before attempting to escape the ghost king before the latter shoots at him knocking him unconscious and transforming back into his human form and into the Fenton portal just as Jack and Maddie are finishing up constructing a robotic suit, Vlad then pops out of the ghost portal much to the shock and surprise of Jack and Maddie, Vlad weakly asks Jack to help him before falling unconscious.

Recovering, at Fenton Works, Danny (With Sam and Valerie) comes home from school and is shocked to find his archenemy hanging around with his family where Vlad greets Danny in an enthusiastic manner. Danny angrily confronts Vlad and asks what is he doing at his house to which Maddie responds by pouring tea on Vlad, burning him and telling Danny that is a a valid question, he then attempts to flirt with her again but she angrily brushes him of and threatens him. Vlad then tells Danny and reveals his plan to steal the Ecto-Skeleton aloud in front of Jack under his nose, but starts laughing with Jack about it by just claiming he was joking with him he then asks Maddie for more tea but she pours it on his head much to his annoyance.

Jack and Maddie then leave as Danny confronts him but then figures it out since he just said it aloud to which he threatens to expose his secret before shifting his attention to Valerie Gray who is surprised (as well as Danny) that he knows her, just then the an alarm goes off in Fenton Works alerting Jack and Maddie who explain to Danny Jazz and Sam that it goes off when they are about to face a massive ghost invasion alerting Danny who orders Sam and Jazz to stall Jack and Maddie as he goes ghost to confront the invasion initially he is relieve to only find out Box Ghost to pop out but then Skulker leads Ember McLain, Walker, Nicolai Technus as well a numerous other ghost Danny fought previously out of the ghost zone, he chases after them and ask what they are running from they tell him they are running away from Pariah Dark the ghost king as well as the Fright Knight before attacking Danny and running away who subsequently tells Sam that Vlad Plasmius has become the least of his worries.

Vlad rides with Valerie where he asks if the equipment is operating functionally Valerie responds that he designed it just for her but Valerie asks why he would give it to a fourteen year old but also said he said he is also the best ghost fighter he has ever seen before "joking" with her about using her, Vlad then gives her the ring of the ghost king lying to her that the right was passed down from ghost hunter generation she accepts it not know it its the ghost kings ring he then orders her to her job with Valerie vowing not to let Vlad down. Meanwhile, as Vlad puts his plan into motion the ghost king summons his army with the Fright Knight in command.

Later, Vlad is helping Jack work on his robotic suit as the Fright Knight breaks in to the Fenton lab and unleashes his army to retrieve the ghost kings ring, Maddie attempt to close the portal but the Fright Knight catches her and attempts to kidnap her as Vlad and Jack order him to let go of the woman they love sparking an awkward moment between Vlad and Jack, Vlad asks Jack if the suit is operation but Jack warns Vlad that the suit could kill him, then Vlad states he should use it (for his sadistic pleasure of Jack getting hurt). Jack then battles the Fright Knight defeats him and rescues Maddie but the suit drains him of physical energy, Maddie orders Vlad to help her get the pants of Jack but Vlad tell her that's her problem angering Maddie.

Meanwhile as the ghost kings army causes havoc, Vlad confronts Danny at his school complementing him for using his ghost powers against his enemies having watched Danny get revenge on Dash Baxter (after the former is fed up with the latter's bullying), Danny goes ghost and engages him into battle but Vlad catches him and tell him to calm down as the Fright Knight and his army attack Danny and Vlad, Vlad assist Danny in fighting off the Ghost King's army, Danny sarcastically asks Vlad if he wants his mother cell phone number to which Vlad denies, the Fright Knight grabs him and demands to return the ghost king's to him to which Vlad denies having possession of, Valerie then appears to which Danny and Vlad realizes the Valerie will attack them because they appear as ghosts, but Danny convinces her to join forces with him to fight off the army, the trio the confronts the Fright Knight which give him no choice to but claim Amity Park under Pariahs Rule. The Fright Knight warns Danny and Vlad that the reign of terror will end if the ring is given back to the king but if the sword is removed by anyone they will surrender to the ghost king before disappearing but before Vlad and Danny can do anything further Maddie and Damon arrive forcing Vlad to flee and Danny to change back into human form

Later, Danny confronts Vlad outside of his house calling him out for putting innocent people at risk and tell him to give the ring to him he refuses to do so, causing Danny to get angry but Vlad taunts him stating what if Valerie notices his secret, Danny breaks a nearby streetlight, goes ghost and engages Vlad into battle. Danny hits Vlad with a sneak attack Vlad tells him as he goes ghost that he's becoming like him with every battle though Danny states that he is nothing like Vlad and continues the fight to where the sword is located, Vlad continues to manipulate Danny by saying that he's using his powers to get back at people he doesn't like and throwing the first punch he state that he is becoming more like him before hitting and knocking him near the sword, Danny noticing the sword states that if he can't make Vlad get the ring back he will make him by pulling out the sword but Vlad tells him not to pull the sword telling him its a signal, Danny questions this and pulls out the sword anyway causing to put Amity Park into to Ghost Zone and under the Ghost King's rule as well as causing the ghost kings army to resume their march, The Fright Knight and King Pariah appear where the latter attacks the duo causing the two to change back into their human forms and become unconscious. The Ghost King prepares to murder the duo but then Valerie armed with her battle suit attacks him dropping the duo, the Fright Knight then realizes Valerie is in the possession of the ring and demands her to give it to him but Valerie shoots a missile with the ring on it to distract the ghost king as she rescues Danny and Vlad as she heads back to Fenton Works with the Fright Knight in pursuit until she manages to get inside the ghost shield. In the meantime Pariah manages to catch his ring and with the crown of fire gives him unimaginable power.

Valerie takes Danny and Vlad into Danny's bedroom where she rests, Vlad then wakes up and notices that the ring he gave to Valerie is gone (unaware that the ghost king now has possession of it while he was unconscious). hearing Jack and Maddie come in Vlad turns invisible and leaves, Danny subsequently defeats Valerie by exposing her secret as a ghost fighter in front of her father, Later Vlad apparently makes a deal with Fright Knight as Danny with the help of his ghostly enemies fights off the ghost king's army as Danny confronts the Ghost King in his castle for the final battle where Danny is victorious, however the battle causes Danny to pass out from exhaustion as Danny locks the ghost king in his coffin, Vlad takes advantage of this opportunity to steal the ecto-skeleton. Afterwards Vlad then takes Danny back to his house claiming to having found Danny outside the ghost shield in an effort to get back on Jack and Maddie's good side.

In an alternate timeline set a decade later in the future in **The Ultimate Enemy**, Danny gets caught in a time traveling journey involving a sequence of events courteously of Clockwork. In a sequence of events Danny eventually meets his evil future self Dan Phantom and engages him into battle but his older self proves to be too powerful for Danny and easily defeats him subsequently he fuses one of Clockworks medallion into Danny thus trapping him in the future and throws him into the ghost zone while Dan goes back in time to make sure his future is sealed but Jazz having figured out who Dan is as well as figuring out that Vlad Masters is Danny's archenemy uses a boomerang with a note with to find Danny. Danny eventually receives the note and suspects that Vlad is behind all of these events.

Danny finds out that Vlad's manor is long gone and Vlad noticing that Danny came in asks if he came to kick a defenseless old man while he is down, Danny questions this and Vlad reveals himself as a depressed old hermit, Danny asks what has happened to him while Vlad says he can ask him the very same question. Vlad the explains how Dark Danny came to be.

Following the Nasty Burger explosion that killed Danny's family, Sam, Tucker, as well as his teacher Mr. Lancer, Danny reluctantly moves in with his archenemy whom he feels he is the last person to to understand his situation. Vlad (having wanted to take Danny in as his own for a long time) takes him in with open arms and gives him a great deal of sympathy of what he is going through. Danny having felt guilty of what he is going through and feeling that his ghost powers are the reason for the death of his loved ones asks Vlad to remove his ghost half from his human half. Something that Vlad honored, he agreed to help him and using the Fenton Ghost Gloves (renamed Ghost Gauntlets which he somehow obtained) separates Danny Phantom from Danny Fenton, the procedure goes well but the ghost wakes up angry that Vlad had separated him from his human half goes berserk and frees himself and throws Vlad into a wall, the ghost then grabs the gauntlets and separates Vlad Masters from Vlad Plasmius thus stripping Vlad of his ghost powers, Danny's ghost half attempts to overshadow Vlad Plasmius, but the evil nature in Vlad consumes and overwhelms any good that is left in Danny Phantom and as such Dark Danny is born, Vlad then watches in terror as Dan comes into existence, horrified of what he had done (even though he tried to help Danny). Danny then asks Vlad what had become of his human half, cringing and not even wanting to even think of it, Vlad tells the younger Danny that some things are better off left unsaid. The scene then cuts to Dan giving the human Danny a deadly glare before proceeding to kill his human self and blowing up Vlad's mansion before going on a decade's long rampage of death and destruction with the human Vlad barely surviving the explosion to live to tell the tale.

Vlad, states in light of all the horrible things that happened is that ten years without ghost powers gave him the chance to see the errors of his ways by even restoring a picture of Jack with him and Maddie in a rare moment for Vlad shows deep regret and guilt, in a rare moment for his archenemy he realizes that everyone deserves a second chance even Vlad and in a way forgives him he then asks if Vlad has his ghost gantlets, to which he still has and Danny asks for help in getting the time medallion out of him but Vlad states he can just destroy Danny then and there to prevent his horrible future. Vlad however does remove his time medallion before Danny departs back to his own time to stop Dan and save his family and friends, Danny is successful in defeating his evil older self and with the help of Clockwork goes back in time to where Danny begins taking the

C.A.T. and subsequently giving the answers back to Mr. Lancer thus creating a timeline where Danny's family and friends are saved from the Nasty Burger explosion and as such Danny does not move in with Vlad thus preventing Dark Danny from coming into existence (though the existing Dan now exists outside of time).

Now having possession of the Ecto-Skeleton in **Secret Weapons** Vlad again hires Skulker to hunt down nano bots from Axion Labs as well as the Ecto-converter and stealing an electric rod from Nicolai Technus in order to improve the suits power. Meanwhile, Danny angrily drive Jazz away from home as she ruins his ghost battles. Klemper barges in to Vlad's portal asking him to be his friend to which Vlad comically denies, he hears the doorbell ring and is surprised to see Jazz who calls him "Uncle Vlad" states that she ran away from home, her father is an idiot and her brother hates her and that she wants to move in with her, Vlad upon hearing that she says Jack is an idiot immediately takes her in, Unbeknownst to him however Jazz is secretly investigating him for the thefts he and Skulker committed. The next morning Jack and Maddie wake up Danny to inform him that Jazz is gone (feeling guilty for driving her away Danny heads into the ghost zone in an effort to find her), Vlad then calls Jack and Maddie where Jazz informs them that she needs to stay with "Uncle Vlad" for a while in order to stay away from Danny, Maddie (due to her hatred for Vlad) immediately objects to this but Vlad takes it as her saying yes and tell them he will watch her as if she was his own. In the meantime Danny confronts Skulker about kidnapping Jazz but the ghost hunter denies of doing he subsequently captures him and takes him to Vlad.

Later, Jazz discovers Vlad heading down to his secret laboratory, using Vlad's laptop Jazz tries to figure out why Vlad wants nano-bots and and a ecto converter but multiple pictures of Maddie show up instead much to her disgust, Just then Vlad returns and Jazz pretends she is reading one of Vlad's college yearbooks which Vlad questions what she is doing in his library, playing with Vlad's crush for Maddie she asks why would his library be private from someone he considers a daughter, telling him he looked good in college as well as asking why him and Maddie were never together, Believing she is not up to something Vlad asks her to hug him. Much later as Vlad is occupied with other things Jazz breaks into his secret laboratory, where she discovers that Vlad was in possession of Jack's ecto skeleton as well as the ecto converter and the nano bots that Skulker had stolen earlier, Vlad the catches her and asks what she is doing in his lab she lies to him saying how cool a dad he will be as well as saying that his lab is much better than Jack's to which Vlad states he has nothing to suspect her of, Just then Skulker appears with Technus's rod as well as Danny, Vlad is surprised that Danny Phantom and Jazz know each other. Upset, Vlad says he loves that Jazz has left Jack for him but also states that he is suspicious of her motives and as such he then plans to test her loyalty.

Taking them to a football field in his backyard, Jazz asks Vlad if this is necessary but Vlad states he wasn't going to take her in as his own without first "testing" her "loyalty", he also states that he improved Jack's suit so the suit would not kill Jazz but he will if she betrays him, Danny ask Vlad to let her go while also insulting her causing to get angry and Vlad to start the battle between the two, Danny and Jazz begin to argue till Danny tries to escape and leave with Jazz following him only to crash into a ghost shield where Vlad states the shield works on ghosts and humans, and as such Danny tell Jazz that they have to fight but make it look convincing in order to fool Vlad but Jazz punches him without remorse for him humiliating him earlier but continues on with the plan on false fighting Danny until it looks like she knocked him unconscious, taking the bait, Vlad states he forgives her and turns off the shield, but the Fenton siblings get the last laugh when Danny disappears and Jazz punches her "father", realizing that he has been tricked, Vlad states that he can end her resistance with a press of a button but Danny grabs the the remote from him and attacks Vlad, angered that he had been tricked by them, Vlad asks Jazz if he ever figured out his secret identity by turning into Vlad Plasmius but realizes that that Danny and Jazz are long gone, leaving a note stating that they are not surprised as well as Jack's suit to self destruct right next to him much to his dismay.

The Ecto acne soon comes back to bite Vlad in **Masters of All Time** and as such heads to Danny for help as the latter storms out of Nasty Burger due to Jack and Maddie embarrassing him where Vlad awaits him outside when Danny asks what Vlad wants this time, Vlad reveals to Danny that the ecto acne is back and asks for his help to cure it but Danny, Sam and Tucker refuses to help him, in order to force Danny to help him he infects Sam and Tucker with the same illness before falling unconscious, Danny ask Vlad to wake up and asks for an antidote but Jack and Maddie attack him and he hides and is able to change back with the help of Jazz, Jack and Maddie realize that they must treat Vlad as well as Sam and Tucker ecto acne back at Fenton works much to Danny's dismay.

Vlad later wakes up at Fenton works in a bed stating to Maddie that she wouldn't let him down then mocks Danny telling him he didn't have a choice angering him. upon finding there is no cure Vlad mocks Danny stating that Sam and Tucker are running out of time which give Danny an idea he heads to Clockworks lair asking him to send him to the past of Jack Maddie and Vlad's college day but Clockwork says it is not a great idea but Danny begs him to do so stating he can prevent his original outbreak of ecto-acne as well as him getting ghost powers in the first place. Clockwork reluctantly does but tells him not to screw up, Danny arrives 20 years in the past and discovers an advertisement for a ghost portal and heads over there, there the past Vlad tries to state his love for Maddie to her but she ignores him and rather looks jealous when Maddie and Jack look at each other as in the previous timeline Jack activates the portal while Vlad sticks his head to it but just as the portal is about to shook Vlad, Danny appears and pushes Vlad out of the way as the ecto energy blasts around the lab Vlad pushes Maddie out of the way something she is grateful for this creates a timeline where Vlad doesn't get ecto-acne as well as ghost powers and thus Vlad Plasmius never exists.

Danny at first is satisfied that he altered the timeline, but soon changes his mind when he finds out Fenton works does not exist and heading into his house and to add further to the mess he made he realizes that Jack is not married to Maddie and thus does not have a son even further shocking him Jack has become a bitter half ghost (just the Vlad the original timeline) having now realized he has screwed up the past Danny attempts to get back to Clockwork but realizes there is no ghost portal then he notices on a newspaper that Vlad is married to Maddie shocking him, Danny has Jack explain to him what had occurred that Jack got hit with the ecto acne and got superpowers while Vlad marries Maddie Danny attempts to convince Jack that he was the one that married Maddie as well as having two kids but Jack refuses to believe him and attacks him leaving Danny not choice to find Maddie and Vlad in Wisconsin.

Danny arrives at Vlad and Maddie's Manor where he call Maddie "mom" in order to take him in, after feeding him cheese Maddie asks him where his parents are to which Danny responds they are missing, Maddie asks him if he needs a place to stay Vlad in awe is about to kiss her but a disgusted Danny interrupts asking if they have a ghost portal causing Vlad to be suspicious, that night Danny heads down into Vlad's lab where he finds a ghost portal but then Maddie appears and confronts him and captures him and straps him on to a table and asks Danny who he is, Danny nervously tells her that he is her son shocking her and tells her he is also Jack Fenton's son angering her stating she has not seen Jack Fenton in years and that he blamed her for the accident but Danny states that Jack misses her Jack out of nowhere come outs out and confirms this and shows her a picture of them together as well as Danny and Jazz and thus frees him she opens the portal but then Vlad appears attack Jack and Danny knocking the latter back on the table where he is captured again Danny begs him to stop telling him that nothing like this should ever happen but an angry Vlad states he likes it this way but Jack pushes Vlad to the side and frees Danny but Vlad shoots a laser at Jack and Jack defends himself with his shield but is pushed back into ghost portal causing it to overload and Jack to apparently either die or fall unconscious an angry Maddie confronts Vlad but Vlad states he is still her husband to which Maddie retaliates by throwing him into the ghost zone where he is confronted by several ghosts.

Danny with the help of a reluctant Clockwork fixes everything and Danny realizes Diet Cola is the cure to the ecto acne and as such suggests to Maddie to use the Diet Cola and mixes up a batch and the three are successfully cured much to Vlad's relief and tells Danny that he knew he would come through he then tells him that he is still weak so he asks him let bygones be bygones which Danny gets an idea by blasting him into the sky.

A much more darker side of Vlad is seen in **Kindred Spirits** where a desperate Vlad attempts to create the perfect clone of Danny by studying various battles between Danny and Valerie he has the Maddie program analyze the data but the program states Vlad wont be able to complete his experiment without a mid-morph sample Vlad then plans to resort to kidnapping Danny by sending his three ghosts out to find him one of which is a bed sheet with a half skeleton under it a hulk like monster ghost and a tiny green glob that is revealed to be a deformation of Danny who also call him "father" much to his delight before rather letting out a disturbing evil laugh when he has his Maddie program tell him that Jack Fenton is an idiot.

The bed sheet ghost ends up finding Danny at a golf course and he is able to quickly defeat it angering Sam and Tucker when they are left behind to clean the mess the Danny made, Danny returns home to find out a girl sitting on his bed confusing him, the girl introduces herself as Danielle, Danny's cousin once removed lying that she ran away from home Danny soon realizes she has a lot in common with him then takes her to meet his parents she refuses and goes outside, Danny follows her but can't find her just then the Hulk-like monster ghost appears and attacks Danny, Dani appears and reveals herself to be a half ghost just like him shocking him even further and the two team up against the ghost and defeat it and Dani fakes a faint when Danny begins to question her some more.

The next day at school, Danny tell his friends about Danielle but they are still angry at him but Danielle appears and Danny tells her she cant be using her powers just like that, she she tries to persuade him further when she suggests using her powers against Dash, just then the tiny glob ghost appears and the duo chase after it again leaving Sam and Tucker behind to clean the mess the Danny left behind, the Phantoms race each other unbeknownst to Danny, she was leading him to Vlad who appears in front of Danny and Vlad more serious than ever begins to attack Danny without hesitation who fights back, Danny asks Vlad if he going to make "some stupid crack" about Jack or a "lame come on" about Maddie, Vlad states to Danny that funny joke around Vlad is not present today and attacks him more and Danny fights back just then Dani appears and he asks her to help him but she hits him from behind betraying him and Danny realizes he was set up by her and Vlad, Dani asks her "dad" if she did good to which Vlad responds he could not wished for a better daughter before laughing evilly as Danny falls unconscious before taking him away where Sam and Tucker witness Danny being taken captive by Vlad who also realizes that Dani was bad news, realizing Danny needs their help they leave school infuriating Mr. Lancer who calls Jack and Maddie to inform them what they have done as Sam and Tucker head over to Fenton works to grab the Specter Speeder as well as the boomerang and the specter deflector but are caught by an angry Jack and Maddie before managing to escape the Fenton household and use the boomerang to find Danny as it can find Danny's location.

Meanwhile, Danny is taken to Vlad's residence in Colorado where Vlad captures him in Skulkers cube and shows him various videos of him going ghost which makes Danny realize that Vlad was spying on him before calling him a crazed up fruit loop but an angry Vlad states that a fruit loop would not commit invisible burglaries or overshadow several millionaires to be come the rich man that he is today and also states he is not a villain but that all he ever wanted was love before showing Danny his clones and that they need more time before they can accept his DNA stating that the ghosts that Danny encountered earlier including Danielle were bad clones and mistakes before showing Danny a deformed version of himself shocking Danielle who was watching all of this from above Vlad also states that he would watch hundred's of ghosts dissolve into ecto-plasm because he is desperate in getting the perfect half ghost son to which Danny states there is nothing loopy about that Vlad then asks Danny if he is under the impression that he is escaping, he states to him he needs a DNA sample of him to get a mid morph before ordering the deformed Danny to overshadow Danny in order to get his DNA.

Later, Vlad puts Danny into a cloning chamber in order to get what he needs Danny attempts to resist the transformation and the power is too much for the chamber and it overloads and thus explodes and Danny flies through Vlad angering him but Danielle appears behind up upset with what she heard asking him if she was in imperfection and a mistake but Vlad states he wasn't talking about her but was talking about the other clones he was making and shows her the tiny blob ghost dissolve into ecto plasium scaring her he then points out he needs Danny's DNA to stabilize her his "greatest creation" Dani takes Vlad's word and sets out to find Danny as he attempts to escape from Vlad's home and is attacked by Danielle who states that he isn't going anywhere and tells him that he is too weak to beat her at all but Danny tells her he is not going to fight her stating that every time he fights a clone to turn to goo but also states she isn't mindless like the other clones and that he doesn't want to hurt her, to which Dani states that's Danny should give Vlad his DNA so he can save her, but Danny states he is not going to save her but is using her telling her that she is a mess the Vlad is not going to even bother trying to clean up. Dani does not believe him and knocks him unconscious before taking him back to Vlad.

Danny wakes up in a cloning chamber being locked in by Dani, Vlad states he isn't sure how he is going to get Danny to morph but then gives him the idea having Dani overshadow Danny to force the transformation but Dani is reluctant to do so as she is afraid the strain would melt her since it melted the last clone that tried that. Vlad assures her it wont happen but Dani is hesitant to do so this causes Vlad to furiously snap at her telling that she only exists to serve him, upset at Vlad and realizes that Danny is right in Vlad using her, this causes Dani to betray her "father" and free Danny the two Phantoms then subsequently team up and attack Vlad knocking him back into the chamber that contains the perfect clone to fall on him destroying it where the Maddie program tells him about the clone where Vlad watches in horror as his ghost son slowly dissolve into ecto-plasm devastating him he shouts a loud NOOOO!

before glaring at Danielle in pure rage and slowly walks over to murder his "daughter" but Dani despite her unstabilized body attempts to fight him but Danny states that she doesn't have to, Danny then uses his ghostly wail (having used it previously on Dark Danny) on Vlad knocking him back into the wall and destroying his laboratory in he process (he also comically watches his Maddie program go corrupt and tells him she never loved him and that she likes the Jack program better Jack appears and he watches them kiss much to his horror) before turning back to human form and falling to the ground as Danny loses his power but states it worth it to take the cloning lab down, Vlad gets up and comes in for another attack but Dani again still attempts to fight him, but Vlad states that she doesn't dare use her powers against him and points out that Danny is beaten and this is over, before he can kill her though in a moment of pure luck out of nowhere Jack and Maddie's boomerang appears and hits him and Vlad picks it up and asks where did this came from suddenly the specter speeder commandeered by Sam and Tucker breaks into his lab hitting him and knocking him out, Tucker then comes out and puts the specter deflector on Vlad thus turning him back to human form and then states he can't focus his powers where Dani knocks unconscious telling him to stay away from her "cousin", in gratitude for saving her, Dani helps Danny and his friends out when they are about to face a potential punishment from Jack Maddie and Mr. Lancer for skipping school and taking the specter speeder by overshadowing Maddie and Lancer and make them get off the hook by telling Jack he can just make another ship thus letting Danny and his friends off the hook as Dani flies away to do her own heroic acts in her newfound freedom. (By far this was Vlad's cruelest role to date as he almost would of crossed the MEH had he killed Danielle as well as being very dangerous considering Danny used his ghostly wail on him and Tucker putting the specter deflector on him but nowhere near as bad as Dark Danny).

## Becoming Mayor of Amity Park

With all else having failed, Vlad moves into a new mansion near Amity Park at the beginning of **Eye For an Eye**, Danny finds out and sends the guys in White to destroy his new home after he was finished exploring it tricking them into thinking that Vlad is in possession of ghost equipment, Vlad attempts to argue with them but the Guys in White destroy the house anyway devastating him, after not finding anything one of them mentions that the "Fenton kid" was wrong Vlad noting Danny is the one behind this tells him its game on, Danny and Tucker laugh at Vlad's expense in amusement much to Sam's concern he subsequently sends the guys in White to Fenton Works for the same reason until Sam tells them they can't search without a warrant.

Now without a house Vlad, stays in a nearby hotel for the time being a news report, tells about Vlad's misfortune insisting that he had nothing to hide, Vlad comes out of the shower stating that Danny Phantom has ruined his reputation and made him a laughing stock of Wisconsin and states that no one should bow down to a laughing stock but also states his counter moves should be able to wear Danny down, Vlad gets a rude awakening by Danny when news helicopters surround his hotel room and Danny turns the walls invisible for them to see, Vlad then pulls the same prank on Danny when the whole cafeteria spots him taking a show courteousy of Vlad sending in his ghost vultures who make the walls invisible. Later Vlad buys the Nasty Burger from its owners and sends the Guys In White to destroy it claiming that the Nasty Burger has ghost energy inside, Vlad tells Danny this is a lesson to be learned but Danny angrily states he gets the idea and that he doesn't like it but this isn't over for him yet as Danny Sam and Tucker storm off where Vlad decides to run for Mayor after seeing a nearby billboard

Danny soon gets the news from Jack that Vlad is running for mayor of Amity Park where Maddie tells him that Vlad is a write in candidate, Vlad states on TV that if he is elected he hopes to bring new life into Amity Park prompting Danny to run to city hall and confront Vlad just as Vlad is finished talking to a news reporter as Vlad walks away Danny grabs his legs and takes him down to the basement of city hall, Vlad eagerly greats Danny asking him if he came to wish "uncle Vlad" good luck but Danny tells him that he should stop running for officer but Vlad refuses to stating that his campaign is just beginning and goes ghost and Danny easily kicks him out of the building noting that Vlad is getting a little rusty but soon realizes that the Vlad he is fighting is a clone used to hold Danny off where nearby multiple Vlad clones overshadow the voters (including Jack) to vote for him thus making him win in a landslide.

The next day Vlad is finishing up his victory speech as he calls Danny up to the stage where he tells the public that Danny inspired him to run to run for mayor and that he will repay him and his friends by protecting the town from ghosts where Sam has a bad feeling about but Tucker states that he is only having a couple of laws but is completely wrong when he bans technology which greatly upsets Tucker as well as installing school uniforms that is non dark and gothic specifically made to irritate Sam, 4:00PM curfews, roll calls before and after classes and heighten security to ensure the safety of all students and to makes things more difficult for Danny where he installs surveillance cameras at every corner to ensure Danny can never go ghost and as such Vlad lies saying that Danny Phantom brings in ghosts as opposed to scaring them away and in order to prove his worth Vlad has the Guys in White capture ghosts that lurk Amity Park to which Danny believes that they are staged, to make Danny's life even more miserable he renames the Nasty Burger, McMasters and bans teenagers from entering causing Danny to be greatly hated by his peers.

A frustrated Danny (with the help of Tucker who removes a surveillance camera so he can go ghost) confronts Vlad inside the restaurant where attempts to apologize to Vlad stating he is sorry for the pranks he pulled on him and that he hopes that he will accept his apology and stop making life miserable and even offers to shake his his hand, Vlad is surprised but refuses to comply to his pleas angering Danny who asks if he can even pretend to have a heart but Vlad states while the apology is a departure from his usual childish arrogance he states to Danny that he had this had this coming Danny tries to argue his way out but Vlad has the Guys in White step in to force him out when he states no teenagers as well as ghost teenagers are allowed in.

Determined to get back at Vlad, Danny Sam and Tucker recruit their classmates and form a protest outside McMaster's to protest it's anti-teenager policy, Vlad notices this and heads down to confront them where he addresses them as children to which Sam shifts him off stating they are not children and tell him to stop treating them that way with Vlad distracted Danny prepares to enact his plan as Jack and Maddie show up annoyed by Jack's presence Vlad tries to blend in with the teenager as Danny shows up and prepares to get at Vlad but Jack prepares to attack Danny, Vlad spares him and lets him have his word, Danny prepares to expose Vlad's secret as a ghost to the public but at that exact moment a Vlad Plasmius clone appears and prepares to terrorize the crowds as Danny confronts the clone as the human Vlad watches in amusement as the clone overwhelms Danny with an ecto-tornado where the human Vlad states that Danny Phantom attracts the worst of what the Ghost Zone has to offer and is too weak to stop them, Plasmius catches Phantom as the human Vlad grabs Jack's gun and prepares to attack his clone Danny then realizes that Vlad is zapping his clone to make himself look good but Danny then gets an idea of overshadowing the Plasmius clone as Vlad shoots the clone at his limo and causing an explosion, the now human Danny emerges to the wreckage where he Sam and Tucker conspire that Vlad injured Danny causing him to lose a majority of his supporters which greatly pleases Danny.

In an effort to save his status as the mayor, Vlad reluctantly reverses all his restrictions on the teenagers which gives back his support from the public as well as rebuilding the Nasty Burger to get back his support from the teens, Sam then tells Danny its a draw between the two but Danny knowing Vlad all to well states that "whenever there is a draw there is bound to be a rematch" as the episodes ends with the the two glaring at each other.

It appears that in order to get rid of his loneliness, Vlad has adopted a cat and named it "Maddie" showing more of his love for her in **Infinite Realms** where he plays chess with the cat and tells it that he rules at life and rules the city but that is not enough for him and that he is destined to rule much more greater things but apparently reading the cats mind where she suggests watch TV where it is revealed that he illegally spies on the Fenton's via a camera bot. In the meantime, Danny, Sam and Tucker having accidentally taken the infi-map from Frostbite prepares to head back to him to give the map back to him, Vlad notices Danny having possession of the map and pulls out a book to discover that the infi-map does exist and isn't happy that Danny had found it before he did in order to trace his steps Vlad has his camera bug hide in Sam's bag.

They eventually land in Salem in the 1600s where Vlad follows, there where witch craft trials are being held Vlad dresses as a villager and tell the villagers that Sam is a witch, Danny and Tucker then figure out that Vlad had followed him, Danny then tries to rescue Sam as he turns the crowds (as well as Jack Fentons ancestor) attention to him where Jack's ancestor put blossoms surrounding Sam that is a force field that injures Danny upon coming contact with, Vlad then picks up Danny and shoves him in the circle injuring him and torturing him, Tucker then runs to rescue Danny and Sam as Vlad steals the map from Tucker who notices this and grabs his camera bot and throws it at him and and lands on him something that Vlad does not apparently notice Tucker manages to rescue the two and the the three follow Vlad where Tucker states he can track Vlad through this PDA.

The trio then confront Vlad in ancient Rome where he is surprised them and they are surprised to see him rule where he states that he was meant to rule after all, Danny states he can stay for as long as he wants but asks him to give him the map stating that he doesn't know how powerful it is angered at him Vlad releases his lions to maul the trio but they quickly escape and Danny chases Vlad but in the process he shoots ecto-plasmic discs at Danny accidentally destroying the kingdom and angering the Romans, angered Vlad leaves to for another realm to rule, Vlad then lands in Asia where he attempts to rule the kingdom but is stopped by Danny and gets confronted by the townsfolk, Vlad eventually lands in 1903 where the Wright Brothers are testing out their first airplane flight and as such tries to sabotage their attempt their flight so he can rule from the air but Danny again intervenes angering Vlad.

With Danny, Sam and Tucker right behind him an annoyed Vlad traps them into an ecto-sphere where Danny and Sam tell him to give them the map as the map is not meant for him but Vlad refuses to listen and this time Vlad threatens the map to take him to greatest destiny and it betrays him and takes it back to the Realm of the Far Frozen where he is confronted by Frostbite and his cohorts where they freeze him into an ice cube as well as retrieving the map from Vlad, the trio returns and apologizes to Frostbite who state it is no harm done they then return home where Vlad still frozen is made into a statue.

A heatwave soon strikes Amity Park at the beginning of **Torrent of Terror**, Vlad uses the heatwave as an opportunity to further appeal his status as the mayor by seeking out the weather ghost Vortex who is currently being held on trial by the Observants for his crimes against humanity just before Vortex is sentenced, Vlad disguises himself as one of the Observants and breaks into the trial and causes havoc before introducing himself to Vortex and breaks him free, Vlad tells him that there is no need to thank him but Vortex tells Vlad he he should be rejoicing that he is even allowed in his presence then prepares to leave to cause chaos on the earth but Vlad having stolen the Barometer from the Observants forces Vortex to do his bidding and he agrees.

Vlad has Vortex fly in the sky while he addresses the citizens about the current heat wave and water shortages he disguises the barometer as a "rain machine" he uses it to strike Vortex who creates a rain storm which causes the city to cool down from the heat making the citizens happy and making Danny and his friends suspicious as well as causing his approval rating to go up tremendously.

Later, the plan succeeds and Vlad and Vortex chat in his office but the plan eventually backfires on Vlad when he asks Vortex to stop the rain storm to which he refuses stating the weather is his art, in retaliation Vlad uses the barometer on Vortex who rebels against Vlad and destroys the barometer thus freeing him from Vlad's control before Vortex leaves Vlad office intending to cause more chaos, an angry Vlad goes ghost and chases after Vortex where he shoots a ghost ray at him annoying Vortex who retaliates by striking Vlad with a lightning bolt, Vortex states to Vlad since he refused his freedom he intensifies the storm before blowing Vlad out of his sight and falls onto the ground causing him to de-transform.

After alerting the citizens to broaden up their windows and batten down their hatches a humiliated and defeated Vlad heads over to Fenton Works where a desperate Vlad begs Danny for his help. Despite the hatred he has for him Danny agrees, On the way there Danny criticizes Vlad for releasing Vortex in order to bring his approval rating up, Vlad then tells Danny that he doesn't expect him to understand his reasons and that if they are going to defeat Vortex they must do it together, But upon reaching Vortex who asks if he came to admire his weather, Vlad remembering his confrontation with Vortex earlier chickens out and leaves Danny to fight Vortex on his own, the ghost boy then attempts to fight Vortex but the weather ghost proves too much for Danny who easily defeats him as well as given Danny part of his weather powers which are triggered by Danny's emotions.

Danny emerges safely from the wreckage and Vlad appears assuring the citizens everything is fine but Danny's anger at his presence causes a tornado which chases after Vlad but stops when Danny sees his parents are in danger, Danny goes over to help his parents but are confronted by Sam and Tucker who tell him that the weather is cause by his emotions something that surprises Vlad, Danny's anger again causes a small storm cloud to appear and chase after Vlad, Danny then states he felt a tingle when the lightning blew up his shield, Vlad then realizes that the electricity passing through his ecto shield has caused him to absorb Vortex's weather controlling powers with Sam telling Danny to calm down before they have another storm.

Later, Vlad takes the teenage trio to his office where Sam and Tucker try to calm him down, Vlad angrily states that he was close to victory when Danny's powers triggered by his emotions threatens his plan, to which Danny again gets angry at Vlad stating that he brought Vortex in the first place causing heavy winds to blow into his office but Sam and Tucker calm him again, Vlad states his anger causes cyclone's and his sadness monsumes he states he will have to stay calm while Sam and Tucker find Vortex and bring him back to Amity Park, Tucker then asks what he is going to do but Vlad states the mayor's absence in the wake of disaster will look bad for his image to which Sam states which would also end his political career and subsequent evil plans, forcing Vlad to take care of Danny and keep him calm as Sam and Tucker head out to find Vortex but Danny again refuses but Tucker and Sam point out that Vlad must do all his bidding in order to keep him calm and happy which pleases him much to a worried Vlad who tortures the latter in an effort to have him calm down Vlad takes him to a gaming convention where he calls him "Uncie Vlad" but Danny's anger again causes the sprinklers to go off and ruin the video games causing an annoyed Vlad to buy all the ruined video games much to his frustration.

In the meantime, Sam and Tucker steal the Fenton blimp as Vortex causes havoc around the world with his weather powers they eventually track him down in Italy where the duo tricks him into returning to Amity Park by stating Danny Phantom scared them away, Vortex heads back to Amity Park where a grateful Vlad transforms and throws Danny outside where the former heads to Vortex ordering him to stop his insanity and remove Danny's ghost powers before throwing him to Sam and Tucker, Danny then uses Tucker's virtual reality helmet to cause his weather powers to turn against Vortex which severely weakens him and Danny captures him in the Fenton thermos, Danny states to Sam and Tucker that Vlad's ego almost caused Amity Park to be destroyed but Sam and Tucker point out that Danny's emotions are no longer tied to the weather. In the aftermath Danny returns Vortex to the Observants as Vlad makes a public announcement blaming Danny, Sam and Tucker for the mess that Vortex made angering them.

While Vlad makes no appearance (aside from a billboard) whatsoever in **Urban Jungle** his off-screen actions none the less play an important role in the episode in which his beautification campaign cuts down the forest to make way for new buildings this is enough for an angry Undergrowth to appear and for him to enslave the citizens (and possibly Vlad) and cause them to transform Amity Park into a jungle but Danny having barely learned to control his newfound ice powers manages to defeat Undergrowth freeing the citizens and presumably Vlad as well.

Vlad makes a cameo appearance in **Livin Large** where he is in complete shock and disbelief that the Fentons moved in to a mansion that is right next door to his mansion after the guys in white attempt to open the Renton portal back at Fenton works, Vlad angrily state he can not afford this house but states the huge check he got he is able to, Jack then suggests getting together for a BBQ at some point to which Vlad isn't too keen of just then Maddie comes out of the mansion and isn't too pleased to see that Vlad is her neighbor but Vlad obviously is happy to see Maddie and states he would drop by later.

Vlad makes another cameo appearance in **Frightmare** in which Danny suggests he is responsible of people falling asleep but is relived when he barges into Vlad's bedroom and discovers that is also has a sleeping helmet on suggesting that Nocturne caught Vlad off-guard and put a helmet on him before putting him into bed.

## Final Showdown and Defeat

By the beginning of **D-Stablized** Danielle makes a return having been battered greatly from the last fight with Vlad seeks out for Danny whom she feels he can help her stable her deteriorating body thinking Vlad is in Colorado she believes she is safe from him but unbeknownst to her she is being spied by Vlad, wanting to capture her again and continue his clone experimentation, he sends Valerie Gray to hunt her down promising her a new apartment for her and her father if she is successful at her mission he tells her that Dani is an evil ghost out to destroy Vlad Masters as such she sets out to track Dani down.

She soon finds her near an Alleyway but Dani changes back to human form as she takes two apples to satisfy her hunger to which angers Valerie who thinks Dani is no a ghost due to being in human form just then Valerie's alarm goes of alerting Dani who runs away as Valerie chases after her she then seek refuge in an abandoned apartment Valerie come in and accidentally sets off a trap forcing Dani to go ghost and save her unfortunately by revealing her identity and secret to Valerie she quickly captures her she begs for her to let her go but Valerie states she has her all bundled up for her to be delivered to Vlad, but Dani tells her that he will destroy her but Valerie states to her that she came out of the Ghost Zone to destroy him but she then asks Valerie if she looks like she can destroy anything and also states that one person that can help her Danny Phantom, Valerie wanting to destroy Danny Phantom as well pretends that she wants the "honor" of meeting Danny Phantom.

Meanwhile as Danny, Sam and Tucker are patrolling Amity Park for ghost activity they come across Dani to which Danny states he gotten taken care of as Sam and Tucker abruptly leave, Danny state she doesn't look to good which Danielle responds that the last battle with Vlad left her weakened she then tells him that when she was trying to look for him, Dani states that Vlad came out to destroy her to which Danny states he will protect her just as they leave though Valerie captures them and Dani realizes Valerie was using her to get to Danny before she was knocking them unconscious.

Valerie hands Dani over to Vlad as Valerie interrogates Danny until Danny convinces her that Vlad is out to destroy her stating that she doesn't look like she can destroy anything and not only that she is a ghost but a human he then tells that if Vlad succeeds in dissecting her she would be guilty in destroying a human being guilting her into helping Danny. Meanwhile Vlad puts Dani on experimentation table as she tells him to stay away from her but then asks Vlad is he will stabilize her but he refuse to do so stating that he has far more important things to do he then states his plan to unstablize her thus killing her to study her ectoplasmic remains so he can create the perfect clone of Danny.

Freeing Danny, the duo heads over to Fenton works where Danny takes Jack's latest invention that helps stables Dani's body then fly to Vlad's manor where Dani is being held Vlad notices and is hocked that Danny and Valerie teamed up and they are incoming and as such he splits himself into two one of which is Masters who purposely locks himself inside a closet as the Plasmius clone greets Danny and Valerie upon their arrival, upon arriving Plasmius confronts Danny and Valerie, but Danny states that he doesn't want to fight Vlad but that he wants to save Danielle but Vlad refuses to do so, he hits Danny and traps him under a bookshelf he then fights Valerie who traps him but he turns invisible and heads down to his lab where he activates his machine that slowly dissects her, thinking that Vlad Masters is trapped by Plasmius, he "calls for help" Danny then awakens and heads down to Vlad's lab noticing Valerie is standing there, Vlad then calls for help stating that Plasmius is going to destroy Danielle and as such Valerie frees him thinking Masters is still a good man as Danny goes to free Danielle, Valerie attacks Plasmius, Danny then tries to free her from her restraints by his ghost ray, Vlad Plasmius then taunts him by saying that it's going to take more than his ghost rays to free her then Valerie presumably destroys the clone, Danny uses his dad's Ecto-dejecto but it is too late as Dani dissolves into a pool of ecto-plasm, saddening Danny.

Just as Danny has thought to lost his "cousin" she emerges from the goo finally having her body full stabilized thanks Danny the duo then help Valerie to fight Vlad as Dani attacks him and angrily tells him to not mess with a defenseless girl, Danny had Valerie and Danielle leave, Danny confronts Vlad stating that Vlad tricked Valerie into thinking that Vlad Plasmius was out to kill Danielle leaving Vlad Masters in the clear and states if only she knew that Masters and Plasmius were the same, Vlad retorts by stating that Danny can tell her about his secret all he wants but he would just do the same to Danny, Danny then angrily orders him to not come near her again with Vlad smirking at him as he leaves, After Danielle leaves and Valerie lets Danny go, Valerie still thinking Vlad is in danger heads back down to his lab she hides as Vlad rambles about his failed plans and over hears him stating about him using her to do his bidding, she also discovers that Vlad Masters and Vlad Plasmius are the same being, Angered that he had been using her all this time, Valerie stabs Vlad behind his back and betrays him stating he now one of the ghost she hunts.

At the beginning of the series finale **Phantom Planet** Vlad steals the Infi-Map again from Frostbite but Danny, Sam and Tucker are right behind him in the specter speeder the duo engage in a quick battle where Danny states needs therapy to get what he wants he then freezes him into an ice cube and takes the Infi-Map from Vlad and leaves, angered, Vlad chases after them before he accidentally shoots the fuel tanks realizing his satellite will be destroyed, an angry Vlad states that Danny mocking his mental health is the final straw for him and as such plans to destroy him once and for all and heads back to earth and unbeknownst to him with his satellite exploding it causes a giant asteroid had towards earth.

Back in Amity Park, Vlad hires a ghost fighting trio named Masters Blasters who show's up to defeat Nicolai Technus who was robbing a movie store, Vlad then appears on a holographic screen who tells the citizens of his new ghost fighting team and states that they are going to replace Danny Phantom whom he says has failed Amity Park and as such every time Danny fights a ghost they appear and easily defeats them which overwhelms Danny, the next day Vlad and his ghost fighting team hold a parade as Danny laminates his status as a ghost fighter he embarrasses himself when he blows up a ghost balloon angering the citizens of Amity Park where Vlad states that Amity Park is in a safer place thanks to his ghost fighting team angering Danny further, Later Vlad sends Masters Blaster's comes to Fenton Works to arrest Jack and Maddie for holding ghosts, this proves to be the final straw for Danny who activates the ghost portal to reverse the accident that gave him his ghost powers to remove his powers thus no longer being a half ghost, much to his friends and Jazz's disappointment.

Later, Vlad soon has the people pay for Master Blasters as ghost hunting become more expensive and that there a few crackpots out there showing Valerie being easily defeated hinting that she had already made moves against him from the previous episode meanwhile Danny is enjoying his ghost hunting free life but soon late regrets his decision to remove his ghost powers, Later scientists discover that asteroid is heading towards earth and that they have one week before impact and as such Vlad teams up with the Fenton's as such he sends his Master Blasters team with Jack to fire a drill missile intending to destroy it from the inside unbeknownst to everyone he put in the wrong coordinate to make Jack look like an idiot and as such the missiles fail to destroy the asteroid, after everyone leaves Vlad confronts Danny telling him that he put in the wrong coordinates and tells him that his father has failed once again angering Danny who chews him out by saying that at least he tried and that Vlad sends others to do his work for him, but Vlad points out to Danny that he stopped being a hero when the world needed a hero the most, just then a news report come out that the disateroid came from the rings of Saturn and as such Danny discovered that Vlad is responsible behind all the events a such Vlad turns into his ghost form and grabs him and tells him that defeating him and humiliating him into hiding was the first part of his plan and tells him to get ready for the second part before throwing him into the destroyed portal and leaving. The next day Vlad has a town meeting, stating that every attempt to destroy the disasteroid has failed he states he has news that will be very surprising as such he floats above the crowd going ghost and revealing his secret as a half ghost and half human shocking everyone including Danny and Jack, The Master's Blaster then attempt to attack him but he easily fends them off, he then reveals that he used his human half to walk among the citizens he states he is much more powerful creature, when asked by a news reporter, he states that the world had come to know Vlad as a billionaire and mayor of Amity Park he is also a half ghost named Vlad Plasmius, he then states he has proposition if the world leaders give him 500 billion dollars and absolute ruler of the world in return he will use his powers to turn the disasteroid intangible he then states he hopes to wait for the worlds decision before laughing and disappearing.

Later, after his demands are met, Vlad takes off in a rocket with Jack, on the way there Jack asks Vlad why he held the world hostage after all the wealth he had in his life, but Vlad states he infected him with ghost DNA, stole Maddie from him and asks if he calls that good fortune, Jack asks about infecting Vlad, he angrily reveals his hatred for Jack from him stating that he is the reason why Vlad became half-ghost was because Jack infected him with ghost DNA back in college, but as they approach the asteroid he says thanks to him because if not for him he wouldn't become ruler of the earth, Jack gets up and states he never meant to hurt him and states what happened was an accident and that he was always his friend, but Vlad cruelly state he will remember that when he steals Maddie from Jack and make her his queen before laughing evilly and leaving the ship angering Jack and making him realize that Vlad isn't who he thought he was. Vlad then heads over to the disasteroid and prepares to turn it intangible but it shocks him and to his horror he discovers that the disateroid is made up of ecto-ranium as such no ghosts nor any humans are able to touch it as such he realizes the world is doomed he then states if it was not he could not go back to earth as he had foolishly revealed his secret as a ghost and threatened the planet knowing that he would be hunted for the rest of his life, he turns to Jack who is giving him a cold glare, Vlad asks Jack to help him more stating he would not turn back on an old friend. But Jack now knowing that the Vlad Masters he knew was gone states he would not turn back on an old friend but said he would now because he knows Vlad is an evil person all along and as such he activates the rocket and abandons Vlad, shunning his former college pal, leaving him stranded in space and cementing Vlad's permanent exile from the earth.

It is here, that Vlad finally realizes the error of his actions and realizes he should not have taken Jack's friendship for granted and as such he begins to express remorse for his actions and it is shown that he indeed has an affectionate and caring side from him but it is too late for him as his actions forever earned him hatred around the world, not wanting to see the destruction of the earth from his own hand's . Vlad guiltily glanced at the earth one final time before flying off into space as a space nomad.

Hours later after Danny with the help from Sam, Tucker, Jazz, Jack, Maddie as well as Skulker and other ghosts from the ghost zone manage to turn the earth intangible so the disateroid passes through it harmlessly, he earned his status as world hero and he and Sam finally hook up while Tucker inexplicably replaces him as mayor of Amity Park, Vlad is sitting on an asteroid finally accepting his status as a free-roaming space nomad stating that it least the environment is quiet but before he can continue to speak, the disateroid hits him. His fate remains unknown if he had survived the impact or not. but it is heavily implied that he survived, as according to Butch Hartman, Vlad survived the impact and was captured by aliens.

Nicktoons Unite

Vlad appears in the Nickelodeon crossover video game Nicktoons Unite! as one of the four main antagonists where Professor Calamitous having stolen a portal project from Jimmy Neutron that gives him access to other worlds, recruits Vlad along with fellow Butch Hartman villain Denzel Quincy Crocker and Plankton all of whom tried to take over the world at one point or another all team up and form the Evil Syndicate Vlad soon is tasked with stealing ghost energy from the ghost zone, Jimmy finds out about this and recruits Vlad's archnnemisis Danny Phantom Spongebob Squarepants and Timmy Turner. together the foursome confront Vlad who has taken residence at Casper high and states he has been waiting for them to arrive he states he has Jack and Maddie captured to pressure Danny into joining him and the other villains but Danny refuses to do so, Vlad states he cannot resist telling him that the syndicate cannot be defeated as well as being provided with unlimited ghost energy but Danny again refuses his offer, as such Vlad knocks the heroes unconscious and hands them over to Walker where he imprisons them but they manage to escape. Danny and the other heroes learn from Sam and Tucker that the ghosts possessed the citizens of Amity Park as such Danny and the other heroes clear up the town before heading to Vlad's castle where the shut down the generators and confront Vlad at his throne room where he taunts Danny that he has his parents hostage angering him who possesses Jack and with the ghost gauntlets and the assistance from Jimmy, Timmy and Spongebob manages to defeat him though before leaving he tells Danny that their battle is far from over before retreating back to Retroville. In the meantime the heroes head to the Bikini Bottom to deal with Plankton before heading to Fairy World to deal with Crocker before heading back to Retroville where the heroes are contacted by Calamitous. Through a Flea-Bot in Goddard's system, Jimmy manages to track Calamitous and the other villains at their hideout. Vlad taunts Danny when he says even the villains will be destroyed if they go through with their plan. Vlad and the others are eventually defeated by the heroes where Vlad is trapped in the Fenton Thermos taken back to Amity Park by Danny.

While presumably non-canon to the show itself the events of the game would have taken place after *The Ultimate Enemy!* due to Danny having the Ghostly Wail as an ability.

## Denzel Crocker

**Mr. Denzel Quincy Crocker** is the secondary antagonist of the Nickelodeon cartoon series *The Fairly OddParents* . He is one of Timmy Turner's arch-nemesis (along with Vicky and Francis).

He was voiced by Carlos Alazraqui in the cartoon series, who also voiced Boat Jacker in *SpongeBob SquarePants*, while in *A Fairly Odd Movie: Grow Up, Timmy Turner!*, he was portrayed by David Lewis.

### Background

Denzel Crocker worked at a number of different schools and colleges before ending up in Dimmsdale Elementary School. He was once an aspiring professor for Dimmsdale University, but his proclamation of his belief in fairies led to him becoming a laughingstock in all the city of Dimmsdale. He was also kicked out of a New Baltimore Community College for spending money on fairy tracking inventions. Even after landing a job in Dimmsdale Elementary, he was still scorned and laughed at by his colleagues, including Principal Waxelplax.

### Childhood

In Crocker's past life, he was an adorable and kind child who enjoyed helping others. His mother was never around very often and thus he got babysat by a mean babysitter named Vick. Because of this, he was very miserable. However, his sadness ended after having received his own Fairy Godparents, Cosmo and Wanda.

Unfortunately, after Timmy time travels to the year 1972, Timmy and Cosmo accidentally reveal Crocker's secret about his fairies in front of the whole town who had gathered to celebrate a day honoring Crocker. Because of this, Jorgen Von Strangle is forced to erase Crocker's memory of him ever having fairies, and because of an overdose from the memory wiper, Crocker becomes horribly disfigured, and the town's people, who had now completely forgotten all the nice things that Crocker did with his fairies, assumes that they must be an angry mob and chase him down. He remembers nothing but he finds a DNA tracker device that Timmy left behind in the past on which he wrote "Fairy Godparents exist" on the back before his mind was wiped. Crocker uses it to try and find real fairies. Timmy later wanted to return back to March 14, 1972, but he was stopped by two Jorgen Von Strangles (a 1970's version and the current version). After that, the event ends with Jorgen and his other self dancing on the dance floor 1970's style.

## Life as a teacher

Crocker's life of a teacher is comical in the way that Timmy's principal, Geraldine Waxaplax, beats him up for actions such as going into the girl's bathroom. He had to switch jobs three times, changing into a ham salesman, a tour guide in the episode " *Nega Timmy* ", and a crossing guard in the episode " *No Substitute for Crazy!* ".

## Family

His family includes his mother and his uncle. His uncle is obsessed with genies and owns a collection of lamps, one of which contains Norm, although he is kept safe so his craziness is stable. His mother is a polite person, once rich and groovy. But when Crocker was young, she was non-attentive, pretty much like Timmy's parents. Crocker's father is never seen in the series, not even in " *The Secret Origin of Denzel Crocker* ", where his childhood is revisited, suggesting Crocker lost him at an early age or that he never had one. This lack of a father figure is implied to be the reason Crocker quickly accepted his stepfather, Ricky, from " *The Odd Couple* " as his father and even wanted to play childish games with him and have an allowance.

## Description

He has a hunched back, an ear on his neck, horrible teeth, and a generally nerdy appearance. Denzel is described as quite hideous by normal standards, although on occasion some other characters (such as Timmy's dad) find him "gorgeous". Most characters regard him as completely nuts, even his own co-workers. Mr. Crocker has been known to join forces with other villains such as Vicky and Dark Laser, although it is almost always because he is looking for Timmy's fairies, and he usually just gets in their way. It should be noted that his teeth were once normal, but when he was having his memories of his fairies wiped, the beam reflected off an object and caused Mr. Crocker's teeth to become horribly crooked.

## Intelligence

Mr. Crocker's intelligence is debatable, as it seems to depend on if it's part of the plot. For example, if it has nothing to do with the plot, he seems to be a numskull (i.e. trying to make DNA scanners out of cooking tools) while if it is part of the plot he seems to be a genius. For example, he can make revolutionary technology like portals to other dimensions and long range DNA trackers, and he also knows how to link science and magic together, something Wanda claimed was impossible.

Also, Mr. Crocker is almost always correct when it comes to finding out Timmy's actions with the fairies. In the episode " *Birthday Wish!* ", Crocker almost immediately deduced that Timmy loaned his fairies to Tootie in an act of guilt. These knowledgeable deductions may not have to do with his intelligence at all, as Crocker never deduces these from obvious facts, but almost always random ones. His deduction of Timmy loaning his fairies, for example, was based solely on the fact Tootie's birthday cake's icing was hand-made (he believes nobody hand-makes icing nowadays) and he had previously ignored more obvious clues like Tootie's sudden popularity, the cake's size and the fact he was giving a gift to a child. Another example takes place in "Cosmo Con" when Timmy aces a pop quiz out of sheer luck and Crocker believes Timmy's fairies helped him.

In some stories he is referred to Doctor Crocker, meaning he has a doctor's degree. In " *Remy Rides Again* ", he claimed he and Stephen Hawking were university roommates, meaning he went to

Oxford University (one of the best universities in the world.) Although never stated, it would appear he has a Master's Degree in Physics and Technology and Engineering.

Role in the movies Abracatastrophe

Mr. Crocker acted as the main antagonist in the first TV movie *Abra-Catastrophe!* . In the film, Mr. Crocker often tried to get his hands on the Fairy-versery muffin that could grant any wish. He chained Timmy to his desk so that he wouldn't recover it from the cafeteria during Muffin Monday, but during a food fight, Bimpy the monkey took a bite out of the muffin instead and wished for primates to rule the world. After he insulted the apes at the jungle version of the school, the gorilla overlords took Crocker to a human experiment lab. It was mentioned that his favorite food is shrimp puffs.

After the world turned back to normal, Mr. Crocker finally got his hands on the muffin and wished to capture Wanda with an indestructible butterfly net. He trapped Wanda in his scepter and used her magic to make himself a powerful dictator and took complete control of the world. During a long showdown, he managed to capture Cosmo too and later realizes that he'd been fighting Timmy Turner the whole time. Mr. Crocker goes to the Turners' house, captures Timmy's parents, and threatens Timmy that he'd turn them into ice sculptures and transport them to the sun if he didn't surrender. This causes Timmy to ultimately reveal his godparent's existance and have them sent to fairy world, cutting off Crocker's magic as well as making him be attacked by Timmy's parents.

After the world went back to normal (again), Mr. Crocker was seen at the school making outbursts about ruling the world and getting sent to a mental institute.

*Channel Chasers*

Mr. Crocker is also affected, he has finally stopped believing in fairies after staying at a mental hospital. He vows to use his mind to help the world, and he had already just invented cold fusion and said there was no limit to the good he could do for humanity. However, when the effects of the erase wish hit him, Crocker reverted to his normal ways, believing that him about to help people was the work of fairies. He laughs crazily before he runs right back into the mental hospital.

*Jimmy Timmy Power Hour*

Mr. Crocker was the main antagonist in *Jimmy Timmy Power Hour* . He was seen in the classroom talking about the upcoming travel-related science fair. When Jimmy was stuck in Timmy's universe, Jimmy eventually developed a transporting device with Timmy's poofer and game-buddy. Mr. Crocker however, busted in Timmy's room, took the device from Jimmy and used it to enter Fairy World. After breaking into the weapons room, Mr. Crocker knocks down the Big Wand, cuts off the fairies' magic and turns Jorgen Von Strangle into a dog. When Jimmy succeeded in fixing the Big Wand, the fairies recovered their magic, Crocker was blasted by Jimmy a few times and then gets mauled by Jorgen's dog fangs, traumatizing him and making him lose all memory of Fairy World.

*School's Out!: The Musical*

He makes some cameos in this film.

*The Jimmy Timmy Power Hour 2: When Nerds Collide*

One day, Timmy and Jimmy are throwing a Friday the 13th Party at their school in their own worlds. Meanwhile Crocker was telling Timmy that he could not plan a dance on Friday the 13th.

"Fairly Idol"

He could be seen building a machine to take him to Fairy World until he saw a gas trap that makes him fall asleep.

*The Jimmy/Timmy Power Hour 3: The Jerkinators*

He was one of the people that Shirley captured.

*Wishology*

In the three-part movie Wishology, Crocker, along with Vicky and Dark Laser, joins forces with Timmy in exchange for Timmy showing him his fairies. When Timmy "sacrifices" himself to The Darkness, he even shows a moment of remorse for Timmy. However, by the end of the movie, and definitely after Jorgen's memory wipe, he has reverted to his old self.

"Timmy's Secret Wish!"

Crocker was one of the people to help Timmy get his fairies back.

*A Fairly Odd Movie: Grow Up, Timmy Turner!*

Mr. Crocker is the secondary antagonist in *A Fairly Odd Movie: Grow Up, Timmy Turner*, which is set ten years after the original series. In this film, it's shown that Crocker never stopped his obsession with fairies and is still teaching the fifth grade. It's also shown that Crocker hasn't given up his hatred for Timmy Turner either, as Timmy discovered a loophole in Da Rules that would allow him to keep his fairies if he never technically grew up, meaning that he is still in his class. Later, after Hugh J. Magnate Jr.'s attempt to bulldoze Dimsdale's park is foiled by seemingly impossible odds, Crocker contacts him while using a voice modification device and tells him about Timmy Turner and his fairies. Later, after Crocker's identity is revealed to Magnate, Crocker and him plot to kidnap Tootie in order to lure Timmy and his fairies to their lair and construct a device designed to capture the fairies and harness their magic. Later, Crocker manages to capture the fairies and delivers them to Hugh; however, Hugh betrays Crocker and uses the fairies' magic to send him into an endless ball-pit, although during the credits, he falls onto the Turner family's lawn, revealing that the ball-pit wasn't actually endless (or was otherwise a result of Timmy maturing and removing his fairies).

*A Fairly Odd Christmas*

He's a supporting protagonist. At one point, it was revealed that Mr. Crocker only wore glasses to look smart and that he was actually a redhead that often dyed his hair black. This time, he made peace with Timmy Turner and his fairies and helped them save Christmas.

*A Fairly Odd Summer*

He's the secondary antagonist. The truce with Timmy Turner and his fairies is over, and now he's coming back to take Turner's fairies and finish off Timmy Turner again.

King Goobot V

**King Goobot V**, better known simply as **King Goobot** or **Goobot**, is the main antagonist of Nickelodeon's 6th feature film *Jimmy Neutron: Boy Genius*, and a major antagonist in the TV show *The Adventures of Jimmy Neutron: Boy Genius* . He is Jimmy's archenemy, Ooblar's older brother, and the employer of the Yokian Fleet Commander and the tyrannical king of Yolkus.

In the movie, he was voiced by Sir Patrick Stewart, who also played Pharaoh Seti I in DreamWorks' *The Prince of Egypt*, Dr. Jonas in *Conspiracy Theory*, Avery Bullock in *American Dad*, Darcy Banker in *Green Room* and King Buffo in the *Courage the Cowardly Dog* series. In the TV show, he was voiced by S. Scott Bullock.

In the movie, King Goobot tries to kidnap the parents of Jimmy Neutron and his friends, so he can feed them to Poultra, the god of Yolkus. He was assisted by his younger brother, Ooblar, and although he tried to off Jimmy and his friends after they rescued their parents, Jimmy grew to a huge size and defeated him.

In the TV show, King Goobot arrives on Earth and pretends to be nice to the citizens and he even invite the citizens to a party (which it's actually a trap), but Jimmy suspects something about Goobot's scheme before Goobot bans him from the party as the citizens believe that Jimmy's a bully to the Yolkians. Later, he steals one of Jimmy's inventions to revive Poultra and trap the citizens as he tries to feed them to Poultra, but then Jimmy puts some Purple Flurp in Poultra's water bowl and then Poultra explodes after she belched. Then King Goobot goes back into space in a giant eggshell spaceship along with the other Yokians and Ooblar before the citizens apologize to Jimmy for not believing him earlier, and then they praise him as a hero.

King Goobot's also the leader of the League of Villains, whose goal was to get revenge on Jimmy Neutron. Later he was trapped in the Cretaceous period along with the other villains, and remained there.

# Sheldon J. Plankton

**Sheldon J. Plankton** (simply known as **Plankton** ) is the main antagonist of Nickelodeon's animated TV franchise, *SpongeBob SquarePants* . He is the business rival and archenemy of Mr. Krabs and Spongebob.

He runs an unsuccessful restaurant called the Chum Bucket along with his wife/sidekick Karen, and constantly plots to both expand his business (usually by stealing the Krabby Patty secret recipe) and eventually take over the world. He serves as the main antagonist of the SpongeBob SquarePants TV show. In the SpongeBob movie series, he is the main antagonist of the show's first theatrical film *The SpongeBob SquarePants Movie*, the anti-heroic deuteragonist of its second theatrical film *The SpongeBob Movie: Sponge Out of Water* and the overarching antagonist turned supporting character in the show's third theatrical film *The SpongeBob Movie: Sponge on The Run* .

He is voiced by Doug Lawrence, who also voiced Edward Platypus in *Camp Lazlo* and Filburt Turtle in *Rocko's Modern Life* . In the musical adaptation, he was portrayed by Wesley Taylor.

## Past

Before the events of the series, Sheldon J. Plankton was born on the same day as Mr. Krabs where both the two would later meet each as babies.

During his childhood with him, Both Plankton and Krabs were considered outcasts by the other kids, most notably a school group led by Billy because Krabs was poor and Plankton was already very intelligent, which earned him the image of a nerd. When they discovered that money could bring them out of their poverty, they decided to make money selling hamburger patties and set up a mini-restaurant in the local dump.

At first, their burgers were not successful; the first of their patties were tried by Old Man Jenkins, who was knocked out by the contaminated burger. Plankton started complaining about how Jenkins had been old and not able to handle the patty. Offended by this, Krabs tried to take the recipe from Plankton to improve upon. Plankton wanted to do this himself and both he and Krabs argued, but he only ended up with the corner of the recipe, which read: "And a pinch of chum." Plankton stormed out of the restaurant and went to create his recipe, using only his memory, the corner of the recipe, and science. At school, Plankton tried to sell his chumburgers in a chum bucket and failed, while Krabs succeeded with his Krabby Patties, which he had created by accident when Plankton had forcefully slammed the door. Ingredients fell in the patty batter, thus creating the patty. Plankton later named his restaurant the Chum Bucket, after the secret ingredient of the original unsuccessful patty recipe. Mr. Krabs named his restaurant the Krusty Krab, after himself.

To this very day, Plankton has been single-mindedly obsessed with obtaining the Krabby Patty formula and running the Krusty Krab out of business. He often goes to incredible and quite ridiculous lengths to do so. In "SpongeBob's Last Stand," for example, he builds a massive highway that goes straight through Jellyfish Fields and over the Krusty Krab, leading right to his restaurant.

## Description

Plankton works with the help of his sidekick/wife by the name of Karen, a sentient computer who gives him most of his evil plans. He is a planktonic copepod and the business rival of Mr. Krabs, the owner of the Krusty Krab where SpongeBob SquarePants works. Despite being portrayed as an antagonist in most incarnations, he frequently appears as an anti-hero (an example being the second movie *The SpongeBob Movie: Sponge Out Of Water* ) and he has that role in almost all the newer episodes.

While the Krusty Krab is popular among the sea creatures of Bikini Bottom, Plankton's own restaurant, the Chum Bucket, gets little to no customers. Plankton's plans all revolve around stealing the elusive "Krabby Patty Secret Recipe", so that he can copy it and make the Chum Bucket popular. He lives inside his restaurant, where he has an elaborate laboratory that contains Karen's system.

## Series

Plankton constantly attempts to steal the formula for the Krabby Patty, the delicious burgers that are sold in the Krusty Krab. Plankton believes that the Krabby Patty is the reason for the Krusty Krabs' success and that his Chum Bucket would be equally popular if it sold the Patties as well. However, ensuring the success of his business is only the first step in Plankton's plan, which will culminate in him ruling the ocean.

For the post-movie events, Plankton does find alternate means to achieve success, but only temporarily. His schemes also vary regarding their threat level. Sometimes they are harmless; other times they put others including Plankton himself in danger.

Season 1

Plankton first appears in "Plankton", when he was trying to steal the Krabby Patty Formula as the latter uses a plate to fling him back to the Chum. Mr. Krabs explains to SpongeBob Plankton uses mind control to obtain the Krabby Patty formula Bucket. that Plankton is his arch-competitor, and has been trying to steal the Krabby Patties secret formula for years.

Later at that night, after the Krusty Krab closes, Plankton tries to convince SpongeBob, that he and the fry cook are friends, and that SpongeBob should come to Plankton's birthday, as if it is supposedly the following day. Plankton says that friends give each other things. Plankton asks SpongeBob what he thinks he'd like for a birthday present, and SpongeBob then guesses a booster seat, as Plankton is very happy with that proposition, but then refuses. Plankton tells SpongeBob that, for his birthday, he wanted to give him a Krabby Patty. SpongeBob loudly and boldly refuses and runs back home, but Plankton promises that SpongeBob will "hand deliver it to (him) personally."

Later that night, Plankton enters SpongeBob's head through a pore and makes his way through SpongeBob's brain. He attaches a mind control device to the brain and bends SpongeBob down to his will, as he forces him into walking at the Krusty Krab by getting a Krabby Patty, and then bring it to the Chum Bucket's Laboratory. He brings it to an analyzer, which is designed to figure out the ingredients of whatever is dropped into it. As Plankton gloats over his victory and begins to force SpongeBob to drop the Krabby Patty, SpongeBob laments his failure as he lovingly describing the Krabby Patty's ingredients and succulence (which is ironically revealing the Secret Formula). A hungry Plankton then leaps out of SpongeBob's head and onto the Krabby Patty, but bounces out of it and falls into the analyzer, thus trapping him inside his computer screen. as SpongeBob walks home with the Krabby Patty in hand.

Plankton appears in "Culture Shock", where he pretends to be "The Amazing Plankton" by using magic as he turns his wand into flowers and throws the flowers aside as he asks a volunteer from the audience as a customer gives him a krabby patty which Plankton then escapes to the door, only to be stopped by Mr. Krabs. Much to Plankton's dismay.

In "F.U.N.", Plankton, controlling the patty, escapes outside with it by making a hole in the door with a laser.

SpongeBob heroically chases after it. After a long chase, SpongeBob finally recovers the Krabby Patty and is congratulated by the townsfolk, while Plankton walks away sadly. SpongeBob, feeling sorry for Plankton, decides to befriend him.

SpongeBob invited Plankton to go jelly-fishing with him, realizing he can take advantage of SpongeBob, as Plankton goes. At Jellyfish Fields, Plankton remains fixated on evil and destruction, whileSpongeBob tries to explain fun to him by singing "The F.U.N. song." Eventually, Plankton then started singing the song as well, first, he sings a corrupted version that displayed on horrible things but eventually, he sings SpongeBob's version and seems to finally be having fun. He seems to forget about stealing the formula and begins to develop a genuine sense of friendship.

Later at the cinema, SpongeBob reaches into Plankton's pocket and finds a Krabby Patty. SpongeBob realizes that Plankton used him to get a Krabby Patty, and Plankton attempts to explain that he realizes now that he only ever wanted friendship, before admitting to everything and running off with the patty through the movie screen, tearing it in half in the process.

SpongeBob believes Plankton won but Mr. Krabs tells him he did not. He shows SpongeBob behind the screen revealing Plankton to be badly squashed on a damaged concrete wall with the Patty. SpongeBob apologizes to Mr. Krabs and they decide to go back to the Krusty Krab and have a fresh Krabby Patty and Mr. Krabs flicks Plankton off the wall and onto Bubble Bass' hand where he mistakes Plankton for a jelly bean Aas Bubble Bass chases Plankton around his hand with him screaming.

In "Sleepy Time", Plankton's dram was revealed to be a giant causing destruction in Bikini Bottom, he then ppeared at the end off the episode along with everyone in his house complaining that he's messed up their dreams and tells him to stay out.

In "Valentine's Day", Spongebob gives Plankton a valetine candy on valentine's day.

In "Walking Small", Plankton (in his bulldozer) attemps turn the beach into the future site of the "Chum Bucket Mega Bucket," and demands everyone to leave. However, due to his tiny size and small voice nobody pays attention to him. He concludes that he needs someone big to assist him, and encounters SpongeBob. Plankton then decides to trick SpongeBob into being "assertive" in order to get what he wants. Plankton tricks SpongeBob into becoming assertive so he can build his Mega Bucket.

He tries to get SpongeBob to take his ice cream back from the person who stole it, but SpongeBob's kindly nature prevents him from being able to take it. Plankton, (unhappy with SpongeBob's performance), then climbs into SpongeBob's mouth and uses his words to forcefully take the ice cream. the guy who stole SpongeBob's ice cream runs off crying. When SpongeBob points about this, Plankton lies and says to him that those were the 'tears of joy', saying that the guy was happy that SpongeBob was assertive.

Plankton attempts to have SpongeBob forcefully take back his metal detector that he lent to another beach-goer, yet SpongeBob misinterprets Plankton's instructions and the person he lent the detector to is pointed out buried treasure by SpongeBob.

Plankton allows SpongeBob another chance. SpongeBob commits a series of both assertive and antagonistic acts to the beach-goers, such as stealing the hot dogs of people waiting in line to buy them and cutting the strings of people's kites, and even worse, popping a volleyball that the beach-goers wanted to play with, resulting in everyone leaving the beach.

Plankton then reveals his true intentions to SpongeBob, making him very upset. SpongeBob then becomes becoming "aggressively nice," and he undoes the actions that led everyone to leave Goo Lagoon. Plankton leaves the beach due to the overwhelmingly generous acts of kindness that SpongeBob executed.

Season 5

In "Friend or Foe", Mr. Krabs tells spongebob his side of the story about why he and Plankton are enemies. It reveals that Mr. Krabs and Plankton were best friends from birth and did everything together. Both were outcasts, with Plankton being viewed as a nerd for his intelligence, and Mr. Krabs (ironically) being extremely poor, and victims of cold-hearted ridicule and social prejudice by a particular circle apparently led by Billy. One day, Mr. Krabs finds a penny at the carnival, his first exposure to money, which he spends on a balloon for Plankton. Later, they get enough money to buy a burger from Stinky's Burgers

which, despite having horrible food and literally being located in a dump, is very popular among the local children including Billy and his gang, due to being the only place in town to get a burger. Stinky, apparently just as shallow and mean as Billy and his group, refuses to serve them, saying that freaks like them are bad for business, and tells them to "wait" at the back of the building, only for him to yell at them again. There, they witness Stinky retiring for the day, having made millions from the stand. Plankton and Mr. Krabs decide to go into the burger business themselves and create their own burger so people will finally respect them, but no one wants to try it. When Stinky is arrested and his establishment is closed by the local health department for numerous ethical and health code violations, the two open "Plabs Burgers" on his former site, which the children are now forced to eat at, despite it being even worse than Stinky's.

Plankton says that they are now ruling the stomachs of the children, and soon will be ruling their brains. Mr. Krabs argues that it should be about satisfying the customers, rather than power. Soon, they get into an argument, and Mr. Krabs is ejected into a dump pile and tells Plankton that he will one day regret this.

Plankton comes in and disagrees with Mr. Krabs' story and tells SpongeBob his own version. His story is the same as Mr. Krabs', except that their roles during the fight at the end are reversed, with Mr. Krabs wanting to rule the money of the children.

Plankton and Mr. Krabs begin on arguing about the story until Karen arrives and tells the real story: as she had been a security camera which was installed by Plankton at the time and recorded everything.

The restaurant initially had no customers, and Old Man Jenkins was the first to try one of their burgers. Upon taking a bite, he smiles, falls to the ground, and a newspaper appears saying he knocked out by the taste of the burger. Mr. Krabs and Plankton began started to get angry and accusing each other of tainting the patty. They begin fighting over the recipe, eventually tearing it in two, with Plankton getting the bottom half, which says "… and a pinch of chum." Their friendship is over and Plankton storms out to pursue his own career in food. However, during the struggle, a shelf was knocked down, dumping various ingredients into the patty batter, creating the Krabby Patty recipe, which Krabs is left with. The two the went their separate ways, with each trying to open their own establishment. People really like Mr. Krabs' "Krabby Patty," while Plankton's Chum Burger is horrible.

After hearing the whole story about there past, Plankton and Mr. Krabs then begin to make up and apologize, only until Plankton takes the formula from his pocket. causing SpongeBob and Mr. Krabs to start chasing Karen and Plankton in circles outside the Krusty Krab.

TBA

Film *The SpongeBob SquarePants Movie*

In *The SpongeBob SquarePants Movie*, Plankton serves as the main antagonist of the film, and it marks the first time when he becomes an alarmingly dangerous and depraved villain of the franchise. As Mr. Krabs is being interviewed by Perch Perkins, Plankton watches in rage, envious of him for succeeding in life when he's never had a single customer. Plankton continues to lament to Karen about how he's tried every scheme to steal the Krabby Patty recipe from A to Y, and Karen informs him that there is a final letter in the alphabet; Z. Plankton discovers his "Plan Z" in the back of his filing cabinet and revels in its sinister nature, before going outside to monologue about his upcoming victory, only to be stepped on by SpongeBob, who was heading to the grand opening ceremony of the Krusty Krab Two.

That night, Plankton initiates the first phase of his plan by stealing King Neptune's precious crown (which concealed his baldness) and subsequently abandoning it in the forbidden Shell City, framing Mr. Krabs for the crime. As a result, Neptune freezes Mr. Krabs in place and allows SpongeBob and Patrick six days to retrieve the crown. Plankton then takes advantage of Mr. Krabs' frozen state and steals the Krabby Patty recipe with ease, producing Krabby Patties under the guise of preserving the Krusty Krab's legacy, also giving out free bucket helmets with each purchase, allowing the Chum Bucket to become just as popular as the Krusty Krab had been previously. When Karen points out that SpongeBob and Patrick could retrieve the crown and unravel Plankton's plan, he reveals that he had thought ahead and hired a hitman named Dennis to destroy the two. Later, Squidward uncovers Plankton's scheme and threatens to report him to King Neptune, resulting in Plankton revealing that the bucket helmets were also minded control devices, enslaving the entire population of Bikini Bottom and turning them against Squidward. Plankton then begins turning Bikini Bottom into "Planktopolis", a city dedicated entirely to him, which Princess Mindy attempts to use as a motivation for SpongeBob and Patrick when they prepare to give up.

Even when SpongeBob and Patrick finally manage to return the crown to Neptune after defeating Dennis and the Cyclops, this still doesn't stop Plankton as he puts a mind-controlling helmet on Neptune, revealing that the theft of the crown was nothing more than a ruse to lure Neptune under his control and take over the seas for himself. Eventually, Plankton is eventually defeated by SpongeBob when he sings the "Goofy Goober Rock" to remove the bucket helmets from all of the fish. Plankton is then arrested for his crimes of turning everyone in Bikini Bottom into his slaves, stealing Neptune's crown, and scapegoating Mr. Krabs where he gets sent to jail.

*The SpongeBob Movie: Sponge Out of Water*

Plankton returns in the 2015 film *The SpongeBob Movie: Sponge*

*Out of Water* as the secondary antagonist turned deuteragonist. He attempts to steal the Krabby Patty secret recipe, but in this conflict, it disappears when Burger-Beard writes in the magic book to steal it. Then he later becomes an anti-hero, when he begrudgingly teams up with SpongeBob who was rescuing him from Mr. Krabs and the people of Bikini Bottom falsely accuse Plankton of stealing the recipe and SpongeBob for "joining his side". Throughout the journey, SpongeBob tries to show Plankton the meaning of teamwork, much to his annoyance. Then they go time traveling to keep the secret recipe from disappearing but fails. Then Plankton, who was hiding inside SpongeBob's pocket, surprisingly appears to help out with SpongeBob, Patrick, and the others to get the Krabby Patty secret formula back from Burger-Beard (the true culprit) as superheroes.

Using the magical book that Burger-Beard stole earlier, Plankton becomes a giant muscle-bound hero (dubbing himself as Plank-Ton). After Burger-Beard defeats SpongeBob, Sandy, Patrick, Squidward, and Mr. Krabs, he attempts to escape, only for the muscle-bound Plankton to stop him by lifting up his ship. Embellished with the true meaning of teamwork, Plankton helps SpongeBob create a storm full of the bubble to capture Burger-Beard and force him to return the recipe.

After kicking Burger-Beard away into a marooned island, Plankton ponders on what to do with the formula, much to Krabs' distraught. However, Plankton decides to give the recipe back to Krabs, admitting that keeping things to himself is a selfish thing to do and gaining some fondness for the group. As everything in Bikini Bottom was turned back to normal, Plankton continues his role as the Krusty Krab's business rival going back to his recipe-stealing tricks just to keep things in the status quo. This shows that as much as he grew to care about SpongeBob, he could be beyond redemption. However, he became more like an antihero in the episodes after this movie showing that he did change.

*The SpongeBob Movie: Sponge on the Run*

Plankton returns in the 2020 film, *The SpongeBob Movie: Sponge on the Run* . He starts out as the overarching antagonist of the third film, but later becomes a supporting character. He prepares to once again try to steal the recipe, knowing Mr. Krabs won't be able to stop him this time. However, Karen points out that it's SpongeBob who always stops him. When he attempts to steal the formula later that night, SpongeBob stops him, proving that Karen is right.

Plankton then learns he has to get rid of SpongeBob to get the recipe. After learning that King Poseidon, the king of the lost city of Atlantic city, needs a new snail to get rid of his face wrinkles, Plankton sells SpongeBob's snail Gary to Poseidon and then gives SpongeBob and Patrick a car to go there and save Gary. Driving the car is a robot named Otto - who was built by Sandy who gave it to Mr. Krabs who then threw it out. SpongeBob and Patrick hop the car and Plankton orders Otto to take them to the lost city of Atlantic city and never come back. SpongeBob, Patrick and Otto leave and Plankton then celebrates SpongeBob being gone, knowing he won't be able to stop him from getting the recipe.

Sometime later, business at the Krusty Krab has gone down and Plankton comes over to gloat. Mr. Krabs, who is miserable with SpongeBob gone, gives Plankton the recipe but Plankton is surprised that Mr. Krabs is just giving up. Later in the film when Mr. Krabs, Sandy and Squidward learn that SpongeBob and Patrick have been captured by Poseidon and agree they have to go there to save them, Plankton, feeling guilty, offers to come along with them. The four of them quickly drive to Atlantic City, enter Poseidon's longue and rescue SpongeBob, Patrick and Gary and quickly retreat with Poseidon's guards chasing them. After SpongeBob stands up to Poseidon and convinces him to let SpongeBob and the gang go home free with Gary, Bikini Bottom becomes a sancuity for snails and Plankton is shown to have adopted a snail at the end.

Mr. Burns

**Charles Montgomery Plantagenet Schicklgruber Burns**, or better known as **Charles Montgomery Burns**, **Mr. Burns**, **Monty**, or simply known by his surname **Burns**, is one of the four main antagonists of the *Simpsons* franchise (the other three being Kang, Kodos, and Sideshow Bob). He serves as the main antagonist of the adult animated TV series *The Simpsons*, a supporting antagonist in the 2007 theatrical film *The Simpsons Movie* and as the main antagonist and final boss of the popular beat-em up video game *The Simpsons Arcade Game* .

He is an extremely greedy, cheap, tyrannical and egotistical businessman, and is the richest and most powerful citizen of Springfield. He is the oppressive founder and chairman of the Springfield Nuclear Power Plant, a member of the inner circle of the Springfield Republican Party, the boss of Homer Simpson, Lenny, Carl and Waylon Smithers and, finally, the archenemy and former friend of Abe Simpson and Homer Simpson.

He was voiced by the late Christopher Collins, who also played Starscream in the 1984 *Transformers* cartoon and Cobra Commander in the original Sunbow *G.I. Joe* cartoon. Since his second appearance, he has been voiced by Harry Shearer.

## Background

He had a very difficult childhood and has a large desire of various goals. He is the boss of Homer Simpson, the main protagonist of The Simpsons.

At some points, Mr. Burns has done non-evil plans. He rewarded Homer for saving his life from a water fountain just to retrieve a penny, he paid for Homer's emergency liposuction in "King Sized Homer" as a reward for saving the city from a nuclear meltdown, and achieved his goal of winning a snowboard competition, which he always wanted to do as a child.

Mr. Burns is rarely shown to have a 'human' sense of feeling however he has been shown to miss things such as his teddy bear Bobo who he lost during his childhood. However, the way he must get Bobo back alternates back to his usual self when he tries to steal the teddy bear back from Maggie Simpson who has grown attached to him. In the end when all hope seems lost Maggie gives Bobo back to Mr. Burns and is later shown being tucked into bed with Bobo by Mr. Smithers. Here, Mr Burns. says he will never let Bobo out of his sight again and drifts off to sleep and a scene begins set sometime in the distant future when humans are replaced by robots and Mr. Burns and Mr. Smithers are both robots themselves. It shows the robot Mr. Burns telling Bobo once more that he will never let him out of his sight again.

Homer sometimes accidentally called Mr. Burns on the telephone and Burns didn't know it was Homer, such as Lisa's Date with Density and Bart Star. He is voiced by Harry Shearer (originally Christopher Collins AKA Chris Latta AKA G1 Starscream and Cobra Commander).

In many episodes of the Simpsons, Mr. Burns is shown to be a villain particularly in the Treehouse of Horror episodes. In one particular episode "Treehouse of Horror IV", Mr. Burns was a vampire and no one but Lisa knew the truth. However Lisa and Bart find Mr. Burns' secret lair however when Bart is enticed by the 'fun slide' he gets turned into a vampire and when the family find out they are worried he will get worse, and decide that they must killed the head vampire, Mr. Burns. Homer takes a stake and after many fails kills him (while getting fired by Burns), however it is revealed at the end when all seems again that the h4ead vampire is Marge Simpson.

Ironically, Mr. Burns became a superhero in one episode called "Dark Knight Court" and helps clear Bart's name by capturing the real culprit, Groundskeeper Willie.

Eventually, in the end of the episode, Burns gets shot in the chest by an unknown assailant.

Season 7 In " *Who Shot Mr. Burns Part Two* ", Burns is in a coma as the authorities attempt to find out who shot him while the citizens manage to destroy his sun-blocking device for good. Much of the evidence points out to Homer (due to his anger towards Burns for his inability to remember his name, and Homer's fingerprints found on the gun that fired the shot), but Burns wakes up from his coma and reveals that Homer's youngest daughter Maggie was the one who shot him. As it turns out, Burns spotted Maggie inside the Simpsons' car holding a lollipop and attempts to steal it, but his gun accidentally fell into Maggie's hands after he snatched the lollipop, causing the gun to misfire. Both the gun and the lollipop fell into the bottom seat, where Homer would unknowingly leave his fingerprints. Burns demands that Maggie be arrested, but Chief Wiggum states that it's unlawful to arrest a baby for a crime. Marge also adds that it was an accident as Maggie doesn't know how to handle a gun at her age (though it may be told otherwise due to Maggie's shifting eyes and sucking noises sounding like gunshots).

In " *Mother Simpson* ", it was revealed that he was responsible for turning Homer's mother Mona into a wanted criminal, due to her involvement of shutting down his germ warfare factory by releasing antibiotics. To that rate, he gets the FBI to track down Mona while riding a tank, though she escapes (thanks to Homer and Chief

Mr Burns then takes Homer's place as Santa Claus in a Christmas parade and starts throwing fish guts at the crowds before they get attacked by seagulls.

In " *The Computer Wore Menace Shoes* ", Homer learns that Mr. Burns is providing uranium rods to terrorists for profit. Out of disgust, Homer (taking on the name Mr. X) uses his website to expose the uranium scandal to the public, and Mr. Burns ends up being taken by the FBI to answer for his crimes, much to his dismay.

Season 13 In " *She of Little Faith* ", Homer accidentally damaged the local church with his flying rocket, and Burns offers to pay for the damages by turning the church into commercial business, complete with advertising signs, a Lard Lad statue, and a Jumbotron. This motivated a disgusted Lisa to leave the church and find a new path in Buddhism.

Season 14 In " *C.E. D'oh* ", Homer formulates several solutions to improve safety in the nuclear plant, but Mr. Burns rejects them all without even reading them. This angers Homer in plotting to overthrow Burns, and finds an opportunity that Burns owns a canary that acts as the legal owner of the plant because this protects Mr. Burns from responsibility for any wrongdoing by the power plant. To that end, Homer releases the canary and tricks Burns into handing over the ownership under the ruse of an incoming inspection, resulting a victorious Homer to fire Burns on the spot. As such, Burns plans to kill Homer by burying him alive, but fails as he is too weak and old to finish the wall before Homer wakes up. He decides to forget about it when Homer gives the plant back, as he finds himself more miserable being the nuclear plant's owner.

Season 15 In " *My Mother the Carjacker* ", Burns learns that Mona has been arrested and plans to have her convicted on court for her crimes. However, due to Mona's record of community service acts and Homer's heartfelt testimony, Mona became rightfully acquitted, much to Burns' anger. Not wanting to give up, Burns transforms his germ lab into a museum, which is nothing more than a ruse to successfully trick Mona into confessing her crime of signing false names while visiting state and national parks. With this evidence, Burns gets the FBI to arrest Mona and have her locked up in prison, but she escapes again (thanks to Homer's help), much to Burns' dismay.

In " *Simple Simpson* ", Homer served as Springfield's local hero known as the "Pie Man" who is giving wrong-doers their 'just desserts' by throwing pies in their faces as punishment for their crimes. He eventually threw a pie at Mr. Burns for bullying him and his co-workers, but Burns soon learns about his identity and makes him his 'personal hitman', threatening to expose his identity to the public if otherwise. As Burns give Homer his next mission to throw a pie at the visiting Dalai Lama, Homer decides that he has had enough and reveals himself to the public, though none of the citizens believe that Homer could be the Pie Man. This left Burns upset, realizing that Homer is no longer under his control anymore.

In " *Fraudcast News* ", after surviving a rock slide, Burns learns that everyone in Springfield hates him, so he decides to buy every media outlet in Springfield to improve his image. As Lisa produces her own newspaper to combat against Burns' media ownership, Burns manages to learn about Milhouse's crush on Lisa and exposes this to the public, prompting a depressed Lisa to concede defeat. However, Lisa gets cheered up when Homer creates his own newspaper, inspiring other citizens to create their own newspapers to combat against Burns' media. Realizing now that he can't control the entire media for himself, Burns decides to put that behind by going on a shopping spree with Smithers for relief.

Season 16 In " *Midnight Rx* ", Burns cancels the plant's prescription drug program out of pure greed, prompting other drug companies to follow his lead. This caused an outraged Homer and Grampa to smuggle drugs from Canada, and Burns eventually realized his mistake after learning that Smithers is suffering from a goiter. To that end, Burns helps Homer and Grampa smuggle a large case of a drugs to Springfield in order to save Smithers. During which, he leaves Homer and his dad to die, but they survive. After saving Smithers, Burns reinstates the prescription program, much to everyone's delight. However, he makes it so only full time employees get prescription drugs and he makes Homer and other employees part-timers to save money.

In " *The Seven-Beer Snitch* ", Burns bought an abandoned concert hall built by Frank Gehry (due to the town's hatred of classical music) and turns it into a maximum-security prison to lock up more convicts based on old laws. After Homer was sent there after committing an 'illegal transportation of litter' by kicking a can five times down the street, Burns made him the local prison snitch after Homer unwittingly foiled Snake Jailbird's escape attempt. As reward for his snitching, Homer receives special treatment from the guards (led by Officer Krackney), but the other inmates soon catch on to Homer's intents and planned to kill him during a prison riot. Having realized his mistake in ruining the inmates' lives in the prison, Homer decides to take action by confessing to the Governor Bailey about the prison's deplorable conditions, resulting Governor Bailey to close down the prison and send the inmates into a garbage barge to fight, much to the inmates' delight.

Season 17 In " *The Last of the Red Hat Mamas* ", Burns promised to donate $1 million to the Cheery Red Tomatoes for a children's hospital, but it turns out to be a joke for his own pleasure before releasing the hounds on them. As such, the Red Tomatoes plan to steal Burns' Faberge Eggs as revenge, and Marge (who became a member herself) manages to do the job herself, much to their delight.

Season 19 In " *Mona Leaves-a* ", following Mona's death, Homer was told to bring her ashes to the highest point at Springfield Monument Park and scatter them at exactly 3:00. However, Homer gets caught over Burns' next plot to send a nuclear missile (filled with the city's nuclear waste) into the Amazon rain-forest, and Burns contains Mona's ashes in a vacuum bag to taunt Homer. As Burns and his men are about to initiate the launch, the rest of the Simpson family came to rescue Homer, who managed to stop the launch by inadvertently setting the launch base to self-destruct before escaping with his family and dispersing his mother's ashes for good, leaving a dismayed Burns in utter defeat.

The episode *Papa Don't Leech* names Mr. Burns as one of Springfield's various delinquent taxpayers, although Mayor Quimby refuses to investigate him.

Season 24 In " *To Cur, With Love* ", the Simpson family confronted Homer for neglecting Santa's Little Helper by locking him in the pantry. Grampa revealed that Homer once had a dog named Bongo, whom he wad very close to during his childhood. As Mr. Burns was hosting a kid's fundraiser in the flashback, he insulted Homer, resulting an angry Bongo to attack Burns in retaliation. Unfortunately, this incited an angry Burns to have Bongo euthanized by all means necessary. Knowing that this would break Homer's heart if he let this happen, Grampa gave Bongo away to an old neighbor named Ms. Viola for safety before doing extra work for Mr. Burns to make amends for the incident. Unfortunately, this only strains Grampa's relationship with Homer as a result, as he feels that Bongo will never remember him, which may explain his neglectful behavior towards Santa's Little Helper. Eventually, Grampa gave Homer an old photo of Bongo sleeping on an old sweatshirt that he once wore, realizing that Bongo still remembered him and that Grampa did a favor to protect him from Burns. After reconciling with each other, Homer and Grampa shared a nap together with Santa's Little Helper.

### *The Simpsons Movie*

Burns serves as a minor antagonist in *The Simpsons Movie* . He is first seen getting his toothbrush filled with toothpaste from help by Smithers during the movie intro. The paste apparently added more weight that the already fragile Burns could not handle, as he falls down with his toothbrush.

Burns was later seen with the angry mob along with Smithers, as they want to kill Homer for polluting the Springfield Lake and forcing Russ Cargill and the Environmental Protection Agency to imprison the city in a strong unbreakable dome.

His most notable appearance in the movie was when Apu, Police Chief Wiggum, and Dr. Hibbert asked him for electricity and Burns asked for reasons why he should share it with them, warning that behind his desk, he has two buttons. One that will give the town electricity and the other that will release the hounds. Dr. Hibbert said he needed the electricity to perform an operation. Wiggum said he needed it to power up the electric chair so they could execute a convict; Burns seemed he was about to cooperate with that one. However, Apu ticked him off by trying to appeal to Burns' conscience and Burns pushed the button that released the hounds and they chased the visitors out the door, with Burns telling them to take the "first door on the right".

Mr. Burns was last seen relieved that the explosive bomb left the dome area of the city. During the credits following Cargill's defeat, it is shown that his mansion has been ransacked, and sits on the staircase with Smithers and says, "Smithers, I don't believe in suicide, but if you try it, it might cheer me up to watch."

Jock Jockerson

**Jock Jockerson** is a recurring character in **Supernoobs** .

They gasped in total shock!

Julie Makimoto: Crocker's an insane nut!

Me: He may be insane but everyone now knows about Fairy Godparents. The reason is because we made a special alliance with humans and fairies and now everyone knows about their existence.

Marucho: And you blew up King Goobot's planet!?

Me: The Yokians posed an incredibly tremendous threat to all humans and the universe for sacrificial purposes.

Danny Phantom: Lets not forget that Vlad Masters A.K.A. Vlad Plasmius is one of my most dangerous enemies.

Lily: And Sheldon J. Plankton was the founder and owner of the

Chum Bucket and he was Mr. Krabs mortal enemy for as long as he, myself and SpongeBob can remember.

Mr. Krabs: Aye lass. He and I have been at each others throats for a long time.

Me: I have a log book for all that.

I went back and got it and showed it to everyone.

They saw that Plankton did it all over the years and it was awful!

Marucho: WHOA! This is all the schemes that Plankton did!?

Me: Yep. Plankton's one goal is to rule the world.

Lincoln: Yep.

Windcharger: The biggest problem is going to be how the Big Wand is gonna have power now.

Me: Don't worry Jorgen Von Strangle managed to rectify that problem after the first incident.

Runo: How does that Big Wand help the fairies receive magic?

Me: It's a really unusual story.

I told them everything.

---

The **Big (Fairy) Wand** is the source of all magical power in Fairy World, powering all the magic wands of the fairies on Earth. In the first five seasons, Anti-Poof, Crocker Shocker, and Balance of Flour, it is a giant radio tower like structure with a large gold star on top. Starting in Merry Wishmas, in almost every episode it appears in, it looks more like a city observation tower with a gold star on it.

The Big Wand is able to generate the magic by converting human belief in fairies into power. Until recently Mr. Crocker was the sole source of the wand's power due to his constant belief in fairies and almost always spasming about them, but after he temporarily stopped believing in fairies thanks to Dr. Fancyfree hypnotizing him, the Big Wand was drained of all of its power, and Fairy World became a slum. After they were able to convince Crocker fairies existed again, they also began to draw power from Crocker-like people from all around the Earth so that this black-out would not happen again. It was revealed in The Big Fairy Share Scare that the Big Wand's power is recharged on Fridays and is what protects the Earth from Anti-Fairies.

Description

In the first five seasons, Anti-Poof, Crocker Shocker, and Balance of Flour, The Big Wand resembles a radio tower and a wand, with a giant star at the top of it located on the top of the tallest mountain in Fairy World. Starting in Merry Wishmas, in almost every episode it appears in, it looks more like a city observation tower with a gold star on it.

---

They were shocked and amazed.

Marucho: So it relies on energy from insane nutbags like Crocker who believe that fairies exist?

Runo: And all their magic comes from dirtbags like them!?

Me: That's pretty ironic wouldn't you say?

Shun: Hugely ironic.

Rhino: Now that we've discussed the matter of our 6 escapees, it's time to go back to Halloween Town! (smiles excitedly) I'm already dressed for the occasion.

Me: You've always been dressed like that Aleksei. I'm excited too. Halloween Town is one of my favorite places to enjoy Halloween even though we still have 9 months left. But we're going there to kill yet again Jack Skellington's most dangerous enemy and we beat this guy 2 times already.

Runo: Wow! Who is it?

Me: You guys would hate this guy. His name is Oogie Boogie.

I revealed everything about him.

---

The **Oogie Boogie Man**, better known as **Oogie Boogie** and sometimes shortened to simply **Oogie**, is the main antagonist of Tim Burton's 1993 animated stop-motion film *The Nightmare Before Christmas*, as well as its 2005 video game prequel *The Nightmare Before Christmas: The Pumpkin King*, its 2005 video game sequel *The Nightmare Before Christmas: Oogie's Revenge*, and a major antagonist in the *Kingdom Hearts* series. He is the personification of the common child's nightmare of the "Boogie Man", resembling a large burlap sack full of bugs, spiders, and snakes. He is Jack Skellington's archenemy.

He was voiced by Ken Page.

*The Nightmare Before Christmas: The Pumpkin King*

In the video game prequel to the film, Oogie's origins and the birth of his rivalry with Jack were revealed. As it turned out, he once had his own holiday known as Bug Day, which was most likely forgotten by the people of the real world and thus vanished. Unfortunately, Oogie escaped, found Halloween Town, and decided that it would be the new Bug Day. He and his army of insects invaded the town and nearly took it over. Jack found out and he defeated the bugs and Oogie. Oogie survived the battle, learned to fear the Pumpkin King, and was banished to his underground lair.

*The Nightmare Before Christmas*

Although he is the main antagonist, his role in the film is small. During the time that Oogie was imprisoned in his lair and plotting his revenge, Lock, Shock and Barrel revealed the existence of Santa Claus to him. Later, the trio kidnapped Santa and (against the wishes of Jack Skellington, who held Oogie in great contempt) sent him down to his lair beneath their Treehouse home. After introducing himself, Oogie binds Santa to a giant roulette wheel and prepares to torture him. Later on, Sally attempts to rescue Santa from Oogie, but she ends up being captured herself. Following Jack's failed escapade as Santa Claus, Oogie tried to kill his captives by cooking them in his snake and spider stew but was stopped by Jack.

Jack confronts Oogie, who activated his robot killing machines and trapped him in response, but the latter acrobatically evaded the devices and managed to reach Oogie. Oogie tried to escape on a propeller, but Jack shouted "How dare you treat my friends so shamefully!", indicating that Oogie was too dangerous to be left alive. The pumpkin king then pulled a loose thread on him, which opened him up and caused about 90% of his bugs to fall into his own burning stew. He fearfully screamed his last words "My bugs!", and his voice then changed to insects, faded from existence, and left only squeaks. Albeit most of the insects fell to their deaths in Oogie's stew, one of them, presumably the leader, tried to escape his fellows' fate, but was ultimately crushed to death by Santa with his feet. It is completely unknown if any bug from Oogie's bag survived the ordeal, but if some of them did so, they most likely escaped from Oogie's lair and went to live normal lives as ordinary insects.

### *The Nightmare Before Christmas: Oogie's Revenge*

In the 2005 video game sequel, Oogie was resurrected by his three henchmen, Lock, Shock, and Barrel, who sewed him back together. He quickly deceived the residents of Halloween Town and tricked the townsfolk into making traps for his archenemy, Jack Skellington. Oogie attempted to become the "Seven Holidays King". He successfully kidnapped the real leaders and tried to murder Santa Claus again, but his plans were foiled by Jack. Oogie desperately put up a fight by turning into a gigantic, junk-filled version of himself named "Mega-Oogie". He was then again destroyed by Jack, reducing into nothing, apparently ending Oogie's threat once and for all. However, he could still be resurrected once more like in the past.

### Other Appearances *Kingdom Hearts* series

Oogie is one of the Disney antagonists in the *Kingdom Hearts* video game series, and the main antagonist of most Halloween Town storylines.

### *Kingdom Hearts*

In his first appearance, he is allied with Maleficent in *Kingdom Hearts*, who wanted the heart that Jack and Doctor Finkelstein created to take control of the Heartless and use them to take over Halloween Town. Oogie succeeded in part, swallowed the artificial Heart, but because the heart was faulty, he could not summon as many Heartless as he expected. He tried to destroy Sora, Jack, and the others by trapping them in his giant roulette machine. Aside from throwing explosive dice, all of his attacks depended on what number he rolled. Oogie could summon the Heartless, release a spinning blade wheel, summon a buzzsaw, or activate his healing machine. However, Sora could hit the dice and cancel out Oogie's attack. At the end of the battle, Oogie's seams split released all of the bugs from inside his body and left nothing but his empty sack body and the Heart. However, because Oogie had swallowed the Heart, the energies inside of it resurrected him and merged him with his manor. His weak points were orbs of darkness that sustained his life. However, Sora destroyed them all and caused Oogie's manor form to crumble into dust.

### *Kingdom Hearts: Chain of Memories*

Oogie returned in *Kingdom Hearts: Chain of Memories* (and its console remaster *Kingdom Hearts Re:Chain of Memories* ), as a creation from Sora's memories of Halloween Town. The false Oogie Boogie stole Doctor Finkelstein's special potion that was said to bring "true memories" and drank it, but began to feel intense fear (presumably of what happened to him) and Sora defeated him. He also appeared in Riku's story as a token of the darkness in his heart. Oogie was the boss of Halloween Town in both stories. The strategy to defeating Oogie was to utilize card breaks to lower the bars that protected him until they retracted completely, after which he was entirely vulnerable to any attack.

### *Kingdom Hearts II*

Oogie was resurrected by Maleficent in *Kingdom Hearts II* as part of her plan to take over Christmas Town while turning Santa Claus into

"Santa Heartless". However, Oogie Boogie, still weak from being revived and suffering from retrograde amnesia, drove Maleficent away after he insulted her as he did not remember that she was the one who brought him back to life. Oogie converted Santa's Present Machine into a machine that summoned Heartless Presents. Oogie's fate in the end was similar to his initial fate from the first game, only this time Donald Duck squashed the final bug in the hopes that Oogie would not return (as Santa did in the film). Oogie Boogie was the only villain besides Pete in the game that Maleficent interacted with directly, instead of sending Pete to enforce her will.

---

They gasped in shock and their faces turned green in disgust.

Dan: So Oogie wants to destroy all holidays!?

Runo: And Lana ate his bugs twice?

Lana walked by slurping her lips.

Lana: Yep and they are really great bugs too.

Julie: YUCK!

Me: Oh that's Lana for you. She is a great bug eater and eats anything gross.

Hank Scorpio, Mr. Touch & Go, INSTIGATOR, Puff, Kangor and Weather Wizard then appeared.

Hank Scorpio: Can me, Touch & Go, INSTIGATOR, Puff, Kangor, and Weather Wizard come with you guys?

Me: You all sure can. We're going to Halloween Town.

Kangor: (Jamaican Accent) That's gonna be fun mon!

Weather Wizard: I love The Nightmare Before Christmas. Such a great movie.

Puff: Yeah it is! One of the best ever.

Me: Ours too and we love going to Halloween Town as well.

Eli: You guys will love how I look in Halloween Town.

Carol: Yeah it's awesome.

Me: Yep. Lets get moving.

We were off to the world of Halloween Town.

---

We arrived in Halloween Town and we were in awesome Halloween Costumes.

Me: Here we are guys. Welcome to the world of Tim Burton's The Nightmare Before Christmas.

Dana: So awesome.

Laney: Something's not right.

Me: Yeah.

Blizzard Man: This place is a ghost town. And I mean it in a bad way.

Me: Uh oh. I have a feeling I know what's going on here and it's a Hostile Takeover.

Nico: Yeah. This situation happened when we were here in 2019.

Me: Yep.

Lincoln: I remember that. That was crazy.

Jack Skellington then came.

Jack Skellington: Hey fellas!

INSTIGATOR: Hi. Jack Skellington, right?

Jack Skellington: That's right and it's great to see you all again.

Me: Same here Jack even though Halloween is only 9 months away. We saw that Oogie is back.

Jack Skellington: Yeah and he's trying to take over all 7 Holidays like he did before.

Me: Just like a year and a half ago. Anyone getting a sudden sense of deja-vu?

Most of us raised their hands.

Lincoln: We sure are.

Preyas: Some of us weren't there when it happened.

Twilight Sparkle: Yeah we didn't expect this to happen to you all again.

Qin: Yeah that was a great adventure but Oogie was a true monster from Hell.

Nico: He sure was. Now we have to stop him again.

Me: And this will be the last time.

The Vreedle Brothers, Skinner, Bane, Captain Boomerang, Mirror Master and Mumbo Jumbo appeared.

Me: The Vreedle Brothers, Skinner, Bane, Captain Boomerang, Mirror Master and Mumbo Jumbo.

Nico: You guys aren't here to have our usual battles now are you?

Skinner: No we just came to tell you that each of us will appear one at a time.

Maria: It's gonna be tough trying to figure out how to have the usual battles with you guys today.

Octagon: We already figured it out.

May: You have?

Skinner: You'll find out as you progress through Halloween Town.

Bane: (Spanish Accent) For now, just continue on your way.

Me: Okay. This is gonna be interesting though. But Oogie Boogie is gonna be no more. Bug Day? BLECH! What a repulsive name for a holiday.

Rarity: J.D. darling I surely agree with you on that.

Me: Yeah.

Lana: I think it would be a great holiday.

Timon: Especially if there are bugs in it.

Pumbaa: That would be amazing!

We laughed.

Nico: That would be funny.

They teleported.

Me: Lets head to city hall.

We went to City Hall and we saw that it was quiet. Too quiet.

Me: It's quiet. Too quiet.

Lucy Loud: Shadowy figure coming.

A SHADOW OOGIE APPEARED!

Blaster-Tron: (scans Oogie Shadow) Enemy appears to be a shadow clone of Oogie.

Oogie: Well well well. Team Loud Phoenix Storm is back!

Me: And this time we're going to destroy you once and for all Oogie! But also you did this exact same plan to become the Seven Holidays King a year and a half ago!

Oogie: Has it been that long? I can never keep track of all that.

Me: Well I haven't forgotten.

Nico: Me neither!

Qin: Same here!

Varie: And some of us weren't here when that happened.

Sunset Shimmer: Namely us.

Dan: Or us.

RD Me: Or us.

Zatch: Or me, Kiyo, Lori and Kolulu!

Me: I think he gets the idea. But Yeah! We're going to make sure you pay for your crimes you freak!

---

Oogie Boogie's shadow (singing): Well, well, well!

Jack, the Pumpkin King!

And Sora and Team Loud Phoenix Storm too, huh?

Oh, I've been waiting!

So how do you like

My Oogie-Town?

Ha, ha, ha, ha!

Jack (singing): It's over! It's over!

This time you've gone too far!

It's over, I'm serious!

Just who do you think you are?

Venom (singing): Just because you've fooled the town

Doesn't make you king!

You'd better give up, surrender now!

We're fixin' everything!

Oogie Boogie's shadow (singing): That's what you think, ha!

But you couldn't be more wrong!

And this will be the last time

You hear the Boogie song!

Whoa-oh!

Ghosts: Whoa-oh!

Oogie Boogie: Whoa-oh!

Ghosts: Whoa-oh!

Oogie Boogie: Whoa-oh!

Ghosts: Whoa-oh!

Oogie Boogie: I'm the Oogie Boogie Man!

Sora: Oogie, what have you done to everyone?

Oogie's shadow: They're all under my control!

Rhino (singing): We see you're pretty proud of

All your booby-trapping schemes…

Laney (singing): But we can say you'll rule this town

Only in your dreams!

Oogie Boogie's shadow (singing): Heh, that's funny boys, it was a dream!

But now it's coming true!

'Cause even my mere shadow knows

Jack's days as king are through!

Whoa-oh!

Jack punches the Shadow and me and Nico slashed it all over and Jack lashes it with his newly acquired Soul Robber. A powerful energy whip that steals souls.

Jack: Whoa-oh!

Oogie Boogie: Whoa-oh!

Sora: Whoa-oh!

Sora Slashes the Shadow with his Keyblade.

Oogie Boogie: Whoa-oh!

Venom: Whoa-oh!

Venom punches the shadow.

Jack: I'm the Pumpkin King!

---

I punched the Shadow in the face and sent it crashing into the wall.

Oogie: Riku, old buddy! How've you been?

Riku: Don't talk to me like we're friends, Oogie. This is probably the first time you've ever talked to me. And it's when we're about to kill you!

Oogie: You really think I'm the bad guy here? Well, you're the real reason why this is happening. If you had just killed me when you had the chance, 5 of the Holiday Leaders wouldn't be kidnapped. You're as just to blame for this as I am!

Me: Shut your fucking trap you fucked up bug sack!

I fired blasts of light and burned it all over the place and more and the shadow vanished.

Me: He'll be back and he's not finished yet.

Nico: Not yet.

The Vreedle Brothers appeared.

Me: The Vreedle Brothers first.

Rhomboid: Yep.

Octagon: (to Applejack) Who would be crazy enough to restore Goobot, Plankton, Jock, Plasmius, Crocker, and Burns?

Applejack: If I had to guess I would say the Digimon Emperor in Nico's Body.

Apple Fritter: Yeah that Sidewinder has caused us a lot of problems ever since Xemnas tried to do Nico in!

Big Mac: Eeyup!

Rockhoof: (Scottish Accent) The sooner that pathetic slab of haggis dies the better.

Runo: Yeah he needs to be stopped!

Blaster Tron: Affirmative. Digimon Emperor must be eliminated.

Sasha: Indeed.

Octagon: Lets do it!

They went at him.

Applejack: Lets get them Pardners!

Applejack, Apple Fritter, Big Mac, Rockhoof, Runo, Blade Tigrerra, Blaster Tron and Sasha: LIGHT APPLE VALKNUT STYLE FORMATION ART: LIGHT TRINITY FIRESTORM!

They spun in an octagon formation and fired a massive blast of light and it formed into a Valknut and knocked the Vreedle Brothers down!

Applejack: YEEHAW! That was awesome!

Apple Fritter: Yeah it was!

Big Mac: Eeyup.

Me: One battle down and 5 left and a Power Rangers Monster is gonna meet us along the way. If I know what's coming next, I know it will be the Hanging Tree. Lets go!

We went to the Hanging Tree and we saw that his Skeletons were missing!

Puff: (to the Hanging Tree) Where's your Hanging Men?

Hanging Tree: They were taken by those three trick-or-treating brats.

Me: Lock, Shock and Barrel. Obviously they haven't learned their lesson the last time after we sent them to the Malevolent Insanity dimension.

Runo: Malevolent Insanity dimension?

Twilight Sparkle: What's that?

Nicole: It's an alternate universe I made. It's a very crazy and horrifying place and it's a universe where the very physical laws of nature do not apply. It's also a place that destroys your sanity.

Shun: WHOA!

Julie: That IS crazy.

Nico: I saw what it was like and it was like what Brian saw when he had Magic Mushrooms.

Brian: It was 100% accurately imagined.

Nico: Yep.

Me: Lets go!

We went to the graveyard and out from behind a Gravestone came LOCK, SHOCK AND BARREL!

---

**Lock, Shock and Barrel** are the former secondary antagonists and later anti-heroes of Tim Burton's 1993 animated stop-motion film *The Nightmare Before Christmas* . They are Oogie Boogie's former henchmen.

In the film, Lock was voiced by Paul Reubens (who also played Amilyn in *Buffy the Vampire Slayer* ), Shock was voiced by Catherine O'Hara (who also voiced Sally in the same movie), and Barrel was voiced by Danny Elfman (who was the film's score composer, and also voiced the Clown and Jack Skellington's singing voice). In the *Kingdom Hearts* series, Lock was voiced by Jess Harnell, Shock was voiced by Kath Soucie, and Barrel was voiced by Jeff Bennett.

*The Pumpkin King*

Lock, Shock and Barrel were picked by Oogie Boogie to stop Jack Skellington, whom the earlier holiday known as Bug Day was rejected.

*The Nightmare Before Christmas*

Lock, Shock and Barrel were first sent by Jack Skellington. The Mayor of Halloween Town was the first to encounter them, upset that Oogie Boogie's henchmen arrived, but they told him that Jack specifically asked for them by name.

Jack then told them his plan, which was to capture Santa Claus. However, he specifically told the trio that the plan was top secret, and to not involve Oogie Boogie in it. They responded affirmatively, but crossed their fingers behind their backs to show that they were being dishonest.

When they arrived at their lair, they performed the number "Kidnap the Sandy Claws", in which they came up with some plans about what to do with Santa when they capture him. A few notable plans included locking him up for 90 years, throwing him in the ocean, hitting him with sticks, boiling him alive, setting a trap, and blowing him up with a cannon. During this musical number, they also boiled a caged insect alive and sent it down Oogie's sacrificial chute.

On their first try, they took the Easter Bunny, much to Jack's frustration. Jack told them that Santa was behind the door shaped like a tree. The trio got in a brief physical fight before Jack reprimanded them, insisting that the Easter Bunny was to be sent back to Easter Town, they correctly capture Santa this time, and to treat Santa nicely when they capture him. Lock, Shock, and Barrel left, accepting Jack's request.

About a month later, they finally found Santa Claus, bringing him to Halloween Town to meet Jack. Soon after, they sent Santa Claus to their lair, and began to send him down the chute. While they weren't sure if Santa could go down the chute, Lock insisted that Santa could fit through anything, and soon proved himself right.

Following Oogie's sudden death, they appeared to have redeemed themselves, finding out that Jack survived the crash. They helped Jack, Sally, and Santa Claus escape Oogie's lair, along with the Mayor. They were among the citizens surprised when it started to snow in Halloween Town, and were last seen having a snowball fight.

*Oogie's Revenge*

Lock, Shock and Barrel learned that Jack is out of town and decided to resurrect Oogie Boogie allowing him to inflict terror over Halloween Town once again. Oogie kidnaps the Holiday Leaders for Valentine's Day, St. Patrick's Day, Thanksgiving, Independence Day, and Easter, and imprisons them in his underground lair. Lock, Shock, and Barrel are entrusted with hiding each of the seven Holiday Doors in each area of the town where they wouldn't be discovered. They also raise armies of ghosts and skeletons to counteract Jack's inevitable attempt to fight upon his return. Shortly after Jack comes back, he encounters the trio in the Graveyard, and they refuse to reverse the damage.

Lock engages him in battle and retreats after his skeletons are defeated. When Jack goes to free Sally, Lock fights him once more, this time entering the fray himself, but loses again. Soon after, when Jack attempts to free Dr. Finkelstein, Shock confronts him with an army of ghosts but retreats upon losing. She confronts him again at the Doctor's Lab, using giant metal balls to deter Jack from climbing the spiral ramp to the lab. Like Lock, Jack warns her to stop helping Oogie, and like Lock, she agrees but crosses her fingers behind her back. They're next seen at the Pumpkin Patch, where Barrel forces Jack to navigate a maze he's created to reach him in the Big Pumpkin Head. Upon succeeding, Jack fights Barrel and the skeletons under his control, taking from him the Thanksgiving Door and the key to the Residential Area. When Jack reaches the Mayor's house, he finds Lock, Shock, and Barrel on the roof, where they face off one last time.

Upon their defeat, Jack claims the Independence Day door, but the trio uses a trick switch to open a void beneath him, dropping him into Oogie's underground lair and remarking, "Looks like he really *fell* for that one." They are not seen or mentioned for the remainder of the game after this.

*Kingdom Hearts* Series *Kingdom Hearts*

As well as their role in the film, Lock, Shock, and Barrel has also appeared as bosses in various video games, the more notable probably being *Kingdom Hearts* .

In *Kingdom Hearts*, they stole an artificial Heart from Dr. Finkelstein to give to Oogie. However, they were soon captured, without the Heart. After their battle, they reluctantly revealed tips on how to defeat Oogie. It was assumed that they left the mansion afterwards, since they were seen in Kingdom Hearts II.

*Kingdom Hearts II* First Visit

In *Kingdom Hearts II*, it was revealed that the three became Dr. Finkelstein's assistants. When they went out to play, they came across Maleficent and told her of Oogie Boogie's fate. Maleficent revived Oogie and gave them control of the Prison Keeper Heartless as a distraction for Sora and company.

Second Visit

In the second visit, they were blamed for stealing Christmas Presents from Santa. In the inevitable chase afterward, the heroes discovered the truth when they told them about Dr. Finkelstein's experiment.

Lock: Why do you always got to spoil our fun!?

Me: To stop Oogie Boogie and make sure he pays like he did before that's what.

Shock: You won't succeed!

Barrel: And we'll make sure you are destroyed for everything you did to us!

Lock: This is the last time you'll get in our way!

Me: We'll see.

Strut: (to Lock, Shock, and Barrel) Just surrender and no one has to get hurt. And we'll give you candy as a bonus.

Lock: You think we're that stupid!?

Shock: Yeah! We're not gonna fall for that after everything you did to us!

Me: You still haven't learned after everything we did to you a year and a half ago.

Laney: And after that!

Lincoln: Yeah you guys are just a bunch of brats!

Barrel: Who you calling a brat!?

Me: He called all three of you brats!

Jack Skellington: You need to be taught a lesson in humility!

Trixie: And Empathy!

Eli: Yeah! It's Butt-Kicking Time!

* * *

Lock, Shock, Barrel: Laa, la, la, la, la, laa!

La, la, la, la, laa!

Laa, la, la, la, la, laa!

La, la, la, la, laa!

Hail to Mister Oogie!

Jack will never win!

When you find our booby traps

They will do you in!

Shock: First we brought the Master back

To take this town away from Jack!

We knew he'd fight to set things right

So we got bad guys who attack!

Jake: Stop! We've had enough of you!

Your punishment is overdue!

You've instigated chaos here

And turned this town onto its ear!

Lock, Shock, Barrel: Hail to Mister Oogie!

Put Jack to the test!

Keep him guessing all the time

Never let him rest!

Barrel: Then Mister Oogie Boogie Man

Shock: Can take the whole town over then!

Lock: He'll be so pleased, I do declare!

Lock, Shock, Barrel: The whole world should beware!

Wheee!

* * *

Shock: We'll get you this time!

Jack: You're in big, big trouble!

Elena: No wonder Organization XIII never visited this world that often!

Me: Yeah!

* * *

Lock: Now that Oogie is the king

We get away with everything!

You cannot scold us for our pranks!

The new King Oogie, let's give thanks!

Noah: Don't be foolish! Think now

All this danger isn't fun and games!

When this town is back to normal

Do you really want the blame?

Lock, Shock, Barrel: Hail to Mister Oogie!

This is so much fun!

We make mischief day and night

Our work is never done!

Troy: If we told you once, we told you twice

To straighten out your act!

You'll never get away with this

And that, you brats, is fact!

Jack: I've had enough of this disgrace!

So take me to the hidden place!

Where my friends sit locked in a cage!

Or you will face my rage!

Lock, Shock, Barrel: Wheee! Ha, ha, ha, ha, ha, ha…

---

Barrel: You can't win this time, Jack!

Jack: You kids are in big trouble.

Nico: Yeah!

Beetlejuice: Wait until I get my hands on you!

---

Lock, Shock, Barrel: Laa, la, la, la, la, laa!

La, la, la, la, laa!

Laa, la, la, la, la, laa!

La, la, la, la, laa!

Hail to Mister Oogie!

Jack will never win!

When you find our booby traps

They will do you in!

We destroyed his traps.

Shock: First we brought the Master back

To take this town away from Jack!

We knew he'd fight to set things right

So we got bad guys who attack!

Gia: Stop! We've had enough of you!

Your punishment is overdue!

You've instigated chaos here

And turned this town onto its ear!

Lock, Shock, Barrel: Hail to Mister Oogie!

Put Jack to the test!

Keep him guessing all the time

Never let him rest!

We fired blasts of lightning and plants and destroyed many monsters and minions.

Barrel: Then Mister Oogie Boogie Man

Shock: Can take the whole town over then!

Lock: He'll be so pleased, I do declare!

Lock, Shock, Barrel:

The whole world should beware!

Wheee!

* * *

Lock: Oogie will not be defeated!

Me: Yes he will!

Edzilla: ED WILL SMASH BRATS!

He punched them all over the place. And we smashed and slashed them all over and more.

Jack: Oddly, I couldn't have said that better myself, Ed.

* * *

Lock: Now that Oogie is the king

We get away with everything!

You cannot scold us for our pranks!

The new King Oogie, let's give thanks!

Emma: Don't be foolish! Think now

All this danger isn't fun and games!

When this town is back to normal

Do you really want the blame?

Lock, Shock, Barrel: Hail to Mister Oogie!

This is so much fun!

We make mischief day and night

Our work is never done!

Orion: If we told you once, we told you twice

To straighten out your act!

You'll never get away with this

And that, you brats, is fact!

Jack: Trusting him's a big mistake!

One that you don't want to make!

He might reward you, this is true!

By cooking you into a stew!

---

We knocked the kids down and defeated them. We tied them up and had them in one of Spiderman's webs.

Spiderman: Stick around.

Me: And don't even think about putting a bomb in the town like you did a year and a half ago.

Nico: And don't even think about crossing your fingers behind your

back.

Naruto: And just for good measure.

Naruto had them tied up in chains to make sure they don't get out.

Captain Boomerang appeared.

Captain Boomerang: (Australian Accent) Those kids are annoying.

Me: Tell me about it.

Captain Boomerang: (to Julie Yamamoto) Is Lana really going to eat all of Oogie's bugs?

Julie Yamamoto: She sure is. Lana is a really funny girl but she is a great eater of bugs.

Pinkie Pie: I bet she could eat a truck load of gummy worms!

Maud Pie: (Monotonous) I think she can eat a bunch of rocks.

Marble Pie: Maybe not that far.

Somnambula: (Egyptian Accent) That would be cool to see Lana eat all of Oogie's bugs.

Smoke Scream: Yeah! And I'm a troll and I eat bugs.

Bruiser Cruiser: Yeah me too!

Dan: So awesome.

Drago: Yeah it is.

Julie Yamamoto: Lets do it!

Julie showed her new Omnitrix she acquired from Bella and activated her Ultimate Julie form.

Julie: HEATBLAST!

They went at him.

Julie Yamamoto, Pinkie Pie, Maud Pie, Marble Pie, Somnambula, Dan, Drago, Smoke Scream and Bruiser Cruiser: OMNI-ALIEN STYLE FORMATION ART: FIREBALL SHOWER OF PYROS!

They spun in a Heptagon formation and fired a wave of fireballs from Pyros and the blasts hit Captain Boomerang and knocked him down.

Julie Yamamoto: All right!

Pinkie Pie: Best Usual Battle EVER!

Me: Well done guys! And Julie that Ultimate Julie form is amazing.

Julie Yamamoto: Thanks.

We heard a scream.

Me: Sally!

Jack: That's Sally!

I punched the ground with devastating force and we went through the ground into an underground chamber. We saw Sally hanging in the ceiling by a spider web and a huge spider came down!

Nico: That is as ugly as I remember.

We got to fighting the spider. And it had a Prison Keeper Heartless with it!

Skylanders Bomb Shell: (British Accent) Great! Now Sally's spider prison guard has a Prison Keeper Heartless helping it!

Me: Not if we have anything to say about it! Lets get him!

We went at them.

Sally (singing): We should have known not to believe

And things would not have turned so bad

Jack (singing): It's true his plan was to deceive

But that should not make you so sad

Sally (singing): But danger waits at every turn

Maria (singing): And we are ready

To set things right here

Sally (singing): How can you say that you will be okay?

And come back another day?

Jack: Sally, I'm here. You're safe now.

Sally: Jack!

Sally (singing): What will become of our dear town?

Now that we've let our leader down

Jack (singing): You know, dear Sally, that's not true

We can take this town back, me and you

Sally: There's so much danger yet to face

Bai Tza (singing): But we're not worried

Jack (singing): Back home I hurried

Luna: Now we must stop

That evil Oogie's scheme

And save our Halloween

Jack: This is tougher than I thought…

Sheila (hair falls out as her teeth sharpens): Time to let the spider in me out!

Sally: You can do it, Jack!

Spiderman: This spider's really giving me a bad name!

Sally (singing): We should have known not to believe

And things would not have turned so bad

Jack (singing): It's true his plan was to deceive

But that should not make you so sad

Sally (singing): But danger waits at every turn

Optimus Prime (singing): And we are ready

To set things right here

Sally (singing): How can you say that you will be okay?

And come back another day?

Jack: You're really making me angry…

Shocker: I thought I put all of my spider problems behind me when I made peace with Webhead!

Sally: Jack, watch out!

Sally (singing): What will become of our dear town?

Now that we've let our leader down

Jack (singing): You know, dear Sally, that's not true

We can take this town back, me and you

Sally: There's so much danger yet to face

Ben: But we're not worried

Jack: Back home I hurried

Sora: If we work hard

We'll overcome our shame

And beat him at his game

* * *

We killed the spider and the heartless and saved Sally.

Me: Are you all right Sally?

Sally: Yes. Thanks to you all.

Me: Good. Just like a year and a half ago.

Skinner then appeared.

Skinner: This is getting really rough.

Me: No shit.

Skinner: (to Dana) When this is all over, I'm going to have a few words with my mother.

Dana: Your mother needs more than just major psychological therapy. She should be euthanized.

Rarity: She gives all mothers everywhere a really bad name!

Sassy Saddles: (British Accent) She sure does Rarity and you'll get no argument from me on that.

Sapphire Shores: Me neither Ms. Saddles. She is a monster.

Princess Luna: Not even I would be that bad to my own children.

Snowdrop: I'm glad you wouldn't mother.

Snowdrop and Luna hugged.

Skinner: Aww. So adorable.

Mistmane: It sure is.

Sable Spirit: I think it's so cute too.

Marucho: Yeah. But your mother should've been destroyed when Springfield was blown up.

Preyas: Yeah she deserved it.

Blizzard Man: Big time.

Tundra Man: Indeed.

Skinner: Yeah. Also I heard that J.D. brought back Luna's children from her past.

Dana: He sure did. It was amazing. He had another dream that was another vision into the past. He saw Princess Luna and her Children of The Night.

Skinner: Wow. That's incredible.

Dana: Yep. Lets do it.

They went at him.

Dana: Time for some ice and crystal!

Rarity: Lets do it!

Dana, Rarity, Sassy Saddles, Sapphire Shores, Princess Luna, Snowdrop, Mistmane, Sable Spirit, Marucho, Preyas, Blizzard Man and Tundra Man: ICE JEWEL STYLE FORMATION ART: SNOWFLAKE OF SAPPHIRE SHOWER!

They spun in a Dodecagon formation and fired a shower of sapphire snowflakes and knocked Skinner down.

Dana: YEAH!

Rarity: Rapture, darling that was amazing!

Mistmane: It sure was!

Me: We got to stop Oogie Boogie. The whole world of Halloween is in terrible danger. We got to get over to Dr. Finkelstein's lab. Lets go!

We went over to Dr. Finkelstein's lab.

---

We arrived at his lab and we saw him.

Jack: Dr. Finkelstein! Why are you doing this!?

Me: I know what's coming Jack.

Dr. Finkelstein: Ah, Jack. I see you managed to make it here. And the mighty Team Loud Phoenix Storm, welcome. You've all been busy. I think it's time for you to rest.

Me: You said the exact same thing to us a year and a half ago!

He had his robot ready!

Weather Wizard: Hey, Finklestein! What's the big idea in helping Oogie?! And why do you have your robot with you?

Dr. Finklestein: Because he will not get in the way of his plans!

Me: I remember why his doing this! This is Oogie's Handiwork.

I flew up and opened his head and showed that his brain was ugly, green and evil.

Nico: Oogie put an evil Brain inside him!

Laney: And his real brain is on that table over there!

Me: Just like a year and a half ago.

Dr. Finkelstein: This town has changed, my boy

Since you've been away!

Without a Pumpkin King

It's Oogie Boogie's way!

Jack: Doctor, please!

Oh, can't you see you're wrong?

Dr. Finkelstein: You were the king

But now you're nothing but prey!

Oogie Boogie is back

And he's planning to stay!

Stewie: It's a crazy web you're weaving!

Oogie Boogie will soon be leaving!

Jack: Doctor, please!

It's not too late!

Dr. Finkelstein: All my machines will seal your fate!

My lasers will slice you!

My knives will cut deep!

And when it's all over

Sally, she will weep!

The days of your good-natured

Mayhem are through!

I'll tear up this town!

And I'm starting with you!

---

Ultra Humanite: I highly doubt that.

Jack: We'll rescue you, Doctor!

Finkelstein: Never, Jack!

---

Dr. Finkelstein: Well, now, my boy

It seems you've lost your crown!

In a few mere moments

You'll be six feet in the ground!

Lisa: Stop at once!

Can't you see this is absurd?

Dr. Finkelstein: No more tricks!

Your friends are now your foes!

And now this dance is

Nearing its close

Stewie: All these people that you're hurting

Oh, good doctor, it's disconcerting

Doctor, please!

Your thinking is all wrong!

Dr. Finkelstein: In a moment finally you'll be gone!

Jack: Your intentions are evil!

Lynn: Your thoughts are all bad!

Lola: The "thing" that you work for

Is no more than a cad!

Jack: When finally we get that

Foul brain out of you

You'll see no more foes

But friends that are true!

---

Finkelstein: Well, Jack. Like my inventions?"

Red Hood: Hell, no!

Ed: He was talking to Jack, Jason.

---

Jack: Doctor, you've got to control yourself!

Dr. Finkelstein: This town has changed, my boy

Since you've been away!

Without a Pumpkin King

It's Oogie Boogie's way!

Jack: Doctor, please!

Oh, can't you see you're wrong?

Dr. Finkelstein: You were the king

But now you're nothing but prey!

Oogie Boogie is back

And he's planning to stay!

Jack: It's a crazy web you're weaving!

Oogie Boogie will soon be leaving!

Doctor, please!

It's not too late!

Dr. Finkelstein: All my machines will seal your fate!

My lasers will slice you!

My knives will cut deep!

And when it's all over

Sally, she will weep!

The days of your good-natured

Mayhem are through!

I'll tear up this town!

And I'm starting with you!

---

Jack: Just about done, Doctor.

Finkelstein: Curse you, fools!

Leni: You're welcome!

---

Dr. Finkelstein: Well, now, my boy

It seems you've lost your crown!

In a few mere moments

You'll be six feet in the ground!

Jack: Stop at once!

Can't you see this is absurd?

Dr. Finkelstein: No more tricks!

Your friends are now your foes!

And now this dance is

Nearing its close

Jack: All these people that you're hurting

Oh, good doctor, it's disconcerting

Doctor, please!

Your thinking is all wrong!

Dr. Finkelstein: In a moment finally you'll be gone!

Bowser Jr: You shoot and attack us

It rolls off our backs!

He's not your enemy

He's the Pumpkin King, Jack!

Jack: When this is all over

Good friends we will be!

You'll praise Oogie no more!

You can take that from me!

We put his brain back in.

* * *

Lincoln: Time for you to get your old self back!

Lincoln and Linka fired a powerful blast of lightning and got him back to normal!

Dr. Finkelstein: What? What happened?

Me: Oogie Boogie switched your brain doctor. Just like he did a year and a half ago.

Sora: We will make him pay for this.

Me: Big time. We learned new moves the last time we fought him.

Laney: But this brain has got to go.

Laney threw it into the air and fired a powerful blast of fire at it and incinerated it.

Nico: That brain has failed this world.

Me: Yes it has.

Bane then appeared.

Bane: Are you all alright amigos?

Me: Yes we are Bane.

Bane: (to Laney) I hope you don't hate Nico for what happened in Mulan's world.

Laney: Not at all Bane because I know that it wasn't his fault.

Sunset Shimmer: Yeah it was the Digimon Emperor's fault.

Wallflower: But he will pay for his crimes to Nico and to us.

Cayenne: Big time and we'll unleash the 9 Fires of Hell on him.

Pepperdance: And banish him to the Warp.

Gusty: Yeah! He will rue the day he messed with Nico and us.

Julie: You got that right!

Venom: We will eat both his arms, both of his legs and then we will rip his face right off of his head and he will be this armless, legless and faceless thing. Like a turd in the wind.

Rhino: Well said.

Bane: Couldn't expect more from the Lethal Protector. Lets get it on amigos.

Laney: With pleasure.

They went at him.

Laney: Lets show him an awesome formation!

Sunset Shimmer: Yeah!

Laney, Sunset Shimmer, Wallflower, Cayenne, Pepperdance, Gusty the Great, Julie, Hammer Gorem, Venom and Rhino: NATURE SPICE STYLE FORMATION ART: FLAMES OF NATURE BLAST!

They spun in a Decagon formation and fired a massive blast of fire and the blast hit Bane and knocked him down.

Laney: Yeah!

Sunset Shimmer: Awesome!

Me: But we got to get over to Christmas Town and stop what Oogie is doing there.

Lincoln: Lets do it!

Me: Lets get over there and fast!

We were off to Christmas Town.

We went over to Christmas Town. We blew up two guards of fire and ice guarding the door to Christmas Town and we saw that Oogie was building an evil Train! We later arrived and we saw Oogie's Train!

Me: That is an evil train! We got to stop it! Come on!

Jack: Oh no! Oh no!

There's trouble everywhere!

Oh no!

There's smoke clouds in the air!

Jack: Oh no!

I can't believe my eyes

We have to help them

Hurry Jack, they wouldn't dare! Oh no!

Shego: Oh no! Oh no!

There's something very wrong!

Shocker: Oh no!

These things here don't belong!

Jack: Oh no!

The streets are lined with

Little creatures crying

All the others must be hiding

Christmas spirit is subsiding!

Oh no!

Oh no!

Lincoln: The joyous decorations here

Are melting from the fire!

No doubt the work of Oogie Boogie!

Drat that no good liar!

Robo Knight: There's fear in every window!

Oh, I can't believe my eyes!

Jack: And in my bones I feel the urge

To cut him down to size!

Spiderman: And there! Oh no!

His monsters have control!

Look out!

It chills me to my soul!

No more!

They're gathering the presents to ignite them!

Don't they know who they are for?

Oh no!

Jack: Oh no!

He's here! It's all part of his plan!

The nerve!

He's really gone too far!

This time!

Sly Cooper: It's up to us to put a stop to this

Now is our chance I cannot miss!

This town's counting on us!

So we must take charge and let them know!

The time is now

For them to go!

Oh where to start in such a mess!

Oh no!

Jack: Oh no, what now?

The peaceful town is ruined!

And look, the Christmas tree is bare!

Attacked! By someone, welcomed fiends!

I tell you I will snare them

And make sure they pay for their

Outlandish rude behavior…

Oh no!

The cheerfulness is missing

And the wonder isn't here!

And in their place there seems to be

A paralyzing fear!

Instead of songs, I swear

I just hear screaming in the air!

The stench of Oogie Boogie

Is absolutely everywhere…

Double D: The ghosts, the ghouls!

Ed: They're everywhere and all around!

Eddy: I've never felt so sad before!

Jack: This happy place in front of us is being trashed

So greedily, so greedily!

Me: It's tragic! Oh, it's tragic!

I can't stand and watch it burn!

We've got to save this Christmas Town!

And seize these monsters all about!

Jack: This must stop!

---

We fired energy blasts and blew up the train and freed all of Christmas Town from Oogie. All of the Elves all cheered.

Me: That was a close one.

Brian: This will always remind me of the time Stewie and me went to the North Pole and we saw Santa very ill and sick because of the massive demand and greed from us.

Me: I remember you told us that a year and a half ago Brian. That was rough. But thank goodness you two helped him out.

Stewie: Indeed. Thank you.

Me: No problem Stewie. Now we take the fight to Oogie! I know where he lives.

Eli: We all do too.

We went to Oogie's House and we faced OOGIE BOOGIE!

Me: OOGIE!

Oogie Boogie: Well, Well, Well. Team Loud Phoenix Storm!

We saw that he captured the Seven Holiday Leaders!

Me: Just like a year and a half ago.

Kangor: You better give back the Holiday Leaders right now, Mon!

Oogie: Oh, I assure you. The leader of everyday holiday is right where he should be! (to me) But enough about me. Let's talk about you and how you've done your team proud the last few days.

Nico: With what I did? Doubt J.D. and the others are happy about that.

Oogie: No! Not them! I mean me and Organization XIII. Who knew you were a natural-born killer just like us?

Nico: I'm nothing like you!

Oogie: Don't be modest! Your entrance on the scene was one for the books, baby. You beat some sense into Agnes Skinner. By giving her a beating!

Delightful! A+ material. (Nico gasped) And the way you got back that stupid version of Maleficent's wings? By teaching Stefan a lesson! Hilarious! Two thumbs up. Oh! And the piece de resistance. Finding Norm the Genie. So he could restore Crocker, Plasmius, Goobot, Plankton, Burns, and Jock!

So good! You get all the points. (laughs)

Nico: (shocked) No. I-I didn't. I couldn't.

Oogie: (figures something out) Wait a second. You actually don't remember. You've been repressing all of it! (laughs) That's the best joke I ever heard! This isn't Team Loud Phoenix Storm. This isn't the Digimon Emperor. This is you. The deep down inside you. That day in Twilight Town was your birthday. All Xemnas had to do was fire that blast at you. And you were reborn! Hallelujah! Without the Digimon Emperor pushing you in the right direction, without Team Loud Phoenix Storm too pissed about Xemnas to even give a damn, you wouldn't be the fine, upstanding, eyes open, psychopathic survivor you are today! So, admit it, kid! Whose side are you on?

All Nico could hear was Oogie's laugh as he took in everything he was told with his hands trembling.

Me: YOU SHUT YOUR FUCKING TRAP OOGIE! YOUR LIES HAVE NO POWER OVER US! YOU MAKE ME FUCKING SICK! (Flips the bird at him)

Oogie Boogie: YOU MONSTER!

Twilight Sparkle: And you need to be taken out with the trash! (Pulls out Crystal Saber) UNICORN ZORD DESEND!

(WHISTLE)

A horse whinnie was heard and the Unicorn Zord came.

Twilight Sparkle: Unicorn Zord, Purify Nico!

The Unicorn Zord fired a blast of energy and it hit Nico and caused the Digimon Emperor to be on the outside of Nico's body!

Digimon Emperor: NO!

Me: YOU WILL PAY FOR EVERYTHING YOU'VE DONE KEN!

POW!

I punched him in the face and kicked him in the crotch!

Eli then slashed The Digimon Emperor in his face and slashed his eyes out!

The Digimon Emperor screamed in excruciating pain and RD Me put a power neutralizer ring on his arm to make sure his eyes never heal.

RD Me: Don't even bother getting that off Ken. Only I have the key and you will never get it.

Me: You make me sick Oogie! This time we're getting rid of you for good!

---

Oogie Boogie: Well, well, well!

Look what the bat dragged in!

Jack, you made it this far?

Oh, I'm really scared!

Jack: Oogie, we're here to finish this

Once and for all!

Oogie Boogie: You're jokin'! You're jokin'!

I can't believe my ears!

You're jokin'! You gotta be!

Best laugh I've had in years!

Elena: We hope you did amuse yourself

With this, your little fling!

William: You'd better pay attention now

'Cause he's the Pumpkin King!

Oogie Boogie: You think you are winning

But that's a lot of noise!

Just to be a sport, dear Jack

I'll share my Oogie-toys!

Whoa-oh!

Ghosts: Whoa-oh!

Oogie Boogie: Whoa-oh!

Ghosts: Whoa-oh!

Oogie Boogie: Whoa-oh!

Ghosts: Whoa-oh!

Oogie Boogie: I'm the Oogie Boogie Man!

---

Oogie: So, you really made it this far?

Jack: Release the Holiday Leaders!

Lana: And let me eat your bugs!

Me: And let us kill you and Hakai You!

---

Luan: The leaders of the holidays

Must be set free!

Jack: Release them all at once

Or you'll have to deal with me!

Oogie Boogie: You beat my men, so what? Big deal!

You even ran the maze!

You still can't stop me!

I'm the king of seven holidays!

Whoa-oh!

Jack: Whoa-oh!

Oogie Boogie: Whoa-oh!

Sora: Whoa-oh!

Oogie Boogie: Whoa-oh!

Aqua: Whoa-oh!

Jack: I'm the only Pumpkin King!

---

Mirror Master and Mumbo Jumbo then appeared!

Me: Did you hear all that?

Mirror Master: Yeah we did. The Digimon Emperor really crossed the line.

Mumbo Jumbo: And so did Oogie!

Heximus then came out.

Heximus: He sure did.

Me: Heximus.

Tyler Navarro: (to Heximas) We can't think you enough for taking down the original Morbucks.

Heximas: No problem. And here. (gives me a present) Nico told me to give this to you. To remember all the good times you guys had before this Digimon Emperor crap happened.

I unwrapped it and it was a great photo of all of us.

Me: Wow! This picture is amazing! I'll put it in our living room.

Varie: It's beautiful!

Aylene C.: So amazing!

Lexx: That was a great Christmas.

Me: Yep.

Mirror Master: (to Zoe) Is Nico going to be ok?

Zoe: Now that the secret is out I'm afraid guilt is starting to set in.

We're going to kill Oogie for his crimes though.

D'Arcmon: But J.D. and Eli left their mark on the Digimon Emperor by slashing the Digimon Emperor's eyes out and cursed him to be forever blind.

Kazemon: You got that right.

Rainbow Dash: That monster had it coming for making Nico do all those terrible things!

Lightning Dust: Yeah he deserved this after causing him so much grief and pain!

Spitfire: After we're done here I'll have the Wonderbolts put on high alert for him and follow him and report back what they see him do.

Mirror Master: Good thinking. That's a good tactic.

Flash Magnus: It sure is.

Shun: That will be a very effective form of reporting to us.

Storm Skyress: Yeah. The Digimon Emperor has to be stopped.

Strut: Big time and now.

Roscoe: Absolutely.

Mirror Master: Yeah. I agree. Lets do it.

They went at him.

Zoe: Lets do it!

Zoe: All right!

Rainbow Dash: AWESOME!

Spitfire: Yeah it was!

Me: That's not the worst part we heard. We overheard Lori saying that if she found out who released those fuckpots, she would banish Nico to the Warp.

We gasped!

Bruiser Cruiser: (to Lori) Lori, you better not be thinking of sending Nico to the Warp!

Lori: I can never banish Nico to the Warp. But now that I know it's the Digimon Emperor that released the villains we had in our prisons, I now want to literally kill The Digimon Emperor for everything he did!

Me: Get in line Lori. I want to kill him first. But right now we have to kill Oogie and then tend to Nico. Look at him.

We saw Nico in a state of shock. He was in the Thousand Mile Stare Mode.

Vegeta: Bokrua are you all right?

Me: Master Vegeta don't touch him. He's in the Thousand Mile Stare. It's common in people with PTSD.

Mr. Touch: The Digimon Emperor is still going to be able to carry out Clix's predictions.

Mr. Go: But at least he'll have to do so without Nico's body now.

Me: Yeah but we have to make sure that he still pays for his crimes in full. And in blood.

Lincoln: Big time! Nico was tormented all to hell because of him!

Laney: The Digimon Emperor is a monster that needs to be Super

Hakaied now!

Me: And he will. But now the Digimon Emperor doesn't have his eyes to help him now.

Lincoln: Yeah!

Mumbo Jumbo: (to Arkayna) You guys aren't seriously thinking of sending Nico to the Warp, are you?

Arkayna: Never in a million years. You heard what Lori said. Now she wants to kill the Digimon Emperor more than ever.

Starlight Glimmer: Along with all of us. He really crossed the line when he messed with Nico's head.

Trixie: Big time and he will face the wrath of us and The Great and Powerful Trixie!

Juniper Montage: All that and more and he will suffer for it.

Stygian: (British Medieval Accent) We will not show any mercy on him.

Twilight Sparkle: Yeah he has!

Megaforce Rangers: Rangers, that's a Super Mega Win.

Me: We're not done yet.

?: You will be done by the time we're through with you!

2 figures came out and it was HAWK AND HANK!

Me: Oh great! Can't you buttface bullies go bother someone else!?

Hank: What's wrong, J.D.? You look like you lost your best friend.

Hawk: That's because he has. Anyone who treats their own friend badly is lower then dirt!

Me: You shut up you fuckers. We're not in the mood to deal with your banter now.

Carol: Yeah you two are just cowards.

Eli: What Number caused you to Escape?

Hawk: This one.

He showed the Number Card and it was NUMBER 79: BATTLIN' BOXER NOVA KAISER!

We gasped!

Eli: Number 79: Battlin' Boxer Nova Kaiser!

Eli ran fast and kicked them all over and knocked them down and defeated Number 79. He got the Number card and Laney tied them up.

Me: Lets go get Oogie!

We went to find Nico and May grabbed Nico and we saw a GIANT OOGIE!

Me: WHOA LOOK AT THE SIZE OF HIM! Just like a year and a half ago.

Giant Oogie Boogie: **SO YOU ALL CAME! NOW YOU ALL WILL DIE!**

Me: You won't win Oogie! You will pay for your crimes just like when we killed and Hakaied Maleficent! We played all your devilish games and brought the pain to all your minions and now all that's left is to finish you off once and for all!

Giant Oogie Boogie: **YOU ARE REALLY STARTING TO PISS ME OFF!**

Me: You make me sick Oogie! You don't care about anyone but yourself and your own twisted ego!

I punched him in the face and knocked out some of his bugs and Lana was eating them.

Lana: (Munching) Yummy! His bugs are delicious!

Sally: You are really special Lana.

Lana: Thanks Sally.

Giant Oogie Boogie: **I'M JUST GETTING STARTED!**

Me: So am I.

---

Oogie: Well, well, well!

What pests, you are!

Still around, huh?

Oh, can't say I like that!

So why don't you just give up?

You know, surrender!

Jack: It's over!

Me: It's over!

Jack: Your scheme was bound to fail!

It's over!

Me: You're finished here!

Jack: Your next stop will be jail!

Oogie: They mock me! They fight me!

I don't know which is worse!

I might just split a seam now

If I don't die laughin' first!

Ha, ha, ha!

Jack: What's this? A trick?

Venom: We're not impressed!

William: You're bad, and now you're tall!

Maria: It makes it all the more worthwhile

To see a giant fall!

Oogie: Talk, talk, talk! But I tell you

This giant's goin' nowhere!

If I were you, I'd take a hike!

There's danger in the air!

Whoa-oh!

Jack: Whoa-oh!

Oogie: Whoa-oh!

Me: Whoa-oh!

Oogie: Whoa-oh!

Jack: Whoa-oh!

I'm the only Pumpkin King!

---

Jack: Halloween Town is mine!

Eddy: You tell him, Jack!

Oogie: Well, aren't we confident?

Nico: Oogie Boogie, You have failed this entire universe!

---

Jack: Well, we're feeling angry

And there's plenty left to do!

We've fought your most unwelcome help

And now we're after you!

Oogie: Even if you catch me

You could never do me in!

I'm ten stories high, and just as strong!

Which means I'm gonna win!

Jack: Whoa-oh!

Oogie: Whoa-oh!

Nico: Whoa-oh!

Oogie: Whoa-oh oh!

Jack, Oogie: Whoa-oh!

Lincoln: Whoa-oh!

Jack: I'm the only Pumpkin King!

---

Jack: This ends here!

Oogie: I'm laughin' to death!

Iron Boy: Seems appropriate.

---

Jack: It's over! Stewie: You're finished!

Elena: You'll never get away!

Riku: You, the Seven Holidays King?

Yeah, that'll be the day!

Oogie: How feeble! How childish!

Is that the best you've got?

You think that you're heroes, boys!

But I think you are not!

---

Oogie: I'm the Seven Holidays King!

Me: Like THAT will ever happen!

Jack: You're king of nothing!

Edzilla: ED SMASH OOGIE BOOGIE!

Ed punched the Giant Oogie Boogie with devastating force!

Me: You make me sick Oogie!

---

Oogie: Whoooah!

Now it's time for you to see

What it really means to scare!

'Cause I'm a gamblin' Boogie Man

Although I don't play fair!

It's much more fun, I must confess

With lives on the line!

Not mine, of course, but yours, old friends!

Now that'd be just fine!

Whoa-oh!

Jack: Whoa-oh!

Oogie: Whoa-oh!

Loud Sisters: Whoa-oh!

Oogie: Whoa-oh!

Jack: Whoa-oh!

I'm the only Pumpkin King!

---

We punched and kicked and smashed him all over the place. Najarin and Lystone blasted him all over the place and more.

?: I'll help you too!

A figure came out and it was Gentaro Kisaragi of Kamen Rider!

Me: Gentaro Kisaragi! It's an honor to meet you.

Gentaro: Same here. Lets take him down.

We went at him and blasted him all over.

Sixshot: Lets take him down!

Eartha: Yeah!

Windcharger: Lets do it!

Sixshot, Eartha, Windcharger and Sly Cooper all used the Earth, Gemina and Animatron Cyber Planet Keys and they enhanced Sixshot's abilities and weapons, Eartha's Powers, Windcharger's Magnetic Field Projector's and Sly Cooper's powers 100-fold.

Sixshot and Eartha: STARBURST EARTH STRIKE!

Sixshot went into his jet mode and fired laser blasts and Eartha fired waves of earth.

Windcharger and Sly Cooper: MAGNETIC THIEF BLASTS!

Windcharger fired a blast of magnetic energy and Sly fired a wave of energy and the blasts all hit Oogie and exploded!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Brittney: Lets rip him apart!

Jack Skellington, Sora, Lana, Goths of Darkness, Dark Signers and Eli: HALLOWEEN MEGABLAST SURPRISE!

They fired a massive blast of darkness fire and energy and the blast hit Oogie and exploded with incredible power!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

But Giant Oogie was not finished yet.

Giant Oogie just grabbed Nico.

Giant Oogie: (slams Nico into the ground) Humpty Dumpty sat on a wall. (slams Nico into the ground again) Humpty Dumpty had a great fall. (slams Nico into the ground again) All the king's horses and all the king's men. (slams Nico into the ground again) COULDN'T PUT NICO BACK TOGETHER AGAIN!

Kalin: Nico, hang on. We're coming!

I kicked Giant Oogie in the face and he let go of Nico!

Me: YOU WILL PAY FOR YOUR CRIMES! I'VE HAD IT WITH YOU OOGIE!

I slashed Oogie's stitches and cut his stomach open and bugs were pouring out of him and Oogie was dying.

Lana was eating all his bugs.

Oogie: OH NOT AGAIN! MY PRECIOUS BUGS! MY PRECIOUS BUGS! (Voice Fading) MY PRECIOUS BUGS!

Lana ate all his bugs and then burped out Oogie's Spirit!

Me: You will never be a Holiday or anything like that! (Holds hand to his ace) Goodbye forever! SUPER HAKAI!

I erased Oogie from existence for all eternity!

Me: AND GOOD RIDDANCE TO BAD RUBBISH!

Lincoln: YEAH!

We freed The Seven Holiday Leaders.

Me: Are you all okay?

Uncle Sam: Yes thanks to all of you.

Santa: I can't thank you enough for stopping Oogie.

Zarya: It was no problem. But why did you want to talk to me specfically.

Spiderman: Me, Eddy, Ed, Tara, and Double D are with Zarya to keep her company.

Santa (to Zarya): It's come to my attention that J.D., Lincoln, and his sisters will need time to recover from what happened today. That being said, a temporary leader is needed.

Zarya: And you think that leader should be me?

Tara: Well, you are J.D.'s partner in the Ridonculous Race. And one of his future wives.

Double D: I speak for all of us when I say that you're the next leader of the team. At least until Xemnas and the Digimon Emperor are dealt with.

Zarya: If that's the case, then yes. I'll accept this temporary leadership position!

Santa: Good. (to the Eds) Now, I have something for the three of you.

Santa gives the Eds a bag of Jawbreakers.

Eddy: Jawbreakers? Cool! (to Zarya) Wanna try?

Zarya: (smiles): Why not?

Zarya, Eddy, Ed, Double D, Spiderman, and Tara eat the jawbreakers.

Ed: (to Santa) Can I be an elf someday, Santa?

Santa laughed.

Santa: You do have what it takes to be a good elf Ed.

Me: Also Zarya, I will come with you to see how you do. I love you just as much as all my future wives.

Zarya: Thanks J.D.

Me: You're welcome. How are those jawbreakers?

Zarya: Delicious.

Me: Awesome.

Eddy: Want a jawbreaker Luan?

Luan: You bet Eddy.

She had one and it was great.

Me: And Zarya since you are gonna be temporary leader.

I gave her my Sword of Harmony.

Zarya: Your Sword of Harmony?

Me: It's just till after we kill Xemnas.

Zarya: Thanks J.D.

Me: You're welcome.

Captain Boomerang: Well, despite what happened, we took Oogie down and saved all the Holidays.

Jack Skellington: And even though Oogie's gone for good, I'll still help you guys if you ever need me.

Mirror Master: Glad to hear it, Jack.

Mumbo Jumbo (to Santa): Can we have early Christmas presents, Santa? It'll help lift our spirits after what happened today.

Me: Nice try Mumbo. But Santa we're sorry this happened to you.

Santa: It's all right J.D. but thank you so much for saving me again.

Me: You're welcome Santa.

Santa: I Think you have bigger problems though.

Me: Yeah we got to help Nico.

Santa: God bless you all J.D.

Me: Thanks Santa. God bless you too.

Santa left and then a Dark Corridor appeared and it was AXEL THE FLURRY OF DANCING FLAMES!

**Axel** is a major character in the *Kingdom Hearts* series, as well as an anti-hero/anti-villain in the franchise. He is a pyrokinetic Nobody who originally served as the eighth member of Organization XIII. He is initially introduced as somewhat of a laid-back character, though he develops significantly over the course of *Kingdom Hearts 358/2 Days* and *Kingdom Hearts II* .

He was voiced by the late Keiji Fujiwara in the Japanese version, and Quinton Flynn in the English version.

Prior to his attempt to infiltrate Radiant Garden with his best friend Isa, Lea finds Ventus and cheers him up. After stating to a confused Isa his ideals, Lea attempts to sneak into Ansem the Wise's castle before they thrown out by Dilan. Years later, Lea's heart was removed from his body by Terra-Xehanort, creating Axel. Isa also received this fate, creating Saïx. Xehanort then recruited Axel, along with Saïx to be No. 7 and No. 8 in the new Organization XIII.

## Befriending Roxas

Chronologically, Axel is not seen again until the beginning of *Kingdom Hearts 358/2 Days* . Axel, along with Xemnas, introduces Sora's Nobody, Roxas, into the Organization as No. 13. Roxas later forms a friendship with Axel, and they repeatedly meet up on top of the Twilight Town Clocktower to share their favorite sea-salt ice cream after finishing the day's work. Axel is also partnered with Roxas on numerous missions. He jokes that the Organization has made Axel Roxas's "babysitter".

## In Castle Oblivion

A few times in the game, Axel is sent to Castle Oblivion, looking for the Chamber of Waking, as well as both Replicas created by Vexen, and eliminating traitors to the Organization. While in Castle Oblivion, he meets Sora, who is not entirely sure if Axel is an enemy or a friend. Having plotted with Saix to eliminate other Organization member to rise through the ranks, he joins Marluxia and Larxene in conspiring to overthrow Xemnas by using Sora as their puppet, in order to gain their trust he kills Vexen on Marluxia's orders, upon gaining their trust he allowed Namine to escape, shortly after Larxene's defeat, Marluxia discovers that Axel acted as double agent in their plan, citing his role in elimination traitors in the organization Axel prepares to eliminate Marluxia but the latter summons Namine as a shield to prevent Axel from killing him, Unfazed Axel tells Marluxia that it wont do him any good, just then Marluxia manipulates Sora as he arrives, stating Axel was after to get Namine Axel persuades Sora not to fight him. but Sora states he will fight Marluxia after he is finished with him, he then fights Sora only to be defeated but Axel simply disappears instead of dying. He and Sora indirectly work together to defeat the other members of the Organization in the castle: Marluxia, Larxene, Vexen, Zexion and Lexaeus. Axel uses the Replica of Riku to achieve this, until the Replica is destroyed by the real Riku.

Some time after, Axel returned, and the first thing he did was find Roxas so they could have ice cream at their usual spot. Axel later befriends a perfect replica, modeled with Sora's memories of Kairi, named Xion, after Roxas introduces him to her. However, as both Roxas and Xion realize themselves and their roles, they become more distant from Axel.

## Axel vs Xion

After Xion deserts the Organization, Axel is ordered to hunt her down, though he doesn't want to harm Xion. However, he becomes irritated when he realizes both Xion and Roxas are cutting him off, and attacks Xion. He is unable to kill her, and only manages to knock her unconscious, and brings her back to the Castle. However, he then collapses from his injuries.

## Roxas Leaves the Organization

At the ending stages of the game, both Roxas and Axel lose contact with Xion. Roxas, confused and angry, leaves the Organization as well, greatly saddening Axel. Later, Xion appears in Twilight Town and battles Roxas with new power gained from Sora. After Roxas eventually kills Xion, Axel gradually forgets she ever existed. Axel is last seen in *358/2 Days* when he receives a WINNER sea-salt ice cream stick from Roxas.

## Meeting Roxas Again

After losing a battle with Riku, Roxas is placed into a computer-simulated version of Twilight Town, created by DiZ, who also temporarily wipes Roxas' memories. Axel is tasked with returning Roxas to the Organization, so he travels into the virtual Twilight Town, and duels with Roxas and reveals key information about his past to jog his memory. Axel loses the duel, and is thrown out of the simulation by DiZ, who convinces Roxas that Axel was a dream.

Then, Axel enters the virtual world again, this time under orders to kill Roxas. He again attempts to restore his memory, but fails. He summons lesser Nobodies to weaken Roxas, then goes in for the kill. He is stopped by DiZ, who helps Roxas escape Axel. At this point, Axel realizes he has no choice but to obliterate Roxas.

He attempts to attack Roxas a third time, this time accompanied by higher-ranking Nobodies. However, Roxas defeats these Nobodies, and attacks Axel with dual Keyblades, named Oathkeeper and Oblivion. Axel is surprised by their power, and loses the battle. Axel falls back, and chooses not to carry out his mission.

## Baiting Sora

After Sora awakens from his year-long sleep and rejoins with Roxas, Axel kidnaps Kairi from Destiny Islands, to try and draw Sora out so Roxas could be resurrected. However, Kairi proves more troublesome than Axel expected, and escapes to Twilight Town, where she hides from Axel. However, Axel finds her and hands her over to Saïx. Xemnas suspects Axel's motives, and thinks Axel will soon defect from the Organization.

## Defection

In Hollow Bastion, Axel meets Sora again, revealing small bits of information about the Organization. Sora realizes that Axel is the one who kidnapped Kairi. However, when Axel confirms this, Saïx appears, prompting Axel to escape through a dark portal. It is that this point that the Organization confirms that Axel has defected.

When Sora attempts to travel to the Organization's headquarters, he is trapped by an army of Nobodies in Betwixt and Between. However, Axel arrives, and aids Sora in battling the Nobodies. Just when they are about to be overwhelmed, Axel uses an attack that uses up all his energy and his life force, utterly draining him. He does this to allow Sora to continue, as Sora is Roxas's whole form. After saying a last few words, he opens a portal to the World that Never Was, and finally dies.

## Reincarnation

Axel is reincarnated in his original form of Lea in the beginning of *Kingdom Hearts 3D: Dream Drop Distance*, and he looks exactly like his Nobody self, the only difference being Lea lacks the purple marks underneath his eyes. When he was reincarnated, Lea noticed that Dilan, Xaldin's Somebody, Even, Vexen's Somebody, Ienzo, Zexion's Somebody, and Aeleus, Lexaeus' Somebody, were also reincarnated. However, Braig, Xigbar's Somebody, and Isa were nowhere to be found. Lea searched the entire castle for Braig and Isa, but neither of them could be found. Ienzo suggested that if the two are not in the castle, then they could be at a place known as Traverse Town.

Sometime afterwards, Lea went to the Mysterious Tower to become a Keyblade Master. He used a Corridor of Darkness to get there. But about halfway there, Lea spotted Maleficent and Pete holding Queen Minnie hostage. Lea rescued Minnie by throwing one of his chakrams at the two. After Maleficent and Pete retreated, Lea exited the Corridor, wanting to help Sora and his friends, as well as wanting to see Yen Sid so he could be a Keyblade Master. While Sora and Riku were in the Dream Worlds, Lea was training with Yen Sid and the three Good Fairies.

Later on, Sora was captured by the True Organization XIII after being trapped in a deep sleep by Young Xehanort. Riku and Mickey tried to rescue him, but were restrained by Ansem, Seeker of Darkness and Xemnas. Luckily, Lea, along with Donald and Goofy, showed up to rescue his friends. During the rescue, one of the Organization members, wielding a familiar claymore, attacked Lea. His attacker's hood fell off, revealing that Saïx/Isa had sided with the Organization, much to Lea's dismay. Xehanort and his cohorts took their leave, allowing Lea and the others to escape.

When all of them returned to the Mysterious Tower, Riku decided that he should be the one to travel into Sora's heart to awaken him. Lea replied that he would help Riku should he fall into the darkness. After Riku was successful, Lea and the others were celebrating Riku for saving Sora. Shortly after Riku was appointed Keyblade Master, Lea claims that he'll catch up to Riku soon while revealing to them his intent to use a Keyblade. Trying to manifest it once more, Lea gets astonished when his Keyblade appears, which shocked everyone else as well.

It was later mentioned by Yen Sid that Lea is training to wield a Keyblade under Merlin and later in the ending of *Kingdom Hearts: Birth by Sleep 0.2 -A Fragmentary Passage-*, it is revealed that Kairi will be joining him in the training as well for the coming war.

In *Kingdom Heats III*, Lea continues his training with Kairi in the secret forest. a place in which time does not run giving Kairi and Lea as long as they need to continue training, he appears next to her while she is writing a letter to Sora whom she states that it its more her than it is for Sora. Lea then gives her a sea-salt Ice cream much Kairi's surprise, Lea states he has done this out of celebration for him and Kairi now that they have become Keyblade wielders, Kairi then notices Lea staring at her and asks him if he had forgotten something to which he admits, changing the subject Kairi expresses excitement for their duel into the ring telling Lea not to hold back but at that exact moment Lea remembers Xion, Overwhelmed by this he begins to get upset leading Kairi to comfort him, but he brushes it off as something, he begins to leave with Kairi telling him to stop apologizing for him kidnaping her previously while he was still in the Organization, he states he will under one condition, Kairi has to call Lea, Axel from now on to which she accepts.

Later on top of Twilight Tower, Lea is sitting alone with sea-salt ice cream which is one for Roxas and one for Xion upset about, Saïx appears but talks to him as if they were still friends with no intention of fighting him he takes a sea-salf ice cream from Lea much to his annoyance Saïx asks him why he bought three something which Lea refuses to respond and instead asks what Saïx is doing here to which the former states his signature catchphrase "got it memorized?" they have a conversation about joining the organization while they were somebodies the two of them befriended a girl known as Subject X who was held inside the castle of Radiant Garden following her disappearance they become apprentices for Ansem the Wise after he too vanished they became nobodies and members of Organization XIII. Saïx states the real reason from climbing up the ranks and following Xemnas was their only means of finding her however unfortunately for them they had no luck in finding her, Lea then attempts to persuade Saïx in leaving the Organization, Saïx states that Roxas is just like Subject X, whom is gone forever and that he needs to accept that but an enraged Lea states he will be bringing everyone back especially Roxas he even states he will be dragging Saïx home. Saïx then changes the subject to which Lea's upside-down tear markings are missing, which have stopped him from crying. Lea states he doesnt need them anymore. Lea and Saïx then part ways expected to fight each other at the

Keyblade Graveyard for the fated final battle.

Lea joins the the other Guardians of Light to fight against Master Xehanort and his thirteen darknesses fighting thousands of Heartless and Nobodies along the way, eventually they encounter Terra-Xehanort. Terra-Xehanort then attempts to attack Kairi but Lea throws himself in between them protecting her ending up unconscious he and the others minus Sora are taken from a swarm of heartless and hearts are separated from their bodies. though Sora eventually manages to get his heart back and go back in time before their encounter with Terra Xehanort.

Lea and Kairi later fight against Saix and a hooded Xion, Sora soon comes to their aid and Saix uses his Beserk mode and overpowers Lea who steps in the way to prevent him from killing Sora and Kairi. Saix was about to kill his former friend but Xemnas appears still angry at Axel for betraying the organization prepares to kill him but Xion stops him claiming he needs him alive but Xemnas states he need his heart to forge the key and that he doesn't need his soul but having noticed the two were friends he gives the task of killing him to her, Lea then wonders who the hooded member is she prepares to strike hiim down but Sora intervenes calling Xion's name in Roxas' voice causing her to be overwhelmed with past memories. Enraged, Xemnas kicks Xion and Sora causing the former to reveal her face and Lea is overwhelmed by his memories of Xion, Xemnas prepares to kill Xion but Lea tries to stop him by grabbing his leg only or the Nobody to stomp on his foot.

Suddenly, a heart escapes from Sora and with a vessel provided by Vexen, Roxas returns telling Xemnas to lay his hands off his friends much to Lea's joy after explaining his return to Xemnas, the latter kidnaps Kairi and leaves forcing the three former Organization XIII members and Sora to fight Saix but Xion tells Lea to rest due to his injuries. after Roxas Xion and Sora defeat Saix, Lea runs over to him expressing his disgust on what the Organization reduced him to. Saix explains to Lea he joined in search of their missing friend he expresses his anger at Lea that he went on to make friends with Roxas and Xion leaving Isa and their friend in the dust he explains he lost all sense of purpose, Lea tries to reassure him he didn't forget about him, Saix admitted deep down he wasn't the type of person and that he was only jealous of him, having made amends with his former friend they call each other by their real names before the latter is recompleted as his former self. After this he tells Sora to go find Kairi as he Roxas and Xion have an emotional reunion.

Lola: Axel!

Me: Looks like we're not done yet. And you picked a really bad time to fight.

Lola: No J.D. This is my fight. Axel, you are Lea's Nobody and you would make an awesome addition to the Masters of Evil.

Axel: (to Lola) Ok. I'll gladly think about joining the Masters of Evil when this battle's done. But you should be less concerned about me and more concerned about Nico. The poor kid's all shaken up!

Lola: We know Axel. It's because of The Digimon Emperor. He caused so much pain to him and us!

Axel: That monster will pay.

Lola: Big time! But by Nico's hands.

Lola had fire swirl around her feet and around her in a powerful fire aura.

Lola: The fire will be strong with this.

Then a massive vortex of fire exploded out and it went high into the sky and formed into a Phoenix. It screeched magnificently as stellar energy and star energy and cosmic energy poured into it and Lola's energy was rising fast. The phoenix and vortex of fire faded and went down and Lola emerged from a dome of fire and she was forever changed. She had the appearance of a 21-year-old girl and she had longer blond hair with red and orange highlights in her hair and she had fire burning in her sclera and her pupils were red and she had a phoenix with the kanji for fire in it emblazoned in the middle of her forehead. She had fire kanji earrings. She had a pink, red, orange and yellow fire shirt on and she had a pink skirt with flames on it and she had pink combat boots on and she had a fire sleeveless trench coat on and it had the kanji for Lola Marie Loud, Princess of Fire and Champion of Gabija and Inferno of Beauty Pageants. She had wings made of incredibly intense fire and she had a sword on her hip with a blade of pure fire. She was now a SUPER ANGEL 25,000,000 INFERNO FLAME PRINCESS!

Me: WHOA! Lola you look amazing!

Lana: WOW! Lola you sure do!

Lincoln: How do you feel Lola?

Lola: (Older Divine Fiery Burning Voice) **I feel amazing guy. Now my fire is stronger than ever before and I can take on the toughest of all challenges.**

Varie: You sure can. Wow!

Lily: Incredible!

Lola: **Now for me to get the Masters of Evil to get a new recruit.**

Lola had her sword ready and Axel had his Chakrams appear in a vortex of fire and she went at him and clashed with him in a massive inferno fo fire. The area turned into a massive field of fire and she was absorbing fire like a massive sponge and they clashed incredibly. The fire was so intense that it felt like we were on the hottest star in the universe. It was so intense that we were sweating buckets. Lola slashed and cut Axel all over and kicked him into the air and he crashed down into the ground with incredible force and Lola freed him from the ties of Organization XIII.

Lola: **You are free from Xemnas's evil Axel.**

Vypra: Welcome to the team Axel.

Axel: Thanks Vypra. You are gonna be a much better boss for me than Xemnas.

Jack Skellington: So awesome. (To the viewers) We've seen the last of Oogie Boogie. But there are more adventures to come.

Me: Yep there are.

We went back home and Hawk and Hawk were put back in jail and in Solitary Confinement.

Nico was walking to my room when May and Maria caught up with him.

Maria: Nico, what the Hell is going on with you?

May: Is this your idea of a joke or something?

Nico: Do I look like I'm laughing right now?!

May: Nico, I know you'd never free those 6 jerks. But I don't know what's going here!

Nico: I'll tell you what's going on. I had Norm fully restore Jock, Burns, Plasmius, Plankton, Crocker, and Goobot! (May and Maria gasp) Just like Oogie said! And now, J.D. and the others are about to throw me into the Warp. FOREVER!

Maria: Nico, where are you going?

Nico: (solemnly) To my room. It's the last place J.D. and the others will look.

Maria: You know they'll just get in easily, right?

Nico: Not if I put a power neutralizing lock on my room.

May: Nico, please! Don't do this! I love you!

Nico: (smiles sadly) And I love you too.

With that, Nico kissed May for what might be the last time.

Me: Poor Nico.

Eli: Yeah.

Me: Digimon Emperor I will mount your fucking head on a pike for this!

Lori was on the couch sad.

Lori: (starts to cry) I didn't know that it was Nico that I was threatening!

I had Lori on the sofa and she was looking at me as I was pacing back and forth.

Me: (Clears throat) Now Lori, I take it you know why you are on the sofa and why I'm pacing like this right?

Lori: Yeah I'm literally in trouble.

Me: Yes that's right. I know you're upset at everything that the Digimon Emperor did to us and to Nico. And I am too but that gives you no right to say that you will banish Nico to the Warp!

Lori: (Crying) I'm so sorry! It's just that…

Me: I know Lori. I know. I'm mad at the Digimon Emperor too especially to the point where I want to banish him to a planet that's going to explode at any minute. But let me tell you some facts. Nico is my second in command and he is an important part of the team. He helped us more than anything. You know he was going through some bad times in his mind. You know that right?

Lori: (Sniffles) Yes!

Me: Good. Then you know about what happened to him in his past right?

Lori: (Sniffles) Yes!

Me: And over the last few days he did so many terrible things because of the Digimon Emperor right?

Lori: (Crying) YES!

Me: Then you have no right to banish Nico to the Warp like that because of the Digimon Emperor. Especially after all the pain and suffering that the Digimon Emperor caused

to not just him but also the entire Digital World. We have to be there for him more than ever. He locked himself in his room now and it's all your fault!

Lori: (Crying) I'M SORRY! I DON'T KNOW WHAT I WAS THINKING! I WAS JUST LITERALLY ANGRY!

Me: I know Lori. I am too. And I'm angry to the point of wanting to tear this entire planet apart. But I promise that the Digimon Emperor will suffer for his crimes and he already is. But right now when Nico gets out of his room and we kill Xemnas and the Digimon Emperor, you owe him an apology and it had better be a good one.

I left Lori to think.

Lori: Oh what have I done!? What have I done?

# Light and Hearts Part 7

DISNEY CASTLE

---

In the early morning hours at 2:09 AM, I was asleep and having another dream. But this one wasn't a vision into the past. It was a message from the spirit of the Tree of Harmony. In my dream I was standing in front of the Supreme Grand Tree of Harmony.

Me: The Supreme Grand Tree of Harmony.

The Spirit of the Tree came to me in the form of Twilight Sparkle.

Me: Great spirit.

Spirit of the Tree: Hello J.D. I'm really sorry about what happened to you and and everyone and Nico.

Me: It's not your fault Spirit. But justice will be brought to the very monster that plagued Nico's life.

Spirit of the Tree: I understand. But there is something here you need to see.

She lead me to inside the tree and on a flower was a crystal chest in the shape of a 24 sided dice and it had 12 locks on each of the 12 sides of it.

Me: Wow. What's that?

Spirit of the Tree: This is the seed of a new home for all of you. To unlock it you have to find the 12 keys that go to it.

Me: 12 keys? You mean like one that represents each of the Elements of Harmony?

Spirit of the Tree: Exactly.

Me: I have a feeling I know where we're gonna start first for that. Twilight Sparkle and friends.

Spirit of the Tree: That is a good place to start. This seed is gonna be the salvation to all your friends and more.

Me: I will try my hardest to mend our lives back together.

Spirit of the Tree: I know you can J.D.

I woke up at 8:00 AM.

Me: (Yawns) Wow. That was interesting.

I went down to have breakfast and saw everyone still upset about what happened in Halloween Town. I was sad seeing this. I saw Nico not there and knew he was really upset.

Me: (In my head) Oh poor guys. That trip to Halloween Town was a major nightmare. And from the looks of things Lori hadn't slept at all because of guilt.

I looked at Lori and she had baggy eyes and mascara lines were on her face from crying so hard.

Me: (In my head) Maybe I was too harsh on her. I probably went overboard saying all that.

I went into the kitchen to get my breakfast.

Vince: Morning partner.

Me: Morning Vince.

Carol: How did you sleep J.D.?

Me: Good Carol thanks. But I'm worried about everyone. That trip to Halloween Town was one from Hell.

Carol: I know. I tried talking to Nico but he is totally racked with guilt.

Me: Curse that Oogie. He had to open his fucking big mouth. I'm glad he was Hakaied. But what has me worried is the Loud's.

Carol: Yeah. They are really upset. What are we gonna do?

Me: I don't know what we can do Carol.

Naruto: Yeah we just have to wait.

Eli: I'm really worried about all of them. Especially Nico.

Me: I know bro. But like Naruto said we just have to give them some space.

Eli: Okay.

I made Nico some breakfast.

I went up to his room and knocked on his door.

Me: Nico it's me.

Nico: (From inside his room) I'm not in the mood to talk.

Me: I have your breakfast. You got to eat something. You don't want to starve.

Nico: Oh right. Come on in.

He disabled the power neutralization field and I went in and saw him laying on his bed in total despair and guilt in the dark. He had the lights off.

Me: I'll just leave it here on your nightstand okay?

Nico: Whatever.

I put it on his nightstand.

Me: Nico I'm sorry about what happened yesterday. But when you want to talk some more just let us know all right?

Nico: Okay.

I left and shut the door and Nico put the Power Neutralization Field back on. I went back downstairs.

Twilight Sparkle: How's Nico doing?

Me: Not good. He's really sulking. He's feeling so bad about what happened yesterday that he is starting to get lost in despair. I don't know how much longer I can stand seeing him suffer like this.

Sunset Shimmer: I know. The Digimon Emperor really did a number on him.

Me: Yeah. Even though we were warned about it, Nico's dark past caught up to him and came back strong.

Naruto: Yeah.

Carol: Poor guy.

Becky: I can't believe that Nico would go through all this.

Paige: Me neither. He went through a nightmare.

Laney: I think that's an understatement Paige. None of us knew the full extent of what happened with Nico and the Digimon Emperor until we found out about it yesterday in full detail.

Me: Blame Oogie for that. I just wish we could help him.

Twilight Sparkle: Yeah.

Applejack put her hand on my shoulder.

Applejack: Buck up J.D. You'll figure something out and you did help Nico many times before.

Me: You're right. I did. But it's best to let him think about this.

Rarity: Indeed.

Me: But girls I had another vision dream.

Fluttershy: What was it for this time?

Me: It was about the Supreme Grand Tree of Harmony and it came to me in spirit. It showed me a seed it had. I'll show you.

We went to the tree and I showed them the seed chest with the 12 locks.

Twilight Sparkle: Whoa! So it has 12 locks now?

Sunset Shimmer: Wow. That's amazing.

Twilight Sparkle: This is the same kind of chest that we unlocked that gave us my Castle of Friendship.

Me: In my dream I was told that we have to find the 12 Keys of Harmony and it's gonna be a very difficult task. But we can do it if we all work together.

Eli: Yeah!

Sunset Shimmer: So we have to find the 12 keys of Generosity, Honesty, Kindness, Laughter, Loyalty, Forgiveness, Hope, Courage, Justice, Empathy, Humility and Magic.

Me: It's gonna be like trying to find a needle in a haystack. But 6 of you have done this before.

Rarity: We sure have.

Me: We'll have to worry about it later though. Right now helping Nico and finishing our adventure is our top priority.

Twilight Sparkle: Good thinking.

Starlight Glimmer: It sure is.

* * *

Later we were over at an awesome Equestria Trading Market.

Me: Wow. So this is the Equestria Trading Market.

Applejack: Yep. Lot of ponies come here to buy and trade.

Eli: Wow. Look at all this stuff.

Me: There's a lot of it.

Zarya: There sure is. It's so cool.

Then we saw two Carnival Salesman ponies. They were Applejack and the Apple Family's archenemies THE FLIM FLAM BROTHERS - FLIM & FLAM!

---

The **Flim Flam Brothers** are recurring antagonists in *My Little Pony: Friendship Is Magic* and the main antagonists of the Holiday special, *The Best Gift Ever*, despite their small role. They are twin unicorns and charismatic con-artists who frequently antagonize the Mane 6, despite that they saved Equestria a dozen times, trying to scheme them and everypony to become richer. Particularly they are also the former archenemies of Applejack.

Flim is voiced by Samuel Vincent (who also voices Lord Betrayus), and Flam is voiced by Scott McNeil who also played Nate Grimes from Woody Woodpecker, voiced the Evil Masked Figure from Scooby Doo, and some ninjago villains like Overlord (Ninjago), Nadakhan, Clouse (Ninjago) and others.

Season 2

In "The Super Cider Squeezy 6000", the brothers drive into one of the gates of Sweet Apple Acres' apple orchard on a cider-making contraption and introduce themselves through song and dance. They challenge the Apple family to a cider-making competition against their machine, The Super Speedy Cider Squeezy 6000. With Ponyville's citizens faced with the dilemma of a limited quantity of manually pressed cider, they turn to the Flim Flam brothers and their automated cider production. The brothers attempt to broker a deal with the Apple Family, who will supply them with their delicious apples, and they will sell the cider under the Flim Flam brothers name. They call for a 75-25 split in profits in their favor.

The Apple Family denies the offer, which prompts Flim to state that if the Apple Family refuses to partner up with the brothers, they will run the family out of business and Ponyville. The Flim Flam brothers challenge and provoke the Apple family into a cider-making competition, and end up winning the competition.

The brothers in panic, change the setting of the machine so it no longer preforms quality check what goes into their cider and make more barrels of cider. The end result of this action causes the cider to taste horrible and all the ponies refuse to drink it. Realizing no pony in Ponyville will pay for their cider, regardless that they won, the Flim Flam brothers decide to try the next town over, and beat a hasty retreat. This alludes to the fact that this is not the first time the brothers have been run out of a town because of their tactics (and most likely won't be their last either).

Season 4

The brothers return in the episode "Leap of Faith", this time selling a product called the "Flim Flam Miracle Curative Tonic", using a song number to hype it as a panacea able to cure any ailment and injury, and even restore youth, among other outrageous claims. The tonic appears to work on a crutch-wielding volunteer in the audience, who casts off his crutches after drinking it; and later on Granny Smith, who overcomes her crippling fear of swimming.

Suspicious of Flim and Flam, Applejack visits the brothers' tent that night and discovers that the volunteer pony, Silver Shill, is part of the brothers' act to promote the tonic. When confronted by Applejack, the two partially admit that their tonic is a useless mixture of apple juice and beet leaves. However, they point out that Granny Smith's blissful ignorance of the tonic's true nature is allowing her to relive her youth as an aquapony, and guile Applejack into silence by suggesting that she would be denying her grandmother that happiness if the truth is revealed.

The next day, Flim and Flam sell their entire stock of tonic to Granny Smith for her to perform at the Ponyville Swim Meet, while Applejack unwittingly approves of its apparent beneficial effects, boosting their credibility. They set up shop at the swimming competition, promoting Silver Shill to help sell their tonic. However, Applejack realizes the bad example her dishonesty is setting for others and, after stopping Granny Smith from performing a dangerous high diving stunt, reveals that the tonic is fake. The brothers try to save face by endorsing the tonic's placebo effects, but Silver Shill, inspired by Applejack's honesty, intervenes and further confirms the brothers' schemes. Defeated again, Flim and Flam hastily flee Ponyville before anyone notices their absence.

Season 5

Flim and Flam have a cameo in the Season 5 finale "The Cutie Re-Mark Part 2". In one of the alternate timelines created by Starlight Glimmer interfering with history, the brothers have somehow conquered Equestria, turning it into a heavily industrialized nation and clearing away the forests to feed the trees into their factories' furnaces, which in turn fill the skies with smog. This timeline, along with the others, is erased when Twilight Sparkle manages to get history back on track.

Season 6

In "Viva Las Pegasus", the brothers return, this time working at a hotel. When Applejack and Fluttershy arrive to solve a friendship problem, they spot Flim and Flam after their very friendly employer/boss, Gladmane, gives them a tour. Fluttershy realizes that their dilemma is the problem they need to solve, however, Applejack refuses to help them, not only because of what they did in the past, but because she claims that everyone else is better off without them together.

Fluttershy soon investigates the two and realizes that they've been fighting since they were employed and that Gladmane had them and all his other two pony acts fighting each other so they would never leave, since they couldn't get along. Applejack and Fluttershy decide to get the brothers to help them expose Gladmane's deceptive ways, and by extension, solve all the friendship problems in the hotel. They confront the brothers and tell them what's really going on, only for them to dismiss their claims, stating that Gladmane is a good friend of theirs, only to remember that Applejack is the element of honesty and that she wouldn't lie to them over a serious issue.

Furious and reunited, the brothers decide to use one of their get rich quick schemes to bring down Gladmane. They dress Fluttershy up as a very rich pony who might like to open a casino of her own, wanting to know Gladmane's secret on how he keeps his travelling ponies working for him, with Applejack and Flam planning to broadcast his answer over his casino. To their surprise, Gladmane lies about his secret, claiming that friendship is why they stay and tears off Fluttershy's wig, stating that he practically invented their con-man technique and knew they were going to trick him the whole time.

Later Applejack and Fluttershy were forced to go to his office, where he boasts about his victory, only for the two to reveal that Flim and Flam knew that he would discover their plan and boast about it, broadcasting his evil monologue over the casino while he was gloating, revealing the truth to all of the showponies. After Gladmane is out of business, Flim and Flam immediately go back to their conman ways, taking over the casino and tricking everybody into going in the theater, despite there no longer being any acts there, angering Applejack.

Season 7

In "A Royal Problem", Flim and Flam have a brief cameo while Celestia is in the dream realm, shown playing in a massive pile of money.

Season 8

In "Grannies Gone Wild", Flim and Flam's images/statues are emblazoned all over their resort.

In "Friendship University", Flim and Flam open Friendship University, a school said to teach friendship in half the time of Twilight Sparkle's School of Friendship. The school does not charge tuition, but charges high prices for coursework material. Twilight and Rarity find out Flim and Flam stole half of Twilight's lesson plans (by only doing half the lessons, they will indeed finish in half the time) and will eventually leave the students high and dry and use the money to fund their resort. Their con exposed, they are forced to close down the school and refund the students.

Season 9

In "The Beginning of the End - Part 1", while Twilight's friends recount the villains they've taken down without the princesses' help, Applejack mentions Flim and Flam, asking if they count. In "The

Ending of the End - Part 2", Flim and Flam join with the rest of Equestria to help defeat Queen Chrysalis, Tirek, and Cozy Glow, being seen using their magic to form a force-field around the Mane 6 alongside all the other unicorns.

## Roles in the Comics

In *Friends Forever* Issue #9, The Flim Flam Brothers seem to be dissolved, when Granny see Flim at Apple con selling apple peeler she wasn't happy and tell him where his twin is and was sure that he tried to trick her when he said he didn't talk to him since weeks. Granny walk away, then she hear Flam voice who was also apple peeler, she was sure the two were working on their tricks on pony, but Flam told her the same thing that he didn't talk to his twin since weeks.

Flim decide to go sat under a tree Granny followed him sure that he was prepare trick on ponies with his brothers, but Flim tell her that they are both falling in love with the mare named Marian, the twins fight each other to win her heart, but she ended up rejecting both of them,. So, its why the brothers didn't talk to each other, Flim said that they didn't sell together for a while, and Flim didn't want to talk to Flam anymore. After listen to both of their version, she decided to reconnected them, but they were again fighting and she break threw, telling them her story about two brothers like them, but that they never reconciled after she rejected them.

Flim and Flam see that they can forgive each other and hug Granny Smith before leaving for their stand and work togheter again. Applejack asks Granny if she has something to do with the brother's sudden happiness, she finally admits she helped a little bit. When Apple Bloom asks her why she would help them after all the things they've done to them and other ponies, Granny Smith tells her that folks needed the same help as one another, even if they're as shady as the brothers.

In the *Siege on the Crystal Empire* storyline (issues #34-37), Flim and Flam are one of the many villains recruited by Radiant Hope to distract the Mane 6 while she revives King Sombra.

In the beginning of issue #34, the brothers, lamenting on their defeat by the Apple Family in *Leap of Faith* (or another unrelated incident, as the time in which their defeat occurred is not stated), are confronted by Radiant Hope, who promises the brothers a chance to get revenge on Applejack, to which they happily oblige. When the two enter the Crystal Fair, Applejack and Twilight are skeptical about letting them in, only for the brothers to convince them that they had become legitimate business men and are now using a lemonade making machine instead of a cider one. After Lightning Dust attacks the arts and crafts portion of the fair, the brothers allow Applejack to open their machine, where she finds dozens of Changelings that the brothers smuggled in, who signal Iron Will to steal the Crystal Heart. In the ensuing chaos, Applejack pounces on the brothers and effortlessly beats them into submission, ties them up and imprisons them in cages with all the other defeated villains.

In issue #35, the brothers are freed by the revived King Sombra and take part in systematically defeating the Mane 6, Shining Armour and Spike. During the huge battle, Flim and Flam use their conman techniques to defeat both Rarity and Pinkie Pie by tricking Pinkie into letting them use her party canon, stuffing her inside of it and firing her at Rarity, blasting them into the same cage Lightning Dust had imprisoned Fluttershy inside.

In issue #36, the brothers, Lightning Dust and Iron Will question their actions as they had not agreed to helping Radiant Hope overthrow the Crystal Empire, only for Queen Chrysalis to inform them that Hope's true plan was to revive Sombra so he could release the Umbrum, a race of evil shadow ponies that had been imprisoned under the Empire for thousands of years, as she was not aware of their intentions for Equestria. The brothers, Lightning and Iron Will ask Chrysalis to help them survive the up coming Umbrum invasion, only for her to back stab the group and leave with her Changelings. The brothers presumably leave the Empire afterwards.

Equestria Girls Universe

Flim and Flam's human versions appear in *A Case For The Bass.* In this universe, the brothers own a pawn shop that Granny Smith's human version inadvertently sold the human Applejack's bass to. When Applejack and her friends come to the shop to retrieve it, the brothers try to con Applejack out of a fortune, but when she explains the situation to them, the twins at first are skeptical about her ownership and find the evidence that proves otherwise to be circumstantial. However, once Applejack shows her talent by playing the instrument (and magically gain pony ears and a tail) the brothers are convinced by her ownership and when the gang (minus Applejack) glare daggers at the twins when they charge the instrument for ridiculous aspects, the con artists manage to get Applejack to trade for the instrument for advertising their store, but, ironically, get the last laugh (unlike their pony versions) when they make her dress up in a banana suit, much to her displeasure.

Flim and Flam human couterpart make a cameo appearance in *Roller Coaster of Friendship*, when the girls arrive at their stand as Rainbow Dash play to throw some balls of the goblets wich she win much to their shock and disbelief that someone win meaning that no one else win their game, while Rainbow Dash is the only one who win.

---

Me: Are they the Flim Flam Brothers?

Applejack: That's them.

Flim: Step Right up! Get your Flim & Flam Miracle Coins!

We saw a pony pay all her money for them and the coins were really cardboard coins.

Me: They just scammed her out of all her money.

Eddy: Wow! They remind me so much of what I used to be that it's scary.

Me: No kidding.

We went up to them.

Me: Hello there.

Flim: Well Team Loud Phoenix Storm!

Flam: It's an honor to meet you all.

Me: Pleasure is ours. Applejack told us so much about you guys.

Flam: We do have that kind of reputation.

Eddy: So, you two must be the Flim Flam Brothers. I used to be just like you two.

Flim: Then surely, you won't mind if you go into business with us.

Hornet Man: You know the difference between you guys and Eddy? Eddy got promoted to temporary second in command this morning!

Eddy: Yep!

Flam: Oh and how come?

Zarya: Don't ask that.

Me: It's only until things get under control. Long and ugly story.

Eddy: Also I did a scam like this a long time ago. I sold cardboard coins and painted them gold and try to sell them for 25¢.

Me: Wow. And lets see.

I picked one up and rubbed it and saw that they were still wet.

Me: This paint is still fresh. You guys have been swindling everyone!

Rarity: Now, see here, you ruffians! You can take whatever junk you plan to sell to us and-

While Rarity was talking, the Digimon Emperor, now looking like Nico, threw a bomb onto Rarity's back that began beeping.

Shino: Wait. Does anyone hear beeping?

Spitfire: There's a bomb on your back Rarity!

Me: OH FUCK!

I went to the bomb and saw that there was 10 seconds left!

I ripped it off and tore her shirt!

Rarity: My favorite shirt!

Me: Sorry Rarity!

I threw the bomb into the sky and it exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: WHOA! That was close!

Zarya: No kidding! Nice thinking honey.

Me: Yeah. This is no doubt the Digimon Emperor's handiwork. That was a C4 Plastique Thermite Bomb.

I saw a shadowy figure hiding and it was the Digimon Emperor!

Me: There he is!

He ran and I fired an energy blast and it hit him in the back and exploded and he screamed in pain. He screamed in excruciating pain and the explosion burned his entire left arm off.

Zarya: Nice shot J.D.!

Me: Thanks. That will slow him down a bit. The least we can do is slow down the Digimon Emperor long enough for Nico to kill him.

Spitfire: Good thinking J.D. The Wonderbolts will keep an eye out from the skies for him.

Me: Thanks Spitfire.

The Equestria Police came and arrested the Flim Flam Brothers and took them to jail.

Me: Nice. They'll be looking at 10 to 20 years.

Twilight Sparkle: They sure will.

Later at home we were watching TV.

Lori: (sadly) Let's just face it, guys. Nico is never going to back to the team.

Lola: Who can blame him after how we pushed him to exiling himself into his room?

Shun: Of course he'll come back. You just need to apologize for being bad friends to him.

Lynn: Oh, c'mon! We're not bad friends to Nico. Are we?

Cindersaur: (hesitantly) Well, you guys and J.D. do have a habit of ignoring his suggestions during missions. (to me) No offense, J.D.

Me: None taken. But what happened to Nico was not his fault or ours. It was the Digimon Emperor's fault. Just a couple of hours ago The Digimon Emperor put a bomb on Rarity that was gonna kill her and take the Flim Flam Brothers with her.

Everyone gasped!

Laney: That monster!

Naruto: Yeah!

Shino: J.D. saved Rarity just in time. She would've been dead if it weren't for him.

Lisa Loud: Indeed. Nice save 2nd elder brother.

Me: Thanks guys.

Nico's kids came up to me.

Videl Chan: J.D. when is daddy coming out of his room?

Me: Oh kids.

I looked at them.

Me: Your father just needs some time to himself. He is going through some bad times because of a kid that hates him that is hurting him.

Fasha: Why?

Me: It's a complex story kids.

May: That's right. But your dad will be back. We got to give him some space.

Inside Nico's room he was lying on his bed with the lights off and he was crying his heart out. Tears were streaming down his face and he was really sulking in sadness.

Poor Nico.

Me: All we can do is give Nico some space.

Gears: (to the Loud Kids) So that's it, huh? After everything you guys have been through, you're just gonna throw in the towel?! I thought you guys were made of sterner stuff.

Me: Gears don't add more fuel to the fire and fan the flames of guilt for everything the Digimon Emperor did. What happened was not Nico's fault or ours.

Gears: But J.D.!? You saw what happened!

Me: I know and what happened was all because of Xemnas. What happened was all because of The Digimon Emperor inside Nico. He made everything happen and he made Nico do the things he did. Besides we were warned about all this and we knew this was gonna happen.

Gears: Oh yeah I forgot about that.

Lori: Nico… I literally can't believe all this is happening to you!

Luna: Nico we're sorry dude!

Me: Feeling sorry for ourselves is not gonna make us feel better about it. What has me worried about this is when Nico's enemies come after him.

May: I know.

Me: But we'll worry about that later. (Gasp) Oh man! Don't you see what's happening here?

Luan: What is it?

Me: It's Xemnas. He's poisoning our minds with sadness and lies. He's saying that we are to blame for Nico going into despair. But it's not that! He's trying to break us apart! He's trying to ruin us. Turn us all against each other.

Eli: J.D. is right! I sense it in the Force. Xemnas is manipulating us into feeling sorry for ourselves so that we can be more easier to take down.

Me: That fiend! That's why I am going to kill him and make sure he never torments an innocent soul again. Well I have a few choice words for him. (Eyes glow red)

I relayed a telepathic message to him in The World That Never Was.

Xemnas was working on something.

Me: (Echoing) XEMNAS!

My glowing red eyes appeared before him and they looked at him and were filled with burning rage and hatred for him.

Me: I know what you're trying to do Xemnas. And it's not going to work! You're trying to poison our minds with sadness and despair so that we'll be much easier to take down. Well we will not be fooled by your lies anymore. You did so many horrible things and that's why I chose you as my target. I will make you pay for your crimes and make sure you never torment another innocent soul again! You better start counting down your days left. Because I'm coming for you and you had better fight me with everything you got because I will show no mercy on you and I will kill you.

My eyes fired energy blasts at him and they hit him and destroyed his powers and the Heart Moon above the World exploded!

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

All the hearts that were sucked into the Heart Moon were freed and my eyes vanished.

Xemnas was weakened substantially.

Xemnas: (Yelling At the Sky) FUCK YOU J.D. KNUDSON!

Back on our world, I came back.

Me: Xemnas is powerless now.

Eli: Nice job bro! Now he'll be easier to take down.

Me: Yep. I took his powers and made them my own and they are also Nico's. But guys, don't listen to Xemnas's lies. He's trying to get us to sulk so we will be easy to destroy. But don't listen to him. He's trying to get us to break apart.

Princess Luna: That's right. It's like what happened to me and my sister.

Gari: That's right. We can't let a monster like Xemnas hurt anyone else ever again.

Me: And we won't

Luan: That's right! Guys, J.D. has done so much for us since he moved here to Michigan 5 years ago. It's time for us to stop moping and help him on his adventures again!

Leni: Luan is right! I'm totes done moping!

Lisa: Affirmative! J.D. we're sorry to sulk like that.

Me: It's all right guys.

Zarya: Good comeback everyone. Now we can get ready for our next adventure.

Me: Yeah! And Zarya is temporary leader until Xemnas is dead.

Zarya: Alright. Now that Lisa, Leni, and Luan are no longer moping, who's ready to go to Disney Castle?

Cutthroat: For a temporary leader, you're off to a good start.

Zarya: Thanks Cutthroat.

Me: All we can do is hope that Nico will be better after all this is over.

Lisa Loud: Affirmative J.D.

Leni: Totes.

Luan: Yeah.

Sora: Besides you guys will love Disney Castle. It's home to everyone in Disney and has all the popular characters since 1929.

Me: It is gonna be cool. I have known Disney since my early childhood and I love all of the characters.

Eli: Same here. This is gonna be awesome.

The Vreedle Brothers, Captain Boomerang, Mumbo Jumbo, Skinner, Mirror Master and Bane appeared.

Octagon: Can me, Rhomboid, Captain Boomerang, Mumbo, Skinner, Mirror Master, and Bane go with you guys?

Rhomboid: If that's alright with you.

Zarya: You can go with us.

Me: Zarya is temporary leader until Xemnas dies.

Naruto: Yeah. Nico is under a lot of guilt now.

Bane: (Spanish Accent) Poor amigo.

Rhomboid: I hope he doesn't starve.

Me: Don't worry. He can't sulk without food.

Zarya: Yeah. Lets head out.

We went to Disney Castle.

---

We arrived at the iconic Disney Castle. For over 50 years, Disney Castle has been a major iconic staple of the awesome and wonderful world of the legendary Walt Disney.

---

**Disney Castle** is a world introduced in *Kingdom Hearts* . It is surrounded by Disney Town, and contains a portal to its past form, Timeless River. It is the home of King Mickey, Queen Minnie, Daisy, Donald, Goofy, and the other classic animated characters created by Walt Disney. As such, Disney Castle is considered to represent Disney's short films and cartoons, although that role would later be shared with Timeless River. Disney Castle's design is derived from the real-world Magic Kingdom, which is in turn based upon "Cinderella Castle".

In *Kingdom Hearts*, Disney Castle first appeared during the opening and closing scenes. It was unplayable, although visible throughout the game on the Gummi Map screen to the left of Traverse Town.

In *Kingdom Hearts II*, Disney Castle took on a more active role when the barrier protecting Disney Castle, the Cornerstone of Light, was corrupted by Maleficent and the world was invaded by the Heartless. This brought Disney Castle's attention to Sora and his friends, who rescued the castle with the help of Queen Minnie and the inhabitants of Timeless River.

In *Kingdom Hearts coded*, Disney Castle appears in cutscenes. In *coded*, Mickey and Jiminy discover a message in Jiminy's Journal that says *"We must free them from their torment"* and create a data version of Sora.

In *Kingdom Hearts 3D: Dream Drop Distance* and *Kingdom Hearts III*, Disney Castle also appears in cutscenes.

*Kingdom Hearts Birth by Sleep*

The interior of the castle is used as part of the Castle Circuit racing track in the Rumble Racing competitions hosted in Disney Town.

*Kingdom Hearts*

Donald Duck walks into the Audience Chamber to wish King Mickey a good morning, but is shocked to find him missing. Pluto comes out from behind Mickey's throne and gives Donald a letter from the absent King. King Mickey states in the letter that he has left to try and figure out why stars have been blinking out all over the world and he tells Donald and Goofy to find "someone with a key" and stick with him. Mickey tells them to begin their quest by going to Traverse Town and asking Leon for help. Donald and Goofy are ordered by Queen Minnie to find the "Key" and the King. Jiminy Cricket is assigned by the Queen to become their royal chronicler. As they are leaving the world, Pluto jumps on the Gummi Ship to follow them. Donald and Goofy begin their journey from here on.

Following the defeat of Ansem, Huey, Dewey, and Louie return to Disney Castle after the order of the worlds is restored.

*Kingdom Hearts II*

When Pete and Maleficent attempt to defile the Cornerstone and try to take over the castle by going back to the past to alter the present, Sora visits the castle for the first time and he protects Queen Minnie. Eventually, he goes to Timeless River, a past version of Disney Castle before it was built, with Donald and Goofy to stop Pete from destroying the Cornerstone. The Keyblade Graveyard, where Sora fights the Lingering Will, is also accessible via the Hall of the Cornerstone. Some time after Xemnas's defeat, Mickey, Donald, Goofy, Scrooge McDuck, Pluto, Huey, Dewey, and Louie all return to Disney Castle.

*Kingdom Hearts coded*

Not long after returning to the castle, Jiminy Cricket re-organizes his journal and finds a mysterious message, which is later digitized by King Mickey to create a Sora out of data in hopes of discovering when the entry was added by reliving the moment. King Mickey, Donald, Goofy, Jiminy and Pete are sucked into the data world of Disney Castle. Meanwhile, in the real Disney Castle, Chip and Dale finds a way to contact them. When the data world is completely debugged and erased, they are sent back to the real Disney Castle, where King Mickey writes a letter to Sora about his findings (Terra, Aqua and Ven) and sends it to him in a bottle.

*Kingdom Hearts 3D: Dream Drop Distance*

Maleficent and Pete return to Disney Castle, take Minnie hostage and summon Mickey, Donald and Goofy to speak with them. Maleficent demands access to the Data Worlds once again, but Mickey refuses. As Maleficent attacks them, Lea arrives and stops her, rescuing Minnie from Pete in the process. Maleficent and Pete take their leave, while Mickey, Lea, Donald and Goofy return to the Mysterious Tower.

*Kingdom Hearts III*

Throughout Sora's journey, Chip and Dale contact and give him information from the Gummiphone in the library in Disney Castle.

Following Master Xehanort's defeat, Mickey, Donald, and Goofy reunite with Minnie, Daisy, and Pluto at Disney Castle. After Yen Sid, Chip, and Dale arrive, the group watches fireworks high above the Castle.

---

Sora: Here we are guys. Welcome to Disney Castle.

We were in awe!

Leni: WOW! This is totes amazing!

Pip-Squeak: (British Accent) So amazing! This is the most amazing castle ever!

Me: This is a very iconic treasure of the world famous Walt Disney. For over 50 years this castle has been a legendary and amazing trademark staple for the awesome and legendary director.

Luan: When was the Disney Castle built?

Me: The one in Orlando, Florida was built in 1971.

Lisa Loud: It was fully constructed in July of 1971 so we still have six months left till that date so 49 years and 6 months ago it was built.

Me: Right sorry. Not that far off. But this is so cool.

We walked around the castle.

Hagger: This is actually the first time we've been here.

Zarya: Yeah.

Me: It's been a very popular place ever since 1929.

Varie: So awesome.

Leni: It's totes amazing here.

Luan: It sure is.

We saw the Walking Brooms from Fantasia of 1940 walk by.

Lisa Loud: Amazing! Anthropomorphic Brooms from the 1940 masterpiece Fantasia.

Me: Those have always been one of my favorites. The Sorcerer's Apprentice from Fantasia of 1940 has been a very iconic staple.

Naruto: It sure has.

Luan: Yeah.

We went into the main library and we saw Queen Minnie.

Skinner: Are you Queen Minnie?

Queen Minnie: I sure am. (Gasp) Team Loud Phoenix Storm! Sora, everyone!

Queen Minnie hugged Sora.

Sora: Queen Minnie it's great to see you again.

Me: It's an honor to meet you Queen Minnie.

Zarya: Same here.

Queen Minnie: It's an honor to meet you all too. I heard about everything that has been going on to Nico and everyone. Daisy filled me in on what has been happening with the turmoil being caused to you.

Me: Yeah. The Digimon Emperor and Xemnas are both ripping us apart psychologically. Starting with Nico. They are trying to sever our bonds by making Nico suffer. But I knew he would resort to this.

Zarya: Yeah. If we don't stop him in the next week, I fear we're going to be disbanded.

Me: And we don't want that to happen.

Queen Minnie: Luckily I have an answer on how Nico will be free of The Digimon Emperor and the Darkness that plagues him can be destroyed.

Queen Minnie went and pulled out a book and showed it to us.

Queen Minnie: Nico can be purified and have the darkness inside of him destroyed by fighting the very monster that was the source of that Darkness.

Me: Yes we know that. Nico killed him when discovering his powers by accident.

Zarya: But Nico won't come out of his room and he is completely overtaken with guilt and sadness.

Me: Yeah we tried to get him to come out but nothing worked.

Eli: And we are worried about him.

Queen Minnie: I know. But you all can help him.

Zarya: Yeah we can. We just have to give him some space.

Daisy Duck then came.

Daisy: Wow! Team Loud Phoenix Storm! Sora!

Donald Duck: Daisy!

They hugged.

Daisy: Thank goodness you are safe.

Me: Daisy Duck it's an honor to meet you.

Daisy: Same here.

Karai: (Japanese Accent) This is probably our first time meeting you.

Daisy: It sure is.

Donald Duck: I missed you Daisy.

Daisy: I missed you too Donald.

Pluto barked.

Goofy: (Laughs) We missed out on a lot here. A-hyuck!

Sora: We sure did.

Me: I take it you heard about Pete being released and now being part of the Masters of Evil?

Queen Minnie: We sure did. And it was a great decision on Vypra's part.

Me: I think so too.

Zarya: Me too.

Eli: Zarya is the temporary leader of the team until Xemnas is defeated.

Daisy: I see. Queen Minnie told me all about what happened and we're so sorry about what is going on.

Me: It's not your fault. If anyone is to blame for our misfortunes it's Xemnas. He's messing around with our minds just like he forced Namine here to mess with Sora's memories.

Namine: Yeah.

Me: Yep. But we're not gonna fall for it anymore.

Luan: Yeah!

Me: I sent a threatening message to Xemnas and threatened him. And I even took away his powers.

Leni: WOW!

Queen Minnie: That's incredible.

Mirror Master: Eddy's temporary second in command since his archenemy is second in command of the Masters of Evil.

Eddy: We actually just figured that reason out.

Zarya: That's right.

Queen Minnie: That's an interesting reason.

Me: Zarya is filling in for me as leader till we kill Xemnas. Organization XIII is causing numerous problems all over. Not just for the team but for many worlds as well and we have to destroy them all. They pose a tremendous threat to the entire universe just as bad as Xehanort does.

Lisa Loud: Indeed and the next member we have to take down is Saïx the Lunar Diviner.

Daisy: Oh my.

Isa: Yeah. Saïx is my Nobody and I can't believe that I would turn into that nasty of a monster.

Me: I know. Saïx is worse than anything.

Mystique: Aside from Saïx, is there anyone else causing trouble here? Besides Heartless?

Queen Minnie: We saw weird Skeleton Men walking around.

Shaggy: Skeleton Men!? ZOINKS!

He jumped into my arms!

Me: OOF!

Scooby Doo: Releton Men! RIKES!

He jumped into Eddy's arms!

Eddy: You're giving me a hernia Scooby Doo!

Qin: Who were the Skeleton Men?

Me: They were really Dr. Grimsley and his two henchmen. They were highjacking weather planes to sell them overseas for incredible amounts of money. But we busted them and they got sentenced to 75 years in Federal Prison for their crimes.

Qin: Wow! It's been a long time since you told me a Scooby Doo monster.

Me: I know. And its also been a while since we faced a Scooby Doo Monster too.

Captain Boomerang: (Australian Accent) Saïx's evil self must've known there wasn't anyone on this world to help him. So he brought those assholes to bug us.

Zarya: I had a feeling he would resort to that.

Me: Me too. And we haven't fought Scooby Doo monsters in like forever.

Varie: No kidding.

Leni: But these guys must be totes ugly.

Luan: No Bones about it. (Laughs) Get it?

Most of us laughed while Leni and Lisa sighed.

Eddy: (Laughs) Good one Luan!

Me: (laughs) That was a good one!

Queen Minnie: (Laughs) That was funny!

Tomahawk Man: Out of curiosity, how dangerous are the Skeleton Men?

Me: They weren't that dangerous unlike certain enemies of Scooby Doo that we know and faced.

Varie: Scooby Doo and his gang made an incredibly huge number of enemies during their travels around the world.

Luan: Yeah you should see them. They are terrifying. But they were all criminals in disguise.

Twilight Sparkle: I saw the museum you guys have for all of Mystery Inc. and that is so amazing!

Sunset Shimmer: Yeah you guys have done it all. What happened to all those guys?

Me: Well after a huge conspiracy broke out that involved the gang a while back, Director Wray of the F.B.I. had all the sentences of all the criminals that me and the Mystery Inc. gang busted extended to life without parole in the Uranus Prison.

Sunset Shimmer: Whoa!

Fluttershy: Goodness.

Rarity: I hope they got what's coming to them.

Me: They have. Uh Shaggy, can you get out of my arms? I'm starting to get a cramp.

Shaggy: Oh like sorry.

He got out of my arms.

Me: Ahh. That's better.

Zarya: The Heartless will be here. I know it.

Mumbo Jumbo: I'll go outside to see how many Heartless there are. Considering this is indoors, there shouldn't be too many of them.

Mumbo looked outside and he saw the entire castle overrun with them!

Mumbo: Me and my big mouth.

Zarya: Lets tear them apart everyone!

Me: Lets do it!

Eddy: YEAH!

We went after the Heartless and slashed and cut them all over the place with incredible fury and we went to the throne room and destroyed all the Heartless all over and the SKELETON MEN APPEARED and we got a massive Negative Energy power boost!

Zarya: WHOA! That was intense!

Bane and William approached the Skeleton Men.

Bane: (to the Skeleton Men) Is there a problem here?

William: (smirks) Looks like we've got a Mexican Stand Off here.

Bane: Stand down. Now.

William: And we'll let you escape with your diginity. Assuming you have any.

The Skeleton Men roared and came at them!

Bane: So that's how you want it done!

Bane pumped himself with Venom and bulked up and smashed the Skeleton Men into dust and knocked them down!

Zarya: All right!

Vypra: Hey, guys. Glad some of you are feeling better.

Lisa Loud: As if negative emotions will stop me from participating in battles.

Onyx: Glad to hear it!

Taskmaster: (to Zarya) I think you're going to make an excellent temporary leader.

Zarya: Thank you Antonio. But we're not completely better. Nico is still upset.

Me: Yeah. We can't get him to feel better. We tried everything we could. He's sitting on his bed crying and all that.

Leni: It totes hurts.

Me: Yeah. But we found out that it was Xemnas that was making us feel sorry for ourselves. He was poisoning our minds with sadness and lies and trying to tear us apart.

Vypra gasped.

Vypra: Oh man!

Me: Yeah. But I destroyed his powers and made sure he wouldn't do anything until we kill him.

Naruto: Clever thinking.

Leni: Totes.

?: I agree.

A figure came out and it was STONEDOZER! He returned.

Me: Stonedozer. Dark brought you back for round 2.

Stonedozer: He sure did.

Maria: Glad to have you back, Stonedozer.

Stonedozer: Thanks. I heard about what happened to Nico. Even I'm not that cruel.

May: We're glad you aren't.

Stonedozer: (to the Ninja Steel Rangers) Did you Rangers ever have bad days like this one?

Brody: All the time.

Calvin: You have no idea.

Me: It's true.

Carol: Yeah.

Me: Well lets get the battles started.

Zarya: Lets.

Scootaloo: But we all think she's doing good.

Magma Gloom: Yeah she is!

Zarya then was enveloped in an aura of blue light and energy and then a huge wolf howl was heard and then Zarya exploded in a massive vortex of blue light and it exploded high into the sky and formed into a powerful wolf that howled far across the cosmos. Cosmic Energy and stellar energy poured into the wolf and all that as Zarya's energy was increasing at an incredible level! The wolf went back and faded and Zarya emerged forever changed! She had Wolf Ears and she the full moonlit night in her sclera and she had a wolf howling in the Full Moon emblazoned in the middle of her forehead. She had earrings shaped like a Crescent Moon and she had her blue Mysticon's uniform on except for her mask. She had a blue wolf tail and her cape was replaced with Blue Angel Wings reflecting the moonlit night of the Wolf Moon. She had the kanji for Zarya Moonwolf, Champion Archer and Swordmistress of The Wolf and Master of the Wolf Moon of Gemina. She had become a SUPER ANGEL 100,000,000 WOLF MOON LIGHTNING!

We gasped!

Me: WOW! Zarya, you look incredible!

Eli: Wow! She transformed into a Wolf Angel!

Luan: That is amazing!

Lisa Loud: A most magnificent transformation!

Me: Zarya how do you feel?

Zarya: (Divine Echoing Moonlight Voice) **I feel amazing J.D. This**

**transformation is just as powerful as your transformation.**

Me: Incredible! You achieved Super Angel 100,000,000 power. So amazing!

Vypra: Wow! Zarya this transformation makes you feel so powerful. J.D. made a perfect choice for you as one of his future wives.

Me: I sure did.

Zarya: (Giggles) **Thanks guys. Now watch.**

Zarya went at the Skeleton Men faster than a blast of lightning and slashed them all over and fired blasts of blue fire and burned them all over the place with incredible power and more.

Queen Minnie: Now to finish those monsters.

Queen Minnie, Zarya, Eddy, Luan, me, Eli and Leni: LIGHT HEART STORM BLAST!

We fired a blast of light and it formed into a deadly heart. The blast hit the Skeleton Men and obliterated them into nothing.

Me: ALL RIGHT!

Eddy: AWESOME!

Eli: THAT WAS INCREDIBLE!

Lisa Loud: Indeed it was. But we're not done yet. Saïx is here.

Out of a Dark Corridor came SAÏX THE LUNAR DIVINER!

---

***Saïx**, the **Lunar Diviner**, is one of the secondary antagonists in the Kingdom Hearts series; he serves as one of the two secondary antagonists (alongside Xigbar) in Kingdom Hearts 358/2 Days and Kingdom Hearts II, a minor antagonist in Kingdom Hearts 3D: Dream Drop Distance, and a major antagonist in Kingdom Hearts III . He is the seventh member of the original Organization XIII and a* *member of the new Organization. He wields a claymore and the power of the Moon, using the latter to enter a berserk rage. He commands the Berserker Nobodies. Kingdom Hearts Birth by Sleep*

Saïx's original self, Isa, was the best friend of Lea, the original self of Axel, being the foil to his friend's zany antics. Prior to their attempt to infiltrate Hollow Bastion, Isa and Lea find Ventus. Watching Lea cheer the boy up, Isa joins his friend in sneaking in before they are thrown out of the castle by Dilan.

Years later, Isa's heart was removed from his body by Terra-Xehanort, creating Saïx.

*Kingdom Hearts 352/2 Days*

Saïx plays a relatively important role in Organization XIII, assigning missions to all the other Organization members. Saïx is the one who gave Xemnas's orders to Axel to eliminate traitors to their Organization in Castle Oblivion. It is generally accepted by the remaining members that at this point the two planned to not only eliminate traitors, but also anyone who stood in the way of their plans, such as Vexen and Zexion. Saïx is also revealed to be the one who picked which members would be going to Castle Oblivion, namely the members suspected of being traitors, as well as anyone else who was "getting in the way".

After Axel's return from Castle Oblivion and his growing friendship with Roxas and Xion, a rift between Saïx and Axel begins to form. He eventually confronts Axel of this, as their friendship is more concrete because their original selves were best friends. Eventually, Saïx dismisses his previous plans with Axel as "just an idle fantasy", as they both have changed too much for them to be friends anymore.

Working on Organization XIII's plans for Sora with Xemnas, he later challenges Roxas to a battle of will when the Keyblade wielder attempts to leave Organization XIII. Saïx loses the battle, and Roxas escapes. Up until Xion's destruction and absorption at the hands of Roxas, Saïx views the Sora copy as nothing but a mere, hooded puppet. He even insists that the others would say "it" when referring to Xion, rather than "she".

After Xion's end, Xemnas orders Saïx to retrieve Roxas, who is on his way to the Castle that Never Was to defeat Organization XIII and free Kingdom Hearts, because he believes it will resurrect Xion. While not confronting Roxas himself, it is possible that Saïx was the one who sent the Neoshadows after Roxas, who destroys the Heartless easily.

### *Kingdom Hearts II*

Saïx's first appearance is in Hollow Bastion, along with all surviving and loyal Organization members to taunt Sora.

#### Twilight Town

Saïx first appears in the Sandlot after Sora and company rescue Seifer from lesser Nobodies. Saïx appears before the trio, applauding their battle skills. He informs them of a traitor, Axel, and believes that he might be in Twilight Town somewhere. Sora insults the Organization, remarking on how they're "not a very organized Organization." Saïx is unfazed, and tells Sora to watch his back, for Axel will stop at nothing to turn him into a Heartless. Sora declares he is not worried, prompting Saïx to remark that the Organization would want nothing to happen to Sora. He also cryptically remarks that the Organization knows how to "injure a heart". He then opens a portal of darkness behind him, and Sora thinks of jumping in after him, though Saïx overhears this and advises not to do so, lest he ends up like Riku.

Sora inquires as to what he means, but Saïx immediately leaves to report to Xemnas that he succeeded in placing Sora in a state of confusion and frustration to keep him going toward their goal. Saïx also states that Axel may prove a thorn in their side, which leads to Xemnas giving him orders to deal with the renegade.

#### The Heartless Invasion

Saïx next appears in Hollow Bastion during the Heartless invasion, interrupting Axel and Sora's conversation, and forcing the traitor Nobody to flee. Saïx ensures that Axel will be rightly punished, but Sora is not mollified, his only goal being to enter the realm of darkness to rescue Kairi. His face unreadable, Saïx asks Sora to prove just how much he cares about Kairi. In response, Sora actually gets onto his knees and begs at the Nobody's feet. Seeing Sora's devotion to the Princess of Heart, Saïx sees this as a further opportunity to enrage and confuse Sora so that he might further the Organization's goal. He refuses Sora's wish, eliciting a hot fury. Bending Sora's anger to suit his own needs, Saïx convinces Sora to destroy more Heartless so that the hearts held within them are released by the Keyblade. Then they may flock to Xemnas' synthetic Kingdom Hearts, which will be all the closer to completion because of it.

At that moment, Maleficent appears, declaring with much aplomb that Kingdom Hearts will belong to her. She summons more Heartless to attack Saïx, despite Sora's protests, but Saïx calmly summons several Nobodies to destroy the attacking Heartless. Maleficent then places herself between Sora and the Nobodies, telling him to devise a way to vanquish the Organization. Swarmed by Nobodies, she is overwhelmed and disappears, allowing Saïx to resume convincing Sora to release more hearts. But before he can finish his ploy, Sora, Donald, and Goofy are rescued by a portal of darkness that swallows them up (which was Maleficent's doing).

## The World That Never Was

Saïx is seen again talking to Kairi in her cell in the Castle That Never Was within the world of Nobodies. He tells her, much to her horror, that she is the "fire that feeds Sora's anger." Kairi realizes that Sora is getting lured into a trap all because of her. However, Naminé, her Nobody, unexpectedly appears in her cell and rescues her through a portal of darkness. The two halves then begin fleeing the Castle to try and make good on their escape. Saïx soon appears and attempts to stop Kairi and Naminé, but Riku (still cloaked and in the form of Xehanort's Heartless) attacks him from behind. Saïx does a backflip in the air and lands a few feet away. Riku slams him up against the wall, intending to finish him once and for all. However, Saïx opens up a portal behind him and sinks away into the wall with a smirk.

Saïx again appears in the Castle That Never Was to Sora, who had managed to work his way through the Organization's floating fortress with the help of Donald, Goofy, Riku, and Kairi. He looks lovingly upon his Kingdom Hearts, his source of power. He tells Sora that Kairi no longer needs him and makes a cryptic remark about a "friend from the darkness." Sora is not deterred by Saïx's manipulative comments, but Saïx is not concerned. He tells Sora that the Organization's Kingdom Hearts is nearly done, pointing to the heart-shaped moon in the sky. He then enigmatically asks Sora if he can hear the euphoria of the countless hearts he has harvested. He summons more Heartless for Sora to destroy, but his attention is quickly turned to Maleficent, who has also infiltrated the castle along with Pete. He takes this in stride, wondering in an amused voice if the intrusions will ever end, and soon after vanishes to check on Kingdom Hearts.

Saïx appears to Xemnas, who is watching Kingdom Hearts come closer to completion. He asks the Superior if he can end this "charade", and Xemnas grants him permission. Sora's part in their plan is done with and he can now safely be killed. Saïx smiles savagely and remarks that he's waited so long to hear that.

Saïx awaits Sora, Donald, Goofy, Riku, and Kairi in a room with a direct view of Kingdom Hearts: Addled Impasse. He calls Sora by the name of "Roxas", saying only he could have made it this far, though Donald vehemently states that he is Sora. Saïx seems not to care, simply stating: "Different name, same fate." Then, summoning his claymore, he creates a potent shockwave with sheer strength alone. This power manages to push away Kairi and Riku back towards the entrance of the room. He then quickly erects a force field, separating them from the battle, yet doing no harm. Them taken care of, he confronts Sora, Donald, and Goofy for the final time. He finally lets his outer decorum slip away. Under the influence of the moon, he becomes savage and unrestrained, truly a model for his Berserker Nobodies.

However, despite Saïx's great strength, speed, power, and skill, he is overcome. Defeated and mortally wounded, he limps away from Sora to the ledge overlooking the moon. With the last of his strength, he asks: "Why… Kingdom Hearts… Where is my heart?". All his power gone, he now fades back into darkness.

*Kingdom Hearts Re:coded*

Isa is revived in Radiant Garden, along with Lea and the rest of

Ansem's apprentices save Xehanort. Young Xehanort arrives and, with Braig's assistance, takes Isa to join the new Organization.

### *Kingdom Hearts 3D: Dream Drop Distance*

Saïx, revealed to have been infused with a fragment of Xehanort's heart, is made a member of the new Organization. When Lea attempts to save Sora from being turned into the thirteenth member, Saïx is sent to stall Lea, much to Lea's horror.

### *Kingdom Hearts III*

Following the Organization's failure to turn Sora into a vessel, Master Xehanort, Xigbar, and Saïx meet at the Keyblade Graveyard to find a way to complete the Organization. Saïx, having discovered Vexen's notes on the forgotten Xion, suggests using her to replace Sora, and decides to fetch Vexen to refine the replicas. Visiting Radiant Garden, Saïx approaches Even, who is wandering the square, with an offer to rejoin the Organization. At the Keyblade Graveyard, Vexen lies that he chose to return to the Organization to continue research on his Replica Program, with Saïx saying Ansem did not appreciate his abilities while Xehanort did.

Saïx later appears at the Clock Tower in Twilight Town with Lea, but with no intention of fighting him. The two talk as if they were still friends, their conversation revealing their true motives for joining the original Organization XIII; as Somebodies, they had befriended a girl only referred to as Subject X, who was held inside the castle of Radiant Garden. When she disappeared, the two became apprentices of Ansem the Wise before he too disappeared and Isa became a Nobody alongside Lea. Their entire reason for climbing the ranks of Organization XIII was to get information on Subject X and learn what happened to her, knowing full well that Xemnas, as Xehanort's Nobody, has knowledge of her predicament, but they had no luck in finding her. Saïx's anger at Axel's newfound friendship with Roxas and Xion was out of betrayal, feeling Axel had decided to forget about Subject X. Lea rebuffs, trying to persuade Saïx to leave the new Organization, but Saïx retorts by saying Roxas is gone forever too. Saïx and Lea part ways fully expecting to battle one another at the fated place.

Later, Saïx and Xion confront Kairi and Lea at the Keyblade Graveyard, with Saïx subtly trying to jog Xion's memories by calling Lea, "Axel" several times, however when Saïx mentions Roxas it causes her to attack Lea and Kairi before Sora's arrival. Saïx overpowers Lea, who once again tries to persuade his old friend to stop, until Xemnas arrives and berates Lea for his treason. Saïx simply watches as Xemnas mercilessly attacks both Lea and Xion before Roxas arrives to save them. Xemnas kidnaps Kairi, leaving Saïx to deal with their enemies. Sora, Roxas, and Xion fight and defeat Saïx. When Lea approaches Saïx, the latter asks why he looks sad. Lea responds by commenting on what the Organization has reduced Saïx to. Saïx once again reminds Lea of his betrayal, not to the Organization, but to him, as he befriended Roxas and Xion while abandoning their goals after everything Saïx had done to try and find her. Lea assures him he never forgot, which Saïx knew deep down, allowing his jealousy to get the better of him. He fades away in Lea's arms, being called by his real name before being reborn as his original self.

Through a Secret Report, it was revealed he was actually a key part of the Guardians of Lights' victory; having met Even, both expressed a desire to atone for their past actions. Since Saïx was already in the real Organization XIII, he had the ability to bring Even in as a Nobody once again, the latter willing to sacrifice his new life to get access to his Replica Program, which would allow Roxas, Xion, and Naminé to become human and therefore coexist with their original selves.

Sometime after in the game's epilogue Isa is reborn as original self and reunites with Lea, Roxas and Xion on top of Twilight Tower hands out sea-salt ice cream and are joined by Hayner, Pence and Olette and together they join the others at Destiny Islands for a celebration, Isa and the others bear witness to Sora and Kairi reuniting one last time before the former disappears for misusing the power of waking.

---

Me: Saïx.

Evil Saïx: So you are the famous J.D. Knudson. And I see some of you aren't with each other.

Me: Because of Xemnas.

Isa went up to him and he was shocked. It was like he was seeing himself in the mirror. He was look at a pure evil version of himself.

Isa: I can't believe I would turn into you. Why are you so determined to make others miserable?

Evil Saïx: Because I want people to suffer.

Isa: You're a monster!

Zarya: **You're not gonna fight us?**

Evil Saix: (scoffs) Why should I? Most of the Loud Kids are too busy sulking and the best friend you all had is busy feeling sorry for himself. No. I'm going to spare you all this time so you can live with what you've done. Now, if you'll excuse me, I have a Cornerstone of Light to destroy. And an other self to punish for abandoning Xehanort.

Lisa then teleported in front of him.

Lisa Loud: I don't think so! You are not going anywhere except for Oblivion.

Lisa then had gears swirl around her.

Evil Saïx: So you think you can challenge me little girl?

Lisa Loud: I assure you that I am more than capable to take you down you monster.

Lisa then exploded in a massive vortex of gears, quantum equations and chemical formulas and it went high into the sky and formed into a massive dragon of technology and it roared ferociously and cosmic energy and chemical energy and atomic energy poured into it. The vortex faded and then Lisa emerged forever changed! She looked like a 21-year-old girl and she had her hair in a braided ponytail and she had a E=MC2 baret on and she had orange eyes that showed gears in her sclera. She had a chemical beaker with a powerful quantum equation on it emblazoned in the middle of her forehead. She had earrings in the shape of the Kanji for Tech on and she had a shirt with gears, chemicals and quantum equations on it and she had black pants on and she had green boots on. She had a green sleeveless trench coat with gears, chemicals and atoms on it and she had a white lab coat on and it had the kanji for Lisa Marie Loud, Atomic Quantum Scientist and Champion of Physics, Quantum Science, And the Secrets of the Universe. She had glowing orange wings and a sword with a blade made of atomic energy. She was now a SUPER ANGEL 25,000,000 ATOMIC SCIENCE QUANTUM MASTER!

Me: WHOA! Lisa you look amazing!

Eli: WOW! Our little genius turned into a true scientist!

Leni: That is totes amazing!

Luan: Wow!

Me: Lisa how do you feel?

Lisa Loud: (Divine Technological Echoing Voice) **Like I can take on the Boolean Pythagorean Triples problem 100,000 times over.**

Me: WHOA!

Lisa Loud: **I am the only one that hasn't transformed yet and I can't wait till everyone sees how far I came.**

Me: You sure have changed big time. You went from a 4-year-old girl to an awesome Adult.

Leni: Yeah!

Lisa Loud: **Indeed. Lets get it on!**

Evil Saïx then summoned his Claymore.

Lisa had her sword ready and she went at him and slashed him all over with incredible fury and more and blasted him all over with atomic energy and more. Lisa then kicked him high into the air and punched him and smashed him into the ground with incredible force and fury! She landed and Evil Saïx clutched his head and screamed in pain.

Lisa Loud: **You are never welcome in our universe. The Moon will never welcome you.** (Holds hand up to him) **HAKAI!**

Lisa banished him to the Warp.

Lisa Loud: **Good riddance to that evil monstrosity.**

Lea: No kidding. The Heartless that Isa turned into was a monster.

Me: No kidding.

Minnie: I can't thank you all enough for saving the castle.

King Hiss: It was our pleasure.

2016 Morbucks: But Zarya, Eddy, and the others deserve most of the credit.

Motor Ed: They're the real heroes here.

Zarya: (to me) **I promise, J.D. Me and Eddy won't let you down!**

Eddy: Besides, Lincoln's not the only Man with the Plan. (to Double D and Ed) Remember when I was called that?

Me: I know you all won't let me down. You all did a really great job! And I'm really proud of you all.

Zarya: **Thanks J.D.**

Me: You're welcome and I made the right choice picking you as not only my partner for the Ridonculous Race in 2 months but also as temporary leader.

Zarya and me kissed.

Everyone: AWWW.

We later went back home and everyone saw Lisa a full grown woman.

Lori: WHOA! Lisa is that literally you?

Lisa Loud: **It sure is eldest sister. I have transformed into my most powerful transformation and defeated Saïx.**

Lori: Wow! Our little scientist is now a full fledge adult.

Naruto: She sure is.

Me: And Zarya and Eddy and everyone all did a great job. The next world is Olympus Colosseum again.

Eli: Cool! Can't wait to kick Hade's butt.

Me: Me too.

Zarya: (To the viewers) This was an awesome adventure and it was my first time ever leading the team. Hope you all enjoyed it.

Me: I know I did. Zexion is next and Lucy is gonna be up for that challenge.

Lucy Loud: You know I am J.D.

Me: Yep.

We rested and I looked at Nico's door and I was worried about him.

Me: Oh Nico, get better soon.

TO BE CONTINUED…

# Light and Hearts Part 8

OLYMPUS COLOSSEUM PART 2

---

At Happy Pappy Bob's Learn-a-torium, kids were not having fun as the brainless stupid idiots, Gary and Betty were ruining their fun. They were so stupid that it was unbelievable. But then a figure snuck up behind them and it was none other than the Digimon Emperor and he beat the living shit out of them with a Crowbar.

Digimon Emperor: (hits Gary with a crowbar) Wow, that looked like it really hurt. (hits Betty with a crowbar) Whoa, now, hang on. That looked like it hurt a lot more So let's try and clear this up, okay, kids? What hurts more? A? (hits Gary with a crowbar) Or B? (hits Betty with a crowbar) Forehand? (hits Gary with a crowbar) Or backhand? (hits Betty with a crowbar)

He smashed their faces all over the place and really pulverized their heads off.

Then he set his sights on 4 kids. They were none other than Stan Marsh, Kyle Broflovski, Eric Cartman, and Kenny McCormick of South Park and I hate those guys.

He beat them to a bloody pulp and it was not pretty. He saved a lot of kids from having the worst fun ever and they cheered wildly and the South Park Kids were like the enforcers of the park.

Digimon Emperor: You're welcome children.

They had the fun they deserved.

---

Later at the Estate, we were watching TV.

Jessie (Pokemon): Guys, you won't believe what the Digimon

Emperor did this time!

Me: Let me guess, Happy Pappy Gary and Betty?

Jessie (Pokemon): Yeah but he also pulverized 4 kids. Stan Marsh, Kyle Broflovski, Eric Cartman, and Kenny McCormick of South Park.

Me: Oh. I don't give a flying fuck about those 4 scoundrels.

Varie: Why?

Me: Well I've always hated that show South Park because it's really stupid.

Luan: I don't like it either. It's NOT funny.

Vypra: I don't blame you.

Laney: Yeah I don't like South Park either. But I've never really cared about TV so how would I know.

Me: Yeah.

Lucy Loud then appeared.

Lucy Loud: I know.

Laney screamed in fright as a pipe organ played.

Me: Hey Lucy. (Drinks Soda)

Lucy Loud: I decided to leave the team and get back to a normal life.

Me: (SPIT TAKE) WHAT!?

Suzumebachi: (to Lucy Loud) What do you mean you and the others are back to living normal lives?!

Lucy Loud: You don't get it, do you?! Our battles against the Digimon Emperor and Organization XIII are over. And we lost!

Maria: You've gotta be kidding me!

Lucy Loud: I'm not. And let's be honest. We were never going to be heroes forever anyway.

May: I thought you liked being a hero.

Lucy Loud: I thought so too. But you know what I learned in the last few days? Being a hero only brings you pain and suffering!

Me: That's not true Lucy! You have the awesome admiration and love of your friends and family and relatives and you have a lot of respect and adoration of many planets all over the cosmos.

Luan: Yeah guys! You can't give up! Not now! Not when we're so close to finishing this adventure.

Me: We have just 6 adventures left and it will be done. I know you all are upset about what the Digimon Emperor and Organization XIII have been doing and why but like I keep telling you all, it's not your fault.

Girl Jordan: That's right! We were warned all this would happen and we were told what to do and we got to go by what is gonna happen.

Me: That's right. Clix told us all this would happen and it's all totally unavoidable. We knew we were gonna get ourselves into this when we took this job. With Great Power Comes Great Responsibility.

Spiderman: That's right.

Lucy Loud: Oh you're right. I'm sorry guys.

Me: It's all right Lucy. Just give your sisters and brother some time. We'll talk to them eventually.

Girl Jordan: And I also have all of Gotham Royal York and Equestria on high watch and alert for The Digimon Emperor. I put Wanted Posters of Him out.

She showed me a Wanted Poster.

Me: "Wanted by Team Loud Phoenix Storm: Ken Ichijouji, The Digimon Emperor. For crimes against Digimon, Team Loud Phoenix

Storm and The Digital World, Treason, Tyranny, Cruelty, Animal Cruelty, Malice, Oppression, Slavery, Attempted Murder, Assault & Battery, Murder, Abuse of Power, Illegal Experimentation, Terrorism, Prison Breaks and Possession of Weapons of Mass Destruction. Armed and Extremely Dangerous. Approach with Extreme Caution. Reward: $192,000,000,000,000,000,000.00" That's perfect Girl Jordan. Good thinking.

Girl Jordan: Thanks.

Laney: I haven't given up. I like being a superhero and I like helping you all out. I learned so much from you all about all this and it's amazing.

Me: I'm glad Laney.

I looked up at Nico's closed door.

Me: (In my head) Oh Nico. I have to set things right with you.

Preyas: J.D. can I ask you a question?

Me: Sure Preyas.

Preyas: (to me) Why exactly do you get pissed at most villains not in the Masters of Evil? Is there a personal reason or something?

Lockdown: (facepalms) Preyas, you really need to watch what you say.

Eddy: (Gets between me and Preyas) Alright, that's enough! We're not going to accomplish anything by beating each other up.

Zarya: (to me) J.D., go outside and cool off. (to Preyas) Preyas, next time, don't ask questions that might offend people.

Me: No he has a right to know just like all of you do. And I apologize for not telling you this earlier. The reason I get pissed off at many villains not affiliated with the Masters of Evil is because they have done unspeakable crimes that make the crimes of other villains look like stealing cookies from a cookie jar or stealing candy from a baby in comparison. (To Vypra) No offense Vypra.

Vypra: None taken J.D.

Me: Villains like Frieza, Cell, Barodius, Frollo, Maleficent, Queen Bansheera, Rita Repulsa, Queen Chrysalis, Tirek, Storm King, villains like them, they have done so many unspeakable and incomprehensibly unforgivable crimes that it makes my blood boil. I get so pissed at all kinds of bad guys that are that bad.

Laney: I feel the exact same way J.D.

Lucy Loud: I do too.

Me: I get so pissed at those kinds of villains because they have no sense of honor, empathy, remorse, guilt, or anything like that. That's why they only deserve either jail, death or banishment to the Warp. But it's people like Adam Taurus, Tyrian Callows, Deidara, Kakuzu, Hidan, those guys. They are the people that really make me pissed.

Jared: Yeah I feel the same way dad. They deserve all that.

Nicole: Yeah.

Me: There are people that are like Vypra and everyone in the Masters of Evil that we all respect because they still have some good in them. But there are those that don't give a flying fuck about anything. They have a callous disregard for everything. People like Deidara and Tyrian Callows have only one thing in mind and that's to want nothing more than to see the entire world burn. They only care about seeing people suffer. People like them deserve nothing but death or being banished to the Warp. That's why I made it my goal to bring all those monsters to justice. But realizing I couldn't do this job alone, I formed Team Loud Phoenix Storm to help me do so. But not out of spite, for protecting all those we care about and the entire universe we love.

Varie: Wow! That's incredible.

Naruto: It sure is bro.

Fu: That's a big goal.

Lucy Loud: Wow. I think I understand now.

Me: Yeah. I knew this job was never going to be easy but I know we can all do it if we work together.

Varie: You always will have our backs.

Zarya: Same here.

Rachel S.D.: Yeah! We're with you all the way!

Sora: Absolutely! You have done so much for Earth and all our worlds that it's unbelievable!

Kairi: You sure did.

Skywarp: Yeah. Starscream, with Nico in grief the Decepticons will need a temporary leader. So until Xemnas and The Digimon Emperor are dead, you'll be put in charge of the Decepticons till then.

Starscream: You want me to be temporary leader of the Decepticons?

Skywarp: Isn't that what you always wanted?

Starscream: It's what my G1 self always wanted. Me? I'm not so sure I deserve it. Especially at the moment.

Huffer: Look, Starscream. Right now, Nico's in his room traumatized. So like it or not, one of you has to step up!

Me: That's right Starscream. You wanted to be leader of the Decepticons anyway. So until Nico gets better, you are temporary leader of the Decepticons until further notice.

Lola: That's right!

We saw Lola.

Lola: J.D. is right about one thing and I respect that! I'm with you guys till the end!

Lana: Me too!

Lisa: Same here!

Lily: Me too!

Me: AWESOME!

Amorpho: Now that Lola, Lucy, Lana, and Lily are back, let's go to Olympus Colosseum.

Me: AWESOME! That's one of my favorite parts of this whole adventure.

Varie: What is it?

Me: Remember when we did the Olympus Colosseum the first time?

Lola: I sure do. Those trophies we won are incredible.

Eli: They sure are. And I have a feeling we're going to face opponents in the Underworld.

Me: I have that feeling too.

Twilight Sparkle: This is gonna be interesting. Is this the same world of Hercules from 1998?

Me: It sure is. It's gonna be awesome. This is part 2 of Hercules.

Zarya: Yep. And we're going up against Hercule's first monster he took down.

Me: The Legendary Lernean Hydra.

Laney: Wow! That's gonna be so cool!

Lily: It sure is.

2016's Morbucks, Onyx, Taskmaster, King Hiss and Motor Ed appeared.

2016 Morbucks: Can me, Onyx, Taskmaster, King Hiss, Vypra, and Motor Ed go with you guys on this one?

Me: Vypra is already with us but you all sure can. But first I have something to say.

Varie: What's wrong?

Me: I want to apologize to you all.

Lola: Why?

Me: I've been a very terrible leader.

Laney: Why do you say that?

Me: Because I've been so pushy and so inconsiderate. You guys are right. I have been pushing Nico's suggestions away and taking him for granted. I wasn't giving him enough credit as a second in command. And I'm so sorry. (Crying) I'll understand if you all never want to talk to me again.

Maria: J.D., you do realize we're still talking to you right now even after you just said all that, right?

Me: (Sniffles) I know! (Crying) I should've given Nico more help and more credit! (Crying) Oh NICO! WHAT HAVE I DONE!? I'M SORRY!

I broke down crying and Varie and Zarya comforted me.

Varie: Oh there there.

Zarya: J.D. you are a good friend to Nico. You love Nico like a brother like you said.

Rachel S.D.: J.D. what happened to Nico is not your fault. It was because of the Digimon Emperor that all this happened and we were warned about all this from the get go.

Minuette: That's right J.D. It's not your fault.

Lincoln: Yeah J.D. It's not your fault. You helped Nico get married to May and you have done so much for him and they have an awesome family.

Rainbow Dash: Yeah! You brought so many people together! Not just here on Earth but on lots of planets as well.

Rarity: You are a great friend to everyone and has done so much for everyone all over the universe and you know stuff that none of us can even fathom!

Twilight Sparkle: And you are a huge inspiration to all. You saved your friends lives more times than anyone else can even count.

Ink Rose. Yeah. And brought a lot of good in so many people.

Me: (Sniffles) Yeah! You guys are right. Thank you all. I don't know what I would do without you all. But there's one more person I got to set things right with.

I went up to Nico's room and knocked on his door.

Me: Nico it's me.

Nico: (From in his room) I don't want to talk.

Me: Nico I want to talk. I want to apologize.

Nico: For what?

Me: Just let me come in so we can talk.

Nico: Okay.

Nico disabled the Power Neutralization field and I went in.

I turned on his lights and pulled up a chair.

Me: First Nico, I would like to say I'm sorry for being a terrible leader and disregarding your suggestions and not giving you the right credit you deserve.

Nico got up and looked at me.

Nico: How do I know this isn't a trick to send me into the Warp? And besides, name one time you've disregarded my suggestions.

Me: (Resumes crying) Because I was wrong! I'm sorry! I should've given you more credit and for that I'm sorry. You held our team together and without you our team is falling apart! I'm sorry! Okay? I'm sorry!

Applejack: J.D. is really sorry Nico. His apology is really heartfelt. And he has done so much for you and for all of us.

Rarity: That's right Nico. You have May and you have your kids and you have an awesome family.

Fluttershy: You have your sisters and brother as well as your amazing family that looked out for you.

Pinkie Pie: And you laugh at everything Luan and me do and you love my sweets with the Cake's and everything.

Sunset Shimmer: That's right! And you helped Team Loud Phoenix Storm even when you were not on the team. You have done so much even before you joined the team.

Me: So please Nico, I'm sorry and I promise I'll give you the credit you deserve. We're falling apart without you. We need you man.

Nico: (sighs with a smile) Oh, what the Hell, J.D.? I forgive you. But Lori and Luna are probably still living normal lives. And seriously, name one time you've disregarded my suggestions.

Me: I can't think of any actually. My memory may be sharp but it's still vague from the aftereffects of Amnesia.

Nico: I understand. But I'm sorry I went out of the way for 2 days.

Me: It's not your fault Nico. It's mine. I take full responsibility for everything that happened to you during these two days. But I also take full responsibility for not following your advice earlier.

Nico: Thanks J.D. And J.D.?

Me: Yeah?

POW!

Nico punched me in the face and knocked me down.

Me: OW! Okay I had that coming.

Nico: You deserved it.

Nico and I came out with the girls and May saw Nico.

May: NICO!

They hugged.

Videl Chan: Daddy!

They hugged him.

May: I'm so glad to have you back, honey!

Maria: But what about Lori and Luna?

Nico: They're too busy living normal lives now. Just give them time.

Me: Lori is still upset about threatening you.

Nico: Yeah I can see that.

Luna: Nico! You're back!

Luna came out and hugged him.

Luna: Glad you're back dude!

Nico: Thanks Luna.

Lori then saw Nico and she was crying still and was a real bad mess!

Me: WHOA! Lori you're a mess.

Lori: (Crying) Oh Nico!

Lori hugged him.

Lori: (Crying) NICO I'M LITERALLY SO SORRY!

Nico: It's all right Lori.

Zarya: Nico?

Nico saw Zarya.

Zarya: Is it okay if I still remain as temporary leader until Xemnas is gone?

Nico: Sure. Eddy can still be temporary second in command. And Starscream can stay as temporary Decepticon Leader. Might as well have you three stay in your tempoary positions until the Digimon Emperor and Xemnas are both dealt with.

Lightning: What about Lynn?

Maria: Let's just give her time to clear her head. She'll come back when she's ready.

Lynn: Actually I'm right here.

We saw Lynn and she had just gotten back from being outside in the backyard.

Lynn: I'm glad you're back Nico. And I'm not gonna give up either.

Me: Awesome.

Lynn: Good. (Sees that I have a nasty black eye) WHOA! J.D. what happened to your eye?

Me: Nico punched me. I had it coming. But it's cool now.

Zarya: Yeah. Lets get going guys!

We cheered!

Nico: By the way what did I miss?

Me: A lot of things. I'll fill you in on the way.

My eye healed and I told Nico everything that happened.

Nico: So the Digimon Emperor tried to kill Rarity and the Flim-Flam Brothers and now just recently Happy Pappy Gary and Betty and 4 South Park Kids?

Me: Yep. He sure did. Next on the list of predictions is releasing Marge from her portrait.

Nico: Oh boy. I hope Homer is up for dealing with his Psycho Wife.

Homer: I am Nico.

Me: Awesome and Homer you will need this.

I snapped my fingers and gave Homer Every Man's powers and he can now use them without needing to touch comics. (Season 21 Episode 1)

Me: I gave you Every Man's Powers. Now you can use them without having to touch any comic books.

Homer: WHOO-HOO! This is awesome! But I know that with Great Power Comes Great Responsibility. So I will be careful.

Me: Good.

We arrived at the Colosseum and it was looking great!

Me: Here we are guys.

Wildrider: Olympus Coliseum still looks the same. Maybe Hercules dealt with the Hydra already. Aw man! And I really wanted to beat it up too!

Me: He hasn't come yet. But he will come. We just have to know when.

Hercules then saw us.

Hercules: Hey guys!

Me: Hey Herc!

We high five.

Hercules: What brings you all here again?

Me: To help you battle one of your awesome adventures and win some awesome tournaments.

Hercules: AWESOME! It's great to have you all here though.

Me: We always are excited.

Hercules saw Nico back.

Hercules: Nico you're back! Are you feeling better?

Nico: I sure am and it's great to be back.

Me: Until we defeat an organization and a monster from Nico's past that is causing lots of problems for us, Zarya is leading the team with Eddy as Second in Command. And Starscream is the leader of the Decepticons till then too.

Hercules: Wow. You guys are going through a nightmare.

Me: Yeah.

Growling was heard.

Me: Uh oh.

We turned and we saw THE LEGENDARY LERNEAN HYDRA!

---

The **Hydra** is a large, multi-headed serpent appearing in Disney's 1997 feature film, *Hercules* . In the film, the Hydra is the first monster Hades uses as a fixed contest to destroy Hercules. However, even though the Hydra grew more heads faster than he can cut them off, Hercules manages to defeat the monster, earning him fame and adoration from the citizens of Thebes.

The Hydra is the first obstacle sent by Hades to kill Hercules, lying in wait behind the boulder of a cave. Lured to a canyon outside of

Thebes, Hercules unknowingly releases the Hydra after rescuing two children (Pain and Panic in disguise) from under the boulder. The two thank Hercules before running off to Hades and leaving the hero to feel a false sense of accomplishment, oblivious to the unintended consequences that would come of his actions.

Moments later, Phil joins Hercules in the canyon, and they become aware of a hissing sound. The Hydra surprises them by emerging from the inside of the cave. Phil ran for cover while Hercules drew his sword in front of the beast, forcing the hero into combat. The people of Thebes watch in horror and Hades watches excitedly as the Hydra advances on Hercules. The Hydra lunges but the hero dodges the serpent and keeps her at bay, until the monster strikes and knocks him back. Realizing he lost his sword, Hercules tries hurling a boulder at the Hydra, only for the beast to crush it into stones with her teeth and laughs at the hero's clumsy attempts in battle. When the Hydra next strikes, Hercules grabs the monster's teeth, struggling as he is pushed back by the creature. He slams her head into the ground, giving him time to grab his sword. However, the Hydra lashes out with her tongue and catches Hercules by his ankle. She flips him into the air, unhinging her jaw on both sides as she opens her mouth, and swallows him whole. Satisfied, the Hydra lets out a loud burp and licks her fangs. The Hydra is about to attack the Thebans until a sick look spreads across her face. As the crowd watched in stunned silence, a bulge formed in the Hydra's neck, and while in the monster's throat, Hercules cuts his way out by decapitation with his sword from the inside-out. The huge head tears from the body and lands in the middle of the crowd. Standing next to the Hydra's headless steaming carcass, covered in green slime, the hero is again lured into a false sense of security before, as Hades expects to happen.

An eerie hiss wheezes from the Hydra's wound, as three separate writhing heads sprout from the wound, admiring each other before beginning the rematch. Knowing the Hydra gave him enough trouble with just one head, Hercules flees as the now three-headed monster chases him down around the canyon until Pegasus picks up Hercules just as he's about to be bitten. Together they soar into the sky as the hero fights back, to little avail. With each head Hercules slices off, three more grow in its place (to the point that they start sprouting four and even five heads at a time). Frantically, Hercules chops at the hideous monster, continuing until he is surrounded by a hissing swarm of heads. Hercules and Pegasus fly up to avoid a pair of heads (which crash into each other), when suddenly another head strikes Hercules, knocking him off Pegasus, and he falls into the living jungle of Hydra necks. The snarling heads gang up to attack Hercules, making several attempts to eat him again, but Hercules is able to escape their jaws until he is flung into the air, and is pinned a cliff with the sharp talons of the Hydra's foot. All of the monster's heads lick their slimy lips in anticipation, ready for the final attack, as they are about to finish the young hero off. As all heads lung at once, Hercules thought quickly and punches the cliff, which causes an avalanche of rocks to fall. The Hydra freezes as all of her heads look up in fear, then the Hydra is crushed and buried in a mountain of rocks, ultimately defeating her for good.

All that is seen of the Hydra after the rockslide is her claw (where Hercules was held). Everyone in the crowd, including Pegasus, Phil, Meg, and Hades thinks that Hercules had died with the beast; however, all a sudden the Hydra's claw starts moving. The crowd is afraid at first, thinking the beast is still alive. But once the claw opens, it is revealed that a bruised and battered Hercules survived, after which everyone starts shouting for Hercules as the light shines on the new hero.

During the song Zero to Hero, everyone is watching a play featuring Hercules bravely fighting the Hydra in battle. Unlike the actual battle, the play shows Hercules fighting the three-headed Hydra, with Phil behind him and not running away.

*Hercules: The Animated Series*

The Hydra only made minor appearance in the series. In the episode "Hercules and the Parent's Weekend" The Hydra appears as a baby during Echidna song "What's a Mother To Do?" with the rest of her monstrous children.

In "Hercules and the First Day of School", the Hydra head was seen in the museum.

In "Hercules and the Big Kiss", Hercules once swore upon his reputation as a hero, to help Cassandra against beasts, like invading Titans and zillion-headed Hydras, though expressed disappointment when it was only a vision of Cassandra kissing Icarus.

In "Hercules and the Gorgon", the Hydra is invited by Pain and Panic to the orientation in the Underworld.

In "Hercules and the Spartan Experience", while looking at clouds with Icarus and Cassandra, Hercules pointed at a cloud that he thought looks like a Hydra being slain by a brave hero.

In "Hercules and the Arabian Night", after meeting Jafar for the first time, Hades thinks about where he can put the Hydra, holding a little chess piece figure of the Hydra in this sequence.

In "Hercules and the Long Nightmare", Phantasos creates a discomforting quilt to make everyone have bad or scary dreams and frame his brother, Morpheus. Hercules had a dream when his adult self visits Zeus and Hera on Mount Olympus, and a three-headed Hydra appeared. One Hydra head grabs Hercules by his cape, dangling him while the other two snapped at him. Phil had a dream until it was interrupted by witnessing Herc's dream, seeing Herc attacked by the Hydra but the hero couldn't fight back because he dropped his sword. When talking of the scary dream, Phil pointed out it was he skipped sword practice to watch cheerleader tryouts at school. The next night, Hercules dreamed of his teenage self being grabbed by the Hydra. He screams for help before the Hydra swallowed him whole. The Hydra's three heads turn into faces of Phantasos afterwards. Hercules continues having the dream, saying he couldn't get out and was stuck in its pancreas, before waking up. When Morpheus asks for Hercules's help, Hercules mentioned how the Hydra was "as scary as they come". Both Hercules and Phil once again face Phantasos, who transforms into the Hydra. Proclaiming he's no longer afraid and Phil's advice that it's just a dream, Hercules bravely tricks the monster, tying the Hydra's necks, then he grabs the tail, spins it around, and throws the monster into a hole before Phantasos turns into Typhon, the father of all monsters. After stopping Phantasos, Hercules told Morpheus that because of the dreams, he wouldn't be afraid if he ever faced a real Hydra, that tackling it in his dreams made it less frightening.

*House of Mouse*

The Hydra appears briefly in the Philoctetes' Hero-Training Program advertisement at the end of the episode "Salute To Sports". It had three heads and was facing Donald Duck in the canyon outside of Thebes.

Video games *Hades Challenge*

The Hydra is mentioned by Zeus when viewing the Hall of Trophies. Zeus describes a different fight that Hercules had against the Hydra, instead saying that it had nine heads to begin with, with Herc searing its heads off so that they wouldn't regrow. This description is identical to the original myth where Hercules and his nephew Iolaus worked together to slay the Hydra, by having Hercules chop off a head and Iolaus cauterize the neck before it could regrow two more. One of its heads appears in statue form.

*Kingdom Hearts II*

The Hydra appears in *Kingdom Hearts II* as a boss at Olympus Coliseum. Sora must battle with the help of Megara, Phil, and Pegasus to defeat it.

Hades sent the Hydra to destroy the Olympus Coliseum and kill Hercules. Hercules had to fight it in the Coliseum and believed he had knock it out. However, it was in fact playing dead and started to destroy the Coliseum. Sora then fought it with his friends and beheaded it until it could no longer grow heads. However, the aftermath of the battle was rather unfavorable-the Coliseum was destroyed and Hercules lost his hero's glow, making him later fall prey to the plans of Hades.

---

Me: WHOA!

Nico: There it is!

Taskmaster: (sees the Hydra) That's the same beast that inspired the HYDRA organization.

Me: The Legendary Lernean Hydra! Just like in the movie!

Laney: This is gonna be rough!

Lynn: But this will be awesome!

Watching us was none other than the God of The Dead himself, HADES!

**Hades** is the main antagonist of Disney's 1997 animated feature film, *Hercules* . He is the fast-talking god of the Underworld with a fiery temper and a vendetta against his eldest brother, Zeus. In secrecy, Hades hatches a scheme to take over Mount Olympus and the cosmos, but a prophecy by the Fates foretells that a hero will rise against him and end his reign.

While the Hades of Greek mythology was not particularly malevolent, the Disney version portrays him as an evil figure, albeit comedic. This interpretation of the character proved successful, making Hades one of the most popular Disney Villains, and a primary member of the franchise.

Hades is first seen appearing on Mount Olympus during Hercules' christening. None of the gods are happy to see him. After greeting them, Hades goes up to Baby Hercules' crib and attempts to put a spiked skull-shaped pacifier into the baby's mouth. He almost succeeds, but then the baby grabs and squeezes his finger, causing him to drop the pacifier, and he begins to insult Hercules under his breath. After Zeus fails to cheer him up, Hades leaves in pain. Humiliated by his brother in front of the other deities, he leaves Olympus to the Underworld to plan his takeover of Olympus. Hades asks Pain and Panic if the Fates have arrived before they reveal the Fates are waiting for him. Angered his minions had not previously alerted him, Hades goes and consults with the Fates on his plan to take over Mount Olympus. They tell him that when the planets align eighteen years later, Hades will be able to unleash the horrible Titans and that they would lead him to victory and power. However, if Hercules intervenes, this will all backfire.

Hades sends Pain and Panic to turn Hercules mortal with a special potion so that they can kill him, but as Hercules does not drink the last drop, he retains his godlike strength and uses it to defend himself. Pain and Panic cover for their failure by claiming they killed Hercules, allowing Hades to continue with his planning. In the mix, he comes across a girl named Megara who sells her soul to him in order to save her boyfriend's life. However, once he has revived, the boy abandons Meg for another woman, breaking her heart and leaving her in Hades' hands. Since then, Meg has been working with Hades to rule Olympus, though she merely does so because she has no choice, and often mocks the god's temper with a sarcastic quip. Years later, Hades sends Meg to recruit Nessus. This backfires, however, when Hercules intervenes. When Hades discovers through this that Hercules was still alive, he takes matters into his own hands. Using Meg to lure Hercules into a fixed contest in facing the Hydra, Hades smiles smugly as he watches the man destined to defeat him struggle under the attacks, only for Hercules to slay the Hydra in a rockslide that seems to have killed both, until Hercules emerges from the monster's claw. After sending an army of monsters to defeat Hercules, all of which fail, Hades sends Megara to seduce Hercules and find his weakness.

Megara falls in love with Hercules on their following date and forgets about the mission, simply saying that he has no weakness when he asks. Hades deduces that Hercules' love for Megara is his weakness and uses her to trick Hercules into giving up his godlike strength for a day for Meg's safety. Hercules agrees and Hades, knowing Hercules will not interfere, not only unleashes the Titans at last but also sends the Cyclops to kill Hercules while he is powerless. Meanwhile, Hades ignites an attack on Mount Olympus, successfully imprisoning Zeus and the others deities in the process, thus allowing the throne to fall into his hands. During the Cyclops' attack on Hercules, a pillar falls on Meg, severely injuring her. This breaks Hades' promise that Meg would not be hurt, causing Hercules to regain his strength. Hercules proceeds to go to Mount Olympus, where he engages the Titans and eventually defeats them, thwarting Hades's invasion. However, Meg has died because of her injuries (thanks to the Fates clipping her life thread) and Hades claims her soul as his consolation prize, knowing how much her death will hurt Hercules.

Hercules storms into the Underworld subdues Cerberus and confronts Hades, demanding he returns Meg to him. Hades smugly explains to Hercules that Meg is dead, and he cannot have her back. Hercules offers his soul in exchange for Meg's and Hades displays a moment of being genre-savvy, seeing the deal as almost too good to be true. However, he decides to agree on the condition that Hercules must retrieve her himself. It is not until Hercules has already dived into the River Styx that Hades shouts that the former will be dead before he can reach Meg. The Fates attempt to cut Hercules' life thread, but are unable to. Hercules' genuinely heroic sacrifice causes him to become a god, making him immortal. Hercules emerges from the river, carrying Meg's soul. Hades, astounded, attempts to smooth-talk Hercules again, who angrily punches him, sending Hades into the river, where he is swarmed by the souls trapped inside and dragged into its depths. It is unknown what happened to him afterward, though Pain and Panic's commentary implies that Hades may be trapped within the river for quite some time, if not eternity.

During the end credits when the thanks to the staff are shown, Hades' voice is heard saying that everyone's got a happy ending but him. Then he asks if anyone's listening and if he's talking to hyperspace.

*Hercules: The Series*

Contrary to film canon, where Hades was unaware of Hercules' survival until the demigod was 18, the animated series shows that Hades often faces off against a teenage Hercules. Hades tries many schemes to destroy Hercules and take over Olympus, plans including exposing the other gods to water from the river Lethe- thus making them all forget their original roles and leaving him free to take over -diverting the River Styx into Greece, or killing Zeus when he temporarily made himself mortal to prove a point to Hercules. Despite all these transgressions, he is never expelled from godhood, frequently being summoned to Mount Olympus for job-related matters afterward.

Hades is shown to have a very poor working relationship with those in his service, primarily the witch Hecate, who frequently attempts to usurp control of the underworld out from under him. Despite Hades attempts to frequently abandon the underworld for Mount Olympus, he seems protective of the job when it is threatened to be taken away from him.

In one episode, he notably teamed up with Aladdin's deceased arch-enemy Jafar and used subsequent attempts to defeat each other's enemies. They didn't always get along however and sometimes argued. Hades found Jafar annoying because he hated his puns and evil laugh, thinking of him as a freak. Their evil plans failed when they underestimated the value of Hercules's strength and Aladdin's ingenuity, culminating in the two teaming up to stop Hades and send Jafar back to the Underworld for good.

In "Hercules and the Tapestry of Fate", thanks to Icarus' and Hercules' messing with the Tapestry of Fate, Hades is alerted to the Tapestry's existence, allowing him to create an alternate reality where Hades is King of Olympus, while Zeus became Lord of the Underworld. They eventually got into a fight nearing the end of the episode, and the reality was undone after Hercules destroyed the tapestry binding the reality together (which also resulted in Hercules getting tickets to a canceled concert that he had earlier not been able to get due to Prince Adonis beating him out of it).

*House of Mouse*

Hades has several notable appearances on the series. In one episode, "Halloween With Hades", Hades had a crush on Maleficent. His first attempt to woo Maleficent fails, so he goes to Mickey Mouse for advice. Mickey tells Hades to try to be nice, but this fails too since Maleficent loathes him being nice. Hades attempts to take his anger out on Mickey until Maleficent discovers how cruel he is towards Mickey and decides to date him.

Another notable appearance by Hades in *House of Mouse* is "Suddenly Hades", where Pete causes the House's thermostat to go broke and break, causing all the guests to leave due to the heat, except for Hades, who enjoys the heat. Mickey and friends then try their best to keep Hades in the House (since Mickey's contract states that the House stays open as long as the show goes on, he would be obliged to close the House down if there were no guests whatsoever). One way in which Mickey tried to keep Hades included an act from Chernabog, a sort of fast-forward version of Night on Bald Mountain. Hades loved it ("Hey! It's the old act! I love this guy!"). Hades eventually left when Pete flooded the House, but this allowed *The Little Mermaid* characters to enter the House instead.

In the episode "House Ghosts", his bloopers reel was shown on the big screen, humiliating him so badly that he tortures his minion's Pain and Panic for no particular reason.

Hades is one of the main villains in *Mickey's House of Villains* as well, though he does not take part in the initial scheming at the beginning of the film. Hades was also seen in *Mickey's Magical Christmas: Snowed in at the House of Mouse*, alongside Jafar and Captain Hook during the finale song.

Other appearances

In the *Descendants: Wicked World* episode "Pair of Sneakers", Hades appears as a statue in a shop on the Isle of the Lost.

Live-action appearances *Once Upon a Time*

Hades makes his debut in the twelfth episode of the fifth season, "Souls of the Departed", played by Greg Germann. Hades is the ruler of the Underworld, a purgatory-like place where the souls of those with unfinished business on Earth go after their death. His lair resides in the caves beneath the Underworld library, accessible by taking an elevator.

Years before the first Dark Curse was cast, Hades appears to Liam Jones (brother of Captain Hook), and persuades him to let the ship they are on the sink so that Hades can get new souls for the Underworld. He offers Liam the coveted Eye of the Storm stone as well as the safety of Liam and his brother if he agrees. Liam takes his offer, causing all the crew to die in the shipwreck. Liam and Hook survive, becoming members of the Royal Navy.

When Hook is killed as the Dark One and Emma and the rest of the group arrive in the Underworld searching for him, Hades sends Cora to persuade Regina to leave the Underworld with Robin and Henry, or risk sending her father to Hell. Cora's repeated attempts to get rid of her husband actually help him to complete his unfinished business with Regina, allowing him to pass on to Heaven. His departure from the Underworld causes the hand on the fallen town clock to tick forward one minute. Later, Cora meets Hades in his lair insisting she receives her end of their bargain (which involves Regina's well-being), despite the failure of her mission. Hades makes a point to mention how much she cares for Regina despite abandoning her other daughter to become royalty, and as punishment, he reverts her to her peasant status, forcing her to deliver mill flour bags for all eternity.

After Megara escapes from the dungeon, she happens to be discovered by Emma and Regina. Megara leads them to the Underworld mines, as they are the entrance to the dungeon. Hades stops them and shows Emma Hook's bloody hook removed from his body. Later, after Megara and Hercules pass on, Hades tells Hook that for every soul that leaves the Underworld, he will keep one of Hook's friends behind as a replacement. Giving Hook a carving instrument, Hades tells him that Hook will get to pick three friends to stay behind since three souls moved on. Hook refuses, and Hades sends him down the River of Lost Souls, to be chained up and slowly lowered into the river to kill him.

After Rumplestiltskin, Milah, and Emma arrive at where Hook is being imprisoned, Emma goes in to save him while Milah guards the boat to make sure Rumple does not take it. Hades appears, freezes Milah in her place, and brings Rumplestiltskin back to his lair to offer him a deal: burn the boat and he will let Rumple return to Storybrooke. Rumple agrees to the deal and returns to the dock burning the boat. Hades then manipulates Rumple's magic to blast Milah into the River, killing her.

Later, Hades decides which of the heroes get to stay behind, since Hook refused. He chooses Regina, Emma, and Snow White, foiling Emma's plan to split her heart with Hook, so they can both return to Storybrooke.

At some point, Hades discovers the crystal ball that Rumple had previously used, and repairs it. He spends hours trying to figure out why Rumple was affected by the image of Belle. After some investigating, he found out that Rumple was trying to find out where

Baelfire went. As Baelfire is dead, the crystal ball instead showed Rumple his new, unborn child, that Belle is pregnant with. Hades also discovers a healer that Rumple had previously killed in the Enchanted Forest had a contract with the Dark One about taking his second-born child. Realizing that this can force Rumple to do his bidding, he has the healer sign over the contract to him. When Rumple approaches, asking Hades to send him home, he pretends to comply, but then tells him he is going to delay his return. He then shows Rumple the crystal ball, explaining that Belle is with child and that Hades now has the power to take the baby at any point, unless Rumple decides to work for him.

Hades learns of the mutiny being planned by Liam, Hook, and the rest of the heroes. Realizing they could discover his weakness, he pays a visit to Liam who is a bartender in the Underworld. Hades tells Liam that he needs him to find the storybook that is hidden in the Underworld Sorcerer's mansion, and rip out the last few pages that contain the story of Hades. When Liam asks why he should agree to help him, Hades threatens him with divulging his secret to Hook: that Liam lets the sailors aboard the ship drown, so he and his brother could get the jobs in the navy.

When Hook and Liam arrive at the cross-over point with the rest of the ships' crew, Hades appears, blowing Captain Silver over the edge of the cliff, sending him to Hell. He then explains to the rest of them that Liam will get to live because he held up the bargain he had with Hades, while Hook will die because he escaped from Hades' lair. Liam refuses to let Hades kill Hook, so Hades decides to kill Liam instead, knocking him off the edge of the cliff. Hook manages to grab his hand before pulling Liam decides he needs to make amends for his actions and let's go. As he falls, Hades watches in shock as the fiery surroundings change to a peaceful ocean, with a ship in the distance. Hades tells Hook he will pay for this before disappearing.

Back in his lair, the discarded pages of the storybook appear in one of the rivers. Hades takes them, searching through the pages and stopping on one with a picture of Zelena and himself, whispering that their secret is safe.

Hades later took Zelena for a ride where he wants Zelena to love him in order to restart his heart and proposes an offer to make chaos with him, but before that could happen, Hades learns that Gold and Peter Pan kidnapped Zelena in order to tear up the contract, which forced him to turn to Emma to help him. When he meets with Gold and Pan at the diner, he gives in and tears up the contract and is reunited with Zelena, whose true love kiss freed him of being confined to the Underworld and offers Emma and the outsiders a portal back to Storybrooke. However, he left out the part of deceiving everyone by turning over the Underworld to Cruella De Vil and the Blind Witch and destroying the ambrosia tree that Emma needed to restore Hook's soul back to the living. He and Zelena leave for Storybrooke before the others.

It turns out Hades didn't change, though he loves Zelena. He kills King Arthur with his abilities after he escaped from the Storybrooke Sheriff Department. Hades was later contacted by Mr. Gold who offers to make a deal with him as Hades is in Mr. Gold's kingdom. Hades declines the offer. After rebuilding the Olympian Crystal, Hades attempts to use it to murder Regina. However, Robin Hood takes the fatal stab and Zelena kills Hades with the Olympian Crystal where he is reduced to ash. Mr. Gold later visits the remains of Hades stating that he should have accepted his deal. He then takes the fragment of the Olympian Crystal out of the sand where he states that Storybrooke is his kingdom.

### *Descendants 3*

Hades appears in the third *Descendants* film, where he attempts to escape the Isle of the Lost after King Ben, Mal and their friends were picking up the new VKs to Auradon, his attempt fails when Mal (in her dragon form) pushes him back inside the barrier. Hades is later seen sleeping on his chair, Celia Facilier gets annoyed with the record player, so she turns it off, waking Hades. It is later revealed that he is Mal's father and was once married to Maleficent before abandoning the two of them. Mal visits him to steal his ember, but after hashing out their differences, he lends her the ember to save Auradon. After Mal defeats Audrey, he is then brought to Auradon to save her life after she is put under an enchanted sleep. Both he and Mal reunite at the end of the film after Mal and Ben choose to unite Auradon and the Isle of the Lost. He happily is seen hugging her, while giving a parental threat to Ben, before wishing the two happiness in their marriage.

### Video games *Hercules*

Hades serves as the final boss in the game, where he battles Hercules in the Underworld over Megara's final fate. Hades' moves set includes launching fireballs at Hercules while trying to evade the hero's sword. Animation of Hades also appears when the player receives a "game over"; in which Hades taunts them for their failure.

### *Hades Challenge*

In the interactive game, Hercules has gone off to battle a giant, leaving Zeus and Hermes without a hero to protect Greece from Hades and his schemes. Zeus messages Phil, requesting a new hero to substitute until Hercules returns. Phil appoints the player, but Hades is not happy with the attempt. As such, he tries to sabotage Phil's training to prevent any more heroes from foiling his plots. Towards the end of the game, Hades kidnaps Phil and holds him prisoner in the Underworld. After the player defeats Hades' monsters, a cowardly Hades tries to talk his way out of trouble, only to inadvertently fall into the River Styx.

### *Kingdom Hearts* series

Hades appears in the *Kingdom Hearts* video game series as a recurring villain residing in the world he came from.

Hades makes his first appearance in the original *Kingdom Hearts*, where he was a member of Maleficent's council and has been supplied with Heartless to use in Olympus Coliseum. Like before, he had managed to gain another warrior, Cloud, by promising him a lead to Sephiroth if Cloud kills Hercules and later Sora when the latter begins winning in the Coliseum. When the plan fails, Hades sends Cerberus after them, who also loses. He is seen later speaking with Maleficent and Riku after Jafar's defeat at the hands of Sora, and Maleficent warns him about letting the darkness consume him. Much later, when Maleficent and the rest of her allies have also been defeated, Hades decides to defeat Sora and Hercules personally in a long tournament with a battle with him near the end. Ultimately, he is defeated by Sora. However, Hades retaliates by unleashing two of the Titans upon the world like the events in *Hercules* . Upon Lythos' defeat, however, Hades disappears.

In *Kingdom Hearts II*, Hades' planning and actions occur within the Underworld instead of the Coliseum. This time, he revives Auron, the "Mother of All Bad Guys", to destroy Hercules, only for the swordsman to refuse this. Hades tries to strike him, but Auron departs with Sora when the Keyblade wielder arrives wishing to talk to Hades (which proves unsuccessful due to Hades' invincibility within the Underworld. However, after Pete reveals that the Keyblade can open any lock, Hades decides to use Sora to reopen an ancient coliseum known as the Underdrome by kidnapping Megara and bringing her to the Underdrome. Sora rescues her but unseals it as a result. Due to his victory, Hades decides to hold the Hades Cup to try to kill the weakened Hercules, who was filled with guilt after failing to stop the Hydra. Hades creates a statue of Auron to control him and fight Hercules. However, Sora steals the statue back and destroys it, freeing Auron. Like the conclusion within the film, Hades tries to throw Meg into the River Styx, forcing Hercules to dive in and save her, causing Hercules' power to be restored by his willingness to risk his life to save Meg. Hades is quickly defeated and falls down into the River Styx, though he manages to escape, but does not continue to cause trouble for the group.

In *Birth by Sleep*, set 10 years before the events of the first game, Hades' first interaction with the Keyblade wielders begins when Terra arrives to test his strength, prompting Hades to convince him to enter the Games to use him against Zeus. But when Terra does not use his darkness, Hades decides to use Zack instead, only for Zack to lose against Terra anyway forcing Hades to flee. When Aqua arrives, Hades reappears as her opponent and nicknames her "little bluebird" due to her hair color. After he calls Terra a coward for not using his darkness, Aqua battles him so Hades fights with the aid of a copy of Hydros called the Ice Colossus. Hades ends up losing and retreats but vows to return.

Hades would also appear in *Kingdom Hearts: Chain of Memories* and *Kingdom Hearts coded* in minor roles, likely due to how his appearances both games were simply copies of the real one.

In *Kingdom Hearts III*, Hades goes back to his original 18-year plan by releasing the Titans from their prison to take over Olympus and rule over the cosmos (like in the original movie) after his previous attempts of using Terra, Cloud, and Auron to further his conquests had failed. He first arrives when Sora, Donald, and Goofy began searching for Hercules with the former calling out for Herc's name much to his dismay. As the trio taunt him of his previous failures, Hades summons the Titans to show them their power creating a gust of wind blowing them into Thebes. He is then briefly reunited with Maleficent and Pete much to his annoyance, although the evil fairy assures him that they won't interfere with his plans and ask him if there is a Black Box in the world. Thinking that they're looking for the box Zeus hid on earth he directs them to the box's location. Later, Hades sits upon his throne on Olympus after Zeus is imprisoned by the Lava and Ice Titan, however, Hercules, Sora, Donald, and Goofy arrive resulting in Hades in sending in the Titans to attack the heroes. After the defeat of the Titans, Hades attempts to retaliate against them but is mocked to return to the underworld and then punched by Hercules in retaliation for attacking Thebes. Defeated, Hades retreats and threatens to throw Meg in the River of Styx, but not before Zeus tosses a thunderbolt at him.

## Disney Parks

In later years, despite not having too many live appearances, Hades has become quite the common Disney villain in several spots, mostly for entertainment purposes.

Hades is also used in promos for the Disney theme parks along with other major Disney villains as part of Halloween celebrations, including animated commercials and the live-action Christmas/Halloween promo that premiered October 2013.

### Disneyland Resort

In California, Hades appears with a speaking role in the annual Frightfully Fun Parade at the Disneyland park.

### Walt Disney World

In 2013, Hades appeared with Megara, Pain, Panic, and several Disney villains on stage for the "Unleash the Villains" Halloween stage event at Disney's Hollywood Studios. He would return for the renamed "Villains Unleashed" event in 2014.

In the interactive attraction Sorcerers of the Magic Kingdom, Hades serves as the main antagonist again. In this attraction, Hades sets his eyes on the Magic Kingdom for his new summer vacation spot and plans on turning it into a post-apocalyptic wasteland but Merlin's powerful Crystal of the Magic Kingdom prevents him from doing so, as it is powered to keep all evil at bay at the park. When Hades sends Pain and Panic to steal it, the crystal is accidentally shattered into several pieces with four of them getting scattered around the park. Hades then recruits several Disney Villains to help retrieve them, but in the end, Hades and the villains are trapped and imprisoned in the newly-reconstructed crystal by Merlin and the park guests that helped him on the adventure.

In Fantasmic!, Hades is one of the villains summoned by the Evil Queen to destroy Mickey Mouse in the Florida version of *Fantasmic!* . Once Hades is summoned, he then summons Chernabog. Hades is defeated with the other villains at the end.

Hades does not appear in Mickey's Philharmagic show itself, but on a poster in the queue area where he sings "Torch Songs".

In Hocus Pocus Villain Spelltacular, Hades is one of the many villains to join the Sanderson Sisters with their Halloween celebration as one of the "frightful friends" Maleficent conjures.

In Wonderful World of Animation, Hades appeared as a major villain alongside Tamatoa and Yzma during the villain-centric segment. When he appears, the Chinese theater is engulfed in blue flames as the audience is transported to the Underworld.

In the Magic Kingdom's Villains Unite the Night, Hades and Meg serve as the protagonists. In the show, Hades is preparing for the planets to align; an ancient prophecy declares that someone will be granted ultimate power that will dub them ruler of the universe. Hades believes this to be him but later finds that Jafar, Maleficent, the Evil Queen, and Dr. Facilier have been following the same prophecy.

Tokyo Disney Resort

In Starlight Dreams, Hades is one of the central villains where he joins other Disney Villains in a hostile takeover scheme against Mickey Mouse and friends. During the Halloween season, he is prominently featured alongside other major Disney villains throughout the park, including a live appearance in Tokyo DisneySea's Villain's World show.

Hong Kong Disneyland

In Hong Kong, Hades was added to the 2017 edition of The Nightmare Experiment attraction, where guests can visit his Underworld during the latter half of the tour.

Shanghai Disneyland

As part of the park's Halloween celebration, Hades joins Dr. Facilier and Maleficent in the Villain's Cavalcade night show.

Disney Cruise Line

Hades is the starring character for Villains Tonight!. In this show, Hades has "gone soft" in recent years and if he doesn't regain his evil nature, he will lose control over the Underworld. Hades visits the most powerful Disney Villains to help recapture his infamous cruelty.

Hades: Lets get ready to (HAIR FLARES UP) (ECHOING) RUMBLE!

Me: Here we go guys!

Nico: It's great to be back in action!

Zarya: Yeah! Lets get this monster!

Villamax, Fixer, Anti-Wanda, Crimson Dynamo, Zzzax and Dayu appeared.

Me: Villamax, Fixer, Anti-Wanda, Crimson Dynamo, Zzzax and Dayu.

Fixer: Looks like the party is starting.

Villamax: Fancy seeing you guys here.

Maria: Were you planning on meeting us somewhere else?

Fixer: Well, we were planning on meeting you guys when signing up for any tournaments here.

Anti-Wanda: That's right y'all. I even brought my pencil. (holds out stick)

Me: That's a stick silly.

Villamax saw Nico back.

Villamax: Nico, You're back!

Nico: Yep. Had a good talking to.

Fixer: We thought you were never gonna fight again.

Me: I gave him a good talking to along with a heartfelt apology. Also I told him I would never banish him to the warp even if someone took away my powers and threatened to blow my fucking head off.

Nico: Really?

Me: It's a little extreme but it was the best I could think of.

Nico: Oh.

?: Glad you guys are back together.

A figure came out and it was ANTENNATRON from episodes 9 and 43 of Beast Morphers!

---

**Antennatron** is an antenna-themed Robotron in *Power Rangers*

*Beast Morphers* .

Antennatron was created when Blaze and Roxy infected an antenna in the Cybergate warehouse. His purpose was to hack into Grid Battleforce's radio frequencies and find out where Steel was in order to recapture him so Evox could transfer his essence into his body. After Evox failed to possess Steel, due to Steel's human DNA, Blaze, Roxy, and Scrozzle retreated to the Cyber Dimension, while Antennatron and the Tronics fought the Rangers. Eventually, Zoey and Ravi destroyed Antennatron with their Beast-X Cannons. Antennatron, Spiketron, Keytron, and Slicertron were all recreated by Venjix (Evox's true identity) to fight the Rangers in Sub Level 1 of Grid Battleforce HQ. They took on the Rangers, with Antennatron fighting Ravi and Zoey. The Robotron was later destroyed offscreen by them using the Beast-X Slash.

---

Zoey Reeves: Antennatron!

Antennatron: Been a while rangers.

Me: I remember you! You were made for the purpose of hacking into the Grid Battleforce's Radio Frequencies. To find out where Steel was so Evox can transfer himself into him.

Antennatron: That's right J.D.

Vypra: Told you he has a great memory.

Antennatron: And I believe you Mistress Vypra. Awesome.

Me: Like I tell all your comrades. Never missed an episode.

Antennatron: Cool. Glad you're back Nico.

Nico: Thanks.

Antennatron: If you want, I can tap into some phone scam radio talk that I got in my free time for you guys to listen to.

Nico: I used to listen to those when I was still in school!

Me: Really?

Nico: Yeah it was a long time ago.

Me: Wow! That would be cool!

Eddy: That would be something I would look forward too. Just like in my old days.

Luan: Yeah.

Antennatron: Here we go.

We listened and Lisa pulled out her radio transmission pinpointer and it showed us a telemarketing scam.

Telemarketer: Are you tired of kitchen sinks that don't work?

The scam was coming from an abandoned building in the middle of the city of Gotham Royal York.

Telemarketer: Then try the new Sick-Fixer 9000. It will clean your sink and make them good as new. But it's not just a sink cleaner. It's also a tree-trimmer, toenail clipper, toiler cleaner, flashlight (Batteries Not Included) and many more functions.

Lisa Loud: This is all false.

Nico: I agree. Can you scan the item in question and show us what it looks like?

Lisa Loud: I can do that.

Lisa pressed a button and the satellite scanned it and we saw that it looked like a huge vacuum car that was majorly beaten up and all that and it was being sold for $1,000.00.

Nico: $1,000.00 for that!?

Me: Take that and shove it up your fucking butt!

Nico: No kidding!

Lisa Loud: I'll have the Federal Bureau of Investigation move in.

Nico: Awesome.

Me: Cool!

Nico: That was fun! Just like old times.

Me: It sure was! That was cool that you did that Nico.

Dayu: It sure was.

Me: Lets get our battles done shall we?

Villamax: Lets do it.

We powered up and went at them.

Snowdrop: And my name is Snowdrop. Luna and I have known each other for 1,000 years.

Gari: Same with me and my siblings.

Princess Luna told him everything.

Jindrax: Well, when we get to the Underworld, we might as well sign up for any tournaments there.

Nico: And I have a feeling they will be good ones.

Me: Me too. This is gonna be awesome!

Laney: It sure is! I can't wait to see how you all do against Hades again.

Eli: Same here.

Me: Yeah.

We went down to the Underworld and it was a REALLY CREEPY place and it was scary. Filled with the Souls of The Damned and overflowing with pure evil.

Nico: Whoa. This place gives me the creeps.

Me: It sure is scary and creepy.

Lincoln: Yeah. Just like in the movie.

Laney: Wow.

Later in Hade's room, Vypra and Hercules saw HADES THE GOD OF THE DEAD!

Vypra: Surprised to see me here with Hercules, Hades?

Hades: No offense to you Masters of Evil guys. But I'm waiting on your heroic counterparts.

Hercules: You better hope Lincoln and his sisters don't get here or you're in big trouble!

Hades: (chuckles) You see, that's funny. Because I don't think they're going to show up at all. I've been organizing things in the Underworld for days but there's no sign of them. I think they're gone for good.

But then…

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive blue fire explosion blasted a huge hole into Hades' Lair and a wolf howl was heard and we landed in front of him.

Zarya: Gone for good are we?

Me: You may want to rethink that flame face.

Hades: Well! Team Loud Phoenix Storm. Looks like you did show up.

Me: For the tournaments you have planned.

Hades: I had a feeling you would come for that like you did the last time.

Eli then snuck up behind him and blew Hades's hair out!

Hades: Whoa is my hair out?

We laughed hysterically at that!

Me: That always cracks me up!

Zarya: Me too!

Nico: Yeah!

Hades: Glad you're amused, because I have 4 faces for the tournaments you all might know here.

We saw LOBO, GRIER, DEADPOOL AND MOOSK!

Me: Lobo, Grier, Deadpool and Moosk!

Grounder: (to Deadpool) Hey, Deadpool! Just want to thank you for helping us against Thanos.

Deadpool: Thanos!? Oh no!

Me: You killed him remember?

Deadpool: Oh yeah we did didn't we?

Lori: You literally are funny and crazy.

Captain America: Wade always is like that.

Me: Yeah but he's a great anti-hero.

Onyx: (to Lobo) Hey, Lobo. Good to see you again.

Lobo: Hey guys!

Me: We can't thank you enough for helping us kill Raven's so-called father.

Raven: We owe you one.

Lobo: Thanks guys. It was fun.

Crystal Man: Hey, Moosk. How's the tie hunting coming along?

Moosk: (Russian Accent) It's going really well comrades. Caught the elusive El Plaido.

Me: Ooh! That's amazing!

Numbuh 1: Wow!

Me: We owe you a huge debt for helping us save the world from Impending Doom when that asteroid was coming.

Grier: Think nothing of it J.D.

Nico: That was an incredible adventure.

Vypra: It sure was.

Me: Yeah.

Hades: Well now that we're all acquainted shall we get the tournaments started.

Me: You bet and we'll go from easiest to hardest.

Nico: This is gonna be cool!

Zarya: YEAH! First will be the Pain & Panic Cup and J.D., Eli and Sora will go first.

Me: YEAH! This is gonna be good.

Eli: Yeah! This will be awesome.

A figure came out of a Dark Corridor and it was EVIL ZEXION THE CLOAKED SCHEMER!

---

**Zexion**, also known as the " **Cloaked Schemer** ", is the Nobody of Ienzo and Rank VI in Organization XIII. He serves as the secondary antagonist in *Kingdom Hearts Chain of Memories: Reverse/Rebirth*, wishing to use Riku as a puppet in Castle Oblivion. He wields the element of Illusion, and uses his element to create illusions and objects to fight for him. Unlike the other Organization members, Zexion's weapon was originally unknown, and his talents were used only outside of normal combat.

In *Kingdom Hearts Re:Chain of Memories*, Zexion's weapon was revealed to be a book called a Lexicon. Zexion appeared in *Chain of Memories* as a participant in the struggle within the Organization between the newer and veteran members. Zexion appeared in the game *Kingdom Hearts 358/2 Days*, as one of the playable characters in multiplayer mode.

He is voiced by Vincent Corazza in the English dubbed version, and Akira Ishida in the Japanese version. When disguised as Sora, he is voiced by Haley Joel Osment in the English dubbed version, and Miyu Irino in the Japanese version.

### *Kingdom Hearts Birth by Sleep*

Zexion was once Ienzo, a quiet boy and one of six apprentices to the ruler and scientist of Radiant Garden, alongside Xehanort, Braig, Dilan, Even, and Aeleus. Worried the Darkness in people's hearts would eventually consume his world, Ansem began performing tests on Xehanort's heart. Eventually, at Ienzo's persuasion, he created a laboratory in his castle's basement for such experimentation. However, Ienzo and the other apprentices had their own intentions for the laboratory, and began conducting inhumane experiments on the human heart and the darkness within it. Such experimentation led to the creation of Heartless. Ansem quickly discovered their secret experiments, and immediately ordered them to stop. One day, after being advised to review their research data by King Mickey, Ansem found that the effects of their experiments had become irreversible.

Eventually, Ienzo and the other five apprentices dabbled too deep into darkness through their continued experiments. Ienzo, along with the others, was consumed by the darkness, producing a Heartless. However, the apprentices all had strong wills, and so Ienzo also became his Nobody, Zexion. The six Nobodies formed Organization XIII, and banished Ansem the Wise to the Realm of Darkness.

### *Kingdom Hearts: 358/2 Days*

In *358/2 Days*, Zexion is present when Xion joins Organization XIII. Zexion later teaches Roxas how to fill the mission gauge in Twilight Town, before being sent away to Castle Oblivion. True to his personality, he was patient with the Keyblade wielder, carefully and calmly explaining the filling of the gauge in great detail. Zexion also makes a cameo appearance later in the storyline. During Xion's nightmare on Destiny Islands, Roxas stands on the beach of the island, missing his friend. He later sees the hooded Sora copy and approaches her. She removes her hood and turns out to be none other than Zexion, who proceeds to taunt a younger version of Riku as he did in *Kingdom Hearts: Chain of Memories* . The scene then begins to fade, Xion (In the form of the shocked Roxas) undergoing a series of transformations until she finally takes Sora's form for the first time.

### *Kingdom Hearts: Chain Of Memories* Discovering Riku

After Sora had been lured into Castle Oblivion, Zexion discovers two other scents deep in the dungeons of the castle. One of them belongs to a Maleficent formed from someone's memory, having been given life by Castle Oblivion's unique properties. Originally, he mistakes the other scent to be that of "The Superior". Eventually, however, Zexion and his cohorts determine that the scent belongs to Riku, who had appeared in the Castle by force of will after Sora's arrival. Vexen hypothesizes that the darkness in Riku's heart ("Ansem") caused Zexion to mistake him for "The Superior", calling the effect "fascinating". Specifically, Riku's heart is plagued by the presence of Ansem.

### Opposition to Marluxia

Zexion, as well as Lexaeus and Vexen, come to see that Marluxia, keeper of Castle Oblivion, intends to take control of Organization XIII, with the help of Larxene, by using Sora as their puppet. Though they see that they can use Riku to counter Sora, they decide to oppose Marluxia's plot by having Vexen investigate Marluxia under the guise of offering to help using the Riku Replica he creates with combat data from the real Riku. However, Vexen is eventually killed on Marluxia's orders by Axel, whom Zexion and Lexaeus had been unsure about trusting. Axel later tells them he had performed the deed only to gain Marluxia's trust, and continues to cooperate with Zexion in tracking Sora and Riku.

Seeing that Vexen's efforts to derail Marluxia's plan had failed, Zexion sends Lexaeus to sway Riku into joining them, but Riku refuses to allow darkness to control him and defeats Lexaeus in combat. With the last of his strength, Lexaeus manages to knock Riku unconscious, rendering him helpless. However, before he can finish the job, Xehanort's Heartless takes control of Riku's body and finishes Lexaeus with the power of darkness. Riku is then enveloped in his own personal darkness, where "Ansem" tries to corrupt him -

however, he is saved by King Mickey and continues ascending Castle Oblivion.

## Confronting Riku

After Lexaeus dies in his failed attempt to subvert Riku's resistance to darkness, Zexion discusses the Organization's fate with Axel and learns that Larxene has been killed as well, bringing the number of Organization members eliminated to three. Axel tells him that he himself was defeated by Sora as well, and that Marluxia is almost certainly the next to go.

Zexion decides that with the possibility of Marluxia dying soon, Riku is no longer needed, and heads off to intercept him. Zexion appears before Riku while he is between floors of the castle, shortly after the death of Marluxia. As the force of Marluxia's death shakes the castle, Riku halts with surprise and comments how a very strong scent in the air has died. Zexion materializes in front of him and tells him that Sora has just defeated Marluxia. Riku is surprised to learn that Sora is also in the castle, but Zexion tells him he would never be able to face him after having such darkness in his heart.

He gives Riku a World Card to Destiny Islands, and Riku winds up facing a Darkside Heartless. After he defeats it, Zexion reappears, and continues to play on his guilt, telling him Sora will always oppose him as a host of the dark. Sora then appears himself, brandishing his Keyblade and accusing Riku of being corrupt. He envelops Riku in light, rendering him unable to do anything. Instead of drowning Riku into helplessness, however, the predicament causes Naminé to come to his aid, in the guise of Kairi, telling him that he should stop rejecting the darkness within his heart, and instead tells him to draw on that power to free himself of the oppressing light and strike out at Sora. He wounds Sora, whose disguise falters to reveal Zexion, who had been using his powers of illusion to deceive Riku.

Zexion is astounded by Riku's ability to control the darkness, and is also enraged at his perseverance. He decides to engage Riku in combat himself, albeit wounded, but still puts up a rather difficult fight. However, Riku eventually overcomes and defeats Zexion (in the original *Chain of Memories* Zexion runs away instead of fighting

Riku).

After escaping from Riku, Zexion appears in a room, where Axel and a companion are waiting. In a panic, Zexion thinks Axel's companion is Riku himself, but then realizes it's only the Riku Replica. Axel and the replica then approach Zexion, and Axel directs the replica's attention to his lack of wholeness. He tells him that if he can find strength that the real Riku doesn't have, he can become a whole person of his own, rather than a mere puppet or whole copy of Riku. The Replica then kills Zexion.

*Kingdom Hearts II Final Mix*

Zexion's spirit later reemerges as an Absent Silhouette, lurking in the Underworld of Olympus Coliseum.

While tracking down Hades, Sora and company encounter and observe Zexion's Silhouette. They wonder what the Silhouette is, but choose to ignore it. Later, after acquiring the Olympus Stone, Demyx reveals to Sora and company the nature of the Silhouettes, using Zexion's as an example.

If Sora chooses to battle the Silhouette, Zexion proves himself a dangerous foe, using his Lexicon to imprison Sora and company and attack them inside, but he is ultimately slain.

*Kingdom Hearts 3D: Dream Drop Distance*

Following Zexion's death, Ienzo is revived alongside the rest of Ansem's apprentices.

When Lea returns to the castle from searching for Braig and Isa, Ienzo explains to Lea that if a person's Heartless and Nobody were killed and said person's homeworld was destroyed, they would end up in Traverse Town. However, Lea rejects Ienzo's ideas.

*Kingdom Hearts Chain of Memories* manga

In the manga adaption of *Kingdom Hearts Chain of Memories*, Zexion does not escape from Riku after being defeated in battle on the virtual Destiny Islands. Instead, Zexion appears to Riku and taunts him about being weaker than Sora because he rejects the darkness. He transforms into Sora and rebukes him for embracing it, tricking Riku into thinking it is actually Sora accusing him instead of Zexion. Later, after changing back into himself, he further influences him by saying Sora would never want to see him again because he ran away from the light, but the Organization would welcome him with open arms. He consumes Riku in light, making him unable to do anything and attempts to show the pain of the light, but Riku, enraged, instead turns on Zexion and kills him with a slash of his Soul Eater. Zexion never fights with the Riku Replica.

In the manga, Zexion visits the floor where Lexaeus was killed, and he never makes an alliance with Axel.

---

Me: **Zexion. Just the man we were looking for.**

Lucy Loud: Your target is me now.

Evil Zexion: (to Lucy) I'm actually glad you and your team are feeling better. Killing you while you were broken would've been too easy.

Lucy Loud: You wouldn't want to kill us anyway. Because we all have something that you never will have.

Evil Zexion: And what is that?

Lucy Loud: True friendship.

Lucy had darkness swirl around her.

Lucy Loud: Now you will feel the fury of the ultimate power of darkness.

Suddenly Lucy was enveloped in a massive vortex of pitch black darkness and it was darker than the darkest of nights as it exploded high into the sky and formed into a bat of pitch black terror. The cosmic energies of stars and space poured in as well as the Souls of the Damned and the Forgotten. Lucy's energy levels were skyrocketing powerfully. When the vortex faded Lucy was forever changed!

(IMPERATRIX MUNDI BY JO BLANKENBURG PLAYS AT 1:30)

She looked like a 21-year-old girl and her pitch black hair was longer and in a ponytail and had a bat beret on it. Her sclera in her eyes were now pitch black and her pupils were red like blood and glowing ferociously and she had a vampire bat over a crescent moon with red eyes emblazoned in the middle of her forehead and she had earrings in the shape of the kanji for Darkness on and her vampire fangs were longer and scary. She had a pitch black shirt and black leather pants and she had black combat boots. She had a pitch black sleeveless trench coat and on the back was the kanji for Lucy Loud, Emissary of Darkness and Champion of Nott and Master of the ultimate Darkness of the Night. She had pitch black angel wings that were surging with black lightning and she had her sword Nizogamourne in her hands ready for a fight. Her aura was as black as night and she was stronger and more powerful than ever. She was now a SUPER ANGEL 25,000,000 CRUSNIK VAMPIRE DARK ANGEL!

Me: **WHOA! Lucy you look amazing!**

Brittney: WHOA! Lucy is a true angel of darkness!

Nico: Unbelievable! Wow! Lucy you look amazing!

Lincoln: She sure does! Lucy how do you feel?

Lucy Loud: (Divine Dark Demonic Voice) (Transylvanian Accent) **Like a true vampire and force of darkness.**

Brittney: Wow!

Me: **Show no mercy on him Lucy.**

Lucy Loud: **With pleasure. The night will take you down.**

Lucy flew at Evil Zexion and kicked him in the face and slashed him all over the place and blasted him with darkness blasts and darkness lightning blasts and electrocuted him all over. She then kicked him in the face and punched him and slashed him in the neck and kicked him and smashed him into the ground. Evil Zexion clutched his head and screamed in pain!

Lucy Loud: **The Darkness will never allow you to be here!** (Holds hand out) **HAKAI!**

She banished him to the Warp.

Hades: (to Lucy Loud) You know, I could just kill you right now while you're tired. But, Elli spared me 10 minutes ago. So, I think I'll let you and your friends go for today. (to Eli) You can consider us even now.

Me: **Don't think this is over Hades. We're coming for you again.**

Hades: And I'll be ready for you all.

Me: **We have that to look forward too.**

We powered down and went back to the colosseum.

Me: AWESOME!

Nico: That was so awesome! It's great to be back!

Auron: I can't thank you all enough for helping me.

Crimson Dynamo: No problem, comrade.

Zzzax: And Nico's back in action.

Nico: Yep. And this time, I'm here to stay!

Dayu: Good to know.

Poromon: Guys, when we get back, me, Manaphy, Poliwag, and Horsea have something to show you.

Nico: Okay. (Stomach growls) Whoa man! I'm really hungry.

Me: Lets get back and get you some food at the Wing King after we have our mascots show you what they did.

Nico: Good idea.

We arrived back at the estate and Poromon, Poliwag, Horsea and

Manaphy surprised Nico with a welcome back party.

Poromon, Poliwag, Horsea and Manaphy: WELCOME BACK NICO!

Nico: WHOA! A party for me!?

Me: Yep. They planned it for you.

Nico: AWESOME!

Me: Yeah! And I'm really sorry about everything.

Nico: I know man. It's not your fault.

Me: Good.

Hercules: (To the viewers) Remember this folks, be kind to your friends and they'll be kind to you.

Me: Ain't that the truth.

# Light and Hearts Part 9

ALADDIN 2: THE RETURN OF JAFAR

---

In the middle of the city, at a house, a Pizza Delivery Guy was making a pizza delivery to someone.

And here's where Eddy meets the pizza guy.

DING DONG!

A man came to the door.

Man: Hello?

Pizza guy: Pizza delivery for 7348 Red Ledge Drive.

Man: Look, would it help if I slow it down for you? I didn't order the pizza.

Pizza guy: Is this 7348 Red Ledge Drive? Are you Mr. Merchant?

Mr. Merchant: Yeah, the Mr. Merchant who didn't order the fucking pie!

Pizza guy: Then, who placed the call?

Eddy: I did. (toilet flushes)

Eddy came out of the bathroom.

Eddy: Pineapple and olive? (pizza guy nods and hands him the pizza) Sweet and salty.

Mr. Merchant: The fuck are you? The fuck you doing in my crib… (Eddy points blaster at him)

Eddy: (to pizza guy) Is it burnt crust?

Pizza guy:… God, I hope no. Um…

Mr. Merchant: Whoa… man, look. If this is about that poker game, I told Howie, I told him that… (Eddy gives him a serious look and Mr. Merchant takes out his wallet) Okay, uh, look, just take whatever you want.

Eddy: (takes wallet) Thanks.

Pizza guy: Sir. Before you do anything to him, do you mind if I get a big tip?

Eddy: Uh, Jeremy, is it? (Jeremy nods and Eddy holds up fist) Eddy. Eddy McGee. (Jeremy gives him fist bump) That is a no go on the tiperoo, Jer. (takes out gold card) I'm not here for him. (aims blaster at Jeremy) I'm here for you.

Mr. Merchant: (sighs in relief) Oh. Hehe, okay, wow, dodged a big-time bullet on that one.

Eddy: (slams blasteron Mr. Merchant's face) Not out of the woods yet. You need to seriously ease up on the bedazzling. They're jeans, not chandelier. P.S. I'm keeping your wallet. You did kinda give it to me."

Mr. Merchant: Okay, just look, man, can I have my Sam's card…

Eddy: (aims blaster at Mr. Merchant's head and forces him to sit on couch) I will shoot your fucking cat!

Mr. Merchant: (confused) I don't really know what that means. I don't have a cat.

Eddy: Then whose kitty litter did I just shit in? (puts blaster away) Anyhoo, tell me something… (takes out knife) What situation isn't improved by pizza? (opens pizza box with knife) Do you happen to know a Meghan Orflowsky - gettin' that right? Orflasky? Orlovsy? Yeah? Good. (Jeremy nods as Eddy eats pizza slice) 'Cause she knows you. Jeremy, I belong to a group of guys who take a dime to beat a fella down. (tried to hand Mr. Merchant the pizza, but dropped it as it fell to the floor) And little Meghan, she's not made of money, but lucky for her, I got a soft spot.

Jeremy: [nervously] I'm, uh…

Eddy: A stalker. (points knife at Jeremy) Threats hurt, Jer, though not nearly as much as serrated steel. So keep away from Meghan. Cool?

Jeremy: Yes… Yes, sir.

Eddy: Then we're done. [puts the knife away]

Jeremy: Wait, we… we are?

Eddy: Yeah, totally done! [everyone starts laughing]

Eddy: [to Mr. Merchant] You should have seen your face!

Mr. Merchant: I didn't know what to do. I was so scared!

Eddy: Soft spot, remember?

All of a sudden, Eddy knocked the pizza off of Jeremy's hands as he grabbed him by the neck, and pinned him to the wall

Eddy: You even LOOK in her general direction again, and you'll learn in the worst of ways that I have some hard spots too! (thinks for a moment) That came out wrong. Or did it? [kisses Jeremy on the cheek]

Jeremy: (GULP!) YES SIR! I'LL TURN MYSELF IN! DON'T SHOOT ME!

Eddy: Good.

Eddy left and Jeremy turned himself in.

Later at the shed in the courtyard, The Digimon Emperor broke in and lifted up the portrait of Marge Simpson and she saw him.

Marge: Wait. You're not Nico! Who are you?!

Digimon Emperor: Not so loud. I'm here to get you out.

The Digimon Emperor got the portrait and used a Luigi's Mansion freedom ray and got Marge out.

Marge: Ahh. Good to be out.

But what they didn't know was that Spitfire was above them.

Spitfire: I got to warn everyone!

She flew fast to us.

Eddy, who was wearing tacky sunglasses, was walking to an underpass as he was holding a box of pizza. There was a group of girls talking as Eddy walked up to one of them.

Eddy: Meghan.

As the girl in the middle looked up, Eddy threw the pizza box in front of them along with a few photos of Jeremy holding a sign that said 'I'm Sorry'.

Eddy: You've heard the last of Jeremy. He's sorry.

Meghan: Really?

Eddy: Yeah. He turned himself in for Federal Stalking charges. He's looking at a long time in prison and deportation.

Meghan: Wow! That's great! Thank you so much Eddy.

Eddy: You're welcome.

Eddy left.

Later Eddy came back.

Suzumebachi: Hey, Eddy. Where were you?

Eddy: I was out running some errands.

Me: How did they go?

Eddy: Good good.

Me: Awesome.

Spitfire came and she had a look of panic on her face.

Me: Spitfire what's wrong!?

Spitfire: It's the Digimon Emperor!

Me: Uh oh! Don't tell me. He released Marge from her portrait.

Spitfire: Yeah!

We gasped!

Jessie (Pokemon): Seviper, guard the door. Make sure Marge doesn't get in or out.

Seviper agreed.

Me: Computer locate Marge Simpson.

Computer: Subject Marge Simpson located. Estate courtyard.

Me: Lets roll!

We went to the courtyard.

Fu: Eddy, what kind of errands were you running?

Eddy: I was busting a stalker.

Fu: Wow! Who was it?

Eddy: his name was Jeremy and he was a pizza delivery guy.

Fu: Wow!

Deadpool: Jeremy? That guy is familiar to me.

Eddy: You should know him Wade. He was after this girl named Meghan Orflowsky.

Deadpool: I remember him! I punched the fucking shit out of his brains.

Me: Nice!

We arrived at the courtyard and we saw MARGE BOUVIER!

Me: Marge Bouvier.

Marge: J.D. Knudson.

Jade: What do you want now, Marge?

Marge: (pushes Jade out of the way) Out of the way, brat! This is between me and my so called family!

The next thing Marge knew, Jackie Chan grabbed her by the collar.

Jackie Chan: (understandably angry) NO ONE TOUCHES MY NIECE AND GETS AWAY WITH IT!

Me: That's right Marge!

Homer: YOU ARE NO LONGER PART OF MY FAMILY YOU DUMB BITCH!

POW!

Homer punched Marge in the face and knocked her down.

Joe Swanson: Marge Simpson you're under arrest.

Marge: Not until I kill Homer and my children!

Bart: Well see about that!

Lisa Simpson and Bart pulled out 12 gauge shotguns!

Bart: Try killing us without legs you bitch!

BANG BANG!

Bart and Lisa blasted Marge's legs off and severed them!

Me: Nice shooting guys.

Tom Lair and Sheila had Marge.

Blaster: (to Tom Lair and Sheila) You two take Marge into police custody until the Digimon Emperor and Xemnas are dealt with.

Marge: (to Homer, Bart, and Lisa) So, I guess you three still don't have the guts to have me killed, huh?

Lisa Simpson: There are more important things going on right now then your nagging, Mom. But when this is over, the 4 of us are gonna have it out.

Marge: For who?

Homer: For you Marge!

Homer then pulled out a piece of paper and it was for a Finalized Divorce!

Me: Homer doesn't want anything to do with you anymore. Now he has a new love.

Mindy Simmons came up to Homer.

Mindy Simmons: You said it J.D.

Homer and Mindy showed wedding rings and Marge gasped in shock and sheer rage!

Marge: YOU FUCKING BITCH! I WILL KILL YOU FOR THIS! I WILL BE BACK! I WILL KILL YOU!

Me: Get her outta here.

Tom Lair: With pleasure.

They took her away.

Soundwave: Homer Simpson: Superior. Marge Simpson: Inferior.

Me: Indeed. Marge has always been a monster.

Homer: Yeah I don't know what I was thinking marrying a monster like Marge.

Me: Yeah.

Bart: She stopped being our mother the moment she helped that fucking jerk Burns.

Nico: Big time. She brought all this on herself.

Me: Yep. That's 8 predictions that came true.

Nico: Yep. But we'll make sure he pays for his crimes later on.

Naruto: Yep.

Vypra appeared and with her was a boy with blue and dark blue hair and he had blue eyes and had a dark pink shirt with purple sleeves and he had an ocean waves with purple bubbles symbol on it and he had grey pants and sneakers.

Vypra: Hey guys. I have a new recruit for the Redemption Squad for all to meet.

Toxic Horror: Louie PoisonSea?

Louie PoisonSea: Hey guys.

Magma Gloom: We didn't expect you to join the team.

Me: You guys know him?

Frozen Fright: He's our forgotten brother of the Fearful 4.

Frozen Fright told us his history.

* * *

He's the True Youngest and forgotten brother of the Feared Four, he's a 12 years old unicorn pony and is the only one redeemed of the group, Formerly known with the nickname (given by his brothers) "The Repentant Poisonous Boy", he never liked his brothers' hobbies, winning their hate and rejection, some ponies all over know that he's not evil, Currently he feels guilty about having cruel brothers, He's Gloomy, Sad, Kind and pure hearted, he was always hated in all the corners of Equestria, due to his descendance from an infamous family, His Cutie Mark is about (which he's always ashamed) his accidental and painful reminiscence that he's eternally rued; poisoning a fish on a pond in the Crystal Empire

---

Me: Whoa man!

Nico: That's rough. But it's good you want to redeem yourself.

Louie PoisonSea: Thank you. And it's an honor to meet the very famous Team Loud Phoenix Storm.

Me: Same here Louie. It's good you want to redeem yourself.

Frozen Fright: Yeah bro and we're really sorry about everything we did to you. We were just so cruel and all that.

Louie PoisonSea: It's all right guys. You were being like normal brothers.

Thunder Terror: It's good you want to join the team and redeem yourself.

Me: It sure is. I guess the Fearful 4 is now the Fearful 5.

Magma Gloom: Yep.

Vypra: He was going to become Silver Spoon's archenemy but he wants to join the Redemption Squad as well.

Me: That's understandable. He can be part of both teams.

Vypra: That works.

Me: Cool. Now it's time for us to get ready.

Nadira: Looks like it's back to Agrabah.

Me: Yep and we're going back there to kill Jafar.

Eli: That's right! We had him banished to the Cave of Wonders.

Me: No doubt he has resurfaced and Iago wants nothing to do with him anymore.

Lincoln: This is gonna be interesting. We're probably gonna help Aladdin kill some thieves too.

Nico: This is gonna be fun!

Zarya: Yeah it is.

Lynn: And the next target is gonna be Lexaeus.

Aeleus: My Nobody. It's gonna be rough.

Lynn: This is gonna be an earthshattering battle for me.

Me: Yep. Lets get ready and head out everyone.

Villamax, Fixer, Crimson Dynamo, Zzzax, Anti-Wanda and Dayu appeared.

Villamax: Can me, Fixer, Crimson Dynamo, Zzzax, Anti-Wanda and Dayu come with you guys?

Zarya: You all sure can. This is gonna be a rough battle.

Me: We're going back to Agrabah and we're going to kill Jafar.

Zzzax: I thought you guys got rid of him before.

Eli: No we had him banished to the Cave of Wonders for 10,000 years.

Nico: That's right we did. But that was during our first trip there.

Sora: It sure was.

Zarya: Lets roll!

We were off to Agrabah!

We arrived in the Jordan Desert near Agrabah.

Demolishor: It's always so hot in Agrabah.

Me: Well it's in the Jordan Desert, what did you expect?

Demoslishor: Yeah you're right.

Nico: Whew! Man it's hot. But it's beautiful.

Me: Yep.

We saw Aladdin fly on Carpet towards a thief stronghold.

Me: There he is!

We flew up to him.

Me: Hey Aladdin!

Aladdin: Hey guys! Been a while!

Me: I know. We've been so busy. What's been going on?

Aladdin: Heading in to deal with some thieves?

Zarya: Awesome!

Me: Lets tear them apart!

Aladdin: All right Carpet, lets move!

We flew into the Thief Stronghold and fired blasts of blue fire and lightning and electrocuted the thieves all over and Sly and the Cooper Gang were stealing the money and jewels they stole and all that. We had all the thieves tied up and we carried them back to Agrabah.

Me: YEAH! These thieves are going to prison for a long time.

Lincoln: That was awesome!

Aladdin: Nice job guys.

Nico: Thanks Aladdin.

Me: Yeah.

Aladdin: How come Zarya is leading?

Me: It's a really ugly story. We'll explain when we get to the palace.

We arrived at the palace and the thieves were locked up.

Me: Awesome.

Aladdin: Cool.

Jasmine: Hey everyone!

Me: Princess Jasmine.

We knelt before her.

Me: It's great to see you again.

Jasmine: No need for kneeling.

Me: Force of habit.

Fixer: So, how has Genie been spending his freedom?

Aladdin: He has been doing all the things he hasn't done in 10,000 years.

Me: Boy that must be a LONG to do list.

Zarya: No kidding. But I'm so happy that the Genie has so much to do now that he's free.

Lincoln: We all are.

Aladdin: Yeah. But what has been happening with you?

Me: Right.

I went over everything that has been happening the last 8 days up to now and they gasped.

Jasmine: Oh man! Nico are you okay?

Nico: I'll be all right. But thank you for your concern.

Aladdin: I don't get it? Who is the Digimon Emperor?

Me: A brainwashed tyrant that has done so many unspeakable crimes against his will. He tried to take over the entire Digital World and rule over it with an iron fist.

I went over his entire history.

---

The **Digimon Emperor** ( **Digimon Kaiser** in Japan, real name: **Ken Ichijoji** ) is the main antagonist for the first 21 episodes of *Digimon Adventure* season 2. He is the first arch-nemesis of Davis and the other new Digidestined. It is later revealed that he was the victim of brainwashing by the real antagonist, his possessed victim and his two pawns.

He returns in *Digimon Adventure Tri* as one of the antagonists along with Alphamon. However this is later revealed to be Dark Gennai impersonating him.

He was voiced by Romi Park in Japanese and Derek Stephen Prince in English Version. In *Digimon Adventure tri.*, he is voiced by Todd Haberkorn.

Past

When Ken was a young boy, he always felt overshadowed by his older brother, Sam because he was considered to be a kid genius, which made Ken jealous. One day, a Digivice came out of Sam's computer, (as MaloMyotismon (Myotismon's reincarnation) would be introduced later on) and he thought it belonged to Sam. When Sam told him not to touch it, Ken disobeys his brother and touches the Digivice anyway, sending Ken to the Digital World. He was a DigiDestined, and was partnered with Wormmon. After he and

Wormmon defeated a Digimon, a dark spore flew into his neck. When Ken returned from the Digital World, Sam scolded him for touching the Digivice and breaking his trust, then dismisses him from his room, stating that he would never trust him again. Feeling betrayed and fumed by those words, Ken wishes that Sam would just disappear. But unfortunately, Ken's wish eventually came true when Sam was tragically killed in a car accident. After Sam's death, Ken felt grief-stricken for the loss of his brother, so he decided that he had to be just like his older brother to help his parents cope with the pain.

One day when he was playing with Sam's computer, a mysterious voice on an E-mail came and told him to go to the Digital World (while Yukio Oikawa would be introduced later on). He did, but instead of entering the Digital World, Ken entered the Dark Ocean. He put the Digivice in the water and it morphed into a Dark D3. When that happened, Ken became corrupted by the Dark Spore, thinking that the Digital World was a game for him to rule and the Digimon were nothing but programs and should be enslaved, and the Digimon Emperor was born.

As the Digimon Emperor

When he became the Digimon Emperor, Ken became an oppressive tyrant towards the Digimon. He also created devices, called Dark Rings, to control the Digimon. They are similar to Devimon's Black Gears in function and method of control. He later upgraded them into Dark Spirals when the DigiDestined were able to break the original model. To control the Dark Rings and Dark Spirals, he created the Control Spires. The Control Spires activate the Dark Rings and prevent others from Digivolving. The Emperor eventually created a Digimon monster called Kimeramon, created using other Digimon.

---

Jasmine and Aladdin, Abu and Carpet were shocked and horrified!

Aladdin: That's horrible!

Jasmine: Yeah! He has no honor.

Me: I know. Over the last 8 days alone he has done a lot of terrible things. He beat the living shit out of all sorts of enemies we hate.

Laney: Like Skinner's mother Agnes who hates her own son.

Lincoln: And King Stefan who took the Maleficent 2014's wings.

Me: Big difference there and we'll tell you later.

Lana: He nearly threw The Riddler's boss Daniel Mockridge out the window.

Lola: Nearly beat up a Pokemon Trainer named Burgundy.

Me: And the worst part was free a bunch of villains we worked so hard to bring to justice and it sent Nico here into a Spiraling Depression.

Nico: Yeah.

Jasmine: Oh Nico.

Aladdin: That's terrible!

Nico: I'm over it now.

Jasmine: That's good.

Me: But just recently he put a bomb on Rarity to try and kill her and take the Flim Flam Brothers with her.

Lori: He literally beat the living shit out of Happy Pappy Gary and Betty and 4 South Park Kids.

Me: Just earlier this morning, he freed Homer's crazy ex-wife Marge from her portrait prison and we put her in jail after blasting her legs off.

Aladdin: Man! This is a nightmare!

Me: Yeah. We're calling this entire scenario the 12 Days of Torture.

Nico: That's a good name for it.

Me: It's a work in progress but thanks. We have 8 evil deeds of the Digimon Emperor down and 4 more are left.

Jasmine: That's awful.

Me: But we were warned about this before hand and we knew this was coming.

Spitfire: That's right. Me and the Wonderbolts are on high alert and watching for The Digimon Emperor's activities.

Aladdin: That's awful. But I hope you guys pull through.

Me: Yeah. The Digimon Emperor has been a terrible source of pain and darkness for Nico.

Nico: Yeah it's a really dark story.

The Sultan came.

Sultan: You all have been through a nightmare.

Me: Hello your majesty. It's great to see you again.

Sultan: You too J.D.

Kapri: Honestly, despite the bad stuff that happened in Halloween Town, we actually had fun there.

Me: Yeah we always do. But at least we saw the last of that monster Oogie Boogie. Now we have Jafar to deal with. And Aladdin you'll be happy to know that Maleficent is dead. She will never torment any other world again.

Aladdin: That's great! I'm glad.

Me: We all are. By the way have you seen any people wearing black jackets walking around?

Aladdin: Yeah as a matter of fact I did.

Me: Organization XIII is here.

Aladdin: Oh no.

Sultan: And who pray tell is Organization XIII?

Me: They are 13 Pure Evil Nobodies that are out to destroy the entire universe and they spell major disaster for every living thing in the entire universe.

Eli: Big trouble. They work for Xehanort and they want to destroy the entire universe.

I went over their history and it wasn't pretty.

They gasped!

Aladdin: These guys are monsters!

Me: I know and we already killed 7 of them.

Lola: Lea's Nobody, Axel is in the Masters of Evil.

Me: He was recruited because he has honor and is friends with Roxas and Xion.

Xion: It's true.

Me: Yep. We have 5 more members.

Lynn: Yep. We have Lexaeus, Vexen, Xaldin (Lori Growls Ferociously), Xigbar and lastly Xemnas in that order.

Me: Xemnas is my target and I'm going to make sure he suffers terribly for all his crimes. Especially to Nico. He's the one that put the Digimon Emperor inside him and I'm going to make sure he pays for it.

Nico: Big time.

Me: No one messes with my friends and lives.

Aladdin: That's awful. Nico, I'm so sorry you and everyone went through all this.

Nico: It's okay. But thank you.

Jasmine: How come Lori growled when she heard Xaldin's name?

Me: She has a really major personal vendetta against him. Xaldin tried to destroy Belle and Beast's relationship and turn Beast into a Heartless. Ever since Lori found out about it when we killed Freakshow, she vowed to destroy him ever since.

Aladdin: Man he really makes her blood boil.

Me: That is an understatement.

Nico: Yeah.

Jared: Xaldin has no honor unlike the one we know in the Masters of Evil.

Nicole: Yeah.

Aladdin: Wow. So which ones have you all killed?

Luan: I killed an evil version of Roxas.

Roxas: It's my evil self in Twilight Town.

Lincoln: I killed an evil version of Larxene in the world of Mulan from 1998.

Laney: I destroyed Marluxia in the world of The Lion King.

Lily: I faced an Evil version of Luxord in the world of 2003's Pirates of The Caribbean: The Curse of The Black Pearl.

Luxord: And Lily trapped him in a DISK as her prisoner.

Lily: Yep.

Luna: In Hollow Bastion, I faced and evil version of Demyx.

Lola: I faced Lea's nobody Axel in Halloween Town and he got recruited into the Masters of Evil.

Lea: Yeah and it's gonna be cool having my Nobody in with them.

Lola: It sure is.

Lisa Loud: I killed Saïx at Disney Castle.

Lucy Loud: And I just killed an evil version of Zexion at the Olympus Colosseum.

Me: And now we have 5 members left.

Aladdin: Wow! You all have been really busy.

Me: Yeah. But until Xemnas and the Digimon Emperor defeated my awesome fiance Zarya is leading the team till then.

Luan: And my awesome Eddy is second in command.

Nico: And Starscream is leading the Decepticons as well.

Zarya: It's true.

Aladdin: Wow! We will gladly help you all out like we did before.

Me: Thanks Aladdin.

Meanwhile out in the desert, the sand was stirring and out came Iago!

**Iago** : ( *coughs* ) ( *gasps* ) Finally! ( *grunting* ) This is terrific! (grunts and Jafar's lamp is pulled out of the hole bouncing, plus Iago getting sand in his ears) I got sand in places I didn't even know I had.

He had his waist stuck in Jafar's lamp.

**Jafar** : Spare me your prattling, Iago! Are we out yet?

**Iago** : "Are we out yet? Are we out yet?" Yes, we're out! No thanks to you. If it weren't for me you'd be stuck down there forever.

**Jafar** : Iago! (Blasts Iago out of the lamp) You will now release me so that I may have my revenge.

**Iago** : Yeah, yeah, when I'm good and ready.

**Jafar** : Do as I say, you worthless pipsqueak!

**Iago** : You know something? You're nothing without me.

**Jafar** : What?!

**Iago** : Who comes up with all the good ideas? Me! Who does all the work? Me!

**Jafar** : If it weren't for me, you'd still be in a cage at the bazaar, squawking, "Polly want a cracker!"

**Iago** : That's it, I've had it

I hate to be dramatic

But it's time for me to fly the coop

Terrific, fine

I'm drawing the line

Before I wind up in a parrot soup

I was a fool to let you run the show

I'm cutting you loose, pal

Look out below

(Jafar screaming as Iago threw the lamp off of a well splashing with water)

Arrividerci, c'est la vie

Hope all goes well

I'm looking out for me

He flew off.

**Iago:** *(speaking)* Agrabah. Just a juicy golden goose ready for plucking and I'm the one holding the tweezers!

I'll be running this town inside a week! (Iago pointing a finger in a camel's nose)

What's your problem, liver lips? You don't think I can do it?!

**Iago:** OK, I'm little

Been playing second fiddle

And I don't get no respect *(The camel spitting at Iago's tail)*

I turn the other cheek

But this busted beak

Is the only thanks that I get

I never found a friend that I can trust

They promise caviar and leave me eating dust

That's some reward for loyalty

From here on in

I'm looking' out for me

Ohh, I don't need nobody else

I'll never fail

I'll cover my own tail

I can take care of myself

You know, it just don't pay to give a hoot

I've given all my heart

What do I get? The boot

I'm through with that

I'm flapping' free

From here on in

I'm looking' out for me

**Omar:** Steal from us again and your scrawny body will be dinner for the jackals!

**Iago:** Sure. No problem.

Then Iago flew into the Palace and crashed into the wall and we saw him.

Aladdin: Iago!?

Me: Iago! We were just about to look for you.

Iago: Oh great! It's you guys. Haven't you done enough to me already?!

Crimson Dynamo: This is honestly my first time meeting you.

Iago: Do I look like I care?! Why don't you all go Hakai a random helpless robber or something and leave me alone!

Me: Iago! We didn't come here to Hakai you. We came here to kill Jafar.

Nico: Yeah that's right!

Lincoln: Jafar has been the source of your problems right? So we came to make sure he pays for his crimes.

Laney: Big time.

Iago: I appreciate that. And I will gladly help you!

Jasmine: Why should we trust you after everything you've done?

Me: Jasmine please, I know he did wrong but just hear him out.

Iago: It's true and I want nothing to do with Jafar anymore. He put me through so much pain and abuse that I flew the coop and left him.

Me: It's good you left him. Jafar is a monster and he will pay for his crimes. We'll gladly let you stay.

Sultan: J.D., I will always trust your judgement. But I'm just not sure about letting Iago stay here after all he's caused.

Dive Man: Iago has honestly changed his ways.

Jasmine: Or he's probably tricking us into letting our guard down so Jafar can come in here easily. (to Aladdin) Aladdin, what do you think?

Aladdin: (unsure) I… don't know what to think right now.

Iago: It's fine. I can tell when I'm not wanted. (to us) Thanks for trying anyway, guys. (flies away)

Me: I understand your concern your majesty especially after how he helped Jafar and all that. But I sense that Iago does not want anything to do with Jafar. He hates him.

Nico: That's right. Iago is really fed up with Jafar and all the abuse he put him through.

Zarya: Yeah. Jafar will get justice brought to him for all the pain and suffering he caused to all of Agrabah and that we promise you but you just got to give him a chance to prove himself.

Sultan: (Sighs) If you are sure that Iago can be trusted then I accept your decision. I will allow him to stay.

Me: Thank you your majesty.

Eli: Awesome! (Senses a massive energy signal) Uh oh!

Me: WHOA MAN! Do you guys feel that massive and terrible energy signal?

Nico: Yeah. That's Jafar! He's back!

Me: Wait! I remember that it was Abis Mal that released him from what I recall.

Zzzax: That's right he sure did!

Me: We have to prepare for anything guys. Your majesty, put everyone in the city vicinity on full alert.

Sultan: Right!

Zzzax: You guys start preparing defenses around the palace. I'll follow Jafar to see what he's planning.

Me: Okay. But be careful.

Zzzax flew off.

Zarya: Lets get ready folks. Your Majesty, you better evacuate the entire city and get everyone to safety. This is gonna get really ugly really fast.

Sultan: Understood.

Me: We better be ready for anything Jafar might do. He's now an All-Powerful Genie and his power is practically on par with ours.

Nico: That's right I remember.

Laney: But we're ready for him.

We went and got the defenses ready.

Winter Soldier: Look, Jasmine. I understand your distrust of Iago. But he really wants to prove that he's changed.

Jasmine: Iago helped Jafar and Maleficent in an attempt to have my Princess of Heart powers open Kingdom Hearts. How do you expect me to forgive him for that?!

William: Were me, Maria, and the rest of the Redemption Squad so different?

Zarya: That's right Princess and Iago has changed his ways. Let him have a chance to prove that he did.

Me: And Maleficent is dead and you will never see that Witch again.

Brittney: That's right. Jasmine, I know that Iago did wrong in the past but he has a chance to show you that he changed. But it's not just Jafar that poses a threat to all of

Agrabah, there's an evil organization out there that poses a threat to ALL the worlds in general.

Nico: That's right and we already faced 8 of them and we have 5 more left.

Zarya: Yeah.

Me: Also you forgave Riku after he was brainwashed by Maleficent when he kidnapped you.

Eli: That's right. And you are also an amazing keyblader as well as a great ally for the team.

Zarya: So please give Iago a chance.

Jasmine: Oh all right.

Me: We'll get the defenses ready.

We got laser turrets, machine guns, missiles and energy blasters, razorwire, electric fencing, land mines and more ready.

Anti-Wanda put up brick walls.

Anti-Wanda: There. Now no intruders can get in!

Me: But it won't keep the Heartless or Jafar from getting in. He's now an all-powerful genie and this requires more powerful magic.

Shining Armor: I got this!

Shining Armor used his magic to form a powerful and impenetrable force field around all of Agrabah.

Me: An impenetrable force field. That's perfect Shining Armor. Brittney, can you supply Shining Armor with energy to keep the force field strong?

Brittney: I can do that dad.

Me: We have to be ready for anything that's coming. Agrabah is now in terrible danger and it's fate hangs in the balance.

Zarya: That's right. We have to be ready for anything.

Nico: Jafar has messed around with this world for far too long.

Me: And he will pay in blood.

Zarya: Big time.

Eli was scanning for him.

Eli: (Senses something) Jafar coming from the South!

I pulled out my Binoculars and we saw JAFAR!

---

**Jafar** is the main antagonist of Disney's *Aladdin* franchise. He is the power-hungry Grand Vizier of Agrabah who serves as Aladdin's arch-nemesis and Iago's former owner and boss.

In all of his appearances, he was voiced and portrayed by Jonathan Freeman.

Jafar is introduced as the sinister Royal Vizier to Agrabah's Sultan who desires power over Agrabah. He is the second most powerful authority in Agrabah, answering only to Sultan Hamed. He is always accompanied by his sarcastic, devious pet parrot, Iago. Whilst presenting a charming and respectable exterior to Hamed and the people of Agrabah, he secretly holds everyone around him in contempt and manipulates Hamed by means of hypnotizing him with a magical snake-headed staff, which he always carries on his person.

Even regarding his desire to marry Jasmine afterwards, it was solely so he could gain control of the throne and intended to kill her soon thereafter-though he later reneges on this in an attempt to make her his queen consort. He's traveled widely and amassed a wide knowledge of magical artifacts and legends. Until he uses Genie's powers to become a sorcerer, however, his magical abilities are limited to the use of such artifacts as he's collected, and his prowess as an accomplished alchemist.

He also had some contacts within the Agrabah criminal underworld, including the thief Gazeem, whom he hired to find the Scarab half. He eventually managed gain it after some delays, although he was unable to retrieve the lamp after further delays that resulted in Gazeem's death, relating to a Diamond in the Rough. Undeterred, he returns to Agrabah, and upon learning from Hamed that Jasmine doesn't wish to marry a prince, offered to help in exchange for the Sultan's familial sapphire ring, with hypnosis being involved. After departing, however, he makes it clear to Iago that he intends to usurp the Sultan's authority. He later used Hamed's ring to uncover the diamond in the rough at his laboratory, eventually identifying the individual necessary to access the Cave of Wonders: Aladdin.

He then had the royal guards arrest Aladdin as a subtle means of recruiting him, although he did not expect Jasmine to have accompanied him (she had escaped from the palace earlier to avoid having to find another Prince at her doorstep). Nonetheless, after being confronted by Jasmine, he lied about having executed Aladdin. With Jasmine out of the way of his plans, he then made his way to the dungeons and disguised himself as an old prisoner, offering to help Aladdin escape from the dungeons in exchange for aiding him in retrieving the lamp from the Cave of Wonders. After accepting the deal, they then made their way to the cave. After Aladdin was accepted in to retrieve the lamp, Jafar then promised the former's reward to be given upon his return. Once Aladdin returns with the lamp, he begs Jafar for help him out of there, but Jafar orders him to hand over the lamp and he does so. Jafar finally retrieving it, attempted to give Aladdin his "reward" (the eternal reward of death), but Abu bit him in the wrist. Unbeknownst to him until after the cave collapsed, Abu also stole the lamp from him before he bit him. Jafar then screamed in rage and frustration at the loss of the lamp.

Afterwards, Jafar ended up reprimanded by Hamed for executing a prisoner without his consultation (Jasmine had informed him earlier of Jafar's supposed execution of Aladdin), with Jafar swearing that it won't happen again. Although Hamed forgave Jafar instantly, Jasmine was still furious with him, and vowed to "get rid of him" once she eventually rises up as queen. The furious Jafar takes her threats to heart, fuming over the fact that not only has he lost the lamp, but is also in danger of losing his head should he fail to somehow take control of Agrabah. As he contemplates on the matter, Iago suddenly concocts a new plot, advising Jafar to take advantage of Jasmine's enforced marriage by marrying her, himself. Once he is legally dubbed sultan as a result, he can dispose of his wife and her father, ridding himself of his enemies and maintaining complete power. Jafar is enticed by the idea, and carries it through by using a fake provision in the law that would allow a royal vizier to marry a princess, as a means to "solve" the Sultan's problems of finding a suitor for Jasmine. Hamed, for a number of reasons, is not keen on the idea, forcing Jafar to result to hypnosis.

Before the power of the snake staff can take full effect, Hamed is freed from his trance by the sounds of fanfare entering the city, which is revealed to belong to the flashy introductory parade of visiting suitor, Prince Ali (Aladdin in disguise). Jafar immediately sees Prince Ali as a rival for Jasmime's hand in marriage, and plots to secretly have him killed. That night, he was afraid that his plot to marry Jasmine and become Sultan would be ruined by the Prince, so the vizier orders the guards to kidnap Ali and ensure he's never found. When he returns to the palace, Jafar successfully hypnotizes Hamed, forcing him to abide the marriage between the former and Jasmine. Jasmine refuses, declaring that she chooses Prince Ali, but Jafar explains that "Prince Ali left", until the prince suddenly reveals himself to be alive, and accuses Jafar of attempted murder. Jafar tries to cover his crimes by hypnotizing Hamed into believing the former's claims, only to accidentally reveal the power held by his staff, which Ali destroys after Ali is saved by Genie from drowning. Hamed is freed, and Ali reveals Jafar's treachery.

Furious, Hamed tried to have the guards arrest Jafar, though he managed to escape with a smoke bomb, although not before glancing the lamp inside Ali's turban, eventually able to deduce Ali's true identity. He then revealed this to Iago, and ordered him to steal the lamp from Aladdin, which he succeeded in the following day while Ali is still upset about his error that he made to Jasmine and told Genie that he is unable to make his final wish to free him, which resulted in Genie going back into his lamp. Jafar, observing the marriage announcement from his lab, then unleashed the Genie, making him the new master of the lamp, declaring his wish to become the sultan of Agrabah.

A hostile take over commences, with a demonized Genie destructively placing Agrabah's palace on a mountain top, with Jafar simultaneously declaring himself as the new sultan to Jasmine and her father. After not receiving the respect he desired from the two royals, Jafar wishes to become the most powerful sorcerer in the world, in order to strike fear into them, instead. When Ali tries to intervene, Jafar exposes the prince by revealing his true identity to be Aladdin to Jasmine as a form of humiliation, before banishing him, Abu, and the carpet to the Arctic to freeze to death.

With Agrabah finally under his control, Jafar spends time torturing the former Sultan, until directing his attention to Jasmine, whom he wishes to become his queen, after a first attempt to have her betroth to him willingly had failed. Although Genie claimed that Genies can't make people fall in love, Jasmine seeming made the wish come true, seductively flirting with Jafar as if madly lustful towards him. Too caught up in his own pleasure to realize this is a ruse, Jafar eventually discovers Aladdin trying to retrieve the lamp, merely inches away from the object at that point. Before the street rat can defeat him, Jafar fought against Aladdin with all of his powers, eliminating his aids (Jasmine, Abu, and Carpet) and reclaiming the lamp.

When called a "cowardly snake" afraid to fight for himself by Aladdin, Jafar responds by transforming himself into a giant cobra, and instantly attacks. Though Aladdin proves to be a valiant warrior, Jafar eventually overwhelms him by trapping the street rat within his coils. Threatening to crush him to death, Jafar taunts Aladdin's helplessness, though the latter retorts by claiming Jafar isn't as powerful as he wishes to believe, claiming the Genie is still the most powerful being in the universe as he gave Jafar his power in the first place. Realizing what Aladdin says is true, Jafar's lust for power prompts him to use his final wish to become an all-powerful genie.

Genie reluctantly grants the wish, and Jafar is turned into a monstrous genie with blood-red skin-subsequently seizing control of the cosmos and declaring himself ruler of the universe. However, Aladdin notifies Jafar that the power of a genie has cost his freedom (as genies aren't free entities), revealing that the evil genie is now equipped with his own black lamp prison, which quickly begins to suck him inside. Realizing this too late, Jafar tries to escape by grabbing onto Iago's tail feathers, but to no avail, merely dragging the panicked Iago to imprisonment alongside him. Foiled and trapped by his own greed, Jafar's magic over Agrabah and its inhabitants are undone, and peace is restored within the kingdom. Jafar's lamp is left in Aladdin's possession, who hands it over to Genie, who sends the lamp flying to the Cave of Wonders, where the bickering Jafar and Iago would be forced to remain, as prisoners, for at least 10,000 years. Aladdin then apologizes to Jasmine for lying to her about being a prince and procceeds to give in his third wish to free Genie before settling into a relationship with Jasmine after the Sultan changes the law to Jasmine marrying anyone who is non-royalty and Jasmine happily chooses Aladdin.

*The Return of Jafar*

Jafar returns as the titular main antagonist of *The Return of Jafar* . After Iago escapes from the lamp, Jafar demands that he be released, but Iago refused as he has enough of Jafar's behavior and instead drops Jafar's lamp into a well before leaving. However, Jafar was released from his lamp by a small-time thief named Abis Mal, but finds himself unable to kill Aladdin as he can't use his powers as a genie to kill the latter. However, seeing that Jafar holds a grudge against Aladdin, Abis Mal (who too holds a grudge against Aladdin for foiling one of his heists earlier in the film) offers a team-up with Jafar: he will help Jafar dispose of Aladdin permanently in return for his three wishes. Agreeing to Abis Mal's deal, Jafar asserted his power by tricking Abis Mal into wasting two of his wishes before making him return to Agrabah. Once in the palace, the sorcerer revealed himself to Iago and forced him to play along with his evil plans, despite Iago being so uneasy about this.

The next day, Aladdin and Hamed departed to have a discussion at a place suggested by Iago. After they left, Jafar confronted the Genie and Abu in the Palace gardens and showed his power, imprisoning the pair. Meanwhile, Aladdin had a talk with Hamed that earned his acceptance as the future grand vizier. When Aladdin thanked Iago, he was ambushed by Abis Mal and Jafar, the latter disguised as a squad of flying horsemen. Hamed was kidnapped and Aladdin thrown into the raging river. However, Jafar spared his life in order to exact his revenge in the most painful way possible: by splitting him away from all his loved ones. To this purpose, he left false evidence and masked himself as Jasmine to implicate Aladdin with the alleged murder of Hamed and Aladdin was thrown into the dungeon to be executed by means of beheading come morning.

However, a remorseful Iago manages to free Genie so he could save Aladdin just in time and the Genie freed the others afterwards. Once free, Aladdin volunteered to attempt to stop Jafar, whom he decided was too dangerous to be left alive. Genie told Aladdin that in order to kill Jafar, his lamp must be destroyed before Abis Mal uses his third wish to set him free. During the final fight, all of the heroes were either knocked out or unavailable. It looked like Jafar was going to finally get rid of Aladdin and the others. However, Iago tried to attack Jafar in Aladdin's defense. The sorcerer managed to hit Iago and nearly killed him, but the bird managed to muster up enough strength to kick his former master's lamp into the lava, destroying the lamp and killing Jafar for good.

*Aladdin: Nasira's Revenge*

Jafar returned in *Nasira's Revenge* as the secondary antagonist, where after the events of the *Return of Jafar* he is revealed to be the fraternal twin brother of the evil sorceress Nasira (the main antagonist of the game), who plans to collect all of the 4 magical artifacts and bring Jafar back to life. When Nasira first summoned Jafar's spirit and informs him of her plan, Jafar warns Nasira to be cautious of Aladdin as he underestimated his cleverness and paid the price for it. At the end of the game, Aladdin faced off against Jafar's ghost and Nasira at the heart of her lair. Jafar's giant head will cause boulders to come flying at Aladdin, and after Nasira is defeated, he attempted one final attack against Aladdin before being defeated, probably for good.

### *Aladdin and the King of Thieves*

Jafar doesn't physically appear in the film as he was already dead, but he is mentioned once by Genie during the musical number *There's a Party Here In Agrabah*, where Genie is wearing a mask resembling Jafar's face as the palace guards are sleeping before the wedding. In Jafar's absence, Sa'Luk takes over as the main antagonist of the film.

### *Hercules and the Arabian Night*

In *Hercules and the Arabian Night,* Jafar arrives in the Underworld as a ghost, no longer in his genie form due to his lamp having been destroyed, and meets Hades, Lord of the Dead and Hercules' arch-nemesis. Upon learning about each other's arch-enemies, claiming they could defeat the other's enemy given the chance, Hades gives Jafar new life by providing him with a staff that allows him to live as long as he is holding it and challenges him to destroy Hercules.

Jafar then returns to the world of the living and tries to destroy Hercules by summoning multiple giant creatures to attack him, but the hero's strength proves to be too much for him to handle. Returning to the Underworld, Jafar challenges Hades to try and beat Aladdin, although Hades claims that doing so would be a waste of his time and orders his minions Pain and Panic to do the job for him, although they are easily tricked by Aladdin and defeated by the Genie. Jafar and Hades then decide to trick their enemies into fighting each other instead, kidnapping Abu and Icarus and making Hercules and Aladdin think the other performed the crime. Once the two heroes realize what is going on (thanks to Hercules mentioning Jafar by name), they head to the Underworld to rescue their friends and confront Jafar yet again, who seemingly crushes Hercules to death and leaves Aladdin at his mercy. However, Aladdin and Hercules had actually switched identities, allowing Hercules to get close and crush Jafar's staff, turning Jafar back into a ghost and sealing him into the River of Styx forever.

### Aladdin:The Video Game

Jafar appeared as the main antagonist of the 1993 video game adaptations *Disney's Aladdin* for the Mega Drive developed by Virgin Interactive's studio of Virgin Games USA and published by Sega.

Jafar appears as both the main antagonist and the final boss of the 1995 video game *Disney's Aladdin* developed for the SNES and published by Capcom separately from Virgin's version since Capcom still held Disney licensing rights for Nintendo consoles at the time of the film's release.

Jafar made an appearance as both the final boss and the main antagonist of *Disney's Aladdin* developed by SIMS and published by Sega and released in 1994 for the Sega Game Gear worldwide and for the Sega Master System in Europe.

### *Kingdom Hearts*

Jafar also appeared as a boss in *Kingdom Hearts* . He served as one of the main antagonists in Maleficent's team and is her second in command. Jafar takes over Agrabah and manages to kidnap one of the princesses. He is defeated by Sora and his allies. Jafar then transformed into a genie and fought again but was defeated.

### *Kingdom Hearts: Chain of Memories*

Jafar was an antagonist in *Chain of Memories* and was fought in the memory Agrabah.

### *Kingdom Hearts II*

Jafar was an antagonist in *Kingdom Hearts II* and the semifinal Disney boss. He was fought twice, once in mirage form and again in genie form. Jafar managed to take over Agrabah for a short time and planned to make Princess Jasmine his queen before being destroyed for good by Sora.

### *Kingdom Hearts: Coded*

Jafar invades the digital realms along with both Pete and Maleficent, he uses a Lamp to cast a time stop spell over Agrabah and takes it over. He later fights Sora twice and is defeated.

### Manga

Jafar also appears in the manga series adapted by Shiro Amano along with other Disney villains like in the game. After *Kingdom Hearts 2 Volume 2* discontinued and Jafar and the others did not show. The last appearance Jafar made was in *Kingdom Hearts Chain of Memories Volume 1* .

### *Kingdom Hearts Union χ[Cross]*

Jafar appears in the Agrabah levels of *Kingdom Hearts Union χ[Cross]*, first forcing the player character to get him the other half of the Golden Scarab and later trying to force them into the Cave of Wonders. He later seeks out the "Diamond in the Rough" Aladdin, and tricks Aladdin, Abu, and the player into going to the cave and fetching the lamp. He betrays them, however, and tries to kill them and steal the lamp. They escape into the Cave and awaken the Genie, who frees them. Aladdin uses his first wish to make himself a prince, whom Jafar tries to kill. This fails, however, and Aladdin and the player expose Jafar. Jafar escapes, but gets Iago to steal the lamp, allowing him to wish to become sultan and later a powerful sorcerer. Aladdin and the player confront him, and Jafar turns into a giant snake. After being defeated, Jafar uses his last wish to become a genie, that Aladdin promptly imprisons in a lamp and has the Genie trow into the Cave of Wonders.

Jafar also appears on a magical medal, with his Genie form appearing on a Strength medal.

### *Kingdom Keepers*

The evil sorcerer was also in the Disney and Hyperion novel series, *Kingdom Keepers* . He was also an Overtaker, but he did not join Chernabog, Maleficent, Frollo, Evil Queen, Cruella and the others to take over the Disney parks at first. Like Shan Yu, he wanted the Kingdom Keepers' magic for himself. But after being tricked by one of the Kingdom Keepers, he later joins the other villains.

## *Kilala Princess* Manga

In the *Kilala Princess* manga, Jafar is one of the Disney villains that were supporting the main manga villain Valdou - the others; Maleficent, Grimhilde, Ursula, Lady Tremaine, Gaston and their henchmen/henchwomen. Jafar was still a vizier like he was in the movie *Aladdin* . Not much changed with him and his scenes, except for when he saw the Sultan giving Kilala the diamond that he wanted, he was never too pleased, and when Iago and he talked about Kilala, Rei, and Sylphy intruding Agrabah and hanging out with Aladdin and Jasmine. Both Jafar and Iago were somewhat allying with the android Valdou.

## *House of Mouse*

Like every other well known Disney villain, he returns as a recurring character the *House of Mouse* TV series. In this series, Jafar, despite still being menacing, is seen in a more comedic light than in previous appearances, with a frequent running joke in the series being that he will help Mickey and his friends solve their problems in exchange for things such as the lamp or control over Agrabah, although whatever he says will either refer to something not completely obvious or will be repaid in an alternate way (ex: Jafar desired Mickey's Lava Lamp and was given control over a Agrabah snow-globe). Jafar, much like the Club's other guests, also has a deeply rooted respect for Mickey and his friends and is appalled by any attempt to disgrace them (as shown when he and the rest of the club boo at Mortimer Mouse when he makes rude and unfunny jokes about Mickey). Despite this, Jafar is still malicious and mean-spirited, as shown in the episode Pete's House of Villains, in which Pete hires him to be the Club's secretary, and he takes delight in having the power to deny entry to the entire main cast of Aladdin, with the exception of Jasmine.

In the special *Mickey's House of Villains*, Jafar takes over as the main villain, seeking to stop the Club's yearly Halloween night of boredom, teaming up with Captain Hook, Cruella De Vil, Ursula and later Hades in an attempt to take over the Club. At midnight, Jafar and his associates manage to overthrow Mickey and kick him, his friends and all the heroic characters out of the club, taking it over and renaming it the House of Villains. Jafar and his associates then thwarted every attempt made by Mickey to get his club back, however, after getting the Wizard's hat, Mickey duels Jafar in a short magic battle before, with help from Aladdin, imprisoning him in his lamp. As such, Jafar is the only villain who does not run out of the House.

Me: Battlestations!

We were ready for action.

We went to face him.

Me: Jafar.

Jafar: Well if it isn't J.D. Knudson and Team Loud Phoenix Storm.

Me: It's time for you to answer for your crimes Jafar! This time were going to kill you and make sure you stay dead.

Nico: Yeah! Prepare to die!

Jafar: I must say. You've all impressed me the last few days. First, you push Nico into exiling himself into his room. (to Jasmine) And now, you doubt Iago's offer of friendship when it was clear that he betrayed me. You all really have a habit of pushing your friends away.

Scrap Shooter: At least we have friends, see.

Me: And you will never have any friends.

Aladdin: You don't care about anyone but yourself Jafar!

Zarya: For all the pain and suffering you caused to everyone here in Agrabah, it's time for you to die.

Me: And we'll make sure you suffer.

Nico: Big time!

Jafar: Not if my friends have anything to say about that!

Out came 2 Heartless, A VOLCANIC LORD AND BLIZZARD LORD!

Dayu: Great! A Blizzard and Volcanic Lord! (to Lola and Lana) You two know what to do.

Lola: You got it!

Lana: I'll take the Volcanic Lord!

Lola: Blizzard Lord for me!

Lola fired a blast of fire and killed the Blizzard Lord and Lana fired a blast of ice lightning and extinguished the Volcanic Lord. We got a massive power boost.

Me: Yeah!

Then Zexion, Cad Bane, Artie Ziff, King Shark, Rojo and Billy Numerous appeared.

Me: Zexion, Cad Bane, Artie Ziff, King Shark, Rojo and Billy Numerous.

Maria: How did you guys get in?

Cad Bane: We managed to get inside Agrabah before that force field appeared.

King Shark: But we had to get past the brick walls first.

Zexion: (to Anti-Wanda) A little warning would've been nice.

Anti-Wanda had her eyes spinning in stupidity.

Wanda: She REALLY makes me look like an absolute idiot.

Me: Well she is your Anti-Fairy self. You are smart and beautiful where she is stupid and ugly. No offense.

Wanda: None taken. But yeah I know what you mean.

Me: We're ready to have fun with you all like always.

Nico: We sure are. And then Jafar dies.

Lincoln: Big time.

?: I have always hated Jafar.

A figure appeared and it was GOO FISH from episodes 43 and 98 of Mighty Morphin Power Rangers!

---

**The Goo Fish** is a toxic fish monster, created by Finster, and served Rita. He served as the main antagonist of the episode "Something Fishy".

The Goo Fish was created by Finster and Rita sent him to Earth to exploit Billy's phobia of fishes. The Goo Fish could shoot out hazardous and sticky goo from his mouth that could glue a person's feet to the ground. He appeared on the beach where Billy and Kimberly encountered him. They defeated the Putties only for the monster to emerge from the sea and knock down Kimberly. Before they could fight the monster, Rita cast a spell on Billy and powered up his fear of fishes to make his fear crippling and take him out of the fight. Goo Fish used a spear in battle and could destroy Power Bow arrows in the fight before overwhelming them. The other Rangers (who had been scuba diving) arrived and Jason blasted his spear out of his hand using his Blade Blaster, forcing the monster to retreat into the sea.

He later returned with an army of Putties with orders from Goldar to catch the Megazord in a trap and destroy it with his poison. After his Putties were disposed of, Goo Fish caught the Rangers in a trap and threw his toxic poison on them, making them unable to fight. Kimberly prepared to fight them but the others were knocked down with explosive trout and some explosive starfish took Kimberly down. Luckily, before the Goo Fish could kill them, Billy overpowered his fear of fishes and defeated the monster by back-flipping over the monster. The Goo Fish fired his poison at Billy but missed, causing the poison to fall onto his face. Billy then withdrew his Power Lance and jumped into the air, bounced off of a stone wall, and stabbed the monster down with a blow to the face at which point the Rangers regrouped to finish him off.

Before the Rangers could form the Power Blaster though, Rita enlarged the monster so the Rangers summoned the Megazord. The Goo Fish fought the Megazord desperately but it easily smashed his spear by slamming down its fist. Though unarmed, the monster froze the Megazord with his venom and took down the Megazord. He was nearly victorious but the Rangers transformed the poison into energy which re-powered the robot and the Goo Fish was stunned, allowing them to summon the Power Sword. The monster argued they were cheating but they energized it and he charged only to be cut down by an energy slash. Something Fishy (Mighty Morphin)

The Goo Fish was later resurrected by Lord Zedd as one of his best aquatic monsters, the others being Pirantishead, Slippery Shark, and Commander Crayfish with help from the Tube Monster. They fought the Rangers at the beach, stalemating until the Rangers had to use their Thunder Megazord to kill the Tube Monster and left Tommy to fight the sea monsters alone. However, in spite of being heavily outnumbered, he easily took them down with Saba, making all of the monsters disappear in flashes of white lightning.

Billy Cranston: Goo Fish!

Goo Fish: Been a while Blue Ranger!

Me: I remember you! You were made and sent by Rita to exploit Billy's fear of fish and Rita amplified his fear of fish 10-fold!

Nico: Rita is downright ruthless!

Me: Big time and she will pay for her crimes when we face her.

Goo Fish: You got that right and I'm impressed you remember that.

Me: Never missed an episode.

Goo Fish: (to Stacy) My name shouldn't be confused with the game Go Fish. But I recommend you guys play it.

Stacy Bolton: We play it all the time. But Billy, I can't believe you were scared of this guy.

Billy Cranston: Yeah I know. But thank goodness I'm not anymore. Being scared of fish was awful. (To Tori, Spirit Shark Ranger, and Max) No offense.

Max Cooper: None taken.

Tori Hanson: None taken

Spirit Shark Ranger: None Taken.

Me: Good.

Zarya: I will never forgive you for everything you've done Jafar.

Me: We all won't.

We went at them.

Artie Ziff was next.

Artie Ziff: (to Leon) I'm glad Marge is in police custody now. Today just proved she's really lost her mind.

Leon: She is now worse than ever and she needs to go away forever.

Applejack: That woman is now crazier than a rattlesnake in a barrel full of electric eels. She is really plum crazy.

Apple Fritter: Big time and she needs to be put out of her misery.

Rockhoof: (Scottish Accent) Aye. She needs to be buried deep underground and forgotten.

Julie: Yeah! She is an absolute menace to society.

Hammer Gorem: Big time. But in all honesty Artie, I don't know what the heck you were thinking in dating a monster like Marge.

Artie: I don't either. Lets do it!

Zarya: **You have survived for far too long.**

We then regrouped and we were facing him!

Me: It's over Jafar!

Jafar then turned into his Genie Form!

Genie Jafar: You are all no challenge to me! I'm all powerful!

Me: So are we asshole!

I then transformed into my Super Angel-Ebonwu-Phoenix 100,000,000 Form and we all transformed.

Eli: (Divine Voice) **You will never defeat us because we have a bunch of things that you will never have!**

Me: (Divine Echoing Elemental Voice) **Like Love!**

Nico: Friendship!

Varie: And A Heart!

?: Let me help too!

A figure came out and it was Kazuma Kenzaki of Kamen Rider!

Me: **Same here.**

Orion: Sorry, Jafar. But compared to Xemnas, you're only second rate!

Megaforce Rangers: Legendary Ranger Mode: Secret 5 Force!

The Megaforce Rangers turned into the Secret Squadron FiveRangers from 1975!

Me: **Yeah!**

Dark Spicer: Here's your Warning, your fucking ass is about to be kicked!

Eddy: Big time!

Zarya: **Lets get him!**

We went at him and I punched Jafar in the face and kicked him in the stomach and Eli fired an energy blast at his face and it hit him in the eyes and he screamed in pain. Zarya slashed him all over and fired energy blasts and fire blasts and they hit Jafar all over and burned him all over the place. Spyder and Accato blasted him all over the place with incredible fury. Jafar blasted the ground of the palace and it broke apart and a huge lake of molten hot lava formed as fire exploded out of the ground. Lynn fired waves of lava and burned Jafar all over the place.

Suzumebachi: Lets tear this monster apart!

Jessie (Pokemon): Yeah!

Soundwave: Time for some pain.

Suzumebachi, Jessie, Soundwave, Blaster, Fu and Jade all used the Hidden Rock, Pokemon, Planet X, Earth and Hidden Waterfall Cyber Planet Keys and they enhanced Suzumebachi's honey and bee powers, Jessie's powers, Soundwave's Concussion Blaster, Fu's Jinchuriki Powers, Blaster's Electro-Scrambler Gun and Jade's Chi powers 100-fold.

Genie Jafar: (ENRAGED GROWLING) I HATE ALL OF YOU!

We got an incredibly massive power boost from his hatred!

Nico: We have to find some way to kill him!

Me: **I read that in order to kill a Genie, we have to destroy the lamp they are bonded with!**

Genie Jafar: I WOULD LIKE TO SEE YOU TRY!

I fired a massive blast of fire and energy and the blasts hit Genie Jafar all over.

Iago: HEY JAFAR! SHUT UP!

He flew in and grabbed Jafar's lamp and gave it to me!

Genie Jafar: TRAITOR!

Me: **He redeemed himself now!**

Iago: PARROT FIRESTORM BLAST!

Iago fired a blast of fire energy from his eyes and it hit Jafar and exploded!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: **Nice Shot! You will never be welcome here!**

I gave the lamp to Zarya and she threw his lamp into the lava!

Genie Jafar: My Lamp!

It landed into the molten lava!

Genie Jafar: NOOOOOOOOOOOOOOOOOOOOOOOOOOO!

Jafar was in excruciating pain.

Jafar's lamp melted into nothing and he was glowing red and then he had his skeleton show and lightning formed around him!

Me: **NOW YOU CAN RULE! IN THE HELL OF THE WARP!** (Holds hand out to him) **HAKAI!**

I banished him to the Warp for all eternity and he was stripped of all his powers and gone!

Me: **Good riddance!**

We powered down and all the damage caused by Jafar was undone.

We cheered wildly.

Lincoln: YEAH! That's the end of Jafar.

Jasmine: Yeah! I hope he enjoys his permanent home in the Warp.

Me: Yeah. He brought all that on himself. But we're not done yet. We still have to face Organization XIII.

Then out of a Dark Corridor came LEXAEUS THE TACITURN STALWART!

---

**Lexaeus**, the **Silent Hero**, is a minor antagonist in *Kingdom Hearts: Chain of Memories* . He is a Nobody that serves as the fifth member of Organization XIII and wields an Axe Sword and the power of Earth.

*Birth by Sleep*

Lexaeus was once Aeleus, one of the guards of the castle in Radiant Garden. He and Dilan confront Ventus when the latter is pursuing King Mickey. However, when the Trinity Armor Unversed arrives, Aeleus and Dilan attempt to help Ventus, but Even reminds them of their duty and reveals that Ansem the Wise needs them. Later, Aeleus throws Lea and Isa out of Hollow Bastion.

Sometime later, Aeleus was attacked by Terra-Xehanort, who turned him into a Heartless and Nobody. This Nobody, named Lexaeus, joined the Organization.

Chain of Memories

Lexaeus is one of the members assigned to Castle Oblivion, along with Vexen, Larxene, Marluxia, and Zexion. He is working with Vexen and Zexion in their own personal scheme.

When Riku arrives in Castle Oblivion, Lexaeus confronts him at the end of the fourth basement. After an arduous battle, Lexaeus attempts to finish Riku off, by sacrificing himself in a suicidal attack with the power of darkness which sends Riku to the Realm of Darkness. In the *Re:Chain of Memories* remake, Xehanort's Heartless instead promptly possesses Riku and finishes off Lexaeus. As he dies, Lexaeus apologizes to Zexion.

*Kingdom Hearts II Final Mix*

Lexaeus's spirit later reemerges as an Absent Silhouette and forms at the Sandlot in Twilight Town after Sora, Donald, and Goofy battled a swarm of Nobodies there. If Sora investigates the Silhouette, Lexaeus engages the trio, but is eventually slain.

*Dream Drop Distance*

Lexaeus is revived as Aeleus along with Dilan, Even, Ienzo and Lea as revealed in *Dream Drop Distance* . After Lea searches all over Hollow Bastion for Braig and Isa, Aeleus informs Lea that Dilan and Even are still unstable.

---

Lynn: Lexaeus. Just the man we were hoping to see. It's good to see you again though.

Lexaeus: Same to you Lynn. You have been doing really well since we fought the last time.

Lynn: We sure have.

Aeleus: Wow. I can't believe this is the member of Organization XIII that I would turn into.

Lexaeus: It's like we're looking at each other in the mirror.

Aeleus: It feels like it doesn't it?

Nico: To us yeah.

Lexaeus: (to Lynn Sr and Rita) Tell you daughter to stand down. I only came here for the Genie. Don't make me fight any of your kids after what they recently went through.

Lynn Sr.: I'm afraid we can't do that.

Lynn walked up to him.

Lynn: Lexaeus your fight is with me like it or not.

Volcanic lava, crystals and rocks swirled around her and the ground was shaking violently.

Lynn: Now you will feel the full extent of the wrath of the Earth's power.

Suddenly a massive torrent of lava exploded out of the ground and enveloped Lynn in a massive vortex of lava, rocks and crystal and it went high into the sky and formed into a Gryphon of Lava and it roared and screeched ferociously and the cosmic energies of stars and the universe poored into the Gryphon with incredible power. Lynn's power was rising incredibly fast and the lava gryphon went back down and Lynn emerged forever changed!

(IMPERATRIX MUNDI PLAYS AT 1:38)

Lynn now had the appearance of a 21-year-old girl and she had red highlights in her hair and ponytail and she had a volcano scrunchy holding her ponytail up and she had a deadly volcanic eruption in her sclera in her eyes and her pupils were now orange and overflowing with powerful fire and glowing with incredible fury and she had a volcano erupting fireballs over a planet Earth emblazoned in the middle of her forehead and she had earrings in the shape of the kanji for volcano. She had a shirt with the planet Earth on it and lava and fire were on it and she had red track pants with flames on them and she had red combat boots. She also had a red sleeveless trench coat with lava, fire, rocks, crystals and volcanoes on it and she had the kanji for Lynn Loud, Volcanic Champion of Guabancex and Athletic Master of Ultimate Victory on the back. She had angel wings that were red with lava feathers and they were dripping pure lava and magma and the heat coming from it was unbelievable and she had a sword with a blade of pure lava. She had become a SUPER ANGEL 25,000,000 VOLCANIC SPORTS EARTHQUAKE!

We gasped in shock!

Me: WHOA! Lynn you look incredible!

Lightning: WOW! Lynn you look like you're one with the Magma of the Earth! Sha-BLAM!

Nico: Wow! And the heat coming from her is incredible!

Lincoln: How do you feel Lynn?

Lynn: (Divine Echoing Volcanic Voice) **Incredible bro. I feel like I can take on the fury of 100,000,000 volcanoes.**

Lexaeus: Impressive. You've really gotten stronger Lynn.

Lava dripped from Lynn's wings and the heat coming from it was incredible.

Nico: WHOA! That is hot! It's like she and Kronos have become one!

Laney: No kidding!

Lexaeus called forth his Axe Sword.

Lynn: **Lets do it. Lexaeus you have what it takes to be part of the Masters of Evil. You will make a great addition to them.**

Lexaeus: Thank you Lynn.

Lynn unsheathed her sword and it was dripping mega hot magma.

Me: Stand back guys. This is gonna get infernal.

We stood back and Lynn went at Lexaeus with the incredible speed and force of the Krakatoa Eruption of 1883 and they clashed powerfully and Lynn kicked Lexaeus in the face and slashed him in the back and burned him badly. The slash mark had fire coming out of it and it showed how hot it was and Lynn kicked him in the stomach and knocked him down. Lexaeus got up and Lynn flew into the air as Lexaeus threw massive boulders at her and she slashed the boulders and they melted into lava and she absorbed the lava into her sword and it made her stronger and she flew down and kicked Lexaeus in the face and knocked him down and Lynn won!

Me: WHOA! That was incredible!

Nico: WHOA! That was amazing!

Lightning: WOW!

We got close and Lightning hugged her.

Lightning: Babe you were awesome!

Lynn: **Thanks Lightning.**

Lava dripped onto Lightning and it wasn't burning him.

Lightning: Wow! Your lava from your wings isn't burning me.

Lynn: **It's because my love for you and everyone is really strong and it will never hurt those I care about.**

Lightning: Wow.

Lightning and Lynn kissed.

Everyone: Awww.

Me: Wow! That was intense!

Lexaeus got up.

Artie Ziff: I sure am glad that's over.

Rojo: And now, Jafar's gone for good.

Billy Numerous: (to Lexaeus) Take some time to figure things out. You can join us when you're ready.

Lexaeus: I understand.

Me: You deserve a much better boss than Xemnas. He is only using you.

Lexaeus: I know. Thank you all for freeing me from him. I know you are gonna face Vexen next. But be careful around him and Xaldin. They are completely unstable.

Me: Noted. Thank you.

Lexaeus vanished and went to the Masters of Evil headquarters.

Aladdin: This was awesome! Thank you all so much for helping us destroy Jafar for good.

Me: You're welcome Aladdin. But we still have some of your other enemies to deal with in the future. But we will gladly help you out.

Aladdin: Thank you. (To the viewers) This was a great adventure and I hope you all liked it.

Me: We all did.

We went back home to rest.

# Light and Hearts Part 10

TIMELESS RIVER

---

In Bikini Bottom, The Digimon Emperor had with him Rotwood and his group.

Rotwood: Why exactly are we going to the Krusty Krab, Mr. Chan.

Digimon Emperor (as Nico): As a sign of friendship. I want to show everyone that you guys have changed.

Morton: Well okay.

Master Frown: This will be good.

SPLAT!

A fish threw a rotten tomato at Squidward!

Fish: YOU DON'T BELONG HERE STUPID SQUIDWARD!

A bunch of fish hit him all over with rotten eggs and they smelled HORRIBLE!

SPLAT SPLAT SPLAT SPLAT SPLAT SPLAT SPLAT SPLAT!

FOGHORN!

Squidward: See I told you they still hate me!

They sat down at the Krusty Krab and the Digimon Emperor pulled out a little yellow book.

Digimon Emperor: If I hear the Bikini Bottom Municipal Anthem, I can't help but take off all my clothes and dance around in my underwear. SpongeBob has named his spatula "Fifi." SpongeBob sees plaid, he has the uncontrollable urge to cluck like a chicken.

Rotwood: Mr. Chan! That's SpongeBob's diary!

Morton: What the Hell?! I thought this was a sign of friendship!

Digimon Emperor (as Nico): (laughs) You guys really are clueless as to what's been going on. Now, enjoy your last moments of freedom! (over the intercom of the Krusty Krab) Hey, everyone! Guess what SpongeBob wrote in his diary this time!

Toad Man was nearby when he heard this.

Toad Man: Well, it's a good thing I decided to visit the Krusty Krab today!

Digimon Emperor: What the!?

We busted in!

Nico: Put the book down Ken!

Me: Reading someones diary is extremely low! Even for you Ken!

Digimon Emperor: My name is the Digimon Emperor!

Rotwood: Two Mr. Chan's!?

Master Frown: Obviously this one that was talking to us is a fake!

Me: You're right Master Frown. That is the monster of Nico's past that destroyed his mind!

I pulled out a wanted poster of him and they saw I was right!

Me: Kill that bastard!

The Digimon Emperor ran out of the Krusty Krab before we could attack him. Leaving Rotwood's group alone with us. And we didn't look happy.

Frown: Guys, we didn't give that fake Nico Spongebob's diary! We swear! He just invited us and claimed it was a sign of friendship!

Shaggy Rogers: Like, it's alright, man. We already know it wasn't your idea.

Me: It was one of the predictions we were warned about and we knew this was gonna happen. Luckily we had Spitfire tell us what he was gonna do and Toad Man was here undercover and getting lunch. He had a microphone hidden during the whole thing and he lead us right to him.

Rotwood: Ah Mr. Knudson, that's really clever.

Me: It was. Just like leaving a trail of bread crumbs.

Clover the Clever: Just what I was thinking.

Gusty: Indeed.

Bomb Burst: How did the Digimon Emperor get his hands on Spongebob's diary anyway.

Squidward: Considering that Spongebob's house doesn't have any security, it probably wasn't that hard. (to Spongebob) No offense.

SpongeBob: None taken Squidward. Normally I would've been crying like a water fountain if that happened to me.

Me: Yeah. But luckily we got here just in time.

Nico: Yeah.

Master Frown: We heard all about the Digimon Emperor and all the pain he caused to both the Digital World and to Nico but we didn't think he was causing all that pain here.

Unikitty: He's a monster Master Frown.

Me: Yeah and he is a ruthless tyrant that tried to destroy the Digital World and rule over it with an iron fist.

Rotwood: I see. Then we have to help you guys take him down.

Lincoln: I know J.D. forgave you guys. But give us one reason why we should let you 4 help us against the Digimon Emperor.

Rotwood: (smirks) Because we know how the Digimon Emperor thinks.

Skids: Well, we can't argue with that logic.

Me: Yeah. We know how he thinks too and Nico's goal is to kill him and make sure he pays for his crimes both to him and to the Digital World.

Nico: Yeah. That monster has plagued my life for far too long and I will see to it that he gets justice for his crimes.

Me: Yeah.

Applejack: When Nico takes him on and defeats him he should bring him to trial.

Me: A trial is always good. We'll let the court systems of Lady Justice decide how to deal with The Digimon Emperor.

Squidward: Indeed.

Nico: Awesome.

---

Later at the Estate we were getting ready. We were getting ready to head into the world of the Timeless River. It was a world that is based on the old Disney Cartoons of the late 1920's and mid 30's. This was gonna be so cool!

---

**Timeless River** is a world from the past in *Kingdom Hearts II* and *Kingdom Hearts II Final Mix* . Entered through a door in the Hall of the Cornerstone at Disney Castle, Timeless River is an area back in time to when the world was still monochrome and the Castle had not been built. It is largely based on the 1928 short *Steamboat Willie*, as well as many other classic Disney shorts. Mono (single channel) sound is used in this world, reminiscent of the original short film.

Pete comes to the Timeless River as part of a wish to return to simpler days, which Maleficent takes advantage of and works into her plans. Heartless invade the sacred land and capture the Cornerstone of Light. This is because the Disney Castle of the future wouldn't have any way to protect itself leaving it vulnerable to the Heartless. The Heartless found exclusively in the Timeless River are surrealistic and bizarre. Many of them are toy-like. Instances include the Hot Rod, which is a cartoonish car, and the Aeroplane, which is a toy airplane.

Sora and his friends encountered the Mickey Mouse of the past several times, along with the good (but equally rude) Captain Pete of the past. The boss of the Timeless River is the bad Pete from the future, with the Captain Pete from the past helping Sora in the battle.

During the original visit to the Timeless River, the world's battle level is 19. Later on, the battle level becomes 34, although no new story content is added.

Although there is no specific ruler of this world, Captain Pete seems to have the most authority.

Setting

Sora and his party enter the Timeless River on **Cornerstone Hill**, where they find the Cornerstone of Light unprotected but still safe. Signs around the area announce the impending construction of Disney Castle, and Clara Cluck, Clarabelle Cow, and Horace Horsecollar are around to chat with, as is a Moogle shop.

Heading to the right leads to the **Pier**, where the party meets up with young Pete for the first time and beats him into a pulp. Continuing on the other path will take the party to the **Waterway**, site of the battle with modern Pete for the *Steamboat Willie*, and the **Wharf**, where young Pete and Sora's group begin the final boss battle with Pete to finish Timeless River.

Also of note on Cornerstone Hill are four **Windows to the Past** that eventually open as the story progresses; each of these leads to a new area based on a classic Disney short film. From left to right, the windows are:

The **Building Site**, a construction site with a rickety platform and based on the 1933 short *Building a Building.*

**Lilliput**, a tiny town with a big cannon that can be activated by jumping on it. It is from the 1934 short *Gulliver Mickey* .

The **Scene of the Fire**, a big building with fierce flames that was inspired by the 1930 short *The Fire Fighters* and the 1935 short *Mickey's Fire Brigade* .

**Mickey's House**, which shows the inside of Mickey's House, decorated for Christmas, from the 1931 short *Mickey's Orphans* .

Story *Kingdom Hearts II*

Arriving in a spectacular fashion, Sora, Donald, and Goofy work out that they have gone back to a place in time before Disney Castle was built, where the unprotected Cornerstone sits on a quiet hill. Before they can get much farther in the world, Pete in his old form belligerently runs past them. They chase him down and accuse him of trying to do something with the Cornerstone, but after a fight, the three realize they have just beaten on the wrong Pete.

They return to the Hill and spot Heartless jumping into the four windows from the past. They also find a fifth window, which shows how the present Pete's desire to return to his simpler life as a steamboat captain created a door into the past in the first place. The party then leaps into each window, fighting off the Heartless there and discovering new windows that detail Maleficent's plan to take advantage of her lackey's porthole to the past to weaken the defenses of the present Disney Castle.

Upon exiting the last window, the party is aghast to find the Cornerstone missing. They manage to catch up with it at the Pier, in the possession of present Pete, who has also taken the past Pete's beloved Steamboat Willie to transport it. Sora and his party manage to defeat Pete and retake both the Cornerstone and the steamboat. They return the Cornerstone to the hill, and then catch up with Captain Pete at the Wharf, where he joins the party in a battle against the present Pete to expel him from Timeless River for good.

Present Pete is soundly thrashed and is sent fleeing back to Maleficent; Sora locks his door into Timeless River so he cannot return. The Cornerstone and the present Disney Castle safe at last, the three are offered a reward by Captain Pete: a chance to pilot his beloved steamboat. After all, that pesky cabin boy never showed up for work, anyway…

---

Breach: Alright. Next is Timeless River.

Me: Yep and this one is gonna be REALLY interesting.

Sora: Yep. It's a door to a world at the Disney Castle where the Disney Characters are all retro.

Me: That's what I heard. And it's a world based on all the fun Disney Cartoons from the late 1920s to the mid 1930s.

Nico: Oh wow! The very first Disney cartoons.

Jessie K.: Yeah! This is what I call the Monochrome Era of Disney. The very first ever Disney Cartoon was Steamboat Willie which was made in 1928.

Laney: Wow! That's 93 years ago.

Lincoln: So amazing!

Me: Yep. These are all cartoons around my grandmothers youth and they didn't have any television back then.

Jessie K.: No they didn't.

Nico: So cool!

Lola: This is gonna be awesome!

Lana: Yeah it is!

Lila Loud: So awesome!

Artie Ziff, Cad Bane, King Shark, Billy Numerous, Zexion and Rojo then appeared.

Artie Ziff: Can me, Cad Bane, King Shark, Billy Numerous, Zexion, and Rojo come with you guys as well?

Me: You sure can. And this world is going to be based on the Disney Cartoons of the Monochrome Era.

Billy Numerous: Sweet! I remember those.

King Shark: Like Steamboat Willie and all those? Awesome!

Cad Bane: This is gonna be interesting.

Me: Yep. These cartoons were the very first Disney cartoons ever made.

Nico: So awesome. I can't wait to smash Retro Pete into pulp.

Me: I know. Pete made his debut in Steamboat Willie back in 1928.

Goofy: Feels like forever ago.

Donald Duck: No kidding.

King Mickey: Yep. I made my first appearance in 1928 in that very cartoon.

Goofy: I was made in 1932.

Donald Duck: And I was made in 1937.

Me: Wow! 9 years apart for you guys.

Lola: So cool.

Me: Pete was made in 1925 in the short cartoon Alice Solves the Puzzle.

Jessie K.: Yep. That was the first non-speaking cartoon he was in back then.

Artie Ziff: Wow! That's amazing!

Nico: Wow! That's a big history. So Pete is the very first Disney Villain.

Eli: Wow! And I always thought that Chernabog was the first villain because of how he is based on the Devil.

Lincoln: That was my first thought too because The Devil is the Ultimate Evil.

Laney: Yeah.

Me: I was thinking the exact same thing. Lets head out.

We went to Disney Castle.

---

We arrived at Disney Castle and we saw Queen Minnie.

Me: Hello Queen Minnie.

Shadow: Hey, Queen Minnie. Sorry that we're back here again. But we need to look for a certain door.

Queen Minnie: I have a feeling I know just the door you're looking for. Follow me.

We followed her to the throne room and we were lead to the room of the Cornerstone and we saw that the Cornerstone was a beautiful cosmic orb.

Me: Wow! So that's the Cornerstone.

Queen Minnie: It sure is. Its light protects this world every day. Here's the door you are looking for.

She did a spell and summoned the door to the Timeless River.

Me: Wow!

Nico: Awesome!

Zarya: This is gonna be so cool! Shall we head in guys?

Me: After you. When we head in we're going to the world of Disney back 93 years ago.

Linka: So awesome.

Lincoln: This is gonna be so cool!

Rainbow Dash: Yeah it is!

Cad Bane: So, who wants to go in first?

Zarya: I will. Follow me guys.

Me: Here we go.

We followed Zarya and we went through the door and we were now in the world of Timeless River. We saw that it was a black and white retro world that was that of the Disney Cartoons from the 1920s and the 1930s.

Me: Wow! Look at this place!

We saw that our hands had white gloves and we looked at ourselves in water puddles and saw that we were retro cartoons of the Great Depression!

Nico: WHOA! This is amazing!

William: It's like we're in a cartoon from the old days.

Me: That's because this IS the old days. This is the world of the Cartoons of Disney made in the late 1920's and mid 1930's.

Nico: So awesome!

Lynn: Let me see here.

She pulled out a can of spinach.

(Popeye Spinach Theme plays)

She squeezed the can and popped it open and ate the spinach and swallowed it.

DING! BONG!

It strengthened her body from down and up and she flexed her muscles and her biceps grew as big as boulders and anchors appeared on them!

Lynn: YEAH!

Me: WHOA! POPEYE GAG! SO AWESOME!

Nico: Ah memories. So awesome!

Lincoln: That's my favorite gag.

Princess Luna: That is a good gag.

?: Well who do we have here.

We saw RETRO PETE AKA PEG LEG PETE! It was Pete when he made his speaking role in 1928!

---

**Pete**, also commonly known as **Peg Leg Pete**, is the main antagonist (sometimes an anti-hero) of the *Mickey Mouse* franchise and The Walt Disney Company. He is a fictional character villainous giant anthropomorphic cat created by Walt Disney and Ub Iwerks. He's Mickey's arch-nemesis and rival of Donald Duck and Goofy.

Though usually associated with the Mickey Mouse universe, Pete appeared in Disney's cartoon series *Alice Comedies* and the Oswald cartoons before the first appearance of Mickey Mouse, which makes him the oldest Disney recurring character and the main antagonist of the Mickey Mouse franchise. In *Goof Troop*, he serves as the main deuteragonist, and then the primary deuteragonist in *A Goofy Movie* and a minor character in *An Extremely Goofy Movie* .

He was voiced by the late founder Walt Disney from 1928 to 1929, the late Pinto Colvig from 1930 to 1933, the late Billy Bletcher from 1933 to 1960, Will Ryan from 1983 to 1992, and is currently voiced by Jim Cummings. In the DuckTales episode "Lost Crown of Genghis Khan", he (as Genghis Khan) was voiced by the late Jim

MacGeorge.

The story of the bumbling, yet obnoxious and mean Disney villain **Peg Leg Pete** since his first appearance in the 1925 animated short film Alice Solves the Puzzles.

### *Steamboat Willie*

In the first cartoon with sound *Steamboat Willie*, Pete and Mickey made their first and third appearance. Pete was captain of the steamboat and would never give Mickey a break. From beating Mickey on the head to bashing him into the ground Pete has done anything that he could do to hurt him taking enjoyment with every swing. Back then, Pete was considered more of a jerk and a bully than the villain he is known as today. He was also gross, and a simpleton, laughing at the tobacco he spat out when it hit a bell.

### *Mickey's Christmas Carol*

In the 1983 short film Mickey's Christmas Carol, an adaptation of Charles Dickens' novel A Christmas Carol and the 1974 record album Disney's A Christmas Carol, Pete was cast as the 'Ghost of Christmas Future', who reveals himself by removing his hood and lighting a cigar, which also lights up the engraving on Scrooge's grave. Pete only had one line throughout the whole film, which was answering Ebenezer's question: "Who's lonely grave is this?" ("Why yours, Ebenezer. The richest man in the cemetery!") and laughing cruelly while he pushes Scrooge into his grave as he struggles to escape as the gates of the underworld are opening. This is arguably Pete's darkest role to date.

It should be noted that Pete did not portray the ghost in the original Disney's A Christmas Carol album. The Ghost was instead portrayed by the Witch.

### *DuckTales*

Pete appeared in the show as **Captain Pietro**, the right hand of evil twin of Count Roy of Monte Dumas. He was a corrupt official enjoying exploiting people by often collecting taxes.

Pete also appeared as a pirate captain during a time travel. The pirate had a birthday and forced Scrooge, his nephews and Beegle Boys to sing for him on a scene. This time, his catlike appearance was more heavily emphasized.

### *The Prince and the Pauper*

Pete's appearance here is considered his darkest role, as there is very little to no humor to his character here, terrorizing the people in the (dying) king's name. In the Disney version of Mark Twain's The Prince and the Pauper, Pete once again played the primary villain, this time as the King of England's captain of the guard. When he saw that his ruler's life was slowly diminishing, he and his henchmen, a band of weasels who act as the king's guards, seized the opportunity to terrorize England's citizens and rob them of their goods in "favor" of the king. After kicking out a disguised Prince, whom he mistook for the peasant boy Mickey Mouse, out of the castle, he later receives word from one of his guards that the Prince was seen a causing a commotion in the village, as the guard claimed that he "acted like a nobleman and he had the royal ring!" Pete suddenly realizes that it was indeed the Prince he "booted out" and seizes another opportunity out this.

That night, after the king passes away, Pete finds the "phony prince" (Mickey), threatening the life of his dog, Pluto, unless Mickey follows his commands. In the village, he soon finds and captures the real Prince and takes him to the castle's dungeon to lock him up. On the day of the Prince's coronation, Pete plots to get Mickey crowned as king, though Mickey is still subservient to Pete's orders. His plan, however, is thwarted when the Prince suddenly appears in the throne room, having busted out of the dungeon and evading the guards with the help of Goofy (Mickey's peasant friend) and Donald Duck (the Prince's valet).

A sudden battle in the throne room (Mickey and the Prince vs Pete; Goofy and Donald vs the Weasel Guards) results in Pete's defeat, as Goofy's bumbling antics cause a chandelier to fall on the weasels, bundle them together, and send them rolling towards Pete. Pete, seeing this, tries to flee but is slowed down by his ripped-down pants (courtesy of the Prince's swashbuckling skills) and tripped by both the Prince and Mickey, causing him to get rolled over and caught on the chandelier, which sends him and his men rolling through a stain-glass window and falling out of the castle.

### *Goof Troop*

Pete appeared as Goofy's neighbor and the main antagonist in the TV show *Goof Troop.* He works as a used-car salesman and lives with his family which consists of his wife, Peg, son P.J., daughter Pistol and their dog, Chainsaw. He plays as a mean and very demanding figure who thinks that what he does is better than whatever anyone else does. He also shows a soft side to his neighbors but never has them speak of it. He is also shown to be quite strict and harsh towards P.J. (who fears Pete's wrath and addresses him as sir.) but is kinder to Pistol.

This is the first media in which Pete was voiced by Jim Cummings, his current voice actor.

### *A Goofy Movie*

In *A Goofy Movie*, Pete serves as a supporting character, as he is more friendly with Goofy and often gives him advice on how to raise his son with discipline, telling him that he should keep Max under his thumb. In the film, it is shown that Pete works with Goofy, being a children's photographer. Pete tells Goofy that P.J. asked him to take him camping and comments that camping is the perfect way to make a good father/son relationship and that if a son does not want to be with his parents, the boy could be stealing or with a gang. This makes Goofy believe the aggravate comments of Principal Mazur about Max and he tells Pete that he is going to fish with his son. Pete attempts to finish the photography session with the current child (a little girl) after Goofy excitedly declared that he's taking Max on a fishing trip. However, the child managed to unseat her diaper and run off while Pete was distracted.

Pete is then shown arriving in an RV with P.J. to the forest where Max and Goofy are camping. There, Pete tells Goofy that he must control his son. Pete invites the Goofs to dinner but Goofy goes with Max to practice fishing. This makes emerge the legendary Bigfoot who terrifies Max and Goofy and makes Pete and P.J. drive away.

Pete reappears in a motel where Max and Goofy are staying and is surprised to see Max and Goofy enjoying their time. When Pete overhears a conversation between Max and P.J. about Max changing Goofy's map route to get to Los Angeles, he informs Goofy about it. Although Goofy didn't believe Pete, he looks at the map and sees the change, realizing that Pete was right. However, after a lengthy argument with Max, Goofy decides to take him to Los Angeles. Pete is shown for the last time when Max and Goofy are with Powerline. Pete was drinking a beer but is shocked to see the Goofs on TV, that he accidentally spits the drink on the TV screen, much to his embarrassment.

### *An Extremely Goofy Movie*

Pete was given a smaller role as a supporting character in the 2000 sequel. Taking place a few years later, P.J., Bobby, and Max are heading for college, and just like Goofy, Pete is very proud of this moment as he openly plans to turn P.J.'s room into a bowling alley. Later on, after losing his job, Goofy is forced to finish college in order to get employed once more. He attends the same college as Max, making life increasingly complicated for him. Goofy visits Pete for advice on how to make things work, but Goofy gets a brainstorm himself and heads back to college, leaving Pete confused but satisfied.

### *House of Mouse*

Pete appears in other different episodes of *House of Mouse* such as *Mickey to the Rescue* . In *House of Mouse*, Pete plays a major role as a greedy landlord who is plotting to take over the cartoon club but fails each time he does so.

In the first episode, Pete storms into the club and demands that Mickey and his friends leave the building as he has acquired its contract. Mickey and his friends are saddened by this revelation until Goofy reads the fine print and learns that, as long as they perform a show, Pete can't force them to leave. Angered, Pete storms out and tells them that they can't perform forever. Later, Pete brakes into the projection room ties up Horace Horsecollar and steals all of the House's cartoons. Pete later reenters the projection room after Mickey and Minnie realize what was going on and (despite the fact that he obviously committed the crime) he blows off all allegations pointed towards him and prepares to shut down the club. After Donald fails to run the club while Mickey, Minnie and Goofy film a new cartoon, Pete arrives to taunt him and, even after the three return with a new cartoon, Pete claims that they still won't be able to run the club without an audience, only for the audience to return and trample him when they see that Mickey has returned. After the cartoon is shown, Pete tells Mickey that they won't be able to run a show by just playing the one cartoon they have over and over, however, the cartoons hidden inside his coat then begin to fall out and his theft is exposed to the entire club. Pete tries to hide from Mickey and his friends, but he is eventually caught and is then thrown out of the club by Tantor.

### *Runaway Brain*

Julius is a giant hulking Frankenstein-like version of Pete that was created by Doctor Frankenollie. A monster (of fairly low intelligence) who hosts Mickey's brain for a short time. He has been identified by some as Peg Leg Pete because of the physical similarities and the missing leg.

### *The Three Musketeers*

In the 2004 made-for-video animated film The Three Musketeers (with Mickey, Donald Duck, and Goofy playing the title roles), Pete appeared under the name "Captain Pete". He served as the main antagonist of the film. Here, he was the Captain of the Musketeers, aiming to take over France, with the help of his lieutenant, Clarabelle Cow, and the Beagle Boys. To do so, he must get Princess Minnie out of the way, but it proves to be difficult for him, even when he hires the film's titular trio to be her bodyguards, believing they won't do a good job protecting her. He has a villain song that is sung to the tune of the classical music piece *In the Hall of the Mountain King* .

### Kingdom Hearts

Pete is a recurring antagonist in the Kingdom Hearts series.

In *Kingdom Hearts: Birth by Sleep*, Pete concocts a scheme to obtain the Million Dreams Award during the Million Dreams Festival. He poses as a superhero named " **Captain Justice** ", as well as a shadowy racer named Captain Dark. Under these guises, Pete attempts to obtain votes in order to win the Million Dreams Award, crossing paths with Terra, Ventus, and Aqua multiple times. However, the three Keyblade wielders win the award, causing Pete to threaten Queen Minnie to obtain the award by force. Minnie banishes Pete to the Lanes Between, but he is soon freed by Maleficent, who offers to free Pete from his prison in exchange for service.

In *Kingdom Hearts 358/2 Days*, Pete ventures to assemble an army of Heartless for Maleficent, crossing paths with (and battling) Organization XIII members Roxas and Xion. By the time of *Kingdom Hearts II*, Pete is still assembling Heartless, but when he visits the Mysterious Tower to convert Yen Sid into one, he has his first encounter with Sora, Donald, and Goofy. The trio crosses paths with Pete multiple times throughout their journey, battling him at Olympus Coliseum and Timeless River (and encountering a younger version of Pete in the latter). They also encounter him at Port Royal and the Pride Lands, where he recruits Captain Barbossa and Scar into the Council of Disney Villains and grants them control over Heartless. Pete and Maleficent abandon their lair in Villains' Vale during an attack by Organization XIII and are not seen until the end of the game where they try to seize control of the Castle That Never Was from Xemnas and hold off a swarm of Heartless from the heroes.

In *Kingdom Hearts coded*, Pete appears alongside Maleficent, plotting to capture the Datascape in order to take over the worlds. He encounters Data-Sora at Olympus Coliseum, helps Jafar in his own scheme in Agrabah, and later reveals just how he and Maleficent got into the Datascape. At Hollow Bastion, Pete battles Data-Sora before corrupting Data-Riku with bugs. Pete later encounters Sora's Heartless but is rescued by Data-Sora and Data-Riku. In an additional scene added to the cutscenes of *Kingdom Hearts HD 2.5 ReMIX*, Pete learns about the Book of Prophecies from Maleficent, who intends on finding a connection with the Datascape and the Book.

In *Kingdom Hearts Dream Drop Distance*, Pete and Maleficent break into Disney Castle and hold Queen Minnie hostage for the Datascape. When Mickey and company arrive, Maleficent and Pete explain their intents to acquire the Datascape, but Lea arrives and distracts Pete long enough for Minnie to free herself. Meanwhile, Sora and Riku also encounter a past version of Pete in the Country of the Musketeers, where he schemes to kidnap Princess Minnie and become the king of France.

Both villains return in *Kingdom Hearts III* in which the duo are searching for a genuine "Book of Prophecies" hidden inside a distinctive black box that the Master of Masters gave to Luxu during the events of *Kingdom Hearts X Back Cover* . They initally try to get help from Hades in Olympus who at first refuses, but reluctantly tells them the box may be the same box Zeus hid on Earth. They then come across the heroes and Pete notices how Sora isn't as strong as he used to be. Although keen to battle them once more, he and Maleficent leave the heroes be and continue their quest to find the box. As they search for the box, Pete becomes skeptical of its exist but Maleficent assures him that it does exist and the pair start to follow the new Organization as they are after the box as well, coming into contact with Dark Riku in the process. Maleficent then believes that the box doesn't exist in their period of time and that they must wait until the Keyblade War comes to an end in order for the black box to reveal itself. They are then last seen in the Keyblade Graveyard, watching Luxu from afar speaking to four of the five foretellers while holding the black box in question.

*Epic Mickey*

True to form as Mickey Mouse's archenemy Pete is back and ready for action in the video-game *Epic Mickey* - where he is already back to his evil ways and causing trouble for Mickey.

**Small Pete** - the first version of Pete Mickey meets. One night, Small Pete crashed his boat in the World of Gremlins and all the Gremlins kicked out Small Pete and he proved it's an accident and his log is on the ship. He started to stay in the Asia Boat Ride forever. Mickey first meets him that he should help him find his log. In the village, he should get the log and show it to Bennet to prove his innocence. If he doesn't or trade it to Shaky, he'll battle a Blotling Horde with Seers, Spatters, and Sweepers. In the good ending, Small Pete starts to rebuild World of Gremlins, and you'll get this if you got the log. In the bad ending, Small Pete begins to sulk in the Colosseum, and you'll get this if you trade his log or never get it at all.

**Note:** Both endings mean that these are the struggles you have faced or you have avoided.

**Big Bad Pete** - first appeared when Mickey enters Mean Street. If Mickey helped Small Pete, he gets some E-Tickets and the Small Pete pin. If he doesn't, he gets nothing. If Mickey redeemed Petetronic, he gets a Power Spark and Redeemed Petetronic pin. If he destroyed him, he gets some E-Tickets and the Defeated Petetronic pin, but he's *not* happy about it. If Mickey defeated Hook and freed the Sprite, he'll get both, the Captain Hook and Hook vs. Pete Pan pin from him. He gets a Spark after Mickey rounds up the Bunny Kids. In the good ending,Big Bad Pete gives the citizens of Mean Street fireworks, but in the bad ending, he starts to be angry and scare the citizens.

**Note:** Both endings mean the way you treat others.

**Petetronic** - the robotic version of Pete in Tomorrow City. Petetronic causes a ruckus and he needs to stop damaging Tomorrow City. If Mickey wants to increase the Thinner capacity, he should deflect his discs and throw Thinner at him and when he's jammed and gets hit, he'll disappear and gets the Defeated Petetronic pin and E-Tickets, but Big Bad Pete is *not* happy about it. If Mickey wants to increase the paint capacity, he should deflect his discs and throw Paint at him and when he's jammed, he tells Mickey to go to Big Bad Pete and gets a Power Spark and the Redeemed Petetronic pin from him.

In the good ending, Petetronnic, Nova, Sparks and the other three Gremlins ride on the Rocket Ride. In the bad ending, the digital image of Petetronic appears and scares the gremlins away and he should have survived.

**Pete Pan** - the Wasteland's version of Peter Pan. Captain Hook has caged his Sprite and Pete Pan was left in Skull Island, he couldn't fly, Pete Pan will fight Hook if his sprite is saved. He'll warn Mickey and fight Hook. Defeating Hook and saving his Sprite makes Mickey get both pins. Pete Pan won't fight him as he's defeated. In the good ending, he fights Captain Hook and Hook slashes and he laughs at him. If Mickey saved his Sprite and returns to Pete, he'll give him the Hook vs. Pete Pan pin. If he doesn't, he gets nothing.

**Colonel Pete** - Pete's ancestor from Bog Easy. He tells him "not to toss the reel into the thinner". Mickey must thin out the wall by the Beetleworx Generators and complete it. He'll be happy when he helped Colonel Pete. When you enter the Blot, you have to battle Colonel Pete as he was forgotten.

Me: Peg Leg Pete!

Pete: Who are all of you!?

Me: We are Team Loud Phoenix Storm and you are our target. Also you bring back so many memories of the good old days.

Nico: You sure do. They were good times back then.

Me: Yep. First ever Disney Cartoons of my past. We're from the 21st Century in the year 2021 and we came to make sure that you don't touch the Cornerstone.

Lincoln: Yeah!

We then saw something weird. All of us saw what seemed to be a blender and a toaster on the ground.

Maria: Is that… a toaster and a blender?

Retro Pete: (picks said appliances up) Hey. What're you all trying to pull?! Do these belong to you?

It took King Shark about 10 seconds to realize what was going on.

King Shark: (eyes widens) NO! DROP THOSE APPLIANCES NOW!

The appliances transformed and they were APPLIANCEBOTS!

Sideways: Oh man! Those are Appliancebots!

Laney: Oh man!

Lola: Not good!

Peg Leg Pete ran with the Appliancebots.

Me: We'll worry about him later. Lets take a look around.

We walked around and we saw a big construction site.

Star Man: (looks at the building site) This is some nice construction.

Me: This is the building construction site from the 1933 cartoon Building a Building.

Lana: That one is one of my favorites.

Lisa Loud: A most impressive cartoon.

Lily: It sure was back then.

Nico: Yeah it was. I think this world is amazing.

Me: It sure is.

We saw a vacuum cleaner and a microwave on the ground on the construction site.

Billy Numerous: Okat. Hopefully, those are just an ordinary vacuum cleaner and microwave.

Me: Uh guess again.

They transformed and blasted Billy all over with lasers and they really hurt!

Billy Numerous: OUCH! OOCH! OW OW OW OW OW OW!

We blasted them all over the place and and Lana took a big hammer and then…

KRASMASH!

Lana smashed them into scrap metal!

Optimus Primal: That's it for those two.

Me: Nice job Lana.

Nico: Yeah! That's how you do it!

Lana: Aw it was nothing.

We then arrived in a tiny town.

Bounce Man: This town sure is tiny.

Me: This is the Lilliput, a tiny town from the 1934 cartoon Gulliver Mickey.

Nico: I remember that one.

Spyro: This reminds me of Wilikin Village from Skylands.

Stealth Elf: Brings back memories.

Vince: Boy it sure does.

We saw a Waffle iron and Cappuccino machine on the ground.

Zexion: Okay. IF you two can talk, we want to know who built you two!?

The Waffle Iron and Cappuccino Machine transformed.

Waffle Iron: None of your business!

The waffle iron then clamped on Zexion's butt like a bear trap and he screamed in pain.

Zexion: YYYYYYEEEEEEEEEEOOOOOOOUUUUUCCCCCHHHHHHH!

Spyro rammed it off and Lola fired a blast of fire that melted it and then the Cappuccino Machine splashed scalding hot coffee in Nico's face and burned your all over and Laney formed a hammer and smashed it into scrap metal!

Nico: OUCH!

Nico's burns instantly healed.

Nico: Whew! That was crazy!

Me: No kidding. You okay?

Nico: Yeah I'll be fine.

Next we were at the site of a burning building.

Soundwave: Fire detected. Suggested solution: water.

Lola: That whole building is on fire!

Me: This is the Building on fire from the 1930 and 1935 Cartoons The Fire Fighters and Mickey's Fire Brigade!

Luna: I got this!

She fired a wave of water and extinguished the fire!

Sam S.L.: Way to go Luna!

Girl Jordan: Yeah!

Nico: Nice job Luna!

Me: Yeah!

Luna: Thanks dudes.

We saw a Garbage disposal and Hand mixer on the ground.

Rojo: (to the two) How were you two even turned into what you are now anyway?

The Garbarge Disposal then cut Rojo's hand.

Rojo: OUCH!

And the Hand Mixer pulverized Zexion in the face and knocked him down all over.

Zexion: (With birds and stars swirling around his head) (Stupid Talk) Mommy read me a bedtime story.

Diamond Tiara and Silver Spoon formed energy hammers and smashed the robot appliances to scrap metal.

Me: YEAH!

Toxic Horror: That was rough! But well done girls!

Diamond Tiara: Thanks Toxic.

Silver Spoon: It was nothing.

In Mickey's House we saw a Black Hole!

Killer Frost: Is that a black hole sucking everything up?

Me: Yeah! This is Maleficent's handiwork! I remember she was here before.

I fired energy blasts at the black hole and destroyed it.

Me: Yeah!

Mickey from 1928 came and shook my hand hard.

Me: You're welcome.

Mickey left.

Lincoln: That was awesome!

Me: Yep. This is the cartoon of Mickey's Orphans from 1931.

Nico: That is one of my favorites.

May: Mine too because it was cute.

Videl Chan: Yeah it was adorable.

Lincoln: It sure was.

We saw a Stand mixer and CISCO Aironet on the ground.

Azula: Why do I get the feeling that you two and your buddies will be able to rebuild yourselves for one last round?

Me: I have that same feeling Azula.

The stand mixer shoved its beaters in my mouth and pulled my tongue out and then it ripped my tongue out!

Me: (SCREAM IN PAIN)

Nico: WHOA! J.D. are you okay?!

Me: (Slurred speech) MY TONGUE GOT RIPPED OUT!

I opened my mouth and blood came pouring out and my tongue was gone.

Nico: YIKES! THAT MUST'VE HURT!

Then my tongue grew back.

Me: (Normal Speech) WHEW! That's better. But that mixer will pay for that!

I blasted it into oblivion!

Lincoln then blasted the CISCO Aironet with lightning and destroyed it.

Me: Yeah! Nice job.

Lincoln: Thanks J.D.

Nico: Man getting your tongue ripped out like that must've really hurt.

Twilight Sparkle: No kidding.

Me: Yeah it really hurt. Ouch. But thanks to my regenerative powers I can regenerate my organs remember?

Twilight Sparkle: That's right I remember that.

Lincoln: Yeah.

Later back on Cornerstone Hill, we regrouped and we were facing Peg Leg Pete!

Me: You will not get the Cornerstone, Pete!

Peg Leg Pete: I will get it!

Me: Try me!

But then Vypra, Dark Spicer, Vanitas, Lord Drakkon, Myotismon, Vexen, Larxene and Zs'Skayr then appeared.

Me: Vypra, Dark Spicer, Vanitas, Lord Drakkon, Myotismon, Vexen, Larxene and Zs'Skayr. 8 of you this time?

Vypra: Yep. We increased the number of usual battles from 6 to 8.

Me: Wow.

Nico: This is getting more and more fun every time.

Lincoln: It sure is.

Dark Spicer: (to me) Here's your warning: Your ass is about be kicked!

Me: You can just bite my big fucking ass!

Dark Spicer: Whoa! I walked right into that one didn't I?

Me: You sure did.

Zarya: Nice one.

Me: Thanks. What do you guys think of this place?

Lord Drakkon: It's really interesting. Brings back lots of memories.

Me: Over 90 years of memories.

Varie: It sure does bring back some fun.

Vexen: It sure does.

The Appliancebots were able to rebuild themselves.

Drakkon: Those are the Appliancebots you guys have been fighting?!

Me: Yep. An Egg Beater one ripped out my tongue.

Vypra: Ouch!

Myotismon: (sees the Blender bot) Wait. Does that one have a blaster for a penis?! That's disgusting!

Vypra: (to the Appliancebots) If any of you can talk, do so now before J.D. and the others kill you during the usual battles!

Blender Bot: Yes we talk! So back off bat girl!

Me: Shut up motor mouth!

Nico: WHOA!

I blasted the other appliancebots except for the Blenderbot.

?: Those guys are ugly.

A figure came out and it was TERROR BLOSSOM from episodes 23 and 24 of Season 2 of Mighty Morphin Power Rangers!

---

**Terror Blossom** is a cherry-blossom monster, created by Lord Zedd from a pile of petals. He serves as the main antagonist of the episode "The Ninja Encounter".

The Terror Blossom was created by Zedd from the petals of cherry blossoms. This monster possessed the ability to reproduce and possessed poison petals. Zedd sent Terror Blossom to attack Angel Grove. Monster attacked the city and encountered the Power Rangers. Terror Blossom was able to recreate Hatchasaurus and rangers were busy fighting with Hatchasaurus. After defeating Hatchasaurus, the heroes battled Terror Blossom. Jason, Zack and Trini were frozen by the poisonous petals of the villain. They were teleported back to the Command Center, and Billy tried to revert the effects of toxin, and he eventually succeeded. Then Zedd used his grow grenade and enlarged the monster. Terror Blossom unleashed his flower petals on the Thunder Megazord, so Tommy aided them with his Tigerzord. Zordon informed them that they had to rescue Adam, Rocky and Aisha or Zedd will convert them into his Dark Rangers. Tommy gathered Billy, Trini and Kimberly and they went to rescue Adam, Rocky and Aisha while Jason fought Terror Blossom. Shortly afterwards, Jason called for the use of the Thunder Saber and destroyed Terror Blossom in the cloud of flower petals.

---

Tommy Oliver: Terror Blossom!

Terror Blossom: Been a long time rangers!

Me: I remember you! You were sent to attack Angel Grove and you recreated the Hatchasaurus. You also froze Jason, Zack and Trini and Billy reversed the poison.

Terror Blossom: Very impressive memory.

Vypra: I told you he has a really great memory.

Terror Blossom: And you weren't kidding. (to the Rangers) If you guys are seeing no color on me at the moment, don't worry. I'll be reused for usual battles. So, you guys will see me colored next time.

Tommy Oliver: True.

Me: But this is gonna be the first time we've ever had to do our usual battles in Black and White.

Lisa Loud: Luckily I have the answer to the solution for us to have them in color.

Lisa set up a camera.

Lisa Loud: I'm going to record the whole series of battles so that I can colorize the world and all that.

Me: Perfect!

Dark Spicer: I have 2 new aliens for you to see.

Me: Lets see them.

Dark Spicer turned into a purple version of Overflow and he had yellow and green water pipes and spines and axes and he had red eyes.

Death Deluge: Meet Death Deluge!

Jewel Man: Considering that Overflow looks like Water Hazard, it's only fair that this form sounds similar to Death Drench.

Death Deluge: I know, right? (fires blast of water at Jewel Man)

Luna fired the blast of water back and drenched him.

Shanan: That was a good try for a Hybrid Cascan.

Nico: It sure was.

Girl Jordan: Yeah.

Next Dark Spicer turned into a Black version of Slapback and he had crystals all over him as well as blades of crystal on his arms.

Stonesmash: I call this form… Stonesmash! (makes 8 more copies of himself)

Astro Man: Are you gonna give J.D. a wet willie again?

Stonesmash: (chuckles) Nope. Right now, my hands are too big. (he and his clones slam into Astro Man)

Eli then used the Force and knocked them back.

Shanan: Funny way to gang up on someone for an Ekoplektoid Hybrid.

Eli: It sure was.

Dark Spicer: (Reverts back) Thanks.

Me: You're welcome. Lets get it on.

We went at them.

---

**Vexen**, the *Chilly Academic* (いてつく学究, *Itetsuku Gakkyū* ?, lit. *Freezing Scholar* ), is a major antagonist-turned-anti-hero in the *Kingdom Hearts* video game franchise.

Vexen is the fourth member of Organization XIII and wields a shield and ice powers. Originally planning on using Riku's power of darkness to eliminate the traitorous Marluxia, he later attempts to confront Sora with a replica of Riku before engaging Sora himself.

*Kingdom Hearts Birth by Sleep*

Vexen was originally Even, one of Ansem the Wise's apprentices along with Braig, Dilan, Ienzo, and Aeleus.

When Ventus arrives at Hollow Bastion, he is accosted by Dilan and Aeleus, but the Trinity Armor's arrival forces Ven to leave. As Dilan and Aeleus attempt to follow the young Keyblade wielder, Even arrives and muses on what would become of the castle. Aeleus realizes that Even is right, but as they return to the castle, Even notes that Ven's heart is devoid of darkness.

Sometime later, Even, who is looking for Ienzo, encounters Ven, who had rescued Ienzo from a swarm of Unversed. Grateful of Ienzo's rescue, Even explains Ienzo's story to Ven and directs the Keyblade wielder to the Outer Gardens to find Terra.

Between *Birth by Sleep* and *Kingdom Hearts: 358/2 Days*

Sometime after Aqua's defeat of Terra-Xehanort, Xehanort is inducted into Ansem's ranks and becomes Ansem's favorite pupil. However, Xehanort wanted to delve deeper into the mysteries of the heart and darkness and convinced Even and the others to aid him. Their research eventually caused them to banish Ansem to the Realm of Darkness. At some point, Even's heart was consumed by darkness, giving birth to Vexen.

Years later, after Marluxia's induction, Vexen confronted Zexion and demanded to know where Xemnas was. Zexion simply informed Vexen that Xemnas was at the Chamber of Repose, causing Vexen to storm away while pondering why Xemnas was always hiding.

### *Kingdom Hearts 358/2 Days*

Vexen plays a relatively minor role in *Kingdom Hearts 358/2 Days*, but it should be noted that this role plays a major contribution to the game's central plot. Advisor and leader of the Castle Oblivion-based Replica Program that created Xion, he was present when the Sora replica joined Organization XIII. Vexen then was assigned on Day 12 to teach Roxas the art of reconnaissance in Twilight Town, and was later getting sent away to Castle Oblivion, where he used his Replica Program to create the Riku Replica in order to challenge Sora.

The Chilly Academic was later exterminated by Axel at the Castle, for the purpose of raising Saïx through the ranks. All Vexen had left behind after his demise was knowledge, Axel later discovering a document he had composed about Naminé in the Castle That Never Was's library. This Nobody's only other mention in *Kingdom Hearts 358/2 Days* was when Xemnas revealed the truth about Xion before the surviving members of Organization XIII in Where Nothing Gathers.

### *Kingdom Hearts Chain of Memories*

In *Kingdom Hearts Chain of Memories*, Vexen appeared as an antagonist in both Sora's and Riku's storylines. He assists Lexaeus and Zexion in their efforts to stop Marluxia (whom Vexen loathed) and Larxene (whom he's not too fond of either) from overthrowing the Organization (Axel, the other Organization member residing in the castle, is deemed too unpredictable to be anything other than a liability). To do this, Vexen and his cohorts intend to use Riku's darkness to counteract Sora's light.

Vexen engages Riku in a cautious battle and uses the data he obtained from the fight to create a copy of Riku. The replica is completely aware of his status as a fake, but unlike Riku, is not afraid to use the darkness. However, even with darkness on his side, the replica fails to defeat Riku.

Even with the failure, Vexen has other plans for the replica, and goes to Marluxia and Larxene. He offers the replica to test Sora, though first he would have to have his memories changed around. They then have Naminé manipulate the replica's memories until he thinks he is the real Riku. He also believes that he made a promise to Naminé like Sora had, and because of this conflict, the replica confronts Sora multiple times, saying that Naminé no longer needs Sora.

However, the replica soon spirals out of control, and Marluxia deems Vexen's experiment a failure. Vexen is insulted, saying that a neophyte like Marluxia has no right to speak to an elder like Vexen. However, Marluxia makes the threat of reporting Vexen's failure to "the Superior", and Vexen's fear of the Superior's power overrides his previous elitist attitude. Now with Vexen under his grip, Marluxia orders Vexen to eliminate Sora, much to his surprise.

Vexen then confronts Sora, saying that Sora is in debt to him for reuniting him with Riku. Sora is angered, and the two battle. However, as they fight, Vexen delves deep into Sora's heart, and creates a world card forged from the memories on the other side of his heart. Vexen tells Sora that if he wants to truly defeat him, then he must enter that world.

Meanwhile, Marluxia, Larxene, and Axel note that Vexen is jeopardizing their plans, for if Sora discovers the other side of his heart, then he will no longer be of any use to them. They then decide to have Axel eliminate Vexen before permanent damage can be done.

Sora discovers that the new world is Twilight Town, which is strange because Sora has only visited places in his memories, and he has no memories of Twilight Town. Even so, Sora feels a sense of familiarity from this place. He explores the town until he arrives at the gates of a mansion. Vexen makes his appearance there, asking Sora if the familiarity of this place or his memories of Naminé is true. Sora doesn't understand what he means, and Vexen sees that he is but a slave of his memories, just like "his Riku". Sora is again angered, and battles Vexen one more time.

Vexen loses again, and seeing that Sora is too dangerous, plans to tell him of Marluxia's plot and, by extension, Roxas's existence. Before he can fully explain, however, he is struck by Axel, who embeds a Chakram into Vexen's body. Vexen begs to be spared, but Axel tells him he can be "nothing instead of just being a Nobody" and snaps his fingers, detonating the Chakram and incinerating Vexen, making him the first member of Organization XIII to die.

*Kingdom Hearts II Final Mix*

Vexen's spirit returns as an Absent Silhouette in Agrabah after Sora examines the Peddler's revived shop. If Sora investigates the Silhouette, Vexen challenges the Keyblade wielder to a rematch, but is eventually slain. Sora can also challenge a data replica of Vexen in the Garden of Assemblage.

*Kingdom Hearts 3D: Dream Drop Distance*

Even is resurrected following the destruction of his Heartless and Vexen. Though conscious again, Even is unstable, so Aeleus has him rest.

*Kingdom Hearts III*

Following his revival, Even wanders around Radiant Garden, regretful of his actions as Vexen. When Saïx arrives and recruits him to finish his work on the Replica Program, Even seizes the chance to atone for his actions and becomes Vexen once more. Under Master Xehanort's orders, Vexen refines his past replicas to be vessels to the past versions of Xehanort, as well as other time-traveling vessels. However, he is quickly benched and deemed a reserve member. Following Xehanort's failure to turn Sora into the thirteenth vessel, Vexen also creates another replica for Xion and for those wh truly need them. In the Caribbean, Vexen assists Luxord in researching how Davy Jones retains his existence despite lacking a heart. Upon seeing the Dead Man's Chest and finding out that Jones's heart is the physical organ, Vexen takes his leave,

However, Vexen later saves Ansem the Wise from Xehanort's Heartless and reveals his desire to atone. Later, he has Demyx (who has also been benched) deliver a replica body and escort Ansem the Wise to Ienzo in Hollow Bastion, giving them a vessel to place

Roxas's heart in.

Following Master Xehanort's defeat, Even regains his humanity and assists Ansem the Wise and Ienzo in restoring Naminé, with Sora and Kairi providing Naminé's heart.

Me: Vexen.

Evil Vexen: You did really well in that world. I see you destroyed my creations.

Mickey: So you were the one who created the Appliancebots!

Evil Vexen: Indeed I was. I knew that past version of Pete wouldn't be of much help. So, I used a Dark Orb and kitchen appliances from the abandoned home of Remy Buxaplenty to make the Appliancebots.

Eddy: Do you know that the Blender Bot you made had a blaster for a penis?!

Evil Vexen: (disgusted) Well, it's not like I could control what they turned into.

Lana: You're gonna wish you could!

Lana walked up to the evil Vexen and she had snow, icicles and ice swirling around her,

Evil Vexen: So you will try and kill me.

Lana: I'm not just gonna try. I WILL make sure you pay.

The temperature around her was falling fast and it was getting colder and colder. Then a vortex of ice and snow exploded out and enveloped Lana in it and exploded high into the sky and formed into an Owl of Ice and it hooted and the energies of stars and space poured into it. The Owl faded and went back down to the world and Lana emerged. She was now forever changed! She had the appearance of a 21-year-old girl and she had longer blond hair with aqua blue pigtails and her pigtail scrunchies were snowflakes and owls. Her had was the same and she had aqua blue pupils and had a raging snowstorm in her sclera. She had a snowflake with an owl over it emblazoned in the middle of her forehead. She had earrings in the shape of the Kanji for Ice and she had aqua blue overalls with snowflakes on them. She had black Russian Snowboats on and she had snowflake spiked bracelets on. She had a sleeveless aqua blue trench coat on and it had snowflakes on it and it had the Kanji for Lana Loud, Champion of Khione and Handiman of Snow and the Owl. She had aqua blue angel wings with feathers made of pure ice and she had a sword with a blade of pure ice and her wings were emitting a temperature of -459.67˚Fahrenheit or Absolute Zero. She was now a SUPER ANGEL 25,000,000 ABSOLUTE ZERO OWL ICE AGE!

Me: WHOA! Lana you look amazing!

Nico: Wow! She sure does!

Lola: My twin sister looks amazing!

Lily: She sure does! Wow!

Lincoln: Wow! Lana how do you feel?

Lana: (Divine Frozen Ice Voice) **Incredible bro. The powers of ice are now stronger than ever.**

Lola: Wow! Go get him Lana!

Lana: **With pleasure!**

Lana went at him faster than a laser and a massive trail of ice formed as she flew and she punched Evil Vexen in the face and kicked him in the face and she left a nasty cold burn on his face in the shape of a fist mark. Her body temperature was colder than that of Liquid Nitrogen and she was leaving powerful cold burns on him! She swung her sword and he tried to block the strike and Lana slashed the shield and destroyed it! Shattering it into a million pieces! She kicked him down and sent him crashing into the floor.

Me: WHOA! Lana is brutal and cold!

Lincoln: Literally!

Lori: My thoughts exactly bro!

Lana walked up to him.

Lana: It's over Vexen!

Lana jumped and just as she was about to deliver the fatal cut, the Blenderbot jumped in front of her strike and she cut IT instead. But she kicked Evil Vexen and knocked him away and sent him crashing into the wall.

Me: WHOA! I did not see that coming!

Pete: (to Evil Vexen) You're lucky that your Blender Bot saved you and got killed instead. But when we see you at your base, the gloves are off!

Me: Yeah! Don't expect mercy from us next time!

Evil Vexen: Count on it.

He left through a dark corridor.

Me: We'll get him next time.

Nico: Yep.

Me: But this was so awesome!

Nico: Yeah it was!

Zarya: So much fun!

But then the Sword of Harmony glowed and lifted off of Zarya's back.

Me: What the?

Nico: J.D. are you doing this?

Me: No I'm not doing anything.

Zarya: I'm not doing anything Either.

Then Apple Bloom suddenly was enveloped in a dome of white energy and rainbow energy blasts fired from the sword!

Me: WHOA!

Rest of main cast and us: [cries of shock]

Me: WHOA!

Nico: WHAT POWER!

Zarya: YEAH!

In a flash of light we had our eyes covered.

Fluttershy: [gasps] What happened?

Me: I don't know but that was powerful!

Nico: (Gasps) Look! Apple Bloom is gone!

Rest of main cast and us: [exclamations of shock]

In another dimension, Apple Bloom woke up and she saw where she was.

Apple Bloom: Hello!? Where am I? What is this place?

Princess Celestia then appeared.

**Princess Celestia** : [echoing] Congratulations, Apple Bloom. I always knew you were destined for great things.

**Apple Bloom** : [echoing] Princess Celestia… I don't understand. What did I do?

**Princess Celestia** : You have helped many ponies and humans around your age group and above get their talents and cutie marks and you have made lots of dreams come true. The lessons you've given to many ponies and all of Team Loud Phoenix Storm have taught and all your friends well. You have proven that you're ready, Apple Bloom.

**Apple Bloom** : Ready? Ready for what?

**[Princess Celestia]**

You've come such a long, long way

And I've watched you from that very first day

To see how you might grow

To see what you might do

To see what you've been through

And all the ways you've made me proud of you

It's time now for a new change to come

You've grown up and your new life has begun

To go where you will go

To see what you will see

To find what you will be

For it's time for you to fulfill your destiny

We saw screens that showed all of Apple Bloom's accomplishments and how she, Sweetie Belle and Scootaloo helped so many humans and ponies get their cutie marks and all that they did. It was amazing.

Princess Celestia had Apple Bloom glow in red energy.

Suddenly a massive flash of light followed by an explosion of magic was seen in the sky and it formed into Apple Bloom's Cutie Mark and the power coming off of it was incredible!

Me: WHOA! What power!

Nico: WHOA!

Varie: Wow!

The glowing cutie mark landed and we saw Apple Bloom in a dome of energy.

Applejack: Apple Bloom? Little sis? Is that you?

She got up and we saw a unicorn horn appear on her head and she then spread Wings! She had red wings with yellow on them!

Rest of main cast: [gasps]

We gasped in shock!

Me: Amazing!

Nico: WHOA! Just like what happened to Twilight!

Applejack: My! My little sister has become an Alicorn!

Scootaloo: Wow! Apple Bloom this is incredible! [laughs]

Rarity: Wow! Applejack your sister has become an alicorn!

Pinkie Pie was swinging on a rope.

Pinkie Pie: [screaming] Alicorn party! [blows party kazoo] [crowd cheering]

Fluttershy: Wow… Apple Bloom you look just like a princess!

Princess Celestia: That's because she is now a princess.

Main cast: Huh?

Me: Whoa! She's a princess!?

Pinkie Pie: Hold on a second! [drinks a glass of water] [spits]

Apple Bloom: A… A princess? Really?

Princess Celestia: Since you've been helping Ponies and humans get their cutie marks, you've displayed the charity, compassion, devotion, integrity, optimism, and of course, the leadership of a true princess. And you are also the youngest ever to achieve this.

Me: WHOA!

Nico: Wow.

Varie: Incredible!

Eli: Wow!

Vexen: We may not have killed my evil self. But at least we killed the Appliancebots.

Larxene: And Apple Bloom got a new transformation.

Me: This is not just any ordinary transformation Larxene, this is Apple Bloom's ascension into a Princess. This is what Twilight went through. This is amazing.

Vanitas: Wow! It sure is. So, do we dispose of the Appliancebots' corpses?

Zs'Skayr: Actually, we could rebuild them and make use of them.

Me: That's not a bad idea. Lets get to work.

Nico: Yeah!

Me: But first, Princess how did this happen to Apple Bloom? What has she accomplished that made her worthy of the title of Princess?

Princess Celestia: Apple Bloom has helped so many ponies and humans get their cutie marks and has helped them discover their talents.

Me: I can't argue with that.

Nico: We were told so much about that and how big of an impact Apple Bloom, Sweetie Belle and Scootaloo had on many creatures all over Equestria and Earth.

Apple Bloom: But this is a big shock to me.

Twilight Sparkle: I know it is Apple Bloom. But I can help you know what to do. I was shocked when I found out that I was going to be a princess. But I can help you.

Apple Bloom: Thank you Twilight.

---

Later at Canterlot we were there to see the coronation of Apple Bloom. She was going to be crowned as the Princess of Cutie Marks. We were all there and dressed in special clothes and more.

**Princess Celestia** : We are gathered here today in celebration of a momentous occasion. Applejack's little sister, Apple Bloom, has done many extraordinary things since she and her friends, Sweetie Belle, Rarity's little sister and Scootaloo, Rainbow Dash's adopted little sister, have formed the Cutie Mark Crusaders and helped so many creatures great and small get cutie marks of many kinds and helped them discover their talents. She and her friends have done so much, proving without a doubt that she is ready to be crowned Equestria's newest princess, The Princess of Cutie Marks. Fillies and gentlecolts, may I present for the very first time, the youngest princess in the history of Equestria, Princess Apple Bloom!

**Apple Bloom** : Oh. Um… [clears throat] A little while ago, my friends and teammates recruited us and it is still the most amazing series of adventures we all ever have been on. We learned so much about lots of amazing things and we have helped many people and ponies and creatures all achieve their talents and we made numerous friends and helped so many But now, on a day like today, (To us) I can honestly say I wouldn't be standing here if it weren't for the friendships I've made with all of you. [crowd cheering]

We cheered for her.

**Applejack** : Oh Sugarcube, I'm so proud of you.

Apple Bloom: I know sis. This is amazing.

They hugged.

Me: So how does it feel to be a princess?

Apple Bloom: It feels amazing J.D. This is a huge shock to me.

Me: I know. But with great power comes great responsibility. Twilight can help you out.

Apple Bloom: Thank you guys.

Pear Butter and Bright Mac came.

Pear Butter: Oh Apple Bloom we are all so proud of you.

Bright Mac: We sure are.

Bright Mac was crying.

We hugged her.

Me: But you will always be family to all of us Apple Bloom.

Zarya: That's right. You have done so much and your heart is as pure as gold.

Nico: After everything you all accomplished with Sweetie Belle and Scootaloo, you more than earned the title of Princess.

Sweetie Belle: That's right Apple Bloom.

Scootaloo: And we will always be there to support you.

Apple Bloom: Thank you so much guys.

They hugged her.

Frozen Fright came up to her.

Frozen Fright: Apple Bloom, I am so honored to have you as my archenemy. Not only am I going to be part of the teams but also I am honored to have the Princess of Cutie Marks as my friend and archenemy.

Apple Bloom: Thank you Frozen Fright. That means a lot to me.

Mickey: (To the viewers) We went into the past and learned so much. I hope you all loved this adventure.

Me: I know we did.

We went back home. Equestria now had Princess Celestia, Luna, Cadance, Amore, Flurry Heart, and now Apple Bloom.

See you all tomorrow for Part 11.

# Light and Hearts Part 11

BEAUTY AND THE BEAST 1991

---

In Equestria, a big brutish Minotaur named IRON WILL was giving lectures and he was quite a motivational speaker.

---

**Iron Will** is a male minotaur and supporting character who first appears in the season two episode Putting Your Hoof Down. He travels around Equestria, holding assertiveness seminars. He has a habit of referring to himself in the third person and using various, often rhyming, catchphrases, such as, "When somepony tries to block, show them that you rock!"

Iron Will first appears in a flash of fireworks at his seminar in Ponyville. After putting the audience in a frenzy of enthusiasm, Iron Will proclaims that his methods would work for anyone and without any dissatisfaction. He first demonstrates his methods with Fluttershy acting as a volunteer. He gives Fluttershy advice on how not to let anyone treat her as a doormat or a pushover, with a 100% satisfaction guarantee, or she doesn't need to pay.

After hearing around town that Fluttershy "doesn't take no guff from nopony," he soon comes over to see Fluttershy in order to collect the bits she owes him for the assertiveness program. Rarity and Pinkie Pie, who had come over to confront Fluttershy about her recent reclusive behavior, try persuading Iron Will into leaving, but he shrugs their offers off after insisting that Fluttershy was overdue with her payment. Fluttershy comes out of her house and Iron Will demands he be paid his fee up front. However, because Fluttershy was not satisfied at all after her new attitude drove her friends away, she refuses to give payment. After trying to cut a deal, Iron Will is instead given an emphatic "No means no." Proving to be a minotaur of his word, he concedes, and while leaving, he comments that he should use it as a new catchphrase for his next seminar.

In the season six episode Flutter Brutter, Iron Will is depicted in a photograph in Pinkie Pie's wallet.

In season seven, Iron Will appears in Once Upon a Zeppelin as the host for the zeppelin cruise the Sparkle family is traveling on. He is soon revealed to have sent the family their tickets in order to use Twilight and Cadance's fame to increase passengers, and talks Twilight into making numerous appearances so that the rest of the family can enjoy the cruise. Eventually, Twilight decides that enough is enough, asking the other passengers to allow her her some time with her family. The other passengers, having been told that Twilight was a part of the cruise from the start, turn on Iron Will, who retorts that he had never actually promised that a princess would appear. When the passengers react with anger, Iron Will parachutes off the ship, refusing to refund their money.

In season eight, Discord temporarily hires Iron Will to be a substitute teacher at the School of Friendship in A Matter of Principals. He tells the students that they have to "make" friends by being overly forceful, pushing Yona to be as demanding as possible.

In season nine, Iron Will briefly appears in Fluttershy's group shot during The Magic of Friendship Grows in The Last Problem.

Trading card

*Iron Will's his name, training ponies is his game! And what does this Minotaur train ponies in exactly? Assertiveness! He's so confident that his seminar will turn you into a lean, mean, assertive machine, that he guarantees you'll be 100% satisfied. Interested? Word on the street is that his next seminar will be titled 'No Means No,' and it's coming to a town near you. If you happen to spot Iron Will around town, then please, for pony's sake, never cut in front of him in line!*

The Elements of Harmony guidebook

***IRON WILL** is a muscle-bound minotaur who travels throughout Equestria as an inspirational speaker. He loves using his positive mantras and high-octane energy to get ponies up and moving. Iron Will has an enormous ego and often refers to himself in the third person because he loves to hear his own name.*

---

We were watching him while hiding from the clouds and we saw him giving awesome motivational speeches.

Me: Wow. Iron Will sure is a gifted speaker.

Somnambula: (Egyptian Accent) He sure is. He has very inspirational speeches.

Nico: He sure does. I read all his books and ideals on assertiveness and they are great.

Twilight Sparkle: They are but they turned Fluttershy into a total jerk.

Fluttershy: And it was not pretty.

Me: Whoa. But Mr. T would be proud of him.

Applejack: Who?

Eli: Mr. T is a very famous wrestler and a very famous motivational speaker.

Nico: Just like Hulk Hogan and Iron Will reminds me so much of him.

Me: Oh yeah. Built like a brick wall and just as strong as one.

Lana: Here comes the Digimon Emperor.

We saw him walk up to him.

Digimon Emperor: Excuse me? Are you Iron Will?

Iron Will: I sure am. You're Nico Chan, right? What can I do for you?

Digimon Emperor: (as Nico) For starters, (points gun at him) stand still so I can kill you!

BANG!

He shot him and knocked down Iron Will!

Me: He shot him. Just like the prediction said.

Wood Man: Guys, I know Iron Will can be a jerk. But we can't let him die!

Me: And we won't. Lets go!

We went at him.

Iron Will was too injured to move but he was playing possum.

Digimon Emperor: Now let this be a lesson to all you fools! If you so much as break the Laws of Team Loud Phoenix Storm even once, You ALL will die!

Me: SHUT YOUR FUCKING TRAP KEN!

KROW!

I kicked him in the face and sent him crashing into a wall.

Nico: What you did makes you no better than the Justice Lords!

RD Me: Yeah! You are a freak! What you did is like what Sindri Myr did to the Royal Defenders in my universe!

Me: Everyone he's lying to you all! This is the very same monster that took over the Digital world to rule it with an Iron fist.

Nico: Yeah!

Everyone gasped!

Laney: It's all true everyone! This monster is a ruthless tyrant! Don't listen to his lies and all that!

Amethyst Star: We won't listen to him!

Lily Valley: Yeah!

Digimon Emperor: YOU ALL ARE FOOLS TO BELIEVE THEM!

Me: YOU are the fool Ken!

Nico: I should just kill you here and now!

Digimon Emperor: YOU WILL PAY FOR THIS!

He ran away.

Pony: Don't worry. The people of the human world might turn against you guys. But not us!

Johnny 2x4: (smiles) Well, at least you guys haven't lost faith in us

Me: Thank goodness. But everyone on Earth has been put on full alert to not listen to the lies of the Digimon Emperor.

Nico: Yeah and the sooner we kill that bastard the better.

Zarya: He tormented us for far too long.

Lincoln: Big time.

Fabia: The people of Neathia, Gundalia, Vestal will support you too.

Starfire: Same with Tamaran.

Hawkgirl: And Thanagar.

Green Lantern: And all the planets of the Lantern Corps will too.

Me: Thanks guys.

Nico: We owe you one.

Varie and Sakura were healing up Iron Will.

Iron Will: Thank you all for saving me.

Me: Lucky that bullet hit your arm and you are lucky you're gonna be okay.

Iron Will: Yeah Iron Will is a tough guy.

Nico: You sure are.

Barricade: (to Iron Will) Despite you almost turning Fluttershy into a jerk, we saved your life. You're welcome.

Iron Will: I owe you guys big time and for that I will gladly help you out against The Digimon Emperor.

Me: Awesome. This is the 10th Prediction that came true that we were warned about him.

Yuma: Yeah. We have one more to go.

Me: And it looks like The Digimon Emperor is going to pulverize Seifer and his goons.

Nico: Let him do so.

Me: I don't like those jerkbags either. But like it or not we still have to save them.

Nico: After that, The Digimon Emperor dies after a big trial.

Zarya: Yeah!

G1 Inferno: How many people do you think hate us now?

Nico: It's too early to say. All we can do is focus on defeating the Digimon Emperor and Organization XIII and hope for the best.

Me: No one is gonna hate us Nico. I already made sure they don't. The President of the United States has been made aware of The Digimon Emperor and Organization XIII and their lies and dark natures and we have him supporting us.

Nico: Oh good.

Zarya: Yeah.

Me: And he warned everyone that if he hears about anyone hating us they will be punished to the full extent of the law via the police.

Laney: Good. Let them get what's coming to them.

Me: Just like a bunch of fuckfreaks that hate my brother that I know.

Naruto: Yeah.

Me: The President has always had our back and we helped him more times than anyone can even count. Now he's gonna do the same for us.

Lola: Cool!

Lily: That's awesome!

Me: Yep.

We got back home.

---

Later we were getting ready to head into the world of 1991's Beauty and The Beast, one of my all time favorites from my childhood.

Astro Man: Next, we're going to Beast's Castle.

Me: Yep. This is gonna be awesome. We're going to the world of Beauty and The Beast from 1991. It's gonna be awesome to see Prince Adam and Belle again.

Eli: It sure will. And I can't wait to kick Gaston's butt!

Me: Me too. What that guy does is considered evil. He is a Sex Offender.

Lincoln: You got that right.

Vypra, Dark Spicer, Larxene, Vexen, Vanitas, Lord Drakkon, Myotismon and Zs'Skayr then appeared.

Vypra: Can me, Dark, Larxene, Vexen, Vanitas, Drakkon, Myotismon, and Zs'Skayr come with you guys?

Me: You all sure can. We're going to the world of Beauty and the Beast from 1991.

Dark Spicer: That's my favorite! And the dancing in the ballroom is my favorite part.

Me: It sure is. This is gonna be so fun. And we're going to kill Gaston.

Lori: And then Xaldin! (FEROCIOUS GROWLING) I WILL MAKE SURE I LITERALLY KILL THAT MONSTER!

Nico: Easy Lori. Easy. I know the evil Xaldin has done lots of horrible things but just calm down till you face him and then you can unleash your fury on him.

Lori: Right. Sorry.

Me: Lets head in.

We went in and we were in the world of Beauty and The Beast from 1991.

**Narrator** : Once upon a time, in a faraway land, a young prince lived in a shining castle. Although he had everything his heart desired, the prince was spoiled, selfish, and unkind. But then, one winter's night, an old beggar woman came to the castle and offered him a single rose in return for shelter from the bitter cold. Repulsed by her haggard appearance, the prince sneered at the gift and turned the old woman away, but she warned him not to be deceived by appearances, for beauty is found within. And when he dismissed her again, the old woman's ugliness melted away to reveal a beautiful enchantress. The prince tried to apologize, but it was too late, for she had seen that there was no love in his heart, and as punishment, she transformed him into a hideous beast, and placed a powerful spell on the castle, and all who lived there. Ashamed of his monstrous form, the beast concealed himself inside his castle, with a magic mirror as his only window to the outside world. The rose she had offered was truly an enchanted rose, which would bloom until his 21st year. If he could learn to love another, and earn her love in return by the time the last petal fell, then the spell would be broken. If not, he would be doomed to remain a beast for all time. As the years passed, he fell into despair, and lost all hope, for who could ever learn to love a beast?

( *We have seen a progression of stained glass windows illustrating the narration, as well as Beast shredding his portrait. The camera slowly zooms out from the castle and we see the title.* )

---

( *Fade up on the home of Belle. She exits the front door and begins her walk into town.* )

**Belle** : *Little town, it's a quiet village. Every day, like the one before.*

*Little town, full of little people Waking up to say…*

**Townsfolk 1** : Bonjour! **Townsfolk 2** : Bonjour! **Townsfolk 3** : Bonjour! **Townsfolk 4** : Bonjour! **Townsfolk 5** : Bonjour!

**Belle** : *There goes the baker with his tray like always. The same old bread and rolls to sell. Every morning just the same. Since the morning that we came to this poor provincial town.*

**Baker** : Good morning, Belle! ( *Belle jumps over to the bakery* )

**Belle** : Morning, monsieur!

**Baker** : Where are you off to?

**Belle** : The bookshop! I just finished the most wonderful story, about a beanstalk and an ogre and…

**Baker** : ( *Ignoring her* ) That's nice… Marie, the baguettes! Hurry up!

We came up to her.

Me: Hey Belle.

Belle: Hey guys! It's been a long time.

Zarya: It sure has. How have you been?

Belle: Great thank you. I heard you all have been going through some interesting times.

Nico: That's the understatement of the day.

Me: Yeah it's been really crazy for us.

**Townsfolk** : *Look there she goes, that girl is strange no question. Dazed and distracted, can't you tell?*

**Woman 1** : *Never part of any crowd.*

**Barber** : *Cause her head's up on some cloud.*

**Townsfolk** : *No denying she's a funny girl, that Belle!* ( *Belle jumps* *on the back of the wagon and rides through town* )

**Driver** : *Bonjour!*

**Woman 2** : *Good day!*

**Driver** : *How is your family?*

**Woman 3** : *Bonjour!*

**Merchant** : *Good day!*

Me: Bonjour everyone.

**Woman 3** : *How is your wife?*

**Woman 4** : *I need six eggs!*

**Man 1** : *That's too expensive!*

Fluttershy whistled and a chicken came and gave her more than enough eggs.

**Belle** : *There must be more than this provincial life!* ( *Belle enters the bookshop* )

**Bookseller** : Ah, Belle!

**Belle** : Good morning. I've come to return the book I borrowed.

**Bookseller** : ( *Putting the book back on the shelf* ) Finished already?

**Belle** : Oh, I couldn't put it down! Have you got anything new?

**Bookseller** : ( *laughing* ) Not since yesterday.

**Belle** : ( *on ladder of bookshelf* ) That's all right. I'll borrow… this one.

**Bookseller** : That one? But you've read it twice!

**Belle** : Well it's my favorite! ( *Belle swings off side of ladder, rolling* *down it's track* ) Far off places, daring swordfights, magic spells, a prince in disguise!

Me: She sure has good tastes.

Laney: Yeah she does.

Twilight Sparkle: I can tell.

**Bookseller** : ( *handing her the book* ) Well, if you like it all that much, it's yours!

**Belle** : But sir!

**Bookseller** : I insist!

**Belle** : Well thank you. Thank you very much! ( *leaves bookshop* )

Me: That book is one of my favorites too Belle.

Belle: I'm honored that you think so.

Eli: We like all that you read and it's awesome.

**Men** : ( *looking in window, then turning to watch her* ) *Look there she goes That girl is so peculiar! I wonder if she's feeling well!*

**Women** : *With a dreamy far-off look!*

**Men** : *And her nose stuck in a book!*

**All** : *What a puzzle to the rest of us is Belle!* ( *Belle sits on the edge of a fountain, singing to the sheep and the washing woman in the background, who leaves* )

Me: We don't think you're a puzzle at all Belle. You are one of the most kind and amazing girls we know.

**Belle** : Thank you so much J.D.

Me: You're welcome.

Belle: *Oh! Isn't this amazing! It's my favorite part because, you'll* *see! Here's where she meets Prince Charming… But she won't discover that it's him 'til chapter 3!*

**Woman 5** : *Now it's no wonder that her name means 'beauty' Her looks have got no parallel!*

**Merchant** : *But behind that fair facade I'm afraid she's rather odd Very different from the rest of us…*

**All** : *She's nothing like the rest of us. Yes, different from the rest of us is Belle!*

Me: Ah don't listen to them.

( *Geese flying overhead, one is shot and plummets to the ground. Lefou runs over, holds out the bag, and misses catching the prize. He returns to Gaston* )

**Lefou** : Wow! You didn't miss a shot, Gaston! You're the greatest hunter in the whole world!

**Gaston** : I know.

**Lefou** : Huh. No beast alive stands a chance against you… and no girl for that matter!

**Gaston** : It's true, Lefou, and I've got my sights set on that one! ( *pointing to Belle* )

**Lefou** : The inventor's daughter?

**Gaston** : She's the one! The lucky girl I'm going to marry.

**Lefou** : But she's-

**Gaston** : The most beautiful girl in town.

**Lefou** : I know-

**Gaston** : And that makes her the best. And don't I deserve the best?

**Lefou** : Well of course, I mean you do, but I mean…

**Gaston** : *Right from the moment when I met her, saw her. I said she's gorgeous and I fell. Here in town there's only she, who is beautiful as me. So I'm making plans to woo and marry Belle.*

Then Gaston saw us with her!

Gaston: TEAM LOUD PHOENIX STORM! Those monsters will not get in the way of my love!

He came at us.

**Bimbettes** : *Look there he goes, isn't he dreamy? Monsieur Gaston, oh he's so cute! Be still my heart, I'm hardly breathing! He's such a tall, dark, strong and handsome brute!*

( *Belle walks easily through the crowd of people in the town, Gaston struggles to catch up to her* )

**Man 1** : *Bonjour!*

**Gaston** : *Pardon!*

**Man 2** : *Good day!*

**Man 3** : *Mais oui!*

**Woman 1** : *You call this bacon?*

**Woman 2** : *What lovely grapes!*

**Man 4** : *Some cheese!*

**Woman 3** : *Ten yards!*

**Man 5** : *One pound*

**Gaston** : *'Scuse me!*

**Man 6** : *I'll get the knife!*

**Gaston** : *Please let me through!*

**Woman 4** : *This bread!*

**Man 7** : *Those fish!*

**Woman 5** : *It's stale!*

**Man 8** : *They smell!*

**Man 9** : *Madame's mistaken!*

**All** : *Well maybe so…*

**Belle** : *There must be more than this provincial life!*

**Gaston** : *Just watch I'm going to make Belle my wife!*

Me: (To myself) Like hell you will.

( *Townsfolk gather around Gaston, and eventually surround him* )

**All** : *Look there she goes, that girl is strange but special! A most peculiar mademoiselle! It's a pity and a sin. She doesn't quite fit in!*

**Group 1** : *But she really is a funny girl.*

**Group 2** : *A beauty but a funny girl.*

**All** : *She really is a funny girl! That Belle!*

**Gaston** : Hello, Belle.

**Belle** : Bonjour, Gaston.

POW!

I punched Gaston in the face and knocked him down.

Me: When are you gonna get it through your head that Belle will never be with you?

Nico: Yeah! She is not your type!

Eli: Yeah you chauvinistic brute!

CRUNCH!

Eli kicked him in the crotch!

Belle: Thanks guys but I got this.

**Bimbette 1** : What's wrong with her?

**Bimbette 2** : She's crazy!

**Bimbette 3** : He's gorgeous!

Lincoln walked by them: Hello ladies.

Bimbette 1: Ooh!

They were gawking at Lincoln.

**Belle** : Please, Gaston. I can't. I have to get home and help my father.

Me: And family is more important than talking to you.

**LeFou** : Ha ha ha, that crazy old loon, he need all the help he can get! ( *Gaston & Lefou laugh heartily* )

Me: Do us all a favor and shut your fucking traps. Both of you!

**Belle** : Don't you talk about my father that way!

**Gaston** : Yeah, don't talk about her father that way! ( *He conks Lefou on the head.* )

I pulled out my gun and shot LeFou in the leg!

BANG!

He screamed in pain.

**Belle** : My father's not crazy! He's a genius!

Me: Yeah and you two are big dumb Numbskulls!

Nico: (Raspberry)

KABOOM!

( *Explosion in background.)*

Me: WHOA!

*(Gaston & Lefou continue laughing. Belle rushes home and descends into the basement.* )

**Belle** : Papa?

Me: (Coughs) Geez! Something really went off down here.

**Maurice** : How on earth did that happen? Dog gonnit! ( *He pulls the barrel off his waist, along with his pants.* )

**Belle** : Are you all right, Papa?

**Maurice** : I'm about ready to give up on this hunk of junk! ( *kicking machine* )

Me: Maurice are you all right?

Maurice: Yeah I'm fine. Thank you. But I'm about to give up on this piece of junk.

**Belle** : You always say that.

**Maurice** : I mean it, this time. I'll never get this boneheaded contraption to work.

**Belle** : Yes, you will. And you'll win first prize at the fair tomorrow

**Maurice** : Hmmmph!

**Belle** :… and become a world famous inventor!

**Maurice** : You really believe that?

**Belle** : I always have.

Me: We all do.

Eli: Yeah!

**Maurice** : Well, what are we waiting for. I'll have this thing fixed in no time. ( *sliding under machine* ) Hand me that dog-legged clencher there… So, did you have a good time in town today?

**Belle** : I got a new book. Papa, do you think I'm odd?

**Maurice** : My daughter? Odd? ( *Appears from under machine with bizarre goggle contraption on his head distorting his eyes* ) Where would you get an idea like that?

**Belle** : Oh, I don't know. It's just that I'm not sure I fit in here. There's no one I can really talk to.

Me: You still have us.

Belle: True.

**Maurice** : What about that Gaston? He's a handsome fellow!

**Belle** : He's handsome all right, and rude and conceited and… Oh Papa, he's not for me!

Me: Well you'll find someone Belle. There's plenty of fish in the sea.

**Maurice** : Well, don't you worry, cause this invention's gonna be the start of a new life for us. ( *Comes out from under machine* ) I think that's done it. Now, let's give it a try. ( *machine whirs and chops wood, just as it should* )

**Belle** : It works!

**Maurice** : It does? It does!

Me: YEAH IT WORKS!

**Belle** : You did it! You really did it!

**Maurice** : Hitch up Phillipe, girl. I'm off to the fair! ( *Log strikes him in the head, knocking him out. Fade to later in the day* )

**Belle** : Good bye, Papa! Good luck!

**Maurice** : Good bye, Belle, and take care while I'm gone!

Me: Be careful!

---

( *Maurice and Phillipe continue on their journey until they become lost* )

**Maurice** : We should be there by now. Maybe we missed a turn. I guess I should have taken a… wait a minute. ( *Lifts lantern to illuminate sign giving directions to Anaheim and Valencia* ) No. Let's go this way!

( *Phillipe looks right, at a dark, overgrown path, then left towards a more inviting route, then begins to go left* )

**Maurice** : Come on, Phillipe! It's a shortcut. We'll be there in no time!

( *Phillipe and Maurice continue through the dark.* )

**Maurice** : This can't be right. Where have you taken us, Phillipe? We'd better turn around… and… whoa… whoa boy, whoa Phillipe. Oh, oh! Look out!

( *A swarm of bats fly out of a tree. Phillipe runs through the forest avoiding everything until he almost runs over the edge of a cliff* )

**Maurice** : Back up! Back up! Back up! Good boy, good boy. That's good, that's-back up! Steady. Steady! Hey now. Steady. ( *Phillipe finally bucks him off.* ) Phillipe! ( *Phillipe runs away, leaving Maurice on the edge of the cliff.* ) Phillipe? Oh no! ( *He looks up and sees wolves growling at him. Maurice runs away, being chased by the wolves. He stumbles down a hill, and lands at the gate of a castle. He grabs the locked gate and tries to shake it open.* ) Help! Is someone there?

( *The gate opens, and Maurice runs in. He slams the gate in the faces of the wolves. Leaving his hat on the ground as the rain begins to fall, Maurice runs to the castle and bangs on the door. It creaks open and he enters, cautiously.* )

**Maurice** : Hello? Hello?

( *Watching from a table near the entrance are Lumiere and Cogsworth* )

**Lumiere** : ( *Barely whispering* ) Old fellow must have lost his way in the woods.

**Cogsworth** : ( *Also whispering* ) Keep quiet! Maybe he'll go away.

**Maurice** : Is someone there?

**Cogsworth** : Not a word, Lumiere. Not one word!

**Maurice** : I don't mean to intrude, but I've lost my horse and I need a place to stay for the night.

**Lumiere** : ( *looking at Cogsworth like a child having just found a lost puppy* ) Oh Cogsworth, have a heart.

**Cogsworth** : Shush shush shhhhh! ( *Cogsworth puts hand over Lumiere'S mouth, who promptly proceeds to touch his lit candle hand to Cogsworth's hand.* ) Ow ow Ow OW OW OUCH!

**Lumiere** : Of course, monsieur, you are welcome here.

**Maurice** : ( *looking around in confusion* ) Who said that? ( *He picks up the candlestick for light, not realizing that the speaker is in his hand* )

**Lumiere** : ( *Tapping him on the shoulder* ) Over here!

**Maurice** : ( *Spins around, pulling Lumiere to the other side* ) Where?

**Lumiere** : ( *Taps Maurice on the side of the head. Maurice looks at Lumiere.* ) Allo!

**Maurice** : Oh! ( *Startled, he drops Lumiere onto the floor.* ) Incredible!

**Cogsworth** : ( *hopping over* ) Well, now you've done it, Lumiere. Splendid, just peachy-aaarrrgghh! ( *Maurice picks up Cogsworth* )

**Maurice** : How is this accomplished? ( *He fiddles with Cogsworth* )

**Cogsworth** : Put me down! At once! Stop that! ( *giggles* ) Stop that, I say! ( *Maurice tickles the bottoms of Cogsworth's feet. He laughs. He begins to wind the spring on the back of Cogsworth's head, twisting his face around with the clock hands. Maurice opens the front of Cogsworth and begins to play with his pendulum. Cogsworth slams the door shut on his finger.* ) Sir, close that at once, do you mind?!

**Maurice** : I beg your pardon, it's just that I've never seen a clock that… aah… I mean… aah aah aah-chooo! ( *Maurice sneezes in the face of Cogsworth, who proceeds to wipe his face off using his clock hands in a very anachronistic windshield wiper manner. Maurice sniffles, indicating the cold he has caught from being in the rain.* )

**Lumiere** : Oh, you are soaked to the bone, monsieur. Come, warm yourself by the fire.

**Maurice** : Thank you.

( *Lumiere and Maurice head towards the den, with Cogsworth running after them.* )

**Cogsworth** : No, no, no, do you know what the master would do if he finds you here. ( *Beast is watching the action from an overhead walkway, and rushes off as the trio enters the den.* ) I demand that you stop… right… there! ( *Cogsworth tumbles down the steps. Maurice takes a seat in a large chair in front of a roaring fire.* ) Oh no, no. Not the master's chair! ( *The footstool rushes past Cogsworth, barking up a storm.* ) I'm not seeing this, I'm not seeing this!

**Maurice** : ( *As the footstool rushes up to him* ) Well, hello there, boy. ( *Footstool props himself up under the feet of Maurice. Coatrack enters and removes his cloak.* ) What service!

**Cogsworth** : All right, this has gone far enough. I'm in charge here, and- ( *Cogsworth is run over by the (once again) anachronistic IndyCar sounding teacart of Mrs. Potts* )

**Mrs. Potts** : ( *Arriving by the side of Maurice* ) How would you like a nice spot of tea, sir? It'll warm you up in no time. ( *Pours tea into cup (Chip), which hops over into Maurice's open hand* )

**Cogsworth** : ( *from face down position on carpet* ) No! No tea! No tea!

**Chip** : ( *As Maurice sips the tea* ) Ha ha! His moustache tickles, momma!

**Maurice** : ( *startled by the cup* ) Oh! Hello!

( *The door to the den slams open and a strong gust of wind blows into the room, extinguishing Lumiere's flames and the fire in the fireplace. Cogsworth dives for cover. Mrs. Potts begins to shake. Chip jumps back onto the tea cart and takes refuge from behind his mother* )

**Chip** : Uh oh!

( *Beast enters. We see him in full for the first time. He is on all fours. He looks around in the darkness.* )

**Beast** : ( *growling his words* ) There's a stranger here.

**Lumiere** : ( *who has relit his flames* ) Master, allow me to explain. The gentleman was lost in the woods. He was cold and wet, so… ( *Lumiere's last sentence is drowned out by the very loud growl of Beast, which puts out his flames once again. Lumiere looks down, dejected.* )

**Cogsworth** : ( *Coming out from under a rug* ) Master, I'd like to take this moment to say… I was against this from the start. It was all his fault. I tried to stop them, but would they listen to me? No, no… ( *Again, Beast's growl drowns out Cogsworth.* )

( *Maurice looks to one side of the chair, then to the other and sees Beast.* )

**Beast** : Who are you?! What are you doing here?!

**Maurice** : ( *Very scared and backing away from the advancing*

*Beast* ) I… I… I was lost in the woods and… ( *stares at Beast* )

**Beast** : ( *Advancing on him* ) You are not welcome here!

**Maurice** : I… I'm… I'm sorry

**Beast** : What are you staring at?

**Maurice** : ( *Cowering under Beast* ) Noth-noth-nothing! ( *Turns to leave* )

**Beast** : ( *Racing around and blocking the entrance with surprising speed* ) So, you've come to stare at the Beast, have you?

**Maurice** : Please, I meant no harm! I just needed a place to stay…

**Beast** : I'll give you a place to stay!

Maurice: Oh! Please! No, no! ( *Beast picks up Maurice, carries him out of the room and slams the door, plunging the den, along with Cogsworth, Lumiere, Mrs. Potts, and Chip into darkness. Fade out.* )

---

( *Fade in to Belle's cottage, seen from POV of Gaston and Lefou.* )

**Lefou** : Heh! Oh boy! Belle's gonna get the surprise of her life, huh, Gaston?

**Gaston** : Yep. This is her lucky day!

( *Gaston lets go of a branch, which swings back and hits Lefou in the turns to the band, wedding guests and others, apparently just out ofsight of Belle's cottage.* )

**Gaston** : I'd like to thank you all for coming to my wedding. But first, I better go in there and… propose to the girl!

( *The minister, the baker, and the others laugh heartily. Camera pans quickly to show the bimbettes crying their eyes out.* )

**Gaston** : ( *To Lefou* ) Now, you Lefou. When Belle and I come out that door-

**Lefou** : Oh I know, I know! I strike up the band! ( *He turns and begins directing the band in "Here Comes the Bride." Gaston slams a baritone over his head.* )

**Gaston** : Not yet!

**Lefou** : *(From inside the instrument, with his lips sticking out the mouthpiece)* Sorry!

( *Cut to interior of cottage. Belle is sitting in a chair reading her new book. There is a knock at the door. She puts the book down and walks to the door. She reaches up and pulls down a viewing device. She peeks through and sees an anachronistically accurate fish-eye view of Gaston. She moans.* )

Me: Gaston?

Belle: Yeah.

Me: I got this.

Belle opened the door and then…

POW!

*I punched him in the face and it sent him to tumble out the door and into a mud puddle.*

**Gaston** : Whoa!

( *The wedding band begins to play "Here Comes the Bride." and the door is slammed shut. Lefou, who is directing the band, looks down and sees Gaston's legs sticking out of the mud, and Pierre the pig's head sticking up. Lefou cuts off the band, and Gaston's head pops up and he had a nasty black eye, with the pig on top of him. He tilts his head, and the pig slides down his back.* )

Lefou: So, how'd it go?

**Gaston** : ( *Picks up Lefou by the neck* ) I'll have Belle for my wife, make no mistake about that! ( *Gaston drops Lefou into the mud.* )

**Lefou** : ( *To Pierre* ) Touchy!

**Pierre** : Grunt Grunt.

( *Gaston storms off, muddy and furious, and the focus returns to the cottage. Belle pokes her head out the door.* )

**Belle** : ( *To the chickens* ) Is he gone?

They nodded.

Me: Yeah he's gone.

Belle: Can you imagine? He asked me to marry him!

Nico: Don't worry Belle. We're not going to let him touch you.

Belle: Thanks guys. Me, the wife of that boorish, brainless… *Madame Gaston, can't you just see it? Madame Gaston, his little wife. No, sir! Not me, I guarantee it. I want much more than this provincial life…* ( *she walks into the pen and feeds the animals, then runs off singing into an open field overlooking a beautiful valley* ) *I want adventure in the great wide somewhere, I want it more than I can tell. And for once it might be grand… To have someone understand… I want so much more than they've got planned…*

Me: I know Belle. But we'll find someone for you. I'm no matchmaker but we'll find you someone.

( *Phillipe runs into the open field. Belle looks at him, disturbed that Maurice is not with him.* )

**Belle** : Phillipe!

Me: Phillipe!?

Belle: What are you doing here? Where's…? Where's Papa? Where is he, Phillipe? What happened? Oh, we have to find him, you have to take me to him!

( *Belle unhitches the wagon from Phillipe.)*

*Me: We'll all go with you Belle.*

*Cut to us walking down the forest.*

Me: This forest is scary.

Nico: Yeah. It's so ominous and sends shivers down your spine.

Lincoln: Yeah.

We heard wolf howls.

Me: Wolves are here.

Laney: Wow.

Then we saw a wolf pack.

Me: Wolf pack!

Zarya: I'll tame them.

Snake Man: You sure you want to tame those wolves, Zarya? I can always eat them.

Zarya: I do. The Wolf is my power in the Mysticons and I can be their friend.

Zarya went up to the wolves and tamed them and made them her friends and partners and they became our friends as well.

Nico: Wow. That is so cool.

Me: It sure is.

*(How Phillipe brought Belle there is a mystery, seeing as Phillipe never made it to the castle with Maurice.)*

We arrived at the castle and Zarya's new wolf friends were with her.

**Belle** : What is this place?

Me: Oh man. This is Prince Adam's castle.

Lasher: Beast's castle looks dark as ever.

Zarya: It sure does. Even when it's cursed, it still shows a horrifying image.

Belle: I know. But the Beast is a prince that is misunderstood.

Girl Jordan: I remember. But his castle will always be beautiful in the eyes of many.

Laney: It sure will.

Nico: Yeah.

( *Phillipe snorts, then begins to buck as if something is scaring him. Belle dismounts and comforts him.* )

**Belle** : Phillipe, please, steady. ( *She enters the gate and sees Maurice's hat on the ground.* ) Papa.

Me: He's here. Lets go.

( *Cut to interior of castle with Cogsworth and Lumiere discussing events.* )

**Cogsworth** : Couldn't keep quiet, could we? Just had to invite him to stay, didn't we? Serve him tea, sit in the master's chair, pet the pooch.

**Lumiere** : I was trying to be hospitable.

( *Cut back to door opening and Belle entering castle.* )

**Belle** : Hello? Is anyone here? Hello? Papa? Papa, are you here?

Me: Hello? Anyone home?

Eli: Hello?

( *We follow as Belle ascends the grand staircase and searches for her father. Cut to kitchen where Mrs. Potts is standing next to a tub of hot water. Chip hops in.* )

**Chip** : Momma. There's a girl in the castle!

**Mrs. Potts** : Now, Chip, I won't have you making up such wild stories.

**Chip** : But really, momma, I saw her.

**Mrs. Potts** : ( *Disgusted* ) Not another word. Into the tub. ( *She lifts Chip into the tub. Featherduster enters* )

**Featherduster** : A girl! I saw a girl in the castle!

**Chip** : ( *poking his head out from the water* ) See, I told ya!

( *Cut back to Lumiere and Cogsworth bickering* )

**Cogsworth** : Irresponsible, devil-may-care, waxy eared, slack-jawed-

**Belle** : Papa?

( *Cogsworth and Lumiere turn to look at the new arrival* )

**Lumiere** : Did you see that? ( *Running to the door and poking his head around the corner with Cogsworth* ) It's a girl!

**Cogsworth** : I know it's a girl.

**Lumiere** : And Team Loud Phoenix Storm is with her! Don't you see? She's the one. The girl we have been waiting for. She has come to break the spell! ( *He chases after her.* )

**Cogsworth** : Wait a minute, wait a minute!

( *Belle advances down a narrow hallway. Cogsworth and Lumiere sneak up behind her and open the door that leads to the tower where Maurice is being kept. The door creaks open and Belle hears the sound* )

Me: This place gives me the creeps.

Brittney: It's still a beautiful castle.

We followed Belle.

**Belle** : Papa? Papa? ( *Cogsworth hides behind the door and Lumiere rushes off.* ) Hello? Is someone here? Wait! I'm looking for my father! ( *She begins up the stairs, but doesn't realize that Lumiere is watching her.* ) That's funny, I'm sure there was someone… I-I-Is there anyone here?

( *Maurice's voice echoes from his cell* )

**Maurice** : Belle?

Me: Maurice?

**Belle** : Papa! ( *Rushes up to the cell to find him* )

**Maurice** : How did you find me?

**Belle** : Oh, your hands are like ice. We have to get you out of here.

Me: Yeah.

**Maurice** : Belle, I want you to leave this place.

**Belle** : Who's done this to you?

**Maurice** : No time to explain. You must go… now!

**Belle** : I won't leave you!

( *Suddenly, Beast grabs Belle's shoulder and whips her around. She drops the torch she was carrying into a puddle and the room is dark except for one beam of light from a skylight.* )

**Beast** : What are you doing here?

**Maurice** : Run, Belle!

We hid.

**Belle** : Who's there? Who are you?

**Beast** : The master of this castle.

**Belle** : I've come for my father. Please let him out! Can't you see he's sick?

**Beast** : Then he shouldn't have trespassed here.

**Belle** : But he could die. Please, I'll do anything!

**Beast** : There's nothing you can do. He's my prisoner.

**Belle** : Oh, there must be some way I can… wait! ( *pause* ) Take me, instead!

**Beast** : You! You would take his place?

**Maurice** : Belle, no! You don't know what you're doing!

**Belle** : If I did, would you let him go?

**Beast** : Yes, but you must promise to stay here forever.

( *Belle ponders the situation and realizes she can't see the captor* )

**Belle** : Come into the light.

( *Beast drags his legs, then his whole body into the beam of light. Belle looks, her eyes growing wider until she can stand no more and falls back to Maurice.* )

Me: Prince Adam? Is that you?

We went up to him.

Beast: J.D., Everyone!

Eli: It's good to see you again.

Maurice: How do you know him?

Me: It's all right Maurice. He's a friend. We'll tell you all about it later. By the way Prince Adam, did you see anything unusual here like a man wearing a black outfit?

Beast: Yes I did.

Eli: Oh no.

Beast: Look, guys. Despite the fact that I'm stuck in this form right now, it really is good to see you guys.

Myotismon: Relax, Adam. I'm a vampire Digimon. So, I'm not one to judge.

Me: But it's great to see you again as well Adam. But I'm afraid we have big problems. Xaldin is back.

Beast gasped.

Me: Yeah. This is an evil version of him and not the one of the Masters of Evil that we know.

I went over his history.

---

**Xaldin**, also known as the **Whirlwind Lancer**, is the third member of Organization XIII and a major antagonist in the *Kingdom Hearts* series. He is a silver-tongued Nobody who controls the wind. He wields six lances named **Lindworm** and uses his powers over wind to manipulate all six at once, for both offensive and defensive purpose.

Xaldin's lances can transform into a dragon-shaped contraption to attack opponents with whirlwinds. He controls the lance-wielding Dragoon Nobodies.

He is the main antagonist of the Beast's Castle arcs in *Kingdom Hearts II* and a minor ally and playable character in *358/2 Days* .

He was voiced by David Dayan Fisher in the English dubbed version who also portrayed Shaw in *National Treasure*, and Yōsuke Akimoto in the Japanese version.

Xaldin was once **Dilan**, a castle guard working under Ansem the Wise, benign lord of the Radiant Garden kingdom, who met Ventus and later took Aqua's armor and Keyblade into the castle. Becoming a Nobody to be free of feelings, Xaldin understood the setbacks of lacking a heart, but kept a clear disdain towards people who follow their hearts, especially towards the Beast.

Xaldin secretly begins his attempt to manipulate the Beast's rage to create a powerful Nobody and Heartless. He then kidnaps Belle, forcing the Beast to choose whether Belle or the rose is more important to him. The plan fails when Belle gets away with the rose and Xaldin falls against Sora and the Beast, fading into nothingness.

However, in *Dream Drop Distance*, it's revealed that he was revived as Dilan along with Even, Aeleus, Ienzo and Lea.

---

Everyone gasped.

Lori: (GROWLS FEROCIOUSLY)

Beast: What's wrong with Lori?

Me: We faced Xaldin 3 years ago the first time and she is so pissed off about Xaldin trying to destroy your relationship with Belle. She has a huge personal vendetta against him.

Nico: Yeah. It's true. Lori HATES Xaldin more than life itself.

Zarya: It's not pretty.

Me: Yeah.

Beast: I see. I'll show you to your room.

( *Beast leads Belle and us to her room. As we proceed, Belle begins to lag behind. She looks at the hideous sculptures on the walls and the light casting shadows on them. Frightened, she gasps and runs to catch up with Beast.*

Twilight Sparkle: Prince Adam what happened here that caused this castle to become like this?

Beast: It's a really nasty story.

Me: It's a curse that was put on the castle.

Laney: Yeah.

Me: We'll do everything we can to help you Prince Adam.

Beast: Thank you.

( *Beast continues, and Belle reluctantly follows. Cut to int. of Belle's room, dark. The door opens and light spills in.* )

**Beast** : ( *Tenderly* ) Now, if you need anything, my servants will attend you.

We went in.

Me: Thank you Prince Adam.

We went in and he closed the door.

( *There is a 'clink clink clink' at the door. She gets up and walks over to open the door. Mrs. Potts enters with Chip and their entourage.* )

**Belle** : Who is it?

**Mrs. Potts** : ( *from outside the door* ) Mrs. Potts, dear. ( *Door opens.* ) I thought you might like a spot of tea.

**Belle** : ( *amazed at the fact that she is listening to a walking tea set* ) But you're… You're a… ( *bumps into the wardrobe* )

**Wardrobe** : Ooh! Careful!

**Belle** : ( *sits on bed* ) This is impossible-

**Wardrobe** : ( *leans 'shoulder' on bed, popping other end and Belle into the air* ) I know it is, but here we are!

Me: It's part of the curse that the Beast is on. Not only did the Prince get cursed. But so did all the people who live here. They got turned into objects.

Nico: Yeah.

Me: Mrs. Potts it's a pleasure to meet you.

Mrs. Potts: And it's an honor to meet the famous Team Loud Phoenix Storm.

Chip: Same here. You guys are my heroes.

Me: We're honored.

**Chip** : ( *as sugar and cream are being poured into him* ) I told you she was pretty, Mama, didn't I?

**Mrs. Potts** : All right, now, Chip. That'll do. ( *Chip hops over to Belle, who is sitting on the floor* ) Slowly, now. Don't spill!

**Belle** : Thank you. ( *She picks up Chip, and is about to take a sip of tea.* )

**Chip** : ( *To Belle* ) Wanna see me do a trick? ( *Chip takes a big breath, then puffs out his cheeks and blows bubbles out the top of the cup.* )

**Mrs. Potts** : ( *admonishingly* ) Chip!

**Chip** : ( *looking guilty* ) Oops. Sorry.

Me: That's funny.

Eli: It sure was. But Belle here's how the spell went down here.

Belle: How did it happen?

Eli went over what happened at the castle.

* * *

The Enchantress is the one who placed the spell on the Prince, the castle, and everyone inside the castle for the Prince's cruel ways. She is cunning, taking on the disguise of an old, helpless woman seeking shelter to test the Prince's heart. Her morality, however, is up for debate, particularly because of the debate over the Beast's age when he was cursed, and how she cursed everyone in the castle rather than just the guilty party (such as Chip Potts, who was undebatably a child at the time), as well as being implied to have cursed the forest surrounding the castle making it dark and infested by wolves and bats so only few would dare to enter.

---

Belle gasped.

Me: Yeah. This whole castle and the area around it as well as Prince Adam and the people here are all cursed. Prince Adam is now a beast and all the people that live here have been turned into objects.

Belle: There has to be something we can do.

**Mrs. Potts** : ( *To Belle* ) That was a very brave thing you did, my dear.

**Wardrobe** : We all think so.

Me: Yeah. And your father is staying in a better room than the dungeon.

Lola: That's right.

Me: Also you still have us with you.

**Mrs. Potts** : That's right. Cheer up, child. It'll turn out all right in the end. You'll see. ( *She looks up, startled.* ) Ooh, listen to me… jabbering on while there's a supper to get on the table. Chip!

**Chip** : ( *hopping away* ) Bye!

( *Belle stands and the wardrobe approaches her.* )

Me: I bet you are hungry Belle?

Belle: I suppose I am.

Me: Lets go.

*(Door creaks open. Belle and us silently emerges. We see our feet go by as three bright spots shine through a curtain at floor level.*

*Behind it are Lumiere and the featherduster.* )

**Featherduster** : Oh, no!

**Lumiere** : Oh, yes!

**Featherduster** : Oh, no!

**Lumiere** : Oh, yes, yes, yes!

**Featherduster** : I've been burnt by you before!

( *Lumiere and the featherduster have emerged and he takes her in his arms. Suddenly he looks up and sees Belle walking down the hall. He drops the featherduster.* )

**Featherduster** : Oof!

**Lumiere** : Zut alors! She has emerged!

( *Cut to kitchen, where we find Cogsworth, Mrs. Potts, Chip and the stove.* )

**Mrs. Potts** : Come on, Chip. Into the cupboard with your brothers and sisters. ( *helping him in* )

**Chip** : ( *yawning* ) But I'm not sleepy.

**Mrs. Potts** : Yes, you are.

**Chip** : No, I'm… not. ( *He falls asleep and Mrs. Potts shuts the cupboard door.* )

( *A banging of pots and pans comes from the stove.* )

**Stove** : I work and I slave all day, and for what? A culinary masterpiece gone to waste.

**Mrs. Potts** : Oh, stop your grousing. It's been a long night for all of us.

**Cogsworth** : Well, if you ask me, she was just being stubborn. After all, he did say 'please.'

**Mrs. Potts** : But if the master doesn't learn to control that temper, he'll never break the-

( *Belle and us enter, and Cogsworth cuts off Mrs. Potts before she can say 'spell.'* )

**Cogsworth** : ( *interrupting* ) Splendid to see you out and about, mademoiselle and friends.

Me: Hello Cogsworth.

Eli: Good to see you again.

Cogsworth: Same to you Eli.

Me: We came to help you all. Also we're really hungry.

( *Lumiere came running in.* )

Cogsworth: I am Cogsworth, head of the household. ( *He leans over to kiss Belle's hand, but Lumiere butts in front of him.* ) This is Lumiere.

**Lumiere** : En chante, cherie.

Eli: Bonjour Lumiere.

Lumiere: Ah Eli it's good to see you again.

Lincoln: It's an honor to meet you.

**Cogsworth** : ( *trying to talk around Lumiere who is still kissing Belle's hand* ) If there's… stop that… anything that we… please ( *finally shoving him out of the way* )… can do to make your stay more comfortable. ( *Lumiere burns the hand of Cogsworth* ) Ow!

**Belle** : I am a little hungry.

Me: We're all very hungry.

**Mrs. Potts** : ( *excited, to the other tea pots* ) You are? Hear that? She's hungry. Stoke the fire, break out the silver, wake the china.

( *The fire on the stove roars to life, and drawers open to reveal silverware standing at attention.* )

**Cogsworth** : ( *secretively* ) Remember what the master said.

**Mrs. Potts** : Oh, pish tosh. I'm not going to let the poor child and our friends go hungry.

**Cogsworth** : ( *thinking he is giving in to the ultimate demand* ) Oh, all right. Glass of water, crust of bread, and then-

**Lumiere** : Cogsworth, I am surprised at you. She's not our prisoner. She's our guest! We must make her feel welcome here. ( *to Belle* ) Right this way, mademoiselle and friends.

**Cogsworth** : Well keep it down. If the master finds out about this, it will be our necks!

Beast came.

Beast: It's all right Cogsworth. They are friends.

**Lumiere** : Of course, of course. But what is dinner without a little music?

( *Lumiere has started out the swinging door. He lets it close, and the door hits Cogsworth and sends him across the room to land in a pan filled with (what looks like) pancake batter. He screams his line as he is in flight.* )

**Cogsworth** : MUSIC?!

( *Cut to dining room, where Belle is seated at the end of a long table. Lumiere is on the table and a spotlight shines on him.* )

**Lumiere** : Ma chere, mademoiselle. It is with deepest pleasure and greatest pride that I welcome you tonight. And now, we invite you to relax. Let us pull up a chair for you all as the dining room proudly presents… your dinner. *Be… our… guest, be our guest, put our service to the test, tie your napkin 'round your neck, cherie and we provide the rest!*

( *The chair has wrapped a napkin around Belle's neck, who takes it off and places it on her lap. The chair's arms put it's hands on it's 'waist' as if it were mad.* )

**Lumiere** : *Soup du jour, hot hors d'oeuvres! Why we only live to serve! Try the grey stuff, it's delicious! Don't believe me? Ask the dishes!*

( *Lumiere offers Belle a plate of hors d'oeuvres. She dips her finger in one, and tastes it.* We taste them.)

**Lumiere** : *They can sing, they can dance! After all, miss, this is France! And a dinner here is never second best! Go on unfold your menu, take a glance and then you'll be our guest, oui, our guest, be our guest!*

( *A cabinet at the end of the table opens to reveal a large china collection, which rolls out and begins to perform. Lumiere hands Belle a menu, which she begins to read.* )

**Lumiere** : *Beef ragout, cheese souffle, pie and pudding en flambe! We'll prepare and serve with flair a culinary cabaret!*

( *Plates of food go dancing by, with Cogsworth in the pudding. Lumiere sets his torch to it, and it explodes, turning Cogsworth's face black with soot.* )

**Lumiere** : *You're alone and you're scared, but the banquet's all prepared! No one's gloomy or complaining, while the fatwares entertaining!*

( *The flatware enters a 'Busby Berlkley-esque' swimming scene.* )

**Lumiere** : *We tell jokes, I do tricks with my fellow candlesticks…* ( *standing on a plate, is elevated and begins to juggle his candles.* )

**Mugs** : ( *entering the shot* ) *"Und" it's all in perfect taste that you can bet!* ( *They begin a gymnastics routine, hopping over one another and passing a beverage from one to the next* )

**All** : *Come on and lift your glass, you've won your own free pass to be our guest!*

**Lumiere** : If you're stressed, it's fine dining we suggest!

**All** : *Be our guest, be our guest, be our guest!* ( *They leave except Cogsworth, who looks scared, then begins to inch away.* )

**Lumiere** : *Life is so unnerving, for a servant who's not serving!* ( *enters and holds him there.* ) *He's not whole without a soul to wait upon…*

**Cogsworth** : Get off! ( *blows out the candles.* )

**Lumiere** : *Ah, those good old days when we were useful. Suddenly, those good old days are gone.* ( *Lumiere sings as if he were reminiscing. Snow begins to fall. Cogsworth looks up and sees the salt and pepper shakers doing their thing.* ) *Ten years we've been rusting, needing so much more than dusting, needing exercise, a chance to use our skills!* ( *Lumiere dusts the salt of the head of Cogsworth, who tries to escape. He trips and falls into the gelatin mold.* ) *Most days just lay around the castle, flabby fat and lazy, you walked in, and oops-a-daisie!* ( *Lumiere jumps on a spoon in the gelatin, which catapults Cogsworth out of the mold.* )

( *Cut to kitchen, where Mrs. Potts is surrounded by soap bubbles.* )

**Mrs. Potts** : *It's a guest, it's a guest! Sakes alive, well I'll be blessed! Wine's been poured and thank the Lord, I've had the napkins freshly pressed!* ( *continues to dance around the kitchen* ) *With dessert, she'll want tea, and my dear, that's fine with me! While the cups do their soft shoeing, I'll be bubbling, I'll be brewing! I'll get warm, piping hot- Heaven's sake, is that a spot? Clean it up, we want the company impressed! We've got a lot to do- Is it one lump or two? For you our guest!* ( *Mrs. Potts is cleaned off by a napkin. She hops onto the tea cart and rolls into the dining room, where she offers tea to Belle.* )

**All** : *They're our guests!*

**Mrs. Potts** : *They're our guest!*

**All** : *They're our guests! Be our guest! Be our guest! Our command is your request! It's ten years since we had anybody here, and we're* *obsessed! With your meal, with your ease, yes indeed, we aim to please! While the candlelight's still glowing, let us help you we'll keep going-*

( *The china and candlesticks perform an elaborately choreographed dance sequence, ending in a c.u. of Lumiere.* )

**All (with Lumiere)** : *Course… by… course, one by one, 'til you shout "Enough, I'm done!" Then we'll sing you off to sleep as you digest! Tonight you'll prop your feet up, but for let's eat up! Be our guest! Be our guest! Be our guest! Please Be our gueeeeeeeeeeeeest!*

( *A fantastic ending comes of the song, with silverware flying through the air, plates and featherdusters dancing, and Cogsworth the focus of attention, until Lumiere comes sliding in and sends him flying out of camera range.* )

We cheered wildly.

Me: That was awesome!

Eli: I always love that song!

Nico: Me too!

Beast: A great song.

**Belle** : Bravo! That was wonderful!

**Cogsworth** : Thank you, thank you, mademoiselle. Yes, good show, wasn't it?

Eli: It was great Cogsworth. Just like I remember.

Nunnally: It sure was fun.

Nico: Yeah it was.

Zarya: Yeah!

Cogsworth: ( *Looking at his own face* ) Oh, my goodness, look at the time. Now, it's off to bed, off to bed!

( *Lumiere comes up next to Cogsworth.* )

**Belle** : Oh, I couldn't possibly go to bed now. It's my first time in an enchanted castle.

Me: Ours too.

**Cogsworth** : Enchanted? Who said anything about the castle being enchanted? ( *He tries to cover it up, just as a fork runs past. To Lumiere* ) It was you, wasn't it!?

**Belle** : I… figured it out for myself.

Me: Because we all figured it out and we told her.

Belle: (Cogsworth and Lumiere have been fighting. They both look at her, then stop. Cogsworth dusts himself off, and Lumiere fixes his wax nose.) I'd like to look around, if that's all right.

**Lumiere** : ( *excited* ) Oh! Would you like a tour?

Me: We sure would.

Maurice: I would love to see more of this castle.

**Cogsworth** : Wait a second, wait a second. I'm not sure that's such a good idea. ( *Confidentially, to Lumiere* ) We can't let her go poking around in certain places, if you know what I mean.

**Belle** : ( *Poking Cogsworth in the belly (like the Pillsbury doughboy)* ) Perhaps you could take me. I'm sure you know everything there is to know about the castle.

**Cogsworth** : ( *flattered* ) Well, actually, ah yes, I do!

( *Fade to Cogsworth, Lumiere, and Belle walking down a hall with the footstool. Cogsworth is lecturing.* )

**Cogsworth** : As you can see, the pseudo facade was stripped away to reveal a minimalist rococo design. Note the unusual inverted vaulted ceilings. This is yet another example of the neo-classic baroque period, and as I always say, if it's not baroque, don't fix it! Ha ha ha. Now then, where was I? ( *He turns to find the heads of the suits of armor have turned to follow Belle.* ) As you were! ( *They all snap back to face forward.* ) Now, if I may draw your attention to the flying buttresses above the-uh, mademoiselle?

( *Cogsworth turns back to the group and is one girl short. He sees her beginning to climb the grand staircase. He and Lumiere run up to her and jump in front of her, blocking her progress upstairs.* )

**Belle** : What's up there?

Me: That must be the West Wing.

**Cogsworth** : Where? There? Oh, nothing. Absolutely nothing of interest at all in the West Wing. Dusty, dull, very boring.

( *Lumiere has been shaking his head, but Cogsworth nudges him and he nods in agreement.* )

**Belle** : Ah, so that's the West Wing.

**Lumiere** : ( *To Cogsworth* ) Nice going!

**Belle** : I wonder what he's hiding up there.

Me: It's part of why this Castle and everything and everyone in it is Cursed.

Vanitas: Let's go down to the Dungeon and see if we can kill any Heartless there.

Me: Okay.

Belle: That's a good idea.

We went down to the dungeons and 45 minutes later we came back.

Me: That's that.

We had auras like fire.

Zarya: Yeah.

The wolves nuzzled Zarya.

Nico: Cool.

Beast: Guys I need to show you all something.

Belle: What is it?

He took us to the West Wing and we went into Beast's room and he showed us the Rose. Belle's excitement begins to dwindle, though, when she enters the hallway leading to Beast's lair. As she walks down the hall, she stops to look in a mirror that has been shattered into several pieces, each one reflecting her concerned look.

Me: Whoa. These mirrors are all broken.

Belle: Yeah.

She reaches the end of the hall and finds a closed door with gargoyle handles.

Lucy Loud: Now that's my kind of door handle.

Belle takes a deep breath, then reaches out and opens the door. We went inside and we begin to explore. We are truly shocked by everything we see.

Me: What a mess.

Nico: No kidding.

Eli: Yeah.

We wanders around, looking, and Belle knocks over a table, but she catches it before it crashes to the floor. She then turns her head and sees a shredded picture on the wall. We can only see part of a portrait. It is the same portrait that was shredded in the opening. Belle reaches out and lifts the shreds of the picture to reveal the prince.

Me: Is this your room Prince Adam?

Beast: Yes. Yes it is.

Me: Oh man.

We look at the portrait and we saw that it was a picture of Prince Adam before he turned into the Beast. But then we saw a pink light and then we turned our heads and saw the rose under the bell jar. She walks over to it, her eyes transfixed. We went to the rose.

Laney: Is that the rose?

Beast: Yes. It's linked to the spell that I'm under. The rose has been in bloom for over 10 years and it's now starting to wilt.

I saw that 4 petals have fallen.

Me: 4 petals have fallen.

Beast: Yes. I have to learn how to love another and earn Belle's love in return by the time the last of the petals falls.

Me: That's why you're cursed to be like this.

Beast: Yes. But if I can't do it then I'm gonna be like this forever.

Me: The rose is like a timer. Looks like we only have a few days left from the looks of it.

Zarya: Then we got to hurry.

Lola: And fast.

Eli: Yeah

Brittney: Lets see here.

She pulled out a book on Supernatural Curses and Enchanted Artifacts.

Brittney scrolled through the pages and she found something really interesting.

Brittney: Here it is. "The Curse of The Cruelty Beast."

Belle: What's that one about?

Brittney: It is a curse that turns someone whose heart is as black as night into a beast.

Beast: Exactly like me.

Belle: Is there any way to undo the curse?

Brittney: Yes but there's a huge catch. The person afflicted with this curse has to learn how to love another by the time a magical flower loses all its petals or they will be a beast permanently.

We gasped!

Eli: That's terrible!

Lincoln: No kidding.

Laney: How much time do you think we have on the rose?

Brittney: From the looks of things, I would have to say only about a week. Maybe a month. Less than a year max.

Nico: Oh man.

Then we felt an energy signal and we turned and we saw a Heartless! It was THE THRESHOLDER!

Harley Quinn: Aw, crap! It's a Thresholder!

Zarya fired energy blasts and destroyed the Thresholder.

Zarya: It WAS a Thresholder.

Nico: That's it for that Heartless.

Me: Yep.

We got a massive power boost from him.

Vexen saw Nico writing something.

Vexen: What are you doing, Nico?

Nico: I'm writing a threat to Gaston. I'm gonna have Hawkeye shoot it at his front door as soon as I'm done.

Vexen: Ooh clever. Hopefully his arrow will reach it.

Nico: It will.

Nico rolled the message up.

Nico: It's ready.

Me: Don't worry Prince Adam, we'll gladly help you out. Team Loud Phoenix Storm never abandon's anyone.

Beast: Thank you.

Fade to Gaston's tavern, which is empty except for Gaston, Lefou and Monsieur D'arque, who are all sitting at a table.)

D'arque: I don't usually leave the asylum in the middle of the night, but they said you'd make it worth my while. (Gaston pulls out a sack of gold and tosses it in front of him. He takes out a piece, scrapes it on his chin and continues.) Aah, I'm listening.

Gaston: It's like this. I've got my heart set on marrying Belle, but she needs a little persuasion.

Lefou: (butting in) Turned him down flat!

Gaston: (slams a beer mug on Lefou's head.) Everyone knows her father's a lunatic. He was in here tonight raving about a beast in a castle…

D'arque: Maurice is harmless.

Gaston: The point is, Belle would do anything to keep him from being locked up.

Lefou: Yeah, even marry him!

(Gaston gives him another threatening look, and he ducks back under the mug.)

D'arque: So you want me to throw her father in the asylum unless she agrees to marry you? (They both nod in agreement.) Oh, that is despicable. I love it!

Suddenly an arrow fired through the window and Gaston just avoided an arrow as it hit the wall near him. On the arrow was a piece of paper. He took the paper, unfolded it, and read it.

Gaston (reads paper): "Hey, Gaston. This is Nico Chan. I'm a friend of your wife, Belle. Oh wait. She's not your wife. YOU'RE TRYING TO FORCE HER TO MARRY YOU! I guess that makes you a sex offender, huh? Don't worry. I won't tell anyone of that. At least, I won't if you give me all the money you have in 24 hours. It's been nice talking to you. P.S. You're not as cool as you say you are!" (to Shadow Stalker) Shadow Stalker, when the time comes, you have your target.

The Shadow Stalker agreed and disappeared.

Lefou: What are you gonna do!?

Gaston: I won't be intimidated. D'arque, my plan will still go on.

( *Fade to ext of castle. Belle is playing in the snow with Phillipe and the footstool. Beast, Cogsworth and Lumiere watch from the balcony.* )

**Beast** : I've never felt this way about anyone. ( *Looks excited* ) I want to do something for her. ( *Looks discouraged.* ) But what?

**Cogsworth** : Well, there's the usual things-flowers, chocolates, promises you don't intend to keep…

**Lumiere** : Ahh, no no. It has to be something very special. Something that sparks her interest… Wait a minute.

Me: She likes reading books.

Beast: That's perfect.

( *Cut to the hallway leading to library. Beast and Belle are alone.* )

**Beast** : Belle, there's something I want to show you. ( *Begins to open the door, then stops.* ) But first, you have to close your eyes. ( *She looks at him questioningly.* ) It's a surprise.

( *Belle closes her eyes, and Beast waves his hand in front of her. Then he opens the door. He leads her in.* )

**Belle** : ( *Just as she enters the room* ) Can I open them?

**Beast** : No, no. Not yet. Wait here. ( *He walks away to draw back the curtains. He does, and brilliant sunlight spills into the room.* )

**Belle** : ( *flinches reflexively as the light hits her face.* ) Now can I open them?

**Beast** : All right. Now.

**Belle** : ( *opens her eyes and the camera pulls back to reveal the gigantic library filled with books.* ) I can't believe it. I've never seen so many books in all my life!

Me: Wow! What a library.

**Beast** : You-you like it?

**Belle** : It's wonderful.

**Beast** : Then it's yours.

**Belle** : Oh, thank you so much.

( *Cut to Belle and Beast in bkgd, with objects including Chip in foreground watching them.* )

**Mrs. Potts** : Oh, would you look at that?

**Lumiere** : Ha ha! I knew it would work.

**Chip** : What? What works?

**Cogsworth** : It's very encouraging.

**Featherduster** : Isn't this exciting!

**Chip** : I didn't see anything.

**Mrs. Potts** : Come along, Chip. There's chores to be done in the kitchen.

**Chip** : But what are they talking about? What's going on? C'mon, Mom!

( *The objects walk away. Fade to breakfast table with Belle at one end and Beast at the other, with Mrs. Potts between them. Belle is served breakfast, and as she begins to eat, she looks at Beast, gobbling up his food with no table manners whatsoever. Chip laughs, but Mrs. Potts shoots him an admonishing look. Belle turns away and tries to ignore it, but Chip comes to the rescue. He nudges the spoon with his nose, and Beast reaches out for it (very 3-D-ishly). Belle looks at him in wonder as he tries to eat with the spoon, but he has little success. Finally, Belle puts down her spoon and lifts her bowl as if in a toast. Beast looks at the compromise and does the same. They both begin to sip their breakfast out of their bowls. Fade to courtyard where Belle and Beast are feeding the birds.* )

**Belle** : *There's something sweet, and almost kind, but he was mean, and he was coarse and unrefined. And now he's dear, And so unsure, I wonder why I didn't see it there before.*

( *Belle is trying to attract some birds to Beast who shoves a handful of seed at them. Finally, she takes a handful and gently spreads it out, creating a trail. One lands in his hands, and he looks up thrilled.* )

**Beast** : *She glanced this way, I thought I saw, and when we touched, she didn't shudder at my paw. No it can't be, I'll just ignore, but then she's never looked at me that way before.*

( *Belle has ducked around a tree, leaving Beast with the birds. She begins to look doubtful again, but turns her head around the tree and laughs. Beast is covered with birds.* )

**Belle** : *New, and a bit alarming. Who'd have ever thought that this* *could be? True, that he's no Prince Charming. But there's something in him that I simply didn't see.*

SPLAT!

Me: OH! (Laughs) She nailed him good.

Nico: Nice shot!

( *Belle throws a snowball at Beast, who had looked at her proudly after the birds flew away. He begins to gather a large pile of snow. We cut to the objects, looking out of a window at the two. In the background, Belle throws another snowball at Beast, who drops his huge pile of snow on his head. He chases her around a tree, but she ducks around the other side and sneaks up on him from behind.* )

**Lumiere** : *Well who'd have thought?*

**Mrs. Potts** : *Well bless my soul.*

**Cogsworth** : *And who'd have known?*

**Mrs. Potts** : *Well who indeed?*

**Lumiere** : *And who'd have guessed they'd come together on their own?*

**Mrs. Potts** : *It's so peculiar*

**All** : *We'll wait and see, a few days more, there may be something there that wasn't there before*

( *Fade to den where Belle sits in front of a roaring fire and reads to Beast. The objects including Chip watch from doorway* )

**Cogsworth** : *You know, perhaps there's something there that wasn't there before.*

**Chip** : What?

**Mrs. Potts** : *There may be something there that wasn't there before.*

**Chip** : What's there, mama?

**Mrs. Potts** : Shhh. I'll tell you when you're older. ( *Lumiere and Fifi closing the*

**Cogsworth:** Right then! You all know why we're here. We have exactly 12 hours, 36 minutes, and 15 seconds to create the most magical, spontaneous, romantic atmosphere known to man or beast. ( *Chuckles weakly* ) "Or beast.." ( *pause* ) Right. Need I remind you that if the last petal falls from this rose, the spell will never be broken! Very well. You all know your assignments. Half of you to the West Wing, half of you to the East Wing, the rest of you, come with me.

**Lumiere** : Hoho, lighten up Cogsworth and let nature take its course.

**Mrs. Potts** : It's obvious there's a spark between them.

**Cogsworth:** Yes yes yes… But there's no harm in fanning the flames. You know, a little. Besides, they must fall in love tonight if we ever expect to be human again.

**Lumiere** : Aaah… human again…

**Mrs. Potts** : Human again…

**Lumiere** : Yes, think what that means…

**Lumiere** : *I'll be cooking again, be good-looking again, with a mademoiselle on each arm. When I'm human again, only human again, poised and polish and gleaming with charm. I'll be courting again, chic and sporting again*

**Mrs. Potts** : *Which should cause several husbands alarm!*

**Lumiere** : Ha, ha! *I'll hop down off this shelf, and tout de suite be myself,*

**Lumiere, Mrs. Potts and Cogsworth** : *I can't wait to be human again*

**Essentials** : *When we're human again, only human again, when* *we're knickknacks and whatnots no more. When we're human again, good and human again*

**Wardrobe** : *Oh, cherie, won't it all be top drawer? I'll wear lipstick and rouge, and I won't be so huge. Why, I'll easily fit through that door! I'll exude savoir faire I'll wear gowns, I'll have hair. It's my prayer to be human again.*

**Mrs. Potts & Cogsworth** : *When we're human again, only human again, when the world once more starts making sense.*

**Cogsworth** : *I'll unwind, for a change.*

**Lumiere** : Really? That'd be strange.

**Cogsworth** : *Can I help it if I'm t-t-tense? In a shack by the sea, I'll sit back, sipping tea. Let my early retirement commence! Far from fools made of wax, I'll get down to brass tacks and re-LAAAAAAX!*

**Chorus** : *When I'm human again! So sweep the dust from the floor. Let's let some light in the room. I can feel, I can tell someone might break the spell any day now! Shine up the brass on the door. Alert the dust pail and broom. If it all goes as planned our time may be at hand any day now*

**Fifi and the maids** : *Open the shutters and let in some air!*

**Mrs. Potts** : *Put these here and put those over there.*

**Chorus** : *Sweep up the years, the sadness and tears and throw them away…*

**Cogsworth** : Ahem…

**Chorus** : *We'll be human again, only human again, when the girl finally sets us all free. Cheeks a-blooming again, we're assuming again, we'll resume our long-lost joie de vivre. We'll be playing again, holidaying again, and we're praying it's ASAP! Little push, little shove, they could "whoosh" fall in love and we'll finally be human again…*

( *Transition to the library* )

**Belle** : "… For there never was a story of more woe than this of Juliet and her Romeo."

**Beast** : Could you read it again?

**Belle** : Well, here. Why don't you read it to me?

**Beast** : Uhhh… Alright. Hmm… Um… I-I can't.

**Belle** : You mean you never learned?

**Beast** : I learned, a little. It's just been so long.

Lola: Hey we can teach you. It took a while for me to start reading so we can help you.

**Belle** : We'll all help you. Let's start… here.

**Beast** : Here. Ok, twoh…?

**Belle** : Two.

**Beast** : Two, I knew that. Two households, both alike in dignity…

**Chorus** : *We'll be dancing again, we'll be twirling again, we'll whirling around with such ease. When we're human again, only human again, we'll go waltzing those old one-two-threes. We'll be floating again, we'll be gliding again, stepping, striding, as fine as you please! Like a real human does, I'll be all that I was. On that glorious morn, when we're finally re-born, and we're all of us human*

**Wardrobe** : *Again!*

( *Cut to interior of Beast's lair. He is in the tub getting washed up for the big night with Belle. Lumiere is there with him.* )

**Lumiere** : Tonight is the night!

**Beast** : ( *hesitantly* ) I'm not sure I can do this.

**Lumiere** : You don't have time to be timid. You must be bold, daring.

**Beast** : Bold. Daring! ( *Beast has emerged from the tub and shakes himself dry.* )

**Lumiere** : There will be music. Romantic candlelight, provided myself, and when the time is right, you confess your love.

**Beast** : ( *Inspired* ) Yes, I con- I-I- No, I can't.

**Lumiere** : You care for the girl, don't you?

**Beast** : More than anything.

**Lumiere** : Well then, you must tell her. ( *The coatrack has been cutting Beast's hair. It finishes and steps back.* ) Voila. You look so… so…

( *Cut to shot of Beast in pig-tails and bows.* )

**Beast** : Stupid.

**Lumiere** : Not quite the word I was looking for. Perhaps a little more off the top.

( *The coatrack begins to cut and chop again. Cogsworth enters.)*

**Cogsworth** : Ahem ahem ahem. Your lady awaits. Hoo hoo hoo.

We were getting ready.

Clawful: This is gonna be a fun dance!

Zarya: It sure is. And I love a good dance.

Lincoln: Me too. And at least we're helping Adam learn.

Nico: Yep.

We were dressed nice and we were ready.

( *Cut to grand staircase, where Belle and all of us descends from the West Wing side in a glittering gold ball gown. She reaches the landing and looks up at Beast, who is standing at the top of the stairs in his dress clothes. He is nudged on by Lumiere from behind* *the curtain, and he descends and meets Belle at the landing. Arm in arm, they descend the last section of stairs and continue on their way to dinner, stopped momentarily by the footstool. Mrs. Potts sings from her cart with Chip on board.* )

**Mrs. Potts** : *Tale as old as time. True as it can be. Barely even friends, then somebody bends unexpectedly. Just a little change. Small to say the least. Both a little scared, neither one prepared, beauty and the beast.*

( *Belle and Beast have moved into the ballroom, where they move through a computer perfect dance sequence. Beast occasionally looks over at Lumiere and Cogsworth for their approval. Mrs. Potts and Chip are in the ballroom on their cart.* )

Then the Dark Signers and Webstor appeared.

Me: The Dark Signers and Webstor.

Kalin: Hey, guys!

Maria: The 8 of you are very early.

Roman: Well, Carly and Misty heard about this dance, they begged us if we could go to it.

Carly: Can you blame us? I really want to dance with Jack!

Misty Tredwell: (to me) And I really want to dance with you. It'll be our first one.

Me: I'm always up for a great dance.

Jack Atlas: Me too.

Dark Spicer (to Vypra): Shall we dance, my lady?

Vypra: Lets shall good sir.

They got to dancing. Eli was dancing with Nunnally and Shining Armor and Cadance were dancing too.

Gabriel: (smiles at Marinette) Marinette, why don't you give Adrien a good time?

Marinette: Yes sir.

Marinette danced with Adrien and it was beautiful.

I was dancing with Misty, Varie, Rachel and my fiancés. Same with Lincoln and it was beautiful.

It was like Prince Adam was living in his time as a human again and it was beautiful.

GARBAGE MOUTH then appeared.

Me: Garbage Mouth!

Tommy Oliver (to Garbage Mouth): So, Dark brought you back for another round, huh?

Garbage Mouth: Yep. But we won't fight now. I'm just here as security for the dance.

Me: We appreciate that.

Garbage Mouth: Indeed.

We were dancing and having awesome fun.

**Mrs. Potts** : *Ever just the same. Ever a surprise. Ever as before, ever just as sure, as the sun will rise. Tale as old as time. Tune as old as song. Bittersweet and strange, finding you can change, learning you were wrong. Certain as the sun. Rising in the east. Tale as old as time, song as old as rhyme, beauty and the beast. Tale as old as time, song as old as rhyme, beauty and the beast.* ( *To Chip* ) Off to the cupboard with you now, Chip. It's past your bedtime. Good night, love.

( *Chip slides off the end of the cart, and hops out of the room, but comes back for one last look. Belle and Beast have adjourned to the balcony under a starry night.* We all were with them)

Me: That was so beautiful.

Misty Tredwell: It sure was. This is always my favorite part in this world.

Me: You watched Beauty and The Beast back then didn't you?

Misty Tredwell: I sure did. It was great.

Lincoln: It sure is.

Me: The best part is we all got to share it with our friends and loves.

Varie: That's true.

Larxene: (to Maurice) Maybe it's best if you stay here with us.

Maurice: And why's that?

Larxene: Because Gaston might take you hostage in order to get Belle to marry him.

Me: Yeah. Belle is being harassed to pieces because of Gaston and we have to be ready for anything that comes.

Maurice: Good idea. Thank you J.D.

Me: You're welcome. I sense Gaston is up to something.

Back in the village, Gaston was talking to EVIL XALDIN THE WHIRLWIND LANCER!

Gaston: Belle is being held prisoner by a beast!?

Evil Xaldin: That's right and this is your chance to be a big hero.

Gaston: I'll do it!

Evil Xaldin: That was easy.

Evil Xaldin left through a dark corridor.

Gaston gathered the village together!

Gaston: The beast will make off with your children! He'll come after them in the night. We're not safe 'til his head is mounted on my wall! I say we kill the beast!

( *The mob cheers him and repeats the words 'kill him'.* )

**Man 1** : *We're not safe until he's dead,*

**Man 2** : *He'll come stalking us at night!*

**Woman 1** : *Set to sacrifice our children to his monstrous appetite!*

**Man 3** : *He'll wreak havoc on our village if we let him wander free*

**Gaston** : *So it's time to take some action, boys! It's time to follow me!* ( *Gaston throws a torch into a haystack, creating an instant bonfire. He begins to prance around it, warning of the dangers of the horrible Beast.* ) *Through the mist, through the woods, through the darkness and the shadows, it's a nightmare but it's one exciting ride. Say a prayer, then we're there, at the drawbridge of a castle, and there's something truly terrible inside.* ( *Gaston chases Lefou around, mimicking a monster.* ) *It's a beast, he's got fangs, razor sharp ones, massive paws, killer claws for the feast.* ( *The magic mirror shows the face of Beast to Lefou, which Gaston exaggerates about.) Hear him roar, see him foam, but we're not coming home, 'til he's dead, good and dead, kill the beast!* ( *To the crowd* ) We'll rid the village of this beast. Who's with me?

( *A chorus of "I am"s comes from the crowd* )

**Mob** : *Light your torch, mount your horse!*

**Gaston** : *Screw your courage to the sticking place*

**Mob** : *We're counting on Gaston to lead the way! Through a mist, to a wood, where within a haunted castle, something's lurking that you don't see every day!* ( *Gaston leads the mob through the town and out into the forest, where they start chopping trees in preparation for their assault on the castle.* ) *It's a beast, one as tall as a mountain! We won't rest 'til he's good and deceased! Sally forth, tally ho, grab your sword, grab your bow, praise the Lord and here we go!*

**Gaston** : We'll lay siege to his castle and bring back his head!

**Mob** : *We don't like, what we don't understand, it frankly scares us and this monster is mysterious at least! Bring your guns, bring your knives, save your children and your wives, we'll save our village and our lives, we'll kill the beast!*

I then sensed something!

Me: Oh no! We've got company!

We saw lights in the forest and we saw that they were torches and all that!

Me: Prepare for battle! They want a fight, we'll give them a WAR!

We got ready.

Belle: Gaston is leading them!

Beast: Lets get them.

Zs'Skayr: We're not really going to fight the townspeople, are we?

Me: We don't have any other choice Zs'Skayr. They are coming here to kill Adam and now it's gonna be war.

Zarya: Lets get them!

Lincoln: Yeah!

Miranda: We can't hurt these people. Unlike Gaston, they're innocent!

Me: I know but they came to kill us as well. We have to defend ourselves only when it's necessary and this qualifies as a Necessary Situation!

Nico: J.D. is right! The entire village is after Adam.

Zarya: Come on guys!

We followed Zarya!

The objects saw the mob!

**Lumiere** : Sacre bleu, invaders!

**Cogsworth** : Encroachers!

**Mrs. Potts** : That must be Gaston leading them.

**Cogsworth** : ( *Issuing orders* ) Warn the master. If it's a fight they want, we'll be ready for them. ( *Turns around from window* ) Who's with me? Aahh! ( *The door is slammed as the rest of the objects leave Cogsworth behind.* )

**Gaston** : Take whatever booty you can find, but remember, the beast is mine!

( *Cut to stairway, where the objects are marching down to do battle with the mob.* )

**Objects** : *Hearts ablaze, banners high! We go marching into battle, unafraid, although the danger just increased!*

THUNDERCLAP! LIGHTNING STRIKE!

**Mob** : *Raise the flag, sing the song, here we come, we're fifty strong, and fifty Frenchmen can't be wrong, let's kill the beast!*

( *Cut to int of Beast's lair, where Mrs. Potts is briefing him.* )

**Mob** : *Kill the beast, kill the beast!*

( *The objects have tried to block off the door, but it is being bashed in by the mob.* )

**Lumiere** : This isn't working!

**Featherduster** : Oh, Lumiere! We must do something!

Then a Shadow Stalker appeared!

Me: Shadow Stalker!

Nico blasted it all over the place. But then it turned into a DARK

THORN!

Riku: Great! The Shadow Stalker is now a Dark Thorn!

I fired an energy blast at the Dark Thorn and destroyed it.

Me: Take that!

Sora: Yeah!

**Lumiere** : Wait! I know!

**Mob** : *Kill the beast, kill the beast!*

We got ready for an ambush.

**Mob** : *Kill the beast, kill the beast, kill the beast!*

( *The mob succeeds in breaking in, and finds a grand entrance filled with assorted pieces of furniture, teacups, candlesticks, featherdusters and clocks. They tiptoe in, and Lefou unknowingly picks up Lumiere.* )

**Lumiere** : NOW!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion of blue fire went off in the middle of the floor the mob was on and blew them away and a wolf howl was heard and covered the area with thick smoke and All the objects spring into life, attacking their human enemies.

Me: You obviously do not know WHO YOU ALL ARE FUCKING WITH!

We went at them and kicked them into pulp!

Lincoln kicked a man in the crotch and he screamed like a little girl.

Carol: Charge!

**Mrs. Potts** : Up here, ya scurvy scum! Now! ( *She and all the cups pour boiling tea on the guy's head.* )

Carol snapped his neck.

Lori: Human pretzel time!

Lori grabbed a man and tied him into a pretzel knot and he screamed in pain and Lori then ripped him apart.

Lori: You are literally disgusting!

Lola: Eat this! *She claw them with her nails.*

SLASH!

Lola slashed a mans eyes out with her nails.

Lana then bit him in his hand and ripped his hand off. He screamed in excruciating pain.

Lana: Yuck nasty! (Spits out his hand)

Lucy walked up to a man.

Lucy: Leave him alone!

The man saw her and screamed in fright as a pipe organ played in the background upon seeing her and he fell over dead from a heart attack.

Laney: Time for some action!

A man came up to her ready to kill her. But then Laney slashed him in half with her keyblade and disemboweled him! It also set him on fire.

Lisa: Try my potions!

Lisa threw chemical bombs at a bunch of people and they exploded on a bunch of people and blew them apart.

Luna: ROCK AND ROLL BABY!

Luna jammed with the volume turned up to level 20 and blew many people out of the castle!

Luna: GOOD NIGHT BEAST'S CASTLE!

Lynn: BATTER UP!

Lynn bashed a man's head off with a baseball bat and she took a sword and slashed many men.

Luan: EAT PIES!

Luan threw pies into the villagers faces and they hit them and exploded. Blowing them apart.

Luan: You got Pied! (Laughs)

Lori: EAT FART GAS!

Lori farted into a bunch of villagers faces at point blank range and the fart melted them.

Leni smacked a bunch of peoples heads in with her sandal.

SMACK!

Man: Ow! Is that all you got you dumb blonde!?

(Record Scratch)

Uh oh!

Leni: Dumb Blonde? (ENRAGED GROWLING) NOBODY CALLS ME A DUMB BLONDE!

Leni jumped him and ripped him to pieces in a savage manner!

Eli: Rider kick!

Eli kicked a man's whole head off.

( *Wardrobe jumps from the top of the stairs, landing on one of the mob men. Wardrobe is fighting several* more of the mob in her own kung-fu style. A comb and brush hop out and attack one of the thugs, pulling him into Wardrobe. When he emerges, he's dressed in a bikini top, yellow tu-tu, high heels, gloves and a pearl necklace…

and his hair's done up in a stack. He shrieks and runs away. Cut to LeFou, who is almost melting Lumiere with a torch. Cogsworth appears at the top of the stairs brandishing a gun and a pair of scissors. He's dressed like an admiral. He sees Lumiere's predicament and slides what's going on and slides down the bannister, and pokes LeFou in the butt with the scissors, causing him to scream and leap into the air holding his pained rear. One of the mob is pulling feathersout of Featherduster and laughing. Lumiere hops up behind him and flares up his candlesticks, burning the mobster in the rear. As he leaps in pain, Lumiere catches Featherduster. Cut to LeFou and several others chasing the Footstool. He runs into the kitchen. Thinking they've got him cornered against the cupboards, the Mob laughs and advances, only to find that the knives pop out of the drawers and LaBouche the stove flares up. They run screaming from the castle and the objects and us celebrate their victory. *)*

**Cogsworth** : And stay out!

Me: And don't ever come back you fuckwads!

( *Lumiere pulls over Cogsworth and kisses him once on each cheek.)*

Me: We're not done yet!

We faced GASTON!

---

**Gaston LeGume**, also best known by his first name **Gaston**, is the main antagonist of Disney's 30th full-length animated feature film *Beauty and the Beast* (which is based on the 1756 French fairytale of the same name by the late Jeanne-Marie Leprince de Beaumont), and its 2017 live action adaptation of the same name. He is also one of the supporting antagonists in *Mickey's House of Villains* .

He's a treacherous, chauvinistic, egotistical, deceptive and conceited hunter from Belle's village, who was after her hand in marriage by any means necessary (regardless what she thinks about his offer). He is Belle and the Beast's arch-nemesis.

In the original 1991 film, he was voiced by Richard White. In the musical, he was portrayed by Burke Moses. He was portrayed by Wes Brown in the episode "Her Handsome Hero" during the fifth season of Once Upon a Time. In the 2017 live action film, he was portrayed by Luke Evans, who previously played Owen Shaw in the *Fast & Furious* franchise, Driver in *No One Lives,* and Ben Hawkins in *Ma.*

## Meeting Belle

Gaston is the local hero of a small French village at an unknown point in French history. He owns a large tavern where he and the villagers drink and talk. Inside, there is a large portrait of himself along with "trophies" from his hunt consisting mostly of animal antlers. He also says he eats five dozen eggs every morning to help make him " *roughly the size of a barge* ".

He first appears in the film shooting down a waterfowl headed south with perfect accuracy (implying that he had just returned from a hunting trip) and declaring his intent to marry Belle after acknowledging from LeFou of his popularity with all of the women in the village. He then started pursuing Belle throughout the village as she returns home after buying a book from the local bookstore. Their meeting starts off well, but Gaston's sexist remarks about women reading and thinking drive Belle away from him and she goes home, leaving him disappointed. In addition, after learning that Belle was going to aid her father Maurice, Gaston scolded LeFou for mocking Maurice (although it was implied that he mostly did that in an attempt to impress Belle rather than out of any genuine concern for Maurice). However, after an explosion occurs inside Belle's house, Gaston and Lefou both begin to laugh as Belle rushes to check on her father.

## Asking for a Wedding

The next day, Gaston organizes a wedding outside Belle's cottage in an attempt to "surprise" her, complete with various decorations, a priest, and a wedding cake. He forces his way into the cottage and attempts to strong-arm her into marrying him, *again* making sexist remarks about women and housewives (he even envisions the home they would live in as a " *rustic* " hunting lodge, with his latest kill roasting over the fire and Belle massaging his feet while their children - six or seven *boys* - play on the floor with their dogs).

While he attempts to corner Belle in an attempt to kiss her, she manages to open the door that he has pinned her against, rejecting his proposal. causes him to lose his balance and fly headfirst into a large mud puddle (complete with cattail plants) in front of Belle's cottage. When asked by LeFou how it went, Gaston is humiliated and furiously storms off, but not before vowing to make Belle his wife regardless of her refusals and throwing LeFou into the mud.

## Getting his Praise

Later, during a snowstorm, LeFou leads the villagers in the tavern to sing a song about Gaston's greatness to cheer him up after his failed proposal. Maurice suddenly interrupts and warns the villagers about a "monstrous" Beast who has locked up Belle as a prisoner in the tower of his castle. Thinking that Maurice is talking nonsense, the villagers throw him out of the tavern, which made Gaston realize that he can use Maurice's outrageous claim to his advantage. In a surprising display of animalistic cunning, he bribes Monsieur D'Arque (the owner of the local asylum) to throw Maurice into the asylum in order to pressure Belle into marrying him. Though D'Arque states that Maurice's claims and his odd inventions do not make him very dangerous, he is willing to accept the bribe because he liked the despicable aspect of the plot. However, just before Gaston and LeFou barge into Belle and Maurice's cottage, Maurice left for the castle on his own. Gaston orders LeFou to stay outside the cottage and wait for their return.

## Concocting his Plan

When Belle and Maurice eventually return to the cottage, LeFou immediately informs Gaston, and he sets his plan into motion. With the villagers gathered outside the house, D'Arque has his men drag Maurice towards their carriage, while Gaston makes Belle his offer, he will clear up the "misunderstanding" if she marries him. Horrified and disgusted, Belle refuses and instead proves her father's claims of the Beast's existence by using a magic mirror that the Beast had given her, causing all of the villagers (including Gaston) to realize that Maurice was telling the truth. Following Maurice's release, Gaston grows more frustrated and shocked that his plan has failed, and becomes increasingly jealous when Belle begins referring to the Beast as kind and gentle (since he let her go to help Maurice and gave her the magic mirror to remember him by). Realizing that she prefers a "monster" over himself, Gaston refers to the Beast with this insult, to which Belle furiously retorts back by saying that Gaston is the real monster for his despicable plot.

In his jealousy and pride, Gaston angrily snaps out by snatching the mirror from Belle and convincing the villagers that the Beast is a threat to the village that must be brought down immediately by playing off their fear of monsters. Belle tries to stop this, but Gaston has her and Maurice locked in the basement to keep them from warning the Beast. He then leads a lynch mob to attack the Beast's castle and leave no one alive while declaring that he himself is to take down the Beast. However, the castle servants formed a defensive ambush, leaving the rioters to fight back. Rather than helping out his fellow rioters, Gaston instead betrays them by leaving them to their fate and manages to get past the servants, as they were too busy fighting the villagers that they didn't notice him making his way up the stairs and proceeding to kill the Beast. The battle ends with the violent rioters fleeing away in defeat thanks to the castle servants' enchanted forms. Despite the loss of the villagers, Gaston confronts the Beast alone in the West Wing, where he fires an arrow into him, tosses him out of the window onto a lower section of the roof and taunts him. The Beast doesn't respond back as he lost his will to live since Belle's departure, so Gaston uses a castle statue as a makeshift club to kill the Beast. However, the Beast regains his will when he witnessed Belle returning to the castle along with her father (as they had escaped from the basement with help from Chip, who stowed away with them). A terrified Belle begs Gaston to spare the Beast, but Gaston ignores her, though the Beast defends himself by viciously fighting back against Gaston with all of his strength and ferocity.

## Final Battle and Death

Though roughly even with his adversary, Gaston soon learns that he cannot rely on brute strength alone to kill the Beast, and instead begins taunting him over his ugly and grotesque exterior and love for

Belle. Gaston even pushed the final button by claiming that Belle is *his* to take and no one else's, but this immediately backfires as the Beast snaps out and head-butts Gaston in the chest. The furious Beast then gets Gaston at his mercy by holding him above the castle roof by the throat, threatening to drop him into the deep castle moat for the trouble he caused. With his life at stake, Gaston abandons his pride and pathetically begs the Beast not to hurt him by claiming that he will do anything for him. At first, the Beast initially attempts to ignore Gaston's pleads but realizes that he ought to be better due to his genuine love for Belle. Seeing that Gaston is nothing more than a reflection of what he would've become like a cruel and aggressive monster, the Beast reluctantly spares Gaston by ordering him to leave the castle and never return. However, when Gaston sees the Beast embracing Belle on the castle balcony, his hatred and envy arises again. Rather than leaving the castle, Gaston instead climbs onto the balcony and stabs the Beast in the back with a knife. The Beast swings his arm backwards at Gaston as he roars in pain, which Gaston tries to dodge, but unfortunately, he loses his balance and drops his knife below the castle. As both he and the Beast are on the verge of falling, Belle saves the Beast by grabbing onto his collar and helping him up to safety, where Gaston plunges into the deep moat below as he fearfully screams to his death.

Despite laying a fatal stab on the Beast, Gaston would permanently die alone that night; just as the Beast nearly succumbed to his wounds, Belle confessed her love for him just before the last petal of the enchanted rose that kept him bound to his beast form fell, breaking the spell and reviving the Beast. This also allows the Beast and the castle servants to transform back to their human forms, much to their joyful delight. All in all, Gaston had learned the hard way that pride *literally* comes before a fall.

---

Me: It's over for you Gaston! You will pay for your crimes!

Nico: Yeah! You fucked around with the wrong people!

Lori: You literally make me sick!

Gaston: (to Lori) Nothing personal, my dear. But a man in a black cloak paid me to injure you. And I couldn't pass that up! (shoots arrow at her)

Drakkon gets in front of Lori and chops the arrow in pieces with his Dragon Dagger.

Lord Drakkon: Didn't your mother ever teach you it's wrong to hurt a lady?

Lori: I literally could've handled that.

Lord Drakkon: I know. But we need you at full strength for when you face Evil Xaldin.

Lori: Thanks Drakkon.

Me: You won't get to Belle, Gaston! All you are is a serial rapist! You need to be put in your place!

Nico: Big time! You make me sick!

Zarya: You guys have your usual battles. I'll hold him off till then.

Me: Okay. Get him honey!

Zarya: With pleasure.

Zarya walked up to him.

Zarya: You are a disgusting monster Gaston!

Zarya had her aura flared up.

Zarya: I'm coming for you Gaston!

Zarya went at Gaston and kicked him in the face and knocked him down and they got into a deadly fistfight!

Me: Now we can have our battles.

Roman: Good. Lets get it on.

?: Not without us.

5 Figures came out and it was the DARK RANGERS, Justin, Zane, Bobby, Tina and Kristen from episodes 12 and 13 of Mighty Morphin!

---

**The Dark Rangers** were a group of five punk bullies chosen to be Lord Zedd's personal Evil Rangers. Both their civilian and morphed forms appeared exclusively in the two-part episode "Green No More."

Justin, Zane, Bobby, Tina and Kristen were the newest bullies of Angel Grove High and were nasty enough to scare even Bulk and Skull. As they ran into Tommy Oliver, Billy Cranston, and Zack Taylor after sending Bulk and Skull rolling towards them in garbage cans, the Rangers were warned of their newest threats. The bullies thought Angel Grove belonged to them, and that was the special reason that Lord Zedd chose them to be his Dark Rangers. They met up with Jason Lee Scott, Kimberly Ann Hart, Billy, and Zack at the beach. Before they could fight each other, Zedd beamed the bullies to the Otherworld. Soon after the Green Crystal was filled, the gang finally became the Dark Rangers. The Power Rangers tried to tell them the truth about what Zedd would do, but the Dark Rangers didn't listen. After Tommy destroyed the crystal, their powers were gone and so were the Dark Rangers. When they transported back to Angel Grove they made peace with the Power Rangers and became their friends.

---

Tommy Oliver: Justin and the Dark Rangers!

Me: I remember you guys! You are Zedd's own Evil Rangers!

Tina: That's right and we came to kill you J.D.

Justin: (to Jason Lee Scott) Last time, we didn't get a chance to fight you guys. But this time, we will!

Jason Lee Scott: You give all rangers everywhere a bad name!

Eli: And this time you 5 will die!

Nico: Big time!

?: Not if you die with them.

Another figure came out and it was DEACON FROST and he was LA MAGRA THE BLOOD GOD!

---

**Deacon "Deac" Frost** is the main antagonist of the 1998 film *Blade*, the first film of the *Blade* trilogy. Frost was a vampire who was responsible for creating Blade, the Daywalker.

He was portrayed by Stephen Dorff.

*Blade*

Frost's goal is to bring glory and dominance to the vampire race by reviving the vampiric blood god known La Magra, using Blade's blood in a special ritual. Frost believes that the world belongs to the Hominus Nocturna and not the humans, as he sees the human race as nothing but food. He leads and represents a renegade faction of fellow vampires who believe the vampires deserve to rule the world, and Frost constantly searches for Blade in an attempt to take his blood and use it to revive the god. The vampire Shadow Council, including Dragonetti, disagree with Frost's ideology but Frost ends up killing Dragonetti by exposing him to the morning sun.

Eventually, Frost succeeds in capturing Blade and adopts tremendous powers from the vampire god, but Blade manages to break free from his captors and fights Blade in the middle of the temple. After an intense sword fight, Blade dismembers Frost but his newfound powers allow his body to reattach itself as well as to regenerate any lost limbs. Despite this, Blade manages to kill Frost by injecting him with several vials of EDTA, a liquid that reacts explosively with vampire blood. Frost roars in agony as his entire body swells up and explodes, spraying blood across the temple floor.

*Blade II* Years later, during Blade's conflict with Jared Nomak, Eli

Damaskinos and his attorney thanked Blade for killing Frost, indicating that Frost was understandably not very liked by most of the vampire community outside of his gang.

---

Blade: (to Deacon Frost) Deacon Frost. Never thought I'd see your ugly mug again.

Frost: This time I will kill you Daywalker!

Me: Your fight is with me Frost. I will make sure you never terrorize the world again. You're just a worthless little peon compared to my power.

Frost: I'll tell you what we are you fuckup! We're the top of the fucking food chain. The Blood God is now me and after tonight, you people are fucking history. I'm like a hurricane. An act of God. Anyone caught in my path will instantly be turned. Everyone you've ever known… everyone you've ever fucking loved… it won't matter who's pureblood and who's not. How are you gonna cure the whole fucking world?

Me: You are no god. I am. And I'm more powerful than hundreds of you combined. You don't have any idea what kind of power you're fucking around with. It's a power not even vampire shitsuckers like you could ever understand.

Blade: That's right you motherfucker.

Me: Now lets get it on.

We went at them.

---

Battle 1: Bertrand, Sunset Shimmer, Gusty the Great, Dan Kuso, Drago, Raythor and Miranda VS Roman Goodwin

---

Roman Goodwin was first.

Roman: (to Bertrand) You think we should tell the angry mob the truth?

Bertrand: We'll have to do that after we're done here and get the Prince back to normal.

Sunset Shimmer: They deserve the right to know that they were deceived by Gaston.

Gusty: Indeed. They were played for a bunch of fools by Gaston's lies.

Dan: Big time. It's awful.

Drago: Yeah.

Raythor: Gaston is an honorless monster and he is no better than Phobos.

Bertrand: Indeed.

Roman: Well said. Lets do it! I summon EARTHBOUND IMMORTAL URU!

He summoned the Spider Earthbound Immortal, Uru and they went at him.

Bertrand, Sunset Shimmer, Gusty the Great, Dan Kuso, Drago, Raythor and Miranda: CRIMSON FIRE STYLE FORMATION ART: BLOOD RED FLAMESTORM!

They spun in a Heptagon formation and fired a blast of red fire and it slammed into Roman and Uru and knocked them down.

Bertrand: YEAH! That was awesome!

Sunset Shimmer: Yeah it was!

Gusty: Yeah!

---

Battle 2: Haiku, Applejack, Princess Apple Bloom, Frozen Fright,

# Rockhoof, Julie, Hammer Gorem, Galaxy Man and Astro Man VS Carly Atlas

---

Carly was next.

Carly: (to Haiku) I'm really glad I got to dance with Jack.

Haiku: We're glad you did.

Applejack: You and Jack danced really amazingly Carly.

Apple Bloom: You sure did.

Carly: Thanks guys. Apple Bloom that must've been a really big shock for you to become a Princess.

Apple Bloom: It sure was. But this was given to me for a reason.

Frozen Fright: And after everything she accomplished, she more than earned the title of Princess.

Rockhoof: (Scottish Accent) Aye. She sure did.

Julie: I think Apple Bloom looks amazing as a princess.

Hammer Gorem: Me too and she looks incredible.

Apple Bloom: Thanks guys.

Carly: You're welcome. Lets get it on! I summon EARTHBOUND IMMORTAL ASLLA PISCU!

Carly summoned the Hummingbird Immortal, Aslla Piscu and they went at her.

Haiku, Applejack, Princess Apple Bloom, Frozen Fright, Rockhoof, Julie, Hammer Gorem, Galaxy Man and Astro Man: STELLAR VALKNUT STYLE FORMATION ART: STAR TRINITY MEGABLAST!

They spun in an octagon formation and fired a wave of stars and the stars formed into a Valknut and it hit them and knocked down Carly and Aslla Piscu.

Haiku: That was great.

Applejack: YEEHAW! That was great!

Apple Bloom: Yeah it was! That was awesome!

---

Dante, Skullcruncher Fluttershy, Tree Hugger, Mage Meadowbrook, Runo, Blade Tigrerra, Lasher and Phage VS Devack

---

Devack was next.

Devack: (to Dante) The best part of there being 8 usual battles now is that all of the Dark Signers get to be in them.

Dante: That is a good part. It's gonna be really awesome for the 7 Dark Signers to face the primary members of the Goths of Darkness.

Fluttershy: It sure is. And it will bring out the brutal fun in my Skullcruncher side.

Tree Hugger: Far Out guys. This is gonna be groovy.

Mage Meadowbrook: It sure will.

Runo: I think so too.

Blade Tigrerra: Me too.

## Battle 11: Me VS Deacon Frost & Number 54

---

I was facing Deacon Frost. He had a Katana in his hands.

Frost: Lets do it J.D.

Me: With pleasure. I was also expecting your fucking henchmen to be with you as well. But I guess being alone must be better for you.

Frost: Yeah well you know how they were.

Me: Hm.

I then went at him and we clashed violently and sparks were flying all over the place as we clashed and I kicked him in the face and then I slashed his arm off and cleaved him in half and then I saw him weld himself back together. Then I saw him regrow his arm back.

Me: Hmph. Ever brushed your teeth after sucking all that blood?

Frost: Very funny.

I slashed my hand and splashed his eyes with my poisonous blood and he screamed in pain as it was burning him and blinding him.

Me: Little treat for you Frost.

I pulled out auto-injectors full of EDTA.

Me: Because you obviously do not know WHO YOU ARE FUCKING WITH!

I threw all but one Auto Injector into his body and he was in pain.

Me: Some Motherfuckers are always trying to ice skate uphill.

I took the last auto injector and tossed it into the air and kicked it and it hit Frost in his forehead. He swelled up like a balloon and then exploded all over in a massive explosion of blood and gore!

EEEEEEEEEEEEEWWWWWW!

Me: YUCK!

I then saw a Number Card on the ground covered in his blood. The blood then disintegrated into nothing but dust and I picked up the card and it was NUMBER 54: LION HEART!

Me: Number 54: Lion Heart. No wonder he came back.

His spirit then came.

Me: You and your army of World Domination seeking vampire shitsuckers will never be welcome here. (Holds hand up to him) HAKAI!

I banished him to the Warp.

Me: Give my regards to the Devil asshole. Now to make Gaston suffer!

I went to help bring down Gaston!

---

KROW!

Zarya kicked him in the face and punched him in the stomach and slashed him in his shirt and kicked him in the face again. We all regrouped and stood ready to face him.

Me: It's over for your Gaston!

Nico: You've tormented Belle and Beast for the last time!

Beast: That's right! Belle is not your toy for your own amusement!

Lincoln: Yeah!

Nico: You make me sick Gaston! You see women only as objects and slaves and that's why you have to die!

Dark Spicer: Here's your warning: YOUR FUCKING ASS IS ABOUT TO BE KICKED!

Me: Big time! In the name of Team Loud Phoenix Storm, you are hereby sentenced to death!

Eli: It's buttkicking time!

?: Let me help you all out.

A figure came out and it was Wataru Kurenai of Kamen Rider!

Me: Wataru Kurenai!

Wataru: It's an honor to meet you all.

Me: Same here. Lets get this scumbag!

We went at him and kicked, punched, smashed and slashed him all over the place. Enre Hep, Laarina, Gintanai, Loderool, Nivenna, Eximiar, Swassa, Lomma, Lystone, Illexia, Aszil, and Rothat all smashed and blasted him all over.

Barricade: Lets rip this guy apart!

Wood Man: Yeah!

Barricade, Wood Man, Inferno and Johnny 2x4 all used the Earth Cyber Planet Keys and they enhanced Barricade's Cybertronian Gun, Inferno's Extinguisher Rifle, Wood Man and Johnny's powers 100-fold.

Barricade and Wood Man: CYBERTRON TREE STRIKE BLAST!

Barricade fired laser blasts and Wood Man fired waves of leaves.

G1 Inferno and Johnny 2x4: EXTINGUISHING ACORN MEGA SHOWER!

They fired blasts of acorns and foam.

Belle: Adam is no monster Gaston! YOU ARE!

Lori: And you will literally never be welcome here!

Belle, Beast, Lori and Eli: DIVINE ROSE CYCLONE BLAST!

They fired a massive blast of energy and wind and flower petals and the blasts all hit Gaston and blew him right out the window of the castle and he fell to his death in the moat like in the movie. INSTANT DEATH!

GASTON WAS DEAD!

His spirit then appeared.

Me: You will never torment Belle or Beast again. (Holds hand out to him) HAKAI!

I banished him to the Warp for all eternity.

Lincoln: That's the end of him.

Me: Yep. But we're not done yet.

We went to the bridge and we saw EVIL XALDIN!

Lori then had her eyes glow sky blue with rage!

Me: Well look who showed up.

Lori: I have a score to settle with you!

Evil Xaldin: (to Lori) Too bad Gaston wasn't able to finish you off. I'll just have to do the job myself! And after I'm done here, my other self is next.

Eddy: (sees Dark Spicer calling Xaldin) Shouldn't have said that, buddy.

Xaldin: I'm in the middle of a recruitment mission, Dark. Do you know how hard it is to find Spymaster?

Dark Spicer: Dude, Spymaster can wait. Lori's about to fight your evil self right now!

Xaldin: WHAT!? I'm on my way!

Xaldin vanished in a tornado.

Lori then transformed into her Super Angel 25,000,000 Hurricane Eagle Fairywind form and she had one of her spears ready for action!

Lori: (Divine Wind Voice) **You tormented Beast and Belle's relationship and I will never forgive you for that! Now you will pay the ultimate price for all your crimes.**

Evil Xaldin summoned his spears.

Lori then flew at him faster than the winds of Neptune and kicked him in the face and she mercilessly slashed and massacred him all over with incredible fury and slashed him and blasted him all over with blasts of wind and cut and butchered him at an incredible level with indiscriminate fury! She then slashed him in his arm and cut it off! Lori then smashed Evil Xaldin into the ground with devastating force and Lori landed in front of him.

Xaldin then appeared.

Xaldin: Whoa. I can't believe I was that evil.

Xaldin went up to his evil self.

Xaldin: (to his evil self) Don't worry. I'll make sure you won't feel a thing. (stabs his evil self in the chest with one of his spears)

He skewered him all the way through his Black Heart! And Xaldin pulled out his spear.

Lori: **YOU LITERALLY FUCKING DISGUST ME!** (Holds hand out to his face) **Give my regards to Xehanort asshole! SUPER HAKAI!**

She obliterated him from existence forever!

Me: YEAH! 11 down and 2 to go!

Nico: We have Xigbar and Xemnas left.

Me: Xigbar we're gonna have join the Masters of Evil because we spared him in the world of the 3rd Pirates of The Caribbean Movie.

Nico: Yes I remember that. That was awesome.

Lincoln: Yeah it was.

Webstor: Well, we got the angry mob under control.

Devack: And the Dark Thorn has been taken out.

Me: And the Thresholder.

Greiger: Not mention Gaston has been dealt with.

Rex Goodwin: (to Belle and Beast) Go ahead, you two. Kiss. You've both earned it.

Belle: We did. Beast I love you.

Cut to the objects, who watch the last petal fall off the rose. They all look down at the floor, and Cogsworth puts his arm around Mrs. Potts. one beam of light falls, like a shooting star. Then another comes. And another, and another. Belle finally notices what is happening and then starts to back away. We cut a fog begins to enshroud Beast. We see the objects looking on in extreme anticipation.

Belle: What's happening?

Me: It's your love for him! It broke half the curse!

Beast rises up into the air magically and begins to turn. He is enveloped in a cloud of light, and becomes wrapped in his cloak. Underneath, we can see Beast's body shifting and forming. A fore paw comes out and the claws turn into fingers. A hind paw emerges and develops into a foot. Finally, a wind blows across his face and the fur melts away to reveal a young prince. He gradually descends and is laid on the floor again. The fog disappears and Belle reaches out to touch him. She jerks her hand back, however, when the figure begins to move. It stands, then looks at it's hands, then turns to face Belle. It is a human, with the same blue eyes as Beast. It is obviously Beast, transformed. Belle gives him a mysterious look.

Prince: Belle! It's me!

(She continues to look at him sceptically, but then she sees the blue eyes, and instantly knows it is him.)

Belle: It is you!

(They kiss. A fireworks display explodes around them. The gloom surrounding the castle disappears, revealing a blue sky. The castle is transformed, with the gargoyles changing into cherubs. )

Me: The Spell is Broken!

Nico: WHOA!

Finally, we return to the balcony, where the objects hop out to meet the prince and Belle. One by one, they are transformed back to their original human conditions.

Prince: Lumiere! Cogsworth! Oh, Mrs. Potts! Look at us!

Me: You're all back to normal!

Nico: So awesome!

Lincoln: YEAH!

Zarya: This was awesome!

**Lumiere** : It is a miracle!

Me: It sure is!

(Later *the prince and Belle and swings her around. The ruffles of her skirt wipe to the ballroom, where all are gathered to celebrate. The prince and Belle dance around the room as the rest of the characters get in their last lines.* )

**Lumiere** : Ah, l'amour. ( *He says this, and a maid, obviously the former featherduster walks by, brushing him on the chin.* ) Heh heh! ( *He starts to chase after her, but Cogsworth stops him.* )

**Cogsworth** : Well, Lumiere, old friend. Shall we let bygones be bygones?

**Lumiere** : Of course, mon ami. I told you she would break the spell.

**Cogsworth** : I beg your pardon, old friend, but I believe I told you.

**Lumiere** : No you didn't. I told you.

**Cogsworth** : You most certainly did not, you pompous paraffin-headed pea-brain!

**Lumiere** : En garde, you overgrown pocket watch! ( *He takes off his glove and slaps Cogsworth across the face with it. They begin to fight.* )

I broke them up.

Me: That's enough you two!

Nico: Yeah!

( *Cut to Belle and the prince who continue to dance around the floor. The camera stops on Mrs. Potts, Chip and Maurice, who is beginning to cry.* )

**Chip** : Are they gonna live happily ever after, mama?

**Mrs. Potts** : Of course, my dear. Of course.

**Chip** : ( *Looks happy for a moment, then puzzled.* ) Do I still have to sleep in the cupboard?

( *Maurice laughs and Mrs. Potts hugs her child and laughs.)*

**Chorus** : *Certain as the sun. Rising in the east Tale as old as time, song as old as rhyme, Beauty and the beast! Tale as old as time, song as old as rhyme, Beauty and the beast!*

It was a great time.

Prince Adam: Thank you all so much for helping us J.D.

Me: It was our pleasure. We do what we have to do to help keep everyone safe.

Belle: But you are all true heroes. Thank you all.

Eli: Anytime Belle.

Me: This was an awesome adventure. And we also had so much fun.

Lincoln: We sure did.

Carly Atlas: And we've also seen the last of Gaston and Evil Xaldin.

Xaldin: We sure did.

Me: Yeah.

Lori: Yeah. (To the Viewers) I finally got my justice on the evil Xaldin after everything he did. And Beauty And The Beast is literally one of my favorite movies. I literally hope you had fun with us on this adventure. I know I did.

Me: We all did. But we're not done yet.

We went back home to rest.

TO BE CONTINUED…

Part 11 done. Beauty and the Beast from 1991 is one of my childhood movies and it was awesome! That movie came out when I was 4. It was great! Next up is a truly technological masterpiece as we head back to the computer of Radiant Garden to go into the world of Tron from 1982 and we're gonna go into an awesome computer almost 40 years in the making. The next Number is gonna be Number 24: Dragulas the Vampiric Dragon and that one will be in the possession of Lincoln's number one enemy that scared him to death, THE HARVESTER and it's gonna be a brutal battle as Lincoln faces the deranged serial killer farmer that scarred him with fear. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys.

See you all tomorrow.

# Light and Hearts Part 12

TRON 1982

---

In Twilight Town, Seifer and his friends were patrolling the streets of the town and they were leaving their reign of terror on the land.

We were watching them.

But then The Digimon Emperor appeared and walked up to them.

Fuu: Oh great.

Seifer: What the Hell do you want now, Chan?

Digimon Emperor: Isn't it obvious? Your head on my trophy wall! (punches him)

POW!

The Digimon Emperor punched Seifer in his face and he was beating them up all over the place with extreme viciousness.

We were watching from the tops of the buildings.

Gyro Man: Look, guys. Punish us if you want. But me and Nico are going to save Seifer and his gang. Because that's the right thing to do!

Me: And we have no objections to it.

Zarya: It will be the right thing to do regardless.

Lola: That's right! Seifer and his friends may be jerks but they are still human.

Lincoln: Yeah!

Nico and Gyro Man flew down and punched the Digimon Emperor in the face and smashed him into the wall.

Varie and Radiant Hope were healing Seifer and his friends.

Nico: This is a huge low for you Ken!

Digimon Emperor: WHEN ARE YOU GONNA LEARN THAT MY NAME IS THE DIGIMON EMPEROR!?

Nico kicked him in the stomach and the Digimon Emperor belched up a huge amount of blood.

Nico: And I'm the fucking King of Siam! You need to be put in your place you fucking tyrant!

Nico backed up and despite his injuries, the Digimon Emperor got up and pointed a gun at Seifer.

Digimon Emperor: (to Seifer) Burn in Hell, Seifer.

?: Nico, stop!

Pence, Olette, and Hayner caught up to us but didn't see me with Gyro Man

Pence: Please don't kill Seifer

Digimon Emperor: Evil can't be cured, kid. Only killed.

Olette: No, no! It can be caged, rehabilitated.

Hayner: Nico, this isn't you. You used to be a nice guy even when fighting villains. Now you're the bad guy. Nico, whatever made you this way,

killing Seifer won't change it.

Krillin: Guys, Nico's right here.

Digimon Emperor: (Hayner, Olette, and Pence see me): And that's my cue to leave. (gets out of there)

Me: Get back here you monster!

We landed.

Olette: I don't get it guys. If Nico's right here then who was that?

Me: That was Nico's arch-nemesis, Ken Ichijoji the Digimon Emperor. He's the monster that he accidentally killed and he has plagued his life for almost 10 years.

Nico: Yeah it's a really terrible story.

Nico told them his history and about how he accidentally killed him.

---

The **Digimon Emperor** ( **Digimon Kaiser** in Japan, real name: **Ken Ichijoji** ) is the main antagonist for the first 21 episodes of *Digimon Adventure* season 2. He is the first arch-nemesis of Davis and the other new Digidestined. It is later revealed that he was the victim of brainwashing by the real antagonist, his possessed victim and his two pawns.

He returns in *Digimon Adventure Tri* as one of the antagonists along with Alphamon. However this is later revealed to be Dark Gennai impersonating him.

He was voiced by Romi Park in Japanese and Derek Stephen Prince in English Version. In *Digimon Adventure tri.*, he is voiced by Todd Haberkorn.

Past

When Ken was a young boy, he always felt overshadowed by his older brother, Sam because he was considered to be a kid genius, which made Ken jealous. One day, a Digivice came out of Sam's computer, (as MaloMyotismon (Myotismon's reincarnation) would be introduced later on) and he thought it belonged to Sam. When Sam told him not to touch it, Ken disobeys his brother and touches the Digivice anyway, sending Ken to the Digital World. He was a DigiDestined, and was partnered with Wormmon. After he and Wormmon defeated a Digimon, a dark spore flew into his neck.

When Ken returned from the Digital World, Sam scolded him for touching the Digivice and breaking his trust, then dismisses him from his room, stating that he would never trust him again. Feeling betrayed and fumed by those words, Ken wishes that Sam would just disappear. But unfortunately, Ken's wish eventually came true when Sam was tragically killed in a car accident. After Sam's death, Ken felt grief-stricken for the loss of his brother, so he decided that he had to be just like his older brother to help his parents cope with the pain.

One day when he was playing with Sam's computer, a mysterious voice on an E-mail came and told him to go to the Digital World (while Yukio Oikawa would be introduced later on). He did, but instead of entering the Digital World, Ken entered the Dark Ocean. He put the Digivice in the water and it morphed into a Dark D3. When that happened, Ken became corrupted by the Dark Spore, thinking that the Digital World was a game for him to rule and the Digimon were nothing but programs and should be enslaved, and the Digimon Emperor was born.

As the Digimon Emperor

When he became the Digimon Emperor, Ken became an oppressive tyrant towards the Digimon. He also created devices, called Dark Rings, to control the Digimon. They are similar to Devimon's Black Gears in function and method of control. He later upgraded them into Dark Spirals when the DigiDestined were able to break the original model. To control the Dark Rings and Dark Spirals, he created the Control Spires. The Control Spires activate the Dark Rings and prevent others from Digivolving. The Emperor eventually created a Digimon monster called Kimeramon, created using other Digimon.

After Kimeramon was destroyed by Magnamon, Ken was begrudgingly upset over his defeat by the Digidestined.

---

They gasped.

Pence: That's horrible!

Olette: Oh man! We didn't know you had many problems with this guy.

Nico: Yeah and he did so many horrible atrocities and all that.

Me: That is putting it mildly. Here's a wanted poster of him.

I pulled out a revised wanted poster we made of him.

Olette: "Wanted by Team Loud Phoenix Storm, The FBI, Interpol and The CIA: Ken Ichijouji, The Digimon Emperor. For crimes against Digimon, Team Loud Phoenix Storm and The Digital World, Treason, Tyranny, Cruelty, Animal Cruelty, Malice, Oppression, Slavery, Attempted Murder, Assault & Battery, Murder, Abuse of Power, Illegal Experimentation, Terrorism, Prison Breaks and Possession of Weapons of Mass Destruction. Armed and Extremely Dangerous. Approach with Extreme Caution. Reward: $192,000,000,000,000,000,000.00." WHOA! That's a lot of zeroes.

Me: That's a really hefty reward huh? But this guy is rotten to the core and he has destroyed Nico's mind psychologically.

Pence: Oh man! I can't believe he hurt Nico and so many others like that!

Hayner: He's a monster!

Starscream: That's an understatement. He's like Unicron.

Laney: Maybe not that far but he's right up there.

Lori Jimenez: Yeah and he is a monster.

Nick F.: Big time.

Varie and Sakura were healing Seifer and friends.

Varie: You're gonna be all right guys.

Sakura H.: He sure did a number on you guys.

Rai: We could've handled him, y'know?

Cutthroat: You're welcome. But don't ever make us regret saving you.

Me: Seifer, you need to learn that your actions have consequences. You have been terrorizing all of Twilight Town with an iron rule all because Roxas beat you in struggle. What the Hell is wrong with you?

Seifer: Because I am superior!

Sasuke: Seifer listen to yourself! You need to see where you're headed in the future if you continue down this path.

Me: And it's not pretty.

Nico: Yeah! So do us a favor and stop this crazy prideful crusade of terror and fear.

Me: That's right! This path you're on is pointless. Look what happened to so many bad guys that we took down in the past. They either died and went to Hell, We're banished to the Warp, sent into the River of Fire, Sealed into the Book of Vile Darkness or erased from existence forever. Do you want either of that to happen to you?

Seifer: (Shivering in fear) No.

Fuu: That's awful.

Lincoln: That's right.

Tracks: Whether you like it or not, Seifer, you and your two friends owe us your lives.

Me: If it weren't for us you would be dead. So be thankful we saved your lives.

Olette: Yeah! You need to realize that there are monsters that will come after you in revenge and there are also monsters worse than you and a bunch of people we have seen.

Hayner: And there are forces of evil that threaten our universe as we speak.

Pence: That's why we have Sora and his friends of Team Loud Phoenix Storm to protect all of us.

Me: That's right. Remember that for your own safety.

We left. Seifer and his friends were given a lot of thinking.

---

We were getting ready and I was getting my computer and technological stuff.

Tussle Sprout: Next is Space Paranoids, right?

Me: Yep. And we're going to the world of Tron from 1982.

Nico: COOL! That's one of my favorites.

Eli: Yeah mine too! I think both the 1982 and 2010 movies are awesome.

Knight Mare: Me too. They are awesome.

Trigger Happy: Yeah! (Laughs)

Lincoln: Me too and they are incredible! Both movies are awesome 28 years apart.

Lola: They sure are.

Princess Cadance: It sure sounds like it.

The Dark Signers and Webstor appeared.

Roman: Can me, Rex, Kalin, Webstor, Devack, Misty, Carly, and Greiger come with you all?

Me: You all sure can. This is gonna be incredibly interesting and this is gonna be an adventure that will put our technological ingenuity to the test.

Misty Tredwell: It sure sounds like it.

Me: Yep. But in order to get to the world of Tron from 1982 we have to go back to the computer room in Hollow Bastion.

Eli: Yep. This is gonna be awesome.

Carly Atlas: I can't wait to ride a Light Cycle. This is gonna be so awesome!

Nico: I can't wait either! This is gonna be awesome!

Misty Tredwell: It sure is!

Me: Lets head out.

We were off to Hollow Bastion.

---

We arrived at Hollow Bastion and we saw the computer.

Me: Here we are guys.

Leon: Hey guys.

Me: Hey Leon.

Threatpack: Hey, Leon. Sorry we're here again. But we need to use the computer.

Me: We're going into the world of Tron.

Leon: Ooh you guys are gonna have fun.

Me: I'm gonna stay at the keyboard and help you guys all at the controls.

Nico: Like with how we faced that Organic Supercomputer.

Me: Yep.

Twilight Sparkle: An organic supercomputer?

Nico: That was an interesting and amazing adventure.

Me: Yep. We went to a secret Military Base in the South Pacific and we saw a really interesting and amazing piece of technology and something we never thought we would see. We saw a DNA Supercomputer, it was a supercomputer made entirely out of organic tissue and genetic material and coding.

Sunset Shimmer: Wow! That must've been really complex.

Me: It was. And the data it had on it was unbelievably amazing.

Nico: It was an incredible adventure.

Lincoln: And incredibly complex.

Laney: Yeah but really scientifically amazing.

Lisa Loud: Indeed it was.

Devack: One of these buttons activates the computer.

Me: Yep.

Eli: I got this. I remember from past experiences.

Eli went and pressed a blue button and it opened the portal into the world of Tron from 1982.

Me: Be careful guys. I'll be watching you all from here.

Nico: Okay.

Me: I'll be in constant communication with you guys.

They went in through the portal and I hooked up my laptop to the main computer and put on a headset and set it up.

Me: Here we go. One small step for man and one giant leap for technological advances.

We were online.

They were in the world of Space Paranoids and it was gonna be really interesting.

Nico: We're in.

Lincoln: Wow! This is amazing!

They looked at their clothes.

Laney: Cool! Look at our clothes!

Lola: Wow! Just like in the world of Tron 2010!

Vince: But these clothes are more advanced.

Nico: Yeah.

They walked out of the Pit Cell and arrived in the world of SPACE PARANOIDS!

Nico: Wow! Space Paranoids.

Me: Sure is something huh?

Lynn: Nice to know your communications work.

Me: Yep.

Quake Woman: Why is this place called Space Paranoids again?

Me: It's based on the Disney movie Tron from 1982 and it was made by Ansem the Wise. Long ago, Ansem the Wise copied a computer system created by ENCOM for his own computer system and renamed it Hollow Bastion OS, creating Space Paranoids. It was to be used for Radiant Garden's town maintenance and his personal research.

Quake Woman: Wow! That's interesting.

Nico: No kidding. But this is amazing.

Lincoln: It sure is.

Me: Just be careful guys. No doubt the Heartless will be there too.

Nico: Got it.

They walked on and they saw a blue man in a techno suit and it was TRON!

Nico: That's him.

Misty Tredwell: Hey there, Tron!

Tron: Greetings to you all.

Eli: Tron it's great to see you again.

Tron: Same to you Eli. How have things been for you?

Eli: Busy as always. We came to help you out.

Nico: We sure did.

Misty Tredwell: Who is our target here?

Me: You guys are going after an evil computer program called M.C.P.

Nico: M.C.P.?

Me: It stands for **M** aster **C** ontrol **P** rogram. And you guys are also going after his Henchman, Sark.

I went over who they were.

---

M.C.P.

The **Master Control Program**, or better known as **MCP** for an abbreviation, is the main antagonist of *Tron* . It is a rogue computer program created by Ed Dillinger (also played by David Warner, and main human antagonist) that ruled over the world inside ENCOM's mainframe computer. During the rule of the MCP, many programs were enslaved and pitted against the program's henchmen, led by

Sark (also played by Warner).

It was voiced by David Warner in the film, and Corey Burton in *Kingdom Hearts II* .

Originally created by ENCOM founder Walter Gibbs, at first the MCP was only a chess program which was left embedded in the company's computer systems.

Years later, Dillinger wrote the MCP to administer the company's computer network; however, the MCP had the capacity to learn and grew beyond the confines of its original programming. It began to steal data from other systems, and took control of several companies and institutions. Its intelligence - and ambition - grew nearly out of control, and the MCP grew to desire nothing less than world domination. In its own words it said it could run things from 900 to 1,200 times better than any human. Dillinger once stated to it that he had made it too greedy, and was surprised that the MCP had made it into the Kremlin's computer system. Dillinger appeared to begin having reservations about letting the MCP get so powerful, which are realized when it threatens to expose his unsavory deeds to the Wall Street Journal if he tries to move against it. It then asks him (although in a tone that makes it more like an order) about a Chinese language program it had requested.

Eventually, however, the MCP caused its own downfall. It digitized former ENCOM programmer Flynn, who had come dangerously close to uncovering Dillinger's schemes. Flynn, in the computer world, allied himself with Tron, a security program; their combined efforts resulted in the deresolution of the MCP by throwing a disk into the base of the MCP. The MCP then reverted back to its original chess program appearance (which, in the digital universe, appeared as an old man in a control chair) followed by this program vanishing as it was deleted.

The MCP would end most of its conversations with Dillinger and Sark with the phrase "End of Line".

It has resurfaced at the end of Tron: Legacy under the name MCTRL as it contacted Edward Dillinger Jr..

# Sark

**Sark** is the secondary antagonist of the 1982 film *Tron* . He was the right-hand man of the MCP - a living embodiment of the MCP's will and a ruthless tyrant who would do all in his power to prevent the hero of the story from attaining freedom.

When the MCP brought Kevin Flynn into the digital world, Sark was assigned to put Flynn in the games in hopes that he would be derezzed. At first, Sark has some objection in facing off a user, but the MCP tortured Sark into accepting his plan. However, Flynn escapes with Tron and Ram, prompting an annoyed Sark to send in reinforcements after them, though Ram ends up being derezzed by one of the MCP's tanks. Sark was then assigned to capture all renegade programs and bring them to the MCP before engaging into a disc fight against Tron.

Though Tron manages to best out on Sark during the fight by cutting out Sark's head with disc, things took a turn for the worst when the MCP revived Sark by giving him all his functions, allowing Sark to grow in size and strength. As Sark engaged into another battle with Tron, they both witnessed Flynn jumping into the MCP's communication beam, which allowed Tron to throw his disc into the MCP's core. As a result, the MCP perished and Sark derezzed along with him.

## *Kingdom Hearts II*

Sark and the Master Control Program are the main antagonists of Space Paranoids. Sark has been made a Heartless commander by the MCP, empowering him even more. Not much of Sark is heard of after his first appearance, where he begins to de-rez Donald and Goofy in front of Sora, and imprisons the three in the **Pit Cell** . Not long after their imprisonment, Sark is called up by the MCP and suggests that Tron be de-resoluted, but the MCP wants to keep Tron because the latter has access to the password of the DTD database.

His second appearance is at the boss battle against the MCP. Strangely enough, despite having met before, here Sora cannot remember Sark's name until Tron refreshes him. The normal Sark is fought, along with his Identity Disc. Weakened, he tells Tron that they could have made a great team, but Tron flings his Identity Disc at him and knocks him unconscious, as he is more or less a program, and programs can't be killed, only deleted.

Not long after, the MCP revives him and grants all his functions to him, causing him to enlarge. He is a second-hand enemy as his giant-self while you fight the MCP. Like the movie, Sark is defeated along with the MCP, being de-rezzed. He is voiced by Corey Burton.

---

They gasped.

Nico: So he's a chess game that became that bad!?

Me: I know. Just like X.A.N.A. But X.A.N.A. was 1,000 times worst. But we have to make sure M.C.P. doesn't cause anymore trouble ever.

Tron: Yes and that's why I was made. To stop the MCP and make sure he doesn't corrupt anymore programs or security.

Nico: We'll gladly help you.

Nitro Man: Tron, if we're going to make the system MCP free, we'll need to upload an antivirus.

Tron: Affirmative.

Me: I'm on it.

I put in a disk of Team Loud Phoenix Storm antivirus computer defense and installed it.

Me: Help is on the way guys. You may want to hold still.

They held out their hands and they had energy swords surging with computer code and the elemental forces of nature.

Nico: Whoa!

Sora: So cool!

Me: These are Matrix Element Swords and they will be used to help you destroy heartless and bad programming.

Lincoln: That's perfect!

Laney: Awesome!

Lisa Loud: Indeed. Nice job J.D.

Me: Thank you. Sark and MCP is gonna come at you with full force so be ready for anything they can throw at you.

Nico: Right!

Greiger: (to Tron) What about your functions? Do we need to restore them?

Tron: Yes and the only way to do that is if we go to the Dataspace.

Nico: Did you get that J.D.?

Me: I sure did. I have a matrix algorithm ready to upload for Tron with some new enhancements. Head over there and I'll upload them to you.

Nico: Roger that.

Vortex: (turns into his vehicle mode) If any of you want to fly inside me, feel free to go in.

Misty: Thanks Vortex.

They went in him.

Rainbow Dash: This is awesome!

They went to the Dataspace.

They got to it.

Nico: We're here.

Me: Okay here we go.

I typed in a code and uploaded and rebooted all of Tron's abilities and restored them.

Rex Goodwin: Tron, all of your systems should be fully operational.

Tron: They all are.

Me: Along with some new upgrades.

His back glowed and he saw that he had matrix angel wings!

Eli: COOL!

Lincoln: You have awesome angel wings.

Sora: That's so cool!

Tron: Wow! How did this happen?

Me: It's part of the enhancements I told you about. The Matrix Algorithm that I uploaded into the system when Tron got his abilities back enables him to fly with Matrix Angel Wings as well as utilize the same powers we all can do.

Nico: Wow! That's incredible.

Lisa Loud: Most impressive and genius J.D.

Me: Thanks Lisa.

Nico: This is amazing!

Long Haul: Now, it's time for some of us to get some Light Cycles. Through the one way that J.D.'s probably never going to approve of.

Me: And I WILL approve of it because it's gonna be the only way to destroy the MCP. Take down some of his minions and steal them.

Nico: Nice!

Lana: Lets get them!

Me: And I'll upload enhancements into them so that they can transform.

Nico: Awesome!

Zarya: Lets go guys!

They went to the Game Grid and there they found SARK!

Nico: Sark!

Sark: Welcome to the game grid.

Maria: Game grid?

Sark: That's right, you've been chosen to play a few games. Lose, and you will be subject to immediate de-resolution. Win? Well, (chuckle) no one ever wins.

May: We're not gonna play your games! We don't make deals with villains like you!

Sark: This time, you have no choice.

Kalin: (growls) Fine. We'll play this little game of yours. But not because you told us to!

Me: Don't worry guys, he'll get what's coming to him. Just roll with it.

Nico: Okay.

Me: Besides, he's in for a surprise he won't see coming. (Sinister chuckle)

They went to the grid and got Light Cycle bars.

Nico: Here we go!

They ran fast and their Light Cycles formed and they were awesome!

Me: Now comes the fun part.

I typed in a code and it had the Light Cycles become equipped with a multitude of weapons and abilities and it was amazing! They blasted many of Sark's minions with lasers and missiles and more and shattered them into a million pieces and destroyed them in an instant!

Nico: WHOO-HOO! This is awesome!

Zarya: YEAH IT IS!

Lincoln: AWESOME!

Lincoln saw a ramp and did an awesome trick. He did a 360˚ spin and then fired lasers at a bunch of minions.

Carly had formed sawblades and slashed numerous minions all over.

Misty Tredwell: Take this!

She fired missiles and blew them apart.

Kalin: So awesome!

They won!

Sark: IMPOSSIBLE! THIS CAN'T BE HAPPENING!

Me: But it is Sark. And we're just getting started.

Later everyone was on the Solar Sailer.

They were on the sailer as it went across the data stream to the M.C.P.'s hideout.

Blaster Tron: Scanning for any Heartless near the sailer.

Tron: (to Blaster Tron) I can tell that you're enjoying being in this world.

Blaster Tron: Affirmative. It is fun.

Nico: It sure is.

Me: You're almost to the Central Processing Unit of the computer. That's where the M.C.P. is at.

Nico: Okay.

Later they arrived at the main dock of the CPU and they got off.

Nico: Here we are guys.

Me: Be ready for anything.

Nico: Right.

Then a monster appeared and it was the HOSTILE PROGRAM!

Carly Atlas: It's a Hostile Program!

Twilight: Is it another Heartless?

Tron: No. This is actually the M.C.P.'s own creation.

Nico: Lets delete this technological monstrosity!

Me: Here comes some extra help guys!

I typed in an equation and then everyone got awesome energy blasters and awesome matrix tanks.

Nico: COOL!

Me: Meet the Matrix Surplus Special tanks.

Varie: So awesome!

They fired energy blasts from the tanks and destroyed the Hostile Program with ease.

Vince: AWESOME!

Carol: That was incredible!

Tron: Most amazing display.

Me: It sure was.

Nico: Yeah!

They went to the center of the Computer.

Elena: I bet Sark and the M.C.P. won't stand a chance against my lightning attacks.

Lincoln: Or mine and Linka's.

Eli: He won't stand a chance against any of us.

Me: Don't get overconfident guys.

Zarya: Yeah it's not good.

Nico: Right.

They arrived at the main CPU and saw the M.C.P.

Nico: WHOA! The M.C.P.

Me: Whoa! It's just like in the movie.

Dexter: It reminds me of an evil computer game I got.

Nico: Wow.

M.C.P.: Welcome Team Loud Phoenix Storm. I have been expecting you.

Nico: You are about to be deleted.

Tron: No more will you terrorize the world again!

M.C.P.: Tron… Don't you understand? We don't need Users. We've advanced-they're superfluous. Team Loud Phoenix Storm is proof of this fact. They have proven that they will turn on each other at any given opportunity.

Webstor: Well, you're not exactly Mr. Perfect either. After all, we did get past your Hostile Program.

Nico: Yeah! So you better get ready bad program because it's time for you to be deleted!

Jeri: I already faced the horrors of an awful computer program out to destroy the world, now we won't let you destroy anyone else!

Lincoln: Yeah! So get ready to be deleted!

Eli: Big time!

Me: That's right! You will pay for your crimes!

Kaos, El Oso, Carmen Dillo, Duff Killigan, INSTIGATOR, Tchang Zu, The Vreedle Brothers and Electro then appeared.

Me: Kaos, El Oso, Carmen Dillo, Duff Killigan, INSTIGATOR, Tchang Zu, The Vreedle Brothers and Electro.

El Oso: (Spanish Accent) Strange seeing all you here amigos.

Bai Tza: Good to see you here brother.

Tchang Zu: Indeed sister. You are looking well.

Kaos: We saw that Light Cycle race of yours.

Maria: You did? How did we do?

El Oso: You all did excelente!

Carmen Dillo: What I wouldn't give to try out one of those in the future.

Electro: I have to admit. This world is really nice. (to Sark and the MCP) In fact, I could probably delete you two in a snap of a finger!

Eli: Try it.

Me: This I got to see.

Electro: Was that J.D.?

Duff Killigan: (Scottish Accent) Aye. Where is the lad?

Me: I'm outside at the controls for the computer. I'm helping everyone on the outside.

Nico: J.D. is using his computer skills to help us out in here.

Misty: It's true. He is a genius in this field.

Me: Learned all I can from computer and technological engineering in High School.

Electro: Cool! Lets see here.

Electro snapped his fingers and he deleted Sark in just a snap with a powerful blast of lightning! Sark was deleted in an instant!

Me: WHOA! He did it!

Nico: He sure did!

?: No kidding!

A figure came out and it was MIDAS HOUND from episode 39 of Zeo!

---

The **Midas Hound** first appeared in the form of a small dog statue known as the Midas Hound. It could transform ordinary items into gold, but soon began transforming things at random on its own. Jason's body became a lifeless solid gold statue. The Midas Hound was made giant and turned parts of the Super Zeo Zords to gold. After Jason's body was revived, he shattered the Midas Hound with Pyramidas. The true Midas Monster (looking somewhat like the Midas hound himself) revealed himself by popping out like someone popping out of a birthday cake. Tommy was able to use the Red Battlezord to destroy the Midas Monster's Goldarizer, causing everything to turn back to normal. An enraged Midas Monster then locked all the Zords up with chains and zapped them with electricity. The Zeo Megazord then broke the chains off with its saber, but before the Midas Monster could do something else to them, they formed the Zeo Ultrazord which promptly destroyed him.

---

Kat Hillard: (Australian Accent) Midas Hound!

Midas Hound: Been a while rangers.

Me: I remember you! You were sent in the form of a small dog statue and you turned Jason into a solid gold statue! 24K gold.

Midas Hound: That's right! Good memory. Wait a second was that J.D.?

Nico: It sure was. He's right outside helping us from the computer keyboard.

Midas Hound: I see.

Nico: (to Midas Hound) Before we fight you, can you turn some of our old stuff into gold?

Midas Hound: Sure. Which stuff do you want turned into gold?

They pulled out some phone case covers and iPad covers and they had some old clothes and they had those all turned to Gold.

Me: Ooh. Pretty.

Nico: Golden!

Luan: (Laughs) That was a good one!

Eddy: (Laughs) Good one!

Me: (Laughs) That was funny.

Midas Hound: It sure was.

?: Too bad it will be your last joke when I kill you bitches!

A figure came out and it was THE HARVESTER!

---

The **Harvester** is a sadistic man and the main antagonist of The

Horror Film of the same name that Lincoln Loud was scared of in The Loud House episode, Price of Admission.

The Harvester is seen as a sadistic serial killer, according to The trailer for the film he was once a simple farmer, whose land was ravaged by a drought. when his land was dried out, he went mad, and began to slaughter humans and harvest their own organs.

He first appeared in the official trailer where he kills and murders his victims whenever he spots them. Lincoln Loud wanted to go see the movie but his parents told him that he isn't old enough to see the film, so they decided to go see The Blarney film instead. Lincoln decided to sneak out to see The Harvester so he won't tell his parents about it. after Lincoln saw the film, he saw everything in the house scary and creepy because he saw the movie and was scared of it. Lincoln stayed up all night and was frightened by The Personality of The Harvester himself. the next morning Lincoln told his parents that he saw the Harvester without their permission but they told Lincoln that they were wrong about him not seeing the movie for being too young. so they all decided to see the film. but Lincoln told his parents the real truth about him seeing the movie without them so his parents changed their plan and went to see the Blarney movie instead of The Harvester.

---

Lincoln: THE HARVESTER!

Maria: (sees the Harvester) What the Hell?! I thought the Harvester was sent to the Warp!

Brittney: Actually that was an illusion created by Bill Cipher. But his hatred is so incredibly strong towards everyone that not even the Bill Cipher's destruction and banishment to the Warp can keep him away.

Harvester: That's right! And I will kill all of you!

Twilight Sparkle: So this monster is the Harvester!?

Lincoln: Yeah! He's the monster that scarred me for life!

Me: He was a Horror Movie monster. He was a farmer that went mad and slashed and killed many people left and right after a drought destroyed his farm. He killed all those people for human organs!

Tchang Zu: He has no honor.

Me: No he doesn't. Men, women, children, he kills them all without a single shred of remorse and savage disregard for human life.

Eli: I remember that! But how did he get here!?

Harvester: Thanks to this.

He pulled out a Number Card and it was NUMBER 24: DRAGULAS THE VAMPIRIC DRAGON!

They gasped.

Eli: Number 24: Dragulas the Vampiric Dragon!

Nico: Horrifying! Lets get them!

Me: Get them guys!

They went at him!

---

Battle 1: Twilight Sparkle, Luster Dawn, Princess Celestia, Princess Amore, Flurry Heart, Star Swirl the Bearded, Minuette, Twinkleshine, Lemon Hearts, Moondancer, Runo, Blade Tigrerra, Magic Skylanders, Golden Queen and Tussle Sprout VS Kaos

---

Kaos was first.

Kaos: (to Twilight) If you run into anymore of your enemies, I, Kaos, will help you destroy them!

Twilight Sparkle: We still have lots of enemies roaming around all of Equestria and they are all on Team Loud Phoenix Storm's hit list.

Luster Dawn: But there are also some that can be redeemed like Cozy Glow. J.D. promised to save her from herself.

Princess Celestia: She's not really bad. She just snapped because she lost her mother.

Me: It's true Kaos. Cozy Glow lost her mother Aurora Shine to a terminal disease on her birthday. Because of that, Cozy Glow was devastated and it left her all alone. This caused her to snap and she wanted to use the power of the Elements of Harmony to bring her mother back. When Sunset Shimmer told me all about it, I told Princess Celestia all about it and I promised to save Cozy Glow from herself.

Kaos: Oh man.

Minuette: Oh Poor girl.

Princess Amore: Yeah. That must've been really bad for her.

Flurry Heart: It was. It messed with her head big time and that's what caused her to become like she is.

Star Swirl: Poor girl. She needs her mother more than ever.

Twinkleshine: She sure does.

Lemon Hearts: Yeah.

Moondancer: We didn't know about this until J.D. told us all. But if I was the one that found out about that, I would do the same thing myself to help an orphan pony reunite with her family.

Runo: That's a big deed.

Blade Tigrerra: It sure is. But that shows how selfless you can be.

Spyro: It sure does. And Cozy Glow's heart was fractured after she lost her mother.

Pop Fizz: Big time.

Ninjini: Yeah.

Golden Queen: She needs her golden light returned to her.

Tussle Sprout: Big time.

Kaos: Indeed. Lets do it!

They went at him.

Twilight Sparkle, Luster Dawn, Princess Celestia, Princess Amore, Flurry Heart, Star Swirl the Bearded, Minuette, Twinkleshine, Lemon Hearts, Moondancer, Runo, Blade Tigrerra, Magic Skylanders, Golden Queen and Tussle Sprout: SKYLANDS ELEMENT STYLE FORMATION ART: MAGIC MEGABLAST STRIKE!

They spun in a triacontakaienneagon formation and fired a massive blast of magic and it hit Kaos and knocked him down.

Twilight Sparkle: YEAH! That was awesome!

Luster Dawn: It sure was!

Princess Celestia: That was fun!

---

Battle 2: Sunset Shimmer, Wallflower, Cayenne, Pepperdance, Firecracker Burst, Gusty the Great, Dan Kuso, Drago, Fire Skylanders, Threatpack and Cross Crow VS El Oso

---

El Oso was next.

El Oso: (to Sunset Shimmer) I remember that you guys sent the Harvester to the Warp when you fought Bill Cipher. That's also the day when I first met you guys.

Sunset Shimmer: I think that version of The Harvester was an illusion because Bill Cipher had so many interesting powers.

Wallflower: I was thinking exactly the same thing. Bill Cipher caused so much pain and terror and did many illusions of fear.

Cayenne: Yeah. That's what we remember.

El Oso: Well you do have a point about that. But what Bill Cipher did was terrible.

Pepperdance: Yeah that was awful. But thank goodness we got rid of Bill Cipher.

Firecracker Burst: Yeah he deserved to be banished to the Warp.

Gusty: Absolutely. He was a monster!

Dan: Yeah!

Drago: Pure evil.

Flameslinger: I hope The Harvester gets what's coming to him this time.

Sunburn: And be burned by the flames of justice.

Hot Head: Yeah! Big time burn.

El Oso: Lets get it on!

They went at him.

Sunset Shimmer, Wallflower, Cayenne, Pepperdance, Firecracker Burst, Gusty the Great, Dan Kuso, Drago, Fire Skylanders, Threatpack and Cross Crow: FIRE STYLE FORMATION ART: FIRE SKYLANDS INFERNO BLAST!

They spun in a triacontakaioctagon formation and fired a massive blast of fire and knocked down El Oso.

Sunset Shimmer: YEAH! That was awesome!

Wallflower: It sure was! Awesome!

Gusty: So fun!

## Battle 3: Fluttershy, Tree Hugger, Mage Meadowbrook, Zecora, Princess Luna, Snowdrop, Children of The Night, Shun, Storm Skyress, Life Skylanders, and Quake Woman VS Carmen Dillo

Carmen Dillo was next.

Carmen Dillo: (to Fluttershy) So, are you enjoying being in a computer for the first time?

Fluttershy: It is most fun despite me not being a technology user. I'm more a nature lover.

Tree Hugger: It's far out dudes.

Mage Meadowbrook: It's also really cool that computers can be like this.

Zecora: The bounties of computers are amazing from what we see and the knowledge they give us comes with no fee.

Princess Luna: It sure is amazing. And it's all interesting.

Snowdrop: It sure is.

Gari: We think so too. It's awesome.

Shun: It sure is.

Storm Skyress: I find it all amazing.

Stealth Elf: Me too. And it is most incredible.

Camo: (Spanish Accent) I agree señora.

Tree Rex: Me too!

Carmen Dillo: Same with me. Lets do it.

They went at him.

Fluttershy, Tree Hugger, Mage Meadowbrook, Zecora, Princess Luna, Snowdrop, Children of The Night, Shun, Storm Skyress, Life Skylanders, and Quake Woman: LIFE STYLE FORMATION ART: ANIMAL KINGDOM SUPER BLAST!

They spun in a tetracontakaienneagon formation and fired a massive wave of leaves and fruit and vegetables that formed into a bunch of animals and they slammed into Carmen Dillo and knocked him down and buried him in a huge pile of vegetables and fruit.

Fluttershy: Woohoo!

Tree Hugger: Far out dudes!

Mage Meadowbrook: Yeah it was!

---

Battle 4: Rarity, Sweetie Belle, Thunder Terror, Sassy Saddles, Sapphire Shores, Mistmane, Sable Spirit, Julie, Hammer Gorem, Earth Skylanders, Strike Man and Nitro Man VS Duff Killigan

---

Duff Killigan was next.

Duff Killigan: (to Rarity) Sorry you almost got blown up, lass.

Rarity: I'll be all right but thank you for your concern. I owe J.D. my life for saving me.

Sweetie Belle: Yeah but all that matters is that Rarity is gonna be with us for a long time.

Thunder Terror: You got that right and I love all her clothes she does.

Sassy Saddles: (British accent) She makes amazing fashions.

Duff: She sure does and they are amazing.

Sapphire Shores: They are the best we've ever seen.

Mistmane: They sure are and Rarity makes amazing clothes.

Sable Spirit: She sure does.

Julie: Yeah she does.

Hammer Gorem: Yep..

Flashwing: That's why I think they are luminous and breathtaking and shining like me.

Golden Queen: And all crystals and gold.

Dino Rang: (Australian Accent) You said it mates.

Duff: Aye. Lets do it!

Rarity, Sweetie Belle, Thunder Terror, Sassy Saddles, Sapphire Shores, Mistmane, Sable Spirit, Julie, Hammer Gorem, Earth Skylanders, Strike Man and Nitro Ma: EARTH STYLE FORMATION ART: CRYSTAL SMASHING UPHEAVAL BLAST!

A dark corridor appeared in front of them and out of it came XIGBAR THE FREESHOOTER!

---

**Xigbar**, the **Freeshooter**, is the second member of Organization XIII and the secondary antagonist of the *Kingdom Hearts* series, acting as one of the two secondary antagonists (alongside Saix) of *Kingdom Hearts II* and *Kingdom Hearts 358/2 Days*, the secondary antagonist of *Kingdom Hearts 3D: Dream Drop Distance*, and a major antagonist in *Kingdom Hearts III* .

Though his history with Sora was short, Xigbar had a much longer history with Master Xehanort and Keyblades in general as he saw Sora to be nothing compared to three Keyblade users he encountered through his original self **Braig** ages ago. *Kingdom Hearts III* reveals that he is the current vessel of Luxu, one of the Foretellers from *Kingdom Hearts χ* . He reclaims his Keyblade after Xehanort's defeat and summons his fellow Foretellers.

He is voiced by James Patrick Stuart in English, and Hōchū Ōtsuka in Japanese.

Xigbar was once Luxu, an apprentice to the Master of Masters. One day, before the Master disappeared, he bequeathed Luxu a Keyblade engraved with his Gazing Eye and instructed him to pass the Keyblade on from apprentice to apprentice. However, Luxu was also ordered to keep watch over the Keyblade until a fated "Dark Master" appears to reenact the Keyblade War, passing his heart from body to body. Eventually, Luxu discovered this Dark Master, Master Xehanort, and decided to ally with Xehanort in order to see the Keyblade War through and reunite with the Foretellers.

As Braig, Luxu works as an apprentice of Ansem the Wise in Radiant Garden, and poses as a braggart seeking the Keyblade's power to join Xehanort's side. Braig is offered the ability to use a Keyblade in return for his help in convincing Terra to use the powers of darkness. However, using a staged kidnapping to their advantage, Braig ends up being scarred in the resulting fight with his left eye permanently damaged. After Terra left, a furious Braig attempts to shoot Xehanort from behind for his injuries. But Braig is put in his place as Xehanort tells him they need to make Terra succumb to the darkness while performing his end of their pact. After fighting Aqua in the Keyblade Graveyard to give Xehanort time for his plan to come together, receiving a venomous flare from Ventus he never forgot, Braig fled back to Radiant Garden where he brought Ansem the Wise to Xehanort, now within the vessel that was originally Terra's body.

However, Braig later approaches the new Xehanort, now an apprentice under Ansem, and is dismayed to find that he does not recognize him, and Braig's attempts to help Xehanort remember prove only to annoy him. Braig nevertheless says in a friendly manner that he's got Xehanort's back, having been entrusted with Master Xehanort's back-up plan to use Ansem's research to devise a means of mind control. But in the process, they end up introducing Heartless to the Realm of Light. Sometime soon after, finding Xehanort with his previous incarnation's Keyblade, Braig asked if he is truly Master Xehanort before his heart was removed from his body. However, having a strong will, Braig's Nobody Xigbar came into being and became Xemnas's number II in the newly formed Organization XIII.

### *Kingdom Hearts 358/2 Days*

Xigbar appears for the first time chronologically in *Kingdom Hearts 358/2 Days* . Present when Xion joins the Organization, he is shocked when his seemingly good friend, Demyx, reveals the annihilations that took place at Castle Oblivion. Later joining Roxas on a recon mission to Agrabah, they overhear Aladdin and Jasmine discussing the rebuilding of their city after many sandstorms strike. The Freeshooter later challenges Roxas at Olympus Coliseum when he first enters the Games, claiming to "care about his future" after the defeat of a Guard Armor at Roxas' hand. Xigbar later discussed the defaulting Xion with Xemnas and Saix in Where Nothing Gathers, later challenging "Poppet" himself in Wonderland. Xigbar then sees Xion as Ventus, and Xion is able to quickly strike Xigbar down with the power she was unknowingly sapping from Roxas.

*Kingdom Hearts II* Appearance at Hollow Bastion

Not long after arriving in Hollow Bastion and reuniting with Aerith, Leon and Yuffie, Sora engaged a number of Dusk Nobodies in battle around the city. After being led away from the main town, Sora, Goofy and Donald heard voices mocking them, but could find no source for them. After Sora demands that they show themselves, the remaining Organization members (having lost five members due to deaths and two others due to desertion) materialize, laughing. Though they are hooded, they are recognizable as the Organization from the description given to Sora and his companions by Yen Sid. The Organization eventually departs, but Xigbar, still cloaked and hooded, stays behind to taunt Sora further, making them feel anxious about the power of the Organization. He also openly compares the similarities between a look Sora gives him and one given to him by Ventus; Sora dismisses this as random banter meant to confuse him. Xigbar then leaves, staying out of Sora's way for a very long time.

The Land of Dragons

Sora encounters Xigbar again in at the gates to the Emperor's throne room in The Land of Dragons. Having encountered another hooded man and suspected him to be his missing friend Riku, Sora inquires if he is the same person. Xigbar removes his hood, revealing otherwise and remarking that he had never heard of anyone named Riku. Xigbar summons his Snipers to distract Sora while he escapes. The diversion works, although the Nobodies were defeated, and Xigbar is able to continue his mission of summoning a enormous Heartless to harvest hearts for the Organization's plans. He manages to set the Storm Rider on the city, but it is soon destroyed by Sora, Mulan, Donald and Goofy.

### The World That Never Was

Xigbar's final appearance in the game is in The World That Never Was, inside Organization XIII's stronghold. After Riku and Naminé helped Kairi to escape from the Organization, they head for the Hall of Empty Melodies, a large, open-air room leading further up into the castle. Sora and his party arrive there, but are stopped by Saïx, who calls out swarms of Shadows and a few Armored Knight Heartless to attack the intruders. Maleficent and Pete also arrive, expressing interest in taking the Organization's castle for themselves. Eventually, Maleficent and Pete leave to formulate a plan for taking the castle, and Saïx heads up to rejoin Xemnas. Sora and Kairi remain separated as Riku and Kairi remain above Sora on a balcony, fighting off the Heartless gathered there. Many Heartless attack Sora as well, but they are all dispatched in a sudden rain of arrows from a hidden Xigbar. He walks into view, and asks if Sora has been a good boy mockingly, echoing the words from his first encounter with Sora. He states how Sora put the Organization in a "pickle", and he supposes that was the reason the Keyblade chose him. He also makes a very cryptic remark on how he wasn't "half the hero the others were". Sora simply takes it as an attempt to throw him off. Xigbar then engages Sora in battle, referring to him as "Roxas" and expressing anger at him for betraying the Organization. Ultimately, he is defeated and begins to fade into the darkness. Before he disappears, Sora asks him why he called him "Roxas", to which Xigbar merely responds, "Wouldn't you like to know?"

### *Kingdom Hearts II Final Mix*

*Kingdom Hearts II Final Mix* contains several additional cutscenes of Organization XIII's activity. One shows a conversation at an unknown time between Xigbar and Zexion, with Xigbar having recently returned from finding new members for the Organization (including Marluxia, whom he mentions as a new recruit) while Zexion and Vexen were discussing Xemnas' visit to the Chamber of

Repose. Xigbar expressed his knowledge about the events of Keyblade warriors that appeared before they found Xehanort. He also talked about his eavesdropping on Xemnas during his visits to the Chamber of Repose, and how he seemed to be conversing with someone that wasn't really there.

*Kingdom Hearts 3D: Dream Drop Distance*

Summoned by Young Xehanort, due to being "half-Xehanort", Xigbar is made a member of the True Organization XIII and aided in baiting Sora into their trap.

*Kingdom Hearts III*

Xigbar returns in *Kingdom Hearts III* as a major villain.

Xigbar first appears in Olympus mocking Sora and his company, toying with his mind as usual before uncharacteristically encouraging Sora not to change who he is and seek to restore the hearts connected to his. In that same world, he observes Maleficent and Pete digging up Pandora's Box, mistaking it for the Black Box from the age of fairy tales. Once Maleficent realizes it's not the right box, both leave. Xigbar, seemingly disappointed it was not the Black Box, begins to recite the old saying "May your heart be your guiding key", though the scene cuts after the first few words.

However in the remind DLC the scene continues with Luxord appearing to confront him using a riddle, Xigbar tells Luxord to do his tasks but Luxord simply reminds Xigbar that he is always carrying out his orders from his higher ups but also states he cant help himself but observe his opponents strategies. he further asks him why the Black box is suddenly important to the Organization and if it was either Xemnas and Xehanort who gave out the order. Luxord quickly rules out Xehanort stating he only cares about the clash between the seven lights and thirteen darknesses and as such having little interest in the black box. Leaving Xemnas and the one who informed Luxord of his task Xigbar him self. Xigbar denies informing him of task stating it was Xemnas that gave him his task. However Luxord states his inquires suggested otherwise causing Xigbar to get nervous figuring out that Luxord asked Xemnas of the box. Luxord begins to question of his intentions with the box, Xigbar lies to him stating he does not know what is inside the box but states he heard the it contains important secrets of past Keyblade wielders when Luxord asks him where did he hear about this Xigbar continues to lies to him stating he does not know. Beginning to be suspicious of Xigbar, Luxord throws a card to him which Xigbar catches. Luxord begins to interrogate him further stating that he is in a rush to secure it before others such as Maleficent and Pete find it to keep his secret connection to the black box from those around him he finally asks him who his real identity was. When Xigbar refuses to answer aside from glaring at him, Luxord lets his guard down stating it doesnt matter to him altogether, he states he will continue to pretend to feign ignorance before he teleports away. After this, Xigbar asks aloud who Luxord's true identity was.

Xigbar appears again with Xemnas and Ansem overlooking Twilight Town, warning them not to underestimate Sora as he has done some damage to their plans in the past and could easily do it again.

During a meeting with some of the Organization members, Larxene reveals Xigbar is the driving force behind the Organization's search for the Black Box, though none of the others seem to know what's inside of it as according to her Xigbar refuses to tell anyone about the black box.

Once the fated battle at the Keyblade Graveyard finally arrives, Xigbar appears with Dark Riku on two different occasions first he walks by Dark Riku's side after the former taunts his counterpart, telling Riku that he was making sure he want on the path toward a second failure amd informs the guardians if they have what it takes against they Organization they will have to prove it Xehanort one final time, he then turns to Dark Riku telling him to "take it away" before disappearing, he later joins Dark Riku and Ansem against Riku and Sora at the Trail of Valediction. After fighting Sora and Riku, Xigbar, seemingly defeated, reveals to them his motivation for working with Master Xehanort was the promise of wielding his own Keyblade. Sora and Riku rebuke the idea of Xigbar being worthy of a Keyblade, and Xigbar, laughing at the irony, teleports to the top of the labyrinth and seemingly falls to his death.

After Xehanort's defeat, a still-alive Xigbar retrieves Xehanort's Keyblade and summons four of the Foretellers. Revealing himself to be their erstwhile companion Luxu, Xigbar explains what happened in the later years. Watching from afar was Maleficent and Pete whom seemingly gave up their search of the black box.

---

Nico: Xigbar!

Xigbar: Fancy seeing all of you here and J.D. sure did a great job helping all of you with his technological skills.

Nico: That's J.D. for you. It's because he went to Computer Club in High School.

Xigbar: He sure is talented.

Me: I appreciate that Xigbar.

Leni: This is gonna be totes amazing!

Leni walked up to him.

Xigbar: (to Leni) Kid, you may have gravity powers like me. But I can easily shoot that sword of yours out of your hand.

Leni: I don't need my sword to face you.

Leni was ready for action. She had swirls of 4th Dimensional Energy swirling around her with incredible fury.

Leni: I'm totes ready for anything.

Suddenly a massive vortex of 4th Dimensional Energy exploded out and went high into the sky and formed into a black hole that sucked in numerous evil villains that weren't worth our time and she absorbed all their power and negative energy and all that and she even sucked in the energies and power of stars and everything. The Black Hole then vanished and went back down and Leni was in a dome of energy and she emerged forever changed! She looked like a 21-year-old girl and she had seafoam green highlights in her hair and she had earrings in the shape of the kanji for Star on and she had the endless voids of space in her sclera and she had a White

Hole pushing out stars and galaxies emblazoned in the middle of her forehead. She had a shirt on with stars, planets, galaxies, nebulae and more and she had a black skirt with stars and planets and galaxies and she had black leggings and she had black combat boots. She had a black sleeveless trench coat with stars, planets, galaxies, nebulae and more and it had the kanji for Leni Loud, Champion of the Stars and Gravity of the Universe and Great Fashionista Star of Justice. She had angel wings of the stars and universe and she had a hilt on her right hip that was a star sword. She was now a SUPER ANGEL 25,000,000 UNIVERSAL STELLAR GRAVITY FORCE!

Me: WHOA! Wow! Leni looks amazing!

Nico: WHOA! Leni transformed!

Eli: She looks incredible!

Becky: WOW!

Lincoln: Leni how do you feel?

Leni: (Divine Stellar Echoing Voice) **I feel totes amazing Lincoln. I feel like the powers of the universe are flowing through me.**

Eli: Wow!

Nunnally: Leni you look amazing!

Zarya: Wow! It's like she has over 13.7 billion years of the secrets of the universe inside her.

Lincoln: Yeah!

Leni: **Time to show him the power of the universe at its most intense.**

Leni then went at 2,295,097 miles per hour and punched Xigbar in the face with incredible force and strength and smashed him down and then she fired a massive blast of Black Hole Jet Energy at 99% the speed of light and it sent Xigbar flying and he crashed into the wall.

Me: WHOA! That was powerful! That was jet energy from a black hole!

Lisa Loud: Unbelievable!

Dexter: Amazing! She unleashed that kind of energy at 99% the Speed of Light!

Nicole: Incredible!

Nico: Wow!

Xigbar got up.

Nico: That was intense.

Xigbar: You know. There's an old saying that I heard relates to warfare.

Maria: And that would be?

Xigbar: (smirks) Always join the winning side.

Bentley:… So, does that mean you'll join the Masters of Evil at some point.

Xigbar: (laughs) Of course I will!

Xigbar then talked to Nico telepathically.

Xigbar: (telepathically) You better not tell anyone else who I really am!

Nico: (telepathically) Relax, Master Luxu. Like I said before, your secret is safe with me.

Nico winked at him.

Xigbar smiled.

Me: Before you leave Xigbar, I have this for you.

I pulled out Xigbar's Keyblade that was stolen by Xehanort. It was his Gazing Eye Keyblade and I beamed it to him and it appeared into his hands.

Xigbar: My old keyblade! Thank you J.D.

Me: I found it in the Keyblade Graveyard.

Xigbar: Thanks J.D.

Me: You're welcome.

Xigbar then left.

Tron: I can't thank you all enough for helping to stop the MCP.

Duff: It was our pleasure, lad.

Tchang Zu: And now, we never have to see that evil program or Sark ever again.

Sora then hugged Tron.

Tron: Well, this is sudden.

INSTIGATOR: Isn't that what friends do before saying goodbye.

Rhomboid: Look, Tron. We don't know what else will happen in this world. But whatever happens, you'll always be a friend of ours.

Tron: Thanks guys.

Me: Just wait till we go to the world from 28 years later. You'll all REALLY be in for a treat.

Nico: I know. But this time you're coming with us J.D.

Me: I know. (Laughs) But great job guys. You really did a great job.

Zarya: Thanks J.D.

Nico: This was awesome.

Me: Ready to come back guys?

Nico: We sure are. This was awesome.

Me: It sure was. Here we go.

Tron: (To the viewers) Computers are fun but be careful how you handle them.

Me: Absolutely.

I beamed everyone back and it was an awesome adventure.

Me: This was so fun.

Nico: It sure was! AWESOME!

Me: I know. Now all we have left is The World That Never Was.

Nico: Yep. And the Digimon Emperor will soon be laid to rest.

Me: Amen to that. He fucked around with us for the last time. (Eyes Glowed Red) Xemnas and the Digimon Emperor better start praying!

Eli: Big time!

TO BE CONTINUED…

---

Part 12 done. Tron from 1982 was amazing! I never saw the movie from then but I heard it was amazing. The one from 2010 was incredible and awesome! Even after 28 years have past it was still incredible! The final part of the saga is next and we're going to make sure that Organization XIII is silenced for good and Xemnas is gonna pay along with the Digimon Emperor and we're going to make sure the Digimon Emperor never torments Nico again and fix his broken soul. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys.

See you all tomorrow.

# Light and Hearts Part 13 - Finale

THE WORLD THAT NEVER WAS

---

Today was D-Day and it was time to make sure that Xemnas pays the ultimate price for all his crimes and we're also going to make sure that the Digimon Emperor suffers intensely for his crimes too. The last 12 days have been nothing but a fucking nightmare from Hell for all of us because of them! But this time we're not gonna let the Digimon Emperor OR Xemnas get away with their crimes. And we're going to make sure they suffer for EVERY single one of them. At the estate we were getting ready for war.

Me: This is it guys. We're not gonna let the Digimon Emperor and Xemnas torment the worlds and us anymore.

Nico: That's right. They will pay for all their crimes.

Eli: Big time! We'll make sure both of those assholes pay dearly for their crimes.

Nunnally: We sure will!

Nico: Look, guys. I want to say that I'm sorry for being a complete jerk the last few weeks. I know the Digimon Emperor made me do those things. But I'm to blame for those things as well. I guess it's because I felt unappreciated as second in command and that my suggestions were being ignored most of the time. I don't expect you all forgive me. I just want you guys to know. I understand if you guys want me to stay out of the battle against Xemnas because of this. I mean, without me to hold you guys back, you'll be free to recklessly kill Xemnas after what happened the last week.

Lena Isis: Personally, I know you'd never do all the things the Digimon Emperor did.

I put my hand on Nico's shoulder.

Me: Nico none of those things was your fault. It was the Digimon Emperor that made you do all those things against your will. None of those things was your doing.

Eli: That's right big bro. You are not to blame for everything he did.

Me: But after we kill Xemnas, he will be erased forever when we Super Hakai him.

Xion: That's right. Xemnas and most of Organization XIII hurt so many worlds and caused countless lives to suffer.

Sora: Including me, Riku and Kairi.

Aqua: As well as me, Ventus and Terra.

Me: Yeah. And he will pay for his crimes. He has unleashed the Wrath of God.

Vince: Big time. And we're gonna come down on him like the Sword of Damocles.

Twilight Sparkle: Big time. With intense fury.

Krystal: (British Accent) That's right Nico. The crimes of Xemnas are completely unforgivable. We cannot let them go unpunished and do whatever they want anymore.

Nico: That's right! We will gladly make sure they pay.

Krystal: Nico, why don't you explain more about this contingency plan you developed?

Nico: Sure. It was actually Ed's idea. He invented this powerful poison that will neutralize my powers for 72 hours and unless the antidote is administered, I'll be powerless.

Me: And I have the poison and the antidote.

I pulled out the containers full of the poison and the antidote. One was a green liquid and that was the poison and the other was red and that one was the antidote.

Me: The green liquid is the poison. Once it's administered it will make Nico powerless for 72 hours. The red liquid is the antidote.

Dreadwind: I thought you're immune to poisons.

Nico: This poison is powered by a Dark Orb. Like the other contingency plans.

Me: It's true.

In the bottle of the poison I showed that there was a tiny Dark Orb on the bottom of the poison container that was no bigger than the point of a pin.

Me: You can't see it. But it's there.

Nico: Tiny.

Grapple: (to me) So, basically, Nico's life is in your hands?

Me: Exactly. Nico has been there for us and now it's time for me to be there for him. Like I keep telling you all, Nico and the Masters of Evil made these contingency plans to prevent all you guys from going rogue or corrupted like the Justice Lords and the Royal Defenders.

RD Me: Those are genius plans though.

Me: They sure are. And we only use these plans to neutralize ourselves in case such a scenario would arise. Nico used Magic Mushrooms and Sleeping Pills to have the Digimon Emperor stop.

Nico: It was the stupidest idea to use Magic Mushrooms.

Twilight Sparkle: But it did work.

Me: Yeah. Even though it was stupid. Sleeping pills was the smart approach.

Nico: Yeah.

Maria: Before we go take Xemnas down, let's get the usual battles out of the way. Who know? Some of us might even get new transformations.

Me: We just might. Good idea. But also, Xemnas is my target and I will never forgive that monster for ruining so many lives.

Xion: Especially mine!

Nico: YEAH!

Simon Maddicks A.K.A. Killer Shrike, Xaldin, Firefly, Leonard, Living Laser, Bane, Skinner and Chalmers then appeared.

Me: Simon Maddicks A.K.A. Killer Shrike, Xaldin, Firefly, Leonard, Living Laser, Bane, Skinner and Chalmers.

May: Thanks for coming, guys.

Xaldin: (smiles) We wouldn't miss this for the world.

Firefly: This is gonna be a big battle. So the usual battles will be like training for you guys.

Leonard: And my battle will result in pork for the victory party.

Killer Shrike: Not to mention that this is my first usual battle.

Me: It sure is Simon. This is gonna be awesome.

Rice Fitzgerald: I can't wait to have some fun.

Sean: Me too.

Rice: It's gonna be an honor to have you as my archenemy.

Killer Shrike: Awesome.

?: Yeah it is!

A figure came out and it was MAD MIKE THE PIZZA CHEF and he was back for round 2.

Me: Mad Mike the Pizza Chef. I see you're back for round 2.

Mad Mike: Yep.

T.J. Johnson: So, Dark revived you as well, huh?

Mad Mike: That's right! And I cooked some pizza for the victory party after the mission.

Me: Awesome! And you know how much we love pizza. And the pizza you turned me into? I was REALLY tasty.

We laughed.

Nico: That was funny!

Lincoln: But I would NEVER eat you J.D.

Me: Thanks buddy.

Eli: He turned you into a pizza?

Me: Yeah and I was really tasty.

We laughed some more.

Nico: That still was funny.

Laney: Yeah it was.

Me: Lets get it on shall we?

Rice: Lets!

They went at them.

---

Battle 1: Rice Fitzgerald, Fluttershy, Mage Meadowbrook, Marucho, Gulper and Grave Clobber VS Simon Maddicks A.K.A. Killer Shrike

---

Killer Shrike was first.

Killer Shrike: (to Rice) When did you first meet Sean?

Rice: It was shortly before our worlds merged after Jaime and all of Team Loud Fairywind killed Lucretia Paradigm. We grew close ever since.

Futtershy: That is so romantic.

Mage Meadowbrook: It sure is and you are so lucky Rice.

Marucho: You got that right. Our worlds merging brought you all together.

Gulper: Gulper agree on that. After this can I have some soda?

Grave Clobber: Soda is good.

They laughed.

Killer Shrike: Yes it is. Lets do it!

They went at him and Killer Shrike and Rice engaged in a powerful fistfight. They were showing powerful martial artist moves and they were kicking and punching and blocking and more. They were REALLY going at them all over. Rice was a REALLY good martial artist. She kicked him in the face and sent him flying.

Fluttershy: Whoa! Rice you are really good!

Rice: I've learned so much from Jaime and J.D. and they taught me so much even before our teams became one.

Mage Meadowbrook: Wow! That's amazing.

Marucho: It sure is.

Gulper: Gulper agree.

Killer Shrike got up.

Killer Shrike: Wow! Rice you are good. Jaime and J.D. taught you really well.

Rice: Thanks. Lets finish this.

They went at him.

Rice Fitzgerald, Fluttershy, Mage Meadowbrook, Marucho, Gulper and Grave Clobber: WATER NATURE STYLE FORMATION ART: CRAB MAELSTROM BLAST!

They spun in a hexagon formation and fired a massive blast of water that formed into a huge swarm of crabs and they hit Killer Shrike and knocked him down.

Rice: Thanks. It's gonna be so much fun.

Battle 2: Beast Boy, Rainbow Dash, Scootaloo, Magma Gloom, Flash Magnus, Shun, and the Jungle Fury Rangers VS Xaldin

---

Xaldin was next.

Xaldin: (to Beast Boy) Thanks for getting rid of my evil self.

Beast Boy: You have Lori to thank for that. But she is very powerful with the wind.

Rainbow Dash: Bobby made an awesome choice picking Lori.

Scootaloo: They both were made for each other.

Magma Gloom: You got that right. It was a match made in heaven.

Flash Magnus: They sure are perfect.

Shun: Yep.

Xaldin: I can see that. And I see you all have All the Jungle Fury Rangers this time.

Casey Rhodes: Yep. We want to make this more interesting.

Theo Martin: It's gonna be fun.

Casey Rhodes: Lets get it on!

Jungle Fury Rangers: JUNGLE BEAST! SPIRIT UNLEASHED!

The Jungle Fury Rangers transformed and they were ready!

Casey: "With the strength of a Tiger! Jungle Fury Red Ranger!"

Lily: "With the speed of a Cheetah! Jungle Fury Yellow Ranger!"

Theo: "With the stealth of a Jaguar! Jungle Fury Blue Ranger!"

R.J.: "With the courage of a Wolf! Jungle Fury Wolf Ranger!"

Camille: "With the cunning of a chameleon! Green Chameleon Warrior!"

All: "We summon the Animal Spirits from within! Power Rangers Jungle Fury!"

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind them.

Beast Boy: YEAH!

Xaldin: Lets get it on!

They went at him.

Beast Boy, Rainbow Dash, Scootaloo, Magma Gloom, Flash Magnus, Shun, and the Jungle Fury Ranger: JUNGLE SPIRIT STYLE FORMATION ART: PRIMAL ANIMAL FORCE BLAST!

They spun in a Hexadecagon formation and fired a massive blast of green fire and it formed into the spirits of a Tiger, Jaguar, Cheetah, Wolf, Rhinoceros, Bat, Shark, Elephant, Lion and Chameleon and the blasts all hit Xaldin and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion knocked him down.

Beast Boy: All right!

Rainbow Dash: AWESOME!

Scootaloo: Yeah it was!

---

Battle 3: Lola, Sunset Shimmer, Gusty the Great, Dan, Lea and Francis VS Firefly

---

Firefly was next.

Firefly: (to Lola) So, while you were living a normal live temporarily, what did you do?

Lola: Before I became part of Team Loud Phoenix Storm, i was a beauty pageant star.

Firefly: That's right. I saw all your tiaras and trophies and scepters.

You did so much.

Lola: I sure did.

Sunset Shimmer: I was just like that long ago. It was not a pleasant thing for me.

Gusty: How come?

Sunset Shimmer: (Sighs) It's something I don't like to talk about but here goes.

Sunset Shimmer went over her background and it was not pretty.

---

In an examination hall at Princess Celestia's School for Gifted Unicorns, Sunset Shimmer, Celestia's personal student, prepares to take a magic test in front of three of the school's instructors. She uses a growth spell on a potted plant and makes it grow incredibly large, impressing the instructors and a couple of other spectating students. Later that day, Moondancer[sic], Lemon Hearts, Minuette, Twinkleshine, and Lyra Heartstrings offer Sunset praise for her spell and invite her to have lunch with them. Sunset turns down their invitation quite callously and says that her studies are far more important than socializing. She smugly walks away, earning the ponies' resentment.

Some time later, Princess Celestia talks with Sunset Shimmer, having heard about her hostile attitude toward other ponies. She reminds Sunset of their previous talk about relationships and humility, but Sunset is only concerned about being "the best". Celestia shows Sunset to a Crystal Mirror and asks her what she sees; Sunset sees herself as a powerful ruler of Equestria. She also briefly sees herself as a human, but Celestia dismisses it as a "trick of the light" and guides Sunset away from the mirror.

Every day for the next several weeks, Sunset barrages Celestia with questions about the mirror. Celestia continually tells Sunset she isn't ready to know about the mirror yet and will learn about it in due time. Sunset, however, believes that she is ready to know about it and takes it upon herself to prove it to her teacher.

Going behind her teacher's back, Sunset sneaks into a forbidden library and does research on the mirror. When the librarian wakes up and catches her, she goes to alert the princess. Sunset finally finds information about the mirror just as Celestia and two of her royal guards arrive. Sunset berates her teacher for keeping such magic a secret from her. Celestia tries to be calm and patient with Sunset at first, but when Sunset lashes out and demands to be made a princess of Equestria, Celestia refuses, telling Sunset that gaining royalty must be earned and that she has proven unworthy of such a status. Celestia removes Sunset from her position as her personal student, banishes her from the castle, and has the guards escort her out. While being escorted, Sunset says to her former teacher, "This is the biggest mistake you'll make in your entire life." Celestia replies, "One of many", as a tapestry of her banishing Nightmare Moon hangs behind her.

Later, as Celestia walks through the castle halls, she discovers her royal guards unconscious near the Crystal Mirror. When she wakes them up, they tell her that Sunset took them by surprise and jumped through the mirror. Celestia helps the guards up and has them move the mirror to her throne room in hopes that Sunset will return someday.

In the final panel of the story, Sunset Shimmer steps through the other side of the portal and into the human world, pleased with her new surroundings.

---

Lola and Gusty were shocked.

Lola: Whoa man! Sunset you and I have so much in common!

Sunset Shimmer: We do?

Lola: Yeah I may be 7 years old but I know just how you feel. I never cared about friendship and only striving to be the best was my only goal and the only thing I cared about. But thanks to J.D., I now have many friends and I realize now that I was a monster and friendship, love and all that has made me a better person and helped me be good.

Firefly: Wow. That's incredible. I never knew you two were very similar.

Sunset Shimmer: I know. And I like Lola, I was a powerhungry monster that only cared about being powerful than making friends or all that.

Lola: Wow. But Twilight and everyone saved you from yourself and that's a huge step towards redemption and you became a better person now.

Sunset Shimmer: That's right Lola. Thank you.

Lola: You're welcome.

Firefly: Cool. Lets get it on.

Lola: With pleasure.

They went at him.

Lola, Sunset Shimmer, Gusty the Great, Dan, Lea and Francis: FIRESUN STYLE FORMATION ART: FLAMING SUN PHOENIX BURST!

They spun in a hexagon formation and fired a powerful sun ball and it formed into a deadly phoenix and it hit Firefly and exploded with incredible power and flames.

Sunset Shimmer: That was amazing!

---

Battle 4: Lori, Applejack, Apple Bloom, Frozen Fright, Rockhoof, Julie, Arpeggio and Teresa vs Leonard

---

Leonard was next and he had a massive army of pigs.

Leonard: (to Lori) To be fair, you had no idea Nico caused the release of Burns' group under the Digimon Emperor's influence.

Lori: No I didn't until Oogie Boogie opened his big fat bug filled mouth.

Applejack: But like we keep telling him it was not his fault. If anyone is to blame for all this it's that sidewinder The Digimon Emperor.

Apple Bloom: Yeah and he will get what's coming to him!

Frozen Fright: Big time and he will pay for his crimes!

Rockhoof: (Scottish Accent) Aye. That he will laddies.

Arpeggio: (British Accent) He most certainly will.

Teresa: Yep.

Leonard: I agree. Lets get it on.

They went at him and slashed and sliced and diced and turned all his pig minions into lots of pork cuts and more. They then went at Leonard.

Megan: Are you kidding!? It was some of the best ever! I couldn't stop talking about it all to my brother and my parents.

Living Laser: I bet. Are you still mad at the rest of your family for how they have been treating Kevin?

Megan: Yeah I'm still mad at them. My brothers and the rest of my family have been treating kevin like an outcast and I reprimanded them for it. But it's hard to get through to them even though after 2 and half years have passed since I joined the team.

Twilight Sparkle: I'm sorry that all happened to Kevin, Megan.

Star Swirl: Me too.

Megan: Thanks guys.

Alice: But we can still try talking to them.

Pacifica: We sure can. At least your mom and dad are helping you.

---

Bane was next.

Bane: (to Laney) (Spanish Accent) Why do I get the feeling we'll see Mr. Wertz and the main Chrysalis soon?

Laney: Because I was shown a vision of the future.

Bane: What kind of vision?

Laney: A vision of a terrible war that will destroy all of Equestria and blow the entire world to smithereens.

They gasped!

Rarity: Who did you see in the war?

Laney: I saw Chrysalis, an evil version of Cozy Glow, The Diamond Dogs, King Sombra, General Rabia, Tirek, The Storm King, an evil version of Starlight Glimmer, evil versions of Twilight and Friends but with different cutie marks, Mane-iac, The Pony of Shadows, Nightmare Moon, Daybreaker, Abacus Cinch, Midnight Sparkle and Demon Sunset Shimmer all wreaking havoc all over Equestria and destroying everything in their path and killing everyone!

They gasped in shock!

Thunder Terror: That was no dream! That was a warning and a vision into the future.

Sweetie Belle: Yeah it was a message but that's terrible!

Rarity: We have to warn Princess Celestia and everyone. Did the dream tell you when that war will come?

Laney: It showed me the date of April 12th, 2021.

Bane: That's only two months away!

Diamond Tiara: We're gonna be in for a major battle!

Silver Spoon: No kidding!

Toxic Horror: This is gonna be a wild ride!

Louie PoisonSea: But Twilight and her friends from what I remember dealt with them before and they can do it again.

Sweetie Belle: Yeah it was!

Battle 7: Dana, Starlight Glimmer, Trixie, Juniper Montage, Clover the Clever, Princess Luna, Snowdrop, Children of The Night, Blizzard Man and Tundra Man VS Skinner

Skinner was next.

Skinner: (to Dana) I'm starting to wonder if having my mother sentenced to death is even worth the trouble anymore.

Dana: That's a little too extreme Seymour.

Starlight Glimmer: Yeah your mother is WAY too old to be given the Death Penalty.

Trixie: It's best to just let her rot in prison and let nature take it's course on people like her.

Juniper Montage: That's right. We have to let things take its course.

Princess Luna: That's right.

Snowdrop: I'm glad Luna isn't like your so-called mother. She gives all parents everywhere a bad name.

Gari: Big time. And the Children of the Night would never have a mother like that.

They agreed.

Princess Luna: Thanks kids.

Skinner: That is a good approach. All right lets do it!

---

Chalmers: (to Winx Club Stella) How'd the Digimon Emperor get Burns' group out of jail in the first place?

Stella: He enlisted the help of a genie named Norm and wished for them to be free.

Pinkie Pie: Yeah and it was awful.

Chalmer: I've always liked genies but Norm from what I heard from Timmy is a bad Genie. He needs to be taught a lesson.

Somnambula: (Egyptian Accent) Indeed. He sure does.

Michael Morningstar: Genies are widely known in the world of myth and all that and I've read so much about them in books and watched a lot of movies too.

Sunny: That's amazing.

Chalmers: It sure is. Lets get it on!

T.J. Johnson: Lets do it guys!

Turbo Power Rangers: SHIFT INTO TURBO!

The Turbo Power Rangers transformed and they were ready!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Mad Mike Wasn't dead.

Mad Mike: Whoa! Just like old times.

Troy Burrows: Yep. Rangers, that's a Super Mega Win.

Stygian: Yep.

---

Later we were back at the estate.

Grave Clobber: Now that the usual battles are done, it's time to go to the World that Never Was and finish this.

Me: That's right. It's the Endgame.

Eli: Get ready Xemnas! We're coming for you!

Nico: That's right!

But then Nico was blown back by a mysterious force.

Me: Nico what's wrong!?

Nico: Whoa. Nothing, I'm all right.

But I sensed something inside him.

Me: (In my head) Oh no! The Digimon Emperor is inside his body again! I hope you're ready for this Nico. The poison will help save you.

Eli: (Telepathically to me) Did you feel that J.D.?

Me: (Telepathically to Eli) I sure did bro. The Digimon Emperor is back inside him. But don't worry, we'll get him.

Vypra: We'll gladly help you all as well.

Nico: Awesome!

Nora Valkyrie: This is gonna be good!

Rainbow Dash: Yeah!

Me: Lets do it! Get ready Xemnas, we're coming for you.

We later went through a portal.

---

We arrived in THE WORLD THAT NEVER WAS!

---

**The World That Never Was** is a world featured in *Kingdom Hearts II*, *Kingdom Hearts 3D: Dream Drop Distance* and *Kingdom Hearts: Melody of Memory*, and the base of operations in *Kingdom Hearts 358/2 Days* . It is also seen in *Another side, Another story…* from *Kingdom Hearts* and *Kingdom Hearts Final Mix*, and multiple flashbacks in *Kingdom Hearts III* .

The world of Organization XIII, it is home to a seemingly endless horde of Heartless and Nobodies. The Heartless seem to spawn more here due to how close The World That Never Was is to the darkness of Kingdom Hearts. The Organization controls the world from a massive fortress that floats weightlessly over the expansive **Dark City** . Unlike the Heartless counterpart End of the World, the World That Never Was is more man-made in appearance to reflect the Nobodies' ability to think and plan rather than act on instinct like the Heartless.

Alley to Between

The Alley to Between (狭間につながる路地 *Hazama ni Tsunagaru Roji* ?) hides a portal to Betwixt and Between. Sora, Donald, Goofy, and King Mickey used this portal to get into the world, thanks to

Axel's sacrifice. The alleyway connects to the main route that leads to the Castle That Never Was. The first Save Point of the world is here. The Castle That Never Was can also been seen clearly in the light of the Kingdom Hearts moon, shaded in purple.

### Fragment Crossing

Fragment Crossing (断片を紡ぐ道 *Danpen o Tsumugu Michi* ?, lit. "Fragment-Spinning Road") is a long series of winding streets that lead to Memory's Skyscraper. It is full of neon signs attached to vacant buildings as well as a power plant which seems to power some or all of the city. Many Shadow Heartless are here in *Kingdom Hearts II* but they are replaced with Nobodies in *Kingdom Hearts II Final Mix* . Sora, Donald, Goofy, and King Mickey took this route on their way to the Castle That Never Was. Pluto also had an encounter with Axel here.

### Memory's Skyscraper

Memory's Skyscraper (記憶の摩天楼 *Kioku no Matenrō* ?) is a tall building in the World That Never Was. Located near the Castle That Never Was, the building kept watch over the residents of the Dark. On its front, it has a massive television screen that seems to flash images of memories of those nearby (although this feature is only visible in Another side, Another story…). A truck is visible flipped on its side in one corner of the area. Roxas was battling a legion of Neoshadows when Riku appeared at the top of the building, and after the two eliminated the Neoshadows, they began their duel.

After arriving at the World That Never Was, Sora was confronted by Roxas at Memory's Skyscraper, while two Samurai blocked Donald and Goofy. Sora and Roxas soon disappeared to the Station of Awakening, but Donald and Goofy claimed to not see Roxas.

During his battle with Xemnas, Sora was pulled into an area that included Memory's Skyscraper, called Memory's Contortion, in a battle similar to the one Roxas and Riku had.

### Brink of Despair

The Brink of Despair (絶望を望む断崖 *Zetsubō o Nozomu Dangai* ?, lit. "Cliff Desiring Despair") seems to have been made by The Castle That Never Was which hovers above it. Sora, Donald, Goofy, and King Mickey arrive here and access the castle via a path using the Keyblade. It has the second Save Point of this world.

### Castle That Never Was

The **Castle That Never Was** is an enormous white castle that floats above the city, dominating its skyline. It is decorated all over with Nobody symbols. It serves as the Organization's base of operations and home; lesser Nobodies infest it as well. Some areas are not accessible unless using a Corridor of Darkness.

### The World of Nothing

After Xemnas's first defeat within Memory's Contortion, he flees into his Kingdom Hearts. However, a door appears that leads Sora and his friends within that Kingdom Hearts to an area named **The World of Nothing**, where the Dark City stretches to the horizon and a black hole sits in the sky while a gigantic dragon-shaped Nobody patrols the area. The first area inside the door is **The World of Nothing-End's Beginning**, a passageway resembling the Dark City where skyscrapers suddenly erupt from the ground in order to repel Sora. A strange black-and-white tunnel leads from this room to a platform looking out on the gigantic Nobody that Xemnas is riding. From there, Sora can climb falling skyscraper to walkways surrounding the lower cannons of the Nobody, **The World of Nothing-Twin Cannons** . Once he destroys those, Sora swings his way up to the ship's Energy Core, which is kept in a room appropriately named **The World of Nothing-Energy Core** . After disabling the ship's energy core, he makes it up **The World of Nothing-Xemnas's Throne Room**, where Xemnas sits in his Keyblade Armor, enthroned atop the dragon Nobody's head in a chamber equipped with the weapons of the defeated Organization members. After completely destroying the gigantic Nobody, Sora and Riku are left in **The World of Nothing**, a nearly-empty void of shifting greys and whites where Xemnas makes his last attempt to destroy them. He fails, however, and the boys are deposited at the **Dark Margin** .

### *Kingdom Hearts 3D: Dream Drop Distance*

In *Kingdom Hearts 3D: Dream Drop Distance*, Sora visits a dream of a dream of the World that Never Was, which appears similar to the World of Nothing within Kingdom Hearts in *Kingdom Hearts II* .

## Avenue to Dreams

The **Avenue to Dreams** is a large urban area beginning with an enclosed alley featuring a save point and a Moogle hologram. Up a long flight of stairs lays a piece of destroyed building, blocking the path into the city that must be scaled to advance. Beyond is an area of twisting alleys surrounded by skyscrapers that can be scaled with Flowmotion. Several buildings are adorned in blue stripes with a geometric pattern and when stood upon, they raise up, throwing Sora into the air. Another building has similar white stripes and can be destroyed by using a Reality Shift. Perhaps the most notable feature of this area is a stream of blue-green mist that falls from the roof of a massive tower extremely similar to Memory's Skyscraper and flows through the streets. Beyond this tower, the pavement is revealed to be floating and broken, away from the rest of the city and leads off into a more urban area.

## Contorted City

The **Contorted City** seems to emerge from a canyon of strange blue-green rock. Much of the architecture here is coated in blue-green mist, many buildings float of their own accord, attached to chunks of rock separate from the road, and several shake and swing. The blue markings appear again on the shaking section that is able to launch Sora skyward. Beyond several overturned buildings, a path of broken pavement and destroyed buildings forms an upward spiral. Neon strips and signs on the buildings can be traversed with Flowmotion. In several places, floating buildings marked with red symbols will hurtle toward Sora and must be destroyed with a Reality Shift or they will cause damage.

## Nightmarish Abyss

The **Nightmarish Abyss** features a large open plaza surrounded on three sides by skyscrapers, with a crashed truck (identical to the one near Memory's Skyscraper) blocking access to a side-street. The fourth side drops off to an abyss that is spanned by floating skyscrapers laid on their sides, forming a mostly straight path between two cliff faces and leading toward what appears to be Memory's Skyscraper and the Castle that Never Was. Several neon strips appear here that can be traversed through Flowmotion, as in the Contorted City area.

*Kingdom Hearts 358/2 Days*

The World that Never Was is likely to have been the headquarters for Organization XIII since its creation, even after the founding of Castle Oblivion as a secondary base. Meetings were held here and members would return here when done with their missions. Up until the time of Sora's arrival on this world, it was a safe haven for Organization XIII.

When Roxas abandons the Organization, he wanders for a short time through the streets of the Dark City, possibly contemplating where to go to start his search for himself. Here, outside one of the many locked stores, Roxas meets with Axel, who tries to stop him from leaving, warning him that the Organization would destroy him were he to leave. Roxas, stating that no one would miss him (were he to die), leaves Axel suddenly behind and moves along the streets to Memory's Skyscraper. Axel mutters that he would miss him, before Roxas disappears into the darkness.

A few days later, Roxas returns to the city, hoping to engage Xemnas along with the other Organization XIII members, but instead he discovers multitudes of Heartless, sent to attack the Keyblade wielder while the Organization was not protecting him. Roxas fends off the hordes of Neoshadow Heartless, but realizes he is far outnumbered. It is then that he sees Riku atop the Skyscraper. Roxas throws Oblivion to Riku. Using Roxas' Keyblade, Riku helps him defeat all of the Neoshadows while Roxas used his Oathkeeper.

But, as soon as the Heartless are defeated, the two immediately turn on each other. Roxas, having just lost Xion, is angry and hurt. He tells Riku he intends to free Kingdom Hearts and find Xion, to "get his life back." Riku tells him that by freeing Kingdom Hearts, the "last thing he'll get is his life back." He comments on the fact that Roxas can barely even remember Xion's name, since everyone's memories of her, including Riku's, are already disappearing. Riku, knowing he needs Roxas in order for Sora to wake up, tries to stop him from leaving, and the two duel. Roxas eventually defeats Riku. In order to subdue Roxas, Riku taps into the darkness in his heart, and uses the dark power he was holding back to defeat Roxas, resulting in his Riku-Ansem appearance, with the Guardian who resided within his heart. DiZ promptly arrives to find Riku-Ansem with his hood up, and the two take Roxas back to their secret base in Twilight Town.

It should be noted that in *Kingdom Hearts 358/2 Days*, Kingdom Hearts is seen above the castle on Day 94 and gradually gets bigger and bigger until Day 357, when Roxas and Xion have stopped working for the Organization.

*Kingdom Hearts II*

The World that Never Was continued to be used as a base of operations for the Organization throughout *Kingdom Hearts II* . Although their numbers continued to decrease, they still held meetings in the Castle That Never Was, and plotted a way to use the Keyblade.

Eventually, Sora arrived in the Dark City, with the help of the Organization's traitor, Axel. Making their way through the large amounts of Heartless, Sora, Donald, Goofy and King Mickey fought to the center of the city, Memory's Skyscraper. Here, Samurai Nobodies appeared from nowhere, and Roxas appeared to Sora, challenging him to a fight. The two disappeared from the scene and while Donald and Goofy fought off the Samurai, Sora and Roxas dueled on the Station of Awakening.

After Roxas is defeated, he tells Sora that he's a "good other." The group then continued on to the Castle that Never Was. They made their way through the many levels of the castle, meeting up with Riku and Kairi, and finishing off the remaining members of the Organization.

He then meets Ansem the Wise on one of the upper floors of the castle, who reveals that he was going to use a machine to transform Kingdom Hearts into data, but because of the fact that hearts are unpredictable, Ansem the Wise's mechanism overloaded and exploded, sending him to the Realm of Darkness and also destroying many of his memories. The blast also destroyed the Riku-Ansem appearance, returning Riku to his original form. The party made their way to the top floor and finally defeated Xemnas.

During the extensive final battle with "The Superior," much of the Dark City and the Castle That Never Was was destroyed. Chunks of building were ripped up and thrown at Sora and Riku, and the main tower of the Castle collapsed.

*Kingdom Hearts 3D: Dream Drop Distance*

Though not actually a world in deep slumber, the New Organization orchestrated Sora's arrival to the World That Never Was through Young Xehanort. Sora arrives in the world before Memory's Skyscraper, immediately realizing where his final dive has brought him. He begins to wonder aloud whether the Organization's world is also sleeping, but soon dismisses the idea after counting the Keyholes which has already found and unlocked. His confusion only grows when he realizes that he must be awake again, but his ultimate destination is unusual. After a mysterious introduction, Sora encounters Xigbar, who attempts to shoot an arrow at him, but fails, before jumping down to confront Sora. Xigbar explains that it is those whom he has been working alongside that orchestrated his revised itinerary to the Dark City; he also explains the basic concepts of travel through time to Sora, and relates them to 'Mr. Robe Guy'. Sora finds the concept ridiculous, but soon accepts the idea when Xigbar comments that Sora is wearing the same clothes at that present moment as he had been in the Sleeping Worlds. Sora draws his Keyblade in anger, but Xigbar disappears suddenly, before reappearing above Sora. He shoots twelve arrows in a circle around Sora which manifest into Young Xehanort and the other members of the new Organization, before the boy falls once again into a deep sleep.

Within a dream version of the world, finding himself in his previous outfit, Sora sees Naminé, who looks towards Sora, before running away. Sora follows the Nobody, and grasps her hand to bring her to a halt. Naminé then transforms into Xion, a girl that Sora does not recognize. A solitary tear runs down Sora's cheek, evidence of the pain felt by Roxas within him. Xion then pulls the hood of her cloak over her head, and runs away, before disappearing. During this time, Riku can be heard urging Sora to wake up. After some time, Sora then crosses paths with Roxas, and they have a conversation regarding the Nobody's ties to him, before Roxas transfers all of his painful memories into his Somebody and disappears. Sora is left alone, having again transformed back into the outfit which he wore during his travels in the Sleeping Worlds. He later comes across Kairi and Riku, who briefly transform into Aqua and Terra as Sora, briefly transforms into Ventus himself. Both Aqua and Terra speak Ventus's name, before holding out a hand each toward Sora. Sora, still appearing as Ventus, attempts for a brief moment to clasp the outstretched hands, but to no avail. The two then walk away, once again becoming Kairi and Riku. Sora makes an effort to follow them, but finds himself being slowed, as Riku continues to urge him to awaken.

Eventually, having been teleported to another part of the world beyond the Nightmarish Abyss, Sora comes to and meets Xigbar again. Sora asks him whether the things that he had just seen were placed into his head, to which Xigbar responds in the negative, explaining that they are unable to place things in peoples' heads. Xigbar then taunts Sora about his heart, and finishes with a sarcastic comment about Sora's heart having led him wrong. This subsequently causes Sora to hypothesize that the Nobodies of Organization XIII each had hearts of their own. Xigbar confirms this, and Xemnas then arrives to explain the truth that Nobodies do become their own beings over time. He elaborates that through the experiments on Heartless, which his Somebody had conducted in Radiant Garden to control the mind in an attempt to convince it to renounce its sense of self, they had discovered that though a heart could be banished from its body, the body would try to replace it at the first opportunity. Sora then questions their motives behind hiding the truth from the remainder of the Organization, at which point Xigbar reveals the true purpose of Organization XIII, and that his original self, Braig, had undergone the process of becoming a clone of Xehanort. At this point, Xemnas stipulates that the majority of the members chosen for the original Organization XIII had been inadequate, for multiple reasons. Sora becomes more aggressive toward Xigbar and Xemnas, striking a nerve in the former by stating proudly that, " *My friends are my power and I'm theirs!* " regardless of if is only borrowing their strength. An annoyed Xigbar leaves

Xemnas to deal with Sora. After a fight with Xemnas, Sora collapses on the ground out of exhaustion. Young Xehanort appears and reveals that they had been able to track Sora's movements from the start of his Mark of Mastery exam because of the presence of the Recusant's Sigil on the boy's chest. As Sora held no resistance to the darkness, the youth's clothes embraced the darkness in his heart and ultimately gave the Organization control over him. After Young Xehanort had explained the role that he had to play in the events leading up to that point, and also his plan to return to his own time, Sora falls into a dark sleep. Young Xehanort then takes the comatose boy to the Castle that Never Was's Where Nothing Gathers.

## Riku's Side

Riku lands in the World That Never Was and, after traveling through the castle itself, finds Sora encased in a floating bubble surrounded by darkness. Taking Sora's hand and shaking it, he tries to awaken his friend, but to no avail. At this point, the swirls of darkness encasing the bubble extend outwards from it and form the Anti Black Coat Nightmare. Riku is forced to fight this Dream Eater, and soon defeats it. After the fight has concluded, Riku speaks to Sora, instructing him not to chase the dreams. The bubble, and its cargo, then disappear, and Riku is shown the contents of Sora's dreams. He voices aloud his questions regarding the dreams, and also why his friend is unable to wake from them. To Riku's surprise, he is answered by "Ansem", the voice of whom he immediately recognizes. Ansem explains that once someone has fallen into the chasm of dreams, no matter how many Nightmares are consumed, it is impossible to wake the person. He also describes how Riku has been within Sora's dreams for the entire duration of their time in the Sleeping Worlds. Riku is then dragged downwards into the darkness.

After defeating Ansem, with Sora's Dream Eaters aiding him, Riku makes his way to the Castle That Never Was and finds the unconscious Sora sitting on Roxas's throne within the Where Nothing Gathers. When he runs to Sora, Young Xehanort appears and knocks him back into the center of the room. Riku and Young Xehanort discuss Sora's condition and his role in forthcoming events. Mickey then arrives, freezing time in the whole room and halting the actions of everyone within, save Riku and himself, using Stopza. But soon, Young Xehanort, who has power over time, manages to resist the spell and hits Mickey, throwing him to the other side of room. He then challenges Riku to a fight. After the fight ends, Stopza wears off. The room's thrones are starting to fill with hooded figures, including Xemnas, Ansem and Xigbar. On the highest throne, the darkness creates a figure, which is no one other than Master Xehanort himself. He explains his plans to create χ-blade and start a new Keyblade War, by means of the Seven Guardians of Light, and Thirteen Seekers of Darkness. He then makes Sora's throne rise up and summons his Keyblade to make the youth the final member of the his new Organization by implanting his heart within the boy. Mickey tries to reach Sora, but is stopped by Xemnas, while "Ansem" similarly restrains Riku. Master Xehanort attempts the process, but Lea manages to block the attack and saves Sora. Then, Isa attacks Lea. Ansem's Guardian grabs Riku and Mickey, at which point Donald and Goofy appear to save them. After a short concluding speech, Master Xehanort's new Organization XIII then disappear. Riku and the others then return to the Mysterious Tower with Sora.

*Kingdom Hearts III*

The World That Never Was appears in various flashbacks when Riku and Mickey recall their encounter with Xehanort at Where Nothing Gathers.

---

Me: Here we are guys. The World That Never Was.

We saw that it was a dark and forebodding city and the massive castle fortress of Organization XIII floated above it.

Jungle Fury Camille: This place is as empty as the Nobodies that inhabit it.

Me: And the evil that's in here is mindboggling.

Our auras were overflowing with incredible power as it was absorbing Negative Energy all over.

Zarya: Stay close everyone.

Me: Right.

Lincoln: Look how big the castle of Organization XIII is.

Nico: Yeah.

Aqua: It's just as terrifying as it was the last time.

Namine: Bad memories.

Xion: Yeah.

Me: Lets go.

We walked around the city and arrived at the base of the Castle That Never Was.

Nico: Whoa. That must be the Castle Of Organization XIII. What a scary place.

Me: It's like a true fortress of Hell.

Tchang Zu: Let's search this entire place to make sure we find something important. If we run into any Nobodies, we know what to do.

Me: Right.

Zarya: Good idea. Lets go.

We got to searching high and low and we were looking all over the castle and all that and keeping our eyes out for any kind of danger. In the castle it was a scary and terrifying place and all that. It was terrifying.

Me: This place gives me the creeps.

Larxene: I know. And it's full of bad memories.

Lea: I'd never thought I'd have to come to this place again.

Elena: Me neither. So many terrible memories.

Xaldin: Yeah and all of them are not good.

Isa: Took the words right out of my mouth.

Luxord: It's like living in a nightmare.

Roxas: It sure is.

Xion: Big time.

Xigbar: But the sooner we kill Xemnas the better.

Vexen: And rid the universe of him for good.

Me: Yeah.

We continued in the castle.

We saw a bunch of Nobodies appear!

Kaos: I, Kaos, will take care of these Nobodies!

Twilight Sparkle: And me and the Skylanders will gladly help you out!

Spyro: Lets get them guys!

They blasted the Nobodies all over with massive elemental and magic blasts and we absorbed all their Negative Energy and got stronger.

Me: Yeah! Lets go!

We continued on and we were killing Nobodies all over left and right and more and getting stronger and stronger by the second.

We got to near the roof and we saw Evil Vexen and he had a Heart Machine.

Me: Hold it right there!

Evil Vexen saw us.

Teresa: Step away from the Heart Machine right now!

Evil Vexen: I'm afraid I can't do that. Not when Xemnas is so close to his goal.

Me: Xemnas will never achieve his goal as long as we have anything to say about it!

Nico: YEAH!

Lola: You should've died with the rest of them!

Rhomboid: You thinking what I'm thinking, Octagon?

Octagon: Sure am. Time to blow this machine up real good!

Eli used the Force and sent Evil Vexen into the Machine.

Then the Vreedle Brothers fired energy blasts and they hit the machine and then the entire machine exploded in a massive explosion of fire and light!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The entire heart machine was destroyed and Evil Vexen's Spirit then appeared.

Lana: You are not welcome here! (Holds hand out to him) HAKAI!

She banished him to the Warp.

Me: Well 12 down down 1 to go. Lets get him guys!

Rhino: Guys, before we fight Xemnas, I want to say that it's been ah honor fighting alongside you all. (to you) JD, thanks for accepting me and Herman as part of the team.

Shocker: Even after all the crap we did.

Me: You're welcome guys. But don't we'll ALL get through this no matter what. Because the light shines brightly in all of us and we will ALL be there to fight the forces of Evil and destroy them.

Nico: That's right!

Zarya: You said it!

Varie: Yeah!

Sora: Like the Three Musketeers, ALL FOR ONE!

Everyone and me: AND ONE FOR ALL!

We cheered.

Duff: (to Rotwood's group) (Scottish Accent) Lads, if we die, you 4 should get back to Gotham Royal York and tell everyone what we did. That way, we'll be remembered as heroes and not the villains that some people now think we are.

Rotwood: Understood Mr. Killigan.

Master Frown: Thank you for telling us that but none of us will die.

Morton: That's right! J.D. gave us a second chance and we want to prove how much we have changed.

Squidward: That's right.

We went to the top and found Xemnas in despair over the destruction of Kingdom Hearts. We got to the top and we were facing XEMNAS, THE SUPERIOR OF THE IN-BETWEEN!

---

**Xemnas**, also known as the **Superior of the In-Between**, is the Nobody of Terra-Xehanort and a major antagonist of the *Kingdom Hearts* franchise. He first appeared as a secret boss in *Kingdom Hearts Final Mix* before making his official debut as the main antagonist of *Kingdom Hearts II* . Since then, he reappeared as the overarching antagonist in *Kingdom Hearts 358/2 Days* and *Chain of*

*Memories*, one of the main antagonists in *Kingdom Hearts: Dream Drop Distance* (along with Ansem, Seeker of Darkness and Young Xehanort) as well as one of the secondary antagonists in *Kingdom Hearts III.*

He is Rank I in the original Organization XIII and the commander of the strongest breed of Nobodies, the Sorcerers. He also wields twin Ethereal Blades and the power of nothingness.

He is voiced by Paul St. Peter (who also voiced Kurama from *Naruto* ) in the English version, and Norio Wakamoto in the Japanese version.

Ansem the Wise started to research the Heartless with an apprentice named Xehanort, who is actually the body of Terra converted into an amnesiac vessel by Master Xehanort. When Ansem decided to stop his research, spurred by the memories of his previous incarnation, Xehanort continued the research with the aid of Braig, Master Xehanort's accomplice, to find a way to manipulate the mind through the heart. While working on this project, using his No Name Keyblade on Braig and the other apprentices they duped into helping them, Xehanort intentionally separated his heart and body: Creating the Heartless that calls himself "Ansem" and the Nobody Xemnas.

Plan

Xemnas, as one of the rare and strong Nobodies that could think and function like a human, made a plan set up by his previous incarnation. With the aid of Xigbar, the Nobody of Master Xehanort's accomplice Braig, Xemnas gathered the special case Nobodies of the residents of Radiant Garden to join him and Xigbar as the first eight members of Organization XIII: Xaldin, Vexen, Lexaeus, Zexion, Saïx and Axel. From there, his forces recruited Demyx, Luxord, Marluxia, and Larxene while he personally recruits Roxas as their final member. A few days after finding Roxas, Xemnas battled Sora at Hollow Bastion and used some of the memories he took to have a replica of him created. That replica, Xion, was made an unofficial member of the Organization as both she and Roxas were used to gather hearts to provide Xemnas with his personal Kingdom Hearts.

However, with only Xigbar knowing the truth, Xemnas's goal is to collect 11 "empty vessels" to hold a piece of Master Xehanort's heart, which would be achieved by connecting them to Kingdom Hearts. But the plan fell apart when all the members deployed to Castle Oblivion were defeated with the defection of Xion, Roxas and Axel half a year later. Regardless, Xemnas continued with the plan as he encouraged Sora to kill as many Heartless as possible before Ansem's interference severely crippled Xemnas's plans. In the end, Xemnas fused with his Kingdom Hearts and battled Sora and company in a fierce battle, but Xemnas ultimately perished.

### *Dream Drop Distance*

Due to Young Xehanort's time-traveling, Xemnas comes back as a member of the True Organization XIII. He taunts Sora with knowledge of his heart and the idea of Nobodies having hearts, ultimately revealing the true goals of the Organization. After fighting and being defeated by Sora, Xemnas leaves Young Xehanort to take Sora in. Back in the real world, Xemnas watches as Master Xehanort revives, but is forced to leave when Lea arrives.

### *Kingdom Hearts III*

Xemnas returns in *Kingdom Hearts III* as one of the higher ranking members of the Real Organization XIII. He first appears in Twilight Town with Ansem, toying with Sora about his efforts to bring back Roxas, coercing him to give in to the darkness. Both Xemnas and Ansem are later warned by Xigbar not to get too carried away in toying with Sora as he had defeated them several times in the past. Xemnas also debriefs Demyx, Luxord, Marluxia, and Larxene, all members from the previous Organization, as he reveals to them why he chose them to return; their connection to the Keyblade legacy. Xemnas appears with the Real Organization XIII during the Second Keyblade War, first with Saix and Xion. But when Xion defects a second time, Xemnas prepares to strike her and Axel down for their treachery (especially Axel given his role in the previous Organization for eliminating traitors) until Roxas arrives in the nick of time. Angered, Xemnas kidnaps Kairi and brings her to Master Xehanort. Sora, Riku, and Mickey confront Xemnas, Ansem, and Young Xehanort after defeating the other members. Once Xemnas is defeated, he has his first real feeling in years; loneliness. He states he took the previous Organization for granted and that having a heart is nothing but pain. When Sora says that's part of being human, Xemnas concedes that it must take incredible strength before fading away for good.

Battle *Kingdom Hearts Final Mix*

Xemnas, known as the **Unknown** in this game, appears as a secret boss in Hollow Bastion. He manifests after Sora arrives in the End of the World in the same room Maleficent was defeated in.

At the start of this battle, Xemnas initially attacks with three attacks: twin spirit bombs, an Ethereal Blade combo, and a damaging shield. However, as his health dwindles, he begins to fire his Ethereal Blades at the party, teleporting along the way, and eventually charging himself with energy and firing rays of nothingness. His most infamous attack involves cursing Sora and draining his health. The only way Sora could break free is to choose **Release** in a rapid roulette.

*Kingdom Hearts II* First battle

Before fighting Xemnas as the final boss, he tests Sora in a one-on-one fight. At the start of the fight, he curses Sora with an aura that drains his health. Sora should go to the top of the Memory's Skyscraper and use the Reaction Command "Facedown" to break free.

When colliding with Xemnas as he falls from the building as Sora is moving up, three Reaction Commands will appear over time, the first of which, "Clash", will cause Sora to pass Xemnas harmlessly. The second one, "Breakthrough", will cause Sora to attack Xemnas with a single attack, while the last one, which appears at the last second, will cause Sora to attack Xemnas several times and slam him into the skyscraper. Xemnas fights by teleporting around Sora, using Guard to repel Sora back and make himself temporarily invincible and swings his Ethereal Blades in perfect unison to constantly attack Sora.

After the test Xemnas calls upon the power of the hearts to help him get stronger and he leaves. Afterward, Kingdom Hearts opens the door to Xemnas, marking a point of no return.

Final battle phase 1

After Sora opens the door and enters he has to go through a series of challenges before getting to Xemnas. After the trials are over, Sora and party find Xemnas at the top of a robotic dragon sitting on a throne in full body armor. He uses a sword that attacks whoever touches it at least five times then sends them flying. He also uses the Guard ability to keep the party from attacking. After he is defeated, Sora and party find themselves back at the tower that they were at originally, and think they have won. A portal is created to help everyone get back to safety when Xemnas keeps Sora and Riku from getting through.

Final battle phase 2

When Sora and Riku find themselves trapped on a little Nobody ship, Xemnas sends his dragon and Nobodies to attack them. After bringing the dragon down, Xemnas takes them to another place in space. While the fight is the same as the previous one he launches Sora to the farthest place in the stage and sends lasers after him. Also, while Sora is fighting Xemnas, Xemnas has the ability to use all of the other Organization member's powers at the same time.

Final battle phase 3

Xemnas takes his gloves off in this last fight against Sora and Riku. He has the ability to teleport, to melt into the ground, and to fly. He constantly attacks Sora with lasers and lighting and sets off a huge series of Reaction Commands that Sora needs to complete to receive little to no damage.

Throughout the fight, Xemnas will make a copy of himself to confuse Sora and will have the second act as a decoy. Late in the fight, Xemnas will capture Sora in an inescapable ray and Riku has to free Sora while fighting off the second Xemnas. On his last health bar, Xemnas will unleash his ultimate attack.

The battlefield will turn dark and Sora and Riku become surrounded by lasers on all sides. Sora and Riku have to deflect the lasers for a few seconds and one mistake in blocking the lasers will result in certain death. After Sora and Riku successfully defend against all the lasers, Xemnas starts to attack Riku, who is saved by Sora. Then, Sora and Riku together attack Xemnas with the unlocking beam of the Keyblade that goes through him. After the strike, Xemnas is paralyzed leaving Riku and Sora with an easy finishing move. Xemnas curses the Keyblade and passes with his hand stretched out toward Sora and Riku and breaks into nothing.

*Kingdom Hearts 3D: Dream Drop Distance*

Xemnas is Sora's final boss, but not the game's final boss. Here, he reprises his old attacks, like roundhouse kicks, Ethereal Blade combos, barriers, and Ethereal Blade projectiles. However, he now has the ability to trap Sora in a cage of barriers, and can hurl skyscrapers at him.

*Kingdom Hearts III*

Xemnas, Young Xehanort, and Ansem confront Sora, Riku, and Mickey as the game's antepenultimate bosses, with faraway assistance from Master Xehanort.

---

Xemnas: My Kingdom Hearts ruined.

Me: That's not the only thing you're about to have ruined around here.

We were facing him.

Xemnas: Denizens of light, answer this: Why do you hate the darkness?

Mickey: Aw, we don't hate it. It's just kinda… scary. But the world's made of light AND darkness. You can't have one without the other, 'cause darkness is half of everything. Sorta makes ya wonder why we are scared of the dark.

Riku: It's because of who's lurking inside it.

Xemnas: Then allow me another question. You accept darkness, yet choose to live in the light. So why is it that you loathe us who teeter on the edge of nothing? We who were turned away by both light and dark-never given a choice?

Pacifica: That's simple, really. You and your buddies fucked up our worlds and our friends. So now? We're gonna fuck YOU up!

As Nico laid on the ground defeated, Xemnas stood over him.

Xemnas: Don't you understand? It's over!

But that's when the Digimon Emperor took control.

Digimon Emperor: (laughs) Get ready for the encore!

Carmen Dillo: Oh crap. This isn't good!

Eli fired a Force Blast and blew him back and I pulled out a tranquilizer dart full of poison and I stabbed him with it and the poison went into Nico.

Me: **Nico, help is on the way!**

Ed Cowart: 72 hours and counting!

RD Me put a Power Neutralization ring on Xemnas.

Me: **We'll deal with you in a sec.**

Digimon Emperor: YOU WILL NEVER DEFEAT ME!

Rotwood: (to the Digimon Emperor) When my group was still fighting Mr. Chan and his friends, at least we were smart about it!

Morton: You're just a bratty kid throwing a tantrum!

Blizzard Man: You know what? I actually agree with those two statements.

Me: **Me too! And for all the horrible crimes you've done, that makes you no better than UNICRON!**

The Digimon Emperor had my words hit him like a missile going through his chest! I called him the worst ever comparison ever known as I compared him to the Transformer Devil himself!

Me: **I'm coming in after you Ken!**

Electro: (to me) Dude, I'm going with you in Nico's mind too! You're gonna need all the help you can get to break Nico free.

Me: **Thank you Max. Lets do it. Lincoln, we're gonna need some ghost power.**

Lincoln: Roger that!

Lincoln took our hands and made us intangiable and we flew into Nico's body and went into his mind!

In Nico's mind, me and Electro saw the Digimon Emperor gun down King Stefan and Agnes Skinner. Many buildings in Gotham Royal York were on fire as the jerk laughed maniacally.

Poromon: (to the Digimon Emperor through the comlink) Please listen to me. After all the good you've done, please think about what you're doing! Nico, I'm begging you! Think of May, Nico! What would she say if she saw you doing this! PLEASE STOP!

Digimon Emperor: (laughs) Oh, Poromon. Your old partner's gone. But don't worry. Your new partner's coming home!

I then swooped in and kicked the Digimon Emperor in the face and sent him crashing into into a building!

CRASH!

He got up and saw me and Electro!

Me: **It's over Ken! You've terrorized us and Nico for the last time!**

Electro: That's right! And there's no escape for you!

Nico: And I have something to show you!

Nico showed him an illusion of the Digimon Emperor being completely forgotten! He was buried in an unmarked grave at an unknown place and centuries have passed and no one even cares about him even being there!

The Digimon Emperor was pissed at what Nico showed him.

Digimon Emperor: Oh, you think that's scary, Nico? When I get out of here, I'll write my name in blood on every corner! I'll carve it on every corpse! I'll… I'll… NO ONE'S FORGETTING ME!

Me: **YOU'RE FUCKING INSANE!**

Nico: YES! THEY WIIIIIIILLLLLLLLL! THIS IS MY BODY AND YOU ARE NOT WELCOME IN IT!

Me and Electro grabbed the Digimon Emperor and I found a dark orb on him and crushed it and we got a massive power boost and Lincoln used his Ghost Powers and got us out of him and we appeared and we had the Digimon Emperor with us.

Me: **You have a lot to answer for when we take you to trial for your crimes Ken!**

Rotwood: And for ruining the image of Mr. Chan and everyone he cares about!

KRAPOW!

They punched the Digimon Emperor in the face and knocked him out and we tied him up.

Me: **Now that he's in our custody lets go get Xemnas.**

Xemnas then broke free and went through a door and it was the door to Kingdom Hearts. I went after him!

Me: **I'M COMING FOR YOU XEMNAS!**

I went after him!

El Oso: (to Zarya, Sora, Riku, Donald, Goofy, Maria, May, Starscream, Kairi, and Mickey) Amigos, go help J.D. fight Xemnas. We'll hold off the Nobodies and make sure the Digimon Emperor doesn't go anywhere.

Zarya: Right! Lets go!

They followed me in!

Kairi: CHARGE!

Eli: I'll go too!

Eli came!

Aqua: Not without me you won't!

Aqua came too.

Aqua, Ventus, Terra, Xion, Roxas, Xaldin, Vexen, Demyx, Axel, Xigbar, Luxord, Larxene, Zexion, Lexaeus, Saix, Isa, Elena, Lea, Dilan, Aeleus, Ienzo, Even, Lauriam, Sora, Mickey, Donald, Goofy, Riku, Kairi, Namine, Olette, Pence, Hayner, Eli, Starscream, Nico, May, Nico's kids and Maria all went with me and we went through the door and it closed and vanished.

Bane: Where did J.D. and the others go?

Lincoln: From the looks of things, they followed Xemnas into the Realm of Darkness.

Living Laser: Can we get them out?

Naruto: (sadly) Sorry, guys. But I don't think it's possible.

Skinner: (starts crying) At least they went out like heroes.

Chalmers: (starts crying as well) Skinner, you better not start crying! If you do, I'll start crying as well!

Vince: We have to trust them guys. They are on their own. Just come back to all of us.

Varie: Be careful.

Aylene C.: Come back to us.

We followed Xemnas and blasted him all over the place and really let him have it and more. We saw him turn into a deadly dragon and blasted him all over the place and more. And then we encountered him in his most powerful form. He had a white version of his outfit.

Me: **Am I supposed to be afraid that you have a new costume change?**

Xemnas: Heroes from the realm of light… I will not allow it to end this way-not yet. If light and darkness are eternal, then surely we nothings must be the same… Eternal!

Me: **Light is eternal, Darkness never. Now you will die a horrible death. I promised I would punish you in the name of light and that's what I'm gonna do. Justice is inevitable.**

Aqua: That's right! You've tormented our worlds for far too long and now it's time for you to die.

Nico: You will pay for everything you've done!

Xemnas: We'll see about that. Anger and hate are supreme.

Me: **Prove it.**

I went at him and kicked him in the face and smashed him in his back and we really smashed and pulverized and slashed him all over the place with indiscriminate fury and more. We were really beating the living shit out of him.

Videl Chan: You put that monster in my dad and you will pay for that! KAAAAAAAA MEEEEEEEEEE HAAAAAAAA MEEEEEEEEE HAAAAAAAAAAAAAAAAAAAAAAA!

She fired an orange Kamehameha Wave and it hit Xemnas and exploded with incredible power!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion faded and Xemnas had his arm and leg blasted off.

Me: **Lets hit him all at once with our ultimate Hakai Blast.**

Nico: Lets do it!

Ventus: This is for all the pain and suffering you caused!

Aqua, Ventus, Terra, Xion, Roxas, Xaldin, Vexen, Demyx, Axel, Xigbar, Luxord, Larxene, Zexion, Lexaeus, Saïx, Isa, Elena, Lea, Dilan, Aeleus, Ienzo, Even, Lauriam, Sora, Mickey, Donald, Goofy, Riku, Kairi, Namine, Olette, Pence, Hayner, Eli, Starscream, Nico, May, Nico's kids, me and Maria: ULTIMATE SUPER HAKAI KAMEHAMEHA!

We fired a massive purple Kamehameha Wave and it went at Xemnas so fast and then it slammed into him and obliterated him from existence forever. XEMNAS WAS DEAD AND ERASED! ORGANIZATION XIII WAS NO MORE! WE WON!

We were then in the Dark Margin in the Realm of Darkness.

Nico: The Realm of Darkness.

Sora: Well, guys. We finally did it.

Starscream: I don't know how long we'll be in here. (smiles) But at least we have each other.

Me: **Yeah. But I got Aqua out of here before.**

Nico: Really?

Me: **Yep. And now here is our chance.**

I fired a portal blast and it opened a portal that lead back to the World That Never Was.

We went through the portal and we were back.

Varie: GUYS!

Everyone came and hugged us all.

Varie: YOU'RE ALL OKAY!

Me: **Of course we are. We're okay. Xemnas is dead and gone. He's no more.**

Sora: Good riddance.

Nico: Yeah.

We powered down.

Me: But we're not finished yet. We have one last thing to do.

We looked at the Digimon Emperor.

---

In the Gotham Royal York Federal Court House.

(The Peoples Court Theme Plays)

Bailiff: Calling the Courtroom to attention in the case of the People of The Universe VS Ken Ichijoji The Digimon Emperor. Honorable Judge Katherine A. Rockell presiding.

Judge Katie Rockell: You may be seated.

We sat down.

Judge Rockell: Has the jury reached a verdict?

Juror 1: We have your honor. In case number 71329523514F: The People of The Universe VS Ken Ichijoji The Digimon Emperor, we the 12 members of the jury find the defendant Kenneth Akira Ichijoji, GUILTY of all charges.

The Digimon Emperor growled ferociously! He had to be restrained by me and Nico.

Judge Rockell: Very well. I know he was the source of all your pain Nico but you'll be rid of him after today.

Nico: Thank you your honor.

Judge Rockell: You're welcome. For your crimes against our universe, The Digital World and Team Loud Phoenix Storm, you are hereby sentenced to Death! And Nico is your executioner! (Bangs Gaval 3 times)

Nico: This time you die Ken!

Digimon Emperor: You know, you almost had me scared back there! Me! Ha! What have I got to be afraid of?!

Nico: You're afraid of being ashes. You're afraid of being forgotten. And you will be forgotten, Digimon Emperor. BY ME!

Nico held his hand up to him.

Nico: This is for all the pain you've caused. SUPER HAKAI!

He obiterated the Digimon Emperor from existence forever. But then Nico had a massive black cloud of darkness come out of him and it was the essence of MaloMyotismon from when he killed him 12 years ago!

Me: WHOA MAN! IT'S THE ESSENCE OF MALOMYOTISMON!

May: That must be the true source of all the pain and suffering that Nico felt when he killed Ken!

Me: The Digimon Emperor was made from his essence!

MaloMyotismon: No! This can't be happening! Those paltry children can't make me disappear! I won't allow it!

Me: YOU ARE NOT WELCOME IN BOTH OUR UNIVERSES MALOMYOTISMON! (Holds Hand Out) SUPER HAKAI!

I obliterated MaloMyotismon forever!

Nico fell to the ground exhausted and I injected the antidote into him.

Nico: Oh man. (Groans) I fell like I got slammed into the ground by an asteroid. What hit me?

Me: It's a really ugly story.

I went over everything.

Nico was shocked.

Nico: I had MaloMyotismon's Essence inside me!?

Me: Yeah. You suppressed it for a long time and Xemnas resurfaced it after 12 years. But it's gone now. You're finally free of his darkness!

Nico: Oh wow!

Nico hugged me!

Nico: (to me and Electro) Thanks for not giving up on me, guys. I mean, what would I be without you two?

Me: No problem man. But how do you feel now that The Digimon Emperor, Organization XIII, Xemnas and MaloMyotismon are gone forever?

Nico: I feel better than ever before. I just can't believe that MaloMyotismon's evil essence was poisoning me this whole time and was inside me too.

Me: But it was your sheer will power that suppressed it for so long. It shows that you are strong on the inside as you are on the inside.

May: That's right Nico. My honeybunch.

They kissed.

Everyone: AWW..

Nico: Why don't we all have that victory party now? We've earned it!

We cheered.

Me: YEAH!

Zarya: Now that that's over, J.D. you and Nico deserve your positions back.

She gave me back the Sword of Harmony.

Me: Thanks honey and you did a great job commanding. You have the makings of a great leader.

Arkayna: I agree sis. You did really well.

Zarya: Thank you guys.

Nico: And Eddy you did really well as Second in Command.

Eddy: Thanks Nico.

Nico: Starscream, thanks for being Decepticon Leader for a while.

Starscream: You're welcome Nico. It was good to lead the Decepticons for a while.

Me: It sure was.

We went to the Pizzeria and had awesome pizzas. Mad Mike made amazing pizzas and we had BBQ Pork Pizzas too and more.

Sora: (To the viewers) This was an epic Saga. I hope you all had fun with this as much as we had.

Me: I know we had.

We had a great time.

THE END

See you all tomorrow.

# Mystery of the Luminous Whale

At the White House in Washington D.C. we were talking with the President of The United States. We were in the President's office watching a recorded video of Burns' demands.

Burns: Greetings. I am C.S. Montgomery Burns, the leader of the recently formed Evil Syndicate. The last few years, Team Loud Phoenix Storm has fought me and my group individually. But now, we have decided to leave the Earth alone. All we ask in return is for Team Loud Phoenix Storm not to come after us. If you won't comply to these demands, you won't like what happens next.

Ace: The guy likes to hear himself talk, doesn't he?

Me: Yeah he always was like that. Just a fucked up senile old man that never cared about anything but his goddamn wealth and power. He is a true heartless monster.

Homer: And he was the worst fucking boss ever!

Lisa Simpson: Big time! He should've died instead of being sent to prison.

Me: I know.

President: I know. But I see through his lies like no big deal. I'm not gullible to believe a word he says. I will have you guys and all my men kill every one of those bastards on sight.

Me: Understood sir. We will always be ready for anything.

President's Secretary: Then why aren't you doing something about it!?

Me: Huh?

President's Secretary: None of this would be happening now if you had just prevented the Digimon Emperor from taking Nico over the first time. And you all didn't seem to have a problem with killing most of the Angry Mob at Beast's Castle when Gaston was the only guilty one!

Mr. Krabs: Watch your tone, lass! What were we supposed to do? Just let Prince Adam be killed?!

Mario: (Italian Accent) It was-a self defense! We had a right to defend ourselves!

President: That's enough! I will not tolerate you talking bad about the great heroes of this planet. They saved our lives more than anyone else and you should be grateful for their actions. But all you're doing is just spitting in their faces like they are international and interstellar criminals and I will not stand for that. Right now Mr. Burns and his syndicate pose an incredible threat to the entire planet and they will be killed on sight.

Danny Phantom: Vlad Plasmius is with them and he is a monster out to destroy us all and enslave our world.

Edd: Jock is with them and he is a bully and a menace.

SpongeBob: Plankton is with them and he is a monster that hates Mr. Krabs and wants to kill him in the fast food world and all that.

Jimmy Neutron: King Goobot V and the Yokians tried to kill all the parents of Retroville and we blew up his planet and killed all his people.

Homer: Mr. Burns has always done so many terrible things to Springfield and the world.

Timmy: And Denzel Crocker is an insane lunatic that wants nothing more than to kill me and take over the world.

Me: That's right sir. They pose a tremendous threat to everyone we know and we worked so hard to bring them to justice.

Danny Phantom, SpongeBob, Edd, Jimmy, Timmy, Homer and Timmy went over their history and all that and it was shocking.

Lincoln: And there you have it.

President: Oh man. They are the ultimate enemies of Earth and all planets everywhere.

Princess Fabia: I will have all of Neathia placed on Full Alert.

Rex Krawler: Same with all of Gundalia.

Starfire: And Tamaran.

Neytiri: As well as all of my people on Pandora.

We had all the planets and allies of ours put on alert.

President: Thank you all. But I have a strong feeling that some of the world leaders will turn on you. I will do my very best to make sure that they don't cause you all harm.

Me: Thank you Mr. President. We are grateful.

Princess Fabia: And we'll make sure that serious consequences and sanctions will befall the leaders if they don't cease.

Me: Thank you Princess. But the last thing we want is war. All the people coming after us in a huge war that will tear the planet apart.

Twilight Sparkle: That's right. I won't let war be the last thing to come.

Me: I know.

---

Later out in space, Nico and May were out on patrol when suddenly, Jock, in an evil version of the Iron Boy suit, just subdued May.

May: I never thought you would work for Burns, Jock!

Jock: Well, you guys made everyone turn against me when all I wanted was to be a hero! Sockhead calls himself Iron Boy. So, just call me… Iron Maniac!

The rest of Burns' group came out.

Burns: Did you really think we wouldn't see this coming?

Nico: You son of a bitch!

Burns: We had this planned out ever since Norm freed us. We've been planning on the perfect way to get back at Team Loud Phoenix Storm after what they did to us. And today is finally that day!

Nico: How can you do this?

Burns: In life, you do whatever it takes to come out on top.

Nico tried to charge at Burns but two Soldier Heartless restrained me.

Burns: It's hostile takeover time, Sam.

May: (Jock holds her down) NICO! HELP!

Nico: Let her go!

Burns: I've had my eye on you ever since the Evil Syndicate formed, Nico. You're the one spy I've never been able to provide as someone close to Team Loud Phoenix Storm

May: Nico! Don't do what he wants!

Burns: Yes, he will. They all do.

Crocker: (to me) We will slaughter her, you understand me? In the time it takes you to blink, we do to her what I plan to do to Turner's fairies! So you show a little respect WHEN SOMEONE OFFERS YOU A JOB!

Burns (to the Heartless Soldiers): Wrist. (Nico wrist gets forcefully held up) You are to track down J.D. Knudson, because you're one of the people he trusts, and you will ask one question. How does he intend to fight back? Strategies, tactics, everything!

A watch like Cybertronian climbs from Burns' pocket to Nico's wrist as he then falls to the ground in pain

Goobot: Has a nasty little bite, doesn't it? It's very high-tech. It lets us see what you see, hear what you hear and it taps your nervous system. So, if you so much as try and signal, well, you get the idea.

Plankton: You know, none of this would've happened if J.D. had just been a better leader and friend. Just saying.

Nico: OKAY! I'LL DO IT! JUST DON'T HURT HER!

Vlad Plasmius: (to Jock) Jock, let the Heartless Soldiers escort her to her new room. (Jock does so) Nico, do your job. She'll be safe. We give you out word.

Nico: [stands up] I'll fucking kill the 6 of you. You have MY word!

Nico flew off.

Nico: If you do anything to May I will fucking kill you and blow your fucking goddamn motherfucking HEADS OFF AND RESURRECT YOU ALL AND KILL YOUR FUCKING ASSES AGAIN!

Later back at the Estate, Nico was about to tell me everything when he saw Ms. Amanda Waller.

Nico: Ms. Waller.

Waller: Nico it's great to see you again.

Nico: Waller, I just want to thank for your help against the Royal Defenders.

Waller: (smiles) It was my pleasure, Nico. (shakes his hand)

Waller was a little disturbed by the fact that Nico held on a little longer than necessary. Nico did his best to hide the fact that the Watch-Con on his right wrist was scanning her.

Waller: (sighs) I can't believe this is really happening.

Nico: Why? What's going on?

Wildrider: The government ordered J.D. and the others not to go after Burns and his gang anymore. And right now, J.D. and the Loud Kids are going to Akira's Earth to answer a distress call. There are agents from the government here to make sure they don't go after Burns right away.

Waller: (to Nico) You should probably say what you want to say to J.D. and the rest. (scowls) Before the world does the most stupidest thing ever.

Nico: Okay.

Nico told me everything and more. I scanned his mind and saw everything and May was being held hostage. Nico would kill Burns and his posse for this. But luckily I have a plan. My plan was to fake our deaths by building a fake rocket and orchestrate a fake distress call so that we can set up a trap for the Evil Syndicate. The World Leaders that were still on our side got to work and helped us with our plan.

Me: (In my head) I can't let Nico know about our plan so I got to put on an act that will keep his from getting suspicious. (to Nico out loud) This is all my fault. If I had just stopped the Digimon Emperor from taking you over, Burns and his group would still be locked up.

G1 Smokescreen: J.D., it's like you told us. The stuff with the Digimon Emperor was going to happen one way or another.

Nico: And that doesn't make it your fault. It just makes you human. Like everyone else.

Me: I know. Nico, please remember this: 'You may lose your faith in us, but never in yourselves'.

Another painful spasm ran through Nico entire nervous system. The Watch Con was reminding me of my job.

Nico: I need to know how you're gonna fight back. I know there's a strategy, I know you're… you're coming back with reinforcements, something, I know there's a plan. You always have one. You can tell me. No one else will ever know.

Me: I'm sorry, Nico. But there is no plan. Not this time.

Nico: If we just let Burns do what he wants, how are we gonna live with ourselves?

Me: You're my friend, Nico. You always will be. But the world leaders have spoken. We'll just have to accept the fact that Burns has won.

Nico turned to Lincoln as you walked near the ship.

Nico: Lincoln, you can't be okay with this!

Lincoln: (sadly smiles) I'm sorry, Nico. But it's out of our hands. And we can't just ignore a call for help on Akira's world.

As Lincoln walks near the ship, I walk away with tears in my eyes. Tom Lair sees this.

Tom Lair: (sadly) Years from now, they're gonna ask us. "Where were you when the Evil Syndicate took over the planet?" We're gonna say, "We just stood by and watched."

As the ship began to take off, my phone rang. Only one person would be calling at that moment, someone Nico wished would just die: Mr. Burns.

Nico: (picks up and growls) You got all that? I did what you wanted.

Burns: (chuckles) Yes, you did. We just needed to make sure they would go without a fight.

Near where the ship was flying, Vlad Plasmius made himself visible with an evil smirk and fired a pink beam of ectoplasm at the ship, destroying it in a massive fiery explosion.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Vlad: (laughs) Now, if only killing Danny would be that easy! (flies away to Burns' location)

What they didn't know however was that the ship he destroyed was a fake and we were hiding in one of the booster engines.

We landed in the ocean and we teleported back and the Watch Con fell off Nico's arm and Nico crushed it. We appeared.

Me: Glad that's over.

Nico: J.D.!? You're all okay!

Me: We sure are. It was all part of my plan. I knew that Mr. Burns was up to something and I knew that he had taken May hostage. So I devised this plan where we built a fake rocket and we hid ourselves in the booster.

Nico: Really?

Me: Yep. We made Shadow Clones of ourselves and when the booster jettisoned we got waited until Plasmius left and teleported back.

Nico: That was genius!

Lisa Loud: Indeed it was.

Me: Plasmius may be smart but he is as dumb as a doornail. Like the rest.

Nico: Yeah. Soundwave, I need your help to track a phone call. It was from Burns. And he has May hostage. (gestures to the dead Watch Con) That thing was on me to make sure I did my job on getting information out of J.D.

Sheila: No wonder you were acting weird the last hour!

Nico: Yeah.

Me: But we'll gladly help you out man.

Eli: That's right! No one kidnaps sister May and lives to tell about it!

Nico: Sister?

Eli: May and I have been doing a lot of bonding and I call her my sister now.

Nico: That's so sweet.

Me: But that was some really well done acting man.

Nico: Thanks same to you J.D. And J.D.

POW!

I got punched in the face.

Me: OW! Okay I deserved that.

Nico: That WAS FOR MAKING ME WORRY!

Me: I'm sorry man but it was part of my plan to keep Burns and his posse from suspecting.

Nico: I know.

Paragus: Soundwave, did you track Burns' location?

Soundwave: Yes. He and his posse are located on an abandoned outpost on an uncharted island near a research station in the Western Pacific Ocean.

Me: Lets see.

I pulled up the map and it showed me where it was at and it was an uncharted island located at **Latitude:** 17.531152 N | **Longitude:** 136.420848 E and it was 100 miles near a research station called the Peperonchino.

Me: The island is near Peperonchino Research Station in the Philippine Sea.

Nico: I know that site! That's a special research station on rare oceanic life never before seen. It's located next to the Mariana Trench near the Philippines.

Me: Whoa! This is gonna be interesting.

Lincoln: It sure is.

Sam S.L.: I can't wait to see this.

Nico: Me too.

Xaldin, Firefly, Leonard, Chalmers, Skinner, Killer Shrike, Bane, and Living Laser appeared.

Xaldin: Me, Firefly, Leonard, Chalmers, Skinner, Killer Shrike, Bane, and Living Laser are going with you guys. Not only to meet the hero that's in that area. But to also make sure May's back safe and sound.

Nico: Thanks guys.

Me: We appreciate that. By the way Xaldin, how do you and all the other former members of Organization XIII feel now that Xemnas and the Digimon Emperor are gone for good?

Xaldin: Relieved and better than ever.

Bane: (Spanish Accent) Si. It's great.

Me: Awesome.

Leonard: That was a really genius plan you did J.D. They never suspected a thing.

Nico: Indeed.

Me: Yeah. Lets head out.

We were off to the Western Pacific Ocean.

---

PHILIPPINE SEA, WESTERN PACIFIC OCEAN

---

At the Peperonchino, a young girl named Nanami Simpson was under attack by a Darkside Heartless!

A Darkside Heartless was about to kill Nanami when a starbolt hit it, knocking it down. Nanami and her friends saw Blackfire, who shot the starbolt. The rest of us were by her side.

Blackfire: As Eli would say: It's Buttkicking time!

Eddy: (to Edzilla) You know what to do, Lumpy.

Edzilla: ED SMASH HEARTLESS!

Edzilla jumped on the Darkside and punched it several times until it was completely destroyed.

Nanami: Team Loud Phoenix Storm?! It's an honor to meet you guys!

Lincoln: Same here, Nanami.

Scott Simpson: I'm not dreaming this, am I?

Me: No, Scott. The leaders of the World will now understand. The Evil Syndicate will never leave Earth alone. And we needed them to believe we had gone. For today, in the name of freedom, we take the battle to them!

Nanami: But saw your ship blow up on the news!

Iron Boy: (scoffs) Oh please. We were never in the ship! And who said that was the real one?

Eddy: It was a fake ship that the World Leaders helped us make. We were hidden in its first booster rocket to separate. It splashed down back in the Atlantic, just as planned. (smirks) We ain't going nowhere.

Luna: Yeah, dude. No one's getting rid of us!

Lily: We're staying right here. Whoever you're fighting, we're gonna help you win against him or her!

Me: That's right!

Nanami: Yeah! But it's an awesome honor to meet all of you.

Nico: Same here.

Nanami: Let me show you around.

Me: Okay.

We walked around the Research Station. It had amazing rooms and it was ALL underwater and the views of the ocean were incredible.

Skinner: This is a nice research station.

Me: It sure is. Wow. And it's all the way out here in the middle of the Western Pacific Ocean. And you can see everything underwater.

Nanami: It sure is amazing. I see all kinds of amazing fish and life down here.

Varie: What about mermaids?

Nanami: Definitely mermaids too.

Cleo: That's so cool!

Lana: It sure is!

Dominique: Why don't you tell us about the villain you're fighting?

Nanami: Right. The name of the villain we're having problems with is Adrienne Benex, Professor LeConte's superior, she owns the Gaiatron Corporation. She wants the luminous whale due to an element it is said to have, called trontium.

Me: Trontium?

Nanami: It's a very incredibly valuable luminous chemical that is worth far more than diamonds.

Lola: How much is it worth?

Nanami: As much as your fortune and the Luminous Whale is the only creature that has it.

Me: The Luminous Whale… (Gasp) I remember seeing a creature like that when we raced down at the bottom of the Mariana Trench.

Nico: Yeah me too! That was amazing!

Bane: Do you know that your Research Station is near the Mariana Trench Prison, where I used to be in?

Nanami: I sure do. It's beautiful down here. And you can see the trench from here.

Me: I sure do see it.

We saw the Mariana Trench and it was an enormous canyon at over 1,554 miles long.

Twilight Sparkle: Wow! Look how long it is.

Lisa Loud: Indeed. It's 1,554 miles long and 44 miles wide and 36,060 feet deep.

Me: Yep. So awesome. But we'll gladly help you take down Benex.

Nanami: Even if we do stop Benex, the people of the world might still hate you guys.

Bomb Man: (scoffs) So what? All that matters is doing the right thing and helping people in need.

Me: Yeah.

Then I got a call on my phone and it was from the President of the United States.

Me: It's the President.

I answered.

Me: Yes Mr. President?

President: J.D. I have good news for you.

Me: What is it sir?

President: Everyone saw your rocket explode and it turns out you were right. Most of the leaders of the world were wrong about Burns and his syndicate. They DO pose a big problem and WILL caused problems to the entire world.

Me: We'll take them out for you when we can sir.

President: Thank you J.D. But the World Leaders are still gonna hate you after this. I have a strong suspicion that my secretary is causing corruption among them and spreading lies among them.

Me: Oh great. Do you have any proof she is up to no good sir?

President: Not at the moment. I can't act without any proof.

Me: I'll have Lady Tsunade send her ANBU ninjas to track her and keep post sir.

President: Understood. Be careful. The world depends on all of you.

Me: Thank you sir.

I hung up.

Nico: So what did the President want?

I revealed everything.

Nico: Oh man! We got to stop them.

Me: Nico we can't act on the Secretary without proof. Lady Tsunade will look into it.

Nico: Okay. But I got to rescue May.

Me: Okay. Firefly you better go with him.

Firefly: Right.

They got up to the surface and headed straight to the island of Burns' hideout.

Nico: Hang on May. I'm coming.

In his hideout, Burns was getting a drink from the fridge.

Burns: All this plotting makes me thirsty.

But when Burns closed the fridge, he saw me pointing Deadshot's guns at him.

Nico: Where is she? (gets pissed) I'M NOT PLAYING AROUND! WHERE THE FUCK IS SHE?!

Burns:(smugly) You've got balls coming here. I'll give you that.

What Nico didn't expect was the Tar Monster emerging near him. But before it could attack him, May came out of the room she was held hostage in and created an ice wall between Nico and the Tar Monster.

Firefly then flew into the hideout and used his heat lasers to kill many Heartless and he and May got an immense power boost.

Firefly: (to Nico and May) C'mon! Let's bust out of here!

Nico: You haven't seen the last of me Burns! Your heart and head are mine! I WILL be back for all of you!

They flew away and blasted through the walls and were free.

May: Nico!

May hugged him and cried hard.

Nico: It's all right May. It's all right.

They arrived back at the research station and he told us everything.

Gilda: You're kidding me! The Tar Monster was there?!

Me: The Tar Monster!?

Shaggy: Like ZOINKS! The Tar Monster!?

Shaggy jumped into my arms!

Me: OOF! You're giving me a hernia Shaggy!

Qin: I remember him! He was slimy and gooey!

Lana: And really sticky!

Me: (Shaggy jumped off me) And his tar stuck to Lori's back and when I pulled it off it ripped her skin off.

Lori: Ouch! Don't remind me.

Sunset Shimmer: What is the Tar Monster?

Qin: He was really the assistant of an archaeology professor at a dig site that was after a priceless treasure in a hidden city in Turkey. He wanted that treasure all for himself.

Me: But we busted him and sent him to prison for Life. He was deported and sent back to America for Federal Life in Prison Charges and ordered to pay $18,000,000 in restitution.

Twilight Sparkle: Whoa!

Sunset Shimmer: Did you guys find the treasure?

Me: We sure did and it was a treasure that was priceless.

Nico: Wow!

Chalmers: How did you guys take the Tar Monster down the first time?

Me: It was a really genius trap when I was with Mystery Inc. We pumped compressed air into a tar pool and the Tar Monster rose up like a big bubble glob of tar and he got stuck on tree branch.

Chalmer: Whoa! That's genius.

Me: Well it was Fred's idea. But it worked really well. That's why he's known as the Trap Master.

Fred: Good nickname.

Wind Man: Before we take down Benex, we need to find the Luminous Whale.

May: And fast. Before Burns and Crocker send Jock and Goobot to find it first.

Me: I don't think they will be after a whale. After how they blew up our fake rocket, it answers our questions. They are Now after US and ONLY us.

Nico: J.D.'s right.

Wind Man: Oh man.

Leonard the Pig King: Where's the Luminous Whale located anyway?

Me: It was located at the very bottom of the Mariana Trench down at 36,000 feet.

Laney: It's true. We saw it when we raced down there at that depth.

Nanami: Wow! That's amazing! I didn't know you raced down there.

Me: It was one of our most incredible races we've ever done.

Maria: Yeah we had to navigate through pitch black darkness, 16,000 pounds of water pressure per square inch at every corner and at depths over 36,000 feet deep.

Nanami: WHOA!

Me: We'll have to see it at night.

Nico: Yeah.

We waited till night and on the edge of the station we saw a light in the water and we saw The Luminous Whale and what we saw was unbelievable! It was really a Blue Whale that glows in the dark! It was a Yellow Glowing Whale!

Nico: WHOA!

Me: OH WOW! That whale is magnificent!

Lincoln: It sure is. Wow! So beautiful.

Laney: It sure is.

The whale came up to us.

Toxica: (to the Luminous Whale) It's okay. No one's going to hurt you.

Varie held out her hand and she and the whale bonded. It was an amazing sight.

And the whale was beautiful. It glowed in the dark and it was one of the most beautiful creatures we've ever seen.

Me: Wow.

Lana: She's beautiful.

Fluttershy: I've never seen a whale before. She is magnificent.

The whale released a sonar ping.

Fluttershy: You're welcome.

Nanami: How do you understand her?

Fluttershy: I have the ability to communicate with animals.

Me: It's Fluttershy's amazing ability. She is very gifted.

Nico: She sure is.

Then a boat was heard.

Me: We got company!

We saw the boat and coming on was Adrienne Benex!

Nico: Is that her?

Nanami: Yep it sure is.

She came on board.

Benex: Team Loud Phoenix Storm!? You're all still alive!?

Me: (Sarcastically) No we're angels that were sent to Heaven. Of course we're alive you bitch!

We also saw that she had VLAD PLASMIUS, KING GOOBOT V, DENZEL CROCKER, PLANKTON, JOCK and MR. BURNS with her!

Vlad Plasmius

**Vlad Masters**, better known as **Vlad Plasmius**, is the main antagonist of Nickelodeon's animated series *Danny Phantom* . He is Danny's main arch-nemesis, Jack Fenton's former best friend, and Maddie's former love interest, the former two's rival. He later becomes one of the most hated men on Earth after he finally reveals his true nature as a ghost.

He was voiced by Martin Mull.

Vlad Masters was the childhood friend of Jack Fenton, the father of the series' protagonist, Danny Fenton. They were working together on a science project, trying to create a portal to the ghost world, when the project exploded and infected Vlad with "ecto acne". Believing himself to be hideous, he assumed he was unworthy of his true love, although Maddie never truly loved Vlad as revealed in Masters of All Time. He held a grudge against Jack Fenton since, believing his infection to be Jack's fault. In the final episode, a TV special titled "Phantom Planet", he gets hit by an asteroid. It is unknown if he survived, though since it was rather comical it was implied that he did.

Goals

Aside from trying to gain a family by winning back his college love and even get Danny to be his adopted son, he tries to gain power, in all ways he can. Throughout the series he makes life hard for

Danny, hoping to break his will. Vlad had even made attempts to clone Danny as well in order to sate his desires for a family. At the beginning of the third season, Vlad seems to lose interest in having Danny as a son and simply sought to torment Danny. He even goes so far as to become mayor of Amity Park and start a campaign against ghosts despite being half-ghost himself. In "The Ultimate Enemy" special, he accidentally creates Dark Danny in an attempt to help ease the emotional pain Danny had been going through.

## Early life

Much of Vlad Masters early life is never revealed but at some point he meets Jack Fenton and together they attend the University of Wisconsin and become best friends who are popular as well as doing everything together, they also become lab partners. Soon, he meets Maddie Fenton whom he starts to fall in love with.

At some point, Vlad, Jack and Maddie become acquainted and soon built a prototype ghost portal (what Vlad believes will not work) where one day Jack activates the ghost portal just at the very moment Vlad checks out the portal, causing the portal to go haywire and blasting Vlad in the face with ectoplasmic energy causing him to have a severe case of Ecto-Acne thus ruining his social life and any chances to win Maddie over. Following this he becomes hospitalized for several years becoming bitter, selfish and arrogant as well as holding a strong grudge against Jack for ruining his life.

Later, he discovers that the accident gave him ghost powers and as such he takes advantage of his powers by committing many invisible burglaries to acquire his wealth he has now. He names his ghost-half under the Alias, Vlad Plasmius.

## First Appearance

Twenty years later, Vlad makes his debut in **Bitter Reunions** where he sends three vulture ghosts in an attempt to kill Jack however the ghosts were quickly defeated by Danny, when he figures it out their motives. Upon failing, Vlad throws a college reunion party at his estate and invites Jack and Maddie (who subsequently bring Danny and Jazz with them) where Vlad plans to humiliate Jack and have Maddie leave him. When the Fentons arrive the next day he warmly greets them except Jack who shuts the door on him, inside his mansion,

he shows the Fentons his Packers memorabilia, where Danny notices Vlad hitting on Maddie, who subsequently lets Jack in where Vlad attempts to convince Jack to stay for the reunion but Jack initially refuses to stay with him but manages to convince him when he tells him the Dairy King ghost haunts his mansion, Jack upon hearing he gets to hunt ghosts eagerly agrees to stay.

That night, he again sends his vulture ghosts to kill Jack (who was searching for a bathroom), Danny's ghost sense goes off again and rescues him only to be confronted by Vlad, Danny then fights him where Vlad taunts him for using his powers for good, he attempts to finish him off but Vlad quickly overpowers and defeats him and knocks him unconscious causing Danny to change back to his human form in front of him, where Vlad is shocked to find that Danny Phantom is Jack's son. Danny later wakes up screaming, alerting Vlad who comes into his room to check on him, Danny apologies to Vlad for scaring him to which Vlad says not to worry and he will see him tomorrow, Vlad leaves beginning to put his plan into action

The next day at the reunion, Vlad approaches Danny and asks him for a "favor", he tells him to head to his laboratory to retrieve a "gift" he intends to give to Jack, Danny obliges and head to his lab where notices a picture of him and Maddie he puts the picture of him and Jack together and discovers that Vlad had sent the vulture ghosts to kill Jack, but before he can do anything about that though, Skulker appears and captures Danny in a cube which naturalizes his ghost power and thus is unable to escape, before he can kill Danny, Vlad appears angrily dismissing Skulker stating he did not free him to kill Danny where the latter promptly leaves. Vlad then reveals to Danny that he is also a half-ghost just like him, he offers to Danny to join him and offers to train him in using his powers if he renounces his father, Danny angrily refuses calling him a fruit loop leaving Vlad to leave him to put his next phase of his plan into action.

Vlad heads to Jack and possess him and begins to wreck havoc intending to ruin his reputation, but Danny manages to escape with help from the Dairy King ghost and finds Vlad possessing his father who quickly removes him from his body. Heading into the library to continue their fight, Vlad once again tries to convince Danny to join his side by saying all the things he can teach him but Danny again refuses to do so. Seeing Maddie, Vlad phases in and kidnaps her where she angrily tells him to let her go but he refuses to do so, Jack see this and chases after her, Danny then drives the Fenton RV and shoots ectoplasmic goo at Vlad causing him to drop Maddie, Danny quickly repossesses his father and catches her much to her delight, Danny as Jack then sends Maddie away and confronts Vlad where he threatens to expose his and Vlad's secrets as half ghosts unless he and Vlad comes to a truce he also states that his parents will accept him no matter what but then asks Vlad what would Maddie think seeing that Danny is blackmailing him and that is slowly learning him without him realizing it, Vlad agrees to do so but not before saying that him and Maddie will join him eventually.

Later upon hearing that Valerie Gray's life had gone down hill after a ghost accident at Axion Labs that caused her father Damon Gray to lose his job in **Shades of Gray**, Vlad sends her ghost hunting equipment with a note in it, she immediately accepts the gift and begins to hunt down Danny with it unaware of his true intentions with it, Vlad then makes a quick cameo appearance outside grinning at her before he disappears.

Rivalry with Danny

Vlad makes a return in **Maternal Instinct** staging a plan that involves taking Maddie and Danny to a mother and son science convention in Florida, Maddie wanting to spend time with her son takes a reluctant Danny with her.

On their way there, the pilot of their plane is revealed to be a ghost, forcing the duo to escape via parachutes they land in the rocky mountains, braving the forest they happen to come across a mansion that is owned none other than Vlad who pulls up just at the moment, while Maddie is relieved to see him, Danny rather is suspicious of him, it is also revealed he is sending ghosts to Fenton Works to kill Jack (as well as Jazz who is also at home with her father) they then subsequently stay with him for the time being.

Later, Maddie begins to explain her and Danny's situation to Vlad (while Danny continues to remain rather suspicious of Vlad), Vlad, then confesses his love to Maddie and also tries to convince her she leaves Jack and have her and Danny stay with him. Angering her, Maddie (and Danny) quickly leaves his mansion with Danny mockingly suggesting that he either try internet dating or getting a cat to which Vlad angrily refuses.

Later, Maddie and Danny camp out in the woods as Vlad sends his ghost animals to kidnap Danny and bring him back to his mansion, upon his arrival back Vlad reveals to Danny that the mother/son convention was nothing more but a part of his plan to have Maddie to himself and that DALV was nothing more but his name backwards he then shortens out his powers by using Plasmius Maximus for three hours then shoos him into the woods with his ghost animals in pursuit, Danny is however is rescued by Maddie, who reluctantly suggests heading back to Vlad's so she can call for help on the way she puts the Specter Deflector on Danny (who powers are already shortened out from Vlad earlier) who then realizes the belt will zap him when he gets his powers back but is later able to steal the key from Maddie by hugging her.

Knocking on Vlad's door, Vlad opens and is happy to see that Maddie and Danny has returned to him, Maddie then takes advantage of Vlad by manipulating him through "flirting" with him and toying with his feelings for her in order to get on his good side, Meanwhile as a Maddie searches his house for a phone to call for help, Danny changes the clock and tricks Vlad into thinking he renounces Jack as his father and calling him as his new father takes the bait and goes to hug him, Danny then puts the Sector Deflector on Vlad shocking him and realizing that Danny has tricked him as Danny regains his powers just at the exact moment. The duo then engages in battle despite Vlad being weakened by the specter deflector Vlad has it even with Danny until he attempt to duplicate himself but only grows a second head and Danny manages to defeat him. Vlad accepts defeat, but he states that he forgot about his ghost animals, but the ghost animals quickly turn on Vlad when Danny points out his animal memorabilia on his wall, Vlad states he is more powerful then them, but Danny does what Vlad did to him earlier by shocking him with his own weapon thus shortening out his powers. Danny says he will give him a five minute head start but also say seconds saying he is bad a math, he then orders the ghost chase after Vlad out of his house and into the woods, Maddie returns and asks where Vlad went to Danny replies that he went out or a hike, Danny and Maddie then take his helicopter to return home.

Soon, Vlad is seeking for a Skeleton Key in the Ghost Zone In **The Million Dollar Ghost**, which has the ability to unlock any door in the ghost zone as well entering any realm, he is able to find the key but a giant monster confronts him in doing so, they engage in battle and Vlad is able to quickly defeat him but the monster hits him with his tail and knocks him away and back into his portal, but before he can return to the Ghost Zone and alarm to his ghost portal rings and to his horror he forgot to refill the ecto filltrator causing the portal to explode as well as his destroying his mansion in the process, to his horror he discovers that his ghost portal is destroyed thus not being able to go back into the Ghost Zone to retrieve the key, he will need a working portal to get back into the Ghost Zone and he then pulls out a picture of the Fentons and realizes he will have to steal Jack's portal before laughing evilly

Vlad later sends his vulture ghosts to attack Jack, but they end up capturing Sam Manson and Tucker Foley (Danny's best friends) forcing Danny to risk himself by going ghost in front of the ghost hunters to save them but is confronted by Vlad who reveals to Danny he sent the ghost hunters as well as placing the million dollar bounty on Danny, the two engage in a fight where Danny mocks Vlad by saying that Jack married the love of his life Maddie, Danny is however quickly defeated and almost changes back into his human form before Vlad changes him back and throws him towards the ghost hunters ready to destroy him by their weapons though Danny was able to quickly escape from them.

In order to cheer his father up Danny goes ghost and allows him to be captured by him he refuses but is instead captured by Maddie, Jack then heads over to an alleyway where he is to claim his million dollar reward, however Danny attempts to warn Jack that the reward was a trap Jack wont listen to him until they are both trapped into an ecto cage, Vlad then appears where he reveals to Jack he is going to destroy his portal and make his own, though Danny and Jack say that he has a portal of his own, Vlad says he did but it got destroyed before proceeding to Fenton Works, Jack is later able to escape with the help of Danny Phantom.

Vlad has his vulture ghosts attempt to open the Fenton portal where he is surprised Jack caught him very easily and orders his ghosts to attack Jack but Jack's competence arises and is able to quickly defeat them, Vlad tell Jack his family is all in danger all the time he states he should be put out o their misery and attack him, Jack them arms himself with the Fenton Ghost Gloves/Ghost Gauntlets and easily defeats Vlad (impressing Danny) Danny then is able to change the ecto filltrator and Jack open the Ghost Portal to Vlad's disbelief who claims Jack is an idiot to which Jack retaliates by saying he is the idiot to beat him before punching him into the Ghost Zone the portal explodes seconds after but is then revealed to be a simulation on Jack's computer.

Elsewhere in the Ghost Zone, Vlad is completely surprised that Jack defeated him and is rather upset but quickly changes his mind once he retrieves the skeleton key he had been looking for causing him to gloat that even in victory, Jack still fails. The monster that Vlad that fought earlier eats him much to his annoyance.

With the Skeleton Key still in his possession in **Reign Storm**, Vlad uses it to escape the monster that had devoured him and over to a castle in the ghost zone to steal the ring of the ghost king Pariah Dark as well as the sword of the spirit of Halloween the Fright Knight he uses the key to dissolve the orb holding the ring, Vlad then gloats that he now has the power of the ghost king in his hand he then attempts to use it to no avail. Vlad then realizes in order to use the rings power the user must also wear the crown of fire, he then uses the key to open the coffin causing a nearby vulture to beak and the coffin eyes to brighten up, at the exact moment while discussing the crowns power the ghost king angrily reawakens much to Vlad's horror. When the ghost king asks who dares reawaken him Vlad approaches him where he nervously attempts to tell him that he is a huge fan of his work, Not buying his statement King Pariah causes an explosion knocking Vlad far from his castle, the ghost king subsequently removes the sword from the pumpkin summoning the Fright Knight to serve him, he notices that the ghost king has awakened and bows down to him, the ghost king tells him he as well as Vlad who rules the Ghost Zone. Outside Vlad states he has to get of sight before the ghost king finds him he quickly grabs him telling he has reawakened him but soon discover that Vlad is a duplicate, Vlad notices that the Fright Knight is awake and goes over to an attempt to make a deal with him, the Fright Knight questions this before the ghost king attacks them Vlad tell him to call him before attempting to escape the ghost king before the latter shoots at him knocking him unconscious and transforming back into his human form and into the Fenton portal just as Jack and Maddie are finishing up constructing a robotic suit, Vlad then pops out of the ghost portal much to the shock and surprise of Jack and Maddie, Vlad weakly asks Jack to help him before falling unconscious.

Recovering, at Fenton Works, Danny (With Sam and Valerie) comes home from school and is shocked to find his archenemy hanging around with his family where Vlad greets Danny in an enthusiastic manner. Danny angrily confronts Vlad and asks what is he doing at his house to which Maddie responds by pouring tea on Vlad, burning him and telling Danny that is a a valid question, he then attempts to flirt with her again but she angrily brushes him of and threatens him. Vlad then tells Danny and reveals his plan to steal the Ecto-Skeleton aloud in front of Jack under his nose, but starts laughing with Jack about it by just claiming he was joking with him he then asks Maddie for more tea but she pours it on his head much to his annoyance.

Jack and Maddie then leave as Danny confronts him but then figures it out since he just said it aloud to which he threatens to expose his secret before shifting his attention to Valerie Gray who is surprised (as well as Danny) that he knows her, just then the an alarm goes off in Fenton Works alerting Jack and Maddie who explain to Danny Jazz and Sam that it goes off when they are about to face a massive ghost invasion alerting Danny who orders Sam and Jazz to stall Jack and Maddie as he goes ghost to confront the invasion initially he is relieve to only find out Box Ghost to pop out but then Skulker leads Ember McLain, Walker, Nicolai Technus as well a numerous other ghost Danny fought previously out of the ghost zone, he chases after them and ask what they are running from they tell him they are running away from Pariah Dark the ghost king as well as the Fright Knight before attacking Danny and running away who subsequently tells Sam that Vlad Plasmius has become the least of his worries.

Vlad rides with Valerie where he asks if the equipment is operating functionally Valerie responds that he designed it just for her but Valerie asks why he would give it to a fourteen year old but also said he said he is also the best ghost fighter he has ever seen before "joking" with her about using her, Vlad then gives her the ring of the ghost king lying to her that the right was passed down from ghost hunter generation she accepts it not know it its the ghost kings ring he then orders her to her job with Valerie vowing not to let Vlad down. Meanwhile, as Vlad puts his plan into motion the ghost king summons his army with the Fright Knight in command.

Later, Vlad is helping Jack work on his robotic suit as the Fright Knight breaks in to the Fenton lab and unleashes his army to retrieve the ghost kings ring, Maddie attempt to close the portal but the Fright Knight catches her and attempts to kidnap her as Vlad and Jack order him to let go of the woman they love sparking an awkward moment between Vlad and Jack, Vlad asks Jack if the suit is operation but Jack warns Vlad that the suit could kill him, then Vlad states he should use it (for his sadistic pleasure of Jack getting hurt). Jack then battles the Fright Knight defeats him and rescues Maddie but the suit drains him of physical energy, Maddie orders Vlad to help her get the pants of Jack but Vlad tell her that's her problem angering Maddie.

Meanwhile as the ghost kings army causes havoc, Vlad confronts Danny at his school complementing him for using his ghost powers against his enemies having watched Danny get revenge on Dash Baxter (after the former is fed up with the latter's bullying), Danny goes ghost and engages him into battle but Vlad catches him and tell him to calm down as the Fright Knight and his army attack Danny and Vlad, Vlad assist Danny in fighting off the Ghost King's army, Danny sarcastically asks Vlad if he wants his mother cell phone number to which Vlad denies, the Fright Knight grabs him and demands to return the ghost king's to him to which Vlad denies having possession of, Valerie then appears to which Danny and Vlad realizes the Valerie will attack them because they appear as ghosts, but Danny convinces her to join forces with him to fight off the army, the trio the confronts the Fright Knight which give him no choice to but claim Amity Park under Pariahs Rule. The Fright Knight warns Danny and Vlad that the reign of terror will end if the ring is given back to the king but if the sword is removed by anyone they will surrender to the ghost king before disappearing but before Vlad and Danny can do anything further Maddie and Damon arrive forcing Vlad to flee and Danny to change back into human form

Later, Danny confronts Vlad outside of his house calling him out for putting innocent people at risk and tell him to give the ring to him he refuses to do so, causing Danny to get angry but Vlad taunts him stating what if Valerie notices his secret, Danny breaks a nearby streetlight, goes ghost and engages Vlad into battle. Danny hits Vlad with a sneak attack Vlad tells him as he goes ghost that he's becoming like him with every battle though Danny states that he is nothing like Vlad and continues the fight to where the sword is located, Vlad continues to manipulate Danny by saying that he's using his powers to get back at people he doesn't like and throwing the first punch he state that he is becoming more like him before hitting and knocking him near the sword, Danny noticing the sword states that if he can't make Vlad get the ring back he will make him by pulling out the sword but Vlad tells him not to pull the sword telling him its a signal, Danny questions this and pulls out the sword anyway causing to put Amity Park into to Ghost Zone and under the Ghost King's rule as well as causing the ghost kings army to resume their march, The Fright Knight and King Pariah appear where the latter attacks the duo causing the two to change back into their human forms and become unconscious. The Ghost King prepares to murder the duo but then Valerie armed with her battle suit attacks him dropping the duo, the Fright Knight then realizes Valerie is in the possession of the ring and demands her to give it to him but Valerie shoots a missile with the ring on it to distract the ghost king as she rescues Danny and Vlad as she heads back to Fenton Works with the Fright Knight in pursuit until she manages to get inside the ghost shield. In the meantime Pariah manages to catch his ring and with the crown of fire gives him unimaginable power.

Valerie takes Danny and Vlad into Danny's bedroom where she rests, Vlad then wakes up and notices that the ring he gave to Valerie is gone (unaware that the ghost king now has possession of it while he was unconscious). hearing Jack and Maddie come in

Vlad turns invisible and leaves, Danny subsequently defeats Valerie by exposing her secret as a ghost fighter in front of her father, Later Vlad apparently makes a deal with Fright Knight as Danny with the help of his ghostly enemies fights off the ghost king's army as Danny confronts the Ghost King in his castle for the final battle where Danny is victorious, however the battle causes Danny to pass out from exhaustion as Danny locks the ghost king in his coffin, Vlad takes advantage of this opportunity to steal the ecto-skeleton. Afterwards Vlad then takes Danny back to his house claiming to having found Danny outside the ghost shield in an effort to get back on Jack and Maddie's good side.

In an alternate timeline set a decade later in the future in **The Ultimate Enemy**, Danny gets caught in a time traveling journey involving a sequence of events courteously of Clockwork. In a sequence of events Danny eventually meets his evil future self Dan Phantom and engages him into battle but his older self proves to be too powerful for Danny and easily defeats him subsequently he fuses one of Clockworks medallion into Danny thus trapping him in the future and throws him into the ghost zone while Dan goes back in time to make sure his future is sealed but Jazz having figured out who Dan is as well as figuring out that Vlad Masters is Danny's archenemy uses a boomerang with a note with to find Danny. Danny eventually receives the note and suspects that Vlad is behind all of these events.

Danny finds out that Vlad's manor is long gone and Vlad noticing that Danny came in asks if he came to kick a defenseless old man while he is down, Danny questions this and Vlad reveals himself as a depressed old hermit, Danny asks what has happened to him while Vlad says he can ask him the very same question. Vlad the explains how Dark Danny came to be.

Following the Nasty Burger explosion that killed Danny's family, Sam, Tucker, as well as his teacher Mr. Lancer, Danny reluctantly moves in with his archenemy whom he feels he is the last person to to understand his situation. Vlad (having wanted to take Danny in as his own for a long time) takes him in with open arms and gives him a great deal of sympathy of what he is going through. Danny having felt guilty of what he is going through and feeling that his ghost powers are the reason for the death of his loved ones asks Vlad to remove his ghost half from his human half. Something that Vlad honored, he agreed to help him and using the Fenton Ghost Gloves (renamed Ghost Gauntlets which he somehow obtained) separates Danny Phantom from Danny Fenton, the procedure goes well but the ghost wakes up angry that Vlad had separated him from his human half goes berserk and frees himself and throws Vlad into a wall, the ghost then grabs the gauntlets and separates Vlad Masters from Vlad Plasmius thus stripping Vlad of his ghost powers, Danny's ghost half attempts to overshadow Vlad Plasmius, but the evil nature in Vlad consumes and overwhelms any good that is left in Danny Phantom and as such Dark Danny is born, Vlad then watches in terror as Dan comes into existence, horrified of what he had done (even though he tried to help Danny). Danny then asks Vlad what had become of his human half, cringing and not even wanting to even think of it, Vlad tells the younger Danny that some things are better off left unsaid. The scene then cuts to Dan giving the human Danny a deadly glare before proceeding to kill his human self and blowing up Vlad's mansion before going on a decade's long rampage of death and destruction with the human Vlad barely surviving the explosion to live to tell the tale.

Vlad, states in light of all the horrible things that happened is that ten years without ghost powers gave him the chance to see the errors of his ways by even restoring a picture of Jack with him and Maddie in a rare moment for Vlad shows deep regret and guilt, in a rare moment for his archenemy he realizes that everyone deserves a second chance even Vlad and in a way forgives him he then asks if Vlad has his ghost gantlets, to which he still has and Danny asks for help in getting the time medallion out of him but Vlad states he can just destroy Danny then and there to prevent his horrible future. Vlad however does remove his time medallion before Danny departs back to his own time to stop Dan and save his family and friends, Danny is successful in defeating his evil older self and with the help of Clockwork goes back in time to where Danny begins taking the C.A.T. and subsequently giving the answers back to Mr. Lancer thus creating a timeline where Danny's family and friends are saved from the Nasty Burger explosion and as such Danny does not move in with Vlad thus preventing Dark Danny from coming into existence (though the existing Dan now exists outside of time).

Now having possession of the Ecto-Skeleton in **Secret Weapons** Vlad again hires Skulker to hunt down nano bots from Axion Labs as well as the Ecto-converter and stealing an electric rod from Nicolai Technus in order to improve the suits power. Meanwhile, Danny angrily drive Jazz away from home as she ruins his ghost battles. Klemper barges in to Vlad's portal asking him to be his friend to which Vlad comically denies, he hears the doorbell ring and is surprised to see Jazz who calls him "Uncle Vlad" states that she ran away from home, her father is an idiot and her brother hates her and that she wants to move in with her, Vlad upon hearing that she says Jack is an idiot immediately takes her in, Unbeknownst to him however Jazz is secretly investigating him for the thefts he and Skulker committed. The next morning Jack and Maddie wake up Danny to inform him that Jazz is gone (feeling guilty for driving her away Danny heads into the ghost zone in an effort to find her), Vlad then calls Jack and Maddie where Jazz informs them that she needs to stay with "Uncle Vlad" for a while in order to stay away from Danny, Maddie (due to her hatred for Vlad) immediately objects to this but Vlad takes it as her saying yes and tell them he will watch her as if she was his own. In the meantime Danny confronts Skulker about kidnapping Jazz but the ghost hunter denies of doing he subsequently captures him and takes him to Vlad.

Later, Jazz discovers Vlad heading down to his secret laboratory, using Vlad's laptop Jazz tries to figure out why Vlad wants nano-bots and and a ecto converter but multiple pictures of Maddie show up instead much to her disgust, Just then Vlad returns and Jazz pretends she is reading one of Vlad's college yearbooks which Vlad questions what she is doing in his library, playing with Vlad's crush for Maddie she asks why would his library be private from someone he considers a daughter, telling him he looked good in college as well as asking why him and Maddie were never together, Believing she is not up to something Vlad asks her to hug him. Much later as Vlad is occupied with other things Jazz breaks into his secret laboratory, where she discovers that Vlad was in possession of Jack's ecto skeleton as well as the ecto converter and the nano bots that Skulker had stolen earlier, Vlad the catches her and asks what she is doing in his lab she lies to him saying how cool a dad he will be as well as saying that his lab is much better than Jack's to which Vlad states he has nothing to suspect her of, Just then Skulker appears with Technus's rod as well as Danny, Vlad is surprised that Danny Phantom and Jazz know each other. Upset, Vlad says he loves that Jazz has left Jack for him but also states that he is suspicious of her motives and as such he then plans to test her loyalty.

Taking them to a football field in his backyard, Jazz asks Vlad if this is necessary but Vlad states he wasn't going to take her in as his own without first "testing" her "loyalty", he also states that he improved Jack's suit so the suit would not kill Jazz but he will if she betrays him, Danny ask Vlad to let her go while also insulting her causing to get angry and Vlad to start the battle between the two, Danny and Jazz begin to argue till Danny tries to escape and leave with Jazz following him only to crash into a ghost shield where Vlad states the shield works on ghosts and humans, and as such Danny tell Jazz that they have to fight but make it look convincing in order to fool Vlad but Jazz punches him without remorse for him humiliating him earlier but continues on with the plan on false fighting Danny until it looks like she knocked him unconscious, taking the bait, Vlad states he forgives her and turns off the shield, but the Fenton siblings get the last laugh when Danny disappears and Jazz punches her "father", realizing that he has been tricked, Vlad states that he can end her resistance with a press of a button but Danny grabs the the remote from him and attacks Vlad, angered that he had been tricked by them, Vlad asks Jazz if he ever figured out his secret identity by turning into Vlad Plasmius but realizes that that Danny and Jazz are long gone, leaving a note stating that they are not surprised as well as Jack's suit to self destruct right next to him much to his dismay.

The Ecto acne soon comes back to bite Vlad in **Masters of All Time** and as such heads to Danny for help as the latter storms out of Nasty Burger due to Jack and Maddie embarrassing him where Vlad awaits him outside when Danny asks what Vlad wants this time, Vlad reveals to Danny that the ecto acne is back and asks for his help to cure it but Danny, Sam and Tucker refuses to help him, in order to force Danny to help him he infects Sam and Tucker with the same illness before falling unconscious, Danny ask Vlad to wake up and asks for an antidote but Jack and Maddie attack him and he hides and is able to change back with the help of Jazz, Jack and

Maddie realize that they must treat Vlad as well as Sam and Tucker ecto acne back at Fenton works much to Danny's dismay.

Vlad later wakes up at Fenton works in a bed stating to Maddie that she wouldn't let him down then mocks Danny telling him he didn't have a choice angering him. upon finding there is no cure Vlad mocks Danny stating that Sam and Tucker are running out of time which give Danny an idea he heads to Clockworks lair asking him to send him to the past of Jack Maddie and Vlad's college day but Clockwork says it is not a great idea but Danny begs him to do so stating he can prevent his original outbreak of ecto-acne as well as him getting ghost powers in the first place. Clockwork reluctantly does but tells him not to screw up, Danny arrives 20 years in the past and discovers an advertisement for a ghost portal and heads over there, there the past Vlad tries to state his love for Maddie to her but she ignores him and rather looks jealous when Maddie and Jack look at each other as in the previous timeline Jack activates the portal while Vlad sticks his head to it but just as the portal is about to shook Vlad, Danny appears and pushes Vlad out of the way as the ecto energy blasts around the lab Vlad pushes Maddie out of the way something she is grateful for this creates a timeline where Vlad doesn't get ecto-acne as well as ghost powers and thus Vlad Plasmius never exists.

Danny at first is satisfied that he altered the timeline, but soon changes his mind when he finds out Fenton works does not exist and heading into his house and to add further to the mess he made he realizes that Jack is not married to Maddie and thus does not have a son even further shocking him Jack has become a bitter half ghost (just the Vlad the original timeline) having now realized he has screwed up the past Danny attempts to get back to Clockwork but realizes there is no ghost portal then he notices on a newspaper that Vlad is married to Maddie shocking him, Danny has Jack explain to him what had occurred that Jack got hit with the ecto acne and got superpowers while Vlad marries Maddie Danny attempts to convince Jack that he was the one that married Maddie as well as having two kids but Jack refuses to believe him and attacks him leaving Danny not choice to find Maddie and Vlad in Wisconsin.

Danny arrives at Vlad and Maddie's Manor where he call Maddie "mom" in order to take him in, after feeding him cheese Maddie asks him where his parents are to which Danny responds they are missing, Maddie asks him if he needs a place to stay Vlad in awe is about to kiss her but a disgusted Danny interrupts asking if they have a ghost portal causing Vlad to be suspicious, that night Danny heads down into Vlad's lab where he finds a ghost portal but then Maddie appears and confronts him and captures him and straps him on to a table and asks Danny who he is, Danny nervously tells her that he is her son shocking her and tells her he is also Jack Fenton's son angering her stating she has not seen Jack Fenton in years and that he blamed her for the accident but Danny states that Jack misses her Jack out of nowhere come outs out and confirms this and shows her a picture of them together as well as Danny and Jazz and thus frees him she opens the portal but then Vlad appears attack Jack and Danny knocking the latter back on the table where he is captured again Danny begs him to stop telling him that nothing like this should ever happen but an angry Vlad states he likes it this way but Jack pushes Vlad to the side and frees Danny but Vlad shoots a laser at Jack and Jack defends himself with his shield but is pushed back into ghost portal causing it to overload and Jack to apparently either die or fall unconscious an angry Maddie confronts Vlad but Vlad states he is still her husband to which Maddie retaliates by throwing him into the ghost zone where he is confronted by several ghosts.

Danny with the help of a reluctant Clockwork fixes everything and Danny realizes Diet Cola is the cure to the ecto acne and as such suggests to Maddie to use the Diet Cola and mixes up a batch and the three are successfully cured much to Vlad's relief and tells Danny that he knew he would come through he then tells him that he is still weak so he asks him let bygones be bygones which Danny gets an idea by blasting him into the sky.

A much more darker side of Vlad is seen in **Kindred Spirits** where a desperate Vlad attempts to create the perfect clone of Danny by studying various battles between Danny and Valerie he has the Maddie program analyze the data but the program states Vlad wont be able to complete his experiment without a mid-morph sample Vlad then plans to resort to kidnapping Danny by sending his three ghosts out to find him one of which is a bed sheet with a half skeleton under it a hulk like monster ghost and a tiny green glob that is revealed to be a deformation of Danny who also call him "father" much to his delight before rather letting out a disturbing evil laugh when he has his Maddie program tell him that Jack Fenton is an idiot.

The bed sheet ghost ends up finding Danny at a golf course and he is able to quickly defeat it angering Sam and Tucker when they are left behind to clean the mess the Danny made, Danny returns home to find out a girl sitting on his bed confusing him, the girl introduces herself as Danielle, Danny's cousin once removed lying that she ran away from home Danny soon realizes she has a lot in common with him then takes her to meet his parents she refuses and goes outside, Danny follows her but can't find her just then the Hulk-like monster ghost appears and attacks Danny, Dani appears and reveals herself to be a half ghost just like him shocking him even further and the two team up against the ghost and defeat it and Dani fakes a faint when Danny begins to question her some more.

The next day at school, Danny tell his friends about Danielle but they are still angry at him but Danielle appears and Danny tells her she cant be using her powers just like that, she she tries to persuade him further when she suggests using her powers against Dash, just then the tiny glob ghost appears and the duo chase after it again leaving Sam and Tucker behind to clean the mess the Danny left behind, the Phantoms race each other unbeknownst to Danny, she was leading him to Vlad who appears in front of Danny and Vlad more serious than ever begins to attack Danny without hesitation who fights back, Danny asks Vlad if he going to make "some stupid crack" about Jack or a "lame come on" about Maddie, Vlad states to Danny that funny joke around Vlad is not present today and attacks him more and Danny fights back just then Dani appears and he asks her to help him but she hits him from behind betraying him and Danny realizes he was set up by her and Vlad, Dani asks her "dad" if she did good to which Vlad responds he could not wished for a better daughter before laughing evilly as Danny falls unconscious before taking him away where Sam and Tucker witness Danny being taken captive by Vlad who also realizes that Dani was bad news, realizing Danny needs their help they leave school infuriating Mr. Lancer who calls Jack and Maddie to inform them what they have done as Sam and Tucker head over to Fenton works to grab the Specter Speeder as well as the boomerang and the specter deflector but are caught by an angry Jack and Maddie before managing to escape the Fenton household and use the boomerang to find Danny as it can find Danny's location.

Meanwhile, Danny is taken to Vlad's residence in Colorado where Vlad captures him in Skulkers cube and shows him various videos of him going ghost which makes Danny realize that Vlad was spying on him before calling him a crazed up fruit loop but an angry Vlad states that a fruit loop would not commit invisible burglaries or overshadow several millionaires to be come the rich man that he is today and also states he is not a villain but that all he ever wanted was love before showing Danny his clones and that they need more time before they can accept his DNA stating that the ghosts that Danny encountered earlier including Danielle were bad clones and mistakes before showing Danny a deformed version of himself shocking Danielle who was watching all of this from above Vlad also states that he would watch hundred's of ghosts dissolve into ecto-plasium because he is desperate in getting the perfect half ghost son to which Danny states there is nothing loopy about that Vlad then asks Danny if he is under the impression that he is escaping, he states to him he needs a DNA sample of him to get a mid morph before ordering the deformed Danny to overshadow Danny in order to get his DNA.

Later, Vlad puts Danny into a cloning chamber in order to get what he needs Danny attempts to resist the transformation and the power is too much for the chamber and it overloads and thus explodes and Danny flies through Vlad angering him but Danielle appears behind up upset with what she heard asking him if she was in imperfection and a mistake but Vlad states he wasn't talking about her but was talking about the other clones he was making and shows her the tiny blob ghost dissolve into ecto plasium scaring her he then points out he needs Danny's DNA to stabilize her his "greatest creation" Dani takes Vlad's word and sets out to find Danny as he attempts to escape from Vlad's home and is attacked by Danielle who states that he isn't going anywhere and tells him that he is too weak to beat her at all but Danny tells her he is not going to fight her stating that every time he fights a clone to turn to goo but also states she isn't mindless like the other clones and that he doesn't want to hurt her, to which Dani states that's Danny should give Vlad his DNA so he can save her, but Danny states he is not going to save her but is using her telling her that she is a mess the Vlad is not going to even bother trying to clean up. Dani does not believe him and knocks him unconscious before taking him back to Vlad.

Danny wakes up in a cloning chamber being locked in by Dani, Vlad states he isn't sure how he is going to get Danny to morph but then gives him the idea having Dani overshadow Danny to force the transformation but Dani is reluctant to do so as she is afraid the strain would melt her since it melted the last clone that tried that. Vlad assures her it wont happen but Dani is hesitant to do so this causes Vlad to furiously snap at her telling that she only exists to serve him, upset at Vlad and realizes that Danny is right in Vlad using her, this causes Dani to betray her "father" and free Danny the two Phantoms then subsequently team up and attack Vlad knocking him back into the chamber that contains the perfect clone to fall on him destroying it where the Maddie program tells him about the clone where Vlad watches in horror as his ghost son slowly dissolve into ecto-plasium devastating him he shouts a loud NOOOO!

before glaring at Danielle in pure rage and slowly walks over to murder his "daughter" but Dani despite her unstabilized body attempts to fight him but Danny states that she doesn't have to, Danny then uses his ghostly wail (having used it previously on Dark Danny) on Vlad knocking him back into the wall and destroying his laboratory in he process (he also comically watches his Maddie program go corrupt and tells him she never loved him and that she likes the Jack program better Jack appears and he watches them kiss much to his horror) before turning back to human form and falling to the ground as Danny loses his power but states it worth it to take the cloning lab down, Vlad gets up and comes in for another attack but Dani again still attempts to fight him, but Vlad states that she doesn't dare use her powers against him and points out that Danny is beaten and this is over, before he can kill her though in a moment of pure luck out of nowhere Jack and Maddie's boomerang appears and hits him and Vlad picks it up and asks where did this came from suddenly the specter speeder commandeered by Sam and Tucker breaks into his lab hitting him and knocking him out, Tucker then comes out and puts the specter deflector on Vlad thus turning him back to human form and then states he can't focus his powers where Dani knocks unconscious telling him to stay away from her "cousin", in gratitude for saving her, Dani helps Danny and his friends out when they are about to face a potential punishment from Jack Maddie and Mr. Lancer for skipping school and taking the specter speeder by overshadowing Maddie and Lancer and make them get off the hook by telling Jack he can just make another ship thus letting Danny and his friends off the hook as Dani flies away to do her own heroic acts in her newfound freedom. (By far this was Vlad's cruelest role to date as he almost would of crossed the MEH had he killed Danielle as well as being very dangerous considering Danny used his ghostly wail on him and Tucker putting the specter deflector on him but nowhere near as bad as Dark Danny).

## Becoming Mayor of Amity Park

With all else having failed, Vlad moves into a new mansion near Amity Park at the beginning of **Eye For an Eye**, Danny finds out and sends the guys in White to destroy his new home after he was finished exploring it tricking them into thinking that Vlad is in possession of ghost equipment, Vlad attempts to argue with them but the Guys in White destroy the house anyway devastating him, after not finding anything one of them mentions that the "Fenton kid" was wrong Vlad noting Danny is the one behind this tells him its game on, Danny and Tucker laugh at Vlad's expense in amusement much to Sam's concern he subsequently sends the guys in White to Fenton Works for the same reason until Sam tells them they can't search without a warrant.

Now without a house Vlad, stays in a nearby hotel for the time being a news report, tells about Vlad's misfortune insisting that he had nothing to hide, Vlad comes out of the shower stating that Danny Phantom has ruined his reputation and made him a laughing stock of Wisconsin and states that no one should bow down to a laughing stock but also states his counter moves should be able to wear Danny down, Vlad gets a rude awakening by Danny when news helicopters surround his hotel room and Danny turns the walls invisible for them to see, Vlad then pulls the same prank on Danny when the whole cafeteria spots him taking a show courteousy of

Vlad sending in his ghost vultures who make the walls invisible. Later Vlad buys the Nasty Burger from its owners and sends the Guys In White to destroy it claiming that the Nasty Burger has ghost energy inside, Vlad tells Danny this is a lesson to be learned but Danny angrily states he gets the idea and that he doesn't like it but this isn't over for him yet as Danny Sam and Tucker storm off where Vlad decides to run for Mayor after seeing a nearby billboard

Danny soon gets the news from Jack that Vlad is running for mayor of Amity Park where Maddie tells him that Vlad is a write in candidate, Vlad states on TV that if he is elected he hopes to bring new life into Amity Park prompting Danny to run to city hall and confront Vlad just as Vlad is finished talking to a news reporter as Vlad walks away Danny grabs his legs and takes him down to the basement of city hall, Vlad eagerly greats Danny asking him if he came to wish "uncle Vlad" good luck but Danny tells him that he should stop running for officer but Vlad refuses to stating that his campaign is just beginning and goes ghost and Danny easily kicks him out of the building noting that Vlad is getting a little rusty but soon realizes that the Vlad he is fighting is a clone used to hold Danny off where nearby multiple Vlad clones overshadow the voters (including Jack) to vote for him thus making him win in a landslide.

The next day Vlad is finishing up his victory speech as he calls Danny up to the stage where he tells the public that Danny inspired him to run to run for mayor and that he will repay him and his friends by protecting the town from ghosts where Sam has a bad feeling about but Tucker states that he is only having a couple of laws but is completely wrong when he bans technology which greatly upsets Tucker as well as installing school uniforms that is non dark and gothic specifically made to irritate Sam, 4:00PM curfews, roll calls before and after classes and heighten security to ensure the safety of all students and to makes things more difficult for Danny where he installs surveillance cameras at every corner to ensure Danny can never go ghost and as such Vlad lies saying that Danny Phantom brings in ghosts as opposed to scaring them away and in order to prove his worth Vlad has the Guys in White capture ghosts that lurk Amity Park to which Danny believes that they are staged, to make Danny's life even more miserable he renames the Nasty Burger, McMasters and bans teenagers from entering causing Danny to be greatly hated by his peers.

A frustrated Danny (with the help of Tucker who removes a surveillance camera so he can go ghost) confronts Vlad inside the restaurant where attempts to apologize to Vlad stating he is sorry for the pranks he pulled on him and that he hopes that he will accept his apology and stop making life miserable and even offers to shake his his hand, Vlad is surprised but refuses to comply to his pleas angering Danny who asks if he can even pretend to have a heart but Vlad states while the apology is a departure from his usual childish arrogance he states to Danny that he had this had this coming Danny tries to argue his way out but Vlad has the Guys in White step in to force him out when he states no teenagers as well as ghost teenagers are allowed in.

Determined to get back at Vlad, Danny Sam and Tucker recruit their classmates and form a protest outside McMaster's to protest it's anti-teenager policy, Vlad notices this and heads down to confront them where he addresses them as children to which Sam shifts him off stating they are not children and tell him to stop treating them that way with Vlad distracted Danny prepares to enact his plan as Jack and Maddie show up annoyed by Jack's presence Vlad tries to blend in with the teenager as Danny shows up and prepares to get at Vlad but Jack prepares to attack Danny, Vlad spares him and lets him have his word, Danny prepares to expose Vlad's secret as a ghost to the public but at that exact moment a Vlad Plasmius clone appears and prepares to terrorize the crowds as Danny confronts the clone as the human Vlad watches in amusement as the clone overwhelms Danny with an ecto-tornado where the human Vlad states that Danny Phantom attracts the worst of what the Ghost Zone has to offer and is too weak to stop them, Plasmius catches Phantom as the human Vlad grabs Jack's gun and prepares to attack his clone Danny then realizes that Vlad is zapping his clone to make himself look good but Danny then gets an idea of overshadowing the Plasmius clone as Vlad shoots the clone at his limo and causing an explosion, the now human Danny emerges to the wreckage where he Sam and Tucker conspire that Vlad injured Danny causing him to lose a majority of his supporters which greatly pleases Danny.

In an effort to save his status as the mayor, Vlad reluctantly reverses all his restrictions on the teenagers which gives back his support from the public as well as rebuilding the Nasty Burger to get back his support from the teens, Sam then tells Danny its a draw between the two but Danny knowing Vlad all to well states that "whenever there is a draw there is bound to be a rematch" as the episodes ends with the the two glaring at each other.

It appears that in order to get rid of his loneliness, Vlad has adopted a cat and named it "Maddie" showing more of his love for her in **Infinite Realms** where he plays chess with the cat and tells it that he rules at life and rules the city but that is not enough for him and that he is destined to rule much more greater things but apparently reading the cats mind where she suggests watch TV where it is revealed that he illegally spies on the Fenton's via a camera bot. In the meantime, Danny, Sam and Tucker having accidentally taken the infi-map from Frostbite prepares to head back to him to give the map back to him, Vlad notices Danny having possession of the map and pulls out a book to discover that the infi-map does exist and isn't happy that Danny had found it before he did in order to trace his steps Vlad has his camera bug hide in Sam's bag.

They eventually land in Salem in the 1600s where Vlad follows, there where witch craft trials are being held Vlad dresses as a villager and tell the villagers that Sam is a witch, Danny and Tucker then figure out that Vlad had followed him, Danny then tries to rescue Sam as he turns the crowds (as well as Jack Fentons ancestor) attention to him where Jack's ancestor put blossoms surrounding Sam that is a force field that injures Danny upon coming contact with, Vlad then picks up Danny and shoves him in the circle injuring him and torturing him, Tucker then runs to rescue Danny and Sam as Vlad steals the map from Tucker who notices this and grabs his camera bot and throws it at him and and lands on him something that Vlad does not apparently notice Tucker manages to rescue the two and the the three follow Vlad where Tucker states he can track Vlad through this PDA.

The trio then confront Vlad in ancient Rome where he is surprised them and they are surprised to see him rule where he states that he was meant to rule after all, Danny states he can stay for as long as he wants but asks him to give him the map stating that he doesn't know how powerful it is angered at him Vlad releases his lions to maul the trio but they quickly escape and Danny chases Vlad but in the process he shoots ecto-plasmic discs at Danny accidentally destroying the kingdom and angering the Romans, angered Vlad leaves to for another realm to rule, Vlad then lands in Asia where he attempts to rule the kingdom but is stopped by Danny and gets confronted by the townsfolk, Vlad eventually lands in 1903 where the Wright Brothers are testing out their first airplane flight and as such tries to sabotage their attempt their flight so he can rule from the air but Danny again intervenes angering Vlad.

With Danny, Sam and Tucker right behind him an annoyed Vlad traps them into an ecto-sphere where Danny and Sam tell him to give them the map as the map is not meant for him but Vlad refuses to listen and this time Vlad threatens the map to take him to greatest destiny and it betrays him and takes it back to the Realm of the Far Frozen where he is confronted by Frostbite and his cohorts where they freeze him into an ice cube as well as retrieving the map from Vlad, the trio returns and apologizes to Frostbite who state it is no harm done they then return home where Vlad still frozen is made into a statue.

A heatwave soon strikes Amity Park at the beginning of **Torrent of Terror**, Vlad uses the heatwave as an opportunity to further appeal his status as the mayor by seeking out the weather ghost Vortex who is currently being held on trial by the Observants for his crimes against humanity just before Vortex is sentenced, Vlad disguises himself as one of the Observants and breaks into the trial and causes havoc before introducing himself to Vortex and breaks him free, Vlad tells him that there is no need to thank him but Vortex tells Vlad he he should be rejoicing that he is even allowed in his presence then prepares to leave to cause chaos on the earth but Vlad having stolen the Barometer from the Observants forces Vortex to do his bidding and he agrees.

Vlad has Vortex fly in the sky while he addresses the citizens about the current heat wave and water shortages he disguises the barometer as a "rain machine" he uses it to strike Vortex who creates a rain storm which causes the city to cool down from the heat making the citizens happy and making Danny and his friends suspicious as well as causing his approval rating to go up tremendously.

Later, the plan succeeds and Vlad and Vortex chat in his office but the plan eventually backfires on Vlad when he asks Vortex to stop the rain storm to which he refuses stating the weather is his art, in retaliation Vlad uses the barometer on Vortex who rebels against Vlad and destroys the barometer thus freeing him from Vlad's control before Vortex leaves Vlad office intending to cause more chaos, an angry Vlad goes ghost and chases after Vortex where he shoots a ghost ray at him annoying Vortex who retaliates by striking Vlad with a lightning bolt, Vortex states to Vlad since he refused his freedom he intensifies the storm before blowing Vlad out of his sight and falls onto the ground causing him to de-transform.

After alerting the citizens to broaden up their windows and batten down their hatches a humiliated and defeated Vlad heads over to Fenton Works where a desperate Vlad begs Danny for his help. Despite the hatred he has for him Danny agrees, On the way there Danny criticizes Vlad for releasing Vortex in order to bring his approval rating up, Vlad then tells Danny that he doesn't expect him to understand his reasons and that if they are going to defeat Vortex they must do it together, But upon reaching Vortex who asks if he came to admire his weather, Vlad remembering his confrontation with Vortex earlier chickens out and leaves Danny to fight Vortex on his own, the ghost boy then attempts to fight Vortex but the weather ghost proves too much for Danny who easily defeats him as well as given Danny part of his weather powers which are triggered by Danny's emotions.

Danny emerges safely from the wreckage and Vlad appears assuring the citizens everything is fine but Danny's anger at his presence causes a tornado which chases after Vlad but stops when Danny sees his parents are in danger, Danny goes over to help his parents but are confronted by Sam and Tucker who tell him that the weather is cause by his emotions something that surprises Vlad, Danny's anger again causes a small storm cloud to appear and chase after Vlad, Danny then states he felt a tingle when the lightning blew up his shield, Vlad then realizes that the electricity passing through his ecto shield has caused him to absorb Vortex's weather controlling powers with Sam telling Danny to calm down before they have another storm.

Later, Vlad takes the teenage trio to his office where Sam and Tucker try to calm him down, Vlad angrily states that he was close to victory when Danny's powers triggered by his emotions threatens his plan, to which Danny again gets angry at Vlad stating that he brought Vortex in the first place causing heavy winds to blow into his office but Sam and Tucker calm him again, Vlad states his anger causes cyclone's and his sadness monsumes he states he will have to stay calm while Sam and Tucker find Vortex and bring him back to Amity Park, Tucker then asks what he is going to do but Vlad states the mayor's absence in the wake of disaster will look bad for his image to which Sam states which would also end his political career and subsequent evil plans, forcing Vlad to take care of Danny and keep him calm as Sam and Tucker head out to find Vortex but Danny again refuses but Tucker and Sam point out that Vlad must do all his bidding in order to keep him calm and happy which pleases him much to a worried Vlad who tortures the latter in an effort to have him calm down Vlad takes him to a gaming convention where he calls him "Uncie Vlad" but Danny's anger again causes the sprinklers to go off and ruin the video games causing an annoyed Vlad to buy all the ruined video games much to his frustration.

In the meantime, Sam and Tucker steal the Fenton blimp as Vortex causes havoc around the world with his weather powers they eventually track him down in Italy where the duo tricks him into returning to Amity Park by stating Danny Phantom scared them away, Vortex heads back to Amity Park where a grateful Vlad transforms and throws Danny outside where the former heads to Vortex ordering him to stop his insanity and remove Danny's ghost powers before throwing him to Sam and Tucker, Danny then uses Tucker's virtual reality helmet to cause his weather powers to turn against Vortex which severely weakens him and Danny captures him in the Fenton thermos, Danny states to Sam and Tucker that Vlad's ego almost caused Amity Park to be destroyed but Sam and Tucker point out that Danny's emotions are no longer tied to the weather. In the aftermath Danny returns Vortex to the Observants as Vlad makes a public announcement blaming Danny, Sam and

Tucker for the mess that Vortex made angering them.

While Vlad makes no appearance (aside from a billboard) whatsoever in **Urban Jungle** his off-screen actions none the less play an important role in the episode in which his beautification campaign cuts down the forest to make way for new buildings this is enough for an angry Undergrowth to appear and for him to enslave the citizens (and possibly Vlad) and cause them to transform Amity Park into a jungle but Danny having barely learned to control his newfound ice powers manages to defeat Undergrowth freeing the citizens and presumably Vlad as well.

Vlad makes a cameo appearance in **Livin Large** where he is in complete shock and disbelief that the Fentons moved in to a mansion that is right next door to his mansion after the guys in white attempt to open the Renton portal back at Fenton works, Vlad angrily state he can not afford this house but states the huge check he got he is able to, Jack then suggests getting together for a BBQ at some point to which Vlad isn't too keen of just then Maddie comes out of the mansion and isn't too pleased to see that Vlad is her neighbor but Vlad obviously is happy to see Maddie and states he would drop by later.

Vlad makes another cameo appearance in **Frightmare** in which Danny suggests he is responsible of people falling asleep but is relived when he barges into Vlad's bedroom and discovers that is also has a sleeping helmet on suggesting that Nocturne caught Vlad off-guard and put a helmet on him before putting him into bed.

Final Showdown and Defeat

By the beginning of **D-Stablized** Danielle makes a return having been battered greatly from the last fight with Vlad seeks out for Danny whom she feels he can help her stable her deteriorating body thinking Vlad is in Colorado she believes she is safe from him but unbeknownst to her she is being spied by Vlad, wanting to capture her again and continue his clone experimentation, he sends Valerie Gray to hunt her down promising her a new apartment for her and her father if she is successful at her mission he tells her that Dani is an evil ghost out to destroy Vlad Masters as such she sets out to track Dani down.

She soon finds her near an Alleyway but Dani changes back to human form as she takes two apples to satisfy her hunger to which angers Valerie who thinks Dani is no a ghost due to being in human form just then Valerie's alarm goes of alerting Dani who runs away as Valerie chases after her she then seek refuge in an abandoned apartment Valerie come in and accidentally sets off a trap forcing Dani to go ghost and save her unfortunately by revealing her identity and secret to Valerie she quickly captures her she begs for her to let her go but Valerie states she has her all bundled up for her to be delivered to Vlad, but Dani tells her that he will destroy her but Valerie states to her that she came out of the Ghost Zone to destroy him but she then asks Valerie if she looks like she can destroy anything and also states that one person that can help her Danny Phantom, Valerie wanting to destroy Danny Phantom as well pretends that she wants the "honor" of meeting Danny Phantom.

Meanwhile as Danny, Sam and Tucker are patrolling Amity Park for ghost activity they come across Dani to which Danny states he gotten taken care of as Sam and Tucker abruptly leave, Danny state she doesn't look to good which Danielle responds that the last battle with Vlad left her weakened she then tells him that when she was trying to look for him, Dani states that Vlad came out to destroy her to which Danny states he will protect her just as they leave though Valerie captures them and Dani realizes Valerie was using her to get to Danny before she was knocking them unconscious.

Valerie hands Dani over to Vlad as Valerie interrogates Danny until Danny convinces her that Vlad is out to destroy her stating that she doesn't look like she can destroy anything and not only that she is a ghost but a human he then tells that if Vlad succeeds in dissecting her she would be guilty in destroying a human being guilting her into helping Danny. Meanwhile Vlad puts Dani on experimentation table as she tells him to stay away from her but then asks Vlad is he will stabilize her but he refuse to do so stating that he has far more important things to do he then states his plan to unstablize her thus killing her to study her ectoplasmic remains so he can create the perfect clone of Danny.

Freeing Danny, the duo heads over to Fenton works where Danny takes Jack's latest invention that helps stables Dani's body then fly to Vlad's manor where Dani is being held Vlad notices and is hocked that Danny and Valerie teamed up and they are incoming and as such he splits himself into two one of which is Masters who purposely locks himself inside a closet as the Plasmius clone greets Danny and Valerie upon their arrival, upon arriving Plasmius confronts Danny and Valerie, but Danny states that he doesn't want to fight Vlad but that he wants to save Danielle but Vlad refuses to do so, he hits Danny and traps him under a bookshelf he then fights Valerie who traps him but he turns invisible and heads down to his lab where he activates his machine that slowly dissects her, thinking that Vlad Masters is trapped by Plasmius, he "calls for help" Danny then awakens and heads down to Vlad's lab noticing Valerie is standing there, Vlad then calls for help stating that Plasmius is going to destroy Danielle and as such Valerie frees him thinking Masters is still a good man as Danny goes to free Danielle, Valerie attacks Plasmius, Danny then tries to free her from her restraints by his ghost ray, Vlad Plasmius then taunts him by saying that it's going to take more than his ghost rays to free her then Valerie presumably destorys the clone, Danny uses his dad's Ecto-dejecto but it is too late as Dani dissolves into a pool of ecto-plasm, saddening Danny.

Just as Danny has thought to lost his "cousin" she emerges from the goo finally having her body full stablized thanks Danny the duo then help Valerie to fight Vlad as Dani attacks him and angrily tells him to not mess with a defenseless girl, Danny had Valerie and Danielle leave, Danny confronts Vlad stating that Vlad tricked Valerie into thinking that Vlad Plasmius was out to kill Danielle leaving Vlad Masters in the clear and states if only she knew that Masters and Plasmius were the same, Vlad retorts by stating that Danny can tell her about his secret all he wants but he would just do the same to Danny, Danny then angrily orders him to not come near her again with Vlad smirking at him as he leaves, After Danielle leaves and Valerie lets Danny go, Valerie still thinking Vlad is in danger heads back down to his lab she hides as Vlad rambles about his failed plans and over hears him stating about him using her to do his bidding, she also discovers that Vlad Masters and Vlad Plasmius are the same being, Angered that he had been using her all this time, Valerie stabs Vlad behind his back and betrays him stating he now one of the ghost she hunts.

At the beginning of the series finale **Phantom Planet** Vlad steals the Infi-Map again from Frostbite but Danny, Sam and Tucker are right behind him in the specter speeder the duo engage in a quick battle where Danny states needs therapy to get what he wants he then freezes him into an ice cube and takes the Infi-Map from Vlad and leaves, angered, Vlad chases after them before he accidentally shoots the fuel tanks realizing his satellite will be destroyed, an angry Vlad states that Danny mocking his mental health is the final straw for him and as such plans to destroy him once and for all and heads back to earth and unbeknownst to him with his satellite exploding it causes a giant asteroid had towards earth.

Back in Amity Park, Vlad hires a ghost fighting trio named Masters Blasters who show's up to defeat Nicolai Technus who was robbing a movie store, Vlad then appears on a holographic screen who tells the citizens of his new ghost fighting team and states that they are going to replace Danny Phantom whom he says has failed Amity Park and as such every time Danny fights a ghost they appear and easily defeats them which overwhelms Danny, the next day Vlad and his ghost fighting team hold a parade as Danny laminates his status as a ghost fighter he embarrasses himself when he blows up a ghost balloon angering the citizens of Amity Park where Vlad states that Amity Park is in a safer place thanks to his ghost fighting team angering Danny further, Later Vlad sends Masters Blaster's comes to Fenton Works to arrest Jack and Maddie for holding ghosts, this proves to be the final straw for Danny who activates the ghost portal to reverse the accident that gave him his ghost powers to remove his powers thus no longer being a half ghost, much to his friends and Jazz's disappointment.

Later, Vlad soon has the people pay for Master Blasters as ghost hunting become more expensive and that there a few crackpots out there showing Valerie being easily defeated hinting that she had already made moves against him from the previous episode meanwhile Danny is enjoying his ghost hunting free life but soon late regrets his decision to remove his ghost powers, Later scientists discover that asteroid is heading towards earth and that they have one week before impact and as such Vlad teams up with the Fenton's as such he sends his Master Blasters team with Jack to fire a drill missile intending to destroy it from the inside unbeknownst to everyone he put in the wrong coordinate to make Jack look like an idiot and as such the missiles fail to destroy the asteroid,

after everyone leaves Vlad confronts Danny telling him that he put in the wrong coordinates and tells him that his father has failed once again angering Danny who chews him out by saying that at least he tried and that Vlad sends others to do his work for him, but Vlad points out to Danny that he stopped being a hero when the world needed a hero the most, just then a news report come out that the disasteroid came from the rings of Saturn and as such Danny discovered that Vlad is responsible behind all the events a such Vlad turns into his ghost form and grabs him and tells him that defeating him and humiliating him into hiding was the first part of his plan and tells him to get ready for the second part before throwing him into the destroyed portal and leaving. The next day Vlad has a town meeting, stating that every attempt to destroy the disasteroid has failed he states he has news that will be very surprising as such he floats above the crowd going ghost and revealing his secret as a half ghost and half human shocking everyone including Danny and Jack, The Master's Blaster then attempt to attack him but he easily fends them off, he then reveals that he used his human half to walk among the citizens he states he is much more powerful creature, when asked by a news reporter, he states that the world had come to know Vlad as a billionaire and mayor of Amity Park he is also a half ghost named Vlad Plasmius, he then states he has proposition if the world leaders give him 500 billion dollars and absolute ruler of the world in return he will use his powers to turn the disasteroid intangible he then states he hopes to wait for the worlds decision before laughing and disappearing.

Later, after his demands are met, Vlad takes off in a rocket with Jack, on the way there Jack asks Vlad why he held the world hostage after all the wealth he had in his life, but Vlad states he infected him with ghost DNA, stole Maddie from him and asks if he calls that good fortune, Jack asks about infecting Vlad, he angrily reveals his hatred for Jack from him stating that he is the reason why Vlad became half-ghost was because Jack infected him with ghost DNA back in college, but as they approach the asteroid he says thanks to him because if not for him he wouldn't become ruler of the earth, Jack gets up and states he never meant to hurt him and states what happened was an accident and that he was always his friend, but Vlad cruelly state he will remember that when he steals Maddie from Jack and make her his queen before laughing evilly and leaving the ship angering Jack and making him realize that Vlad isn't who he thought he was. Vlad then heads over to the disasteroid and prepares to turn it intangible but it shocks him and to his horror he discovers that the disasteroid is made up of ecto-ranium as such no ghosts nor any humans are able to touch it as such he realizes the world is doomed he then states if it was not he could not go back to earth as he had foolishly revealed his secret as a ghost and threatened the planet knowing that he would be hunted for the rest of his life, he turns to Jack who is giving him a cold glare, Vlad asks Jack to help him more stating he would not turn back on an old friend. But Jack now knowing that the Vlad Masters he knew was gone states he would not turn back on an old friend but said he would now because he knows Vlad is an evil person all along and as such he activates the rocket and abandons Vlad, shunning his former college pal, leaving him stranded in space and cementing Vlad's permanent exile from the earth.

It is here, that Vlad finally realizes the error of his actions and realizes he should not have taken Jack's friendship for granted and as such he begins to express remorse for his actions and it is shown that he indeed has an affectionate and caring side from him but it is too late for him as his actions forever earned him hatred around the world, not wanting to see the destruction of the earth from his own hand's . Vlad guiltily glanced at the earth one final time before flying off into space as a space nomad.

Hours later after Danny with the help from Sam, Tucker, Jazz, Jack, Maddie as well as Skulker and other ghosts from the ghost zone manage to turn the earth intangible so the disasteroid passes through it harmlessly, he earned his status as world hero and he and Sam finally hook up while Tucker inexplicably replaces him as mayor of Amity Park, Vlad is sitting on an asteroid finally accepting his status as a free-roaming space nomad stating that it least the environment is quiet but before he can continue to speak, the disasteroid hits him. His fate remains unknown if he had survived the impact or not. but it is heavily implied that he survived, as according to Butch Hartman, Vlad survived the impact and was captured by aliens.

## Denzel Crocker

**Mr. Denzel Quincy Crocker** is the main antagonist of the Nickelodeon cartoon series *The Fairly OddParents* . He is one of Timmy Turner's arch-nemesis (along with Vicky and Francis).

He was voiced by Carlos Alazraqui in the cartoon series, who also voiced Boat Jacker in *SpongeBob SquarePants*, while in *A Fairly Odd Movie: Grow Up, Timmy Turner!*, he was portrayed by David Lewis.

### Background

Denzel Crocker worked at a number of different schools and colleges before ending up in Dimmsdale Elementary School. He was once an aspiring professor for Dimmsdale University, but his proclamation of his belief in fairies led to him becoming a laughingstock in all the city of Dimmsdale. He was also kicked out of a New Baltimore Community College for spending money on fairy tracking inventions. Even after landing a job in Dimmsdale Elementary, he was still scorned and laughed at by his colleagues, including Principal Waxelplax.

### Childhood

In Crocker's past life, he was an adorable and kind child who enjoyed helping others. His mother was never around very often and thus he got babysat by a mean babysitter named Vick. Because of this, he was very miserable. However, his sadness ended after having received his own Fairy Godparents, Cosmo and Wanda.

Unfortunately, after Timmy time travels to the year 1972, Timmy and Cosmo accidentally reveal Crocker's secret about his fairies in front of the whole town who had gathered to celebrate a day honoring Crocker. Because of this, Jorgen Von Strangle is forced to erase Crocker's memory of him ever having fairies, and because of an overdose from the memory wiper, Crocker becomes horribly disfigured, and the town's people, who had now completely forgotten all the nice things that Crocker did with his fairies, assumes that they must be an angry mob and chase him down. He remembers nothing but he finds a DNA tracker device that Timmy left behind in the past on which he wrote "Fairy Godparents exist" on the back before his mind was wiped. Crocker uses it to try and find real fairies. Timmy later wanted to return back to March 14, 1972, but he was stopped by two Jorgen Von Strangles (a 1970's version and the current version). After that, the event ends with Jorgen and his other self dancing on the dance floor 1970's style.

## Life as a teacher

Crocker's life of a teacher is comical in the way that Timmy's principal, Geraldine Waxaplax, beats him up for actions such as going into the girl's bathroom. He had to switch jobs three times, changing into a ham salesman, a tour guide in the episode " *Nega Timmy* ", and a crossing guard in the episode " *No Substitute for Crazy!* ".

## Family

His family includes his mother and his uncle. His uncle is obsessed with genies and owns a collection of lamps, one of which contains Norm, although he is kept safe so his craziness is stable. His mother is a polite person, once rich and groovy. But when Crocker was young, she was non-attentive, pretty much like Timmy's parents. Crocker's father is never seen in the series, not even in " *The Secret Origin of Denzel Crocker* ", where his childhood is revisited, suggesting Crocker lost him at an early age or that he never had one. This lack of a father figure is implied to be the reason Crocker quickly accepted his stepfather, Ricky, from " *The Odd Couple* " as his father and even wanted to play childish games with him and have an allowance.

## Plankton

**Sheldon James Plankton**, more commonly known as **Plankton**, is one of the ten main characters of the *SpongeBob SquarePants* franchise. He is a planktonic copepod who runs the Chum Bucket restaurant alongside Karen, a waterproof computer who is his sidekick and wife. The Chum Bucket is highly unpopular in Bikini Bottom because it serves chum, a type of bait made from fish meat.

Both Plankton and Karen are the two main villains of the franchise. Plankton despises his rival, Mr. Krabs, for running a successful restaurant because his own business rarely gets any customers. He is incredibly jealous of Mr. Krabs and his success. His main goal is to steal Krabs' secret formula for Krabby Patties and running Mr. Krabs out of business. Karen gives him a variety of plans to steal it, but their efforts always end up failing in the process.

Plankton is voiced by Mr. Lawrence, one of the show's staff writers. Stephen Hillenburg originally planned for Plankton and Karen to be one-time characters, but Lawrence wrote them into many episodes and proved that they could work as the main villains.[6] Both Plankton and Karen first appear in the episode "Plankton!"

Plankton succeeds at stealing the formula in *The SpongeBob SquarePants Movie*, but his goal of world domination is eventually thwarted by SpongeBob. In "Friend or Foe," it is revealed that Mr. Krabs and Plankton were best friends during their childhood, but a dispute over the Krabby Patty secret formula ended their friendship for real, meaning that Plankton had a part in the creation of the Krabby Patty.

Sheldon J. Plankton was born on the same day Mr. Krabs. His parents were Mama and Gordon Plankton, and he is the grandson of Lily Plankton and Grand Dad Plankton.

Plankton and Krabs were considered outcasts by other kids, most notably a school group led by Incidental K1 because Krabs was poor and Plankton was already very intelligent, which earned him the image of a nerd. When they discovered that money could bring them out of their poverty, they decided to make money selling hamburger patties and set up a mini-restaurant in the local dump.

At first, their burgers were not successful; the first of their patties were tried by Old Man Jenkins, who was knocked out by the contaminated burger. Plankton started complaining about how Jenkins had been old and not able to handle the patty. Offended by this, Krabs tried to take the recipe from Plankton to improve upon. Plankton wanted to do this himself and both he and Krabs argued, but he only ended up with the corner of the recipe, which read: "And a pinch of chum."

Plankton stormed out of the restaurant and went to create his recipe, using only his memory, the corner of the recipe, and science. At school, Plankton tried to sell his chumburgers in a chum bucket and failed, while Krabs succeeded with his Krabby Patties, which he had created by accident when Plankton had forcefully slammed the door. Ingredients fell in the patty batter, thus creating the patty. Plankton later named his restaurant the Chum Bucket, after the secret ingredient of the original unsuccessful patty recipe. Mr. Krabs named his restaurant the Krusty Krab, after himself.

To this very day, Plankton has been single-mindedly obsessed with obtaining the Krabby Patty formula and running the Krusty Krab out of business. He often goes to incredible and quite ridiculous lengths to do so. In "SpongeBob's Last Stand," for example, he builds a massive highway that goes straight through Jellyfish Fields and over the Krusty Krab, leading right to his restaurant.

In "Dunces and Dragons," it is implied that the fight between the Plankton and Krabs families began centuries ago when Plankton's evil overlord ancestor, Planktonamor, was vanquished by a Krabby Patty. Plankton's other ancestor, Dead Eye Plankton, who appears in "Pest of the West," terrorized Dead Eye Gulch. SpongeBob's ancestor, SpongeBuck SquarePants, defeated him.

Even in the present day of the series, Eugene and Plankton are occasionally shown to get along somewhat, such as in "New Leaf" and "Best Frenemies," though these moments of mutuality tend not to last very long.

The major on Plankton's degree is Tank Driving and is seen driving a tank in "Teacher's Pests" as well.

Later, when Plankton was an adult, he married Karen. In "Girls' Night Out," Karen says that she and Plankton have been married for 26 years. Plankton is very ashamed of his first name, Sheldon, and gets embarrassed when Karen makes fun of it in "Plankton's Army." However, she calls him Sheldon in many other episodes and he does not seem to mind. It is revealed in "Walking the Plankton," that even though he's married to Karen, they never had a honeymoon.

In *The SpongeBob SquarePants Movie*, Plankton has exhausted all his diabolical plans and was forced to resort to "Plan Z." As per its instructions, he stole the crown of King Neptune and sold it to Shell City, framing Mr. Krabs for the deed. With Krabs cryogenically frozen by Neptune, Plankton took the Krabby Patty secret formula and became highly successful from producing the burgers. Using mind-controlling bucket helmets, Plankton turned Bikini Bottom into a Stalin-like dystopia named Planktopolis, where everyone serves the minuscule menace. However, he was suddenly stopped by SpongeBob and Patrick, who destroyed the mind-controlling helmets, thus freeing the Bikini Bottomites, and returned Neptune's crown to its rightful owner. Plankton was left crippled from being stepped on by the townsfolk, who incarcerated him in the Institution for the Criminally Tiny.

Plans A-Y - These are all the plans in 25 folders that Plankton had employed before, which all had failed. He thinks he has exhausted every plan until Karen reminds him that there is one more letter in the alphabet for him to try.

Plan Z - The one plan that Plankton missed. This one was the most evil of the other plans, and even lemon-scented. He used this to steal King Neptune's crown, and put the blame on Krabs so King Neptune can freeze Krabs, then Plankton gets his hands on the formula, and brainwashes Bikini Bottom's residents. However, he does not count on SpongeBob and Patrick, and after they retrieve the crown from where Plankton hid it - with some help from David Hasselhoff - the two bring it back in time. When Plankton orders his minions to annihilate SpongeBob, he destroys their helmets via heavy-metal music. All the freed Bikini Bottomites run him over, and he is then arrested for turning Bikini Bottom into a living nightmare by enslaving it and framing Mr. Krabs.

At the beginning of the movie, Plankton tries to steal the formula with a plane, tank, and robot. These all fail. This Plankton is soon revealed to have been a robotic dummy all along and the real Plankton is hidden inside a penny. Plankton, on the phone with Karen, infiltrates Mr. Krabs' safe and replaces the formula with a fake bottle. SpongeBob comes into Mr. Krabs' office and finds Plankton stealing the formula. They fight over the formula and suddenly, it disappears into thin air. Later, Plankton decides to go into SpongeBob's brain thinking that he is lying about not remembering it, but it once again backfires after Plankton is fed up with sweetness inside SpongeBob's head.

Plankton sneaks to the Krusty Krab at night, takes a small piece of a Krabby Patty SpongeBob left on the register, and analyses it, copying the secret formula. However, it backfires once Plankton accidentally falls in the fryer, burning the copy of the formula. Later, after he finds out that SpongeBob is the one who ruins his plans, he takes the advantage of his snail Gary taken to King Poseidon and allows SpongeBob and Patrick to ride to Atlantic City, hoping that they will never come back.

The plan actually works with Mr. Krabs falling in disgrace and giving the formula to Plankton but he feels guilty for what he did and helps them rescuing SpongeBob, Patrick and Gary from King Poseidon.

Later on, builds a robotic Mr. Krabs, which he uses to attempt to get the formula out of SpongeBob. Even though it managed to trick SpongeBob to turn against Mr. Krabs, he accidentally put the penny in Robo Krabs which causes it to self-destruct on Plankton.

"Welcome to the Chum Bucket" - Cheats in poker, and makes SpongeBob his fry cook to get Krabby Patties. When SpongeBob refuses to make Krabby Patties, he takes SpongeBob's brain out and puts it in a Robot SpongeBob, but it's SpongeBob's brain that is in the robot, and SpongeBob became lazy and annoying while at the Chum Bucket so as a result, Mr. Krabs takes SpongeBob back while at the same time gets fifty bucks.

"The Fry Cook Games" - He and Mr. Krabs compete in the Fry Cook Games. When he brought Patrick into the event, he and Mr. Krabs pitted both SpongeBob and Patrick against each other. He then tells him that SpongeBob is not really his friend. Therefore, Plankton lied to Patrick so he could win the award for the Chum Bucket. However, neither side won in the end when SpongeBob and Patrick call off the battle and reconcile as best friends.

He then makes himself into a psychiatrist and invites SpongeBob to tell him about the formula, but backfires when SpongeBob repeatedly crushes him with a piano, resists his attempts, and his work proves too well and inadvertently actually work and cure SpongeBob without revealing the formula to him.

"Krabs vs. Plankton" - Attempts and fails to steal the formula again, then fakes injuring himself after slipping on the Krusty Krab's recently mopped floor and sues Mr. Krabs. During the trial, he lied to the court about how he ended up injured in the first place. He negotiates with Krabs for the secret formula during the trial only to fail when SpongeBob makes him confess. He was arrested and sent to jail off-screen.

Tries to steal a Krabby Patty while everyone is distracted skating on the ice. Fails when he steals a patty from the local hockey team and can't escape the Krusty Krab. Uses the Krusty Krab thermostat to freeze Mr. Krabs, SpongeBob, and the customers. Fails when he gets cocky, falls off the thermostat, and Mr. Krabs freezes him.

"Bucket Sweet Bucket" - Redoes the Chum Bucket, and makes SpongeBob, Patrick, and Squidward work for him so he can go to the Krusty Krab and steal the formula. The Chum Bucket is mainly destroyed at the end.

"Goo Goo Gas" - Dresses as a pepper shaker to steal the formula. Then, he creates a gas to turn Mr. Krabs into a baby and tries to steal the formula without "Baby" Krabs to notice. In the end, all the babies start playing around with Plankton, and he fails once again.

"SpongeBob's Last Stand" - He designs Shelly Superhighway to run straight over The Krusty Krab and end at The Chum Bucket. This plan was starting to be successful as Mr. Krabs almost sold the secret formula to Plankton but ended up unsuccessful when SpongeBob, his friends, and the rest of the Bikini Bottomites banded together to destroy the highway and bring the Krusty Krab back into business with Plankton being squished during the destruction.

After Plankton is revealed to be okay, Karen runs out of battery. Using batteries from the now dead Karen 2.0, Plankton revives Karen, and they walk back to the Chum Bucket together.

The customers were so ticked that they ended up destroying the Chum Bucket and Squidward's reputation.

"Move It or Lose It" - Plankton tries everything to help bulldoze the Krusty Krab but SpongeBob and a State Officer ended up bulldozing the Chum Bucket instead.

"Eek, An Urchin!" - Plankton attempted to fool Mr. Krabs by wearing some fake glasses but was trampled by the fleeing customers. He then found out that it was a sea urchin causing problems and agrees not to steal the Krabby Patty secret formula until the urchin is gone.

"Jailbreak!" - Plankton attempts to steal the Krabby Patty secret formula by having his cellmates, who were all fans of him and his chum, break into the Krusty Krab. They were successful in breaking in but Plankton and his cellmates were soon arrested when SpongeBob warns Mr. Krabs about this and had the Bikini Bottom Police Force stalled in the safe marking this plan as a failure too.

"Evil Spatula" - Plankton uses the "Six Phases Plan" which mainly involves him using his spatula the Majestic Sizzlemaster to get the Krabby Patty secret formula:

**Phase 1: Infiltrate the Krusty Krab** : Plankton successfully enters the Krusty Krab through a fax machine.

**Phase 2: Sabotage** : Plankton saws off a bit of SpongeBob's spatula and when SpongeBob tries to flip a Krabby Patty, it breaks.

**Phase 3: Give SpongeBob a New Spatula** : Plankton waits for SpongeBob at Harvey's Spatula Emporium and offers to give SpongeBob a new spatula. At the Chum Bucket, Plankton gives SpongeBob the Majestic Sizzlemaster.

**Phase 4: Gain SpongeBob's Trust** : Plankton, using a voice modifier, talks to SpongeBob through the Sizzlemaster and hopes to gain his trust. This is the longest phase due to SpongeBob not trusting anyone with the grill. Plankton finally manages to get SpongeBob to take the Sizzlemaster back to his house completing this phase.

**Phase 5: Further Gain SpongeBob's Trust** : Plankton, as the Sizzlemaster, does various house work in order to gain SpongeBob's trust. Back at the Krusty Krab, Plankton finally manages to get SpongeBob's trust in working the grill completing this phase.

**Phase 6: Burn All of the Krabby Patties** : Plankton, as the Sizzlemaster, then burns all of the Krabby Patties and convinces SpongeBob to get the Krabby Patty secret formula to make more. However, Mr. Krabs finds out it's Plankton's doing and tricks him into making an explosive formula making this overall plan a failure.

"It Came from Goo Lagoon" - Plankton attempts to steal the Krabby Patty Formula by using the giant purple goo bubble he literally created by opening the crack in the Goo Lagoon sea floor but fails when a dynamite exploded in his sub once he was reading the fake formula he got from Mr. Krabs.

"Company Picnic" - Plankton tries to get Squidward and Mr. Krabs to work for him by having a company picnic with many fun games and delicacies. It was about to work but SpongeBob found out what he was up to and they, later on, find out that everything that was at Plankton's picnic were holograms.

"Married to Money" - Plankton disguises himself as a stack of dollar bills to have Krabs fall in love with him and give him the formula, but the mechanism explodes when Mr. Krabs' tears short circuits the system.

"CopyBob DittoPants" - Plankton clones SpongeBob to have the clones steal the formula, but whenever they encounter the regular SpongeBob they forget the plan, and they all disappear towards the end of the episode.

"Lame and Fortune" - Plankton creates a bunch of fortune cookies that trick people to eat at the Chum Bucket. He then gives Mr. Krabs a fortune cookie that tells him to give Plankton the secret formula or die. This plan was nearly successful, but Plankton snapped when he couldn't get to the secret formula due to the numerous amount of customers at the Chum Bucket and he yelled out that he made fake fortunes.

"Pineapple Invasion" - Plankton sets off a skunk into the Krusty Krab which causes all of the customers, SpongeBob, and Mr. Krabs to leave. However, Plankton's plan was foiled after there was a safe within a safe of the one he blew up. Plankton was then crushed by Mr. Krabs and tossed out of the window. Plankton doesn't stop there as he hears that Mr. Krabs is letting SpongeBob take the Krabby Patty secret formula home with him. Plankton first disguises himself as a door-to-door Snail Product Salesman. However, Gary closes the door on him. Plankton then disguises himself as a Sweetie Patrol Girl but Gary doesn't fall for that as well. Later, Plankton distracts Gary with a cut-out of himself and manages to eat his way into SpongeBob's house. Plankton then searches the house for the formula tearing up the house in the process. Eventually, Gary catches him and gets into a fight with him. Plankton then goes inside Gary's shell thinking the formula is in there. Plankton eventually makes it to the center of the shell and thinks he has found the formula. However, it turns out he found one of SpongeBob's grocery lists and went crazy from breathing in the fumes in Gary's shell.

"Salsa Imbecilicus" - Sandy accidentally gives Plankton an idea to steal the Krabby Patty formula by making Mr. Krabs as dumb as Patrick. Plankton soon gets Patrick's DNA and makes sauce to put it in but accidentally gets it on himself making him as dumb as Patrick. Soon, still being as dumb as Patrick, tries to make Mr. Krabs hand it over thinking that Mr. Krabs is scared of him but soon SpongeBob throws Mr. Krabs his diploma which makes Mr. Krabs pretend to be smart again tricking Plankton. He told him in about seven seconds making Plankton upset. Mr. Krabs tells him he graduated months ago and was just doing extra an acting class and flung Plankton off making his plan fail. He soon lands on Karen bringing him to his post-college years making him depressed from another failure.

"Mimic Madness" - Patrick, Sandy, Squidward, Mr. Krabs, and Plankton are mimicking SpongeBob. Plankton tells Mr. Krabs that he forgot the Krabby Patty recipe in his best SpongeBob voice. Mr. Krabs almost gives him the recipe but remembering he's Plankton, he hits him with the formula.

"House Worming" - SpongeBob tells Plankton he will give Plankton anything if he gets the worms out of his head, so Plankton tries to get the Krabby Patty formula with SpongeBob's promise. This fails when he gets beaten up by the worms.

"Plankton Gets the Boot" - Creates an analyzer that can analyze the formula using only one molecule of a patty.

"Burst Your Bubble" - SpongeBob creates a small monster-shaped bubble boat for Plankton, so that Plankton will be able to bring fear and chaos to Bikini Bottom. This fails when Larry squishes Plankton with his foot, destroying his bubble boat in the process.

"Plankton Retires" - Plankton has had numerous schemes in this episode:

Jetpacking into the open safe. The safe is later revealed to be a fake.

Taking a patty that Krabs dropped when he was making a Krusty Katering delivery.

Stealing a patty from a customer.

Cutting through the walls of the Krusty Krab with a laser.

Hiding in a stomach.

Using a robot disguise for retirement.

"Spot Returns" - Plankton uses Spot's puppies to get the Krabby Patty formula. This fails when SpongeBob knocks over Karen Plankton and Plankton drops the formula which SpongeBob grabs and rolls it to Patrick who then gives it back to Mr. Krabs. SpongeBob then made the puppies destroy the Chum Bucket by causing them to fuse together.

"Spin the Bottle" - Plankton poses himself as a genie in order to get into the bottle containing the formula. This fails when the real Genie traps him, along with Squidward, Patrick, and Mr. Krabs, in an empty ketchup bottle and SpongeBob thinking it is a ketchup bottle gone bad throws it away.

"The Legend of Boo-Kini Bottom" - Plankton attempts to team up with the Flying Dutchman in hopes of stealing the Krabby Patty formula and take over the world. This fails when the Dutchman turned down the offer and turned Plankton into a ghoul, making him become his lackey.

"No Pictures Please" - Plankton hides in the tourist's camera in hopes of getting pictures of the Krabby Patty ingredients. This fails when he realizes that there's no film in the camera and the tourist was just an illusion caused by The Tidal Zone.

"Bottle Burglars" - Plankton manages to steal the Krabby Patty secret formula. This plan actually almost worked because SpongeBob and Squidward failed to get the formula back. If it weren't for Mr. Krabs taking back the formula himself, the plan would have worked, forcing the Krusty Krab out of business and ultimately changing the SpongeBob timeline. This episode is also a role reversal, as SpongeBob and Squidward are trying to get the formula from Plankton and not vice-versa.

"Shopping List" - Plankton follows SpongeBob and Sandy around and steals the bag of ingredients in hopes of making Krabby Patties. However, this fails when it was revealed that the ingredients that SpongeBob and Sandy got were fake while Mr. Krabs has been hiding the real ones. So as a result, the Chum Bucket exploded after Plankton makes the fake recipe.

"Patnocchio" - Plankton poses himself as Patrick's conscience in order to get a Krabby Patty so he could figure out the formula. This fails when Patrick's real conscience arrives and tells Patrick that Plankton's a fake, which results in the two stepping on him.

"Plankton Paranoia" - After successfully helping SpongeBob and the gang put Mr. Krabs' insane behavior to a stop with a surprise party, Plankton sees the bottle with the secret formula left on the table. When he opens it, he finds a lit dynamite in the bottle and it explodes, destroying the Chum Bucket in the process.

"Call the Cops" - Plankton steals the formula again, but he immediately gets taken away by the police and the formula is put in the evidence room. He teams up with Patrick to escape his cell and head to the evidence room to get the formula back. This fails when Mr. Krabs snatched it from him, causing a massive brawl. Eventually, they all get arrested and placed in the same cell Plankton is in.

"Surf N' Turf" - Plankton steals the formula off-screen after SpongeBob hands Sandy the bottle it was in. This fails when SpongeBob snatched it back from him.

"The Grill is Gone" - When Plankton heard that a group of obnoxious and immature children stole the Krusty Krab grill and made it into a racing cart, he decided to participate in the race in hopes of getting the formula. This fails when Mr. Krabs flicked Plankton off the racing track.

"The Krusty Slammer" - Plankton vandalizes the entire town of Bikini Bottom by painting graffiti messages about Mr. Krabs as an attempt to attract people. However, his plan fails when he gets arrested by the police. But towards the end, it's Mr. Krabs who gets arrested and ends up being tortured by Plankton. This is one of the few episodes ending with Plankton getting the last laugh.

"King Plankton" - Plankton attempts to take over SpongeBob's aquarium filled with sea monkeys, but it backfired when they rebelled against him.

"Plankton's Old Chum" - Plankton tricks SpongeBob into hiding rotten chum all over Bikini Bottom when he told him about Chum Day, a fictional holiday he just made up and a holiday similar to that of Christmas. It seemed to have worked well at first, until the Health Inspector gives him a fine and forces him to eat all of the rotten chum.

"The Krusty Bucket" - Plankton tries to create a clone using the DNA samples of himself and Mr. Krabs' hair to steal the formula. However, his plan backfired when the clone takes over both the Krusty Krab *and* the Chum Bucket.

"SpongeBob's Big Birthday Blowout" - Plankton tries to use SpongeBob's keys to the Krusty Krab to steal the formula. However, his plan was foiled when Mr. Krabs squished him with his foot and snatches the keys back.

Handemonium - Plankton brings the Chum Bucket glove to life in order to beat Mr. Krabs in an arm-wrestling match and steal the Krabby Patty formula. Although he succeeded in defeating Mr.

Krabs, his plan of stealing the formula backfired when the glove went on the loose and attacked Bikini Bottom.

"The Ghost of Plankton" - He turns into a ghost using a ghost extracting machine to steal the formula, with the help from The Flying Dutchman, but fails due to the fact that the bottle was too solid to float through the safe.

"The Hankering" - When Plankton learned about Mr. Krabs' craving on chum, he attempts to trick him into giving away the secret formula in exchange for a lifetime supply of chum. Plankton nearly succeeded until he and Mr. Krabs get into a massive brawl which led to the secret formula sinking into the chum. Plankton attempts to retrieve it by swimming through all the chum. Mr. Krabs assumed that his business is ruined, but SpongeBob reminded him that Plankton is tiny and it would take him forever to swim through the chum to get the formula. In the end, Mr. Krabs managed to save the formula and foil Plankton's plan by eating all the chum, which eventually ended up swallowing Plankton in the process.

"A Place for Pets" - After everyone starts to make animals costumes so they can eat at the Krusty Krab, Plankton goes into his pet, Spot, so that he can get the formula. However, Plankton is digested by Spot and when he comes out, he only has his eye left.

"Lockdown for Love" - Plankton gets Patrick to dressed up as him so that he can sneak out to the Krusty Krab without Karen noticing. But that plan went awry when Mr. Krabs interferes yet again and Plankton accidentally exposes himself to Karen.

Mr. Burns

**Charles Montgomery Plantagenet Schicklgruber Burns**, also known as **Monty Burns**, **Montgomery Burns**, **C.M. Burns,** and **Mr. Burns**, is the owner of the Springfield Nuclear Power Plant in the *The Simpsons* franchise. Burns is Springfield's richest, oldest, and most powerful citizen. His net worth has been stated to be in the billions and in one instance was pegged at exactly $1,800,037,022.00.

He had, on three occasions, lost his entire fortune, and at another time slipped to "only" $996 million ($996,036,000), leading to his expulsion from Billionaire Camp. Despite his proficiency with firearms, Burns is very elderly and physically frail but employs relentless and ruthless tactics to get whatever he wants.

Charles Montgomery Burns was born on September 15, 1886. As a child, Burns lived happily in a northern state with his natural parents Clifford and Daphne Burns as the second-youngest of 12 children, the youngest being George Burns, and his teddy bear Bobo. As a child, Burns was so jubilant and amiable that his parents called him "Happy".

At a young age, he left his family to live with a twisted and heartless billionaire, who was actually his grandfather and a former slaveholder named Colonel Wainwright Montgomery Burns, who owned an "atom mill" in Springfield, where laborers split atoms by hitting anvils with sledgehammers. At that point, all ten of his older siblings had died under "suspicious circumstances", leaving him as the heir to the family fortune.

Burns lived a life of privilege and would amuse himself by injuring hapless immigrant laborers; it appears that Wainwright was directly responsible for turning Charles Montgomery from a pleasant child into a cold-hearted man, much like himself. Burns later attended Yale University, in 1903, where he studied science and business, played on the varsity football team, and was inducted into the Skull and Bones secret society. Burns graduated from Yale University in 1914. He also bore a grudge against Daphne Burns for having an extramarital affair with President William Howard Taft, which was apparently strong for him to attempt to murder his mother by "pulling the plug", not expecting her to live for five more decades.

In or before 1919, Burns wrote a book, called The Rungs of Ruthlessness. He wrote this book as a business advice guide, with each chapter being called a "Rung", implying that Burns had business experience by this time. During the 1920s, Burns went by the name of Monogram Monty, and, using his fortune, held excessive parties at his Middle Hampton mansion. These parties were held until 1929 when the Roaring Twenties abruptly ended with the Great Depression (which, ironically, Burns was not aware of until sixty-eight years after the Wall Street crash had passed)

In 1936, he received the second Social Security number and disliked President Franklin D. Roosevelt for receiving the first one.

In 1939, at Burns' Yale University reunion, he had an affair with the daughter of an old flame named Lily Bancroft. She would later bear his long-lost child, Larry Burns, who was given up for adoption and would later enter Burns' life briefly.

After Germany invaded Poland in 1939, Burns joined the SS. However, Burns defected and fled Germany. Because of his American heritage, he returned to the United States in 1941, just days after the US declared war on Germany, and enlisted in the U.S. Army.

Burns served in the Flying Hellfish during World War II, holding the rank of private after being demoted for his involvement in a romantic scandal and attempting to block a probe from J. Edgar Hoover. Burns is proud of having manufactured shells for the Nazis, seeing himself as being superior to Oskar Schindler because his shells "worked, dammit!".

A member of Springfield's Flying Hellfish battalion, he saw action in the Ardennes during the Battle of the Bulge, serving under Sergeant Abraham Simpson II. He was later transferred to the South Pacific with part of his squad. During the closing years of the war, when his platoon was clearing out a German-occupied castle, Burns came across several valuable portraits. Since they could not choose on who they should go to, they planned to enter into a tontine, from which Burns was removed after the war through being dishonorably discharged when he tried to kill Abe. The paintings were later handed back to a German whose relatives owned them.

At the end of World War II, he was personally hired by President Harry Truman to transport a specially-printed trillion-dollar bill to Europe as the United States' contribution to the reconstruction of the continent. As the United States' richest citizen, Burns was thought to be also the most trustworthy, which turned out to be just a false rumor. Subsequently, Europe had never managed to reconstruct and Burns absconded with the bill and kept it in his possession for many years until it was lost to Fidel Castro.

Burns, along with the Flying Hellfish, served in the Korean War.

Burns spent time as a biochemist and bio-terrorist before opening the Springfield Nuclear Power Plant. In the 1960's, he had become a professor at Springfield University, and was the owner of a biological weapons laboratory since 1965 until it was destroyed by peace activists, including Homer's mother, Mona Simpson.

In 1968, Burns opened the Springfield Nuclear Power Plant with his assistant, Waylon Smithers Sr. In summer of that year, the plant suffered a meltdown, and almost exploded. Smithers Sr. chose to sacrifice himself to save the plant, along with his son and town. In 1974, he re-opened the plant. Burns currently owns the plant, although he has parted with it several times, including when he sold it to German investors (Hans, Fritz, and Horst), and when the bank foreclosed on it. The plant was also legally owned at one point by a canary bird named Canary M. Burns to protect Mr. Burns from responsibility for any wrongdoing by the power plant. At some point during his ownership of the plant, Mr. Burns apparently recruited a Brazilian soccer team to work at the nuclear power plant's reactor core after their plane had crashed in front of his property (an act that was against the laws of the Department of Labor), as well as hiring a duck named Stewart.

Me: Well if it isn't our old enemies.

Vlad Plasmius: What!? You're all still alive!?

Me: Yeah we are you monster! How have things been for you the last 4 years?

Vlad Plasmius: Its been terrible! The prison food was just awful!

Me: I've been meaning to get new food for the prisons anyway.

Nanami: You know all these guys?

Me: Unfortunately yes.

Mr. Burns: I will kill you all for everything you did to me!

Me: You brought all that on yourself Burns because you never give a flying fuck about anyone and you don't care about anyone but your goddamn motherfucking self!

Mr. Burns then punched me in the face. But his punch on impact caused his hand to shatter like a piece of wood being shot out of a cannon and hitting a 500 foot thick reinforced steel wall made of Indestructible Neutronium!

He screamed in pain.

Me: (Laughs) That tickles.

Qin: I've been telling him that.

Maria: So you guys are helping Benex?

Goobot: Of course we are. We made a deal with her. We help her get the Luminous Whale and she helps us kill you fools.

Iron Maniac: (to Iron Boy) And in case you didn't hear, my name's Iron Maniac now!

Killer Shrike: Guys, get the Luminous Whale out of here! Me and Double D will handle these two.

Me: Right!

We got the whale away.

Sideways: (to Benex) Sorry. But the Luminous Whale's out of your reach now!

Me: And you will not get hide nor blubber of it!

Shanan: Because as head of the TLPS Earth-Interstellar Wildlife Protection Agency, I am hereby placing the Luminous Whale under our protection and the protection of Federal Law.

Benex: WHAT!? NO FAIR!

Me: Life's not fair.

Danny Phantom: And I'm not the same as I was before Plasmius.

Vlad Plasmius: Oh really? How so Daniel?

Danny Phantom teleported and kicked him in the face and sent him skidding and then Danny teleported and formed an energy scythe and slashed him all over and then he made 5,000 copies and they blasted him all over the place and knocked him down.

Vlad Plasmius turned back to Vlad Masters.

Vlad Masters: How!? How is he stronger than me?

Me: Because you are a fool.

Danny Phantom: I've gotten stronger Plasmius. I now have millions of years of experiences inside me thanks to J.D. and his teachings.

Vlad Masters: IMPOSSIBLE!

Me: Nothing is impossible.

Lily: And Plankton we've had a lot of déjà-vu ever since we banished you into space.

Plankton: Really? What happened?

Lily went over everything that happened with the Naked Version of Krabs and how he took his place and all that as well as everything that happened on land with Ophelia Shroud.

Plankton: All that happened with you on land and sea!?

Lily: Yeah it did. Ophelia Shroud and that naked version of Krabs did everything you did on land and in sea.

Plankton: Big déjà-vu and that Naked Version of Krabs is like the one I saw when I wanted to see what it was like in Krabs's claws.

Lily: Big time.

Burns: You will pay for this J.D.!

He took out his gun and pointed it at Nanami.

Lincoln: Nanami!

He spread his wings and flew faster than lightning and he grabbed Nanami just as he fired and flew into the air and saved her life.

Nico: Nice save Lincoln!

Lincoln: Thanks Nico.

I blasted the gun out of Burns's hands and Eli used the force to pull it to him and he made it his gun now.

Me: You make me sick Burns! Attacking an innocent girl.

Crocker: YOU ALL MAKE ME SO FUCKING CRAZY!

Me: Too late for that Crock-fuck.

Crocker: (GROWLS IN EXTREME RAGE!) I HATE YOU ALL SO MUCH!

Our auras flared up with incredible force and Nanami had an aqua green aura flare up.

Crocker: I FUCKING HATE YOU! I HATE YOU, I HATE YOU, I HATE YOU, I HATE YOU, I HATE YOU, I HATE YOU, I HATE YOU, I HATE YOU, I HATE YOU, I HATE YOU, I HATE YOU, I HATE YOU, I HATE YOU, I HATE YOU, I HATE YOU, I HATE YOU, I HATE YOU, I HATE YOU, I HATE YOU, I HATE YOU, I HATE YOU, I HATE YOU, I HATE YOU, I HATE YOU, I HATE YOU I HATE YOU, I HATE YOU, I HATE YOU, I HATE YOU, (EXTREMELY ENRAGED SCREAMING) I HHAAAAAATTTEEEEE YOOOOOUUUU! **IIIIIIIII HHHHAAAAAAAAAAAAAAAAAAATTTTTTTTTTTTTTTTEEEEEEEEEE YYYYYYYOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOU** ***IIIIIIIIIIIIIIIIIIIII HHHHHHAAAAAAAAAAAAAAAAAAAATTTTTTTEEEEEEEEEEE YYYYYYYYOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO I HATE YOU ALL MORE THAN LIFE ITSELF TIMES ∞!***

His hate was so intense that it made our auras flare up to an incredible level and it made our power extremely strong and massive! Our auras were as strong as all the stars in over 100 million galaxies! Our power was so strong and our auras looked like fire from the Sun amplified times 100 trillion! Crocker's Hatred was so powerful that it was like that of 100 Decillion Kisenian Blossoms.

Me: Thanks for the power boost Crock-Fuck! You just went up to 72,392% Insanity!

Nico: Now you gave me more reasons to kill you!

Naruto: Big time.

Nanami: Wow! Why am I glowing and why do I suddenly feel stronger?

Lincoln: It's what happens when someone hates us to an incredible level.

Me: Yep. And Crocker reached a new level of being fucked up.

Goobot: Nice Going Crocker you fool!

Crocker: SHUT UP!

They left!

Benex: HEY! Get back here!

Burns: You're on your own!

They left her.

Living Laser: Looks like the Evil Syndicate just ditched you.

Me: And double-crossed you. But I think Evil Syndicate is too simple a name for them.

Nico: Yeah they need a better name.

Me: How about we call them the Sullen 6?

Nico: Oooh. Nice name.

Me: It was the first name that came to my mind.

Then Cargill, Selma & Patty, The Springfield Bullies, Krusty, Jonathan Ohnn A.K.A. The Spot, Puff and Kangor appeared.

Krusty: Hey hey kiddies! (Goofy Laugh)

Me: Cargill, Selma & Patty, The Springfield Bullies, Krusty, The Spot, Puff and Kangor.

Cargill: We're so glad you guys are ok!

Lori: (laughs) Relax. We're literally not going anywhere.

Selma: We're glad to hear it.

Dolph: Kearney cried his eyes out when he saw your ship blow up on the news.

Kearney: (in denial) No, I didn't!

Me: That wasn't our ship. It was a decoy. It was part of our plan to fool the Sullen 6 into thinking that we died.

Jimbo: Clever!

Patty: The Sullen 6?

Me: It's the name I came up with for Burns and his group.

Nico: Yeah it was clever.

Spot: I know what you're thinking. And yes. I do look like a Dalmation Dog.

Me: I don't think that at all Jonathan. You are more like an optical illusion and that is awesome!

Nico: It sure is.

Spot: That's much better than a Dalmation.

Then Waspicable appeared again.

Me: Waspicable.

Waspicable: Hey guys!

Me: How is the new disguise working for you?

Waspicable: This human disguise you gave me really works.

Andros: We're glad it did.

Muscle Man: You know who else uses a human disguise? My mom!

We laughed at Muscle Man's joke.

Me: That's so funny!

Nanami: That sure is!

?: I don't think it was that funny at all.

Me: Oh shit! I thought I was rid of that voice.

A figure came out and it was DANZŌ SHIMURA!

---

**Danzō Shimura** is a member of the Hidden Leaf's council and a major antagonist in the manga and anime series *Naruto* . His unbridled jealousy of Hiruzen Sarutobi, caused Danzō to do despicable acts in pursuit of the position of Hokage, Danzō's militant and archaic views made him a danger to the village he professed to love and protect as he created the hatred in some of Konoha's greatest attackers and major villains (Kabuto Yakushi, Orochimaru, Nagato, and Sasuke Uchiha) due to his harsh and cruel indifference to human suffering. Strangely, despite Danzō's views that ninja should always be ready to sacrifice their lives, he was afraid of death, much to his own shame. He is Sasuke Uchiha's arch-nemesis.

In the Japanese version, he was voiced by Hiroshi Ito, and Masayuki Katō as a young adult. In the English version, he was voiced by William Frederick Knight, and Peter Lurie as a young adult.

In his youth, Danzō was good friends with Hiruzen Sarutobi, having felt the need to upstart him. During the First Shinobi World War, Danzō and Hiruzen, along with the latter's team-mates Koharu Utatane and Homura Mitokado, were placed together in a squad under the Second Hokage Tobirama. When being late pursued by the Kinkaku Squad of the Village Hidden in the Clouds, Danzō attempted to volunteer in sacrificing himself as a decoy to ensure the others' safety. However, paralyzed with fear as Hiruzen volunteered for the task, Tobirama sacrificed himself instead while naming Hiruzen as his successor much to the shock of both Hiruzen and Danzō.

With Hiruzen as the Third Hokage, with him, Koharu, and Homura appointed roles as his advisors, a grudge filled Danzō resolved to become Hokage someday and formed the ANBU subsidiary named Root. Though the group was later officially disbanded, Root remained secretly active as Danzō executed shady dealing. The group became even more mindlessly devoted to Danzō, who started branding them with cursed seals, even attempting to assassinate Hiruzen on one occasion.

One such event was aiding Hanzo in his attempt to wipe out the but the men he sent to the Village Hidden in Rain were all wiped out by Nagato. Danzō also played a role in Kabuto Yakushi becoming a rogue ninja under his former subordinate Orochimaru, whom Danzō had implanting the DNA of Hashirama Senju to use his Wood Style.

In the aftermath of Kurama's attack on Konoha, Danzō suspected the Uchiha clan to have involvement and supported their relocation for better observation, which led to the Uchiha becoming more isolated and discontent, and thus eventually plotting to rebel. Years later, learning of the planned coup d'état by the Uchiha clan and playing on Itachi Uchiha's pacifist tendencies to provide him and the other elders with information of the clan's actions, Danzō secretly killed Shisui Uchiha, despite the fact that Shisui was actually already planning to use a genjutsu to prevent the Uchiha rebellion. He kills Shisui in order to obtain his Sharingan eyes. However, Danzo then secretly ordered Itachi to slaughter his clan in return that his younger brother Sasuke Uchiha would be spared death. Though Itachi committed the deed, he left Danzō with a warning to not harm Sasuke or he would expose the circumstances of the Uchiha Clan's demise to the other ninja villages. Hiruzen, however, guesses much of what had happened, although he had no proof, and becomes even more suspicious of Danzō, and demands that Root be disbanded.

Part II

When Team Kakashi decides to meet with the spy Sasori installed in Orochimaru's camp, Danzō took advantage of Kakashi's absence to assign Sai to the group as part of a plan to secretly assassinate Sasuke. To achieve that goal, Danzō had Sai trick Orochimaru into thinking he wants to join forces with him to destroy Konoha. Though

Sai failed his mission, Danzō allowed him to remain with Team Kakashi, as Danzō had become worried about Naruto becoming a problem, and Sai would be in a perfect place to watch him.

During the events of Pain invading Konoha, Danzō was against Tsunade calling Naruto back to the village in fear that they would lose Kurama. To that end, Danzō not only killed the messenger toad Kōsuke but also ordered his subordinates not to come to the Hidden Leaf's aid with the expectation that Tsunade would be killed off not caring about the deaths of the other villages. Most of the villagers were killed in the attack. However, despite Danzō's action, Naruto arrived none the less with everyone Nagato killed revived while Tsunade ended up in a coma. Following the invasion, the Hidden Leaf are summoned before the Lord of Fire over what occurred, with Danzo convincing the feudal lord to name him the new acting Hokage. Danzō becomes the leader of the armed forces by influencing Mifune's mind but is caught.

Soon after, Danzō uses his power to mark Sasuke as a criminal to be killed before leaving for the Kage Summit in the Land of Iron to discuss dealing with the Akatsuki. Before leaving, seeing that he cannot confine Naruto due to his reputation as a hero, Danzō ordered Sai to spy on the boy while sending his men to track down Kabuto for his medical knowledge. With Torune and Fuu as his bodyguards, Danzō arrives at the Kage Summit and attempts to name himself the leader of the alliance that would fight the Akatsuki. However, the abrupt appearance of Taka and White Zetsu forces Danzō to flee.

However, Danzō and his men were halted by Tobi at the Samurai Bridge. By that time his men were defeated by Tobi and Sasuke, who then challenged Danzo to personal combat, Danzō unsealed his arm and revealed it to have been embedded with multiple Sharingan eye as he admits his role in the Uchiha Clan Massacre. Sasuke pretends to attack in anger with his Susanoo, Danzō uses Izanagi to evade the fatal attack, until it becomes evident that Sasuke was actually just making Danzō lose track of how many Sharingan he had in his arm, and in the end Sasuke is able to overcome Danzō by using a simple genjutsu making Danzō think he has one extra. With the powers of both Senju and Uchiha at his disposal, causing Tobi to realize that Danzō is targeting Naruto, Danzō clashes with Sasuke before being forced to sever his right arm as he was overwhelmed by the Senju DNA.

Refusing to accept defeat, Danzō takes Karin as a hostage so he can use Shisui's eye on Sasuke. However, Danzō was shocked that Sasuke had his attack pierce through Karin to kill him. On the verge of death, seeing that he can never surpass Hiruzen, Danzō decided to use the last of his life to take both Sasuke and Tobi down with him with the Reverse Four Symbols Seal. Though both were able to get out of range, Danzō destroyed Shisui's Sharingan to prevent Tobi from obtaining it.

## Abilities

Because of the stolen Sharingan eyes and the cells from the First Hokage (which Tobi suspects that he implanted them all with Orochimaru's aid), Danzō was an immensely powerful and skilled ninja. He could fight on even terms with Sasuke Uchiha.

Danzō was highly skilled with Wind Style chakra nature, able to utilize various, very powerful techniques with instant ready ease, them being strong enough to equal the strength of Sasuke's Susanoo in any of its stages. He had access to the unique summoning contract for the Baku, a giant, tapir-like creature that dwarfed Sasuke's Susanoo, and that was capable of complimenting Danzō's Wind Style with its extreme suction ability to the point that Danzō was able to rip open Sasuke's armored Susanoo with one attack. Despite his old age, Danzō was very strong, fast, and agile, able to repel Karin with a single kick, catch Sasuke off-guard (placing a paralyzing curse mark as he did), and easily dodge Sasuke's Susanoo's attack with one high leap, despite noting its capabilities, also showing great reflexes. Along with paralysis curse marks, Danzō was skilled at using marks that could silence a member of Root if they tried to speak about him and set a creative booby trap with his Reverse Four Symbols Sealing Technique to activate at death. Sasuke counted on Danzō being overconfident because of this technique. Danzō's pride is possibly his biggest weakness.

Danzō's most fearsome and formidable abilities were the various bodily implants he received from Orochimaru. Before the latter's being sealed, Danzō took Shisui Uchiha's right eye, capable of using the Mangekyo Sharingan and the strongest genjutsu, and replaced his right eye with it, and took his right arm after his death and replaced his with it, and after the Uchiha clan massacre, Danzō took up to ten Sharingan eyes and implanted them into that arm. From Orochimaru, Danzō had the cells of the First Hokage implanted in his right arm as well. Doing this allowed him to use the forbidden dojutsu Izanagi through all his Sharingan, but only doing so with the ones in his arm. To conserve his chakra, as all his eyes were active, Danzō placed a seal on his right arm and bandaged his eye to conceal these implants. Using Izanagi allowed Danzō to control reality and illusion about himself, transferring any disadvantages, like fatal wounds, into a dream and making his own desire for successful attacks a reality. With the advantage of the First's cells, Danzō could use Izanagi for one minute an eye, at the cost of losing its use afterward to blindness. Using this to the full effect, Danzō was able to exhaust Sasuke and mortally wound him at the cost of the same. Danzō was very skilled at using Shisui's eye, able to easily locate a squad of assassins and use his Kotoamatsukami technique very effectively, able to control others with ease without direct sight of them. Along with the with the enhancements to his body and chakra reserves(which were very large) they gave, having the First's cells in him also allowed Danzō access to his Wood Style kekkei genkai, which he could use without hand signs, but only from his right arm, and its power was pale compared to the original. Aside from Sharingan, Danzō was very skilled at using and dispelling genjutsu, even Sasuke's inept Tsukuyomi, although this led to his death.

Me: Danzō Shimura!

Danzō: So you all are still fighting for what's right.

Me: Always will you traitor.

Danzō: I'm surpised you're all going after me when the bigger threat is still out there.

Sasuke: Well, since we can't get rid of Burns and his group, we'll just settle for taking you out instead!

Me: You will just never learn Danzo.

Twilight Sparkle: Who is he?

Me: His name is Danzō Shimura. He used to be an old acquaintance of the 3rd Hokage, Hiruzen Sarutobi. But he is really a Power-Hungry Warmonger and he's also one of the worst and most dangerous traitors ever known to the entirety of the 5 Great Nations. His crimes are so despicable that he almost destroyed the entire planet and he brought the Uchiha Clan close to the razors edge of extinction.

I went over his history.

They gasped in shock and fury!

Apple Bloom: He's a monster!

Toxic Horror: He has absolutely no honor!

Danzō: Everything I've done has always been for the good of the village!

Me: BULL-FUCKNG-SHIT! You call doing crimes of war, bringing about the senseless slaughter of innocent people and turning shinobi into emotionless tools of war and causing corruption that brought nothing but chaos, death and destruction good!? You are nothing but a liar and a deceiver and a Sower of Discord! That's why I killed you. All you know is how to make enemies and you don't care about anyone other than yourself! Your unbridled jealousy is what lead to your death and that's why we always will have something you NEVER WILL have.

Danzō: And what's that?

Me: FRIENDS!

Danzō: Friends are tools of war!

Me: BULLSHIT! Friends are always there for you when you need them and you would rather make enemies than have friends. Your crimes are unforgivable and completely unpardonable and for that you will pay for every single one of them. But how did you come back? Last I remember you were a fossilized husk.

Danzō: Thanks to this.

He pulled out a Number Card and it was NUMBER 48: SHADOW LICH!

We gasped.

Eli: Number 48: Shadow Lich.

Me: I had a feeling it was a Number. Lets get it on.

We went at them.

We regrouped and we were facing Benex.

Emma: You're not touching the Luminous Whale on our watch!

Megaforce Rangers: Legendary Ranger Mode: Electronic Brigade!

The Megaforce Rangers turned into the Denziman Rangers from 1980!

Me: **You are under arrest for animal poaching!**

Nico: Yeah!

Then I saw a white light come at me and it hit me and I then felt an incredibly massive boost of power and in my Subconscious I saw that the white light was really that of the spirit of a dragon!

Me: WHOA! That is an incredible dragon.

J.D. 2: Oh man! I've seen this kind of dragon before. This is the Divine Dragoon. It's power is incredible!

Me: WHOA!

J.D. 2 told me what it was.

The **Divine Dragon** (神竜王, *Shinryūō,* lit. "God Dragon King") is one of the two main antagonists of Disc 3 in The Legend of Dragoon; the other is Lloyd, who clashes with him at his home a top the Mountain of Mortal Dragon, merely as an unexpected obstacle to an even greater plot.

Being the strongest of all Dragons, he is known to many as the King of Dragons. Its awakening caused the local forest's creatures to go savage and nearly caused Dart to lose his sanity to the Red-Eyed Dragoon Spirit. The only weapons that can do real damage to him are the Dragon Buster and the Dragon Block Staff, but even they are not enough.

King of Dragons: Imprisonment, Escape, Vengeance

At first glance, the Divine Dragon bears the design most seen in western-style dragons drawn in literature: a colossal, quadrupedal, winged reptile with elongated neck. The sacred sister described him as "The one who fly with seven diabolical eyes and wings that will bring destruction to Deningrad". The Divine Dragon once had eight wings before losing one of its larger forewings prior to its sealing. In the present day, it is known to fly across the sky on seven wings and a long tail.

Ironically, the King of Dragons still has "souvenirs" from the Dragon Campaign in the form of several chained manacles around some of his limbs. His facial features are the most bizarre: an array of seven eyes, six eyes are located at the front of his upper jaw while the seventh, largest eye located on his chin. He mounted the Divine Dragon Cannon in his back and contained the Divine Dragon Ball in his chest.

There is a rare chance for the Divine Dragon to drop a Dragon Shield.

Over ten millennia ago, the Dragon King was sealed away by the ancient Winglies in the depths of the Mountain of Mortal Dragon for fear of being obliterated by his incredible power.

About eleven thousand years later, the seal of the Divine Dragon wore off, allowing the angry monster to break free and fly off to wreak vengeance upon all he hated, including the Winglies who trapped him over 10,000 years ago.

As the Winglies in their Forest predicted, The Divine Dragon manages to break free from his binding chains after the Dragoons enter Deningrad; it flies across low across the snowy wastes to the Crystal palace, diving down over the city and breaking stone buildings as it passes. Its flight causes considerable dismay but does no irreparable damage, whereupon it returns to its mountain.

Only after the heroes have left the city in search of the Dragon Block Staff, does the Divine Dragon return, and then this time attacks the city with all its power, almost completely destroying the Palace built by the Winglies that had imprisoned him so long ago. As a section of the Palace falls, a beam of light can be seen streaking toward the Moon, as another Signet Sphere is destroyed, leaving only three still binding the Virage Embryo. After obtaining the one artifact that can affect the Dragon, Dart and company trek to the mountain to confront the Divine Dragon.

This battle is fought at the top of the Mountain of Mortal Dragon. The best strategy is stick to your strong hitters because your dragoons will be no good in this battle. Make sure you come ready with a couple of magical items and a bunch of health potions and Angel Prayers. Make sure to equip your strongest additions unless you want the fight to last for a bit. Also its recommended you equip Bravery Amulets to your attackers due to one of his moves that induces fear to the party members and can deal large amount of damage and also reduces the amount of damage you deal.

During Battle

Due to the way the Dragon Block Staff is used in this fight Dragoon form is all but useless for attacking the Divine Dragon. Unlike against Grand Jewel the Dragon Block Staff is used at the very start of this fight, decreasing damage of offensive moves and defense. However, Meru and Miranda's healing spells are unaffected by this, as is Albert's Rose Storm. As long as the character who transforms had less than 200 SP before the transformation the character will revert back to human form immediately after using magic instead of staying in Dragoon form and having defense reduced.

The Divine Dragon has five different attacks, as listed below.

**Dragon Claw** : The Divine Dragon swoops his claw across the field and attacks the entire party dealing moderate damage.

**Divine Dragon Cannon** : A count-down appears and at the end of the countdown the Divine Dragon will charge up energy through his largest eye, and releases this energy in a powerful blast through the cannon on his back, this attack hits two party members (all three, if he targets Dart) and does major damage. This attack can be disabled if you switch targets and attack the cannon directly, ultimately destroying the cannon. This attack is rarely used.

**Divine Dragon Ball** : The Divine Dragon flies up in the air and and opens the flaps on his chest where he shoots a volley of many energy balls at the party dealing major damage. This attack can be disabled if you switch targets and attack the chest directly, ultimately destroying the ball. This attack is decently common.

**Imperial Spell** : The Divine Dragon shakes his neck calling up a random powerful magic. The magic the Dragon casts are usually at maximum capacity and can affect all members of Dart's party.

**Pressure:** The Divine Dragon shakes his head and casts Fear into all party members causing fear that lowers attack and defense from both physical and magical. Used if hit with magic attacks.

After the long battle, the dragon plummets to the ground with devastating force. Lloyd jumps down from his observing position to where its head rests on a cliff side. He slices downwards on its large chin and cuts out the eye there. The new owner of the Divine Dragon Spirit Stone explains to the confused heroes that the dragon was not a part of his plot and the extra power is unneeded. The Divine Dragon was an obstacle to his master plan; he might as well defeat it sooner rather than later. He then takes his leave by teleporting across the Mountain of Mortal Dragon and through the Evergreen Forest. Dart and friends give chase to Lloyd.

Princess Celestia: You mean?

Me: Yeah. I'm afraid so. Tirek, Evil Cozy Glow, Evil Starlight Glimmer, Queen Chrysalis, everyone.

Princess Celestia and the princesses and guards gasped.

Tirek

**Tirek**, also known as **Lord Tirek**, is one of the main antagonists of *My Little Pony: Friendship is Magic* . He appears as the main antagonist in Season 4's finale "Twilight's Kingdom", a minor villain in "Cutie Re-Mark", the secondary antagonist in Season 8's finale "School Raze", and one of the three main antagonists of Season 9 (alongside Queen Chrysalis and Cozy Glow). He is G4's incarnation of Tirac; the first villain of the original series. He is also one of Twilight Sparkle's archenemies.

He is a power-hungry centaur with the power to drain the magic and abilities out of other creatures, particularly ponies. In Season 4, he escaped from his imprisonment at Tartarus to steal magic and gain power to take over Equestria, before he was defeated and banished back to Tartarus by the Mane Six. In Season 8, he conspires with his new protégé, Cozy Glow for the sake of revenge, but his plan backfired, thus forcing him to help them escape. In Season 9, he and Cozy Glow were released from Tartarus and becomes a member of the Legion of Doom, a team of villains bend on conquering Equestria, but was defeated once more by the Mane Six and their allies.

He was voiced by Mark Acheson, who also played Unicron in *Transformers: Armada* and *Transformers: Energon*, Moses Tripoli in *Fargo*, and Sabretooth in *Hulk Vs* .

## Childhood

Along with his brother Scorpan, Tirek used to be one of the princes of their old kingdom. Their land was ruled by their parents, the Centaur King Vorak, and the gargoyle Queen Haydon. Despite their fearsome appearances, Vorak and Haydon were benevolent rulers who wanted peace with Equestria. They did their best to guide their children and keep them on the right path, but while Scorpan took after their examples, Tirek was shown to already be a delinquent who constantly got into trouble at a young age. Because of this, his father King Vorak disapproved of his behavior and actions, which caused Tirek to develop an intense hatred for his father. Tirek seemed indifferent to his mother, though it's mentioned in "Frenemies" that he did genuinely love his grandmother. Tirek was a prodigy among his land, born with more magic than any other being in their kingdom, though his father was fearful of this due to the fact that he could sense a thirst for power in Tirek, believing that Tirek would one day try to overthrow him. At some point in time, Tirek started meeting with an old evil centaur wizard called Sendak the Elder, and became his protegee.

One day, Tirek and Scorpan went to visit Sendak. Though at first Scorpan said they had to return to the castle because their parents could be worried for them, Tirek ignored Scorpan and entered Sendak's home. Sendak told Tirek everything about pony magic and how he captured a unicorn when he traveled to Equestria. Sendak further revealed that there was a spell that would allow him to drain magic from other beings and use it to increase his own power, and that he was planning to do this with the unicorn he captured, though not at the exact moment. Supposedly, Equestria had more magic than any other land, and draining all of the magic from the land would make someone an "indominable force". Sendak realized that Tirek wanted to drain the unicorn's magic for himself, but he informed Tirek that he was too young to properly perform the spell at the time, telling him to wait until he was older.

Tirek and Scorpan returned to the castle where their parents, King Vorak and Queen Haydon were arguing until they enter on. That night, Tirek and Scorpan talked about their parents relations with them and when everyone went to sleep, Tirek went out the castle to find out more about pony magic. Once in Sendak (who was taking a nap)'s home, Tirek tries to make the same ability that Sendak used to steal the pony's magic until Sendak woke up just to see how Tirek's spell of absorbing magic just causes a great explosion that traps Sendak under a pile of rubble. Sendak asks Tirek for help, but he abandons him and sneaks back to the castle.

The next day, it is revealed that Sendak was rescued by Vorak's guards, but was sentenced to work in the mines for the rest of his life as punishment for kidnapping the unicorn. Vorak asks Tirek where he was the night when the explosion happened and Tirek explains that he never left the castle. However, his father doesn't believe him and confines Tirek along with Scorpan to their chamber. Tirek is last seen on the balcony where he swears that one day he will overthrow his father and finish what Sendak couldn't: Rule over Equestria.

Since then, Tirek has used magic to compensate for the fact that deep down, he will never be enough to please King Vorak, as explained in *The Ending of the End Part 2.* It is unclear if Tirek has indeed overthrown his parents or if he just simply left them alongside his brother to conquer Equestria. The fact that Scorpan, who clearly loved them, was still on good terms with Tirek by the time they left their land to travel to Equestria, suggests the latter.

## Invasion and Imprisonment

A thousand years prior to the series, a full-grown Tirek and his brother Scorpan traveled to Equestria so that Tirek could finally fulfill his dream of taking all the magic from the land and becoming all-powerful. But when Scorpan came to appreciate Equestria and became friends with Star Swirl the Bearded, he tried to turn Tirek away from his quest. Tirek refused, and Scorpan warned Celestia and Luna of his brother's ambitions, and, because of this, they were able to capture and imprison Tirek in Tartarus for his crimes while Scorpan returned to his homeland. Before leaving, Scorpan gave Tirek his amulet as a memento of their former bond.

## Twilight's Kingdom

In " *Twilight's Kingdom* ", it is revealed that when Cerberus left his post at the gates of Tartarus (in " *It's About Time* "), Tirek was able to escape. After spending his time free recovering his strength, he had eventually regained enough power to absorb a unicorn's magic. Celestia received a vision of this event and, after meeting with Luna, Cadence, and Twilight to assess the threat of his return, sent Discord after Tirek, as he could sense magical imbalances and therefore make it easy for him to find Tirek. Discord, using the guise of a unicorn, discovered Tirek in an alleyway and confronts him. Tirek initially commends Discord for his "escape" from his imprisonment, only for Discord to bind him with shackles, revealing that he had switched alignments and is reimprisoning Tirek for his friends. Taking advantage of this new revelation, Tirek convinced Discord that his friendship was a new form of prison and that, if they worked together, he could get the one this friendship could never give him; freedom. Discord, despite his friendship with Fluttershy, agrees. With Discord now at his side, Tirek began devouring the energy and magic from unicorns, pegasi and earth ponies alike from all across Equestria, regaining almost all of his strength.

Knowing that he would seek alicorn magic next, Princesses Celestia, Luna, and Cadence, with no options left, called upon Twilight and entrusted all of their magic to her, as Tirek was not aware of the existence of a fourth Princess. As expected, Tirek and Discord assaulted Canterlot in search of the Princesses' magic, only to find the three Princesses without it. Still assured of his victory, Tirek ironically banished the three Princesses to Tartarus and approached Discord, who was comically altering Celestia's stained glass windows. As a sign of gratitude for his efforts, Tirek gave Discord a medallion that he received from "somebody close to him", before seeing the window depicting Twilight and demanding to know why Discord didn't tell him about the fourth Princess. Discord stated that he wasn't sure if Tirek could be fully trusted, but now knowing that he is, tells him about Twilight and her friends. Tirek, though upset over his friend lying to him, does appear to forgive him. Tirek and Discord then headed to Ponyville and captured Twilight's best friends, Tirek draining their power before doing the same to Discord, telling him that he has outlived his usefulness, revealing that his medallion actually came from Scorpan, and that Discord is as worthless to him as his brother was.

Growing to tremendous size from the magic he absorbed with his power even surpassing that of Discord, Tirek sought out Twilight, obliterating her home of the Golden Oak Library in his search, enraging her and driving them to fight in an epic battle. The two were evenly matched, though Twilight seemed to have a slight advantage, and so Tirek revealed the other Mane 5, Spike, and Discord, imprisoned inside orbs. Tirek told Twilight to give him all the alicorn magic in Equestria in exchange for her friend's release, and she agreed, and Tirek released all except Discord, who Twilight then wanted to be released as well. Although not understanding why Twilight would want Discord after he betrayed her, Tirek complies and drained her of all the alicorn magic, increasing his size and strength to titanic proportions. To thank her for her kindness, Discord gave Twilight Scorpan's medallion, this time out of legitimate gratitude, making it the final key to the Tree of Harmony box.

Unlocking the box, the Mane 6 receive Rainbow Power, and confront Tirek with their new abilities. Tirek fires at them with a massive magical blast, only to be confused when his attack has no effect on them. A distressed Tirek asks how it is possible for the Ponies to be undamaged without magic, and Twilight responds by telling him that she possesses the most powerful magic of all; friendship. The Mane 6 then attacks Tirek, draining him of his stolen magic and reimprisoning him in Tartarus, undoing all of his actions.

### The Cutie Map

In " *The Cutie Map* ", Tirek is mentioned by Rainbow Dash when she reminds Twilight that they along with the rest of the Mane Six, have opened all six keys of friendship, defeated Tirek and received a castle of their own.

### Crusaders of the Lost Mark

In " *Crusaders of the Lost Mark* ", Tirek was mentioned again by Pipsqueak, who stated that his battle with Twilight was the cause of the poor conditioning of the schoolyard.

### The Cutie Re-Mark

In " *The Cutie Re-Mark* ", in the fourth alternate timeline created by Starlight Glimmer, without the Mane 6 to stop him, Tirek succeeds in draining all the magic in Equestria and is briefly seen causing destruction.

### Shadow Play

In " *Shadow Play* ", Pinkie Pie mentions Tirek while recounting the threats Equestria has faced over the last thousand years to Starswirl the Bearded.

### The Mean 6

In " *The Mean 6* ", while not mentioned by name, Pinkie Pie briefly recounts the battle between the Mane 6 and Tirek while talking to Twilight (who, in reality, was a clone created by Queen Chrysalis).

### School Raze

Tirek reappears in Season 8's two-part finale, " *School Raze* ", in which it's revealed that he is pen pals with Cozy Glow. He also conspired with Cozy for the sake of getting revenge. Cozy Glow was successful in trapping the Mane 6 in Tartarus, during which Tirek told them that Cozy Glow was behind it and his involvement in her plan. However, Twilight reminded him that if they were trapped in Tartarus, he'd be trapped with them for eternity. Pinkie Pie annoyed Tirek to the point of giving Twilight what remained of his magic so the Mane 6 could escape just to get rid of them.

After the Young Six broke Cozy Glow's spell, Tirek got his magic back, which hit him in the head and knocked him down. Later, a bored Cerberus lay next to Tirek with him remarking that it may be boring in Tartarus but at least Cerberus isn't in a cage. When Luna and two Royal Guards imprisoned Cozy Glow in Tartarus, in a cage next to Tirek, Cozy Glow asked Tirek if he wanted to be her friend, much to Tirek's dismay.

Season 9 The Beginnning of the End

In " *The Beginning of the End* ", while still imprisoned with him, Cozy Glow annoys Tirek by continuing to try and befriend him, before the both of them are suddenly transported out of Tartarus. Emerging within a mysterious cavern, Tirek and Cozy Glow are met by Queen Chrysalis, who immediately accuses them of summoning her, though Cozy Glow assures her that they thought she freed them. As this happens, King Sombra suddenly appears, causing the three to accuse him of summoning them, only for Discord (disguised as the ancient tyrant Grogar) to reveal himself to be the one who was responsible for summoning them. Tirek, Chrysalis and Sombra are shocked to see him, as they believed he was only a legend, though "Grogar" assures them that he is real and states that he summoned them as part of his plan to rid Equestria of Twilight Sparkle and her friends.

Seeing that Cozy Glow doesn't know who he is, "Grogar" decides to demonstrate his power by giving Tirek a sample of magic that revives much of his strength. Tirek then tells Cozy Glow that "Grogar" is ancient and extremely powerful, as well as the former ruler of what would become Equestria, claiming that he had heard stories of his tyranny when he was younger. "Grogar" then tells the villains of how he created monsters that roamed the land and took whatever they wanted under his rule, before Chrysalis remarks how he was banished by Gusty the Great, although "Grogar" claims that he was only temporarily weakened when she took his bell; however, Cozy Glow points out that, since he has been weakened before even Tirek was born, he has a very different idea of what "temporarily" means, much to his annoyance. In reality, Gusty the Great really did banish the real Grogar into limbo, from where there is no return.

"Grogar" proceeds to tell the group that he has watched them and their failures to take over Equestria, and asks them why they have always been defeated by the same six ponies each time, Tirek claiming that it is because they are "annoyingly lucky". "Grogar" rebuffs their answers and claims it is because their enemies work together as a team, demanding that the villains join forces with him to take over Equestria. Sombra, however, refuses to serve "Grogar" and arrogantly proclaims that he will take over the Crystal Empire by himself, causing "Grogar" to send him off to the Empire on the conditions that, if he fails, he will serve him or be destroyed again. After this, "Grogar" tells the others to prepare to work together and leaves. Cozy Glow immediately compares working together to making friends, telling Tirek and Chrysalis that they are in luck since she knows "all about that", though the former only flicks her away in annoyance.

Cozy Glow tries to get Tirek and Chrysalis to work together by having them each say nice things to each other, though this falls apart when Chrysalis refuses to say anything nice about ponies. "Grogar" then approaches them and states that he hopes the three of them will be enough to help his plans along, causing Tirek and Chrysalis to ask about Sombra. "Grogar" shows them that Sombra had failed in his plans to conquer Equestria and had again been defeated by the Mane Six, remarking that he will at least serve as an example to them as what will happen if they don't submit to his plans. Having seen this, Tirek, Chrysalis and Cozy Glow unanimously agree to serve "Grogar", though are seemingly left nervous by the thought.

## Frenemies

In " *Frenemies* ", as "Grogar" is working, Cozy Glow approaches him and tattles on Tirek for leaving food out, Tirek quickly approaching "Grogar" and telling him not to trust anything she says afterwards; though "Grogar" is quick to point out that he already doesn't trust anything that they say. After being annoyed by Chrysalis, "Grogar" informs the villains that he is leaving and demands that they all stop fighting and find a way to work together so that they can accomplish their goals. Once "Grogar" leaves, Tirek, not listening to his orders, begins to work out by himself (seemingly in an effort to re-obtain his physique from when he had absorbed Equestria's magic). While doing so, he is approached by Cozy Glow, who states that she is organizing a team meeting, which he agrees to go to so long as she leaves him be. At the meeting, Cozy Glow encourages the fact that they all need to trust one another to work together, which Chrysalis finds hard to do as Tirek is trying to steal her magic. Tirek firmly denies doing such a thing (returning the magic he actually had stole to a cupcake that Chrysalis devours), and calls her out for constantly ranting to her log, before joining Chrysalis in telling Cozy Glow that she wasn't left in charge. Cozy Glow then tries to get them all to agree with one another over their common goals, leading them all into singing "Better Way to be Bad" with one another, only for them all to devolve into bickering.

"Grogar" returns at the same time, and, upset to see they have not yet resolved their differences, decides to send them off on a mission to retrieve his Bewitching Bell from Mt. Everhoof so that they can learn to work together. Tirek and the others fight over who should lead the mission based on their previous feats, only for "Grogar" to angrily overpower and remind them that they all failed before and cannot work alone. Upon arriving at the foot of the mountain, all of the villains immediately split off and begin to find their own ways of getting up; Tirek staying behind and making a camp for himself. He proceeds to laugh at Cozy Glow upon seeing her return, and explains to her that he had already deduced that getting up the mountain by himself would be impossible, and so had planned to wait for her and Chrysalis to fail so that he could take what they learned and use it to his advantage. Cozy Glow and Tirek proceed to bicker - Tirek calling her out for her fake cutesy persona and constant manipulations having found out that she was only pretending to befriend him long before they teamed up, and Cozy Glow criticizing his arrogance, while also mocking him for talking to his "Gram Gram" in his sleep - until they are approached by an Ophiotaurus, which they both blame each other for attracting. Suddenly, a female Ophiotaurus arrives and seduces the other one, Tirek quickly realizing that the former is actually Chrysalis in disguise, who admits that she needs their help, causing Tirek to gloat about his own strategy.

That night, Tirek and the others begin to bond with each other over their previous endeavors and hatred towards The Mane Six; him remarking on how he turned Discord against his friends and used their emotions against them, and that Cozy Glow's plan to destroy all magic would have been worthwhile if it meant seeing Twilight and her friends defeated, also admitting that working with Chrysalis and her may not be such a bad thing. The next day, the three villains proceed to combine their abilities in order to scale the mountain, only to find that the cave at the top is protected by a magical barrier, which Tirek cannot absorb since he can only take magic from living beings. With some convincing, Chrysalis allows Tirek to take her magic to become powerful enough to create an opening in the barrier, allowing Cozy Glow to enter the cave and retrieve the bell. Tirek then returns Chrysalis' magic, stating that he wasn't sure he would do so and that it seemed smarter to work with her than fight. The villains begin to reflect with one another over how it felt to rely on others for a change, before Chrysalis snaps them out of it, not wanting the friendship to infect her like it did her hive. Realizing that they almost reformed, the three vow to remain focused.

The three then concur that "Grogar" has grown too powerful and decides to betray him together, and Tirek agrees that they can all go back to trying to destroy one another afterward. He and the others later return to "Grogar's" lair and fool him into thinking that they failed while yet still becoming allies to his delight, though in reality have kept the bell for themselves.

## A Trivial Pursuit

In " *A Trivial Pursuit* ", Tirek is mentioned by Twilight and Mudbriar with him and Scorpan being the answer of who came to steal magic from Equestria.

## The Summer Sun Setback

In *The Summer Sun Setback*, Cozy Glow sees "Grogar" leaving and asks where he is going. He reveals that since his minions "failed" to recover the Bewitching Bell for him, they will need another source of power to defeat Twilight and her friends. After "Grogar" leaves, Cozy Glow informs Chrysalis and Tirek that he is gone. The villains voice that they don't trust "Grogar" and try to figure out how to use his bell like ringing it but nothing happens. Cozy Glow then points out that Twilight mentioned that the Archives in Canterlot has a restricted area and the villains set off on their "road trip".

The three villains hide in Canterlot and only Chrysalis and Tirek notice so many ponies out in the night. Cozy Glow reveals that it's the Summer Sun Celebration with Chrysalis asking how many holidays these ponies have. She believes that it will be easy to get in until Tirek points out that Canterlot has increased security. After Chrysalis fails to enter through the main doors, she returns to her allies and informs that it will be more challenging. The villains then overhear Twilight's friends and Discord talking about their responsibilities for the holiday. Tirek believes it to be impossible since the security is increased with Twilight's friends "bumbling about". However, Chrysalis sees it as an advantage to use as a distraction since they heard everything and gives instructions to Tirek and Cozy Glow.

While Chrysalis and Cozy Glow secretly sabotage the unicorns and Pegasi, Tirek secretly sabotages the Earth ponies of Appleloosa who are prepare the catering by hiding in the bushes and discreetly absorbing the Earth ponies magic which turns him back into his third form. This causes Braeburn to assume that the food is contaminated, causing the rest of the Earth ponies to panic. Tirek laughs at this while stealing some food on the way.

The villains watch all the panic and chaos unfold before deciding to incapacitate the security. Cozy Glow distracts a guard while Tirek steals his magic and Chrysalis uses his star badge to the main doors for them to enter.

They search for the archives which also wakes up a security goose which follows them. However, Chrysalis disguises herself as another security goose to get it to leave and the villains finally find and break into the Archives. They search through the Archives until Cozy Glow finds a book about how to use the Bewitching Bell and uses another book to break it out of it's chains.

This gives the villains time to leave Canterlot back to "Grogar's" lair while Twilight and her friends are able to fix the holiday. "Grogar" also returns tells his cohorts that he has found success where they all find "failure". He reveals that he located what he wanted and will retrieve it the next day before they begin his plan to take over Equestria. Tirek is still sulking that he had to give the magic of the Earth ponies back to them, in which Chrysalis and Cozy Glow tell him to stop doing and remind him that "Grogar" would become suspicious if he found out about their "road trip" in which Tirek claims that he doesn't have to like it. Cozy Glow reveals that she didn't like it when the Mane Six managed to fix the holiday, until Chrysalis reveals that the goal was not to destroy but to distract in order to get the book. Tirek reminds them that they can't waste any more time because they must master the bell before "Grogar" returns. Chrysalis reveals that they managed to stay ahead of everyone so far until Cozy Glow remarks how easy it was to turn the Earth ponies, unicorns and Pegasi against each other, in which Chrysalis decides would be something to think about.

## The Ending of the End

Tirek, Chrysalis, and Cozy Glow absorb "Grogar's" magic from his bell, turning Tirek back into his third form but much stronger. They then drain "Grogar's" current magic, revealing him to be Discord. When Chrysalis intends to take Discord's magic, Tirek says only Discord can control it. They agree to let Cozy Glow test this knowing that she can't go through with betraying them and take the magic back at her request when she can't control it, before setting out to conquer Equestria. Tirek drains the Pillars of Equestria and imprisons them in the caves beneath Canterlot with Starlight Glimmer, who was captured by Chrysalis, before both go to Canterlot to fight alongside Cozy Glow, during which they destroy half of Canterlot and almost kill Twilight twice, with Rarity stopping them the first time, and the other Mane 5, Spike, Celestia, Luna, and Discord holding their magic beam back the second time so Twilight can escape, and are eventually overpowered and imprisoned by the villains.

In Part 2, where Cozy Glow wants to kill the prisoners and Chrysalis wants to torture them, Tirek instead wants to hunt down Twilight as he knows that she is the biggest threat. They argue over Cozy Glow trying to take Celestia and Luna's magic from the bell, Tirek saying they must figure out Discord's magic first. Discord pretends to offer to tell them in exchange for the safety of the others, and insults Tirek into trying to blast him, which Discord reflects to release Starlight from her imprisonment, allowing her to release the others, and while the other Mane 5 and Spike run off to get Twilight, Starlight, Celestia, Luna, and Discord fight Tirek, Chrysalis, and Cozy Glow, who reimprison them.

When the Windigos return from the villains turning ponies against each other, Tirek says they are ancient magic and should be destroyed. Afterwards, the Mane 6 and Spike arrive. During an attempt to get the bell, Tirek chases after Twilight, who is trying to distract him, after which Tirek foils Applejack's attempt to get the bell. When Chrysalis threatens Spike, the villains nearly destroy the Mane 6, but many unicorns protect them and most of the ponies' allies enter the battle.

In the end, the Mane 6, Spike, the Young Six, and the Pillars unleash a rainbow which destroys the Windigos and takes away Grogar's power from Tirek, Chrysalis, and Cozy Glow, turning Tirek skinny and frail again. After Pinkie drops a giant cupcake on them with Discord's magic, which, along with Celestia and Luna's magic, is returned, Celestia, Luna, and Discord turn Tirek, Chrysalis, and Cozy Glow to stone as punishment for their crimes after Celestia and Luna ponder over what they should do given the scope of their crimes. Thus, Tirek was finally defeated for good.

## The Last Problem

The statue of Tirek, Chrysalis and Cozy Glow, makes a cameo in the newspaper in this episode, but they do not appear beyond that. It is stated by Jim Miller that they were later moved into the Canterlot gardens much like Discord's statue. It is unknown if the effects of their stoning are permanent, or whether they would eventually be smashed to pieces, but it is stated by Jim Miller that they are in suspended animation, indicating they are asleep or unconscious for it. The use of present tense could imply that they are still trapped in stone as of the epilogue, though this has yet to be confirmed. Either way, they likely will never be able to hurt any creature again.

Queen Chrysalis

She then lost this title after the Changelings realized that they didn't need to feed on love to survive, have been replaced by Thorax. She later becomes a member of the Legion of Doom, consisting of Lord Tirek and Cozy Glow, and was formally led by "Grogar", who was actually Discord in disguise. After they dispose of Discord and learn of his secret, Queen Chrysalis becomes the de-facto leader of the team until she and her teammates were defeated by the Mane Six and their allies. She started out as the archenemy of both Princess Cadence and Twilight Sparkle, and then later became Starlight Glimmer's nemesis when she helped convince her hive to turn on her. But in the end after being defeated by Twilight and her friends for the last time and remained as both Twilight and Starlight's arch-nemesis.

She was voiced by Kathleen Barr, who also voiced Trixie Lulamoon in the same series, Kevin and Marie Kanker in *Ed, Edd n' Eddy*, and

In the Japanese dub from the series, she was voiced by Kaori Nazuka, who also voiced Zonda in *Azure Striker Gunvolt* and Margaret Mitchell in *Bungou Stray Dogs* .

Chrysalis first makes an appearance in the penultimate episode of the second season entitled *"A Canterlot Wedding* ", disguised as Princess Cadance. Some time before the events of the episode, Queen Chrysalis somehow got through Shining Armor's shield spell and attacked Princess Cadance, then hid her in the caves below Canterlot and took her form.

When the Main 6 arrive from Ponyville to help with the wedding plans, Twilight encounters "Cadance" after reminiscing about what a great foal-sitter she was. However, to her surprise, Twilight finds that Cadance has no idea who she is and that she is now cold, uninviting, selfish, and cares little for the wedding plans. That night, Twilight expresses her frustrations with Cadance to her friends, who instead chalk up Cadance's bad behavior to stress of the wedding and Twilight's dislike of her as being possessive of her brother. Twilight visits Shining Armor in an attempt to talk to him about Cadance, only for her to show up and take him out of the room for a conversation. Whilst spying on the two, Twilight witnesses Cadance performing a spell on Shining Armor, and deems her as being evil on top of unpleasant, running back to the castle to warn her friends about her, only to realize that she had gotten her friends to replace her missing bridesmaids. The next day, Twilight confronts Cadance in front of her friends, Shining Armor and Princess Celestia, only to be humiliated and disgraced when she runs off crying and Shining Armor justifies all her seemingly mean spirited actions while not inviting her to the wedding. On top of this, her friends are shun her for her misguided actions. As Twilight, now alone, regrets her actions, Cadance returns and comforts her, only to then imprison her below the castle.

Chrysalis, still in Cadance's form, taunts Twilight and tells her that she's only using Shining Armor for her own ends. Chrysalis then attempts to manipulate Twilight into attacking the real Cadance, also trapped under the castle, although this fails when Cadance proves she remembers who Twilight is. As Twilight and the real Cadance attempt to escape, Chrysalis proceeds with her plans of marrying Shining Armor, whilst singing "This Day Aria". However, just as Chrysalis is about to be married, Twilight and Cadance arrive and reveal that she is a fake, causing Chrysalis to reveal her true form.

Chrysalis boasts and explains that, as Queen of the Changelings, she is tasked with finding food for her subjects, and that Equestria has more love to feed off of than anywhere they had encountered before. When Cadance argues that Shining Armor's protection spell will keep the Changelings out, Chrysalis reveals that she has been feeding off of Shining Armor's love, making him and the protection spell gradually weaker. Celestia begins dueling with Chrysalis, although the latter manages to overpower her, having grown stronger due to feeding off of Shining Armor. As the Mane 6 run off to get the Elements of Harmony, Chrysalis laughs and tells them they can run, but they can't hide.

Chrysalis continues to oversee Celestia (now trapped in a cocoon), the detained Cadance, Spike and the brainwashed Shining Armor, as the Mane 6 are brought back in by her minions. She then politely scolds them for not believing Twilight in the first place causing them to feel awful. After telling her remaining subjects to go and feed, Chrysalis reprises "This Day Aria" whilst looking over the destruction of Canterlot, not realizing that Twilight had freed Cadance, who subsequently helps Shining Armor break free of Chrysalis' brainwashing. He glares at her after he's freed, heavily implying he found out Twilight was right about her sometime between when he stormed out and when he was freed. Although both Shining Armor and Cadance are free, Chrysalis over confidently shrugs this off, believing that Shining Armor is too weak to repel them using his protection spell. However, Cadance and Shining Armor use their love to empower the protection spell, sending a shocked Chrysalis and her Changelings flying off to parts unknown. During the aftermath, everyone apologizes to Twilight for not believing her and getting mad at her.

Season 5 The Cutie Re-Mark

In " *The Cutie Re-Mark* ", in the second altered timeline created by

Starlight Glimmer, Chrysalis and her Changelings have taken over most of Equestria without the Mane 6 to stop them, and Zecora is leading jungle ponies (Fluttershy and Pinkie Pie among them) in a war against her. Chrysalis, disguised as Applejack, arrives at the jungle ponies' hideout while Zecora is explaining things to Twilight. Zecora is not fooled by Chrysalis' disguise, and Chrysalis unleashes the Changeling army on her resistance while she and Zecora duel. Although Chrysalis presumably wins the battle, the timeline is eventually restored, and she therefore never comes into power.

## Season 6 The Times They Are A Changeling

In " *The Times They Are A Changeling* ", Chrysalis briefly appears in Thorax's flashback to the Changeling kingdom. It was later implied that Chrysalis and the changelings all survived their fall from both Thorax having taken part in the invasion and his plans to reform the Changelings in their kingdom.

## To Where and Back Again

Chrysalis returns in the Season 6 finale " *To Where and Back Again* ". She with her Changelings capture the Mane 6, Spike, Celestia, Luna, Cadance, Shining Armor, and Flurry Heart and take over Equestria. She is seen communicating with the Changelings impersonating the Mane 6 and Spike, and Starlight Glimmer, Trixie, Thorax, and Discord travel to the Changeling kingdom to stop her.

Starlight and her team go through the Changeling hive to destroy Chrysalis's throne, which blocks all magic but Changeling magic. Discord and Trixie are captured and imprisoned in a chrysalis in Chrysalis's throne room, along with every other pony that was captured. Chrysalis arrogantly boasts about her assured victory to Starlight, only to realize that "Starlight" is actually Thorax, while the real Starlight is attempting to destroy the throne with a rock. Starlight attempts to convince Chrysalis that giving love to others is better for her subjects, however, Chrysalis denies this, stating that she knows what is best for her people. Chrysalis starts to drain Thorax of his love as punishment for betraying her, however, on Starlight's suggestion, Thorax willingly gives all his love to her, blasting her into the throne and obtaining a new transformation. All the other Changelings, realizing that there is a better option to stealing love, do the same, destroying Chrysalis' throne and releasing those imprisoned, also transforming. Chrysalis survives, and, outnumbered by the Mane 6, Spike, Starlight, the princesses, Discord, and those with them, including the entire changeling army, she is unable to do anything. Starlight offers her the chance of redemption, but Chrysalis rejects her offer, swears revenge on Starlight, and flies away.

Season 7 Celestial Advice

In " *Celestial Advice* ", Chrysalis is mentioned a few times.

To Change a Changeling

Chrysalis is mentioned again in the episode " *To Change a Changeling* ".

Shadow Play

In " *Shadow Play* ", Pinkie Pie mentions Chrysalis while recounting the threats Equestria has faced over the last thousand years to Starswirl the Bearded.

Season 8 The Mean 6

In " *The Mean 6* ", Chrysalis, disguised as a photographer for the Canterlot Historical Society, arrives at Twilight's castle to take the photos of the Mane 6, plucking a single hair out of each of them in order to supposedly make them look good for the photos. She then lazily takes pictures of each of them, and, as she prepares to leave, Pinkie Pie reminds her to take a photo of Starlight, which she reluctantly does. Upon leaving the castle, Chrysalis remarks that she now has everything she needs before transforming back to her original form.

Soon afterwards, in the Everfree Forest, Chrysalis pins the hairs and photos to six different trees (while talking to them as if they were people) and reveals her intentions to use the photos, the strands of hair and carvings of the Mane 6's Cutie Mark symbols in a spell that will create evil counterparts to the Mane 6, plotting to use the clones to take control of the Elements of Harmony, eliminate Twilight and her friends and destroy Starlight's relationships as revenge for turning the Changelings against her. Chrysalis then revels in the idea of recreating her hive with unicorns, pegasi and earth ponies and then taking over Equestria, before using her spell to create the Mean Six.

Chrysalis and her new minions begin prowling the forest in search of the Tree of Harmony, which contains the Elements, however, Chrysalis begins to realize that the Mane 6's evil forms are completely unfocused on their goals and do not listen to her orders. The group is accidentally separated during the search, and Chrysalis orders her remaining minions to find the ones that have been lost, resulting in them encountering the Mane 6 (who, coincidentally, had been separated as well). Chrysalis approaches the Twilight clone as she is searching for the others, and, frustrated with her, asks why she shouldn't destroy and replace her, causing the clone to reveal that she knows the location of the Tree of Harmony.

Once Chrysalis and the others are reassembled, they head to the Tree, spitefully destroying the Mane 6's campground as well. Upon approaching the Tree, Chrysalis overhears the Twilight clone goading the others to take the Elements for themselves and betray Chrysalis, leading to her and Twilight fighting each other in a magical duel. As Chrysalis begins to lose, the Tree senses the evil magic inside the clones, and captures all of them, withering away their bodies and reducing them to nothing but wood. Chrysalis admits defeat over her clones' betrayal, but is now aware about the additional power of the tree and still swears to get revenge on Starlight and the Mane 6 before she departing. Chrysalis is last seen escaping into the distance while Twilight tells her friends that they can overcome any obstacle together.

What Lies Beneath

In " *What Lies Beneath* ", Ocellus takes on the form of Chrysalis out of fear that she will become just like her.

Season 9 The Beginning of the End

Queen Chrysalis appears in the Season 9 premiere " *The Beginning* *of the End* ". She is still craving revenge on Twilight Sparkle and her friends for stealing her kingdom from her to carvings of changelings until she is mysteriously transported to a strange cavern in an unknown part of Equestria. After Lord Tirek and Cozy Glow mysteriously appear, she immediately accuses them of summoning her, though Cozy Glow assures her that they thought she freed them. As this happens, King Sombra also suddenly appears, causing the three to accuse him of summoning them, only for Discord (disguised as the ancient tyrant Grogar) to reveal himself to be the one who was responsible for summoning them. Tirek, Chrysalis and Sombra are shocked to see him, as they believed he was only a legend, though "Grogar" assures them that he is real and states that he summoned them as part of his plan to rid Equestria of Twilight Sparkle and her friends.

Seeing that Cozy Glow doesn't recognize him, "Grogar" decides to demonstrate his power by giving Tirek a sample of magic that revives much of his strength. Tirek then tells Cozy Glow that "Grogar" is ancient and extremely powerful, as well as the ruler of what would become Equestria, claiming that he had heard stories of his tyranny when he was younger. "Grogar" then tells the villains of how he created monsters that roamed the land and took whatever they wanted under his rule, before Chrysalis remarks how he was banished by Gusty the Great, although "Grogar" claims that he was only temporarily weakened when she took his bell; however, Cozy Glow points out that, since he has been weakened before even Tirek was born, he has a different idea of what "temporarily" means, much to his annoyance. In reality, Gusty the Great really did banish the real Grogar into limbo, from where there is no return.

"Grogar" proceeds to tell the group that he has watched them and their failures to take over Equestria, and asks them why they have always been defeated by the same six ponies each time, Chrysalis claiming that it is because they "cheat". "Grogar" rebuffs their answers and claims it is because they work together as a team, demanding that the villains join forces with him to take over Equestria. Sombra, however, refuses to serve "Grogar" and arrogantly proclaims that he will take over the Crystal Empire by himself, causing "Grogar" to send him off to the Empire on the conditions that, if he fails, he will serve him or be destroyed again.

After this, "Grogar" tells the others to prepare to work together and leaves. Cozy Glow immediately compares working together to making friends, telling Tirek and Chrysalis that they are in luck since she knows "all about that", though the former only flicks her away in annoyance.

Cozy Glow tries to get Tirek and Chrysalis to work together by having them each say nice things to each other, though this falls apart when Chrysalis refuses to say anything nice about ponies. "Grogar" then approaches them and states that he hopes the three of them will be enough to help his plans along, causing Tirek and Chrysalis to ask about Sombra. "Grogar" shows them that Sombra had failed in his plans to conquer Equestria and had again been defeated by the Mane Six, remarking that he will at least serve as an example to them as what will happen if they don't submit to his plans. Having seen this, Tirek, Chrysalis and Cozy Glow unanimously agree to serve "Grogar", though are seemingly left nervous by the thought.

## Sparkle's Seven

Chrysalis is mentioned in the episode " *Sparkle's Seven* ", when Shining Armor and Starswirl the Bearded use leftover debris from Chrysalis' old throne to increase security in Canterlot.

## Frenemies

In " *Frenemies* ", as "Grogar" (Discord) is working, Cozy Glow and Tirek annoy him before Chrysalis approaches "Grogar" and impatiently asks when they are going to attack. "Grogar" informs the villains that he is leaving and demands that they all stop fighting and find a way to work together so that they can accomplish their goals. Once "Grogar" leaves, Chrysalis, not listening to his orders, continues to planning revenge (against Starlight Glimmer for turning her kingdom against her). While she was talking to the purple log that used to be Mean Twilight, she is approached by Cozy Glow, who states that she is organizing a team meeting, which she agrees to go so long as she has cupcakes. At the meeting, Cozy Glow encourages the fact that they all need to trust one another, which Chrysalis finds hard to do as Tirek is trying to steal her magic. Tirek firmly denies doing such a thing (returning the magic he actually had stole to a cupcake that Chrysalis devours), and calls her out for constantly ranting to her log, before joining Chrysalis in telling Cozy Glow that she wasn't left in charge. Cozy Glow then tries to get them all to agree with one another over their common goals, leading them all into singing "Better Way to be Bad" with one another, only for them all to return to bickering. Chrysalis like Tirek, also verbally abuses Cozy because of her inexperience and bratty nature.

"Grogar" returns to see this, and, upset to see they have not yet resolved their differences, decides to send them off on a mission to retrieve his Bewitching Bell from Mt. Everhoof so that they can learn to work together. Chrysalis and the others fight over who should lead the mission based on their previous feats, only for "Grogar" to angrily overpower and remind them that they all failed before and cannot work alone. Upon arriving at the foot of the mountain, all of the villains immediately split off and begin to find their own ways of getting up; Chrysalis heads through the forest, scaring creatures off and using her powers to turn into creatures to get to the mountain but the winds prevent her from reaching it's top. Later, after Tirek stays behind and makes camp, he explains to Cozy Glow that he had already deduced that getting up the mountain by himself would be impossible, and so had planned to wait for her and Chrysalis to fail so that he could take what they learned and use it to his advantage. Tirek and Cozy Glow bicker until they are attacked by an Ophiotaurus. Suddenly, a female Ophiotaurus arrives and seduces the other one, Tirek quickly realizes that the former is actually Chrysalis in disguise, who admits that she needs their help, causing Tirek to gloat about his own strategy. She then proceeds to cocoon the Ophiotaurus to save some of its love for the next day.

That night, Chrysalis and the others proceed to bond with each other over their previous endeavors; her remarking about how she cocooned Twilight and the others until Starlight Glimmer freed them and turned her kingdom against her. She even remarks that Discord was something until friendship redeemed him hinting that she respected him at one point. She also remarks about disguising herself as Princess Cadance and it would have been worthwhile if it meant seeing Twilight and her friends defeated, also admitting that working with Tirek and Cozy Glow may not be such a bad thing. The next day, the three villains proceed to combine their abilities in order to scale the mountain, only to find that the cave at the top is protected by a powerful magical barrier, which Tirek cannot absorb since he can only absorb magic from living beings. With some convincing, Chrysalis allows Tirek to take her magic to become powerful enough to create an opening in the barrier, allowing Cozy Glow to enter the cave and retrieve the bell. Tirek then returns Chrysalis' magic to her as promised, stating that he wasn't sure he would do so and that it seemed smarter to work with her than fight. The villains begin to reflect with one another over how it felt to rely on others for a change, before Chrysalis snaps them out of it, not wanting friendship to infect her like it did her hive like a "disease". Realizing that they almost reformed, the three vow to remain focused.

The three then concur that "Grogar" has grown too powerful and decide to betray him together, and Chrysalis tells that they can continue acting like his loyal servants and hatch their own plan before trying to destroy one another afterwards. She and the others later return to "Grogar's" lair and fool him into thinking that they failed while yet still becoming allies, though in reality have kept the bell for themselves and Chrysalis remarking that "Grogar" was right as they were more powerful when they work together.

## The Summer Sun Setback

In *The Summer Sun Setback*, Cozy Glow sees "Grogar" leaving and asks where he is going. He reveals that since his minions "failed" to recover the Bewitching Bell for him, they will need another source of power to defeat Twilight and her friends. After "Grogar" leaves, Cozy Glow informs Chrysalis and Tirek that he is gone. The villains voice that they don't trust "Grogar" and try to figure out how to use his bell like ringing it but nothing happens. Cozy Glow then points out that Twilight mentioned that the Archives in Canterlot has a restricted area and the villains set off on their "road trip".

The three villains hide in Canterlot and only Chrysalis and Tirek notice so many ponies out in the night. Cozy Glow reveals that it's the Summer Sun Celebration with Chrysalis asking how many holidays these ponies have. She believes that it will be easy to get in until Tirek points out that Canterlot has increased security. After Chrysalis fails to enter through the main doors, she returns to her allies and informs that it will be more challenging. The villains then overhear Twilight's friends and Discord talking about their responsibilities for the holiday. Tirek believes it to be impossible since the security is increased with Twilight's friends "bumbling about". However, Chrysalis sees it as an advantage to use as a distraction since they heard everything and gives instructions to Tirek and Cozy Glow.

While Tirek and Cozy Glow secretly sabotage the Earth Ponies and Pegasi, Chrysalis takes on her photographer form named "Crackle Cosette" and sabotages the unicorns by convincing them not to waste their talents on something inconsequential and that they are destined for more than just performances. This causes all the unicorns, including Fire Flare, to cancel the fireworks performance, as it is "beneath" them.

The villains watch all the panic and chaos unfold before deciding to incapacitate the security. Cozy Glow distracts a guard while Tirek steals his magic and Chrysalis uses his star badge to the main doors for them to enter. They search for the archives which also wakes up a security goose which follows them. However, Chrysalis disguises herself as another security goose to get it to leave and the villains finally find and break into the Archives. They search through the Archives until Cozy Glow finds a book about how to use the Bewitching Bell and uses a another book to break it out of it's chains.

This gives the villains time to leave Canterlot back to "Grogar's" lair while Twilight and her friends are able to fix the holiday. "Grogar" also returns tells his cohorts that he has found success where they all find "failure". He reveals that he located what he wanted and will retrieve it the next day before they begin his plan to take over Equestria. Tirek is still sulking that he had to give the magic of the Earth ponies back to them, in which Chrysalis and Cozy Glow tell him to stop doing and remind him that "Grogar" would become suspicious if he found out about their "road trip" in which Tirek claims that he doesn't have to like it. Cozy Glow reveals that she didn't like it when the Mane Six managed to fix the holiday, until Chrysalis reveals that the goal was not to destroy but to distract in order to get the book. Tirek reminds them that they can't waste any more time because they must master the bell before "Grogar" returns. Chrysalis reveals that they managed to stay ahead of everyone so far until Cozy Glow remarks how easy it was to turn the Earth ponies, unicorns and Pegasi against each other, in which Chrysalis decides would be something to think about.

## The Ending of the End

In the first part of "Ending of the End," the villains successfully betray "Grogar", using the bell to gain new forms and drain "Grogar" of his power. In doing so, they discover that "Grogar" was actually Discord in disguise. After being left exposed and powerless, Discord was forced to flee from the lair.

Chrysalis went after Starlight first, and after a fight, she defeated and captured her at the cost of not taking over her school. She and Tirek then came to Cozy Glow's rescue when the Mane 6 were about to defeat her. The three, after taunting her over her failure, shoot a combined magic blast at Twilight, which the other Mane 5, Celestia, Luna, Spike, and Discord held back so she could escape. Once the others were imprisoned in the caves beneath Canterlot, Chrysalis objected to Cozy Glow's plan to kill them despite her concerns, wanting instead to torture them. Discord, vowing to atone for his role, freed Starlight by mocking Tirek to the point where he almost attacked him, who released the other Mane 5, Celestia, and Luna, and while Chrysalis, Tirek, and Cozy Glow fought the princesses, Starlight, and Discord, the other Mane 5 ran to find Twilight. The villains, with some trouble defeated and reimprisoned most of their opponents.

When the disharmony they caused between ponies caused the Windigos to return, Chrysalis intended to let them stay as it would give her an advantage over the ponies, though Cozy Glow couldn't stand the cold and Tirek insisted they destroy the Windigos as even he thought they were too out of control. Then the Mane 6 arrived, and when they tried to take Grogar's bell, Chrysalis went after Rarity and Spike, before capturing Spike and threatening to tear his wings off. The trio were about to finish off the Mane 6 with a magic beam when many unicorns blocked with a magic barrier.

After a fight, the Mane 6, Spike, Young Six, and Pillars of Equestria unleashed a rainbow which destroyed the Windigos and removed the power Chrysalis, Tirek, and Cozy Glow had obtained from the bell. Pinkie Pie dropped a giant cupcake on them using Discord's magic before he took it back from the bell, and then Celestia, Luna, and Discord turned Chrysalis, Tirek, and Cozy Glow to stone forever, set on a pedestal together. Thus, Chrysalis was finally defeated for good.

## The Last Problem

It is uncomfirmed of what happen to Chrysalis in the future, as she (along with Tirek & Cozy Glow) are only briefly mentioned in the final episode along with a cameo in a newspaper. It's unclear if the stoning is permanent. It has been stated by Jim Miller that sometime after being turned to stone, their statues were likely moved into the Canterlot gardens like Discord's statue. He also confirmed that being turned to stone left them in suspended animation instead of letting them see\hear everything going on around them like Discord, and as he said it in present tense it is possible they are still trapped in stone by the epilogue, though that has not actually been confirmed yet. Either way, they likely will never be able to hurt any creature again.

## *Return of Queen Chrysalis Arc*

In the first arc of the comics, Chrysalis and the Changelings are shown to have survived their fall, landing in an area called Wuvey-Dover Smoochy Land. Deciding to take advantage of this, Chrysalis and the other Changelings drained the town's open-hearted citizens of their love transformed the land into a Changeling Kingdom. As one of her lieutenants states that it could be a while before they can attack Celestia again, Chrysalis reveals that she no longer cares about Celestia and instead wants revenge on Twilight Sparkle for ruining her plan, explaining that she will bring Twilight and her friends to their kingdom at the time of the Secretariat Comet, and, when their emotions are peaked, she will drain Twilight of her magic.

In Issue #1, the Changelings imprisoned the ponies of Ponyville in cocoons and replaced them with changelings, but the Mane 6 defeated the changelings and rescued all the ponies except the Cutie Mark Crusaders. Chrysalis, giving the Mane 6 an communication orb through Spike, reveals that she has the Crusaders trapped in her lair and that they will have three days to rescue them. Chrysalis then ends the transmission upon being interrupted by Scootaloo.

In Issue #2, Chrysalis, watching over the Mane 6, is disappointed by a troll they encounter, remarking that they are "the most idiotic creatures", only for the Crusaders to start annoying her again, afterwards stating that trolls are the "second most idiotic creatures". Chrysalis then sends six Changelings to cause a cave-in when the ponies were traveling under the Appleloosan Mountains, separating them into pairs, then the changelings impersonated the other ponies and each insulted one of the other pairs within earshot, turning them against each other. Chrysalis found this amusing, but the Cutie Mark Crusaders continued to annoy her.

In Issue #3, Chrysalis recounts what happened to her after her defeat in Canterlot, to the Crusaders. Scootaloo questions what happened to the citizens of Wuvey-Dovey Smoochy Land, and Chrysalis tells her, that if they don't shut up, she'll show them. Chrysalis uses the orb to watch over Twilight, and orders several other Changelings to report on the actions of the other ponies. Chrysalis' guards inform her of the status of the others, and the Crusaders begin laughing at how the Mane 6 will eventually reunite and Chrysalis' plan will be foiled. Now enraged, Chrysalis reveals that it wasn't part of her plan to turn the Mane 6 against one another, but an added bonus, explaining that her true intentions are to destroy Twilight after draining her magic, causing her friends' emotions to spike and making them a big meal for the Changelings, and, afterwards, they will go back to Canterlot and take over. Taunting the Crusaders for their innocence, Chrysalis takes one of the citizens of Wuvey-Dovey Smoochy Land and (off screen) violently murders it in front of them. After the Mane 6 get back together, Chrysalis, still bothered by the Crusaders, moans that it will soon be over.

In Issue #4, Chrysalis decided she was done with the Cutie Mark Crusaders and wanted to be rid of them; it is unknown whether it was to banish them, kill them, or use them as food. After the Mane 6 enter the Changeling's castle, Chrysalis tells them to find her behind one of many doors, from which Mola Ram, Pennywise, the twins from The Shining, and the Phantom of the Opera appeared in pony form. Twilight discovers the correct door and Chrysalis asks her and the others the riddle "How is a Pegasus like a writing desk?" While the others are confused, Pinkie Pie answers the riddle by literally not answering it, and Chrysalis opens the door. In her throne room, the Mane 6 confront Chrysalis as she is arguing with the Crusaders, and a battle ensues, with Chrysalis attacking Twilight.

As they battle, Chrysalis tries to monologue about how love is worthless, and, being interrupted constantly, traps the rest of the Mane 6 inside cocoons. Angry and empowered by the Secretariat Comet, Twilight unleashes a powerful magic beam on Chrysalis, destroying everything around her. Deciding to alter her plans, Chrysalis offers to make Twilight her apprentice instead of draining her magic, threatening to harm her friends if she doesn't comply. Twilight reluctantly agrees to Chrysalis' terms and she releases Twilight's friends, only to reimprison them immediately afterwards, revealing that she will still drain Twilight of her love to make her more subservient, and then she will drain her own friends. Twilight and Chrysalis battle again, and, with the encouragement of her friends and the magic of the Secretariat Comet, Twilight singlehandedly overpowers Chrysalis and the Changelings. Chrysalis and her Changelings are then imprisoned in the castle, with Pinkie Pie's costume standing in the doorway, endlessly annoying them with riddles and songs that never end.

*FIENDship is Magic Mini-Series*

In Issue 5 of *Fiendship is Magic*, which is in continuity with *The Return of Queen Chrysalis*, the Mane 6 visit the imprisoned Chrysalis in her castle, which is under guard by royal guards, to make sure that her imprisonment is going according to plan, as she is to receive a thousand-year punishment for her crimes (which includes being banned from cake). By now she is in an extremely weakened state, as she and her minions barely eat any of their food. It is mentioned that a thousand years ago she destroyed the city of Timbucktu. As more of her exploits are told and shown, she offers her origin in exchange for the newest Daring Do novel, which Rainbow Dash possesses. When Twilight is about to exchange it, she becomes trapped in the prison by the Changelings as it is revealed that the weakened Chrysalis was a Changeling and the true Chrysalis was hiding and she ambushes Twilight and she explains her origin. She came from a swamp where a rotten acorn was dropped into an eerie lake which grew into a tree that fed on insects and Starswirl the Bearded appeared and upon seeing the lake, he put a sign on the tree to keep ponies from entering the lake, but the nail releases the bugs, which have evolved into equine beings along with Chrysalis. She and her subjects then proceed to attack Twilight and before the ponies can stop them, the Changeling overpower them and escape the jail, leaving the defeated ponies and Spike wounded.

### *Siege of the Crystal Empire Arc*

In *Siege of the Crystal Empire*, Issue 34 of the comics, Chrysalis is recruited by Radiant Hope along with the Flim Flam Brothers, Lightning Dust, and Iron Will to attack the Crystal Empire as a diversion to keep every pony out of the castle so Radiant Hope could revive King Sombra. Chrysalis duels Twilight, but is defeated when Rarity blasts Iron Will and his goat into her with a cannon, and is captured with her fellow conspirators.

In Issue 35, once Sombra is revived, he releases Chrysalis and helps her defeat Twilight. Celestia and Luna arrive and fight Sombra and Chrysalis, respectively; when Luna gains the upper hand on Chrysalis, Sombra turns both princesses to stone.

In Issue 36, when Chrysalis finds out Sombra plans to release the Umbrum, she is against it, having witnessed the Umbrum attacking the Crystal Empire and causing despair, which changelings cannot feed off of, but when Sombra threatens to turn her to stone, she says she'll help him. This was merely to buy her enough time to escape, knowing she and her changelings could be killed by the Umbrum. She taunts the powerless Twilight and throws her out of her cage so she can be attacked by the Umbrum, and then flies with her changelings across the sea to parts unknown, leaving Lightning Dust, Iron Will, and the Flim Flam Brothers behind.

### *My Little Pony: Guardians of Harmony Annual 2017*

In *The Shadow Bolts*, Chrysalis is mentioned to be attacking the Crystal Empire, she sent two of her changelings to distract Rainbow Dash from reaching the Canterlot.

In *Big Spike*, Chrysalis and her changelings are said to be seen heading for the Mane Six and Spike. After Shining Armor arrives with a potion he'd found in castle of the Crystal Empire. Spike is the only one who knows that the potion is for him but Twilight uses a bit of the potion and armors herself, her friends and Shining Armor and still doesn't listen to Spike. When Chrysalis and her changelings arrive, The Mane Six and Shining Armor battle them but are outnumbered and overpowered by the changelings quickly. When Twilight finally grants Spike's wish to have the potion used on him, he grows into a giant armored dragon and he drives Chrysalis and her changelings away with his dragon breath.

Cozy Glow

**Cozy Glow** is one of the main antagonists in *My Little Pony: Friendship is Magic* . She appears as the main antagonist of Season 8, first appearing as the supporting character in the episode "Marks for Effort", then later "Friendship University" and "What Lies Beneath", and then finally reveals her true nature as the main antagonist in the finale, "School Raze". She's also one of the three main antagonists of Season 9 (alongside Queen Chrysalis and Tirek). She is also the former friend and now one of Twilight Sparkle's archenemies.

Cozy Glow was once a friend of the Cutie Mark Crusaders and the Young Six, and the former top student of Twilight Sparkle's School of Friendship as well as her Friendship Assistant. But then she revealed to also be Lord Tirek's protégé, who plotted to get rid of Twilight and her friends so that she can take her school and use it to rule Equestria. After she was stopped and exposed, she was then expelled from the school and imprisoned in Tartarus alongside her mentor, that becoming Twilight's new archenemy. Then they were released by "Grogar", (who was actually Discord in disguise) to join the Legion of Doom, but were ultimately defeated and petrified by the end of the series.

She was voiced by Sunni Westbrook.

## Past

Not much of Cozy Glow's past is known. What is known is that she was a young, but evil pegasus orphan who uses her wits and charm to get whatever she wanted. At some point, she enrolled at Princess Twilight's School of Friendship with sinister motives.

## Marks for Effort

Cozy Glow first appeared in " *Marks for Effort* " where she was crying outside the Cutie Mark Crusaders' clubhouse. The Crusaders approached her and asked what's wrong. Cozy answers that she is having difficulty with her lessons at the School of Friendship and fears flunking out. The Crusaders, wanting to attend the School of Friendship too, decide to help Cozy with doing her homework and assignments.

The Crusaders teach Cozy how to be friendly while doing nice deeds for Sweetie Drops, Mrs. Cake, and Big Macintosh. After Cozy gets an "A" on her assignment, the Crusaders assist her further by helping her study for an upcoming friendship exam, during which she learns about the values of friendship represented by the Elements of Harmony. However, Cozy fails the test and runs away, which causes Twilight to accuse them of intentionally tutoring badly out of spite for not being allowed into the School of Friendship themselves.

After Cozy saw what she did to the Crusaders, she decides to go to the school's guidance counselor and confesses that she failed the exam on purpose so that the Crusaders would be allowed to enroll at the School of Friendship. When the truth was revealed, Cozy finally apologized to the Crusaders for what she did to them. Finally, the Crusaders were accepted at the School of Friendship; not as students, but as tutors. Cozy is last seen leaving with her new friends as they set out to tutor more students.

## A Matter of Principles

Cozy Glow makes a background appearances in " *A Matter of Principals* ".

## The Hearth's Warming Club

She makes another background appearance in " *The Hearth's Warming Club* " just as Twilight dismisses the students for the holiday break.

## Friendship University

She appears again in " *Friendship University* ", giving Twilight the flyers that inform her about Friendship U, and later appears after Rarity questions how Flim and Flam could have gotten a hold of the School of Friendship's lesson plans.

## Road to Friendship

Cozy Glow also appears waiting in line for Starlight's counseling in " *Road to Friendship* ".

## A Rockhoof and a Hard Place

She makes a background appearance in " *A Rockhoof and a Hard Place* ".

## What Lies Beneath

In " *What Lies Beneath* ", Cozy stays behind to help Twilight organize the library when she notices the Young Six having a difficult time studying for a friendship test. She manipulates them into doubting their confidence in their friendship by saying terrible things about each of their races and claiming that friendship "isn't in their nature." She then leaves to fetch her study notes to help them. At the end of the episode, the Young Six meet Cozy upon completing their journey underneath the school, where she learns about the Tree of Harmony's test on their friendship skills, which worries her. When they consider telling Twilight, she begs them not to out of fear of getting in trouble for making them doubt themselves, which they agree to. As the Young Six drift off to sleep in exhaustion, Cozy ominously looks at the vent where the Tree of Harmony is hidden.

## School Raze

By the season finale episode " *School Raze* ", Cozy Glow had become Twilight's top student and official "friendship assistant", helping her out with several tasks such as reorganizing the school's artifacts. But then all the magic in Equestria begins to disappear, and within 3 days, all of it will be gone forever. By Cozy's theory, Twilight assumes that the magic-stealing centaur, Lord Tirek is responsible, and decides to go with her friends to Tartarus to investigate. Cozy Glow believed that Twilight will leave her in charge in her own absence, but instead gives control to Starlight Glimmer, to which she agrees to.

However, the next day, Cozy informs the rest of the school that Starlight had left to join Twilight in her quest and has left her in control. When the Young Six question this, Cozy punishes them with extra homework. That night, they witness Cozy exiting the vent that leads to the Tree of Harmony's roots and they decide to follow her. When they reach the main office, they discover Chancellor Neighsay sitting in Twilight's chair as he assumes control over the school. He imprisons the Young Six save for Sandbar, who goes to the Cutie Mark Crusaders to help stop Neighsay. He suggests that they convince Cozy Glow to also help, but when they follow her down the same vent as before, they discover the horrible truth: She was the one responsible for Equestria's disappearing magic by stealing the school's artifacts and using them as a magnet to gather it all and send it away into another realm, thanks to advice from letters she's received from her pen pal, who was none other than Tirek, and even trapped Starlight in the vortex. She then explains that it was all part of her insane plan to get rid of Twilight and her friends so that she can take control of the School of Friendship and establish herself as the "Empress of Friendship".

Cozy attempts to convince Chancellor Neighsay to leave the school, but he refuses, so she orchestrates a student uprising to take back her position as a school headmare. Locking him in chains in the office, she then brags to the disgraced Chancellor how becoming head of the Twilight's school will allow her to become the most powerful pony in all of Equestria. As she leaves the office, the Cutie Mark Crusaders try to distract Cozy while the Young Six free Neighsay and Equestria's magic, but then locks them in a hall closet, as she was already aware of their deception. She then leads her student army to the room with the magic vortex, where they find the Young Six, and lies to the students that they are attempting to destroy the school. In the scuffle that followed, Gallus gets trapped in the vortex and the others try to save him, only to be trapped as well. Then the portal opens and Starlight and the Young Six are dragged in with Equestria's magic. Seeing their willingness to save one-another, the students question if they should save them, but Cozy insists that they be left to their fates. But as they leave, the Tree of Harmony, which had been empowered by the Young Six's friendship, saves them all and frees the Young Six so that they can stop Cozy's vortex, much to her shock. Sandbar instructs the others to get clear of the resulting blast and they listen, despite Cozy's demands for them to stop.

When all the magic has been returned to Equestria, Cozy Glow, having been slightly singed by the blast, curses the Young Six for foiling her plans. At that moment, Twilight and the others appear and show their anger at the student who betrayed them all. Cozy tries to save face, but the Mane Six and Spike reveal that Tirek had told them everything and Twilight admonishes her for believing that power was all that friendship was about. Cozy shows no remorse for her actions and tries to escape, but she is caught between the other students, the princesses, and Chancellor Neighsay, and the royal guards, forcing her to surrender. For her crimes and is figured to be too dangerous to wander around other places, not only was she expelled from Twilight's school, but she was also sentenced to imprisonment within Tartarus. There, she tries to make friends with Tirek as she smiled evilly.

## The Beginning of the End

In " *The Beginning of the End* ", while still imprisoned with him, Cozy Glow annoys Tirek by continuing to try and befriend him, before the both of them are suddenly transported out of Tartarus. Emerging within a mysterious cavern, Tirek and Cozy Glow are met by Queen Chrysalis, who immediately accuses them of summoning her, though Cozy Glow assures her that they thought she freed them. As this happens, King Sombra suddenly appears, causing the three to accuse him of summoning them, only for Discord (disguised as the ancient tyrant Grogar) to reveal himself to be the one who was responsible for summoning them. Tirek, Chrysalis, and Sombra are shocked to see him, as they believed he was only a legend, though "Grogar" assures them that he is real and states that he summoned them as part of his plan to rid Equestria of Twilight Sparkle and her friends.

Seeing that Cozy Glow does not know who he is, "Grogar" decides to demonstrate his power by giving Tirek a sample of magic that revives much of his strength. Tirek then tells Cozy Glow that "Grogar" is ancient and extremely powerful, as well as the former ruler of what would become Equestria, claiming that he had heard stories of his tyranny when he was younger. "Grogar" then tells the villains of how he created monsters that roamed the land and took whatever they wanted under his rule, before Chrysalis remarks how he was banished by Gusty the Great, although "Grogar" claims that he was only temporarily weakened when she took his bell; however, Cozy Glow points out that, since he has been weakened before even Tirek was born, he has a very different idea of what "temporarily" means, much to his annoyance. In reality, Gusty the Great really did banish the real Grogar into limbo, from where there is no return.

"Grogar" proceeds to tell the group that he has watched them and their failures to take over Equestria, and asks them why they have always been defeated by the same six ponies each time, with Cozy Glow stating that she's just a kid. "Grogar" rebuffs their answers and claims it is because their enemies work together as a team, demanding that the villains join forces with him to take over Equestria. Sombra, however, refuses to serve "Grogar" and arrogantly proclaims that he will take over the Crystal Empire by himself, causing "Grogar" to send him off to the Empire on the conditions that, if he fails, he will serve him or be destroyed again. After this, "Grogar" tells the others to prepare to work together and leaves. Cozy Glow immediately compares working together to making friends, telling Tirek and Chrysalis that they are in luck since she knows "all about that", though the former only flicks her away in annoyance.

Cozy Glow tries to get Tirek and Chrysalis to work together by having them each says nice things to each other, though this falls apart when Chrysalis refuses to say anything nice about ponies. "Grogar" then approaches them and states that he hopes the three of them will be enough to help his plans along, causing Tirek and Chrysalis to ask about Sombra. "Grogar" shows them that Sombra had failed in his plans to conquer Equestria and had again been defeated by the Mane Six, remarking that he will at least serve as an example to them as what will happen if they don't submit to his plans. Having seen this, Tirek, Chrysalis, and Cozy Glow unanimously agree to serve "Grogar", though they are seemingly left nervous by the thought.

### Uprooted

Cozy Glow does not appear in " *Uprooted* ", but she is indirectly mentioned by Yona when she recalls how she and her friends defeated Cozy Glow.

### She's All Yak

Cozy Glow also does not appear in " *She's All Yak* ", but she is directly mentioned by Sandbar when he lists her and Sombra as two ponies worse than Yona.

### Frenemies

In " *Frenemies* ", as "Grogar" is working, Cozy Glow approaches him and tattles on Tirek for leaving food out, Tirek quickly approaching "Grogar" and telling him not to trust anything she says afterwards; though "Grogar" is quick to point out that he already doesn't trust anything that they say. After being annoyed by Chrysalis, "Grogar" informs the villains that he is leaving and demands that they all stop fighting and find a way to work together so that they can accomplish their goals. Cozy Glow assumes herself in charge and plans a team meeting. She approaches Tirek about it, which he agrees to go so long as she leaves him be. Cozy then approaches Chrysalis, who also agrees to go as long as there are cupcakes. At the meeting, Cozy Glow encourages the fact that they all need to trust one another, which Chrysalis finds hard to do as Tirek is trying to steal her magic. Tirek firmly denies doing such a thing (returning the magic he actually had stole to a cupcake that Chrysalis devours) and calls her out for constantly ranting to her log, before joining

Chrysalis in telling Cozy Glow that she wasn't left in charge. Cozy Glow then tries to get them all to agree with one another over their common goals, leading them all into singing "Better Way to be Bad" with one another, only for them all to devolve into bickering.

"Grogar" returns to see this, and, upset to see they have not yet resolved their differences, decides to send them off on a mission to retrieve his Bewitching Bell from Mt. Everhoof so that they can learn to work together. Cozy Glow and the others fight over who should lead the mission based on their previous feats, only for "Grogar" to angrily overpower and remind them that they all failed before and cannot work alone. Upon arriving at the foot of the mountain, all of the villains immediately split off and begin to find their own ways of getting up; Cozy Glow trekking up the mountain path until she comes across the residence of Rusty Bucket. She tries to pretend that she's a lost little filly in order to get Rusty to take her to the peak of the mountain but he refuses. This causes her to lose her temper but Rusty tells her to stay quiet or she will cause an avalanche. She tries different ways of getting past but keeps failing. This causes her to become angry which causes a giant snowball to fall on her and take her back to the bottom. Cozy Glow returns and finds that Tirek made a camp for himself. He proceeds to laugh at Cozy Glow upon seeing her return and explains to her that he had already deduced that getting up the mountain by himself would be impossible, and so had planned to wait for her and Chrysalis to fail so that he could take what they learned and use it to his advantage. Cozy Glow and Tirek proceed to bicker - Tirek calling her out for her fake cutesy persona and constant manipulations, and Cozy Glow criticizing his arrogance, while also mocking him for talking to his "Gram Gram" in his sleep - until they are approached by an Ophiotaurus, which they both blame each other for attracting. Suddenly, a female Ophiotaurus arrives and seduces the other one, Tirek quickly realizing that the former is actually Chrysalis in disguise, who admits that she needs their help, causing Tirek to gloat about his own strategy.

That night, Cozy Glow and the others proceed to bond with each other over their previous endeavors; her remarking about how she almost caused all of Equestria's magic to disappear and it would have been worthwhile if it meant seeing Twilight and her friends defeated, also admitting that working with Chrysalis and Tirek may not be such a bad thing. The next day, the three villains proceed to combine their abilities in order to scale the mountain, only to find that the cave at the top is protected by a magical barrier, which Tirek cannot absorb since he can only take magic from living beings. With some convincing, Chrysalis allows Tirek to take her magic to become powerful enough to create an opening in the barrier, allowing Cozy Glow to enter the cave and retrieve the bell. Tirek then returns Chrysalis' magic, stating that he wasn't sure he would do so and that it seemed smarter to work with her than fight. The villains begin to reflect with one another over how it felt to rely on others for a change, before Chrysalis snaps them out of it, not wanting the friendship to infect her like it did her hive. Realizing that they almost reformed, the three vow to remain focused.

The three then concur that "Grogar" has grown too powerful and decides to betray him together, and Cozy Glow agreeing due to her love of backstabbing before wondering what they can do with the bell. She and the others later return to "Grogar's" lair and fool him into thinking that they failed while yet still becoming allies, though in reality have kept the bell for themselves.

## The Summer Sun Setback

In *The Summer Sun Setback*, Cozy Glow sees "Grogar" leaving and asks where he is going. He reveals that since his minions "failed" to recover the Bewitching Bell for him, they will need another source of power to defeat Twilight and her friends. After "Grogar" leaves, Cozy Glow informs Chrysalis and Tirek that he is gone. The villain's voice that they don't trust "Grogar" and try to figure out how to use his bell-like ringing it but nothing happens. Cozy Glow then points out that Twilight mentioned that the Archives in Canterlot has a restricted area and the villains set off on their "road trip".

The three villains hide in Canterlot and only Chrysalis and Tirek notice so many ponies out in the night. Cozy Glow reveals that it's the Summer Sun Celebration with Chrysalis asking how many holidays these ponies have. She believes that it will be easy to get in until Tirek points out that Canterlot has increased security. After Chrysalis fails to enter through the main doors, she returns to her allies and informs that it will be more challenging. The villains then overhear Twilight's friends and Discord talking about their responsibilities for the holiday. Tirek believes it to be impossible since the security is increased with Twilight's friends "bumbling about". However, Chrysalis sees it as an advantage to using as a distraction since they heard everything and gives instructions to Tirek and Cozy Glow.

While Chrysalis and Tirek secretly sabotage the unicorns and Earth ponies, Cozy Glow sabotages the Pegasi by tricking Feather Flatterfly into letting her handle the "small stuff" while he focuses on the "big picture" and he allows her to handle the weather changes delicately. But instead, she makes several intentional mistakes that cause the weather to spiral completely out of control and the pegasi to become overwhelmed trying to contain it.

The villains watch all the panic and chaos unfold before deciding to incapacitate the security. Cozy Glow distracts a guard while Tirek steals his magic and Chrysalis uses his star badge to the main doors for them to enter. They search for the archives which also wakes up a security goose that follows them. However, Chrysalis disguises herself as another security goose to get it to leave and the villains finally find and break into the Archives. They search through the Archives until Cozy Glow finds a book about how to use the Bewitching Bell and uses another book to break it out of its chains.

This gives the villains time to leave Canterlot back to "Grogar's" lair while Twilight and her friends are able to fix the holiday. "Grogar" also returns tells his cohorts that he has found success where they all find "failure". He reveals that he located what he wanted and will retrieve it the next day before they begin his plan to take over Equestria. Tirek is still sulking that he had to give the magic of the Earth ponies back to them, in which Chrysalis and Cozy Glow tell him to stop doing and remind him that "Grogar" would become suspicious if he found out about their "road trip" in which Tirek claims that he doesn't have to like it. Cozy Glow reveals that she didn't like it when the Mane Six managed to fix the holiday until Chrysalis reveals that the goal was not to destroy but to distract in order to get the book. Tirek reminds them that they can't waste any more time because they must master the bell before "Grogar" returns. Chrysalis reveals that they managed to stay ahead of everyone so far until Cozy Glow remarks how easy it was to turn the Earth ponies, unicorns and Pegasi against each other, in which Chrysalis decides would be something to think about.

## The Ending of the End

Cozy Glow turns pegasi against earth ponies and unicorns before she, Chrysalis, and Tirek use Grogar's bell to absorb his old magic, turning Cozy Glow into an alicorn. When "Grogar" returns, they drain his magic into the bell, discovering him to be Discord. When Chrysalis and Tirek debate whether to absorb Discord's magic, Cozy Glow volunteers to test this, to which Chrysalis and Tirek immediately agree. Cozy Glow is transformed into a giant demonic alicorn, but as she is unable to control Discord's magic she has Chrysalis and Tirek take it back into the bell, before they set out to conquer Equestria.

Cozy Glow goes after Celestia and Luna at Canterlot, and when they try to banish her in a similar style to King Sombra, she drains their magic into Grogar's bell. The Mane 6 gain the upper hand on Cozy Glow before Chrysalis and Tirek come to her rescue. They destroy half of Canterlot and try to kill Twilight together, but Rarity throws a chunk of rubble at them. They quickly recover and shoot a combined magic blast at Twilight, but the other Mane 5, Spike, Celestia, Luna, and Discord hold it back so Twilight can escape and think of a plan.

In Part 2, The other Mane 5, Spike, Celestia, Luna, and Discord are imprisoned in the caves beneath Canterlot along with Starlight Glimmer and the Pillars of Equestria. Cozy Glow sadistically plans to kill them but Chrysalis argues they should torture them and show Equestria that they've broken its heroes, while Tirek insists they should hunt down Twilight. Cozy Glow tries to take Celestia and Luna's magic with the bell, leading to an argument with Chrysalis and Tirek. Discord tricks Tirek and releases the others, and the other Mane 5 and Spike run off to get Twilight while the others fight Cozy Glow, Chrysalis, and Tirek as a distraction.

After their opponents are reimprisoned, the Windigos appear, to which Cozy Glow doesn't feel like doing much in the cold they cause. The Mane 6 and Spike return, and during a fight to try to get the bell back, Cozy Glow chases after Rainbow Dash, who was part of the distraction, and to protect the bell, she taunts Fluttershy and blasts her. When Chrysalis threatens Spike, the villains nearly destroy the Mane 6, but the unicorns protect them with a barrier, and most of their allies enter the battle.

In the end, the Mane 6, Spike, the Young Six, and the Pillars unleash a rainbow which destroys the Windigos and drains Grogar's magic from Cozy Glow, Chrysalis, and Tirek. After Pinkie Pie drops a giant cupcake on them with Discord's magic, which, along with the alicorns' magic, is returned to their owners, Celestia, Luna, and Discord turn Cozy Glow, along with Chrysalis and Tirek, to stone forever as punishment for their crimes, ending their threats for good. Thus, Cozy Glow was finally defeated for good.

## The Last Problem

The statues of Cozy Glow, Tirek, and Queen Chrysalis, briefly appear in a newspaper Twilight Sparkle shows to Spike. It is unknown if she is still a stone statue after the timeskip, as their stone forms are only seen in the flashback portions. In response to a question as to whether she would be all right, Jim Miller said "Cozy's fine. Just in suspended animation." Indicating she, as well as Chrysalis and Tirek, are asleep for their stoning, unlike Discord. The use of present tense could imply they are still trapped in stone as of the epilogue, though this has yet to be confirmed. Either way, they likely will never be able to hurt any creature again.

## King Sombra

**King Sombra** is one of the major antagonists of *My Little Pony: Friendship is Magic* . He appears as the main antagonist of the season 3 premiere "The Crystal Empire" and the season 9 premiere "The Beginning of the End". He is also the supporting antagonist in the season five finale "The Cutie Re-Mark", and a posthumous antagonist in the season six premiere "The Crystalling" and the rest of season 9. He is also one of Twilight Sparkle's archenemies.

He is a dark and tyrannical unicorn and the former ruler of the Crystal Empire who is bent on reconquering the empire and later taking over all of Equestria. In Season 3, he returned alongside the

Empire and plans to retake it so he can regain his physical form and conquer Equestria with his army of mind-controlled slaves. However, his plans were thwarted by Cadance, Spike, The Mane Six, and the Crystal Ponies, and he was defeated and destroyed. In Season 9, Sombra was restored by Grogar (who is Discord in disguise) to join his team of villains so they can conquer Equestria together. However, Sombra refused to join the team and he goes out to conquer Equestria on his own. He managed to destroy the Tree and Elements of Harmony and succeeded in conquering both Ponyville and Canterlot. However, he was defeated once again by the Mane Six.

In the IDW MLP comics, he appears as the secondary antagonist in the 13th story arc *Siege Of The Crystal Empire* ; the real main antagonist being his "mother" Rabia. In the IDW comics, it is stated that Sombra is actually an Umbrum created to destroy the Crystal Heart and release the Umbrum army trapped underneath the Crystal Empire; although this is considered to be non-canonical to the series.

He was voiced by Jim Miller in Season 3, and was voiced by Alvin Sanders in Season 9.

Past

King Sombra's early life is left completely unknown in the TV series (unlike the comics). It can be speculated that Sombra was once a normal unicorn, possibly a resident of the Crystal Empire, until he began studying dark magic, and had delved so deep in it that it mutated him into the tyrannical abomination he is today. It is also implied that Sombra murdered the previous Queen of the Crystal Empire so he can take over the Empire.

What is known is that King Sombra was a powerful unicorn whose heart is said to be as black as night. He took control of the Crystal Empire and enslaved the crystal ponies, and most likely planned to do the same with the rest of Equestria. Fortunately, Celestia and Luna arrived and used their combined magic to depose him, turning him to shadow and banishing him to the Arctic North, ultimately sealing him into a crevice of ice which closed up. However, he foresaw this and placed a curse upon the Crystal Empire that caused it to disappear for a thousand years out of spite.

Season 3 The Crystal Empire

The Crystal Empire reappears, but the crystal ponies have no memory of their kingdom before Sombra took over, and the mere memory of him causes them pain. Sombra returns along with the Crystal Empire and tries to conquer it again, but Princess Cadance was able to cast a protection spell around it which kept him out. When Twilight Sparkle and her friends came to the Crystal Empire to protect it, Sombra chased after them in shadow form, but they got through the barrier, although he attacked Shining Armor he survived, his horn was cursed so that he could not use his magic.

When Cadance began to run out of power to perform the spell, the barrier briefly deactivated, allowing Sombra to invade. Sombra's horn was broken off as the barrier reactivated, and he transformed it into a dark crystal that began to create more dark crystals in the Crystal Empire.

Twilight and Spike searched for the Crystal Heart, the key to protecting the empire, inside the castle, where nobody would dare to look. They ran into a door enchanted by Sombra to hypnotize them into confronting their worst fears. In Twilight's case, she thought Celestia told her that she failed her test and wouldn't continue her studies, only for Spike to snap her out of the trance. Spike gets brainwashed too and thought Twilight was banishing him, but Twilight saw through the enchanted door's purpose and shuts it, releasing Spike from the spell and comforting him about his fear.

Eventually, they reached the Crystal Heart, but Sombra, was finally able to enter once Cadance was no longer able to perform her spell, trapping Twilight in a wall of dark crystals, keeping her from the Crystal Heart once she triggers a trap.

With no way out, Twilight entrusts Spike to take the Crystal Heart to Cadance. Returning to his physical form, Sombra tried to spear Spike with a dark crystal, but Cadance saved him from the attack. She then returned the Crystal Heart, and together with the crystal ponies used its power to unleash a wave of magic that restored the Crystal Empire and destroyed Sombra, shattering him to pieces.

King Sombra was briefly referenced in the episode, " *Games Ponies Play* ". Twilight also briefly uses his magic in " *Princess Twilight Sparkle* ".

### Season 5 The Cutie Re-Mark

The first of many alternate timelines temporarily created by Starlight Glimmer, King Sombra is in power and ruling over the Crystal Empire with the iron hoof, having never been killed by Princess Cadance due to the change in the timeline, he made the crystal ponies fight for him against the rest of Equestria, fighting a war with Celestia. He was winning the war as he managed to take half of Equestria.

### Season 6 The Crystalling

King Sombra was mentioned again a couple of times in the Season 6 premiere " *The Crystallising* ". Spike mentions King Sombra while telling the Crystal Ponies about how he was defeated. Twilight later reveals the reason that King Sombra merely hid the Crystal Heart in his castle is to prevent the Frozen North's weather from breaching the Empire. This explains why Sombra never destroyed the Crystal Heart in the first place.

### Season 7 Shadow Play

Pinkie Pie mentions Sombra while recounting the threats Equestria has faced over the last thousand years to Star Swirl the Bearded.

### Season 9 The Beginning of the End

King Sombra is revived by Discord (who was in the form of the ancient tyrant Grogar) and is summoned to his lair, where Queen Chrysalis, Lord Tirek, and Cozy Glow accuse him of being the one who summoned them there. However, "Grogar" reveals himself as being the one to summon them, much to the villains' astonishment, as they had all thought he was a legend (except for Cozy Glow, who had never heard of him before). "Grogar" proceeds to tell the group of his plans to eliminate Twilight Sparkle and her friends and demonstrates his power by giving Tirek enough magic to partially revive his strength, also causing him to tell Cozy Glow of the stories that he had heard of "Grogar" when he was younger and for Sombra to do the same afterwards. "Grogar" goes on to state that he's been watching over all of them and asks them why they think that they've always been beaten by the same six ponies, Chrysalis interrupting Sombra before he can respond. "Grogar" rebuffs all of their answers and points out that the Mane 6 have always won because they work as a team, and demands that they all do the same in order to take over Equestria.

However, Sombra refuses to join "Grogar", claiming that he will take the Crystal Empire back for himself and destroy anyone who gets in his way. Unphased by this, "Grogar" tells Sombra to go and try to take over the Empire again, even offering to transport him there on the conditions that he can keep it if he succeeds, but will serve him once he fails, claiming he will destroy him again if he refuses to abide by his terms. Sombra agrees and proceeds to arrogantly proclaim how he will overtake the Empire, before an annoyed "Grogar" whisks him away. Sombra proceeds to lay siege to the Crystal Empire with ease, brainwashing the crystal ponies and royal guards into serving him as he approaches the castle. Inside, Princess Cadence sends out a message to Twilight before she and Shining Armor notice that Flurry Heart is missing and find her in Sombra's clutches. Sombra then forces Shining Armor and Cadence to surrender, capturing the Crystal Heart and fully taking over the Crystal Empire afterwards.

Upon receiving Cadence's message and summoning her friends, Twilight decides to retrieve the Elements of Harmony from the Tree of Harmony to defeat Sombra. Back at the Empire, Sombra is seen relaxing on his throne, amused by Flurry Heart's attempts at attacking him, only for the Mane 6 to arrive to challenge him. Unconcerned, Sombra forces his opponents to endure their own worst fears (making Twilight see a vision of all of her friends being controlled by Sombra while Princess Celestia and Luna show disappointment in her, turning them into Nightmare Moon and Daybreaker as a result), and suggests that they should surrender, as nothing can beat their own fears. However, Twilight and the others overpower Sombra's visions with the Elements, revealing that they were only facing their fears long enough for Spike to free his captives.

Cadence then reclaims the Crystal Heart and uses it to dispel Sombra's influence from the Empire, freeing everyone from his control. In spite of this, Sombra proclaims that he will win in the end, before being seemingly destroyed by the Elements. Having saved the Empire again, Twilight and the Mane 6 return the Elements to the tree, only for Sombra to appear and destroy both.

Sombra reveals that his supposed demise back at the Crystal Empire was merely a ruse to fool the Mane 6 in so that he could trace them back to their source of power and destroy it; and now that he has done so, they will be unable to stop him. Despite this, the Mane 6, minus a disheartened Twilight, try to fight back against him, only for Sombra to imprison them all, realizing that, with them out of the way, he can conquer all of Equestria for himself, planning to overtake Ponyville first. Sombra then considers using his magic to brainwash the Mane 6 as well, but decides against it, as he is already forcing them to endure their worst fear by taking control of Equestria anyway before leaving. Sombra goes on to brainwash all of Ponyville - including Spike, Starlight Glimmer, the Cutie Mark Crusaders and the Mane 6's other friends-into becoming his slaves and takes them to conquer Canterlot, while the Mane 6 are forced to deal with the Everfree Forest's overgrowth thanks to the Tree's destruction.

Sombra storms Canterlot with ease thanks to his brainwashed army, and barges into the Princess' throne room, only to find that it is empty, making him believe that Celestia and Luna had run away from him in fear. Soon, the Mane 6 arrive in the Princess' throne room with Discord (back in his true form) and engages Sombra, who attempts to blast them with magic. However, Discord dispels all of Sombra's attacks with ease while commenting that, even though he expected Twilight and the others to handle things by themselves, they still win because he is their friend, though in doing so he accidentally prompts Sombra to target Fluttershy instead, making Discord take the blast for her. Sombra gloats at his victory and begins to decide how he will eliminate the rest of his enemies, while, at the same time, Discord gives his friends a heartfelt speech about how they don't need him or the Elements to beat Sombra since all they have ever needed to win is each other.

Disregarding Discord's claims, Sombra attacks the Mane 6, who, now inspired, begin to fight back, generating more magic than ever. Baffled, Sombra demands to know how the Mane 6 have the ability to stand up to him even when he destroyed the source of their power, although Twilight claims that he never did, with her and the others reminding him that friendship is magic, before using their power to destroy him once again and remove his influence from Equestria. Due to how powerful the Mane 6's magic was, Sombra's skin was tearing itself apart while he quickly turns to dust as well and disappears into the light, destroying him once and for all.

Later, Celestia and Luna return from fending off the Everfree Forest and state that they will hold off on making Twilight and her friends the new rulers of Equestria until Twilight feels she is ready, causing Discord to reveal that he faked his injuries in an effort to push Twilight to become the great leader he knows she is, additionally revealing that he could have defeated Sombra any time he wanted. Back at "Grogar's" lair, Tirek and Chrysalis ask him about how Sombra's plan went, and "Grogar" shows them that he had been defeated yet again. Choosing not to revive him a second time, Discord (back in his Grogar disguise) uses Sombra's destruction as an example to the others of what happens when they try to abandon his plans, making them nervously agree to serve him.

## Legacy

King Sombra is mentioned a few times in the episode, " *Uprooted* ".

He is also mentioned in " *Sparkle's Seven* ", where it is shown that Princesses Celestia and Luna decided to have Shining Armor increase security in Canterlot following Sombra's previous attack on it.

In " *She's All Yak* ", Sandbar lists King Sombra and Cozy Glow as two ponies worse than Yona.

He is briefly mentioned in " *The Last Crusade* " by Mane Allgood, who lists him as one of the main reasons why she and her husband Snap Shutter decided to come to Ponyville and spend time with their daughter, Scootaloo.

In " *The Ending of the End - Part 1* ", Sombra is mentioned a number of times when it is revealed that Discord had been posing as Grogar and was using him and the other villains to create a threat that would push Twilight and her friends into becoming confident rulers of Equestria. In " *Part 2* ", Twilight has a picture of Sombra included in a thought chart when trying to come up with a way to defeat Tirek, Queen Chrysalis and Cozy Glow.

Reflections

King Sombra of a parallel world appears in the seventh arc (Issues 17-20) of the comics. He is the polar opposite of the Sombra from the show, as he is a good ruler of the parallel world where Celestia and Luna are evil. He is in love with Celestia of Prime Equestria.

However, this version of Sombra would suffer a terrible fate in allowing himself to be taken by evil to protect his beloved Celestia and both their worlds from destruction, becoming just like the King Sombra from Celestia's world. But even after being taken by evil, this Sombra mourns his beloved Celestia, now lost to him, possibly forever.

In *Friends Forever #4*, it is shown how King Sombra captured a Crystal Bard and enslaved him, making him read books for him after the Crystal Bard escaped King Sombra with his royal guards trying to recapture him but the Crystal Bard became smarter than him.

*Fiendship is Magic*

In Issue 1, Sombra's backstory (at least in comic canon, in which Amore has a different cutie mark than described in the Journal of the Two Sisters) is revealed; he was an Umbrum disguised as a pony to enter Equestria and release the other Umbrum, who were imprisoned in another dimension. Sombra initially didn't want to turn evil, and was friends with Radiant Hope, and was affected by the power of the Crystal Heart, but after a talk with the Umbrum, he embraced his dark side. He turned Princess Amore to crystal and shattered her to pieces, before being banished by Celestia and Luna, but he threw Radiant Hope outside of the Crystal Empire. In the present, it is shown that Sombra is now a ghost tied to his horn.

## Siege of the Crystal Empire

In Issue #34, Radiant Hope recruits Queen Chrysalis, Lightning Dust, Iron Will, and the Flim Flam Brothers to attack the Crystal Empire as a distraction while she finds Sombra's spirit and horn, and uses her healing magic to bring him back to life.

In Issue #35, Sombra releases the imprisoned villains, and he encrusts Twilight's horn with dark crystals, allowing Chrysalis to defeat her. Celestia and Luna arrive to fight Sombra and Chrysalis, but due to Hope's intervention, Sombra turns Celestia and Luna to stone.

In Issue #36, Sombra and Chrysalis get into an argument when Chrysalis is against Sombra's plan to release the Umbrum, knowing they will cause despair, thus preventing her from feeding off love. Threatened with being turned to stone, Chrysalis retreats with her Changelings. After Princess Cadance and Hope discover what the Umbrum are really like, Hope tries to convince Sombra not to release them. Twilight arrives, having been restored by the other Mane 5 with the power of friendship, and shoots a magic beam at Sombra, but Hope jumps in front of him and takes the hit. Sombra then releases the Umbrum.

In Issue #37, Sombra, now emperor, turns Shining Armor to stone at the command of Lady Rabia in a reference to Governor Tarkin destroying Alderaan. He is about to do the same to Twilight and Cadance when Twilight tells them to do this at the dais where the Crystal Heart is so everypony can see it happen. Sombra goes to take Hope with him, to which she reveals that her supposed destiny of becoming a princess did not come true because she left her training to look for him. Sombra was affected by the realization that not only was the Crystal Heart's prediction not true, but she chose him over becoming a princess. When the "rebels" attack the Umbrum, Rabia tells Sombra to eliminate Twilight and Cadance and Hope takes out the Crystal Heart. Rabia tells Sombra to smash it, but instead, he unleashes its power, re-imprisoning the Umbrum and saving the Crystal Empire. Sombra is disintegrated by the Crystal Heart's power, but before he can be completely destroyed, Hope saves him with her magic, and together she and all four princesses restore him to physical form, turning him into an actual pony similar in appearance to his mirror-world counterpart. Together, Sombra and Hope decide to restore Princess Amore.

## Nightmare Moon

**Nightmare Moon** is a major antagonist of *My Little Pony: Friendship is Magic* . She appears as the main antagonist of the Season 1 premiere, "Friendship is Magic", and as the secondary antagonist in the Season 5 finale, "The Cutie Re-Mark" and the Season 7 episode, "A Royal Problem". She also appeared as a flashback antagonist in the Season 4 premiere, "Princess Twilight Sparkle" and a minor antagonist in the Season 9 premiere, "The Beginning of the End".

She is the corrupted form of Princess Luna, the younger sister of Princess Celestia who was consumed by her own jealousy toward her older sister. As Nightmare Moon, she acted as Celestia's archenemy until she was restored to her normal form by the Mane Six.

It is unclear if "Nightmare Moon" is an entity that possessed Luna or not; the show seems to lean that Nightmare Moon is Luna's alternate personality but the comics state that Luna was corrupted during her time on the moon.

### Past

Long ago, Luna and Celestia were both the rulers of Equestria, a land inhabited by ponies. Every morning, Celestia would raise the sun, and every evening, Luna would raise the moon. Together, they kept the balance perfectly. However, as time went on, Luna grew jealous: the ponies would be awake to enjoy the day and love, admire, and appreciate Celestia's work, but would always "shun" Luna's night by sleeping through it.

One day, Luna finally became fed up with Celestia's success. Not only did she refuse to lower the moon, but also challenged Celestia for the sole rulership of Equestria. At that moment, the bitterness in Luna's heart manifested and consumed her, transforming her into Nightmare Moon, a black mare of pure darkness. Celestia did not want to fight Nightmare Moon and begged her to lower the moon, but Nightmare Moon said her only royal duty was to destroy Celestia, and shot at her elder sister with magic beams, eventually knocking her down. Seeing no other way, Celestia reluctantly used the Elements of Harmony to overpower Nightmare Moon and banish her into the moon, creating the phenomenon known as "the Mare in the Moon" (a unicorn's face imprinted upon the surface of the moon).

Since then, Celestia took full responsibility of raising the sun and the moon, and a holiday was created to celebrate Celestia's victory over Nightmare Moon called the Summer Sun Celebration. However, Celestia only felt loneliness and regret for having to send her own sister away. In addition, it was prophesied that in a thousand years, on the longest day of that year, Nightmare Moon would be free of her imprisonment to seek her revenge.

## Season 1

Upon reading an ancient legend, Twilight Sparkle realized Nightmare Moon is about to return, however her mentor, Princess Celestia, encouraged her to make friends instead of worrying about the supposed "old pony's tale". Unfortunately, Twilight turned out to be right and Nightmare Moon was released during the Summer Sun Celebration, replacing Celestia who was supposed to attend it. Twilight and her soon-to-be friends chased Nightmare Moon into the forbidden Everfree Forest.

After conquering many obstacles left by Nightmare Moon in their path, they finally found the twisted mare herself along with the ancient Elements of Harmony, now reduced to inert stones. As Nightmare Moon whisked the Elements away, Twilight followed her into the portal and confronted her alone. She tried to use the Elements of Harmony as Celestia did, but for that, she had to find the "spark" that would make a sixth Element appear. However, no matter how hard she tried, she couldn't make the spark, and Nightmare Moon destroyed the Elements.

Fortunately, when Twilight heard her new pony friends calling for her, she felt a different spark in her heart; making her realize that the real Elements are not just some stones: they exist in the hearts of her friends. That spark triggered the final element: Magic (also known, of course, as Friendship), and reanimated the shattered Elements, converting them into jewels for the six friends to bear. Using the Elements of Harmony, Twilight activated a spell that struck Nightmare Moon, exorcising the darkness from her and transforming her back into Princess Luna.

Celestia arrived in the ruins where the battle took place, admitting that she knew of Nightmare Moon's return, but knew the only way to defeat her was for Twilight to understand the importance of friendship. Celestia walked over to a cowering Luna, who apologized in tears for her actions, and was granted forgiveness. Later at the celebration (held by Pinkie Pie), even the other ponies forgave Luna, gifting her with a flower necklace.

## Season 2

In the season 2 episode "Luna Eclipsed", Princess Luna, now uncorrupted (And with a new look. Lauren Faust, the show's creator, stated that this was because when Nightmare Moon was defeated, Luna was reborn with very low magic levels, and she transformed after getting her good powers back), returns to Ponyville during the holiday Nightmare Night, a holiday dedicated to Nightmare Moon depicting her as a scary bogeyman. Luna, with Twilight's help, tries to change her image from that of the terrifying Nightmare Moon, to a favorable one as Princess. Unfortunately, the nature of the holiday, combined with Luna's outdated mannerisms and flair for the dramatic, make her subjects more scared of her than ever. Her first attempts end disastrously, prompting her to decree Nightmare Night canceled, but Twilight persuades her to give Ponyville another chance. When Luna discovers that the residents actually enjoy being scared as part of the night's festivities, she uses the Nightmare Moon persona to help them have fun and thus gains their trust and friendship, particular that of a colt named Pipsqueak.

## Season 4

During the Season 4 premiere two-parter, "Princess Twilight Sparkle", Twilight attempts to figure out the source of the chaos seizing Equestria by drinking a potion which gives her flashbacks of the past. One of the flashbacks she experiences is of Luna becoming Nightmare Moon and assaulting Princess Celestia. At first, Celestia is reluctant to fight her sister, but Nightmare Moon assaults her with dark beams and eventually wounds her, sending her plummeting to the ground. However, Celestia promptly recovers and arms herself with the Elements of Harmony, the power of which she channels into a powerful beam that overwhelms Nightmare Moon's defenses and seals her inside the moon.

Season 5

In the episode "Do Princesses Dream of Magic Sheep?", it is revealed that Luna never truly forgave herself for her transformation into Nightmare Moon and created a creature known as the Tantabus to punish her by turning her dreams into nightmares about Nightmare Moon. However, when the Mane 6 mysteriously show up and try to defeat the Tantabus, it becomes aware of their existence and leaves Luna to infiltrate their dreams. Luna and the Mane 6 try to fight off the monster, but the problem becomes worse when Pinkie Pie dreams of sharing a giant ice cream sundae with all the ponies in the entire town, giving the monster knowledge of all the residents of Ponyville. Luna uses her power to bring all of the citizens of Ponyville into the same dream and they try to use their dream abilities to bring down the Tantabus and prevent it from reaching the real world. Despite their best efforts, the monster becomes too powerful for them to fight off and it heads for the real world. Twilight realizes that Luna's guilt is what's fueling the monster and causing it to grow bigger. Twilight and her friends make her see that she and Nightmare Moon are not the same, that Luna is doing everything she can to save Equestria from the Tantabus at her own risk and that she is not alone, that everyone from the Mane 6 to all of Ponyville and beyond trust her completely and implore her to trust them on this. A tearful Luna finally lets go of the past and is now able to finally forgive herself, destroying the Tantabus, and sleeping happily and peacefully for the first time in a millennium.

In the third of many alternate timelines created by Starlight Glimmer in the season finale "The Cutie Re-Mark", Nightmare Moon is in power, having imprisoned Celestia in the moon for years and with Rarity and Rainbow Dash working for her. When Twilight mentions time travel, Nightmare Moon tries to force her to lead her back in time to stop the Elements of Harmony from being found, threatening

Spike. She shatters the Timberwolves that attacked Twilight and Spike, but with teleportation, Twilight gets Spike away from Nightmare Moon and travels back in time again in another attempt to fix the timeline.

## Season 7

In "A Royal Problem", Starlight Glimmer has a nightmare in which her fears of accidentally driving Celestia and Luna farther apart by switching their cutie-marks result in Luna transforming back into Nightmare Moon. As Celestia (having taken over Luna's duties) prepares to fight Nightmare Moon, Daybreaker, an evil version of Celestia, emerges, stating that, if Luna can turn into Nightmare Moon, Celestia can turn into Daybreaker. Daybreaker then states that Celestia doesn't need Luna and then engages Nightmare soon in battle, stating that she shouldn't have banished her, but destroyed her instead. Celestia tries to stop the fight, however, Daybreaker refuses and continues trying to destroy Nightmare Moon, forcing Celestia to visit Luna's dream and get her help. As Celestia and Luna return to Starlight's dream and reconcile, Daybreaker manages to overpower Nightmare Moon and begins blasting at her again, however, Celestia teleports between their beams, and erases both of them from Starlight's dream.

## Season 9

In "The Beginning of the End - Part 1", Nightmare Moon appears briefly alongside Daybreaker in Twilight's vision caused by King Sombra's fear spell. This brief scene is also Nightmare Moon's final appearance in the series.

## Other appearances

Luna becomes a recurring heroic character in the series. At the beginning of Seasons 2 and 3, it's revealed that Luna, alongside Celestia, turned Discord to stone with the Elements of Harmony and imprisoned King Sombra in ice while turning him to shadow, about a thousand years ago sometime before her transformation into Nightmare Moon.

## Nightmare Moon in comics

In Issue 6 (Part 2 of the second arc), Nightmare Moon is depicted as a separate entity from Luna, originating from the moon (as evidenced by her speaking to Rarity while possessing her, and speaking as if she were the original Nightmare Moon). It is said she convinced Luna to let her possess her (Luna also says "the Nightmare Forces" told her what to do to make ponies fear her), and that she promised the Nightmare Forces a kingdom of their own. When the Mane 6 restored Luna, Nightmare died, but was revived through the cycle of the new moon, and corrupted the inhabitants of the moon into new Nightmare Forces.

Nightmare herself convinced Rarity to let her possess her, becoming Nightmare Rarity.

In Issue 7, Nightmare Rarity imprisons the ponies in her dungeon once the Nightmare Forces defeat them, and resists Spike's attempts to get through to her. She tries to trick him with an illusion, but he realizes her deception. She has Shadowfright and his sidekick capture him and says the nightmare has only begun.

In Issue 8, the ponies escape the dungeon and de-corrupt Shadowfright's sidekick, Jerome, with the power of friendship. Luna does the same to Shadowfright and his army, turning them back into the denizens of the moon. The ponies then use this power of friendship on Nightmare Rarity to weaken her, and with this, them thinking of memories of Rarity, and Spike's love for her along with his restored Fire Ruby, the Nightmare Energy and spirit of Nightmare Moon are destroyed, releasing Rarity from their control.

Luna appears in the comics as well, though not as Nightmare Moon, and with her mane and tail the way they were after she was restored.

In issue 32, moon rocks from the battle between Celestia and Nightmare fall down to the planet and cause some apples to come to life.

FIENDship is magic issue 4 explains what Nightmare Moon did on the moon. She came across some creatures who make ponies' dreams. She tried to invade Celestia's dream to haunt her, but it was too strong. So she invades other ponies' dreams to spread rumors about Celestia. Celestia quickly put a stop to this. When Nightmare finally reaches her dream, Celestia banishes her permanently. Nightmare then turns the creatures into the nightmare forces.

## Theories

There are several theories about Nightmare Moon and Luna which say they're not the same entity. This was confirmed by Lauren Faust herself (though she also gave a speech in an interview about Nightmare Moon's "reformation"). Nightmare Moon could be in fact an embodiment of dark magic possessing Luna and keeping her prisoner under her evil influence till she was finally released by the Elements of Harmony. However, this theory has been debunked by the episode "Do Princesses Dream of Magic Sheep?".

As King Sombra made the Crystal Empire disappear for a thousand years, it was speculated that he had something to do with Luna's transformation into Nightmare Moon. He could have magnified her existing jealousy and bitterness into a dark transformation, or, in accordance with the above theory, a manifestation that possessed her. This theory may have been proven wrong as it was revealed that Celestia and Luna defeated Sombra in the past and imprisoned him, though that does leave the possibility that Sombra only started a more gradual transformation from Luna into Nightmare Moon. This theory was expressed in the youtube video, *Fall of the Crystal Empire.*

It has also been speculated by G1 fans that Tirac exists in *Friendship is Magic* and was the one behind Nightmare Moon's transformation, since Nightmare Moon shared Tirac's motivation of bringing the night that never ends. However, when Lord Tirek finally appeared he displayed no such power or interesting in a neverending night.

It has been said that there was an outside force behind Luna's transformation into Nightmare Moon, who also might have had a hand in Discord's escape. In the comics it is implied that this force was the Nightmare Forces, directly possessing her while exploiting the bitterness in her heart to get her to accept them (although it also could be that the Nightmare Forces in the comics are the spirit of Nightmare Moon since she still seems to be Luna, or at least a part of her).

Some believe Nightmare Moon to be an apocalyptic villain since eternal night would cause the world to freeze. Lauren Faust has said that eternal night was Nightmare Moon's first step to a plan to "usher in an era of evil".

It has also been speculated that she is now a ghost and that she is the mysterious Shadow Pony haunting Celestia and Luna's old castle in the Season 4 episode "Castle Mane-ia", although recent comments have made this figure more likely to be Tirek.

Due to Stygian having a similar backstory and transformation into the Pony of Shadows, which occurred through him merging with a sort of "Shadow" strongly resembling a symbiote, it is possible (and, aside from the Nightmare Rarity comics, it is implied by the *Legends of Magic* comics) that Luna similarly merged with a "Nightmare" symbiote (though one weaker than the Shadow, as the Pony of Shadows was not purified by the Elements of Harmony while Nightmare Moon easily was), which she would have let in out of jealousy, to become Nightmare Moon.

## Reception

Nightmare Moon received a mostly positive reception from critics and fans of the series. As the first antagonist of the series, she is praised for her actions, personality, backstory, and her motives. Her alter-ego, Princess Luna, became one of the show's most beloved and popular characters of the series and the Brony Fandom. Her voice actress, Tabitha St. Germain, received praise for her performance as Nightmare Moon.

## Diamond Dogs

The **Diamond Dogs** (named **Rover**, **Fido**, and **Spot** ) are minor antagonists in *My Little Pony: Friendship is Magic* . They are trio of greedy jewel finding dogs.

Rover was voiced by Scott McNeil, Fido was voiced by Garry Chalk, and Spot was voiced by Lee Tockar.

They appear only in the season 1 episode "A Dog, and Pony Show". They are the main antagonists of the episode. They kidnapped Rarity to find gems for them after seeing her using her gem-finding spell, though the first attempt to kidnap Spike, thinking that he was the gem finder. In the end, Rarity makes them regret kidnapping her until her friends arrived to rescue her with spoils.

Rover is a medium-sized dog and the leader of the trio. His two followers are Fido, a large-sized dog, and Spot, who is a bulldog-like a small dog. Their name is taken from David Bowie's album *Diamond Dogs.".*

Mane-Iac

The **Mane-iac** is a fictional character that appears in the fourth season of the show *My Little Pony: Friendship is Magic* and is the main antagonist of the episode entitled "Power Ponies". The Mane-iac appears to be an earth pony with a violet coat, a mane consisting of large green hair tendrils, and green eyes with red pupils.

At the beginning of the episode, Spike shows Twilight Sparkle a couple of pages of a *Power Ponies* comic book on which the Mane-iac is depicted.

She is stated to be the Power Ponies' "most evil nemesis". Originally, she was the power-mad owner of a hair-care product company, she was the victim in an accident at her shampoo factory and fell into a vat of green liquid and was electrocuted by a downed power line. The accident had given her strange new powers and caused her to go insane. Another page shows the Mane-iac breaking into the Maretropolis Museum and stealing something called the Electro-Orb.

When Spike and his friends are sucked into the comic book and become the Power Ponies, they're brought to the point in the story at which the Mane-iac has just stolen the Electro-Orb. She watches in amusement as they grow accustomed to their newfound superpowers before leaving the scene. When the Power Ponies track the Mane-iac down to her headquarters-her abandoned shampoo factory-she dispatches the ponies with her "Hairspray Ray of Doom", freezing the ponies in place and rendering their powers useless. She then takes the Power Ponies prisoner, but leaves Spike/Humdrum alone, considering him pointless. The Mane-iac uses the Electro-Orb to power her doomsday device, with which she plans to cause the manes of every pony in Maretropolis to grow wild. As she gloats to the Power Ponies over her apparent victory, Spike traps some of her henchponies and helps in freeing his friends. Just before the Mane-iac can use her weapon on Fluttershy/Saddle Ranger, a firefly enters her line of fire, and she swats it away. This action incurs Saddle Ranger's wrath, and she single-handedly does away with both the Mane-iac and her weapon.

As the result of being struck by her own weapon, the Mane-iac's mane grows out of control, ensnaring her in it like a straitjacket, while seemingly tickling her as she was laughing.

IDW Comics

In issue #54 of the IDW comics, Shadow Lock brings the Mane-iac out of Twist's comic book to distract Applejack and Pinkie Pie while he erases the information from all of the books in the school. The Mane-iac is presumably sent back into the comic book off-screen.

Starlight Glimmer

**Starlight Glimmer** is a former major antagonist in *My Little Pony: Friendship is Magic* . She acted as the main antagonist of Season 5, first appearing in the premiere "Cutie Map", then made some cameos in the episodes "Amending Fences" and "What About Discord", and then made her next full appearance in "Cutie Re-Mark". She then redeemed herself and became on of the supporting protagonists for the remainder of the series. Her counterpart, Snowfall Frost, appeared as the main antagonist of "A Hearth's Warming Tail".

Starlight Glimmer started out as the leader of an unnamed village near the edge of Equestria, where she convinced everypony to give up their cutie-marks, which was a result of her childhood friend, Sunburst, abandoning her when he gained his own mark. When the Mane Six arrived and exposed her the tyrant she was, she escaped and sought her revenge later on by traveling back in time and interfering with their past, until Twilight Sparkle inspired her to seek friendship again. She then became Twilight's student, Trixie Lulamoon's assistant, then the guidance councilor of Twilight's School of Friendship, and then finally Headmare of the school.

She is voiced by Kelly Sheridan, who also voiced Svetlana Petranova in *Barbie in Rock 'N Royals* .

### The Cutie Map Part 1

In her episode debut, she is the head of a village where all the ponies have equal signs for Cutie Marks. She greets the Mane 6 when they enter the village. She and the townsfolk explain their philosophy - that being equal is what brings true happiness. The Mane 6 (except Fluttershy, who is warmed by the townsfolk's benevolence, and especially Pinkie Pie, who is adamantly suspicious of the location), find this odd. They promptly meet a trio of ponies who miss their Cutie Marks, showing that Starlight's village is not as happy as it seems. The trio informs the group of a vault inside a mountain which contains the taken marks. Starlight leads the ponies to the vault and shows them a wooden staff, which she dubs the Staff of Sameness. She claims that it's a magical item she uses to take away ponies' Cutie Marks. When Pinkie Pie prematurely discloses that a group of ponies told them about the vault, Starlight immediately sees the Mane 6 as threat to the town's lifestyle and steals their Cutie Marks with the staff, placing them in the vault.

### Part 2

She imprisons the ponies in a house, wherein she condemns them to remain until they resign themselves to their fate of living in her town, markless and talentless forever. Unable to break out, the ponies persuade Fluttershy to feign having converted. Starlight is initially not convinced and commands Fluttershy to denounce the ponies who told her about the Vault. Fluttershy hesitates, but one of the free-thinking ponies - named Party Favor - voluntarily confesses that he was responsible for this, subsequently causing him to be imprisoned with the rest of the Mane 6. That night, Fluttershy intends to break into the Vault, but before she can get going there, she finds out that Starlight has ordered Double Diamond to deliver their Cutie Marks to her house so she can guard them personally.

She also discovers that in reality, Starlight still has her cutie mark and her equal mark is fabricated.

The following morning, Fluttershy convinces Twilight to claim that she'll join Starlight and the rest of the village to distract Starlight's attention. While this is going on, Fluttershy tries to splash water on Starlight to reveal her cutie mark, but she dodges this as she had known Fluttershy was just acting her conversion. However, a drop of water wipes a smudge off the mark. Party Favor notices this and further wipes off the Equal mark, revealing Starlight's cutie mark and shocking the town. Starlight admits that the Staff of Sameness is just a regular staff she discovered in a desert, and that the Equalizing is the product of her own magic, which she hid from the town. Despite Starlight finally losing her temper and telling she created harmony, the townsfolk were really furious on how she lied to all of them, Starlight tries to save face by claiming she did it all for the sake of establishing harmony, but the townsfolk turn on her for her deception, forcing her to retreat back into her house.

A group of ponies breaks into the Mark Vault and throws the Staff of Sameness at the glass, breaking it and releasing the population's Cutie Marks. Meanwhile, Starlight hides in her house and takes a secret passage, trying to make off with the Mane 6's cutie marks as revenge for exposing her. While the Mane 6 is failing to catch up with her since their forced equality causes them to move slowly, Party Favor and other ponies set out to apprehend Starlight and retrieve the marks (and in the process, use their individual talents to counter Starlight's obstacles). Just before reaching the caves, wherein she could have lost her pursuers, the villain winds up being covered in snow, forcing her to release the marks. Starlight emerges and tries to blast her former followers, but Twilight defends them and says to Starlight that her groups' individuality was what led her to become a princess. Starlight rebukes this and insists that her actions presented the townsfolk with a kind of friendship they couldn't have obtained otherwise, but is shot down by Double Diamond, who claims that she never gave them a chance to be friends before converting them to her beliefs. Enraged and defeated, and having lost all her followers, she uses her magic to escape. Twilight hopes that Starlight will consider what the townsfolk have taught her.

## Cameos

Starlight makes a cameo appearances in " *Amending Fences* ", when she was hiding behind a menu she was holding in the cafe. She has a second cameo in " *What About Discord?* ", hiding behind a bush and spying on the Mane Six and Discord with a pair of binoculars. Pracitcally spent through out season 5 trying to find a way to get revenge on the Mane 6 by finding the source of their friendship.

## The Cutie Remark

Starlight returns as the main antagonist of the season finale *The Cutie Remark* . After listening to Twilight's speech of how she and her friends obtained their cutie marks through Rainbow Dash's Sonic Rainboom, Starlight appeared in Twilight's castle and used an altered version of Star Swirl the Bearded's time travel spell with the Cutie Map to travel back in time. She blasted Rainbow Dash away before she could do the Sonic Rainboom, altering time so that King Sombra ruled Equestria and was at war with Princess Celestia. Twilight's attempts to stop Starlight only led to Starlight crystallizing her and then convincing the jock bullies not to pick on Fluttershy, creating a timeline in which Queen Chrysalis is in power and at war with Zecora. Twilight tried to fight Starlight, but it distracted Rainbow Dash, creating a timeline in which Nightmare Moon was in power, with Rainbow Dash and Rarity working for her and Celestia imprisoned.

Twilight's attempts continued to be in vain; Starlight tripped Rainbow Dash, putting Tirek in power; Starlight got Twilight to crystallize Rainbow Dash, putting Discord in power; she made Fluttershy fly with her magic, putting the Flim Flam Brothers in power, making everything look a game to Starlight as she kep taunting Twilight.

When Starlight blasted Rainbow Dash away again, after an argument, Twilight decided to force Starlight to come with her by taking her to the new apocalyptic future of Equestria when Twilight wondered what made Starlight think cutie marks were evil.

When they were in the altered future Starlight finally gets serious, frowns and demands to know where she is, as Twilight tells her they're in the present, that the cause of her actions of preventing Twilight and her friends from getting their cutie marks also prevents them from saving Equestria from thier villains.

Starlight was in denial even though Twilight was right, Starlight was devastated that she was practically defeating herself and she never intended to destroy millions of lives, but she still denies and finally loses her temper and takes Twilight and Spike to when she was a filly and her friend Sunburst got his cutie mark and left for Celestia's magic school, which began her vendetta against cutie marks. Returning to the Rainboom, Starlight attempted to foolishly destroy the spell so Twilight could never travel through time again as she finally no longer playing around and just about had enough of Twilight getting in her way, but Twilight convinced her that she can't and why her friends are so special, and told Starlight to make new friends and give friendship a chance. So, Starlight finally saw the error of her foolish actions and allowed the Sonic Rainboom to take place, and she, Twilight, and Spike returned to the present, where everything is back to normal, as the Mane 5 popped in, Applejack angerily asked what is Starlight doing here, Twilight explained to her friends to what happened and Starlight came in accepting a punishment she deserves but Twilight offered her to become her first new student instead and became friends with the Mane 6 and Spike now and Twilight's student, and reconciled with her village.

Season 6

Though reformed and trying to learn Friendship as Twilight Sparkle's apprentice, Starlight has a few struggles against her former inclinations.

A Hearth's Warming Tail

Starlight is unenthusiastic about celebrating Hearth's Warming Eve and considers it no different from any other day. However, Twilight reads her the story "A Hearth's Warming Tale", an allusion to "A Christmas Carol" with Starlight depicted in the Ebenezer Scrooge-like role who has to gain a proper appreciation for the holiday.

Spice Up Your Life

Starlight Glimmer briefly appears in *Spice Up Your Life*, helping Twilight to reactivate the Cutie Map which she had disabled in the events of *The Cutie Re-Mark* . This is a milepost in her redemption.

### Every Little Thing She Does

Starlight has a major slip in her new life. In an effort to correct her tendency of avoiding friendship lessons, she takes on several friendship problems at once with Twilight's friends in order to impress her. In an effort to make things easier, she backslides into her old ways by using a newly made *Fiducia Compelus* spell to mind-control the ponies into following her orders. Unfortunately, the ponies follow her orders so exactly and literally that things quickly spiral out of Starlight's control.

After Twilight helps fix her mess, Starlight confesses that she avoids her friendship problems out of fear of failing and being a disappointment to Twilight. With Twilight and Spike's guidance, Starlight apologizes to her friends for using magic on them, and she learns to address her friendship lessons more naturally.

### Season 7 Rock Solid Friendship

While trying to befriend Maud Pie, it is also revealed that she and Maud had met before the initial founding of Starlight's village. Maud had inadvertently helped Starlight by pointing her to a particular rock with the magical properties needed to remove cutie marks.

## Rabia

**Rabia** is the leader of the Umbrum in the *My Little Pony: Friendship is Magic* comics, and the main antagonist of the comic *Siege of the Crystal Empire* .

### Background

Hundreds of years prior to the series, Rabia and the Umbrum army attacked the Crystal Empire, terrorizing Crystal Ponies and burning their homes for fun. Unknowingly, Rabia and the Umbrum's actions were witnessed by Queen Chrysalis, who initially wanted to rule the Empire but decided against it upon seeing the Umbrum. Eventually, Rabia and the Umbrum were imprisoned in another realm.

Fiendship is Magic Issue 1

In Sombra's comic backstory, it is shown that Rabia disguised the Umbrum King Sombra as a pony so he could go through the prison door and release them. When Sombra did not want to turn evil and ran, Rabia communicated with him through the Crystal Heart and he embraced his dark side, although he instead decided to rule the Crystal Empire instead.

Siege of the Crystal Empire

It is shown that after Sombra was banished, Radiant Hope found Rabia and the Umbrum, and when she entered their prison, they made her think they were good, and were simply misunderstood by ponies. This led her to form a team of past villains (the Flim Flam Brothers, Iron Will, Lightning Dust and Chrysalis and her Changelings) to distract the Empire's defenders while she resurrected Sombra so he could release the Umbrum. However, when Hope brought Cadence to the Umbrum prison to show her that they weren't evil, Cadance's light revealed their true selves. The Umbrum attacked Hope and Cadence, but they escaped.

Eventually, Sombra released the Umbrum, and Rabia put Twilight and Cadance on trial, and demanded to know where the rebel ponies were, threatening Shining Armor to be turned into a statue if not told. When Cadance told her they were on Canterine, Rabia had Sombra turn Shining Armor to stone anyway. Twilight convinced them to take them to the dais where the Crystal Heart was before turning them to stone so the Crystal Ponies could witness their defeat. Then the rebels attacked, the other Mane 5 among them, but Rabia defeated Rainbow Dash and other pegasi with a flyswatter and told Sombra to destroy the Crystal Heart. However, after hearing of how Hope chose a different destiny than the one the Crystal Heart showed her, and chose him over becoming a princess, Sombra switched sides and used the Crystal Heart to banish the Umbrum, including Rabia, back to their prison.

Sunset Shimmer

**Sunset Shimmer** is the main antagonist of *My Little Pony: Equestria Girls* and a major protagonist in the sequels, some of the short films, and a main protagonist of the entire web series. She is Twilight Sparkle's former arch-nemesis and Snips and Snails' former leader and boss.

She is voiced by Rebecca Shoichet, who also provided Twilight's singing voice.

Sunset's backstory is explored deeper in the comics. Here, it is shown she had a very troubled and apprehensive relationship with her mentor Princess Celestia, which explains her descent into evil (though she was already extremely cynical, arrogant, traitorous, self-centered, tricky, and antisocial, thus her mentor's short patience with her). Sunset had previously appeared in the form of a toy and as an NPC in the MLP Gameloft game. In both versions, she was merely a neutral character and not a truly evil one. Sunset's desire was to gain princess hood and have everyone in Equestria recognize her. However, she felt Celestia's tutelage was not getting her anywhere fast enough. During the night, she took it upon herself to do research on the crystal mirror Celestia had shown her some time ago. Just as she found information about the mirror, Celestia and two royal guards arrived on the scene. At first, Celestia tried to console Sunset, but Sunset retaliated by demanding to be crowned a princess. It was then Celestia saw that Sunset lacked all the qualities needed to be a true princess, and deemed the young unicorn unworthy of such a status. Celestia then expelled Sunset from the school, banished her from the castle, and had the guards escort Sunset out. Sunset told her former mentor that this would be the greatest mistake ever made, but of course, it was only one of many. When the chance came, Sunset took the guards by surprise and jumped through the mirror, emerging as a teenage girl on the other side.

*My Little Pony: Equestria Girls*

Sunset Shimmer first appears as the main antagonist in the first film.

Sunset Shimmer steals Twilight Sparkle's element of harmony: her magic crown, and in a tussle with Twilight Sparkle, the crown is thrown into a mirror that acts as a portal to another world, which

Sunset goes through to retrieve the crown.

In this other world, she is depicted as a human who mocks Twilight Sparkle when they first encounter each other. They meet again in a dark hallway where Sunset bullies Twilight into being discouraged from retrieving her crown. Several years have passed since Sunset ran away from home. In the past, she drove the human counterparts of Rainbow Dash, Fluttershy, Applejack, Pinkie Pie, and Rarity apart, but Twilight reunites them.

She tries to keep Twilight from becoming Princess of the Fall Formal, like humiliating her through an Internet video and implicating but Twilight Sparkle still easily beats her in the competition. When this attempt backfires, she makes her henchmen Snips and Snails vandalize the gymnasium and implicates Twilight for it through photoshopped photos. Vice-Principal Luna falls victim to this deception, but Sunset's former beau Flash Sentry exonerates Twilight at the last second and Twilight is dubbed Fall Formal Princess after she and the student body clean and redecorate the gym.

However, Sunset steals the crown from Twilight, puts it on, and transforms into a demonic-looking winged humanoid due to her wickedness in her heart. In this form, Sunset becomes purely evil. With her new powers, she plans to use them and her army of mind-controlled teenagers to conquer Equestria. Sunset attempts to kill Twilight, but Twilight and her friends use the power of the Elements of Harmony to return her to human form. She is reduced to tears and apologizes for everything that she has done and Twilight believes her friends can help teach her the magic of friendship. Afterward, the human counterpart of Princess Luna, Vice Principal Luna, hands her a masonry trowel to repair all the damage that she caused.

Midnight Sparkle

Midnight Sparkle is a character from the series of movies, Equestria Girls.

She is a corrupted version of the series's main protagonist, Twilight Sparkle.

## Backstory

She debuted in the movie "Friendship Games" and haunts the human Twilight in "The Legend of Everfree".

Midnight is the AU version of what would have happened if Sunset Shimmer didn't intervene. Twilight would have stayed Midnight and destroyed the human realm to get to Equestria's magic. She is almost Equivalent to Demon Sunset.

## Appearance

Midnight looks somewhat similar to the human Twilight Sparkle, she has an aqua blue fire around her eyes, in place of her counterpart's glasses. She wears a dress, showing off the colors and cutie mark associated with Twilight Sparkle.

Her hair color is the same as Twilight's purple with a pinkish streak and it floats upwards. She has a long, purple tail, and her skin is Purple, just like her eyes. She has a glowing turquoise horn with a black magical aura. She has black, feathery wings that slightly glow.

## Personality

Midnight can be described as hungry for knowledge. She would destroy anything that gets in the way of her understanding magic, as shown by the Friendship games, where she starts to tear apart Canterlot High to get to Equestria. She is cocky. She believes that she can have anything that she wants, which is true. She seems to be an alternate personality altogether to Twilight, who has a hard time overcoming Midnight.

## Abacus Cinch

**Principal Abacus Cinch**, simply known as **Principal Cinch**, is the main antagonist of the third film in the "Equestria Girls" full-length film franchise *My Little Pony Equestria Girls: Friendship Games* . She was the headmistress of Crystal Prep Academy.

She was voiced by Iris Quinn.

Principal Cinch first appears, calling Twilight to her office through

Dean Cadence. She talks with Twilight about her application for the Everton Independent Study Program, admiring her as the best student the academy ever had. However, she then points that Twilight has to compete in Friendship Games, which will strengthen the academy's influence, as it always was. When Twilight tries to say that she's just a researcher and doesn't want to compete, wasting her time, Cinch tells her that she has influence due to the academy's high social status. The principal points that she can use that influence to get Twilight's application approved faster or even denied at once if she won't take part in Friendship Games, forcing Twilight to do so.

In Canterlot High School, Principal Cinch first spends some time talking with Principal Celestia, as the latter shows her the school upgrades. They end up seeing Human Five and Sunset Shimmer chatting with confused Twilight, only for Cinch to reveal that the one is her best student, apologizing for her curiosity. After that incident, Cinch forbids Twilight to make friends with the Canterlot High students. Principal Cinch also ruins Pinkie Pie's welcoming party, forbidding her students to have fun, and Pinkie actually couldn't do anything at the moment, as Twilight accidentally drained her Laughter Magic which makes Pinkie to tired to oppose the principal (though she actually the one who could do that with her personality).

During the main action of the games (in song "Acadeca"), Cinch observes her students' work and gets angry or disgusted anytime they fail to win, like in bakery competition, which was won by Pinkie Pie and her tremendous "Mona Lisa" cake. While Principal Celestia, Vice-Principal Luna and Dean Cadence judge the most of the competitions, Principal Cinch judges the last one, math competition between Sunset Shimmer and Twilight Sparkle, pointing out that Sunset's answer is incorrect.

Then, Principal Cinch instructs the remained Shadowbolts before Tri-Cross Relay, inspiring them to victory and hoping that Twilight could deal with the first part of the relay, which is actually the P.E. standard for Crystal Prep Academy. However, Twilight fails miserably, not being able to high the bulls-eye with and arrow, which enrages her classmates, but she is helped by Applejack, who then gets pony-up for her honesty, which was accidentally drained by

Twilight. The latter drops her pendant which opens several random portals to Equestria, releasing the Everfree Forest into this dimension. It crushes the track, nearly killing Sunset Shimmer and Sugarcoat in process, as Rainbow Dash and Indigo Zap prove themselves to be more competent racers. However, Rainbow saves Sunset, getting pony-up, and then Sunset wins the race. Principal Cinch blames the Wondercolts for magic cheating, however, Celestia tries to convince Cinch that no one had advantage due to that. A bit later, Principal Cinch witnesses Twilight draining Rainbow Dash's magic and Sunset yelling at Twilight about all the magic, learning that she drained much magic yet and decides to use it to her advantage.

Before the final competition, Principal Cinch and the Shadowbolts trying to convince Twilight in releasing the magic to the point of enforcing her to do it in their villain song "Unleash the Magic". However, the magic goes unstable and corrupts Twilight, as everyone, including Cinch, look at that in horror. Twilight transforms into horrifying Midnight Sparkle, and Cinch, understanding what monster has been created, retreats in save position, advising the Shadowbolts to do the same when Sunny Flare actually catches her, but her students see the error of their ways for what they've done to Twilight, and decided to help everyone.

After Midnight Sparkle is defeated, Cinch accuses the Canterlot High School for magic cheating once more and demands that Celestia and Luna forfeit the Friendship Games, threatening to report the incident to the school board. However, she is mocked by the others, as even the Shadowbolts turn on Cinch, implying that she was the real monster responsible for Midnight Sparkle's creation, and point out that there is no way the board would believe her claims about "flying girls, magic or talking dog (referring to Twilight's Spike)". Though Cinch is enraged, she than saves her face and leaves in defeat, most probably leaving to Crystal Prep the next day with the other students and Dean Cadence.

Equestria Girls Specials

In the special "Dance Magic," Sour Sweet mentions that Cadance has taken over as the Principal of Crystal Prep, meaning that Principal Cinch either quit, retired, or was fired by her superiors for her actions. It's also quite plausible that she was arrested on numerous charges.

## Daybreaker

**Daybreaker** is a supporting antagonist in the *My Little Pony: Friendship is Magic* series, appearing as the main antagonist of the Season 7 television episode *A Royal Problem*, and again in the comic series as the secondary antagonist of the *Nightmare Knights* saga. She is depicted as the evil alter-ego of Princess Celestia, the same as Nightmare Moon being the alter-ego of Princess Luna.

She is voiced by Nicole Oliver, who also voices her good counterpart and Cheerilee.

### *Royal Problem*

In the episode, Starlight Glimmer is sent by Twilight's map to the royal palace in Canterlot to solve a friendship problem between Princesses Celestia and Luna, who each believe that their own responsibilities are harder than the other's, and are unintentionally hurting each-other's feelings because of it. To resolve this problem, Starlight uses her magic to switch their cutie-marks, so that they can experience what it's like in each-other's horseshoes. After Luna exhausts herself with Celestia's duties during the day, she retires to her chamber for the evening, and Celestia takes charge of Luna's duties of managing everypony's dreams. Celestia initially believes Luna's job to be easy, but then stumbles upon Starlight's nightmare of being unable to solve the Royal Sisters' friendship problem; upon which, Nightmare Moon appears. Celestia prepares herself to battle Nightmare Moon, but is then stunned to see another evil alicorn similar to herself.

The alicorn reveals herself to be Daybreaker, the dark form of Celestia. Both Daybreaker and Nightmare Moon represent Starlight's fear of her attempt to solve Royal Sister's crisis making it even worse. After goading Celestia into giving into her darker temptations, she then begins her fight with Nightmare Moon. Starlight tries to talk them out of it and Celestia attempts to intervene, but both fail to stop their quarrel. Celestia then brings Luna from her own nightmare of failing her older sister's duties so that they can stop Daybreaker and Nightmare Moon before Starlight's mind is damaged forever, but Luna is unable to help since she has Celestia's magic. After Celestia tearfully admits that Luna's duties are so difficult, Luna admits the same about Celestia's duties. Just then, Daybreaker subdues Nightmare Moon and sets the throne room ablaze. Before she can finish her off, however, Celestia, after being encouraged by Luna, stands in the way of both of their attacks. Daybreaker taunts that Celestia can't bring herself to destroy her since she is everything Celestia wants to be, but Celestia denies this and dispels both her and Nightmare Moon for good.

Luna congratulates Celestia for defeating both of their dark selves, and they reconcile. Starlight's cutie-mark glows, indicating that her mission was complete.

Cameo

Daybreaker made a brief cameo in the Season 9 premiere, *The Beginning of the End - Part 1,* when King Sombra shows Twilight and her friends their worst nightmares while confronting him at the Crystal Empire.

Comics

In Legends of Magic Annual 2018, Celestia and Luna are abducted by Pony of Shadows from an alternate dimension, who seeks to corrupt them into becoming Daybreaker and Nightmare Moon.

In *My Little Pony: Nightmare Knights*, a Celestia from an alternate universe, corrupted into Daybreaker, is enslaved by Princess Eris and used to lure Princess Luna into a casino. Daybreaker also serves as Eris' head of the security, but breaks free and takes over her position of power and helping Luna and her team defeat her.

Mean 6

The **Mean Six** are the titular secondary antagonists of the *MLP: FiM* episode of the same name. They are clones of the Mane Six created by Queen Chrysalis and lead by Mean Twilight before they end up turning against her. They are voiced by the same people that voice the original Mane Six.

Season 8

In " *Mean Six* " Queen Chrysalis created the Mean Six from trees using pictures she took of the Mane 6, hairs from their manes (in Rainbow Dash's case, her tail), and magically carving their cutie marks into the trees. Their purpose was to take the Elements of Harmony and destroy the Mane 6 in front of Starlight Glimmer as revenge for taking away her army and kingdom and then destroy Starlight as well.

However, because of Chrysalis' evil magic, the clones ended up flawed, acting opposite to the original counterparts. Evil Twilight could tell that Chrysalis couldn't do much without them. Chrysalis sent the Mean Six to search for the Elements of Harmony in the Everfree Forest.

During the search, Evil Fluttershy got distracted picking on a bird, while Evil Rainbow Dash got bored and flew off. Evil Applejack lied to Chrysalis as to where they were, and Chrysalis gave her and the other three permission to split up and search for them.

Evil Twilight took note of the fact that Chrysalis needed them more than they needed her and planned to lead the other Mean 5 so they could take the Elements for themselves instead of Chrysalis. She ran into the real Pinkie Pie, who inadvertently revealed to her that the Elements were inside the Tree of Harmony, and told her the location of the Tree.

Evil Rainbow Dash ran into Fluttershy, snubbed her, and flew off.

Chrysalis found Evil Pinkie Pie, laying bored on the ground, while Evil Rarity hoarded random objects, and Evil Applejack continued lying. Chrysalis got angry at them and commanded them to find the other three and bring them back.

Evil Fluttershy treated the animals badly, causing them to get angry at the real Fluttershy (during which a bird curses at her).

Evil Rarity mistook the real Rainbow Dash for her clone and started stealing the items that Applejack packed for Starlight.

When Evil Twilight and Pinkie ran into Fluttershy, Evil Twilight was mean to her and left to get the others, causing the real Twilight to think Pinkie upset Fluttershy, and Pinkie accused Twilight of doing so. Twilight was offended that Pinkie seemingly found the trip boring (when it was Evil Pinkie that made the remarks earlier).

Chrysalis overheard Evil Twilight's plan to betray her and confronted her, saying she should kill them and start over, but Evil Twilight told her she knew where the Elements were.

Evil Rarity tried to run with Starlight's items but became tangled in vines. Rainbow Dash tried to help her out with a shovel, but Evil Rarity accused her of trying to take it from her. After she got free, she pulled Rainbow Dash to the ground by her tail and ran off.

Evil Applejack ran into Starlight and Rarity, telling more lies and insulting Starlight, hurting her feelings. After Starlight ran off and Rarity ran after her, Chrysalis and the other Mean 5 reunited with Evil Rarity, telling Evil Twilight to lead her to the Tree of Harmony.

As the Mane 6 and Starlight met up, argued, and reconciled, Chrysalis and the Mean 6 reached the campsite where the Mane 6 and Starlight were headed for, and the Mean 6 trashed the tents for fun, with Evil Rarity stealing everything. Evil Twilight told the other five about her plan, and they got to the Tree of Harmony. The other Mean 5 fought amongst themselves, and Evil Twilight said they needed the Elements to take out Chrysalis. Chrysalis heard this and engaged Evil Twilight in a beam struggle while the other five attempted to take the Elements. As Evil Twilight was about to overpower Chrysalis, the Tree sensed the Mean 6's evil and captured them, melting their bodies before destroying them in a flash of light, leaving only fragments of the trees used to create them.

After the Mean Six's destruction, Chrysalis remarks how servants can't be depended on, but ensures that she will have her revenge on Starlight one day.

Season 9

In " *Frenemies* ", it is shown that Chrysalis kept Evil Twilight's log as something to "talk to" when she needs it.

## Storm King

The **Storm King** is the main antagonist of the 2017 animated film *My Little Pony: The Movie*, based on the *My Little Pony: Friendship is Magic* series, the posthumous overarching antagonist of *My Little Pony: Equestria Girls - Spring Breakdown* and a posthumous antagonist in the rest of the series. He is the former master of both Tempest Shadow and Grubber and one of Twilight Sparkle's archenemies.

He was a tyrannical satyr-like creature who commanded a formidable army in his quest for power. He and his army invaded Canterlot so he can steal the magic of the Alicorn Princesses with the Staff of Sacanas in order to make himself all-powerful without anyone-else to help serve him. However, he met his end at the hooves of his former commander, Tempest Shadow, who he had betrayed earlier when he attempted one last attack on the Mane Six.

He was voiced by Liev Schreiber, who also played Sabretooth/Victor Creed in *X-Men Origins: Wolverine*, Stu Wargle in *Phantoms*, Ray Donovan in the series of the same name, Ted Winter in *Salt*, Colonel Alexander Vosch in *The 5th Wave*, and Kingpin/Wilson Fisk in *Spider-Man: Into the Spider-Verse* .

## Backstory

While the exact origins of the Storm King are completely unknown, it can be presumed that he took over many lands beyond Equestria, before learning of Equestria's princesses and their alicorn magic. At some point, he met up with Grubber from an unknown destination, making him his smallest servant. He destroyed many other kingdoms as well, including Capper's home and the kingdom of the hippogriffs, and enslaved many others, including Captain Celaeno and her crew. He also met up with Tempest Shadow and told her that if she helped him steal the alicorn magic, he would use it to restore her horn.

## The Invasion

The Storm King's invasion of Equestria begins during Canterlot's Friendship Festival, where Twilight Sparkle and her friends are preparing for a concert. The Storm King's henchmen, Tempest Shadow and Grubber, arrive ahead of him intending to capture` the four princesses for his upcoming arrival. During the ensuing chaos, Tempest manages to use obsidian orbs to petrify Princesses Celestia, Luna, and Cadance, while Twilight and her friends manage to escape. The Storm King calls Tempest to learn of her progress, during which he assures her that if Twilight is not captured and brought to him within three days, she will be severely punished.

Even though not a physical appearance, a bobblehead of the King is held by Murdock when Tempest interrogates the pirates on the Mane Six's whereabouts.

## Stealing the Magic

The Storm King later arrives in Canterlot, with Tempest having fulfilled her promise of successfully delivering the Princess Twiligh after she screwed up their chances of getting help from the Hippogriffs, getting into a fight with Pinkie, hurting her feelings and her friends abandoning her, as the result of their fight gave Tempest the opportunity to finally capture her with no friends to save her this time. The Storm King uses the Staff of Sacanas to absorb the magic of all four princesses, much to his glee. As he begins experimenting with his new abilities by taking a shot at a de-powered Twlight, then rapidly accelerating the day and night cycle of the world, Tempest attempts to ask when he will restore her broken horn, only to be set aside. Then Twilight's friends all came back to save her, accompanied by the con-cat Capper, the Parrot Pirates, and Princess Skystar, infiltrate Canterlot and fend off the Storm King's soldiers, after he sees Twilight's friends coming, he uses his staff to create a massive hurricane, blowing away the rest of his army and shielding the castle to keep the Mane 6, Spike and Capper from getting closer. When Tempest tries to persuade him to fulfill their bargain, the Storm King scoffs and betrays her, revealing that he had only been using her and that she has outlived her usefulness. He attempts to kill Tempest but is blown back when she blasts him back with her magic. Twilight sees an opportunity to get the staff away from the Storm King but chooses to save Tempest instead.

The Storm King laughs at this gesture and then prepares to murder them both as Twilight and Tempest are both no longer of use to him anymore.

## Final Battle

Just as he is about to kill Tempest and Twilight, Twilight's friends launch themselves out of a massive cannon, ramming the Storm King out of the way and lodging the Staff of Sacanas into the mosaic above the throne room. Twilight and her friends make up as they apologise for what they never should've done to each other at a terrible time. As Twilight and her friends work together again, they fight against the raging winds of the hurricane and the falling debris of the collapsing throne room in an attempt to retrieve the staff. Right behind them, The Storm King emerges from underneath some of the fallen rubble and desperately climbs in pursuit of the staff. Fighting against the Mane 6 in the race for the staff, he hurls himself at the staff in a fit of desprate rage, just as Twilight grabs it first just in time, but the strong winds pull Twilight, the staff, and himself through the window and out into the hurricane. As Twilight and the Storm King are presumed dead, as the Mane 5 and Spike are sad that Twilight is gone.

## Death

Just when the ponies think Twilight is dead, and mourn for her, she emerges from the eye of the storm with the staff, still alive, and uses it to end the chaos the Storm King began. As she and her friends embrace each other, the Storm King survived the storm too and sneakingly climbs back up over the balcony and hurls an obsidian orb at them in a last attempt to retrieve the staff and defeat Twilight and her friends once and for all. Tempest, however, spotted him and saw what he was about to do. Having had a change of heart after being saved by Twilight and realizing the king is too dangerous to be kept alive, she leaps in front of the princess and her friends and onto the Storm King, taking the hit and transforming them both into obsidian statues. While Twilight uses the staff to save Tempest, The Storm King's petrified body plummets down to the courtyard below and shatters into pieces upon impact, killing him and ending his oppressive tyranny over Equestria, all the lands he took over the years and his plan to rule the world before it could truly begin.

In the credits, while still in pieces in stone form, his eyes were seen moving while trying to dance before his body was reduced to rubble again.

His second-in-command at the time was Strife, a cloud creature who secretly planned to betray him and side with the Pirates.

In Issue #1, he and Strife invaded Panthera, plundering all the palace treasure and setting fire to the rest of the city. However, Strife later betrays the Storm King and allies with Captain Celaeno and her crew of parrot pirates. The Storm King, enraged by this betrayal, appoints Grubber as his new second-in-command.

In Issue #2, the Storm King catches up with Celaeno's ship, tosses Strife overboard for his betrayal, and forces Celaeno and her crew to work for him as cargo haulers.

He does not appear in Issue #3, but he was mentioned.

In Issue #4, the Storm King tracks down Tempest Shadow, who has had the Misfortune Malachite while fleeing from his Storm Creatures. The two then allies, with Tempest agreeing to become the Storm King's new lieutenant in his search for magical power in exchange for the Storm King healing her broken horn.

The Storm King is also seen in a flashback in *My Little Pony: Friendship is Magic Issue #68* .

Pony of Shadows

**Stygian**, better known as the **Pony of Shadows**, is a major antagonist in *My Little Pony: Friendship is Magic*, appearing as the main antagonist in the Season 7 finale, " *Shadow Play* ".

He is a unicorn scholar and the founder of the Pillars of Equestria, who was also their friend as he brought them together to save his home and Equestria. After a terrible misunderstanding led him to be outcasted by the pillars, he was then transformed into a monstrous pony made entirely of shadows who desired to cover the entirety of Equestria in darkness before he was reverted back to his original form by the pillars as well as the Mane Six.

He was voiced by Bill Newton, who also played Bright Macintosh and Pharynx in the series.

Background

The Pony of Shadows was originally a male unicorn named Stygian, who lived in Equestria more than 1,000 years prior to the events of the series. One day, Stygian's village was attacked by the Sirens, who used their magic to turn everypony against each other in order to feed off their negativity to become even more powerful. In order to save his home, Stygian traveled across old Equestria in search of the country's greatest heroes, which included Rockhoof, Flash Magnus, Mistmane, Somnambula, Mage Meadowbrook and Star Swirl the Bearded. Together, they formed the Pillars of Equestria and fought the Sirens, banishing them into a different dimension and saving Stygian's home.

After vanquishing the Sirens, the Pillars stuck together and continued to defend Equestria from future threats. During this time, Stygian provided assistance by studying their foes and planning strategies for them. However, while the others were hailed and respected by all, Stygian wasn't recognized in the slightest for his own contributions because he always watched from sidelines while his friends did all the work. Desperate to be noticed and wanting to prove himself a hero as well, Stygian secretly borrowed a treasured belonging from each of the other Pillars and brought them all to Ponehenge in order to perform a spell that will create copies of the artifacts so that he can fight alongside them. However, the others discovered this and believed he was trying to take their power for himself. After taking back their artifacts and stopping Stygian's spell, they then banished him from the team without even giving him the chance to explain the reasons for his actions. At the time, Stygian believed that the Pillars were just being selfish and didn't want to share their power with him, causing him to despise his former friends.

Shortly afterwards, a heartbroken and embittered Stygian discovered the Well of Shade in the Hollow Shades. There, he encountered a mysterious and shadowy entity known as "The Darkness", which promised Stygian the power to take his revenge on those who supposedly betrayed him in return for helping the entity plunge the world into eternal darkness. Enticed by this promise, Stygian agreed to this deal, and the two merged into a single shadowy being; the Pony of Shadows.

The Pony of Shadows then attacked the Pillars of Equestria and began spreading darkness and chaos across the land, desiring every pony to feel the pain he had. Realizing that they couldn't defeat him conventionally, the Pillars then decided to perform a ritual to banish him to the space between dimensions known as Limbo. However, the ritual would require them to banish themselves along with their former friend to accomplish this. Willing to sacrifice themselves to save Equestria, all the Pillars agreed to this plan. But before they did, they each poured their essence into a seed and planted them in a cave underneath the Castle of the Two Sisters, which would eventually grow into the Tree of Harmony that would help future heroes in defending Equestria.

The Pillars gathered around Ponehenge, where they first banished Stygian. There, Starswirl casted a spell to bring the Pony of Shadows to them. Immediately, the Pony of Shadows attacked them and prepared to plunge the world into complete darkness, but the Pillars then performed the ritual and willingly banished themselves and the Pony of Shadows to Limbo, where they all remained for the next millennium.

*Shadow Play* Pt. 1 and 2

Over a thousand years later, the Pony of Shadows was inadvertently released from Limbo by Twilight Sparkle, who with the help of her friends freed the Pillars from the dimensional gap as well. The Pony of Shadows then destroys Stonehenge and Starswirl's spell book so he can't be sent back and attempts to attack Starswirl. However, Twilight and Starlight Glimmer counter his attack, forcing him to retreat to shadowy areas of Equestria to regain his power.

Due to the industrialization of Equestria over the past millennium, many of the areas that were once known to be dark are now populated and bright, thus buying Twilight and her friends time to come up with a plan on how to locate and re-contain him. The initial plan was to sacrifice the Elements of Harmony in place of the Pillars, but Starlight suggested that they should try to make peace with Stygian to regain his friendship, only to be rebuffed by Starswirl who firmly believed that Stygian was beyond redemption.

Eventually, the ponies are led by the castle's map to the Hollow Shades, which is now an abandoned ghost town on the edge of

Equestria. After traveling there, the entire town collapses into the ground to reveal the Well of Shade, where Stygian first became the Pony of Shadows. The Pony of Shadows explained how Stygian and the Darkness met and fused into one before attacking Starswirl again. At that moment, the Mane Six and the Pillars open a portal to banish the Pony of Shadows and the Elements of Harmony into Limbo. However, as the Pony of Shadows begins to slip into the portal, Twilight sees Stygian himself struggling from within the black mass that is his body and dives in.

She then finds Stygian, sitting alone in the darkness. There, he revealed his true intentions for stealing the Pillars' artifacts. The Pillars and the rest of the Mane Six overheard their conversation, and the Pillars were shocked and horrified to learn that Stygian truly was their friend and that banishing him led him down the darker path. As the darkness begins to overtake Stygian again, Twilight urges him to forgive his friends and abandon the darkness. When Stygian questions why Twilight would believe he can be saved, Starlight joins Twilight and explains that she was like Stygian until Twilight managed to convince her of the power of friendship. Stygian then states that while he wants to believe what they say, he then becomes possessed by the Darkness again and boasts that it can never be defeated.

Twilight then takes a more forceful approach by lassoing Stygian's foreleg with her magic to pull him out of the Darkness while urging him to fight it. It was then that Starlight, the Mane Six and the Pillars combine all of their magic to pull Stygian out of the Darkness, which they succeed in doing. As a result, the Darkness was left without a host and could not prevent itself from being sucked into the portal on his own, causing it to be banished back into Limbo for good.

With the Darkness gone and the Elements of Harmony and Pillars of Old Equestria both intact, the land was at peace once again, and Starswirl apologizes to Stygian and rekindles their friendship.

Alternate

The Pillars and Stygian encountered an alternate version of the Pony of Shadows after he abducted a young Celestia and Luna, intending to turn them into Daybreaker and Nightmare Moon.

Despite his power, the alternate Pony of Shadows was thwarted due to Stygian's inexplicable ability to command his creatures. When he attempted to blast Stygian, their magics reacted and caused an explosion, and Stygian announced himself before departing for home with the Pillars. The alternate Pony of Shadows, who had recognized all of the heroes except Stygian, was then revealed to be the Stygian of that universe.

Me: Yeah. I know this is a big shock but I'm afraid it's all true.

Princess Celestia: But Chrysalis is dead.

Me: Yes she is but I'm afraid she has returned.

Princess Luna: How did you find this out?

Me: Laney had a dream about it. It was a vision into the future and it warned her about it.

Princess Celestia: This is a nightmare. I'm glad you told us about this.

Princess Cadance: We have to warn everyone.

Me: No. If we do that it will only cause fear and panic to sweep over the lands and the last thing we want is for fear, hysteria and panic to take hold. We still have two months to prepare for it and we have a huge window of opportunity to prepare and gather our forces.

Princess Amore: That's good. Thank you for telling us all this.

Me: You're welcome princesses.

I left.

Later at the Canterlot Donut Shop, we were having donuts.

Me: (Eating Donuts) Mmm! Love the donuts here.

Moondancer: They are some of the best ever.

Lincoln: They sure are.

Nico: Yeah. J.D. can I ask you a quick question?

Me: Sure Nico.

Nico: How did you recruit Twilight's friends here?

Me: That is an interesting story. It was shortly after I established The Knights of The Friendship Table and it was after we killed Chrysalis the first time. You weren't with me because you all were given your own mission back then.

Nico: That's right. I was in charge back then.

---

In Twilight Sparkle's castle, I was sitting with Twilight as she was reading a book. It was my first ever time inside Twilight's castle.

Me: Man Twilight your castle is incredible.

Twilight Sparkle: Thanks J.D. It's really cool isn't it.

Me: It sure is.

[dishes clinking]

Spike came in after washing the dishes.

**Spike** : [sighs] You know the worst thing about you being the Princess of Friendship? The dishes.

**Twilight Sparkle** : Thanks for taking care of that, Spike. After three events in one week and joining Team Loud Phoenix Storm, I really needed to relax with a good book.

Me: You said it Twilight. But it's gonna be so awesome having you all with us. Also it will give me a great opportunity for us to form the new branch of the team I made.

Spike: That's right! What is it again?

Me: It's called The Knights of the Friendship Table. I got the idea for it from the Map you all have here. I think that's so cool.

Twilight Sparkle: It sure is.

**Spike** : It's kinda funny, isn't it? All these ponies comin' to you for advice about friendship?

**Twilight Sparkle** : What's funny about that?

Me: I think it's great that they come to her.

**Spike** : I know but you know. You know, 'cause you used to be famous for being such a bad friend.

Twilight put the book back on the shelf.

Me: Why do you say that?

**Twilight Sparkle** : What are you talking about? I had good friends in Canterlot.

**Spike** : Come on, Twilight. Look at the wall. D'ya see any photos from before we moved to Ponyville? And look at you now - the Princess of Friendship.

I looked at all of Twilight's photos and they were amazing.

Me: Wow! You guys have done a lot and you all look really amazing in those dresses at your coronation.

**Twilight Sparkle** : [gasps] This is a disaster! All my old friends! I can't remember any of their names right now! But do you really think that they think I'm a bad friend?!

Me: I don't think that at all Twilight.

**Spike** : Well, I only meant that you've come so far. You're a great friend now and-

**Twilight Sparkle** : Oh, I feel terrible! I've gotta make it up to them!

Me: I'll come with you.

Twilight Sparkle: Great! Pack a bag, Spike! We're going to Canterlot! And make a list of my friends' names.

**Spike** : Aw. Me and my big mouth.

---

Later we were flying to Canterlot a while before I moved the whole castle all the way over to the estate.

Me: Wow. Canterlot looks so beautiful at night.

Twilight Sparkle: It sure does.

**Spike** : Come on, Twilight. You're getting worked up about nothin'.

Me: I'm sure your friends will understand about you not being there.

Twilight Sparkle: I know. But I'm really determined to help them.

Me: I know.

We landed and we saw that we were at a tower.

**Twilight Sparkle** : The only logical place to start is at the beginning.

We saw that we were at Twilight Sparkle's old tower home before she moved to Ponyville.

Me: Is this where you used to live Twilight?

Twilight Sparkle: It sure is.

[doors open]

We went in to the tower on the top and it was dusty.

Me: Wow. Your home tower is beautiful.

**Twilight Sparkle** : It sure is. Oh. It's exactly how we left it!

Me: But it sure is a nice place. I'm amazed you lived here before coming to Ponyville.

Twilight Sparkle: Yeah.

We saw an old book and it had lots of dust on it.

Twilight Sparkle: [blows] Look! It's *Predictions and Prophecies* ! And it's still open to the Elements of Harmony!

I looked at it.

Me: Wow. So this is how Nightmare Moon was gonna come back after 1,000 years.

**Spike** : And here's that present I was gonna give Moondancer! Huh. Guess she won't be needing that. Hey, look! The rest of it's still here!

He showed us an old present.

**Twilight Sparkle** : How could I have let this happen?

We saw Twilight's old room and it was amazing.

Me: Wow. Your old room is incredible. It's perfect for you.

Twilight Sparkle: It is.

**Spike** : Come on, Twilight. Princess Celestia gave you an assignment. Nopony could blame you for *that* .

Me: That's right Twilight. I go on assignments all the time on our adventures. It's part of the job of being a superhero and our job is never finished when we're up against the formidable forces of evil.

**Twilight Sparkle** : That's true. But look at the way I *left* this place. It's a total mess! Just like how I left my friendships.

[window squeaks]

Me: Twilight, I don't think you're a bad friend at all. You've done so much to help everyone in Equestria. And if that doesn't show that you have earned the title to be princess, I don't know what will.

**Twilight Sparkle** : Yeah. I've gotta make it up toooo… uh…

**Spike** : Oh! Uh, Minuette, Twinkleshine, Lemon Hearts, Lyra Heartstrings, and Moondancer.

Me: Lyra Heartstrings lives in Ponyville.

**Twilight Sparkle** : Wow. Yeah. Them.

Me: We'll do it together.

The next morning, Spike was sleeping and I was meditating.

Me: Ommmmmmmmm…

**Spike** : [snoring]

**Twilight Sparkle** : Spike! J.D. Come on! We've got work to do!

Me: Oh. Must be time.

Spike woke up.

**Spike** : [groans] Have you been awake all night?

**Twilight Sparkle** : I did a little research, and I think I know where we can find Minuette! That *is* one of my friends, right?

Me: Yes it is.

We arrived at Minuette's house and she lived in a beautiful house with an hourglass on the door and over the door.

[knock on door]

**Spike** : Uh, it's not too late to forget I opened my big mouth.

**Twilight Sparkle** : No, Spike, I'm *glad* you opened your big mouth. These ponies have probably been suffering ever since I left. Wondering why their supposed friend would treat them so badly!

Me: That wasn't your fault Twilight.

[door opens]

**Twilight Sparkle** : Minuette?

Me: Are you here?

**Minuette** : Twilight Sparkle! [laughs] You old so-and-so! What are you doing here?! Hey, Spike!

Me: Hello there.

Minuette: WOW! J.D. Knudson, the world famous leader of Team Loud Phoenix Storm! It's such an honor.

Me: Pleasure to meet you Minuette.

Minuette: Same here. I heard so much about you. (To Twilight Sparkle) Look at these wings, huh?! [giggles] Hey, grab a picture of me, J.D. and the princess, will ya?! I tried to tell my co-workers we used to be friends back when. [giggles] But they've never believed me!

Me: Boy I bet.

[lens focusing]

**Minuette** : Wait-wait-wait! *Really* fluff 'em up, huh? [giggles]

She fluffed up her wings and I did too.

[flash developing]

It took a picture.

[snap]

Me: (Blubbers) Wow. Never get used to Flash Photography.

**Minuette** : So what are you doing here? I mean, I know you're here all the time, but you never come to see *me* .

Me: Well Twilight and her friends in Ponyville just recently joined Team Loud Phoenix Storm.

Minuette: WOW! That's amazing! Hey! I just had the greatest idea! You wanna go see Lemon Hearts and Twinkleshine?

**Twilight Sparkle** : Of course! My old friends!

Me: Awesome! I can't wait to meet them.

**Minuette** : It'll be great! [giggles] Come on! Let's *fly* ! Get it? [laughs]

Me: (Laughs) That was a good one.

**Twilight Sparkle** : This is perfect! I can apologize to all three of them at once!

Me: And it will be awesome to meet them too.

**Spike** : Let's hope they're not as traumatized as Minuette.

Later at the Canterlot Donut Shop, I was having Donuts with Twilight Sparkle and her friends Minuette, Twinkleshine and Lemon Hearts.

**Me, Twilight Sparkle**, **Twinkleshine**, **Minuette** and **Lemon Hearts** : [giggling]

**Minuette** : She did! Twinkleshine literally spit out her oats when she heard you were the Princess of Friendship!

Me: Boy that must've been a really big shock.

Lemon Heart: It sure was. But it's an honor to meet the famous J.D. Knudson of Team Loud Phoenix Storm. We love all your adventures.

Me: I've never been one to brag but they are awesome.

**Twinkleshine** : Yeah. We saw you at the coronation Twilight. *That* was some shindig!

**Twilight Sparkle** : You did?

**Twinkleshine** : Sure! We see you all the time!

Me: Boy that must've been quite a party.

**Minuette** : It was. Twilight, you remember our old friend, Lyra, right? [giggles] She lives in Ponyville too. We're always over there visiting her. Or she's coming over here! [giggles] We've thought about asking *you* to join us from time to time, but we just sorta figured you'd moved on.

**Twilight Sparkle** : Oh.

Me: By the way girls, the reason I'm with Twilight is because I came to recruit you all for my own branch team of Team Loud Phoenix Storm for Twilight and her friends of Equestria.

Minuette: Cool! What's it called?

Me: It's called The Knights of The Friendship Table.

I pulled out a flag of the branch team and showed it to them. It was a flag with a crystal background and it had a 30 point star in the middle with the Team Loud Phoenix Storm emblem in the middle of the star.

Me: I based it off of the Knights of the Round Table in ancient legend on Earth except it's based on the awesome map table Twilight has at her castle. It's purpose is to help the ponies of Equestria as well as every creature in the world.

Lemon Hearts: Wow! That's amazing.

Minuette: It sure is. That's really something.

Twinkleshine: Yeah it is. What do you think girls?

Minuette: I would be honored to join.

Twinkleshine: Me too.

Lemon Hearts: Same here. This is gonna be awesome.

Me: Cool! It'll be awesome having you all with us. We'll ask Lyra later on.

**Lemon Hearts** : Great! [clears throat] So what brings all you by anyway? All those times you've come back to Canterlot, you never had donuts with us before.

Me: Well I'm really busy with my team always saving the universe. But Nico and everyone is out on a mission and I got a week off to recruit members for the Knights of The Friendship Table, so it's me and Twilight. But Twilight is with me for a reason.

**Twilight Sparkle** : Well, uh, you see… [sighs] I came to apologize.

**Minuette** : [gulps] For what?

**Twilight Sparkle** : Before I left Canterlot, I didn't really appreciate my friends. And that's because I didn't know how important friendship was. But I've learned so much since I moved to Ponyville. I learned what it means to be a good friend and that I certainly wasn't one to the three of you. So for all the pain I caused you, I am truly sorry.

**Twinkleshine**, **Minuette** and **Lemon Hearts** : [giggling]

**Minuette** : Oh, come on, Twilight! Sure, it might've stung a little bit when you ran off to Ponyville without saying goodbye, but it's not like we weren't used to that from you!

**Twinkleshine** : Yeah, we didn't take it personally.

**Lemon Hearts** : But it's really good to see you now. Hey! Anypony up for a blast from the past?

Me: I sure am. Also I heard from Sunset Shimmer that you know her.

Minuette: (Growls) That girl is with you?

Me: It's all right Minuette.

Twilight Sparkle: Sunset completely changed her ways.

Me: It's a really long story. I know you girls don't trust her but it's true. She is fully redeemed and now she wants to make it up to everyone that she wronged. She's totally changed for the better.

Well I think it's best if you saw it for yourselves when the time comes.

Twinkleshine: All right.

We arrived at the school of Princess Celestia.

Me: Wow. Is this your old school, Twilight?

**Twilight Sparkle** : It sure is. (Looks through the window) [gasps] It's our old science lab! I have so many great memories of this place!

Me: Lisa would love working here as a teacher and she is a College Professor of advanced Quantum Mechanics and Physics.

Twilight Sparkle: Amazing.

**Minuette** : [giggles] Remember when Lemon Hearts got her head stuck in that beaker?

Me: She got her head stuck in a beaker?

Minuette: (Laughs) Yeah.

**Twinkleshine** and **Minuette** : [giggling]

Me: Lets see what went down.

I used my powers and showed a memory of the past from Twilight's childhood and it showed Twilight and her friends as fillies in their science lab.

[fillies giggling]

Me: Wow. You all were really learning hard.

Young Lemon Hearts got her head stuck in a chemistry beaker.

Me: That is funny.

Twilight Sparkle: Brings back memories.

Me: I wonder how Lemon Hearts got her head stuck in a beaker like that anyway.

Twilight Sparkle: No idea.

We saw a Young Twilight Sparkle and Young Moondancer reading.

**Young Twilight Sparkle** : But according to this book, you're supposed to add the sodium chloride first.

**Young Moondancer** : I read ahead, and to make a *proper* salt lick, you need to add the molasses first.

**Young Twilight Sparkle** : Well, I read ahead too, Moondancer, and I'm sure it said sodium chloride first.

**Young Moondancer** : [dryly] Oh. I've got the wrong book. That's so hilarious.

Me: Were you two making salt lick?

Twilight Sparkle: We sure were and Moondancer had the wrong book.

Me: Oops. That's funny.

**Twinkleshine**, **Minuette** and **Lemon Hearts** : [giggling]

Lemon Hearts: Good times.

Me: But you all had great talents in all that.

**Twilight Sparkle** : Whatever happened to Moondancer?

**Lemon Hearts** : Moondancer?

**Twilight Sparkle** : Yeah, you know, our *other* friend.

**Twinkleshine** : Oh, right! Moondancer! I remember her!

**Lemon Hearts** : I wonder what she's up to.

**Minuette** : Yeah, I always liked her. We just sort of lost touch after you left.

**Twinkleshine** : I think she went to live out by the stadium, didn't she?

**Lemon Hearts** : Well, let's go see.

Me: Cool.

We arrived at her house and it looked gloomy and dilapidated.

Me: Whoa. Moondancer's house looks ominous. And it looks like she hasn't been taking really good care of it.

Spike: Yeah no kidding.

**Minuette** : I *think* this is the place. Didn't used to look like this, though.

Me: It's like she has given up hope.

Twilight Sparkle: Oh no.

Twilight Sparkle went and knocked on the door.

**Twilight Sparkle** : [knocks on door]

[door breaks]

Me: Oops. Talk about your fixer upper.

Twilight looked through the hole in the door and an eye came.

**Twilight Sparkle** : [gasps]

[door creaks]

It opened.

**Twilight Sparkle** : Moon Dancer?

**Moondancer** : What do you want? I'm trying to study.

**Twilight Sparkle** : It's us! Your old friends!

**Moondancer** : Ugh!

[door slams]

**Minuette** : [nervous chuckle] That's old Moon Dancer, all right. She always did like her books. Hey! Kinda like *you* used to be, huh? [giggles]

**Twilight Sparkle** : *Exactly* how I used to be.

Me: Oh man. She needs help and fast.

Twilight Sparkle: Yeah.

---

Later we watched as Moondancer went to the library to study.

Me, Minuette and Twilight Sparkle had fancy glasses on.

**Spike** : [sighs] Come on, Twilight! We've been watching her for three days! Library, house, library, house. That's it!

Me: Yeah she sure is studying hard.

**Twilight Sparkle** : Nopony looks at her or says hello or even gives her a smile. It's like she doesn't even exist. Was she always like this?

Me: That's what I'm wondering as well about that.

**Minuette** : Well, she always was a little shy. But for a while there, she was *really* starting to come out of her shell. Remember when she threw that party? Oh, right. I think you might've been busy that day.

Me: I think Twilight mentioned that.

FLASHBACK WITHIN A FLASHBACK

Twilight Sparkle as a unicorn was walking down the streeth.

**Twinkleshine** : [flashback] There you are, Twilight! Moon Dancer is having a little get-together in the west castle courtyard. You wanna come?

**Twilight Sparkle** : [flashback] Oh, sorry, girls… I've got a lot of studying to catch up on.

She zoomed by and left.

FLASHBACK WITHIN A FLASHBACK ENDS.

**Minuette** : Thought she finally might be letting her guard down a little with that party. We invited her out a few times after that. But she was always too busy studying. So, eventually, we just stopped asking.

Me: Oh man.

**Twilight Sparkle** : I had no idea that party was so important to her.

Me: I wasn't there when it happened so I wouldn't know.

Twilight Sparkle: I've gotta find a way to make it up to her!

Me: We all will.

Inside the library, we went in.

[door opens]

[door closes]

Me: (Whispering) Wow. So this is the Canterlot Library. It's amazing.

[quill writing]

I got to reading some books on magic.

**Twilight Sparkle** : [gasps] [feigned surprise] Oh, my gosh! Moondancer?! Is that-

**Ponies** : Shh!

Me: Sorry.

**Twilight Sparkle** : Moondancer, can I talk to you for a min-

**Moondancer** : Shh!

She saw that they were in a force field bubble. I was reading some books on Equestrian Magic and they were interesting.

Me: (In my head) Hmm. Interesting.

I looked at a plant and waved my hand and it glowed red and the plant formed into a more beautiful plant.

Me: (In my head) WHOA! That is amazing! Equestrian Magic is amazing.

Moondancer: What is this?

**Twilight Sparkle** : Eh, a bubble of silence. I haven't seen you in a while and I thought it might be nice to catch up.

**Moondancer** : For what purpose?

**Twilight Sparkle** : You know, 'cause we're friends.

[bubble pops]

**Ponies** : Shhh!

Me: (In my head) Sounded like someone blew a bubble with bubblegum.

She pulled out a book and Twilight was behind it.

**Twilight Sparkle** : I'm really sorry to bother you. I was just hoping we would go outside and talk for a bit.

She put the books back and left.

I read every book of Star Swirl's magic and put them on the cart.

Me: (In my head) Wow. I didn't know that there were so many spells in magic. So cool.

Moondancer was reading.

[page turning]

**Twilight Sparkle** : [whispering] I'm sorry I skipped your party.

**Moondancer** : [screams]

[book closes]

**Ponies** : [Shhh! Quiet!]

**Moondancer** : [growls] [whispering] Why won't you leave me alone? I'm trying to study! You've got the wrong pony! I don't have parties!

**Twilight Sparkle** : [whispering] You did once. And I was so caught up in my own studying that I didn't take your feelings into account.

**Moondancer** : [whispering] Look, Twilight Twinkle-

**Twilight Sparkle** : [whispering] Sparkle.

**Moondancer** : [whispering] Whatever! I just need to be alone so I can study without some crazy pony trying to make friends, all right?!

**Twilight Sparkle** : [whispering] Fine!

**Moondancer** : [whispering] Wait. How did you get into my book like that?

Later me, Twilight and Moondancer were walking to Twilight's old tower.

**Twilight Sparkle** : I've been studying a new studying technique. I can only do it for a few minutes, but you'd be amazed how much you can pick up when you're actually *in* a book!

Me: That's really cool.

**Moondancer** : It's one of Hayscartes' methods.

**Twilight Sparkle** : You know Hayscartes?

**Moondancer** : Of course! He's a genius!

**Twilight Sparkle** : I have a copy of his *Treatise on Ponies*, you know.

**Moondancer** : [gasps] That's amazing. But it's also an honor to meet the famous J.D. Knudson. I love all your adventures and they are amazing.

Me: I'm glad you do. Also the library of Canterlot has an amazing selection. And the magic to learn from here is amazing.

I formed a red energy beam and fired it from my finger at a tree and turned it into solid gold.

Twilight Sparkle and Moondancer were amazed.

Twilight Sparkle: WHOA! How did you do that?

Me: Gold Transfiguration spell. I just learned it. I've been reading all the books on magic over the last couple of hours while you were trying to talk to Moondancer.

Twilight Sparkle: Wow! That's amazing!

Moondancer: You are really gifted J.D.

Me: Well I get that all the time but I'm not one to brag.

We arrived at her old tower.

**Moondancer** : What is this place?

**Twilight Sparkle** : This is where I used to live. You mean, I never had you over?

**Moondancer** : Wow! A first edition of *Principles of Magic* ! Hey, didn't *I* give this to you?

**Twilight Sparkle** : Maybe?

**Moondancer** : I did! Look, I even wrote something! "To my friend, Twilight Sparkle. Thanks for introducing me to the classics." I can see by the fact that you *left* it here that it meant a lot to you.

Me: She was on an assignment Moondancer.

**Twilight Sparkle** : Look, I didn't bring you over here for even more poignant reminders of what a bad friend I was. We brought you here to give you this. You can come here whenever you want and study to your heart's content.

She gave Moondancer a key.

**Moondancer** : Really?

**Twilight Sparkle** : But first, you've gotta do something for me.

**Moondancer** : What?

**Twilight Sparkle** : Have dinner with me and J.D. and our old friends tonight.

**Moondancer** : I can't. I'm reorganizing my biology scrolls.

**Twilight Sparkle** : I've been spending a lot of time with Minuette, Twinkleshine, and Lemon Hearts since I've been back. They really miss you.

Me: Yeah they sure do.

**Moondancer** : Look! I already told you! The last thing I need is a bunch of ridiculous friend-making keeping me from studying!

**Twilight Sparkle** : Moon Dancer, wait! A wise pony once taught me that there's more to life than dusty old books!

Me: That's right. Wow. That's very philosophical.

**Moondancer** : I *tried* friendship and it's just not for me. Now, if you'll excuse me…

**Twilight Sparkle** : (Gets an idea) What if I taught you Hayscartes' method?

Later we were at a restaurant.

**Minuette** : So, uh, what are you studying these days?

**Moondancer** : Science, magic, history, economics, pottery. Things like that.

Me: Some of the things I like doing in high school. Good choices.

Moondancer: Thanks. My favorite adventure was when you went after Nerissa.

Me: That was one of our most intense battles. But that's one of my favorites too.

**Minuette** : Yowza! [chuckles] You planning on being a professor or something?

**Moondancer** : No.

Me: I should introduce you to my friend Lisa Loud. She likes studying just as much as you do and she is a college university professor.

Moondancer: Wow.

**Minuette** : So you're just… studying.

**Moondancer** : Can I go now?

**Twilight Sparkle** : Moondancer, please.

**Minuette** : It's all right, Twilight. We're having a good time. Right, everypony?

**Twinkleshine** and **Lemon Hearts** : [unsure sounds]

Me: I'm having a good time.

**Minuette** : So, uh… Spike, tell Moon Dancer that story 'bout how Twilight had to read a book about doing a sleepover!

**Spike** : [inhales]

**Moondancer** : *Slumber 101* ? I've read that.

Me: Oh yeah that was a good one. I read that too and it's great. I'm thinking about letting Lori use it one of these days.

**Twilight Sparkle** : Oh! [chuckles] Really? Well, uh, did you know Lemon Hearts here works at the Canterlot palace?

**Lemon Hearts** : Uh, yeah. It's true. I do the big events mostly. State dinners, that sort of thing.

Me: That's a big honor.

**All but Moondancer** : [awkward noises]

**Moondancer** : Ugh!

Twilight teleported out.

[teleportation zap]

**Twilight Sparkle** : Moondancer! [teleportation zap] You've gotta give friendship a chance!

**Moondancer** : Dah! I gave friendship a chance a long time ago! It didn't work out then - it isn't gonna work out now!

I teleported out in a flash of red light and Twilight gasped.

Me: Moondancer that's not true. Friendship is a grand thing to have and it lasts forever. Because you keep your friends close to your heart just like me over the centuries and the millennia.

Moondancer: Centuries? Millennia? Are you immortal?

Me: I sure am. Lived for over 150,000 years. It was a long journey and a very strange story.

Moondancer: Wow! That's incredible! I'll have to hear it later.

She left.

**Spike** : Twilight, are you all right?

She had tears well up.

**Twilight Sparkle** : No. No, I'm not.

I walked with her.

**Spike** : W-Where are you goin'?

**Twilight Sparkle** : I don't know, Spike. I really messed this one up. That party was everything to her. I can only imagine what it must've felt like when I didn't show up.

Me: I know Twilight. But lets see what it was like.

I used my powers and showed a memory.

We saw Moondancer getting ready.

**Minuette** : [flashback] Hey, Moon Dancer! Look at this spread, huh?

**Moondancer** : [flashback] Thank you so much for coming!

**Twinkleshine** : [flashback] Of course. We wouldn't miss one of our best friends' parties.

**Moondancer** : [flashback] Is Twilight coming?

[beat]

**Moondancer** : [flashback] Oh. Okay.

**Minuette** : [flashback] Hey, we'll still have fun, right? [nervous chuckle]

**Moondancer** : [flashback] Sure…

Moondancer was sad.

Me: Oh man. It broke her heart.

**Twilight Sparkle** : If there was only a way to undo the damage…

Me: Maybe there still is and I know just the pony to help.

Twilight Sparkle: I know what I need to do. And we know just who can help us.

Me: Yep.

Me and Twilight: Pinkie Pie.

---

The next day Minuette came up to the tower.

**Minuette** : [knocks on door] Huh. Guess they must've gone back to Ponyville.

**Pinkie Pie** : Wheeeeeeeee!

**Minuette** : Huh?

We were flying back with Pinkie Pie.

Me: Hang of guys!

**Pinkie Pie** : [laughing] Whoooooaaa!

[crash]

Me: WHOA!

I landed.

Me: Man that was a crash landing.

**Pinkie Pie** : That was *awesome* ! We gotta go flying more often, Twilight!

Me: Don't worry Pinkie, we always have fun flying.

**Minuette** : There you are! [laughs] I thought you threw in the old towel and headed home!

Me: Well you're half right Minuette.

**Twilight Sparkle** : I *did* head home. But not to throw in the towel. I went to get my secret weapon. Minuette, meet-

**Minuette** : Hey! Pinkie Pie!

**Pinkie Pie** : Hi, Minuette! (They hugged) Twilight, you didn't say Minuette would be here!

**Twilight Sparkle** : You two know each other?

**Pinkie Pie** : Oh, sure! She was one of Cadance's bridesmaids! We hang out all the time when she's in Ponyville! Didn't you know that? Ha! And you call yourself the Princess of Friendship!

Me: I wasn't there when that happened too. But That's neat!

Pinkie Pie: It sure is. Twilight briefed me on the way here. We'll need fifteen bags of confetti and as many hooves as we can get.

**Minuette** : Let's go! We can pass by the donut place on the way!

**Spike** : And what are *we* gonna do?

**Twilight Sparkle** : Just come with me.

Me: Lets do it.

Moondancer came out of the library and she saw a trail of books.

**Moondancer** : Ooh! *A Brief History of the Wagon Harness* ! Huh? *The Life and Times of Morari the Maneless* ?

She saw a trail of books and followed it and picked up the books and then she saw the party.

**Moondancer** : [gasps]

[books thudding]

Me: Hi Moondancer.

**Moondancer** : What is this?

**Twilight Sparkle** : It's a party. For you.

Pinkie Pie popped out of a cake.

**Pinkie Pie** : *Surprise!*

**Twilight Sparkle** : Come on in!

**Moondancer** : Thanks but no thanks. I don't do parties.

[teleportation zap]

**Twilight Sparkle** : I know. And I think it's my fault. Back when we were in school together, you invited me to a party. I was so focused on my studies that I didn't show up.

**Moondancer** : Big deal!

Me: Moondancer.

**Twilight Sparkle** : It *was* a big deal. And now that I realize how important friendship is, I'd like to make up for my mistake with a new party. A party in honor of my friend Moon Dancer! Please, you've got to let me make this up to you.

She handed her a piñata stick.

**Moondancer** : And you think this is gonna do it, huh?

**Twilight Sparkle** : Uh, yes?

Me: Yeah? Why?

**Moon Dancer** : Well, sure, why wouldn't it? That was only the *first* time I put myself out there, and then you didn't even bother to show up! Then you left town without saying goodbye even though we were supposed to be friends! I was humiliated! I felt like I wasn't important! I never wanted to let myself be hurt like that again! Those three finally convinced me that I had value! That other ponies might like me and want to be my friend! And you! Didn't! Show! Up! [screams, sobs]

I went over and comforted her.

**Pinkie Pie** : [whispers to Spike]

Me: Moondancer, Twilight was really busy. She couldn't help it. It was an assignment from Princess Celestia and the world was in danger. Just like us and everyone in Team Loud Phoenix Storm we always fight to protect the entire universe from the forces of evil. It's a big job and a huge responsibility and with great power comes great responsibility. Just like Twilight. She was given a big job and that will always be a huge responsibility. She didn't understand friendship before but now look at her. She is a great friend to everyone and she came here to Canterlot to reconcile with her friends that she didn't have time to spend with and for that she's really sorry.

**Twilight Sparkle** : That's right. This party can't make up for the way I hurt you. But please, don't let my mistake be the reason you can't be friends with anypony else.

Me: And you can always have me as a friend too. It was because of you that I learned some cool spells in Equestrian Magic.

I fired a beam of red light and it turned the cake into a massive and beautiful delicious chocolate, vanilla and strawberry syrup fountain.

Moondancer: Whoa!

**Minuette** : We were your friends then and we'd be honored to be your friends now.

Me: And all of Team Loud Phoenix Storm can be your friends too.

**Moondancer** : [sobs, sniffles] Really?

I nodded and gave her a spare handkerchief.

Moondancer: Thank you.

She blew her nose in it.

Twilight showed her three ponies.

Moondancer: What? That's the librarian! The bookseller! My sister!

**Minuette** : You've got a lot of friends, Moon Dancer.

**Twilight Sparkle** : I'm sorry, Moondancer. I've faced magical creatures, the end of Equestria, all sorts of things. But seeing how my actions affected you, that was one of the worst feelings I've ever had.

Me: And we faced a lot of challenges ourselves. We faced epic battles, villains that are ruthless, dangerous monsters, many challenges including villains killing our friends, villains that were putting the entire universe in danger, going to planets and galaxies all over the universe and even universes other than this one. Most of it's all a nightmare that will forever haunt us. But Twilight is really sorry that she didn't show. It broke your heart and for that she is really sorry. Words can't even begin to describe how sorry she is. So please give her another chance. She came here to Canterlot to reconcile with her friends. So please give her another chance for her.

**Moondancer** : [sobs] Thank you, Twilight. Thank you J.D. I'm so sorry I was such a jerk and I never realized how much I needed to hear that. (They hugged) (I smiled) Now come on, everypony! Let's party! Right?

**Pinkie Pie** : Right!

She pulled out her party cannon and fired.

[party cannon squeak]

**All** : YAAAAAAY!

Me: ALL RIGHT!

[polka]

[ponies chattering]

We had an awesome party.

Me: (Drinks Punch) Mmm! The punch is delicious.

Spike: It sure is.

Me: Oh right.

I went up to Moondancer.

Me: Moondancer? The reason we also came was to ask if you want to join my new branch team I made for the team. It's called The Knights of The Friendship Table.

I showed her the flag.

Moondancer: Wow! That's a great flag. And I heard from Minuette that you had them join.

Me: I sure did.

Moondancer: And I would be honored. But thank you for helping me make some new friends even if they are my old friends.

Me: You're welcome Moondancer. And I'm glad you could join us.

Moondancer: It's awesome.

**Spike** : Um, Moon Dancer? It got kinda banged up, but here's a little something I wanted to give you back at your first party.

She opened Spike's present and it was a picture of Twilight Sparkle, herself, Lemon Hearts, Twinkleshine, Minuette and Lyra Heartstrings all having cupcakes.

Me: That's a great photo.

Spike: It sure is.

Moondancer: It so beautiful.

FLASHBACK ENDS

Nico: Wow. That was awesome.

Lincoln: So that's how you met Twilight's friends.

Me: It sure is and I helped Moondancer realize how much friendship is to everyone.

Sunset Shimmer: That's amazing. I'm glad you were able to help her.

Me: I know.

Nico: How did you get Sunset Shimmer to reconcile with the girls?

Me: That wasn't as difficult as helping Moondancer.

FLASHBACK 2

In Canterlot, I was walking to the park and Sunset Shimmer was with me.

Me: I know you're nervous Sunset but I'll be with you the entire time.

Sunset Shimmer: Thanks J.D.

We came up to them.

Lyra Heartstrings: Hey J.D.

Me: Hi girls.

They saw Sunset hiding behind me.

Minuette: (Bitterly) What is SHE doing here?

Me: Minuette please. Sunset Shimmer just has something she wants to tell you. (Looks at her) Go ahead Sunset.

Sunset went up to them full of remorse and guilt.

Sunset Shimmer: Girls, I am so sorry I treated you all so badly. The reason I did was because I was a powerhungry monster that cared about nothing more than becoming princess. I turned down all your friendships and I was a monster. It was thanks to Twilight Sparkle and her friends that I was able to change my ways and become a better pony and person. And for all that I've done to you and for how I treated you and betrayed you, I'm so sorry.

They thought about it.

Lemon Hearts: Oh Sunset.

They went up to her and hugged her.

Twinkleshine: We forgive you.

Minuette: We're just so happy you changed.

Moondancer: I'm glad too.

I smiled.

FLASHBACK 2 ENDS

Nico: Wow. That's great she reconciled with them too.

Lyra Heartstrings: It sure is. I'm happy that you helped Moondancer.

Me: We all are.

Nico: That's a big deed.

Vince: It sure is.

Carol: Yeah it is.

---

Later in Nico's room, Nico was fast asleep and then inside his mind, Nico was going through all the files in his brain and organizing them, when suddenly a massive bright flash of light appeared and Nico shielded his eyes and he saw an angel appear. It was none other than Salem!

Nico: Salem?! Is that you?!

Salem: Yes Nico. It is me. You saved me from myself and for that I will always be forever grateful.

Nico: I always knew you were gonna come back. But I didn't expect you to be in my mind.

Salem: I told J.D. while you were having problems with the Digimon

Emperor and Organization XIII that I would come and help. But I would be your guardian angel. Like Oscar who has Ozma inside his head, I will be inside your head as a guardian angel.

Nico: Wow.

Salem: I told J.D. not to tell you or anyone else. Only May because she is the one closest to you. So I had him keep it a secret till I would come. But I vowed that I would always be here for you as my way to redeem myself for all the pain and suffering I caused to all of Remnant and protect you from future threats that may invade your mind. This is my punishment for all the pain and suffering I caused over the millennia and I will atone for it by protecting you and giving advice.

Nico: That's amazing. I'm glad you want to redeem yourself like this.

Later Nico woke up and he went and looked in the mirror and saw that he had Salem's emblem emblazoned in the middle of his forehead. But instead of it being the emblem of Salem's Inner Circle, it was the emblem she had before she turned evil.

Salem: (Through the Emblem to Nico) Like my Emblem on your head?

The emblem glows and flickers yellow when she talks.

Nico: Wow. It wasn't a dream. This is amazing.

Salem: It sure is.

Later, Nico came down and told us about Salem being inside him.

Maria: So basically, you'll also help to keep villains from controlling Nico, right?

Salem: Of course. (to me and the Loud Kids) Especially during times where you all are too busy being angry at villains like Mr. Burns to help Nico when needed.

Lynn: (angrily) Is there anything people aren't going to hate us for lately?!

Me: Lynn calm down. Lets not make things worse than they already are. Besides, Salem came to me when Nico was having problems with the Digimon Emperor.

Lori: But how?

Me: I was visited by her and she told me not to tell you all she was coming.

May: J.D. was only allowed to tell me and promised not to tell anyone else.

Me: Salem is not bad anymore. This is her way of redeeming herself after causing all the crimes she did to Remnant.

Ruby Rose: I remember that! Nico said that Salem was gonna come back as a better person one day.

Me: Exactly. And there's more to Salem than we know. Oscar can tell you all that.

Oscar: That's right. I am Ozma's reincarnation as you all know. And Salem loved me more than all life itself and she did all those things because she loved me.

Salem: I sure did. And now I can help you all by giving Nico advise and only come out and control him when the need arises.

May: What's to stop you from stabbing us in the back the first chance you get?

Salem: Even if I wanted to do that, I have no more allies left. All of my followers are either banished to the Warp, dead or in prison, Emerald and Raven have joined you all in your two teams, and without my powers, I have no way to control the Grimm now. Being trapped in Nico's head is basically the perfect punishment for me.

Me: So in a way Nico became like a Jinchuriki.

Salem: Exactly. That's a good way to describe it. It's my form of atonement for all the pain and suffering I caused to Remnant and all of you.

Me: That's a good form of punishment. Salem, I'm very sorry you went through so much. But what the Gods of Remnant did to you was completely unjust and unfair. You were just trying to bring Ozma back and they punished you for it.

Laney: That is completely unfair.

Gabriel: I know. I tried doing the exact same things you did to bring back Emile.

Lily: And Dr. Fries did the exact same things to find a cure for his wife Nora.

Salem: Wow.

Me: But I'm glad you are now helping us and Nico, Salem.

Salem: Me too. (to Oscar) Ironic, isn't it, Oscar? You have my former lover Ozma in your head. And now, I get to experience that for myself.

Oscar: I know. It's amazing.

Me: But I think this is amazing. Now Nico has a Guardian Angel.

Lincoln: He sure does. A Guardian Angel that is trying to redeem herself.

Me: Yep.

---

At the White House, The President was talking to Princess Fabia, Ren Krawler, Mira Fermin and the interstellar world leaders.

Fabia Sheen: We are doing all that we can to make the World Leaders clean up their acts but so far they are not listening to us.

President: I figured they would be trying this. After all the torture and torment that Team Loud Phoenix Storm went through with the Digimon Emperor and Organization XIII. They still view them as monsters.

Ren Krawler: We're trying our best sir.

Mira Fermin: If they refuse to see reason here in the next 12 hours then we'll have no choice but to impose sanctions and penalties on them.

President: That could probably start an interstellar war.

Fabia: We're trying not to resort to that. But they need to either comply or learn the hard way.

President: I understand.

* * *

Later at the park in Gotham Royal York we were having a Bake Sale. We had all kinds of cookies, cakes and donuts.

Lync Volan: This bake sale was a very good idea.

May: It sure is. And it's the perfect first step in rebuilding the trust with the public.

Brian: This reminds me of the time when Peter turned a cookie store that Lois used to run into a strip club.

Stewie: Brian, since we don't live in Quahog anymore, we've stopped using cutaways.

Brian: Actually, Stewie, that really did happen.

Me: Really?

Brian: It sure did and it was crazy. You don't remember it Stewie because you were drunk on Cough Medicine.

Me: You were drunk on cough medicine, Stewie?

Stewie: Oh yeah that was pretty stupid of me.

Nico: Cough medicine is dangerous if you drink it like alcoholics do?

Varie: Yeah it has codeine in it.

Brian: I know.

Brian told us how it happened and more.

Me: Whoa.

Pakura: (to Brian) Considering the bikini girls that were in the cookie strip club, I'm surprised you weren't in on the idea.

Brian: (scowls) Because I didn't feel like looking at girls wearing only bikinis while my best friend was drunk on cough medicine.

Me: I don't blame you. You and Stewie are like brothers and he has done so much for you even long before we destroyed Quahog.

Lois: That fucking idiot! He ruined me because of that! I don't know what I ever saw in that testicle chinned son of a bitch!

Me: Peter always was a stupid and brainless alcoholic drunk. No offense Homer.

Homer: None taken.

Me: He has done so many stupid things that it's beyond all forms of comprehension. No offense again Homer.

Homer: Again none taken.

Me: Good.

Lois: Yeah Peter always was stupid. But I made the right choice to divorce him.

Me: You sure did. But we can help you get that cookie store of yours back Lois.

Meg: Yeah mom and your cookies are awesome.

Lois: Oh thank you sweetie and thank you guys.

Me: You're welcome.

A kid came up.

Me: Welcome to the TLPS Bake Sale.

Kid: Awesome! Your sweets all look awesome!

Me: Thanks. See any you like?

Kid: I sure do. You have awesome s'mores cookies. I'll take 4 of them.

He handed us 10 bucks.

Me: Thanks.

He took 4 of them.

Kid: I don't care what those monsters say about you guys. You guys are all my heroes.

Me: Thank you. That means a lot to us.

The kid left and shared them with his friends.

We were selling sweets like hot cakes.

Crankcase: Where did Peter even get that idea?

Joe Swanson: It was from Quagmire. He was the one who suggested that sex sells.

Me: Pfft. What a fucking pervert.

Nicole: I hate that guy! It's amazing that he is much worse of a pervert than Master Jiraiya or Master Roshi.

Jiraiya: Hey I resent that!

We laughed.

Then Kevin McCallister's family came.

Me: Hey guys.

Buzz: Hey J.D.

Me: Things are crazy huh?

Buzz: Yeah. (to Kevin) Look, Kevin. I'm sorry if you think we've been mistreating you again.

Kevin McCallister: I didn't know you guys went back to mistreating me again.

Linnie: That's because we haven't been. We just haven't had the chance to spend time with you with all the crazy stuff going on.

Armada Hoist: For a minute, I thought you three forgot the lesson you learned.

Jeff: How can we forget? We learned it after Metallo nearly killed us.

Me: Lots of things have been going on over the last 2 and a half years ever since Megan joined us.

Megan: Yeah its not your fault guys. You know how busy we are saving the world and the universe.

Buzz: I know. It's a big job but someone has to do it.

Lynn: Yeah. It's big but we can do it as long as we work together.

Zarya: Indeed.

Linnie: Yeah.

Jeff: The battles you have are incredible. It's so awesome how you guys always come out on top.

Me: We don't like to brag but thank you.

Rainbow Dash: They are pretty awesome.

Lightning Dust: Yeah they are.

We had a very successful bake sale and sold all our sweets and more.

---

Later we were getting ready.

Sparkstalker: Where do we go this time?

Me: We're going to face the Grand Duke of Owls and help Chanticleer raise the Sun.

Laney: I remember that adventure! That was amazing!

Aylene C.: It sure was.

Varie: And that was a great adventure.

Lily: Yeah it was.

Nico: What happened during that one?

Me: Oh that's right. Most of you weren't with us when it happened and we weren't called Team Loud Phoenix Storm back then. Here's what went down.

I went over the events of Chapter 98 and went over the history of The Grand Duke of Owls.

---

The Grand Duke of Owls is the main antagonist in the 1991 Don Bluth animated film, Rock A Doodle. He is a magical owl and he is the leader of the other owls. He hates his nephew, Hunch.

He is voiced by the late Christopher Plummer.

He is an owl who hates light. *Note the goof in his movie; He bakes a pie near an oven with only little light. Really, he is a villain who hates all types of lights: flashlights, streetlights, lamp lights, firelights, and cameralights, which is what Peepers uses to blind the Grand Duke's minions when they pull up the toy box boat to stop them from reaching the city because he doesn't want the sun ever to rise again.

He banishes Chanticleer. Edmond broke the Duke's glasses and called Chanticleer's name, this caused the Duke to turn Edmond into a kitten as punishment so he can eat him but is rescued by Patou the dog. In the climax, he becomes a giant magical being and prepares to take over the world and crushes Chanticleer and Edmond tries to revive him but the Grand Duke chokes him, rendering him unconscious and at the edge of his life. Eventually the animals revive Chanticleer by cheering him on and he crows causing the sun to come up and the Grand Duke shrinks, and his nephew, Hunch, whom he abused throughout the movie decides to abuse him because he's now smaller and weaker. It is unknown if Hunch killed the Duke or not. Because of his size, Edmond is turned back into a boy again causing Edmond's punishment to be over, and the spell to be broken. Edmond learned the error of his ways and he no longer is afraid.

---

Everyone gasped in shock!

Nico: WHOA! Oh man! That's crazy!

Aylene C.: Yeah. The Duke hated Chanticleer because of the Sun.

Lincoln: And used his magic to make it look like the Sun was coming up on its own and he caused the animals to banish him.

Me: But after that he caused a Perpetual Rainstorm to drench and flood the farm.

The Springfield Bullies, Patty & Selma, Cargill, Crimson Dynamo, Puff, Kangor, Spot and Krusty appeared.

Krusty: Hey hey kiddies. (Goofy Laughter)

Jimbo: Can me, Dolph, Kearney, Patty & Selma, Cargill, Crimson Dynamo, Puff, Kangor, Spot, and Krusty go with you guys?

Me: You all sure can. We're going to the world of Rock-A-Doodle.

Kearney: AWESOME! My kid loves that movie. And so do I.

Dolph: That movie was great and Glen Campbell was awesome.

Me: He sure was. My dad loves his songs and his favorite was Wichita Lineman.

Luna: Rockin choice dude.

Sam S.L.: Yeah!

Eli: This is gonna be awesome.

Me: It sure is. Lets roll!

We went to the world of Rock-A-Doodle from 1991. It was gonna be an awesome adventure.

---

We arrived in the world of Rock-A-Doodle and it was dark and stormy and creepy.

Sixshot: Is this the place?

Me: Yep this is it.

We walked over the hill and we saw a really horrifying sight. We saw a huge rainstorm pouring rain over the farm and the farm getting flooded by the second as the water was rising fast.

Me: Oh man! We got here just in time! Lets get to Edmond before he turns him into a cat!

Nico: Right!

We flew towards the farm!

In the Farm, the Duke came in with heavy footfalls.

**Edmond** : "Chanticleer?"

**Grand Duke** : "No… it's not Chanticleer."

**Edmond** : (scared) "Who… Who are you?"

**Grand Duke** : "You put your finger in the Duke's face, remember?

These are expensive, little brat!" *(tosses his broken monocle at Edmond)* "But, that is not why the Duke is going to eat you."

**Edmond** : "Eat me?"

**Grand Duke** : "Oh dear, now I've gone and spoiled the surprise. Oh, always doing that." (eats a mushroom) "But you see, we creatures of the night have worked very hard to make absolutely sure that that bird does not return! And you, you, with no regard for the feelings of others, have the nerve to call him back here by name! And besides, I positively loathe rock and roll." *(laughing maniacally)*

**Edmond** : *(running off)* "You're not gonna eat me!

**Patou** : *(narrating)* "And that's when the Duke hit the ceiling." *(The Duke literally breaks through the ceiling and uses his magic breath to stop Edmond in his tracks.)* "If Edmond wanted to bring Chanticleer back to raise the sun, the Duke was gonna have somethin' to say about it."

**Grand Duke** : "Kittens are more digestible."

The Duke picked up Edmund. But then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind the Duke and a phoenix cry was heard as a barking noise is heard outside, and Patou charges into the room.

**Patou** : ( *narrating* ) "This is where I come in."

( *Patou chomps the Duke's ankle. The Duke screams in pain, drops Edmond on the floor, and shakes Patou with his foot. Edmond watches the Duke then strangle Patou.* )

**Grand Duke** : ( *angry* ) "You'll pay for this, Patou! This does not concern you."

**Patou** : "It does if it's about Chant-" ( *gets strangled by the Duke* )

Me: (Offscreen) Hey Duke!

He saw me.

Me: TIME TO SHINE!

I fired a beam of light into his face and he screamed and went flying.

Me: YEAH!

Kangor: (Jamaican Accent) Edmond? Is that you, mon?

Edmund: Yeah. You all saved me. (Gasp) Guys!

Me: Long time no see Edmund!

We hugged.

Edmund: We haven't talked in a while.

Me: I know.

Edmund: And you are now the famous Team Loud Phoenix Storm!? Wow!

Me: I know. When we met the first time we weren't called Team Loud Phoenix Storm.

Edmund: I know. Wow! You have so many new teammates with you.

Me: Yeah we've been really busy.

Nico: It's a pleasure to meet you Edmund.

We introduced ourselves.

Edmund: It's an honor.

Nico: Same here.

**Peepers** : *(offscreen)* "Patou!" *(Edmond sniffs for Peepers' scent and gets down on all fours.)* "Patou!"

**Patou** : *(calls out to Peepers)* "I'm in here!"

**Peepers** : ( *continuing* ) "By my calculations, this can't possibly be the City." *(checks the map)* "Let's see. 367 southeast… or is it 676?

Me: Peepers!

Eli: Peepers!

Peepers: J.D.? Wow! It's great to see you all again.

Me: Same here. We grew in numbers since we were here last.

Ruckus: Dude, I don't mean to rush you. But have you seen Chanticleer?

Edmond: I know where he is actually. He's in the city.

Nico: Oh man.

Me: We got to find him and fast.

Patoo: I know.

Snipes: Yeah.

Edmund: The story is true. You all laughed at him and he ran away.

**Patou** : "You're right, son. We done wrong, and that's why we're searchin' for the City. We gotta find Chanti and apologize."

**Chick 1** : "Then he'll forgive us."

**Chick 2:** "Come home."

**All Chicks** : "And raise the sun!"

Me: But it wasn't your fault. It was the Duke. He used his dark magic to make it look like the Sun was rising on its own and because of him he plunged the farm into a perpetual rainstorm.

Nico: That's right. First we have to find Chanticleer and bring him back and kill the Duke.

Eli: That's right and we're gonna need a lot of light to face him.

Me: That's where the Light Skylanders come in.

Spotlight: We'll gladly help.

Knight Light: Yes! For the light.

Edmund: Mom, Dad, help! *(thunder)* Oh, Chanticleer.

**Patou** : "What?"

**Edmond** : "If he doesn't come back and crow soon, it won't shine again, and the rain will keep coming down, and the water will get higher and higher 'til, 'til… We all drown."

**Snipes** : "Wowie, wow, wow, wow, wow! Are we close? Are we near the City? Us magpies are just made for the city. Come on already, hurry up, Peepers!

**Peepers** : "We are not looking for the City. We are looking for Chanticleer.

**Snipes** : "Well, he's in the City, isn't he?"

**Edmond** : "Then, he is in the City."

**Snipes** : "Girls, they think they know everything. Why don't you run home, be a mousewife, make cheese."

**Peepers** : "Snipes, you think you're so superior."

**Snipes** : ""Thuperior." Nice lisp."

**Peepers** : "My lisp isolates and elevates me and makes me a rare specimen."

**Snipes** : "Ah, this is flippin' garbage!"

*(Peepers and Snipes start arguing.)*

**Patou** : *(pushing them aside)* "Pipe down, you two."

Me: Yeah.

Puff: I hope there's no more rain. Me and water don't go well together.

Me: We'll figure something out for you.

**Edmond** : "Well, I know where the City is. I've been there lots of times.

**Peepers** : *(begging Edmond)* "Edmond, would you take us to the City?"

Me: We all will. Just like we did before.

Edmund: Yeah!

**Patou** : *(laughs)*

**Edmond** : "And bring him home, and save Dad and Mom and the farm."

*(The animals cheer.)*

**Snipes** : "Alright, hope you can swim, guys." *(He puts on his snorkel as the flood rushes into Edmond's bedroom)*

**Edmond** : "Oh, no!"

**Peepers** : *(gasps)*

We flew and walked on the water.

*(Edmond, Patou and Peepers get washed into the flood. Peepers swims through the water, coughing.)*

**Snipes** : *(screaming)*

**Edmond** : "We don't have to swim! *(grunts)* We'll go by boat." *(coughs)*

Me: We'll be with you all the way.

Nico: That's right.

Applejack: YEEHAW! This is gonna be awesome.

**Peepers** : "Oh, this is serious."

**Patou** : "Peepers, you'll need this if those owls return." ( *He tosses Peepers the flashlight.* )

**Stuey** : "Owls? Owls?"

**Peepers** : "Here!" ( *She gives Stuey the flashlight instead.* )

**Stuey** : "Owls?"

**Peepers** : "I'm sticking with you." ( *She jumps from the back end of the bed and lands aboard the toybox.* )

**Patou** : "Well, fellas, this is it."

**Edmond** : *(gulps)*

*(Edmond, Patou, and Peepers ride the toybox towards the open gap of the house, as Snipes flies above.* )

**Snipes** : "The City! The lights, the chicks, the food!"

**Edmond** : "Goodbye! Good luck with the owls!" ( *Edmond and his friends and us go on our big adventure to the city.* )

**Farm Animals** : "Goodbye!"

**Stuey** : "Owls?" *(whimpers)*

**Narrator** : "Meanwhile, bound for the city, Edmond steered us through the perils of the flooded river."

Runabout: Summer rains, you can never- [The rain starts again.] -predict them.

Double D: It's best if you don't jinx us, Runabout. I learned that the hard way.

Runabout: Sorry.

Peepers: Starboard ho!"

Snipes: "Starboard who? Left or right?"

Edmond: "Uh-oh." (sees a giant tree ahead) "Giant tree, a hundred feet and closing!"

THUNDERCLAP!

Me: Huge Tree Coming in at 2:00!

Ed: Is it 2:00?

Eddy: Shut up Ed.

Peepers: "Jumpin' Jehosaphat! We need wind power!"

Edmond: "40 feet!"

Snipes: "Well guys, I-I think I'm slowing you down. Yeah, I'll see you later, guys."

Edmond: "30 feet!"

Snipes: "Ahh!"

Peepers: "Come on, Patou, pull on this. (Patou raises the sail.) It worked!"

Edmond: "Turn now!" (The gang steers the toy box away from the tree, as it flows down some rapids and enters the rest of the river.) "This is the right way, guys!"

Me: We're on the right track.

Then I heard Hunch doing his warcry.

Me: Uh oh! OWLS COMING IN!

Laney: I see them!

Nico: Stand ready guys!

Crimson Dynamo: I've got this! (fires missiles at the owls)

He blasted them all over in fiery explosions.

KRABBBBOOOOOOOMMMM!
KRABBBBOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOOOMMMMM!
KRABBBBOOOOOOOOOOOMMMMM!

Nico: YEAH! Nice shooting.

Woody Woodpecker flew up to Hunch.

Woody Woodpecker: Guess who? (Pecks Hunch on his head)

Hunch: OOOOOOWWWWWW!

Woody Woodpecker: (Trademark Laugh)

Nurzak: I do hope that's the last of them.

Me: Not quite.

Edmond: "Oh, no!"

Patou: "Get the lid!"

Snipes: (yelps)

Me: Everyone get tiny!

I had used my powers to shrink us into toy size and we were all in the Toybox. We went through an Aqueduct pipe.

Me: Wow. Close one.

Eli: No kidding.

Snipes: (pecking the toy box) "L-Let me outta here! I can't breathe! Help, I need air!"

Edmond: "What's wrong with him?"

Peepers: "He's claustrophobic. Teeny-weeny tight spaces make him very, very nervous."

Me: I don't blame him.

Water was pouring in through the walls of the chest.

Edmond: "Uh-oh. Uh-oh!"

(Thanks to Snipes, the water pours into the holes that Snipes has made.)

Patou: "Get him away from the lid!"

I tied him up and we sealed the holes.

Me: Close one.

Nico: Just hold together guys.

We got out of the water pipe and arrived in a water path.

**Peepers** : "That was close. Mercy."

Me: But at least we're out.

**Edmond** : "Oh, no!"

( *A waterfalls lies straight ahead.* )

Me: Uh oh!

**Peepers** : "Abandon ship! Abandon ship!"

**All** : ( *screaming* )

( *The toy box falls down the waterfall against a series of sewer pipes and splashes into the sewage below. It comes apart instantly, as the four friends emerge from the sewage and climb onto an oil drum, wheezing.* )

Me: Whoa! Good thing we can fly and breathe underwater.

Eli: Yeah.

**Edmond** : ( *curious* ) "What's that smell?"

**Snipes** : ( *frustrated* ) "Garbage. Ah, this is pathetic. I risk my life and what do I get? Garbage! Why, I've never been so-" ( *He notices the bright lights of the City ahead.* ) "Wow!"

**Edmond** : "The City!"

**Snipes** : "Wow!"

Me: This is gonna be interesting.

**Peepers** : "It's so beautiful."

**Patou** : ( *climbs on the drum* ) "Now, all we got to do is find Chanticleer…" (chuckles) "… And that's gonna be like hunting for a needle in a haystack."

Me: Yeah no kidding.

Later we looked in the phone book.

**Edmond** : ( *reading the phone book* ) "Chalmers, Chanta, Chantilly, Chantz. He's not in here."

Me: Tartar Sauce. Lets keep moving.

( *He leaps down from my arms and leads all of us into the City* .)

Edmund: "Let's go!"

( *The camera shifts to a shot of the friends and us looking high and low for Chanticleer, as the song "Come Back to You" plays.* )

**Patou** : ( *narrating, overlapping the song* ) "You ever get that feeling when you're lookin' for something that it's right under your sniffer? I know it seems crazy, but it was almost like we could hear his voice calling to us. You know, like he was just waiting for us to come and ask him back. But we looked everywhere, and we talked with everyone. But, nobody had heard of Chanticleer, nobody. Funny thing was, he was right under our nose the whole time. Or should I say, we were under his."

( *The camera cuts to a shot of the friends and us sitting outside a nightclub, as an audience cheers for a singer inside the building.* )

Patty: We're never going to find Chanticleer at this rate!

Eli: I have a feeling I know where he is.

Edmond: "No, Patou, that's not how it goes. For the hundredth time, it's over, around, under, and through, that's how Patou ties his shoe. Now you say it."

Patou: (Groans)

Me: You'll get it Patou. It takes practice.

Eli: Yeah.

Meanwhile, Hunch, now wearing his sunglasses and singing his theme song, as he flies into the city, just passing through a billboard that says "Dairy King" with an elephant drinking a shake. He passes through the elephant's mouth, as he pulls out a telescope.

Hunch: (spotting the animals and us) "Ooh, there you are! Pilot to bombardier: Enemy target below! I'm going in for a closer look! Cover me!" (He swoops down, making airplane noises, and crash-lands in a nearby bush.)

Peepers: (gasps) "What was that?"

Eli: I think it's one of the owls.

Me: I feel it. It's Hunch.

(Hunch sneaks out from a bush and pulls out his Swiss Army knife. It produces a corkscrew, until Hunch shakes the knife again, pulling up a dagger.)

Hunch: (giggles) "Complete atrocitation." (He hides behind a prop.)

Edmond: "Alright you guys, we've rested long enough. They're counting on us back at the farm."

Me: That's right.

Peepers: "Well, if you ask me-"

Snipes: "We didn't."

Peepers: (surprised, gasping) "Jumpin' Jehosaphat!

Me: What is it Peepers?

Edmond: "What?"

Peepers: "It's him!" (points to something)

Snipes: "Who?"

We looked at the building behind us.

Peepers: "No wonder we couldn't find him, he's changed his name!"

(A large, 20 ft. high, neon-lit Chanticleer prop being dubbed "The King" is shown in front of the animals. The building, Pinky's Palace, is also shown in front of the prop.)

Patou: "Chanticleer is the King?"

Edmond: "The King?"

Me: That name has already been taken back over 40 years ago.

Patou: "Ooh, your Highness!"

Eli: A rooster Elvis.

I turned on my X-Ray vision and showed inside and we heard him sing.

( *The camera cuts inside Pinky's Palace, where attractive swan girls are waiting for the show to begin.* )

**Announcer** : "Ladies and gentlemen, the King!"

**Patou** : ( *narrating* ) "Old Chanticleer may have stopped crowin', but he hadn't stopped using that voice of his."

**Chanticleer** : ( *singing* ) "Let me be your rooster,

and let me roost with you."

**Girls** : ( *screaming* )

**Chanticleer** : ( *singing* ) "Let me be your rooster,

and let me hear your sweet voice coo."

**Chorus** : ( *vocalizing* )

**Chanticleer** : ( *singing* ) "Girl, you've thrown me for a loop.

Well, you're the number one chick in the chicken coop!"

**Patou** : ( *narrating* ) "Chanticleer had become a star."

**Chanticleer** : ( *singing* ) "I wanna, rock, rock-a-doodle to you,

I wanna rock, rock, rock 'til the day is through,

I wanna rock, rock-a-doodle-doo through the night!"

**Chorus** : ( *singing* ) "I wanna rock!"

**Chanticleer** : ( *singing* ) "Rock, rock 'til the morning light,

well it ain't right to rock alone.

It takes two, I do believe,

I'm wanna rock-a-doodle-doodle to you!"

**Chorus** : "To you!"

**Chanticleer** : ( *singing* ) "Like you rock-a-doodle-doodle to me,"

**Audience Member** : ( *faints* )

**Chanticleer** : ( *singing* ) "I'm wanna rock-a-doodle-doodle to you,"

**Chorus** : "To you!"

**Chanticleer** : ( *continues singing* ) "Like you rock-a-doodle-doodle to me!"

**Chorus** : "Rock-a-doodle-doodle…"

( *An attractive pheasant, Goldie, watches the King perform and sticks out her tongue, jealously.* )

**Patou** : ( *narrating* ) "But, not everybody liked the King. Goldie here was jealous of him."

**Pinky** : "… less my manager's fee of 60%." ( *He pushes aside a stack of dollar bills.* )

**Goldie** : "But, Pinky, I just have to know when."

**Pinky** : ( *growls, leaping onto his desk* ) "Goldie, will you not bother me with this right now? You've gotta go on in two minutes." ( *He hits his golf ball around the desk, using it as a golf hole, as the golf ball lands in Pinky's cigarette tray.* )

**Goldie** : "But, I'm too good for the chorus!" ( *She huffs and walks over to Pinky.* ) "What's he got that I ain't got?" ( *She stands on a coffee table.* )

**Pinky** : ( *laughs, drinking a martini* ) "A voice."

**Chanticleer** : ( *singing* ) "I wanna rock, rock-a-doodle through the night…"

**Chorus** : "I wanna rock!"

**Chanticleer** : ( *singing* ) "Rock, rock, 'til the morning light…" (He jumps on a prop record and moonwalks his way to his chorus boys.)

**Patou** : (narrating, overlapping the song) "Fortunately for us, Goldie was a lot smarter than she sounded and a lot nicer too. She just didn't know it yet."

**Chanticleer** : ( *singing* ) "… Like you rock-a-doodle-doodle to me, yeah!"

**Chorus** : "Rock-a-doodle, rock-a-doodle, rock-a-doodle-doo to me!"

( *The camera cuts back to Pinky's office.* )

**Pinky** : "Lookie, Goldie, when I found him, he was a nobody. Nobody wanted him, nobody cared about him." ( *grabs a record and spray-paints it in gold* ) "But, I picked him up out of the gutter and now look at him."

( *The camera zooms in through the record's needle hole and focuses back on Chanticleer.* )

**Chanticleer** : ( *singing* ) "Well, it ain't right to rock alone…"

( *The camera cuts back to Pinky's office.* )

**Pinky** : "Everybody starts in the chorus. Goldie. Of course-" ( *snickers* ) "You could give up showbiz!"

**Goldie** : ( *horrified, clutching onto a tiki statue* ) "Pinky!"

**Chanticleer** : ( *singing* ) "I wanna rock-a-doodle-doodle to you,

**Chorus** : "To you!"

**Chanticleer** : ( *singing* ) "Just like you rock-a-doodle-doodle to me!" ( *He runs to a prop needle, jumps on it, and spins around for a final pose.* )

**Chorus** : "Rock-a-doodle-doo to me!"

**Audience** : ( *cheering* )

**Chanticleer** : "Thank you, thank you very much. I love you! I love you!"

Me: He sure has a great voice.

Nico: Yeah he does. He sure is talented.

Coloratura: He sure is. Just like me.

Applejack: No arguments there.

Bai Tza: If anymore rain occurs, I'll just use my powers to stop it.

Me: Good thinking.

Edmond: "Now that we found him, how do we get in to see him?"

Me: Good question. He's gonna have bodyguards all over the place.

(Hunch stands behind the Chanticleer prop, armed with his knife and giggling. He jumps out and prepares to go in for the kill.)

Announcer: "Ladies and gentlemen, the King is leaving the building."

SMASH!

Hunch: (The door slams into him.) "OOOOOWWW!"

(A red carpet rolls out the doors, followed by the King's adoring fans and Pinky's group of security guard toads surrounding their manager and Chanticleer.)

Bouncers: (singing) "Out of the way! Move it, move it, move it!"

Edmond: "Chanticleer! King, over here!" (waves his hands)

Max: "Don't touch the star!"

Bouncers: (singing) "Try, you won't get very far!

We'll bounce you once,

bounce you twice,

If you get out of line,

we're not very nice!

We'll bounce, bounce you all over the place!

Bounce, bounce, bounce, bounce, if we don't like your face!"

Max: "Get away from the star!"

(The Bouncers have escorted Pinky and Chanticleer to their private chopper. Pinky tips Max and climbs up the stairs following Chanticleer.)

Patou: (narrating) "Chanticleer was a star alright. But, it's hard to be happy without friends, even if you are famous." (Pinky shuts the helicopter door, and the helicopter takes off.) "I reckon he'd be awfully glad to see us, if we could just figure a way to get near him."

Audience: (chanting) "We want King! We want King!"

Hunch: (dizzily, emerging from the carpet) "Aggravation." (The blade slides off the handle.)

Me: This is gonna be tougher than we thought guys. Those frog guys are all over him like a bad rash.

Eli: Yeah.

Nico: I can take them on. I've handled tough creeps like them before.

Me: So have I. But right now we need a plan.

*Later at Pinky's Palace, a large crowd is gathered outside, as a seller is selling penguin suits to the customers.*

**Seller** : "Penguin suits, two for a dollar! You wanna see the King? Come and get your penguin suits! Remember: No dogs, humans, birds, or mices."

( *Inside the nightclub, Edmond, in his penguin suit is writing a letter to Chanticleer.* )

**Edmond** : ( *writing the letter* ) " "Dear Chanticleer, we're sorry. Come home, your friends." ( *He passes the note to his friends, all* *wearing penguin suits and we are hiding under the tables* ) "Here guys, come on, sign this." ( *to Snipes* ) "Here."

Me: Just be careful guys.

**Snipes** : "Must you bother me whilst I dine?"

**Peepers** : "Snipes, sign this."

**Snipes** : "Oh heavens. Where have you been all my life? Lasagna a la pasta."

**Patou** : "Just sign it."

**Snipes** : "Ah, sure."

( *A suspicious-looking rhinoceros waiter stands at their table.* )

**Peepers** : ( *to the waiter* ) "Excuse me, sir, would you please see that the King gets this?"

**Edmond** : "Yeah, it's really important."

**Snipes** : "Oh, and waiter? We asked for light cola. This stuff weighs a ton!"

( *He obliviously pours his drink into his penguin suit, causing the suit to overflow in front of the waiter.* )

**Rhino Waiter** : "Hmm." ( *on the walkie talkie* ) "Get me the boss."

*(At the same time, Pinky talks to Goldie about his plan, as Goldie sits on a prop pearl.)*

**Goldie** ( *hesitantly* ) "It sounds bad, Pinky"

**Pinky** : "It's only a little bad, not a big bad. Look, he's lonely, he needs a friend. And that bad little human wants to steal him away. You don't want that, do ya?"

**Announcer** : "Ladies and gentlemen, Pinky's Palace proudly presents the King!"

*(The audience cheers as a diving suit is lowered onto the stage, revealing the King.)*

**Chanticleer** : "Thank you, thank you very much."

**Audience** : ( *cheering* )

**Patou** : "Would you look at that?"

**Peepers** : ( *amazed* ) "Chanticleer?"

**Chanticleer** : ( *singing* ) "Well down in Tupelo,

I was so alone.

I never had no money,

to have no honey for my own.

That's why I'm treasure hunting-"

**Chorus** : ( *vocalizing, appearing from a trap door* )

**Chanticleer** : "Treasure hunting for my love…"

**Chorus:** "He's treasure hunting for his love."

**Chanticleer:** ( *singing* ) "Well I've been everywhere,

searching high and low.

But I ain't found no rainbow yet,

that has a pot of gold.

Well, I'm treasure hunting-"

( *Chanticleer tosses his cape to his admiring fans, who grab the cape and tear it in seperate pieces for their own. Snipes raises his head from a cherry pie.* )

**Peepers** : "You know, I think he dyed his hair."

**Patou** : "Hey, what are you doin', little fella?"

**Edmond** : ( *folding the note into a paper plane* ) "Something I learned in school."

**Max** : ( *seeing them* ) "Hey! You boys is dead meat." ( *He glares at them, tearing an ad apart.* )

Me: Get him!

We went at Max and I punched him and the bouncers in their faces.

Me: Take that frog boy!

Nico kicked them in the face again.

**Edmond** : "Chanticleer!"

He threw the note.

**Chanticleer** : (singing) "Good King Neptune said he'd help me find my treasure far below the sea.."

**Chorus** : "Far below the sea!"

The plane note got stuck in a prop shark and I punched a frog in his face and kicked him in the stomach and Eli slashed him all over.

**Edmond** : "Patou!" ( *Patou helps him get on.* )

**Chanticleer** : "So, I keep treasure hunting.."

**Goldie** : "Do you promise no one gets hurt?"

**Pinky** : "No one gets hurt. You just do the number, make him happy, and keep him away from that bad little human!"

Me: (Telepathically to Goldie) Goldie don't believe a word he's saying. Edmund is not bad. We aren't. Pinky and the Duke are bad. They are using you. Just don't let him know we're on to him.

( *Edmond, Snipes, and Patou are dressed as lobsters, until Snipes trips over and falls on top of Edmond, followed by Patou.* )

**Chanticleer** : "Treasure hunting for my love…"

**Chorus** : "He's treasure hunting for his love."

**Pinky** : *(sees them* ) "Hey, there's no lobsters in this number. Get them outta here!" ( *Two of his bouncers run to the stage, until Pinky drags them aside.* ) "Wait a minute, don't spoil the show, huh?" ( *He gives them shark costumes.* )

**Chanticleer** : ( *singing, swinging onto the stage* ) "That treasure's all I'm thinking of!"

**Chorus** : "Thinking of."

**Chanticleer** : "Thinking of."

**Chorus** : "Thinking of."

We were fighting the bouncers all over and smashing their faces in all over.

( *The bouncers come for Edmond, Snipes, and Patou, who make a break for it.* )

**Chanticleer** : "Well, I got treasure hunting fever,"

**All** : "Yeah-Yeah!"

( *Edmond and the shorter bouncer climb on a rope ladder. Peepers stands on a control box and pulls a lever that raises the sharks higher.* )

**Chanticleer** : "Well, I got treasure hunting fever,"

**All** : "Yeah-Yeah!"

**Chanticleer** : "Well, I got treasure hunting fever,"

**All** : "Yeah-Yeah!"

(Edmund grabbed the note)

**Chanticleer** : "Well, I got treasure hunting fever… for love!"

**Chorus** : "Got that treasure hunting fever!"

*(Edmond luckily puts the note in Chanticleer's hand.* )

**Chanticleer** : "Yeah, I got treasure hunting fever… for love!"

Me: Yeah!

The Bouncers were beaten to within an inch of their lives.

**Pinky** : "Now!" ( *He rudely shoves Goldie onto the stage. She halfheartedly twirls around and meets Chanticleer, grabbing the note from him and touching his privates.* )

**Goldie** : ( *singing* ) "Deep deep, the trouble you're in,

I've thrown you to the sharks, and you can't swim."

( *Edmond, us and the gang watch Chanticleer and Goldie's introduction from the ship.* )

**Patou** : "Oh, no." ( *He bitterly looks at Goldie, while Snipes sticks out his tongue at Goldie.* )

( *Soon, the camera cuts to another part of the city, where it pans up from the streets to a large penthouse resembling Chanticleer's farm on top of a skyscraper. Chanticleer and Goldie are sitting on a perch at the top of the barn.* )

**Patou** : ( *narrating* ) "Well, you can take the rooster out of the country, but you can't take the country out of the rooster. Old Chanticleer had found himself a city perch sorta tailored to remind him of the farm he'd left behind. Trouble was, with Goldie on the scene, he wasn't feelin' so lonesome for us anymore, which was exactly the way Pinky wanted it, 'cause that was exactly the way the Grand Duke wanted it. There was just one problem with their plan, of course: Goldie was only supposed to pretend to fall in love with Chanticleer, but she was falling in love for real, and that can really change a pheasant."

*(A bouncer, standing on a platform above the perch, lowers a tray of King wine bottles down to their couch, as Goldie feeds him some*

*soda.)*

**Goldie** : ( *singing* ) "Love has said hello,

you don't know… what that means,

really means to me…"

( *Edmond and the gang watch them date from another skyscraper.* )

**Patou** : "Ooooh, I think we've lost him."

**Edmond** : "What do you mean? He's right there."

**Peepers** : "Oh, no, no, he ain't. He's a thousand miles away."

**Edmond** : "Huh?"

**Peepers** : ( *sighs* ) "Isn't it romantic? When roosters fall in love, they lose all reason."

Me: Yeah but this was a rotten time for love to show. Especially in a time of crisis.

Nico: Yeah.

Eli: But it's so beautiful. Like with Lincoln and his harem and me and Nunnally.

Me: Yeah.

**Snipes** : ( *disgustedly* ) "Aaah, enough mush. Let's go eat."

**Edmond** : "Eat? How can you think of food at a time like this?"

**Snipes** : "Lasagna!" ( *puckering his beak* ) "Mm-mm-mm-mm."

Nico: Is that all you think about is food?

**Edmond** : ( *shouts* ) "Chanticleer! Chanticleer!"

**Chanticleer** : "Oh Goldie, when I left the farm, I had such a big hole in my heart you could've put a John Deere tractor through there."

**Edmond** : "Chanticleer!"

**Goldie** : "Oh, you poor thing."

**Chanticleer** : "My heart is so full, I could-I could just explode like a bloated lamb."

**Goldie** : "Oh, King, you say the nicest things."

**Edmond** : "Chanticleer!"

**Chanticleer & Goldie** : ( *singing* ) "This song is our treasure,

that we'll share our whole life through…"

**Edmond** : "Chanticleer!"

**Patou** : "I'm sorry, little buddy. But, we're just no match for that painted feather duster."

**Edmond** : "Oh, yeah?" ( *He marches off.* )

**Patou** : "Uh, hey, where you goin'?"

**Edmond** : "Well if I can't talk to him, I'll talk to her."

**Chanticleer & Goldie** : ( *singing* ) "As I kiss and coo. Kiss, kiss and coo with you."

**Chorus** : ( *singing* ) "Kiss and coo with you."

( *Chanticleer and Goldie kiss each other on their beaks, as sparkles spread around the scene. It irises out with the shape of a heart.* )

Me: So cute.

Later we were in the trailer lot. Edmund tried talking to Goldie but no luck.

*(He then runs to his friends hiding under a food truck.)*

**Edmond** : "What happened?"

**Snipes** : "Ah, she's a woman."

**Peepers** : "W-what? (growls) That's the last straw, I've had it!"

**Snipes** : "I wasn't talking to you-"

*(The food truck drives off, and the friends scream as they are trapped inside a net.)*

**Pinky** : *(laughing)* "Well, well, well… the dog, the human, the bird and the mouse! We meet at last, eh?" *(laughing)*

**Edmond** : "Let us go!" *(gasps)*

**Pinky** : "Max, take 'em to my trailer. Lock 'em up. Make sure the King doesn't get a whiff of this." *(continues laughing)*

**Goldie** : *(closing the curtains)* "Oh, no! What have I done?"

We saw the whole thing.

Me: Now it's personal.

*(Soon, Edmond and his friends have been tied up to the ceiling with mouths tied in gags. Max slams the trailer door and laughs, knocking over a mobile grill. Up in the sky, Hunch flies overhead until he sees Max.)*

**Max** :"No dogs, humans, boids or mices!" *(He continues laughing as he bounces back to the stage.)*

**Hunch** : "A-ha!" *(He dives for the trailer, making airplane noises, as he skids across the roof and lands inside the pool.)*

**Patou** : *(narrating)* "Now, I gotta admit, as bad guys go, the Duke's nephew Hunch was more a hoot than he was horrible."

**Hunch** : *(gurgling inside the pool)* "Oh, boy!"

**Patou** : *(continues narrating)* "But still, he was a nuisance, and as we were tied up at the moment, we weren't all that happy to see him." *(Hunch swims up from the pool.)*

**Hunch** : *(pulls out his pocket knife that produces the wrong tools)* "Oh, come on!" *(The knife produces a kitchen blade.)* "A-ha!" *(drives the knife into the roof hatch and sings)* "I will always think of you. Oh, Ma, I miss your apple pie. Ma, I miss your stew. But, most of all Ma, I miss you!" *(looks inside and props up the hatch with a bamboo cane)* "Oh-ho, look at that! Ooh, anticipation!" *(laughs as the hatch lands on his head)* "Ow!" *(The hatch also lands on the bamboo cane, launching a cactus plant into the air. Hunch gets tangled in the rope and gets launched with the cactus plant. He gasps and screams as the cactus plant pulls him into the trailer, where it bounces on an armchair, while Hunch lands in a stuffed tiger's mouth. He pulls his head out of his jaws, and he sees the cactus plant falling toward him, groaning. The plant lands on him, with its vase cracking into pieces and dirt spilling on the floor.)*

*(The camera cuts to a chorus line of bees jumping up and down and buzzing in tune to the next song: Back to the Country. A small flurry of snowflakes hits each bee as they are buzzing, as the camera pans away to see Chanticleer and Goldie standing on a motorcycle.)*

**Chanticleer** : *(singing)* "Let's get away,

you and me together,

Two birds of a feather flying-"

**Pinky** : "Cut, cut, cut!" *(An alarm bell rings)* "Murray, what's with the snow here?" *(Murray, an orangutan dressed in purple, stops dumping the cotton balls into a portable hopper.)* "Take five, everybody! And Miss Pheasant, how 'bout a smile, hmm?" *(loses his temper)* "Aw, it's supposed to be summer, for cryin' out loud!"

We came in.

Cargill: Are you Chanticleer?

Chanticleer: I sure am but everyone calls me the King. (Gasp) J.D.! Everyone!

Me: It's great to see you again Chanticleer.

We hugged.

Chanticleer: I didn't expect you all to be here.

Me: I know. We weren't called Team Loud Phoenix Storm when we first met.

Nico: Yeah we've expanded our forces a lot since then.

Me: These are all of my team.

We introduced ourselves.

Chanticleer: It's so awesome to meet you all and you all have been very busy from what I can see.

Eli: All that and more.

Laney: Yeah we have done it all over the years.

Chanticleer: I can see that.

Me: We came to bring you back to the farm. I'm afraid the situation is worse than you think.

Chanticleer: What do you mean?

**Goldie** : "King, may I talk to you?"

**Chanticleer** : "Ah, honey, don't pay no mind." ( *Pinky keeps complaining offscreen.)* "You're gonna do just fine."

**Goldie** : *(grabs the paper plane out of her breasts)* "Yeah, but-"

**Chanticleer** : *(snatching the paper plane from Goldie)* "Now, now, no buts about it, honey."

**Goldie** : *(snatches the paper plane from Chanticleer, desperate)* "King, I've done something awful."

**Chanticleer** : "What is it, baby?" *(Goldie hands him the note, which Chanticleer opens.)* "Patou, Snipes, Peepers. Goldie, where'd you get this?"

**Goldie** : "From you, that night we first met."

**Chanticleer** : "They were here?"

**Goldie** : "They're still here."

Me: And we'll help. I have a plan.

I revealed my plan and it was to have Chanticleer and Goldie ride the motorcycle out of the set and head to the trailer.

We hid and got ready.

**Hunch** : (armed with a fork) "Here, kitty, kitty."

**Edmond** : "Get away from us! Get away!"

**Hunch** : (leaping up, pointing his fork at the animals) "Oh, ho-ho! Acceleration!" (He giggles evilly, until he sticks his fork into the TV antenna, electrocuting him.) "OOOOOWWWW!"

(TV playing)

(The electrocuted Hunch, getting his fork out of the TV antenna, launches away from the TV set and crashes into a closet bed that twists and then falls on him. He stumbles out from under the bed and climbs onto a vacuum that speeds away as Hunch holds on for dear life. The vacuum bumps into the mattress, as Hunch is sent flying into a fan, where Edmond and his friends are held captive in the net. The fan spins around at high speed, causing Edmond and the others to scream, until Patou's shoelaces snap off the fan, as they crash land on the bed and the fan breaks away from the ceiling. Edmond, Patou, Peepers, and Snipes bounce off the mattress and land in an armchair, grunting.)

**Hunch** : (sees the fan coming toward him) "Ow!" (The fan lands on Hunch, which causes the bed to rise and spin again, before it puts itself back in the closet, with electricity sparking and Hunch's feathers coming loose. The camera cuts back to the movie set.)

**Max** : "Stand by."

**Murray** : "Stand by!"

**Max** : "Quiet on the set."

**Murray** : "Quiet on the set!"

**Max** : "Hey, shut up!"

**Goldie** : (sadly) "King, I'm sorry."

**Chanticleer** : "Don't talk to me, I'm thinkin'."

**Pinky** : "Roll sound!"

**Max** : "Speed."

**Chanticleer** : "Where are they?"

**Goldie** : "They're in Pinky's trailer outside."

**Max** : "Mark it. 42A, take two." (clacks the clapboard)

**Chanticleer** : (looking for a way to get out, until he sees an open stage door.) "Oh, yeah!"

**Pinky** : "Action!"

**Chanticleer** : "Hang on, honey!" (powers up the engine)

**Goldie** : (screams)

**Pinky** : "That's not in the script!"

He drove off and we fired blasts of fire and burned the set all over and we flew towards Chanticleer.

**Goldie** : "Look, there it is!"

Me: Target sighted.

**Hunch** : "Hoo-ho-ho, annihilation! Abomination! Hold still!" (hits a step of a trailer floor, then corners Edmond and the others, waving his fork)

**Goldie** : (screaming) "Watch out, King!"

**Chanticleer** : "Whoa!"

Me: Here we go!

I smashed through the window and kicked Hunch and Patou stopped.

Me: Nice one!

Nico: YEAH!

Lincoln: That was awesome!

Me: Chanticleer, your friends have something to say.

Chanticleer: (to Snipes) Give me one good reason why I should come back after how you guys drove me away!

Volcana: Look, I get it. You're upset that Snipes and your friends drove you away. But they really are sorry for what they did.

Chanticleer: Why should I believe them?

Shun: (looks at me and the Loud Kids) Because J.D. and the Loud Kids have recently been in their shoes.

Me: That's right. Chanticleer, they didn't mean to laugh at you. It was all because of the Duke. He used his magic to fool everyone and turn them all against you.

Chanticleer: What? But the Sun was rising on its own.

Me: It was all an illusion. He made it look like the Sun was rising all on its own. And it was because of him that they drove you away. And the Duke plunged the entire farm into a Perpetual Rainstorm and it's almost totally underwater.

Edmund: That's right!

Me: When we get back you got to crow.

Nico: That's right! The Sun hasn't shined ever since you left.

Chanticleer: I don't remember if I ever did crow.

Peepers: Of course you did!

Me: That's right. But we'll worry about that later. Right now getting you back is first.

Goldie: I'll go with you all!

Chanticleer: Okay.

Me: Lets go!

We heard motorcycles coming.

Me: We got company! Lets go!

We left the trailer and went to the car.

**Goldie** : "Oh no, not Pinky's Caddy."

Me: We don't have a choice. I'll drive.

Edmund: Can you drive a car?

Me: I sure can. Done it countless times.

I got in the driver seat and started the engine and put it in drive and gunned it.

Me: EAT OUR DUST ASSWIPES!

The Bouncers were chasing us.

Me: Oh no you don't.

I turned and we went through a colosseum set.

Applejack: YEEHAW! This is fun!

Rainbow Dash: AWESOME!

**Edmond** : "Uh-oh, look!"

We saw Hunch on the trailer.

**Hunch** : "Abomination! Oww!"

**Peepers** : "Come on, Edmond, we gotta lose that trailer!"

**Edmond** : How?

**Peepers** : Edmond, you can climb.

**Edmond** : No I can't!

**Peepers** : Just climb down there-

**Edmond** : What? I can't.

**Peepers** : Don't be such a sissy!

**Edmond** : I'll fall!

**Peepers** : You're brave, you won't fall!

**Edmond** : I will!

**Peepers** : (angrily) Oh, I'll do it myself! You're such a coward. (She leaps off the car trunk and parachutes all the way to the trailer hitch with her dress. She then examines the hitch.) (grunts) "Oh, dear. My. Here we go. A-ha!" (Pushes on the lever)

(Hunch uses his pocket knife to puncture one of the trailer tires. After a few punctures, the tire explodes, jolting the hitch away from the ball mount.)

**Peepers** : (screams) "Edmond!"

**Edmond** : "Patou, help!" (Peepers lands on one of the chains that is barely holding out the strain.) "Hold on!"

(Peepers and Edmond are almost in each other's grasp until the chain that Peepers is clutching to breaks in two.)

**Edmond** : (screams)

**Peepers** : Help! (Peepers rides away with the trailer that crashes into the studio water tower that basically resembles Pinky.)

Me: OH NO!

**Edmond** : (screaming) "Peepers!" (echoes as Edmond runs into his own brain)

**Peepers' ghost** : "Of course, if you were a coward… Coward…"

**Edmond:** (voiceover) "I'm not afraid of anything."

(voices overlapping)

**Patou** : (voiceover) "Hey, lay off the boy."

**Rhino Waiter** : (voiceover) "Get me the boss."

**Peepers' ghost** : (voiceover) "You're just a coward!""

**Pinky** : (laughing evilly)

**Grand Duke** : (laughing evilly)

**Edmond** : (shouting) "NO! STOOOOOP!"

We gasped.

Me: I'll turn us around!

I turned the car around and we plowed through the motorcycles.

**Pinky** : "Oh, sure, they wanna play chicken, eh?"

**Murray** : "Don't worry, boss, I ain't turnin'!"

**Pinky** : "Idiot, that's my car!"

(Pinky grabs the wheel and turns his golf cart away from his stolen limo.)

**Edmond** : "Whoa!" (They see the water tower ahead.)

Me: Hold on!

I hit the brakes.

Edmond: I think she landed up here. Peepers!" (to the rest) "Come on, we gotta find her!"

We start climbing and flying.

(Pinky and his goons drive up to the water tower as well.)

**Pinky** : (whines) "Ooh, my baby! My beautiful baby." (to his men) "What are you lookin' at?" (swats one of his bouncers with his fedora) "Get up there!"

**Edmond** : "Peepers!"

Me: Where are you?

Then Nunnally slipped and Eli grabbed her hand.

Nunnally: (Shoes fall off) "Oh, my shoes!"

**Bouncers** : (grunting)

**Max** : "Bozo!"

Varie: (On the radio) Help is here guys!

We saw Pinkie's helicopter.

Chanticleer: There's our break!

Me: Lets go!

We flew into the helicopter.

**Pinky** : (laughs) "What a catch!" (laughing) "Bring 'em in, Murray!" (sees Murray) "Murray?"

**Peepers** : "Murray, who's Murray?"

**Edmond** : (relieved) "Peepers!"

Me: You're all right!

**Peepers** : "Edmond! Let's have some help up here; this is a Sikorsky X-62, and these things are cra-a-a-azy!"

Me: Let me drive!

I got the controls of the copter.

**Pinky** : "The King! He's gone and I'm ruined!"

We flew back to the farm and to the eye of the storm.

Me: Here we go.

Spot: Maybe I can use one of my spot to get to where the Duke is.

Me: No Jonathan. He's expecting us. Our best weapon we have is light.

Lily: That's right. The Duke and his Owls hate the Light.

Astroblast: And we have plenty of it.

Princess Celestia: And we'll gladly help you all out.

Brittney: The Goths of Darkness may be Masters of The Night, but we will never condone this kind of evil to the forces of Darkness.

Lucy Loud: That's right!

Rubberband Man: Where's the Duke right now?

Me: He's still at the farm. Lets go get him guys!

Nico: This is gonna be awesome!

Me: Get ready Duke, (Eyes glow red) IT'S TIME FOR YOU TO SEE THE LIGHT!

Nico: Yeah!

Back at the farm, the flashlight's batteries die.

**Stuey** : "Oh, no, no, no!"

**Grand Duke** : "Oh, yes, yes, yes!" (Stuey screams) "Gentlemen, go down and invite our friends to dinner."

**Owl Minions** : (singing) "Who, who, who, who?

We are the creatures of the night,

and we invite you all for dinner.

There's plenty of food to go around,

when the food is… you!"

**Stuey:** (gulps) "Who, me?"

**Owl Minions** : (singing) "Yes, you!

We thought a picnic would be nice,

and we're so pleased that you could join us.

We're glad you're home, trick or treat!

Fa-la-la-la-la-la, how sweet!"

**Grand Duke** : (spoken) "Now's the time,

say your prayers… time's up!"

**Owl Minions** : (singing) "Fa-la-la-la-la-la, how sweet!

Fa-la-la-la-la, let's eat!"

**Grand Duke** : (clears throat) "Please, pass the pork." (laughing) "Excellent, gentlemen, excellent!" (Light blasts in their faces) (screaming)

**Edmond** : "Alright, you owls, this is Edmond and Team Loud Phoenix Storm. It's over for you; we've got Chanticleer!"

(The Farm Animals cheer and escape the picnic table.)

**Edmond** : "Where's my mom and dad? I can't see them."

**Patou** : "Don't worry, we'll find them."

Me: Just have faith!

(rotors whirring)

We flew towards the owls.

**Grand Duke & Owls** : (scream)

(The helicopter passes over their heads, sawing the roof with its blades.)

**Grand Duke** : (sees a buzz cut on his head, growling)

Me: Talk about a bad haircut.

Nico: Or in this case Feathercut.

Chanticleer: Sure has changed.

Me: Yeah. Lets go in for a landing.

**Peepers** : "Hold on!"

Hunch then came in through the vents!

**Hunch** : "Ta-da, annihilation!" (laughs, ogling at Goldie's breasts)

**Goldie** : (squeals, slapping Hunch away)

**Hunch** : (lands on a fire extinguisher and breaks loose and hums "Ride of the Valkyries" while riding on the fire extinguisher)

**Edmond** : "Aah!"

**Hunch** : (continues humming "Ride of the Valkyries", missing Patou, almost attacks Edmond and Peepers, and hits the helicopter controls)

(The helicopter starts falling apart.)

**Peepers** : "She's going down! Abandon ship, abandon ship!"

We jumped out as the copter landed in the water.

We landed on a land mass.

Me: That was a close one.

Nico: Yeah.

Vince: But thank goodness we're all right.

Me: Yeah.

Eli saw the Duke's mountain castle.

Eli: Time for the Duke to be homeless. (Cups hands to side) KAAAAAA MEEEEEEE HAAAAAA MEEEEEEEE HAAAAAAAAAAAAAAAAAAAA!

He fired a Green Kamehameha Blast and it hit the Duke's mountain castle and it exploded with incredible power!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The entire mountain castle was destroyed in an instant and the storms stopped.

Me: WHOA! Nice shot bro!

Eli: Thanks.

But then the Duke came.

Duke: (laughs) Did you all enjoy your bath?

Krusty: You know we could've drowned because of you, right?

Me: It's over for you Duke! SOLAR FLARE!

I released a massive blast of white light as powerful as 1,000 suns and The Duke Screamed in pain as he was being blinded.

Nico: Nice one!

Eli: Lets see how you minions like the light of a Million Suns!

Eli had his Decaforce Sword turn into the Million Suns and it released a massive flash of light that was as bright as a million suns! The light hit the owl minions and burned them all over and they dove into the water!

Troy: We'll help with this as well.

Megaforce Rangers: Legendary Ranger Mode: Lightmask Squad!

The Megaforce Rangers turned into the Light Maskman Rangers from 1987.

Me: Your crimes of darkness will never match the forces of light Duke!

Nico: It's time to Shed Some Light!

Me: And Shine forth!

Luminous: Lets shine the light!

Hydro Man, Captain Cold, Golden Glider and Ebon then appeared.

Me: Hydro Man, Captain Cold, Golden Glider, Ice Kate, Kid Kold and Ebon..

Golden Glider: Crazy weather huh?

Nico: No kidding.

Qin: I see you have Kate and Leo with you.

Captain Cold: Yep. Want to bring the family with me.

Nico: Nice.

May: I take it you guys saw the light show as well, right?

Hydro Man: We sure did.

Captain Cold: Also, we've got 4 new recruits with us.

Me: This is gonna be interesting.

Ebon: It sure is and I can salvage your helicopter for you.

Hydro Man: After the flood waters receed actually.

Me: Good thinking and we'll put it in our garage to repair.

They came and we saw Jade Nguyen A.K.A. CHESHIRE, Chato Santana A.K.A. EL DIABLO, Roxanne Sutton A.K.A. ROXY ROCKET and Bette Sans Souci A.K.A. PLASTIQUE!

Me: Jade Nguyen A.K.A. Cheshire, Chato Santana A.K.A. El Diablo, Roxanne Sutton A.K.A. Roxy Rocket and Bette Sans Souci A.K.A. Plastique!

Plastique: That's right J.D.

Cheshire: (to Speedy) I hope there are no hard feelings between us from when I went after you during the Brotherhood of Evil mess.

Speedy: No worries Jade. After everything that happened with us it's all water under the bridge.

Me: But if we face the other members of the Brotherhood of Evil they are gonna be dead meat.

Nico: That you can count on.

Lincoln: Big time.

El Diablo: It's good to see you guys again.

Me: Same to you Chato and we owe you big time for helping us destroy that asteroid that was about to destroy the planet.

El Diablo: It was no problem. It was awesome.

Me: It sure was.

Roxy Rocket: (to Batman) Good to see you again after you went missing because of Brainiac, Batman.

Batman: I've been very busy helping out.

Me: But the way you fly with rockets is awesome.

Roxy Rocket: Thanks.

Rocket Raccoon: My name is Rocket too. Coincidental huh?

Roxy Rocket: It sure is. (To Woody Woodpecker) And Woody, I have just the perfect archenemy for you.

Woody Woodpecker: You do? Who?

Roxy Rocket: Your old local conman Buzz Buzzard.

Woody Woodpecker: Buzz Buzzard!? Oh boy! It's gonna be fun! As long as it's not Ms. Meeny.

Rocky Rocket: Don't worry. She's still trapped in the Spirit World.

Lincoln: Good. She can stay there and rot.

Me: Agreed.

Plastique: (to Captain Atom) I still remember our encounter on the Watchtower all those years ago.

Captain Atom: Good times back then.

Shope: This is gonna be so awesome!

Me: Explosively awesome.

Plastique: It sure will.

?: It sure will be explosive.

A figure came out and it was CHAMELIAC from episode 29 of Lost Galaxy!

---

**Chameliac** was a robotic chameleon/knight-like warrior, brought in to guard the construction of a laser dish designed by Kegler to destroy the Galactabeasts and the main antagonist of his titular episode, " *The Chameliac Warrior* ".

Whenever Chameliac scanned and cloned the Galaxy Rangers' powers and abilities (including as the Lights of Orion), he was able to use it against them. Each time Chameliac would confront a Ranger, a panel on his helmet with the corresponding color would slide into place, allowing him to use that Ranger's fighting style.

In the first battle, Chameliac was too powerful for the Rangers as he was able to copy and counter everything they could do, even being able to replicate the Lights of Orion attack. However, after seeing the monster as being like a computer that couldn't be beaten, Leo realized that Chameliac could be beaten, if given the wrong information. The Rangers returned and attacked him using each others' unique fighting styles. The move worked and Chameliac was soon unable to counter the Rangers. Once he was wounded, Leo hit him with the Red Capsular Cycle's **Fireball Mode**, defeating Chameliac who grew giant in response.

After Chameliac grew, the Rangers called upon the Galaxy Megazord to fight him. Chameliac was surprised when the Megazord was formed as Villamax was supposed to destroy it with his laser, but the weapon had been destroyed by Mike Corbett as the Magna Defender. Chameliac was easily able to counter the Galaxy Megazord as he did the Rangers' individually so Leo called upon the Stratoforce Megazord. However, while Chameliac was prepared to counter its boomerang attack, the Stratoforce Megazord came prepared and was instead armed with the Centaurus Megazord's laser cannon. Like when the Rangers switched fighting styles, Chameliac was confused by the change-up and the Stratoforce Megazord was able to use the laser cannon to weaken him. The Galaxy Megazord then powered up using the Lights of Orion and finished off Chameliac with a strike from its saber.

---

Leo Corbett: Chameliac!

Chameliac: Been a while rangers.

Me: I remember you! You were brought in to guard the construction of a laser dish Kegler was building to destroy the Galactabeasts!

Chameliac: That's right and you know what I can do right?

Me: I sure do. You have the awesome ability to copy the rangers powers and abilities which I think is really cool.

Chameliac: Thanks.

Leo Corbett: Don't even try to copy out fighting styles again!

Chameliac: Actually, I'm going to copy the fighting style of the Purple Jungle Fury Ranger this time. (to Jungle Fury RJ): Your color is one of the few that I haven't tried out yet.

R.J.: That's interesting.

Me: This is gonna be interesting. I remember seeing you do that on TV and you are the Lost Galaxy Ranger's version of Taskmaster.

Chameliac: But I'm not that analytical but thanks for the compliment.

Me: You're welcome. Edmund you're in for quite a show. We usually have what we call Usual Battles when the villains show up with our frenemies the Masters of Evil.

Edmond: Cool!

Me: Lets get it on.

We went at them.

---

Battle 1: Casey Rhodes, Twilight Sparkle, Minuette, Twinkleshine, Lemon Hearts, Moondancer, Lyra Heartstrings, Spike, Princess Celestia, Princess Luna, Princess Cadance, Princess Amore, Flurry Heart, Star Swirl, Donut Joe, Snowdrop, Children of The Night, Luster Dawn, Alice, Alpha Hydranoid, Sparkstalker and Fangry VS

# Cheshire

---

Cheshire was first.

Cheshire: (To Casey Rhodes) My Animal Spirit would probably be the Cheshire Cat. Nuff said.

Fluttershy: Absolutely. What your father did was terrible and I would hate to imagine what would happen if you went to the same prison he was in.

Tree Hugger: It would not be groovy dudes.

Zecora: The crimes your abusive father has done must be learned for there is plenty of time for forgiveness to be earned.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion pulverized him all over the place.

Edmund: Had enough, Duke?

Duke: I will never be defeated!

Me: The Light will always come strong!

Patou: (silently) "Chanticleer… Chanticleer."

Grand Duke: "Very stupid, Patou."

Patou: (cont.) "Chanticleer, Chanticleer, Chanticleer…"

Grand Duke: "Look here, quiet!"

All: "Chanticleer…"

Grand Duke: "Quiet, I say!"

All: "Chanticleer…"

Grand Duke: "Shut up!"

All: "Chanticleer!" (all chanting)

Chanticleer: (wheezing)

Grand Duke: "Fools, all of you, silence! I'll give you Chanticleer!"

(The Duke leans toward the camera with a frightening glare and uses his magic breath to enlarge himself.)

All: "Chanticleer, Chanticleer, Chanticleer!" (continue chanting)

(The Grand Duke keeps growing larger and larger, until he turns into a tornado to kill the animals and destroy the farm.)

Grand Duke: (maniacal laughter)

(A lightning bolt strikes a claw-shaped tree branch that the Duke's minions are standing on, sending it down to the ground, where the branch traps Chanticleer, who struggles in vain to crow.)

Grand Duke: (continues cackling)

(A series of voiceover flashbacks are heard.)

Duck's Voice: "Look, it's comin' up without him! You're a phony!"

(A family of possums hang tight on a bed, as the Farm Animals below rush to escape the chaos and flying debris.)

Grand Duke's Voice: "Are you by any chance having a little trouble with your throat?"

Duck's Voice: "You're a phony! It's comin' up without him!"

Edmond's voice: "It's your job to bring up the sun."

Peepers' voice: "It hasn't shined since you left."

(A truck falls from the top of the tree and crashes on the banks below.)

Edmond's voice: "It's your job to bring up the sun." ("Chanticleer! Chanticleer! Chanticleer!")

Peepers' voice: "It hasn't shined since you left."

(The Duke's minions perch on the branch, sadistically looking at Chanticleer struggling.)

Chanticleer: (gasping)

Patou's voice: "Chanticleer, you gotta crow, and you gotta crow now!"

Grand Duke's voice: "Cocka-doodle-doo?"

Patou's voice: "Chanticleer, you gotta crow, and you gotta crow now!"

(Chanticleer remembers his duty to crow and starts spinning around like the Tasmanian Devil, catching the Duke's minions by surprise. Chanticleer then bursts from the ground and rockets into the sky like a comet, having regained the power to crow, as the Duke's Servants and blown up into the sky as well.)

Chanticleer: (loudly) "COCKA-DOOOOO! COCKA-DOOOOO! COCKA-DOOOOO!" (echoing through space)

(The sun rises on his call, sending a beam of light toward Earth and striking the Grand Duke in his tornado form.)

Grand Duke: (screams)

Nicole: He will.

Nicole sealed his spirit into the Book of Vile Darkness.

Hunch then came.

Me: Hunch.

Hunch: I know. But I'm not here to annihilate you. I want to apologize for all my crimes.

Me: It's all right Hunch. But you need a better team than being with a monster like The Duke of Owls.

Hunch: Agreed. I want to redeem myself.

Me: Cool.

We saw the Helicopter and we beamed it to the garage.

Me: This was awesome.

Nico: Thanks man.

Lincoln: It was awesome!

Me: Lets head home.

We went home.

**Patou** : (narrating) "Well, our journey had finally come to an end. Old Chanticleer was back to stay, the sun was up, the rain had stopped, and the owls were gone for good."

We now have the Duke of Owls as a little one as our prisoner in Lucy's Crypt room and now his gigantic carcass is food for us.

THE END

---

Another awesome fanfiction complete.

This is the sequel to the first time I did a chapter for Rock-A-Doodle. It was one of my favorite movies from my childhood and it was awesome! I thought the songs were incredible and the story was great. Also this chapter was made as a tribute to the great Glen Campbell and Christopher Plummer. Christopher Plummer died yesterday and I have known his acting for years and my dad loved Glen Campbell's song Wichita Lineman and it was awesome!

R.I.P.

Glen Campbell - April 22, 1936 to August 8, 2017

Christopher Plummer - December 13, 1929 to February 5th, 2021

Thank you for giving us a great movie and so many awesome songs and movies.

NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjaking of hearts all gave me the ideas for this. Thanks guys. The next Number is gonna be Number 67: Pair-a-Dice Smasher and that one is gonna be in the possession of the 1st of the 4 Saint Beasts from Yu-Yu Hakusho: Genbu the Black Tortoise of The North. Get ready for an awesome battle with that one. And the next chapter is gonna be where we go into the apocalyptic future world of Blue Submarine No. 6 and we're ALL going to take down the evil mad scientist Zorndyke and destroy him and save humanity from his evil.

See you all tomorrow.

# An Apocalyptic Ocean World

Me: I know. We have been so busy.

Laney: Yeah.

**Lola:** *[annoyed]* "Where's Lincoln? We're going to miss the bus."

**Lisa:** "It is precisely 7:31 AM, which mean Lincoln will misplace his backpack in three, two…"

**Lincoln:** *[looking for his backpack]* "Where did I put my backpack?" *[finds it]* "Never mind, Cliff was napping on it."

**Lisa:** "Followed by a hasty breakfast."

**Rita:** "Lincoln! Your burrito and OJ!"

**Lincoln:** "Give me a second!"

**Lisa:** "I suggest you move three steps to your right."

*[Lana moves three steps to her right, Lincoln runs off with his burrito and OJ, Cliff tries to get into his backpack, but he can't, his OJ and burrito fall but he catches it]*

**Lincoln:** "Yes!"

**Lisa:** "I suggest you don't get too attached to that burrito."

**Lynn:** *[steals Lincoln's burrito]* "Yoink!"

**Lincoln:** "Wha-? Hey!"

**Lynn:** "Ha-ha! Snooze, you lose, Stinkin'!"

I swiped the burrito back.

Lynn: HEY!

Me: That's Lincoln's not yours Lynn.

I gave it back to him.

**Lisa:** "Like clockwork."

**Lola:** "Lynn, what are you doing?"

**Lynn:** "Track just started, baby. I'll be getting my sprint on to school for the rest of the season. See you chumps later."

*[As Lynn runs off, the bus arrives, and the Louds board the bus.]*

**Lincoln:** "Lookin' good, Ernie! Love the new beaded seat."

*[Ernie gives him a thumbs up. He goes to greet his friends]*

We got on.

Me: Hey guys. Been a while.

Stella: Sure has. Morning, Lincoln.

**Rusty:** "What's up?"

**Lincoln:** "Hey, everybody! Finally Friday, am I right? Or Or should I say, Fri-yay? This girl knows what I'm talking about!"

**Girl:** *[chuckles]* "I do! I do know what he's talking about!"

**Clyde:** "Oh, Lincoln! I always love your early morning shtick!"

*[A spring comes loose, sending Lincoln's backpack flying. He catches it]*

Me: Oh man!

Nico: This bus needs new seats.

Laney: Yeah I'm trying to get the school board to know about that.

**Lincoln:** "That's okay. I guess I'll just sit in the back to-yay."

**Clyde:** "Uh-oh! The sequel!"

*[Lincoln sits at the back of the bus and prepares to sip his OJ, when he's suddenly approached by three bullies.]*

**Anderson:** "Um, what do you think you're doing, sixth-grader?"

**Lincoln:** "Having a little pulp-free OJ. Or should I say, O-yay?"

**Clyde:** "Oh yeah! Hit 'em with that trilogy!"

Me: (In my head) Uh oh looks like the fucking douchebag bullies rolled in to town.

**Taylor:** "Ugh, no. He meant why are you sitting in our seat?" *[jabs Lincoln]*

**Lincoln:** "Oh, uh, I didn't think this was taken."

**Anderson:** "Let me explain something to you, little man. See this line? Eighth-graders in the back and babies in the front! Wah-wah-wah!"

**Pablo:** "Yeah! Wah-wah-wah!"

**Taylor:** "Dude, he just said that."

*[The bullies drop Lincoln]*

Laney: HEY! Leave him alone you jerks!

**Lincoln:** "Well, no problems here. I'll just, uh, get out of your way." *[The bus bumps, causing Lincoln to spill his OJ on Anderson]* "Whoops, sorry! Let me get that for you!" *[rubs the stain]* "Hmm, was it clockwise scrubbing or counterclockwise?" *[keeps rubbing the stain, but makes it worse. Anderson growls]*

**Clyde:** "Never scrub, always dab!"

**Stella:** "Lincoln, use this stain-removing pen!" *[throws the pen and hits Anderson, leaving a red stain and enraging him more]* "Oops, I guess that was a marker."

**Zach:** "Soak up some of the OJ with the bread from my sandwich!" *[throws the sandwich, but it spills on Anderson]*

**Liam:** "Don't worry, Lincoln! Help is on the way!" *[throws cow pie on all three bullies, enraging them]* "Oh, family secret. Cow manure can get out anything, even the frown on a tipped-over cow!" *[lathers the stain with cow pie]* "Oh, it was horse manure for stains, cow manure for shingles."

*[Anderson grabs Liam, and all of Lincoln's friends cringe.]*

Just as he was about to punch him I grabbed his wrist!

Me: How about you pick on someone your own size you fucking asshole!?

I crushed his wrist with my strength and broke it and he screamed in pain and dropped Liam.

Me: Who the hell do you three think you are!?

Nico: Yeah! It was an accident!

Anderson: I don't care! They ruined my shirt and hurt my friends! They will die!

Me: No YOU are the ones who will die! You tried to hurt my friends and that will cost you big time!

Anderson: Then you will die first!

He punched at me and I ducked and punched him in the face and smashed his eye out! He screamed in pain as blood was pouring out of his face and he crashed into the wall of the back of the bus. He was screaming in excruciating pain.

Me: (To Pablo and Taylor) You two better learn from this. (Holds up dagger) Or your fingers will be first.

Nico: Yeah what he said!

My dagger blade shined in the sun as it showed how sharp it was.

They quivered in fear and then they peed their pants.

Lola snagged a photo of it.

Lola: Wait till these get posted on social media!

I smirked deviously.

We later arrived at the school and I took the eighth graders to the principal's office and Laney told the Principal everything and showed footage of the whole incident. The three bullies were expelled and taken to prison. FUCKING LOSERS. Anderson was hospitalized with a damaged eye and a broken wrist and he and his friends were both charged with bullying, attempted 1st degree assault and battery and menacing. They were sentenced to 10 months in Juvenile Detention for their crimes.

---

We later came back from another good day at school.

Me: That was great.

Nico: Those bullies sure got what was coming to them.

Me: I hope Anderson likes seeing out of one eye.

Nico: Yeah he sure had it coming.

Salem: Those kids give all kids a bad name.

Me: They sure do Salem. Those kids are total sociopaths.

Laney: Good way to describe them.

Me: Yep. I can't believe their parents gave birth to monsters.

Lincoln: Yeah.

Me: Anyway I have an awesome Robot Chicken sketch to show you all and it's for Star Wars. This one is for The Death Star.

Splash Woman: That was a funny one!

Anakin: You know there are plenty other sketches of us, right?

Splash Woman: Of course. But this is the most funniest one of all.

Me: This is gonna be a good one.

I pressed play and we watched it.

[at the Death Star]

Luke Skywalker: Your overconfidence is your weakness.

Emperor Palpatine: Your faith in your friends is yours!

Luke Skywalker: [chuckle; whisper] Faith in yo' mama.

Emperor Palpatine: What was that?!

Luke Skywalker: I said, yo' mama so fat, Jabba the Hutt said, "DAAAAMN!"

Emperor Palpatine: Well, your mother's so ugly, she put the "Ug" in Ugnaught!

Darth Vader: Aww, yo' mama fight!

[Darth Vader stands by a chalkboard to keep score while making a piece of chalk levitate with the Force; Luke and Emperor Palpatine stand on opposite sides from each other]

Luke Skywalker: Yo' mama so stupid, she spent all day saying, "am not!" to R2! [Vader gives Luke a point]

Crowd: Oooohh!

Emperor Palpatine: Your mother is so fat that Ben Kenobi said, "that's no moon, [gets up in Luke's face] that's yo' mama!" [gets a point from Vader]

Crowd: Ohhh!

Luke Skywalker: Yo' mama so dumb, she thought Jar-Jar, comes with "Pickles-Pickles"! [Vader gives Luke another point]

Crowd: Oooh!

Emperor Palpatine: Your mother is so stupid, she.. she thinks a lightsaber has fewer calories! [record needle scratch followed by silence; Palpatine acts as if he'll get a big, positive reaction but doesn't; Darth Vader shakes his head in disgrace]

Guy in Crowd: Huh? I don't get it.

Emperor Palpatine: It's "lite"… like, it's "lite," like calories… like, "lite" means there's not a lot of calories and it's good… for your body, that's how stupid your mother is.

[does not earn a point]

Luke Skywalker: Yo' mama so stupid, she went to Bangkok to get a TIE Fighter! [receives another point]

[the crowd cheers]

Another Guy in Crowd: Luke wins!

[Darth Vader lifts Emperor Palpatine over his head and walks him over to a ledge]

Emperor Palpatine: What are you doing? Wh-what are you doing?! P-put me down! N-no! [Vader tosses Palpatine over the ledge] AAAHHHHHH!

When it was done we laughed hysterically.

Nico: (Laughs) That was so funny!

Lincoln: YEAH IT WAS!

Me: (Laughs) It was funny!

Eye Brawl: (Transylvanian Accent) I don't think anyone's used those kinds of Yo Mama jokes before.

Me: I don't think so either. But they were really funny.

Nico: Yeah they were.

Salem: They were really amusing.

Fu: They sure were.

Ahsoka: They were amusing and Palpatine got what he deserved in that one at the end.

Runamuck: That makes me wonder why we didn't use Yo Mama jokes against the real Palpatine in the first place.

Me: Because Palpatine was too smart to fall for such tricks.

Nico: Yeah. He may have been evil incarnate but he was too well trained to fall for such childish behavior.

Mace Windu: That is exactly right.

Anakin: However I'm glad he got what was coming to him.

Leia Skywalker: Me too.

Red Alert: (to Anakin and the other Jedi) Considering how personal family is to you all, we would never tell you guys Yo Mama jokes.

Anakin: And we appreciate all that.

Aayla Secura: Thank you all.

Me: You're welcome.

Then the alarm went off.

Me: Uh oh.

We went to the computer and we saw an incoming distress signal.

Me: It's a distress signal and it's real this time.

Computer: Incoming message from another Earth in galaxy NGC 147. Priority 1.

?: Help us Team Loud Phoenix Storm. This is Hayami Tetsu. We need your help. Our world is underwater and we need your help to save us.

Me: Oh man! We got to get over there fast!

Everyone all came.

Fisticuffs: Where are we going this time?

Me: We just received a distress signal coming from another Earth located in the galaxy NGC 147 2.53 million light years away from our Earth.

Laney: Is it one of the Sullen 6's tricks?

Me: Not this time Laney. It's legit. But just to make sure they don't see us leave we'll have the ship's cloaking device engaged.

Nico: Smart thinking. Wonder what this world will be like.

Me: We'll find out when we get there. Lisa, deploy the U.S.S. Valorous Phoenix.

Lisa Loud: Affirmative.

Lisa got the ship ready and Cheshire, El Diablo, Plastique, Roxy Rocket, Golden Glider, Ebon, Hydro Man and Captain Cold appeared.

Cheshire: Hope you don't mind me, El Diablo, Plastique, Roxy Rocket, Golden Glider, Ebon, Hydro Man, and Captain Cold tagging along.

Me: Not at all. This is gonna be interesting.

Vince: I hope whatever this version of Earth has will be good.

Varie: We'll know when we get there.

Lola: Yeah.

We got in the ship and took off and engaged the cloaking device and we were off.

* * *

In space we decloaked the ship and we were flying through it.

Me: Captain's Log, Stardate 2911.6: The U.S.S. Valorous Phoenix is en route to another Earth located in the galaxy NGC 147 at 2.53 million light-years away from Earth. Having received a distress signal we are heading over there to see what is going on and help out.

Nico: This is gonna be interesting. I hope this Earth is alright.

Me: We all do. But something tells me that this planet Earth is in serious trouble.

Aylene C.: I hope this one doesn't explode like the last one did.

Nico: I know. That was terrible.

Lana: Yeah.

Lily: But at least we saved everyone on it.

Pakura: That's true.

Lisa Loud: We have arrived at our destination.

Me: On screen.

We arrived at the Earth we received the distress signal from and what we saw was shocking! We saw that it was an Apocalyptic Ocean World. The entire planet was totally underwater except for Antarctica! The oceans now covered over 95% of the entire planet!

We gasped in shock!

Me: Oh my God!

Shield Shredder: The entire world is underwater.

Me: Oh man! Every part of this Earth is underwater except for Antarctica. This is bad. Hopefully we can find a spot to land.

Nico: Yeah. Whatever happened on this Earth doesn't look good.

Carol: Yeah. We better find out what happened.

Me: Yeah.

We went down to the planet and we saw that the entirety of the surface was covered by the ocean.

Me: My God. What the hell happened here?

Nico: I don't know. But I've got a really bad feeling about this. How are we gonna find this Hayami Tetsu in all this ocean?

Me: I don't know. But trying to find him in a planetwide ocean is like trying to find a needle in a haystack.

Lincoln the scans show that the origin of the distress signal came from where Tokyo was.

Me: Lets head over there.

We went over to the site of Tokyo and some of its buildings were sticking out like sore thumbs.

Me: Well some of civilization is still here. Lets land in the water. Engage hydrofoil landing procedures.

Lana: Roger.

We landed in the water and we went into the remnants of the city.

Me: My God. This is worse than we thought.

Applejack: This is a disaster. I can't believe all this happened

Varie: No kidding.

We arrived at a dock and we saw Hayami Tetsu and he was right next to a submarine.

Me: Excuse me?

Roxy Rocket: Are you Hayami Tetsu?

Hayami: That's me.

Me: J.D. Knudson, leader of Team Loud Phoenix Storm. This is my team.

Hayami: Yeah whatever.

Me: Tch rude.

The captain of Blue Submarine No. 6 came. It was Iga Tokuhiro.

Iga: Team Loud Phoenix Storm. It's truly an honor. I'm Captain Iga Tokuhiro, commander of Blue Submarine No. 6.

Me: Pleasure to meet you captain.

Iga: Thank goodness you all came and received our distress signal because we really need your help.

Me: I was just gonna ask. What happened here? What caused the entire planet to flood like this?

Iga: Zorndyke!

We gasped when we heard that name!

Me: Zorndyke! I should've known that fucked up mad scientist was behind all this!

Sunset Shimmer: Who is Zorndyke?

Me: Right some of you don't know who he is. His name is Dr. Jung Zorndyke, he is a brilliant professor of genetic engineering and his crimes against nature are as bad as the Paradigm Brothers.

I went over his history.

**Dr. Jung Zorndyke** is the main antagonist of the sci-fi anime series *Blue Submarine No.6* .

Jung Zorndyke was born in Tirana, Albania. Details of his early life are mostly unknown but at some point, Zorndyke graduated from the University of Tirana and decided to study in the United States to research a hybrid gene project. After doing research at Caltech and MIT he became the head researcher on the food DNA production research project. Later, he moved to England and continued to work at the government clone science institution. With venture capital investors' help, he got involved in the Socodara Okiami hybrid gene project. Zorndyke became one of the most brilliant and recognized scientists in the world and one of the wealthiest.

Tragedy and Disillusionment " *One day, I was left all alone. Suddenly everything I was working on just didn't matter anymore, my heart, my life stopped.* „ ~ Zorndyke

After returning to Albania, his wife and much of his family were killed because of his research. The last words from his public speech at the University of Tirana were "Chaos, Cosmos, Eros, Thanatos".

He joined others in the creation of an organization known as "Blue" and changed the research facility that he bought with his own money into a Blue military base. He finished the research on the Chimera, which is the science of two cells combining in one.

But as it turns out, when his wife and children were killed in a racial cleansing, he went mad with grief, rebelled against the Blue organization and occupied the South Base. He decided that mankind needed to be taught a lesson in humility and that despite recent achievements, nothing had truly changed: though they had colonized the ocean floor, solved the world hunger problem, taken great strides towards mastering genetic sciences, and filled most material needs, they have actually regressed ethically; war and strife were as common as ever, now only because of the most insignificant of reasons - prejudice.

In an attempt to teach the world the pointlessness of race he decided to reduce the number of humans alive. He also created a highly intelligent race of genetically created ocean-adaptable chimera, made from genes of the various animals of the world. This race was completely loyal and obedient to Zorndyke and he came to love them as his own children.

Destroyer of the World " *I..I simply said* no *to this world, and then I gave birth to my new, wonderful children. I flooded the major cities and the chief grain producing areas, I thought it could end just by simply reducing the number of humans alive.* „ ~ Zorndyke

The first stage of Zorndyke's plot involved the melting of the ice caps and massive flooding that covered many cities all across the world. This also created a more broad domain for the various creatures he created using the captured South Base. He also modified a portion of Antarctica to serve as his personal home. This portion became tropical and contained jungle forests and a small village. Beyond the village was a massive chasm where Zorndyke had constructed the machinery he intended to use to cause a pole shift (reversing Earth's magnetic poles). This is predicted to cause severe waves of solar radiation to seep through the atmosphere and cause the destabilization of the Earth's continents.

Naturally, Humanity would not sit back and be destroyed without a fight, the Blue Organization became a global military force and battle against Zorndykes forces for several years.

Final Stage of the War Zorndyke died during the final campaign of the Blue Fleet. Hayami Tetsu was sent ahead, along with Mayumi Kino in an attempt to resolve the conflict with Zorndyke so the missiles would not have to be used. Zorndyke had gambled on the chance of the Blue Fleet using nuclear weapons as its trump card. He had arranged it so a nuclear blast would instigate the polar shift. Before he died, he told Hayami and Kino to tell Blue fleet to avoid the two poles, as those are sacred land to 'his children', the hybrids, as well as the oceans around them. He also encouraged them that humanity could live at peace with 'his children' if they were treated peacefully and as equals. The nuclear strike was called off. Death

It can be reasonably inferred that Hayami was the one who killed Zorndyke. Zorndyke died immediately after their confrontation.

Killing Zorndyke is what Hayami's superiors, and the rest of humanity, would have demanded from him. When he was attacked by Verg and accused of having killed Zorndyke, Hayami did not deny it. Most importantly Hayami's last words in the series are "… I've killed a lot of people, Kino… but this was the very first time when I killed someone in the light and face to face.". This could refer to no one but Zorndyke.

After Zorndyke died, his body was carried in to the ocean, as his final resting place, by 'his children'. The fighting between the Chimera and humanity may or may not continue but Verg's choice to spare Hayami's life and Hayami's bond with Mutio can be seen as proof that the two races can indeed come to an understanding learn to exist together.

---

They gasped when I was finished.

Nico: WHOA MAN!

Salem: His crimes are worse than mine!

Nico: I don't think his crimes pale in comparison to yours Salem.

Twilight Sparkle: But why would he do all this!?

Me: To destroy humanity and either have it coexist with his creations or destroy it and let them inherit the world. It's like a mixture of Waterworld and The Island of Dr. Mureau.

Laney: I remember that.

Me: Yeah. His crimes are unforgivable.

Nico: No kidding.

Mei-Ling Huang: But we thank you all for coming to stop Zorndyke. Sorry I'm Mei-Ling Huang. It's an honor to meet you.

Kino: And I'm Mayumi Kino. It's an honor.

Me: Same here. Pleasure to meet you too.

Mei-Ling Huang: I sensed a lot of things going on your Earth.

Me: How are you able to tell?

Mei-Ling Huang: I have psychic powers.

Me: Wow! That's so cool.

Iga: Mei-Ling Huang is our psychic.

Me: That's amazing.

Iga Tokuhiro: I'm really sorry that some people hate you all now because of the Digimon Emperor.

Mei-Ling Huang: But don't worry. I'm sure the whole thing will be forgotten in a week.

Koichi: (sighs) I hope so. I really liked it when we were heroes.

Me: We still are heroes in the eyes of many on different planets and some parts of our Earth, Koichi. But thank you so much for your concern.

Iga Tokuhiro: You're welcome.

Me: We'll gladly help you all out. First lets gather some survivors and see if we can have them start new lives on our Earth. Also captain, we had encounters with Zorndyke's creatures once before. It was a really unusual sight.

I went over what happened during the events of chapter 125.

Naruto: Right I forgot all about that.

Fu: Me too. That was a crazy time.

Mizore: It sure was. It was wicked scary.

Me: It sure was.

Iga Tokuhiro: So you know how Zorndyke works.

Me: Exactly.

Mei-Ling Huang: And you all built a country for his children?

Me: We sure did. We call it Naturma and it's in Northern Myanmar.

Nico: I've heard about that! And I remember seeing that when I visited it. It was amazing. I didn't know that was because of you guys.

Me: Well it was before you joined us and before we became Team Loud Phoenix Storm buddy.

Nico: Wow!

Me: Yep. Lets get ready.

El Diablo: I don't think my powers will work underwater.

Me: No because you're made of pure fire. Most of Zorndyke's creatures fight underwater. So this will be a job for the Neptune Crusaders.

Captain Cold: Good idea.

Me: Cool and you guys will like what I have done to the ship for this kind of situation.

Nico: What is it?

Me: We modified it with the ability to transform into a submarine.

Laney: WHOA! That's cool!

Nico: It sure is.

Me: Yep. Lets get ready and head out!

Jared: Aye aye captain!

Kino: I'll come with you all too.

Me: Awesome. Lets go!

We all got into the ship and it transformed into a huge submarine and we were off.

We were off to find Zorndyke and kill him. We saw that we were underwater and it was amazing.

Alternate Chrysalis: Do you guys see anything?

Me: So far nothing but we're really looking out for anything coming.

Nico: Yeah.

Jared: I can't believe that Zorndyke did all this. This is a nightmare.

Kino: I know. It's awful. Zorndyke is a monster.

Me: And he will pay for everything he has done. We already have a Zorndyke in prison on the moon Enceladus.

Kino: One of Saturn's moons?

Me: Exactly.

The Neptune Crusaders were swimming along side us as we were going through the endless ocean.

Nico: Wow. The ocean goes on forever.

Hydro Man: I can always use my powers to absorb all the water.

Me: That will suck the entire planet dry of water Morris. Without water no life can flourish.

Hydro Man: Good point.

Nico: We just have to remain vigilant.

Twilight Sparkle: Yeah.

Rarity: Hey what are those?

We saw what looked like aquatic girls. And they had a red-eyed version of them with them and they were holding her.

Varie: Oh no!

Varie swam over and kicked them and grabbed the red-eyed creature.

Varie: Mutio.

Hayami: Mutio!

Varie used her powers to heal her and she was given the ability to talk.

Varie brought her aboard.

Mutio: Thank you so much. Hayami thank goodness.

Hayami: Glad you're all right Mutio.

Tempest Shadow: Kill that red eyed fucker!

Varie: Tempest wait! It's all right. She is a friend. Her kind was trying to kill her for befriending Hayami here.

Hayami: That's right. I know Mutio. She knows me.

Mutio: I'm sorry I scared you all. I'm fed up with my kind for treating me the way they do.

Me: It's all right Mutio. We won't let them touch you.

Nico: Yeah.

Mutio: But father is trying to hurt you all.

Me: I know he is and that's why we can't let him hurt anyone else.

Kino: Why should we trust her!?

Me: Kino that's enough. We can trust her because she knows Hayami. She saved his life.

Hayami: It's true.

Nico: Wow.

Ebon: (to the other aquatic girls) What do you girls have to say for yourselves?

Lily: Ivan they don't speak. Varie only helped Mutio. But I can talk to them telepathically.

Ebon: Wow. Go for it.

Lily swam to them and talked them them with telepathy.

Lily: (Telepathically) What has Mutio done to all of you that would warrant such barbaric behaviour!?

Aquatic Girl 1: (Telepathically) She disobeyed our father's ways.

Lily: Just for talking and bonding to one of us? What is wrong with that?

Aquatic girl 2: (Telepathically) She needs to be put in her place and we'll do it by force!

Lily: You can't be serious! Mutio just wants to be like us. Is that so wrong!?

Eli: Yeah! What the hell is wrong with you!?

Me: Yeah!

Magma: (to the Aquatic Girls) Okay. This is the part where Burns or one of his goons comes to help you girls against us. Probably Plankton, since he can breathe underwater easily.

Aquatic girl 1: We don't know who you are talking about.

Me: I don't sense any of them here. Besides we're 2.53 million light-years away from Earth. They probably won't even find us all the way out here.

Nico: You're right. It would take a really long time for them to get

here.

Lincoln: Yeah.

Captain Cold: (to the Aquatic Girls) Look, bottom line? You girls are heading to the Warp if you don't back off!

Me: Yeah! We came here to kill Zorndyke. Your so-called father poses a tremendous threat to all of us.

Lily: That's right. We are trying to save our kind so please let us help you and help us too.

Aquatic Girl 1: Oh okay.

Aquatic girl 2: Sorry about this.

We left and the girls came with us.

2D Man: Let's go find Zorndyke before he sends more of his minions after us.

Me: We won't have to look far. We're almost to Antarctica.

Mei-Ling Huang: Zorndyke is close. I sense he is on Antarctica.

Me: I feel it too. Prepare to surface.

Jared: Aye aye captain.

We surfaced and we saw that Antarctica was now an incredibly vast and dense tropical rainforest at the very center of the South Pole!

Me: Whoa.

Nico: Wow. Just like in The Future Is Wild. This is gonna be interesting.

Plastique: For the entrance, I'll use one of my explosives.

Me: Cool. Zorndyke better be ready because anyone that tampers with the laws of Mother Nature, (Eyes Glow Red) Will meet their ultimate end at our hands.

Nico: Big time. We don't tolerate anyone messing around with the laws of nature.

Naruto: That's right!

We went onto the land and we went to find Zorndyke and we searched and found his fortress.

Me: There it is.

Dirt Boss: Zorndyke is just past this door.

Me: I sense him. This is gonna get ugly real fast.

Plastique: Now for an atomic entrance.

Toxic Horror: Let me help too.

Plastique: All right.

Me: Lets do it.

We went at the door.

---

Zorndyke smiled maliciously as he was looking out at the world he destroyed by melting the Polar Ice Caps. But then suddenly…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off in the middle of the fortress and it formed into a deadly fiery mushroom cloud and a phoenix cry was heard. We jumped out of the explosion and landed.

Me: Dr. Jung Zorndyke, I presume?

Zorndyke: J.D. Knudson and all of Team Loud Phoenix Storm.

Me: So we meet again Zorndyke. But for the last time.

Golden Glider: You're gonna get it for flooding this world!

Me: Big time Zorndyke! Countless innocent people have died all because of you! Why have you done all this to our world!?

Zorndyke: Your world, I do not accept this world, to it I shall always say..no.

Me: What have you got against humanity!? Why do you want to destroy the very world we worked so hard on and called our home!?

Zorndyke: The world will not be destroyed. It will merely… Change.

Me: Oh it changed all right. Into an Apocalyptic Nightmare!

Nico: Yeah! You will pay for doing this!

Lincoln: You are no better than when we took you down the last time!

Fu: A crazed mad scientist that caused the entire human race to teeter on the razors edge of extinction!

Me: That's right! No more Zorndyke! You had it all and you threw it all away for your fucked up ambitions to destroy the planet and wipe out humanity!

Vince: You are no longer part of our kind Zorndyke!

Laney: Yeah!

Then Yenaldooshi, The Mummy, Shendu, Hsi Wu, Brass Knuckles, Titanium Toenail, The Gentleman Ghost and Dr. Polaris then appeared.

Me: Yenaldooshi, The Mummy, Shendu, Hsi Wu, Brass Knuckles, Titanium Toenail, The Gentleman Ghost and Dr. Polaris

Yenaldoshi: Fancy seeing you guys here.

Maria: How'd you all find us?

Mummy: Spot used one of his portals to get us near Zorndyke's location.

Shendu: Good thing we weren't in the flooded part of the world. My fire powers wouldn't have worked there.

Me: That is a good thing but look what happened here because of (Points to Zorndyke) him!

Nico: He flooded this entire planet and now the oceans cover 96% of the surface.

Me: Antarctica is the only piece of landmass left because of him and countless lives are all dead.

They gasped.

Mummy: Awful.

Me: Yeah.

Dr. Polaris: I want to thank you guys for taking out Luthor. Never did like that guy.

Me: The entire Justice League never liked him. Especially Superman.

Superman: No kidding. He was a monster.

Nico: And he deserved to be destroyed.

Twilight Sparkle: Lex Luthor?

Me: Right you don't know about him either. Lex Luthor is a monster like Zorndyke. He was the most dangerous supervillain ever known to the Justice League and he did it all.

I went over Lex's history.

---

**Lex Luthor** is the is one of the two secondary antagonists (alongside Joker) of the *DC Animated Universe* . He served as one of the main antagonists of *Superman: The Animated Series*, *Justice League*, and *Justice League Unlimited* He was a billionaire and a brilliant criminal mastermind and one of Superman's greatest enemies.

He was voiced by Clancy Brown, who also voiced Dr. Neo Cortex, Hades, Savage Opress, Surtur, Undertow, Parallax, Silas, Mr. Krabs, The Evil Entity, Smokestack, and also portrayed The Kurgan, Byron Hadley and General Wade Eiling.

### *Superman: The Animated Series*

Lex Luthor is the founder and CEO of LexCorp. He grew to resent Superman when he stole his spotlight as Metropolis' savior and usually invested heavily in some of the Man of Steel's greatest foes, such as Metallo and Livewire. He sought to kill Superman for shutting down his major operations and costing him a lot of money. Although Superman already put away many of Luthor's co-conspirators, he could never convict Luthor himself due to lack of evidence. He was also known for his betrayals on many associates, causing many to leave LexCorp; the only one left was Mercy Graves. Lex also is shown to hate Batman as well, as he is an intellectual rival who teamed up with Superman to fight him when he and Joker teamed up, preventing Superman from being killed by Joker's kryptonite in the process. In Legacy, he was thrilled, the whole world turned against Superman when Darkseid brainwashed him and let him loose to take over and invade Earth. But Superman snapped out of it and earned the world's trust back and dismissed the charges against him.

### *Justice League*

Luthor later fought the Justice League, but was subsequently defeated, exposed as a crook, and sentenced to prison. He also learned that he had a terminal form of radiation poisoning as a result of carrying around a chunk of Kryptonite for years, leaving him with only a few more months to live. He then joined up with Cheetah, Star Sapphire, Shade, Copperhead (who would be in jail and replaced by the Joker), Solomon Grundy, and Ultra-Humanite, forming the Injustice Gang, in an attempt take down the Justice League, but failed. Luthor later "redeemed" himself by aiding the Justice League in defeating the Justice Lords and was given a full pardon.

*Justice League Unlimited*

After being freed from prison and cleared of all charges, Luthor reestablished his company and later entered politics and ran in the U.S. Presidential Elections. However, still bent on destroying Superman, he created Project Cadmus and succeeded in ruining the Justice League's reputation twice: once by causing Superman and Captain Marvel to fight each other, causing great destruction in the city, and again by taking control of the Watchtower's orbital cannon and causing it to fire on a Cadmus-related building in New Mexico.

Luthor's malevolent plans were later exposed by Batman and the Justice League, only for Brainiac to reveal that he had been dormant inside Lex ever since the episode *Ghost in the Shell* . Luthor later convinced Brainiac to fuse with him because they both could reach their ultimate goals. He then battled the Justice League, proving to be one of the group's most difficult foes. However, the Flash was able to separate the two after tapping into the Speed Force.

Luthor went back to jail with a damaged psyche. After Luthor escaped prison again thanks to The Key, Gorilla Grodd offered him membership in the newly formed Legion of Doom. Joining only to revive and refuse with Brainiac, Luthor eventually overthrew Grodd and took over the Legion (who did not oppose him after they learned Grodd's ultimate plan was to turn humanity into apes). Eventually, Lex's quest to revive Braniac lead the Legion into space, where he found a version of Brainiac that had been destroyed years earlier. However, Tala freed Grodd and he and a faction of the Legion fought Luthor and his supporters (which included the likes of Giganta, Bizarro, Toyman, Sinestro, Cheetah, Star Sapphire, Evil Star, etc.) After killing Grodd and trapping and absorbing Tala's magic to resurrect Brainiac, Lex discovers that he had accidentally resurrected Darkseid instead.

Luthor and the rest of the surviving Legion members barely escaped from Darkseid and made their way to Earth, where Luthor warned the Justice League, and he and his allies reluctantly team-up with them to fight against Darkseid and his army. Before the battle against Darkseid, Luthor points out to the Justice League that he doesn't want to help them save the world, but get revenge on Darkseid for destroying Brainiac and ruining his plans, before he and the Justice League go back to being enemies again as usual. He later left the battle with Metron and discovered the Anti-Life Equation. Returning to Earth with the Equation, he offered to share the knowledge with Darkseid, and they both disappeared in a spark of light. While they are presumed dead by the public, members of the Justice League have theorized they will eventually return yet again. However, both Luthor and Darkseid are now part of the Source Wall, that is the fate that occurs to all creature that solved the Anti-Life Equation, where they will remain likely for all eternity.

Equipment and Abilities Former Powers

**Scientific Deity Physiology/Brainiac Fusion** : In order to Transcend his own mortality and limitations, Lex Luthor bargained to fuse with Brainiac, so that Brainiac can grant him all of his knowledge, powers, and immortality; and Lex Luthor can allow Brainiac to transcend his programming's limitations and proposed to combine Brainiac's vast information and resources with his own imagination the AI lack. Luthor's body also had glowing red circuit patterns over all parts of his body during his battle with the Speed-Force empowered Flash. However, the fully empowered Flash was able to destroy Brainiac and separate Lex form it, returning Lex back to normal with damaged sanity.

**Superhuman Strength** : Even before transcending into a complete Scientific Deity, Brainiac endowed Lex with incredible superhuman strength, being able to lift up large objects and toss them easily. He could even take down Batman with his brute strength alone and rag-dolled The Question until the Question had sustained multiple painful injuries. However, he turned out to be outclassed by an empowered Flash.

**Superhuman Speed** : Even before transcending into a complete Scientific Deity, Lex was able to grab Batman's Batarang and it didn't leave any marks after it explodes. The fusion of Lex and Brainiac can react and move at super speeds. However, Lex/ Brainiac couldn't keep up with the fully empowered Flash.

**Superhuman Durability** : Even before transcending into a complete Scientific Deity, Lex was able to withstand an explosion from Batman's Batarang. The fusion of Lex and Brainiac could take the strongest and focused strikes of Superman with little damage. However, powerful blows from a fully empowered Flash was able to destroy Brainiac and all the cybernetics of his body.

**Superhuman Intelligence/12-Level Intellect** : The fusion of Lex and Brainiac had the collective knowledge of Brainiac as well as Lex Luthor's innovative faculties, allowing Brainiac to transcend his limitations and become extremely powerful. Brainiac himself also possessed all the knowledge and history from several thousand planets/worlds before he came to earth. While Brainiac possessed Luthor, Luthor's intellect was significantly enhanced due to having access to Brainiac's knowledge. Their combined intelligence made Lex the smartest being in the universe until Brainiac's death.

**Regenerative Healing** : The fusion of Lex and Brainiac can regenerate at a fast pace. Brainiac was able to heal both his technological parts as well as Lex's biological parts. Brainiac was also able to augment/increase Lex's health to supernaturally to cure Lex of his Kryptonite-poising cancer. When Brainiac what shot in the face by Amanda Waller he quickly regenerates his face.

**Immortality:** Even before transcending into a complete Scientific Deity, Hamilton also stated that Lex had a body of a 20-year-old. Lex has stated that he has finally become immortal and can live forever.

**Technology Manipulation** : The fusion of Lex and Brainiac can manipulate and absorb technology into their database as well as instantaneously understand its operations, no matter how advanced. Brainiac was also able to assemble the Dark Heart nano-technology, adding it to his database to control the Dark Heart. The fusion of Lex and Brainiac can even create constructs and objects out of nanotechnology such as copies of Brainiac, a copy of the Justice Lords, soldiers, as well as a shotgun to try to execute The Flash.

**Energy Projection** : The fusion of Lex and Brainiac can project powerful blasts of energy which could even bypass the near invulnerability of Superman. While inside of an energy orb he was able to blast tons of beams of energy that can take out all the original members of the Justice League nearly at the same time.

Abilities

**Genius-Level Intellect** : Lex's most primary asset is his astounding genius-level intellect which is barely rivaled by Mr. Terrific and Batman. He can hack into the Justice League Watchtower's cannon and frame them for committing attacks on the government as well as creating complex plans and strategies. He also has a photographic memory and was able to instantly memorize all of the details of the Amazo Android's blueprints after reading them once and recreating an android of the same design for himself. He even orchestrated a false presidential campaign to gain more political and financial resources as well as manipulate the entire press into defaming Superman. He also outsmarted Amanda Waller until Batman confronted her. Lex's twelfth level intellect and willpower allowed him to retain his sanity to get the Anti-Life Equation and present the equation to Darkseid to stop the invasion.

**Influential Speaker** : Another one of Lex's primary assets is his charismatic and influential nature of speaking. Lex alone was able to calm down and bestow wisdom upon Amazo for having an immortality crisis. Lex was even able to convince Brainiac to do something outside of his programming and he even negotiated with Darkseid to spare the heroes and Earth in exchange for the Anti-Life Equation.

**Near-Inexhaustible Wealth** : Another one of Lex's assets is his near inexhaustible financial and technological resources as well as his incredible level of influence over big businesses, education institutions, tech giants, and even governments and criminal organizations.

**Advanced Technologies** : Lex Luthor has a vast array of technology available at his command. He can even create armors, weapons, and other equipment for his fights against the Justice League. He create an Energy disruptor that deprive beings of their powers regardless of whether they were born with their abilities, or if something else was the source, such as the Green Lantern's power ring. His mechanical suit allows him to fly, gives him enhanced strength, durability, speed, agility, and reflexes to go on pair with Superman and the other Justice Leagues. After he got Kryptonite-induced cancer, Ultra-Humanite gave him a special vest which he later used as part of his mechanical suit. He was even able to build himself a body similar to Amazo to gain superpowers before it was destroyed. Luthro also put an override switch on each Legion of Doom's powers when he upgraded them, including Grodd.

Former Weaknesses

**Kryptonite-induced Cancer** : His extremely long exposure to Kryptonite's radiation has given him an unknown form of cancer which also involves blood poisoning. While he wore a high tech vest/ chest plate (which was also part of a suit) designed by the Ultra-Humanite to act as life support and to inhibit/suppress the disease in his body, buying Lex some more time. Unknown to Luthor (at the time), Brainiac, who was inside him, healed/cured him of his cancer and gave him some upgrades.

**Mental Instability/Hallucinations** : After the Flash stripped Brainiac from Luthor, Lex suffered from hallucinations of Brainiac and he believed that it's as Brainiac always by his side, advising him and calling out to him. Lex also became obsessed with Brainiac to the point where it damaged his sanity and he began constantly hallucinating Brainiac is by his side, guiding Lex back to Brainiac. Once Darkseid was resurrected, the hallucinations stopped.

A figure came out and it was TRIFIRE from episodes 9 and 10 of Lightspeed Rescue!

---

**Trifire** is a three-headed Dragon-type Demon and the primary villain of the episode "Go Volcanic" and one of the two primary villains of the episode "Rising From Ashes".

As the idea given by the young Impus, Jinxer created this three-headed dragon-like demon called Trifire, Queen Bansheera then ordered Trifire to heat up Mount Jasmine with his fire breath to cause it to erupt in the hope of burying Mariner Bay under lava. Trifire's plan had almost succeeded until it was interrupted by the Lightspeed Rangers, they tried to battle him, but his fire breath was too strong, they douse his fire breath with the blower and he was put down by the Rescue Bird Unilaser Mode, Trifire then grew large thanks to Jinxer, the Rangers summon the Lightspeed Megazord and battle Trifire, his fire breath was still too strong, so they douse it again with the Lightspeed Megazord Water Cannons and they finally destroyed him with the Lightspeed Megazord's Saber.

---

Dana Mitchell: Trifire!

Trifire: Been a long time rangers.

Me: I remember you all too well! You were sent to heat up the volcano Mount Jasmine and destroy the city of Mariner Bay in a tsunami of molten lava.

Trifire: That's right J.D. Mistress Vypra was right about you. You have a great memory.

Me: Never missed an episode. And you are one of my favorite Lightspeed Rescue Monsters.

Trifire: I'm honored.

Me: I think Pakura would love having you as an archenemy in the Masters of Evil.

Trifire: That's a good idea! Thanks.

Me: You're welcome.

Trifire: (to the Lightspeed Rescue Rangers) I'm lucky to not be in that flooded part of this Earth. Otherwise, I'd get put out easily.

Carter Grayson: You don't like water anyway.

Me: That's right from what I remember on TV you guys can't get wet or it would hurt you big time.

Trifire: I know. Strange huh?

Me: Yeah. Good thing Vypra used her powers to get rid of that weakness.

Trifire: Indeed.

?: We'll see about that.

A big turtle-like figure came out and it was the 1st of the 4 Saint Beasts from Maze Castle: GENBU THE BLACK TORTOISE OF THE NORTH!

---

**Genbu** is an enemy in the Manga/Anime *Yu Yu Hakusho*, and a member of the Four Saint Beasts. He's also known as; **The Stone Beast** .

Yu Yu Hakusho

Genbu was the first Saint Beast that Yusuke and his allies first encountered. He was challenged by Kurama. Because of his power of becoming one with any rock, and reassemble himself he would have the advantage. But in the end, Kurama manage to find Genbu's weak spot and destroyed it, killing Genbu.

---

Nico: WHOA! Who are you?

Genbu: I am Genbu of the 4 Saint Beasts.

Me: The Black Tortoise of the North!

Genbu: That's right.

Yoko Kurama: Not him again! He was tough.

Me: You faced him before Kurama?

Yoko Kurama: I sure did. He was a very formidable adversary and he was really a worthy opponent.

Tara: I'll face this clod.

Genbu (to Tara): Stand aside, little girl. This is between me and Kurama.

Tara: Not a chance turtle face. We're gonna see whose power over earth is stronger.

The Mark of Scath glowed in the middle of Tara's forehead.

Tara: And fire too.

Me: How do you know him Kurama?

Kurama: It's a really unusual story.

Kurama told us all about the the 4 Saint Beasts and how dangerous they were and all that.

---

The **Four Saint Beasts** are major antagonists in the Manga/Anime, *Yu Yu Hakusho* . They are a group of four powerful demons that were sealed away thousands of year ago, but want to escape the barrier and move to the human world. After they were denied passage, the Saint Beasts sent out some flies known as Makai Insects to turn the human into mindless zombies. So Yusuke was sent to take out each one of them. But Kuwabara decided to join and help Yusuke. And shortily after both Hiei, and Kurama joins the fight after. Each one of them fought one of the Four Saint Beasts, and all of them manage to defeat, or kill each one of them.

Spirit Detective Saga

Soon after arriving home from Genkai's training, Yusuke was given a new case. Four demons, called the **Four Saint Beasts** who ruled over an area in the demon world known as "Demon City", begin sending demands to Spirit World in order to allow them access to the human world, which they hope to take over. Spirit World refuses their demands and in response to this, they begin releasing Makai Insects that feed on the evil in people's hearts, turning them into violent, docile slaves. Yusuke then travels to "Demon City" alongside Kuwabara with the intention of defeating them, and is soon followed by Kurama and Hiei.

Suzaku and Seiryu

While entering the castle, Yusuke's group are forced to save themselves against the Gateway of Betrayal, a large, stone corridor that crushed intruders under the weight of its lowering ceiling. As all four teammates hold the ceiling above there heads, Yusuke tells Hiei to make a swift escape inside the castle and deactivate the ceiling. Although he originally planned on leaving Yusuke, Kurama and Kuwabara to die, crushed under the ceiling, Hiei stops the Gateway of Betrayal, allowing them to pass. Hiei tells them that he allowed them to live because he was uncertain of his victory against the Beasts. As they venture towards the highest tower of the castle, in search of the flute that controlled the Makai Insects, Yusuke's team ends up inside a large stone room. There they are obligated to defeat the rooms's resident Saint Beast Genbu, in order to progress further. As such, Kurama decides to go against him. Genbu proves to be rather difficult to fight while surrounded by stone walls, due to his exceptional powers of fusing with rocks. He could also detach his body into smaller, flying fragments that pummeled Kurama, leaving him with a rather small but noticeable scar. As Genbu prepares a final attack, Kurama accurately removes and destroys the hypothalamus stone of the stone beast's brain.

With Genbu dead, the team continue their journey up a tower, and end up outside the castle and in front of Byakko's fighting ring, suspended high above the rest of the castle. Kuwabara steps in to fight Byakko as his adversary, but proves to be powerless against the White Tiger's ability to devour spiritual energy. Noticing that the spiritual energy was making his opponent heavier, Kuwabara continues filling Byakko up until:

In the anime, Byakko explodes, falling onto the castle ceiling below. In the manga, Byakko is strangely propelled into a nearby wall.

Surviving his encounter against Kuwabara, Byakko confronts him again, inside a room with large platforms jutting from a massive lava pit. Kuwabara manages to jump from one platform to the next and knocks the white tiger directly into the hot lava, apparently killing the creature.

After defeating two of the Saint Beasts Yusuke's group continue further on into the castle. They find themselves inside a large room with fifteen doors, fourteen of which would lead to a corridor filled with elaborate, deadly traps.

**Genbu** : The weakest of the four Saint Beasts, he has the ability to melt into any kind of rock. His lair is entirely composed of stone and it is through this that he launches surprise attacks by merging with the rock and shooting his tail from different angles at his opponent. At first he seems unbeatable, and he seems to be gaining the upper hand on Kurama, but Kurama ultimately defeats him when he pinpoints Genbu's *control core* (equivalent to the hypothalamus in the human brain) during one of his attacks before catching it and then splitting it in half with his Rose Whip.

**Byakko** : Arguably the most-enduring member of the four Saint Beasts, Byakko's ability revolves around the absorbing and redirecting of lesser spirit energy. His lair is comprised mostly of large platforms jutting from a lava pit. He is defeated by Kuwabara, who knocks him down into a lava pit in his own lair. He is only killed when Seiryu uses his Ice Dragon technique on him and decapitates him with a kick.

**Seiryū** : The most-proud member of the four Saint Beasts, Seiryu's ability revolves around manipulating the temperatures of his surroundings. His lair is a simple room covered in ice and of particularly low temperatures. He is killed by Hiei after being sliced sixteen times in the blink of an eye.

**Suzaku** : The leader of the four Saint Beasts, Suzaku's ability revolves around manipulating and amplifying the ambient static electricity of his surroundings. The constant lightning strikes of

Demon World actually help to fortify the power behind his attacks. He is defeated when Yusuke burns through his life energy in order to fire one last Shotgun that overwhelms him.

---

We gasped in shock!

Me: WHOA! So we have 4 deadly villains that are named after the 4 Guardians of the Cardinal Points of Kyoto.

Nico: I remember reading about that. That was interesting and Yolei told me all about that after she went to Kyoto a long time ago. It's just like the Digimon Sovereign. They represent and look like the 4 Guardian Beasts of Kyoto.

Me: Yeah I remember. So we have Genbu the Black Tortoise of the North, Byakko the White Tiger of the West, Seiryu the Azure Dragon of the East and Suzaku the Vermillion Phoenix of the South.

Genbu: That's correct. You've all done your homework. And I was killed by Kurama. But I was given another chance at revenge thanks to this.

He pulled out a Number card and it was NUMBER 67: PAIR-A-DICE SMASHER!

We gasped.

Eli: Number 67: Pair-A-Dice Smasher!

Me: This is gonna be interesting. Looks like Don Thousand has called 4 of Yusuke's most dangerous enemies to try and kill us.

Nico snapped his fingers and brought him back.

Trifire: Whoa! That was powerful. But you brought me back?

Me: You will pay for your crimes! Big time!

Nico: Yeah!

Lincoln: You mess with our planet, we mess with you!

Me: ATTACK!

We went at him and punched, kicked and blasted him all over with incredible fury and more and really made sure he paid for his crimes against the Earth. I punched him in the face and Nico punched him in the stomach and Vince kicked him in the back of the head and Lincoln fired a massive blast of lightning and electrocuted him all over. Me: Yeah!

His evil spirit then appeared.

Me: You will never tamper with Mother Nature's laws again! (Holds hand out to him) HAKAI!

He was banished to the Warp forever.

Me: That takes care of him.

Mutio: Thank you all for helping us.

Brass Knuckles: It was our pleasure.

Hsi Wu: So, what do we do now?

Gentleman Ghost: Now? We get the survivers of this world to our Earth.

Dr. Polaris: Good idea. They deserve to live in a better place then this one

Me: Absolutely and we can make the children of Zorndyke part of Naturma as well.

Lincoln: Great idea.

Me: Lets head home.

We gathered all the survivors and we got onto the ship and went back home.

Later at the office of the President we presented our findings to him and he was shocked at what he saw. After our struggles with The Digimon Emperor, his secretary was going behind his back in a treasonous fashion and spreading lies about us doing all kinds of evil things and she was trying to ruin our reputation.

President: Why that conniving little bitch! I knew she was up to something. Now we can make her get what's coming.

Me: With pleasure sir and then we can tell the world leaders and everyone about this.

President: Absolutely.

We went at arrested the Secretary and convicted of treason and corruption and Before she was sent to the Neptune Prison, the President then called the world leaders over to the United Nations and told them what she did to them and how we exposed her lies.

President: My secretary is a traitor and she deserves to be punished as such. She tried to tarnish the reputation of our beloved and great heroes in Team Loud Phoenix Storm with her pathological lies.

Secretary: I was saving the world from them! They are ruthless murderers and liars and they are traitors to us! They deserve to be exiled and kicked off of Earth forever!

The World Leaders didn't agree and they jeered and booed the hell out of her.

Me: No ma'am. YOU are the liar and you are a traitor. You are supposed to give advice to the president and look after all his files but instead you spread lies about all of us and tried to sully our reputation! We have had our own fill of people like you and we will not tolerate people like you ruining the great countries of the world.

President: That's right.

The secretary was then sent to the Neptune Prison for eternity.

The World Leaders all apologized to all of us for being so blind to all her lies and deception.

Hayami: (To the viewers) Glad that's over. Lets hope it stays that way.

Nico: Yep.

We went back to the estate.

THE END

Another awesome chapter in the books.

This was a sequel to the Blue Submarine No. 6 chapter I did earlier and it was awesome! I hope you all liked this one. The next Number is gonna be Number 65: Djinn Buster and that one is gonna be in the hands of the second member of the Saint Beasts: Byakko the White Tiger of The West and he's gonna be tough. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys. Next up is the 2nd chapter for My Little Pony and we're going to face the evil Cozy Glow and we're going to save her from herself just like I Pinkie Promised too and we're also going to be in for a really explosive battle as we face the titan Kronos that she will bring back for round 2.

See you all tomorrow.

# Redemption of Cozy Glow

I was reading Twilight's Friendship book and everyone else was watching TV.

Twilight Sparkle: J.D. can I ask you a question?

Me: Sure Twilight what's up?

Twilight Sparkle: We don't know much about what happened here but we heard from Lisa about a monster named Mayor Joseph Quimby.

Me: Yeah what about him?

Nico: What has you curious about him?

Twilight: Guys, how exactly did Quimby ruin most of the planet?

Plant Man: You want the short version or long version?

Sunset Shimmer: The long version and don't leave out any details.

Me: All right but you won't like what you hear.

I went over everything that Mayor Quimby did down to the last detail. The first part of Mr. Quimby's lies is when he rose to power as Mayor of Springfield. He used lies to get practically anything he wanted. The second part was all the embezzlement and fraud he did in Springfield. He conned the entire country out of billions of dollars in money. And then the third part was where he hits a bottle of champagne at the ship called the U.S.S. Float and Shoot, as a tiny drop of champagne went into Marge's mouth, which hit the fetus of Bart Simpson and made him into the mischievous troublemaker we all know and love. And there was the part where he did so many unspeakable crimes all over the country and had many extramarital affairs. Also another part was that he bribed the Springfield Mafia with money and conned the country out of billions. He also bribed Chief Wiggum to arrest anyone opposing his law and so much more.

Then, there was a time when Quimby sabotaged the educational system inside the Springfield Elementary School. Ruining the education of everyone and turning them into brainless idiots. Then, he had hired the Ukrainian Mafia to hunt down a man named Wayne Slater without anyone noticing, since he's the one who showed the Ukrainian Mafia the footage of Wayne Slater at the Nuclear Power Plant, but instead captured Homer Simpson. As Quimby doesn't care that anyone gets killed or kidnapped by the Ukrainian Mafia. So many crimes he has committed. Also, he bribed Chief Wiggum to arrest anyone immigrating or visiting from Royal Woods, Dimmsdale, etc. And he also went behind Vypra's back and brought Slade back to life. And he stole lots of money from the country all for his own selfish gains. And the crimes were numerous. He did everything from murder, bribery, treason, extortion, embezzlement, adultery, illegal experimentation, underhanded dealings and more.

They gasped in absolute shock when I was finished.

Rarity: Oh my word!

Runo: Quimby was a monster!

Sunset Shimmer: Are you kidding me?! Quimby brought Slade back behind Vypra's back?!

Me: Yeah. Vypra was infuriated because of that. It was the 2nd betrayal in the entirety of the Masters of Evil.

Skinner: Yep. That was a big deal. But to tell the truth, all of Springfield didn't like him.

Me: I don't think even the President liked him.

Nico: Yeah.

Me: The first betrayal was with Mr. Burns. We caught him doing a fracking operation behind Vypra's back. We found that out when we found out that there was natural gas in our water and we found out about this when it lit on fire.

Sunset Shimmer: That's awful!

Lola: Yeah! I went to get a drink and it exploded in my face and lit on fire.

Me: Mr. Burns is a menace to our planet and he will be destroyed for everything he did.

Nico: Big time.

Rainbow Dash: Wait a minute! Quimby mutated Girl Jordan's dad as well?!

Shroomboom: I know, right?

Girl Jordan: Yeah! He really shattered my heart!

Me: We found him in a forest in Minnesota and Lisa's music teacher Ms. Juniper was taking care of him.

Lisa Simpson: It was great to see her again and we are grateful she was doing that.

Me: Yep. But I cured him and gave Girl Jordan her dad back.

Rainbow Dash: AWESOME!

Sunset Shimmer: I'm glad she has her father back.

Nico: We all are.

Edwayl: (Bretton Accent) And it was when I first joined the team. It was great to be part of the team.

Hunter: (German Accent) Ja. Und it was awesome.

Motormaster: He also killed Homer's mom!

They gasped in shock!

Me: Yeah. He poisoned her with sleeping pills.

Applejack: Why that rotten dirtbag!

Apple Bloom: He was a monster!

Nico: Yeah he was a monster! I hope he enjoys his ultimate banishment to the Warp.

Me: Yeah. He will never come back as long as the Warp has anything to say about it. It will make sure that it keeps him there forever.

Nico: You got that right!

Rodimus Prime: It's actually Quimby's fault that Tara was in her room for a few days.

Me: Yeah. She was crying her eyes out. Slade was the very monster that poisoned her mind with lies and he turned her against her friends and nearly killed them. Because of Slade, she did horrible things.

Tara: Yeah. But I turned on Slade. And I atoned for my deeds.

Twilight Sparkle: How?

Tara: My powers triggered a volcano and I sacrificed myself to stop it.

They gasped.

Me: Tara made the ultimate sacrifice to save the city and her friends.

Applejack: A true hero.

Me: Yeah. We got to get ready for finding Cozy Glow.

Maria: Guys, before we find the original Cozy Glow, we should probably have the usual battles now. I have a bad feeling about what will happen when we find her.

Me: Why do you say that Maria?

Nico: Yeah what's up?

Maria: I don't really know. I just have this really bad feeling something is gonna happen.

Me: Wait a minute. You don't mean?

Maria: Yeah. I have this strong feeling that Cozy Glow could try and kill herself.

We gasped!

Me: Oh man! If that's the case we better get the battles done with fast!

Nico: Right.

Maria called the Masters of Evil and in came Waffle Woman, Rich Texan, Comic Book Guy, Snake Jailbird, The Springfield Mafia, Cantwell, Chief Wiggum and Po Kong the Demon Sorceress of the Mountain.

Me: Waffle Woman, Rich Texan, Comic Book Guy, Snake Jailbird, The Springfield Mafia, Cantwell, Chief Wiggum and Po Kong.

Comic Book Guy: Indeed it is us.

May: Thanks for coming, guys.

Waffle Woman: It was our pleasure.

Rich Texan: We're having the usual battles now, right?

Maria: Yep. Because something big might happen when we find Cozy Glow.

Snake: Can't argue with that, dude.

Comic Book Guy: But someone should start searching for Cozy Glow while we're having the battles.

Me: I have a feeling she probably wants us to find her Jeff.

Nico: Yeah.

Lincoln: But J.D. Pinkie Promised that he would save Cozy Glow and that's what he's gonna do.

Me: And I never break promises.

Waffle Woman: That's great you don't. What did you promise to do?

Me: I promised to save Cozy Glow from herself and resurrect her mother. Sunset Shimmer told me everything about what happened and why Cozy Glow became like this.

Sunset Shimmer: It's true.

I revealed what went down and it was a tragic story. They gasped.

Cantwell: Oh no. Poor thing.

Rich Texan: I had no idea she was hurting that much.

Me: None of us did. We were originally going to lock her in prison. But after hearing what Sunset told us this changed everything. I went to Princess Celestia and told her what I was told.

Princess Celestia: It's true. At first I was against this but I have strong faith that J.D. can save Cozy Glow from this monster that consumed her.

Me: She needs her mother more than ever to heal her fractured mind. Her mothers death caused her to snap and she became like this.

Twilight Sparkle: It's true.

Me: Lets head out to the Training Yards for this.

We went out to the yards and we got ready.

?: Looks like we're having the battles early.

We saw a figure come out and it was TENTACLAW from episode 6 of Time Force! AGAIN!

Me: Tentaclaw.

Jen Scotts: Back for round 2 I see.

Tentaclaw: Yep and I'm glad I finally get to fight you Rangers again. I barely got the chance before you froze me a second time!

Wes Collins: I know. Good you get to fight us for real now.

Tentaclaw: It sure is.

Waffle Woman: By the way J.D., Trifire said he would be honored to be Pakura's archenemy.

Me: Awesome! Nico brought him back but I'm glad he agrees.

Pakura: And I would be honored to be Trifire's archenemy too.

Me: Awesome.

Tentaclaw: Good.

?: Too bad you won't live long enough to see it!

Another figure came out and it was BYAKKO THE WHITE TIGER OF THE WEST! The second member of the 4 Saint Beasts!

Byakko: I am Byakko of the 4 Saint Beasts.

Me: The White Tiger of The West!

Byakko: That's right! And now I'm going to make sure you all die and your heroism comes to an end!

Kuwabara: You are a monster Byakko!

Lincoln: I'm going to enjoy tearing you apart.

Lincoln walked up to him.

Byakko: (to Lincoln) You really think you can fight me, little boy? You couldn't even help your friend Nico before.

Lincoln: I'm not just a little boy furball! I'm a man with the power of lightning! And Nico is not just my friend, He's an awesome big brother!

Byakko: We'll see about that!

Eli: Which Number brought you back this time?

Byakko pulled out a Number Card and it was NUMBER 65: DJINN BUSTER!

We gasped!

Eli: Number 65: Djinn Buster!

Me: Lets power up! And here's some help for the battle with Tentaclaw.

I pulled out the Sword of Omens.

Me: THUNDER! THUNDER! THUNDER! THUNDERCATS! HOOOOOOO!

The red jewel formed into the symbol of the Thundercats and it fired an image of the symbol into the sky.

RRRRRRRRRRRRRRRROOOOOOOOOOOOOOOAAAAAAAAAAAAAAR

THUNDERCLAP!

Out of the symbol came The Thundercats!

Chorus: (Singing) THUNDERCATS ARE ON THE MOVE! THUNDERCATS ARE LOOSE! FEEL THE MAGIC HEAR THE ROAR! THUNDERCATS ARE LOOSE!

They arrived.

Lion-O: Always loved making an entrance.

Me: That always is awesome Lion-O.

We powered up and went at them!

---

Waffle Woman was first.

Waffle Woman: (to Tara) Did you tell the others about your past with Slade?

Tara: Yeah I sure did and it was awful. During the whole Search for The Thunderbird scene, I thought I would never reveal my dark past again.

Pinkie Pie: It was really sad for Tara. We had no idea her past was THAT dark.

Maud Pie: (Monotonously) It was really shocking to hear that.

Marble Pie: Yeah the poor girl went through a horrifying nightmare.

Limestone Pie: But she did save everyone in the end.

Cheese Sandwich: We're glad she did. It was awful she went through all that.

Mrs. Cake: It sure was.

Mr. Cake: Yeah.

Waffle Woman: I know. But at least Slade is gone for good. By the way that cake that you guys made, that Marzipan Marscapone Meringue Madness cake was so delicious! I ate half of it in one sitting.

Pound Cake: (Babbles)

Pumpkin Cake: (Laughs)

Mrs. Cake: Thank you dearie. It's good you liked it.

Somnambula: (Egyptian Accent) That was one of the best cakes I've had in over 1,000 years.

Silverstream: It sure was.

Fu: I'll say. So delicious. I still can't get the thought of it and the taste of it out of my mouth.

Runo: Me neither.

Blade Tigrerra: Same here.

Suddenly a rumble was felt and out of the ground came a fruit tree and it enveloped Pound Cake and Pumpkin Cake in a vortex of fruit, vegetables and cakes!

Mr. Cake: Whoa what's happening!?

Tara: We haven't had this is a while! It's a Divine Blessing. It's how some of us got our powers.

When the vortex faded Pound Cake and Pumpkin Cake were now as old as Apple Bloom. Pumpkin Cake had an orange shirt and skirt and had blue tennis shoes as well as a blue bow in her hair and Pound Cake had a beige shirt with brown on it and he had grey pants and brown shoes.

They got up.

Pumpkin Cake: (Groans) What happened?

Pound Cake: What a rush.

They gasped and saw themselves and they were shocked.

Pound Cake: Whoa! We're all grown up.

Pumpkin Cake: We sure are. Wow!

Pinkie Pie: You two look amazing!

Pumpkin Cake: Pinkie? Wow!

Tara: You two got blessed by one of the gods. It's how we got our powers and how we got to how we are.

Pumpkin Cake: Whoa! This is amazing.

Pound Cake: It sure is. Wow! Lets see what we can do.

Pumpkin Cake: Lets do it!

They fired lemons and strawberries and pumpkins from their hands and they hit Waffle Woman and smashed her all over the place. They really got the hang of their powers really quickly.

Tara: WHOA! You two are fast learners!

Mrs. Cake: (Crying with joy) My kids are now part of the Knights of The Friendship Table!

Mr. Cake: We're so proud of you both!

Pound Cake: Thanks dad.

Pumpkin Cake: This is gonna be so awesome.

Tara: All right!

They went over and blew the fire out and they were eating the cake!

Tara: (Eating) Mmm! Delicious!

Pinkie Pie: BEST USUAL BATTLE EVER!

Pinkie Pie took a bite out of it.

Waffle Woman: (CHOMP) (Eating) Mmm! Hey how did you know that Baked Alaska was my favorite cake?

Tara: I think we guessed on that one.

They laughed.

Becky: They sure do and they now know how Quimby became the most hated man in the entire world.

Paige: Yeah he was a monster.

Diamond Tiara: He sure was. I hate him for everything he did.

Toxic Horror: Me too. He got what he deserved.

Silver Spoon: That is an understatement.

Louie PoisonSea: Yeah. Uh guys you don't know about this but back when I was with my brothers, we loved watching The Simpsons.

Rich Texan: You like watching us?

Toxic Horror: We sure do. And you guys are so popular from what I was told.

Starlight Glimmer: They are still very popular and they have been for over 32 years now.

Paige: It started out on April 19th, 1987 as the brain child of Matt Groening for the Tracey Ullman Show back then. Then it rose to fame when it became an official show on December 17th, 1989.

Comic Book Guy: (to Whitney) I hope Cozy Glow's mind hasn't reached the same state of the minds of the Joker and the Green Goblin.

Whitney: I don't think its gotten that bad but J.D. swore to help Cozy Glow by any means necessary and that is what he is gonna do.

Fluttershy: That's right. Diamond Tiara knows that there is good in Cozy Glow's heart and she has had this feeling for a long time. It's how Sunset Shimmer and Laney found out about her past.

Tree Hugger: She has a good heart in her dudes.

Mage Meadowbrook: That's right. We have to have faith in J.D. that he can save her.

Zecora: Faith is a strong feeling for one to show as long as you give it to someone you know.

Dan: Same here.

Drago: Absolutely!

Pakura: And I believe in him too.

Whitney: Awesome.

Comic Book Guy: That is a very strong faith. Lets get it on.

Comic Book Guy then had a huge explosion of fire form around him and it turned into a big Red Sumo Wrestler and he had fire coming from him. He turned into a Fire Sumo Wrestler. (Simpsons Game Big Super Happy Fun Fun Game.)

Whitney: Whoa! I didn't know you could do that now.

Comic Book Guy: I saw it on the Simpsons Game in the level where I was a bunch of Elemental Sumo Wrestlers. I now have the power to transform into a Dirt, Fire, Ice or Sky Sumo Wrestler.

Whitney: That is amazing! I remember seeing that in a clip on YouTube. This is a great power for you.

Pakura: The 4 powers of the Elemental Forces of Nature in Sumo Wrestler form. Awesome!

Comic Book Guy: Indeed. Lets do it!

They went at him and Comic Book Guy fired blasts of fire from his hands and they dodged the blasts and he rolled like a rolling boulder at them and left a trail of fire behind him and Pakura grabbed him and threw him into the air.

Rainbow Dash: Yeah and Cozy Glow may have done some terrible things but it was not her fault.

Scootaloo: Yeah it was because she snapped that she did it.

Magma Gloom: Her heart is so full of sadness that she snapped.

Snake: Poor little one.

Lightning Dust: Yeah she went through a lot.

Spitfire: I feel bad for her.

Vapor Trail: After everything that happened she needs a second chance.

We were done with the Usual Battles.

Roxas: Now that the usual battles are done, let's see where Cozy Glow is right now.

Me: Lets see.

I pulled up my holomap on my device and saw that she was at the School of Friendship.

Me: She's at the School of Friendship.

Twilight Sparkle: Why is she over there?

Me: We better find out! Lets go!

We flew and ran fast to Ponyville!

Me: I hope we're not too late.

May whistled and her Blue Flame Rapidash came and she got on and we were really running.

We ran fast and got to Equestria and it was more beautiful than ever and we were racing through Ponyville and running fast.

Frightwig: Equestria's looking beautiful as ever.

Me: Admire the scenery later. We have to hurry.

Nico: Yeah!

We were running and flying fast towards the school and we got there and went to the door and when I tried to open it, it was locked.

Me: It's locked.

Heidi: Let me handle this! METAL STYLE: SKELETON KEY!

She formed her finger into a key and unlocked it and opened the door.

Me: Good thinking Heidi.

Heidi: Thanks grandpa.

We followed the Yenaldooshi and we got to Twilight's office.

Yenaldooshi: In here!

I opened the door and saw COZY GLOW AND SHE WAS ABOUT TO HANG HERSELF!

We gasped!

Me: Cozy Glow don't do it!

Cozy Glow: I guess you guys have finally come to kill me, huh? WELL, I'M NOT GIVING YOU THE SATISFACTION! I KNOW WHAT YOU DO TO MOST OF YOUR ENEMIES! You're all probably glad that you're gonna have one less villain to deal with!

Wood Man: Cozy Glow, c'mon. Let's just talk about this.

Cozy Glow: Too late! You want villains like me gone? Well, I'm about to be gone. Hope that makes you all happy!

Me: Cozy Glow no! We're not going to kill you! That goes against our code.

Nico: Yeah! Lets just talk about this and help you.

Cozy Glow: I don't need your help! (Crying) Not after everything I did!

Me: Because it wasn't your fault. You are dealing with the pain of the loss of your mother. You lost everything when she died on her birthday.

Cozy Glow: How did you know that?

Sunset Shimmer: I found out from yourself in the human world. Cozy lets just talk about this and help you.

Cozy Glow: There's nothing to talk about.

Mummy: That's it! I'm using my bandages to restrain you!

Me: No wait! Cozy Glow, we know what happened. We just want to help you.

Laney: Yeah we know what you are going through.

Fuse Man: No offense, J.D. But your merciless attitude towards most villains is what led Cozy Glow to this. You have to make this right.

Me: What do you think I'm doing!?

Fuse Man: Oh sorry.

Me: Cozy Glow, we know what happened with you. You lost your mom due to a terminal disease and she died on her birthday. You lost everything and you lost your one friend. You have no one. That's why we're trying to help you.

Cozy Glow: Nopony can help me.

Gentleman Ghost: Child, what do you think killing yourself will accomplish?

Cozy Glow: So I can be free!

Me: No Cozy Glow! Suicide is never the answer to anything. It will only lead to more pain. It's a one way ticket to the fire of Hell.

Varie: J.D. is right Cozy Glow. You don't have to do this. We can help you.

Sandpit: (to Lily) Lily, can't you use your powers to cure Cozy Glow?

Lily: I don't think she has anything wrong with her.

Me: Cozy Glow just hear us out. We know what you are going through and there are others here who know just how you feel.

Cozy Glow: What do you mean?

Me: There are others who went through the same kind of pain that you are feeling right now.

Cozy Glow: How could you possibly know what I have been through.

Hsi Wu: I'll take to the skies in case Burns and his group try anything.

Me: Okay.

Hsi Wu took off.

Cozy Glow: How do you know what I feel!? You weren't there! You can never understand the kind of pain I have been feeling! You can never understand what I went through!

Me: You're wrong Cozy Glow. You're wrong. There are many others who know just how you feel.

Static Shock: I lost my mom and my dad raises me and my sister.

Permafrost: I lost my mom and my entire family.

Naruto: Same here.

Fu: Me too.

Lots of us came forward.

Me: But you need this more than ever Cozy. It's time for your soul and your heart to be healed. (Snaps fingers)

Then a massive beam of light shined from the ceiling and the divine singing of angels was heard.

ANGELS: (SINGING DIVINELY) AAHHAAAAAAAAAAAAHHHHH. AAAAHHH AAAAHHH AAAAHHH AAAAAA AAAAA AAAAA AAAA AAAAA AAAA AAAA AAAAA…

A figure came down through the light and it was a blue pegasus pony with blue hair and it was Aurora Shine, Cozy Glow's mother.

She landed in front of Cozy Glow and she was absolutely shocked.

Cozy Glow: (Shocked) Mom? Is that you?

Aurora Shine: My sweet Cozy Glow. I missed you so much.

Cozy Glow: (Gasp) MOM!

She hugged her mom for the first time in so long and cried hard!

Cozy Glow: (Crying hard) OH MOM! I'M SO SORRY! I'M SO SORRY!

Aurora Shine: I know. But my death was unavoidable. I was dying. I didn't want to tell you because I didn't want to see you go through the pain of losing me.

Cozy Glow: Oh mom! (CRYING HARD)

Seeing Cozy Glow cry like that made my heart hurt. But she was so happy to have her heart fixed and her mind all healed.

Nico: It's great she has her mother back.

Jack Spicer: Well, that was easy.

Maria: Not yet. I'm still getting a bad feeling.

Me: What now Maria?

Cozy Glow: Oh right. I forgot to tell you all. My evil self separated from me and it's about to unleash a terrible monster.

Me: What monster?

Cozy Glow: An evil monster of incredible power. My evil self is heading to the Equestria Badlands to release it.

We gasped.

Dr. Polaris: How did your evil self have time to get out of you?!

Cozy Glow: I don't know! It just happened! I felt this really tremendous headache and then I just was exhausted.

Aurora Shine: What did your Evil Self do?

I then sensed something.

Me: Guys! We need to get to the Badlands! Fast!

Nico: Why?

Me: Just follow me!

We went to the Equestria Badlands!

We got there and we saw a volcano explode and a familiar figure arose from the cone and roared. It was KRONOS!

---

**Kronos** is the main antagonist in the 2012 film *Wrath of the Titans* . He is the leader of the Titans and father to Hades, Poseidon and Zeus.

History

Kronos is the king of the Titans, father of the Gods. Kronos current physical form is composed of lava and molten rock. Lines of lava surround Kronos' body, mouth and eyes, which would suggest that the inside part of his body is completely composed of lava. He is capable of projecting massive waves of lava from his arms. It is also seen that Kronos can spawn hordes of Makhai from his very own flesh, or at least project them from the rivers of lava on Tartarus. Both Makhai and Chimeras are seen to be affiliated to Kronos rather than Hades.

Power level

According to Hephaestus, if Kronos is let loose, he has enough power to scatter the Earth over the universe. In the past, the gods needed the aid of the Kraken to defeat Kronos and the rest of the titans. It is proven that not even the combined powers of Hades and Zeus are enough to stop Kronos, as the Spear of Triam is the only known weapon capable of defeating him.

Mythology

Kronos is the Greek Titan of Time and was the leader and the youngest of the first generation of the divine descendants of Gaia, Earth, and Ouranus, Heaven known as The Titans. He is the father of Zeus, Hades, and Poseidon. According to mythology, he overthrew his father and ruled until he in turn was overthrown by his own sons and imprisoned in Tartarus.

Kronos is usually depicted with a sickle or scythe, which is also the instrument he is said to have used to castrate and depose Ouranus, his father. A festival called Kronia was held in his honor in Athens, on the twelfth day of the month of Hekatombaion, to celebrate the harvest. This suggests that as a result of his association with the virtuous Golden Age, Kronos continued to preside as a patron of harvest. He can also be identified in classical antiquity with the Roman deity Saturn.

Titans were originally the offspring of Gaia (the Earth-mother) and Ouranos (the Sky-father) and were the first race of divine beings. Kronos and Rhea produced the first generation of Olympians whom Kronos, out of fear of being overthrown, then ate, save Zeus. Zeus killed Kronos and saved his siblings.

At first the relationship between the Olympians and Titans were relatively amicable, but eventually the Titanomachy, the war against the Titans, broke out, in which the Titans were finally subdued and punished.

Me: OH SHIT ON ME AND FUCK ME SIDEWAYS INTO OBLIVION!

Nico: OH NO!

Vince: IT'S KRONOS!

Notacon: You guys know this thing?!

Me: That's Kronos! He is a Titan and the father of Zeus, Poseidon and Hades!

Nico: Yeah! We destroyed him long before we had most of you join us.

Me: He's really powerful and dangerous.

Lola: And he is a legendary titan from Greek Myth.

Shendu: I have heard of Kronos from all the years I have lived. But I never thought I would see him up close!

Me: Get ready guys! WE FIGHT TO THE DEATH!

We powered up and went to our maximum power!

I went Super Angel-Ebonwu-Phoenix 100,000,000.

Nico went Super Saiyan 4 and the Loud Kids, Varie, Brittney and everyone transformed!

The Masters of Evil ALL came.

Kronos: Enarsi narsu.

Vypra: That's Kronos! What's he doing here?!

Me: (Divine Echoing Elemental Voice) **Evil Cozy Glow released him!**

Vypra: WHAT!? She has no idea what she has done!?

Nico: I know. Evil Cozy Glow doomed all of Equestria!

Me: **Lets hit him with everything we got!**

Vince: Time for some serious pain!

Lincoln: (Divine Echoing Electrical Voice) This monster is gonna wish he was never born!

Me: **Lets take him down!**

Brass Knuckles: Alright. There you are!

Evil Cozy Glow: Yes and do you like my new friend?

Me: **"Friend!?" Do you have any idea what you've just done!? You've doomed all of Equestria from the Wrath of Kronos!**

Evil Cozy Glow: I know and I decided to separate myself from my worthless goodie-goodie self and after that I realized that if I couldn't rule Equestria then nopony would! I decided to destroy all of Equestria just like all my new friends will later on in the future.

Cozy Glow: OVER MY DEAD BODY!

She pounced on her evil self and smashed her into the ground and Evil Cozy Glow got up and flew into the air and Cozy Glow spread her wings and flew after her!

Cozy Glow: You ruined my life and made me do all kinds of horrible things that are unforgivable! I will make sure you pay for it big time! I now have lots of friends and I don't need you anymore!

Evil Cozy Glow: You became me!

Cozy Glow: BECAUSE YOU ARE THE ONE THAT TOOK THE ONE PONY I LOVE AWAY FROM ME! YOU KILLED MY MOTHER! IT WASN'T THE DISEASE THAT KILLED MY MOTHER! IT WAS YOU!

She flew at her and punched her in the face and knocked her down and Evil Cozy Glow fired red energy blasts and Cozy Glow fired back with pink energy blasts and they collided and exploded with incredible power!

We powered down.

Fat Tony: Today turned out better then I thought it would be.

Wiggum: (looks at the defeated Evil Cozy Glow) But first, let's get her to a jail cell.

Cantwell: Have fun in prison for the rest of your life.

Me: And I know just the roommate for her.

Vypra: Same here.

We had the Evil Cozy Glow sent to the Masters of Evil prison and she would have Abacus Cinch as her cellmate. But she would be back for the April 12th war.

We later went back to Ponyville and gathered everyone there to tell everyone about what happened and why Cozy Glow did what she did.

Me: So you see everyone, Cozy Glow didn't mean to do all those things. There was a reason why she did all that. She lost her mother, Aurora Shine, due to a terminal disease. Cozy Glow lost the one person who cared for her the most and it left her an orphan and all alone. She snapped as a result and caused her to become a monster. She did all those things at Twilight's School because all she wanted was her mother back and she didn't mean any harm. All she wanted was her mother back.

Cozy Glow: It's true everypony and I'm so sorry about everything I did. I just wanted my mother back.

Me: So please everyone, can you all find it in your hearts to forgive her? Like we have?

They agreed and it was great.

Princess Celestia: And that's why we have these for you all.

The Royal Guards had a bunch of beautiful gold medals with beautiful pink jewel hearts in them.

**Princess Celestia** : Team Loud Phoenix Storm and the Masters of Evil, you all were very brave in the face of danger, resourceful when things got challenging, and proved that the bonds of friendship, no matter how unlikely, are stronger than any adversity. By stopping Evil Cozy Glow and Kronos, not only did they save Equestria; they set Cozy Glow free from her darkness inside her and saved her from herself. And that's why we're proud and honored to give them the Equestrian Pink Hearts of Courage!

[cheers and applause]

We cheered wildly and the Princess Put the Medals around our necks and we were honored.

Me: We are honored Princess.

Nico: Thank you so much.

Cozy Glow: (To the viewers) This was one awesome and explosive adventure. I hope you all loved it as much as I do.

Me: I know I did.

We later went back home and had an awesome pizza party.

In Memory of Adam West

---

In Dimmsdale we were heading there to meet a very special friend that Timmy knows and he has helped this friend a lot over the course of his adventures.

Me: This is gonna be interesting.

Nico: It sure is. Who do you think this friend of Timmy's will be?

Timmy: You guys will love him. He is an awesome superhero like us.

Juandissimo: (Spanish Accent) I think I know this friend you want us to meet, Timmy.

Timmy: Yep and you guys are gonna love him. It's Adam West.

We gasped in excitement!

Me: Adam West!? The legendary actor who is the first ever Batman?

Timmy: Yep and he did it all over the years. He is also the famous hero Catman.

Batman: He's not the Catman that I know is he?

Me: You mean Thomas Reese Blake A.K.A. Catman? I don't think so. But this is obviously the Catman that Timmy knows.

Timmy: Yep you guys would love him. He's heroic and funny.

We arrived at Adam West's awesome mansion.

We went in and saw Adam West, Catman himself!

Me: Adam West.

Catman: Well this is an awesome honor.

Fluttershy: It's a pleasure to meet you, Mr. West!

Catman: It is an honor to meet the Legendary Team Loud Phoenix Storm.

Me: Same here Mr. West. It's an honor. You know the funny thing is that you were also the Mayor of Quahog, Rhode Island.

Catman: That is a really unusual coincidence isn't it. (Hacks and coughs)

Me: You all right?

He coughed up a hairball and it splatted onto my face.

SPLAT!

Me: (WIPES IT OFF!) YUCK! HAIRBALL!

Stimpy: That's really funny J.D.!

Catman: Sorry about that. It comes with the job description.

Me: That's okay but it's an honor to meet you. I love all your movies and everything you do and it's awesome.

Catman: I'm so honored that I have some fans.

Nico: We are just honored to meet you.

Dead End: That version of you who was Quahog's mayor is nothing compared to you.

Me: No he isn't.

Meg: Uncle Adam is a great guy and funny too.

Me: Yep.

Catman: I know it is. But I hope you can still call me uncle Meg.

Meg: I would like that.

They hugged.

Me: Aww. Lois do you still see your sister Carol every now and then?

Lois: Unfortunately no. I miss her though and I'm not sure she will ever forgive me for all the pain I caused because of Peter.

Me: Well give her some time. Also we killed an evil version of you.

Catman: Did you really?

Me: Yeah we sure did. It was in a universe where the world was always at war and that version of you was a monster.

Catman: He sure sounded like it.

Me: Yeah he was.

Kup: I think you should know that the Justice League has faced another Catman in the past.

Catman: Indeed they have and I remember that.

Me: Thomas Reese Blake A.K.A. Catman is his name. Pretty interesting that you both share the same Alias. Except you are a hero and Thomas Blake is a Villain.

Catman: That's right. It is very unusual.

Timmy: But if we face him you would make a great archenemy for him in the Masters of Evil.

Me: We have a lot of archenemies in the Masters of Evil and they are great friends and give us an amazing challenge.

Catman: That's great! And I would be honored to have him as an archenemy.

Me: Awesome! Catman VS Catman. This is gonna be awesome.

Later back in Gotham Royal York, The Sullen 6 were making a dark deal with the most dangerous gang in all of the world of Bionicle. They were making a deal with the evil PIRAKA GANG OF VOYA NUI!

The **Piraka** are the main antagonists of the *Bionicle* 2006 storyline arc as well as one of the villains in the entire *Bionicle* series. They were a group of six Skakdi that had separated themselves from the Dark Hunters.

Shortly after Teridax was defeated by Toa Takanuva, rumors began to circulate about his "death". Six Skakdi Dark Hunters - Hakann, Vezok, Zaktan, Avak, Reidak, and Thok - decided to run off and investigate on their own, abandoning the Dark Hunters and instead calling themselves "Piraka", the Matoran word meaning "Thieves and Murderers". In Makuta's lair, they discovered both his crushed, uninhabited armor and a strange weapon called the Spear of Fusion. Hakann accidentally fired this weapon at Vezok when it was in reverse, splitting him into two beings; one still considered Vezok while Thok called the other a Vezon, the Matoran word for "Double". The other newly created being then took the name "Vezon". Just afterward, all seven mysteriously gained knowledge of the powerful Kanohi Ignika, the Mask of Life, hidden somewhere on the island of Voya Nui. All became dead set on finding the mask and claiming it, and the original group of six agreed to work together - though each planned to betray the others and claim the mask for himself. Vezon, on the other hand, abandoned the team and disappeared right after two giant Mana-Ko Rahi attacked. In the rush to get to the island he used an old Toa Canister to get to Voya Nui, taking the Spear of Fusion with him.

Upon arrival on Voya Nui, the Piraka pretended to be Toa to gain the help of the native Matoran, Hakann and Avak even going so far as "fighting off" a lava-rock monster that they themselves created and secretly controlled. Having gained the trust of the Matoran - except for six who had their doubts - the Piraka contaminated them with antidermis and put them to work building their stronghold and draining the volcano, Mount Valmai, where the mask is supposed to be hidden. In the meantime, Zaktan used the knowledge he gained near Makuta's armor to build a device that collected a kind of virus known as Antidermis. The Piraka then used Zamor Spheres filled with this virus to fully enslave the Matoran; however, the six suspicious ones managed to escape and began to work against the Piraka.

When the Toa Nuva showed up on Voya Nui, the two groups immediately got in a fight. Though it was a fierce battle, the Piraka ended up the victors and Zaktan ordered the Toa's masks and tools taken and the Toa themselves thrown into the volcano. But when the volcano erupted, the Piraka didn't want to risk their lives and instead left the Toa in the lava's path; the Toa were able to awake in time to escape with their lives (and their tools).

Relations between the Piraka - which were turbulent at the best of times - rapidly began to deteriorate. Hakann caught Zaktan secretly making deals with a giant stranger, Brutaka, who wanted the virus; Hakann then decided to take the Zamor Spheres so he could gain the giant's help for himself. Thok and Avak began to suspect that the Mask of Life was actually in the island's "green belt" that strangely thrived in the island's harsh terrain, and they turned on Zaktan. Eventually, it became an all-out brawl between the Piraka (minus Vezok); which only looked worse when the Toa Nuva and rebel Matoran invaded their stronghold, reclaimed their masks, and, as Toa Kopaka put it, "We heard you were trying to kill each other. We are here to offer our help in that long overdue endeavor." Zaktan then offered all of the Zamor Spheres to Brutaka in exchange for stopping the Toa Nuva, which he accepted. While the Toa Nuva were taken captive by Brutaka, the Piraka began to interrogate the Matoran.

Worried about Zaktan's powerful new ally; Hakann, Avak, Reidak, and Thok begin scheming against him. Meanwhile, the Matoran escaped, and in searching for them Vezok encounters a second team of Toa that recently arrived, the Toa Inika. Later, two of these Toa sneak into the stronghold but are caught by all six Piraka and Brutaka, only to have the rest of the team show up just as the fight starts. While the Toa gain an advantage, Hakann used a very special Zamor Sphere to try and steal Brutaka's power, cutting out his "allies" in the plan, but Thok intervenes and gets half the power for himself. The two use their enhanced powers to subdue the other Piraka and the Toa. After Hakann and Thok leave, having forced Brutaka to reveal the location of the Mask of Life, the Piraka and Inika strike an uneasy alliance to de-power the two.

Meanwhile, Hakann and Thok have started fighting each other. Hakann creates a blast with his heat vision that blows up half the island, which allows the Toa and Piraka to track him. The other Piraka attack Hakann, while the Inika engage Thok. The Piraka are defeated, except for Zaktan, who shifts out of the way as Hewkii fires the Zamor at Hakann and Thok. The Toa collapsed as a result of the Piraka's blast, but the sphere does its job. When the Inika woke up, the Piraka have headed down the tunnel to the Mask of Life.

On the path to the Mask of Life, the Piraka are horrified to discover monster of myth Irnakk, who quickly stops each Piraka with their worst fear brought to life - except for Zaktan, who is briefly absorbed into Irnakk's own mind (though he soon restored him saying:"You tasted stale, so I spat you out"). When Zaktan stood up to Irnakk, citing all the horrors he has had to endure from being a mass of protodites instead of a whole being, Irnakk was satisfied that he has conquered fear and uses it as a weapon, and allows the Piraka to pass.

After making their way through a number of other traps and tests, they entered the Mask of Life chamber ahead of the Toa Inika. Inside, they are surprised to find Vezon, who had reached the mask but is now cursed to be its guardian. Avak easily imprisons Vezon, only to find that the mask was imprisoned with him, fused to the back of Vezon's head. Vezon offers to negotiate on the condition that Vezok is killed - something the other Piraka are only too happy to do, but Vezok realizes that Vezon couldn't give up the mask even if he wanted to. Vezon then uses the Spear of Fusion to merge Vezok and Reidak into one being, commanding it to attack the others. By the time the Toa Inika arrive in the chamber, the merged being has soundly defeated the others, and when Vezon splits it apart into Vezok and Reidak again, they pass out as well.

While the Toa Inika fight Vezon, the Piraka recover but decide to stay out of the battle. Once the Toa win, the Piraka attempt to take the mask from them, but it flies away and quick action by the Toa allows them to get a head start in following it. Racing back to the island's surface, the Piraka plan to ambush the Toa Inika, only to see them joined by both the freed Toa Nuva and their ally, Brutaka's ex-partner Axonn, and a very dangerous looking Botar. Not wanting to pick a fight with twelve Toa and Brutaka's equal and a tall savage, they decided to lay low and wait for an opportune moment to strike.

While all this was happening, the leader of the Dark Hunters, the Shadowed One, was displeased with their betrayal, and thanks to Hakann (who betrayed the Piraka to him) he knew where they were. He sent Sentrakh to find and capture or kill the Piraka; and another team of Hunters, including Kraata-Kal, was being assembled. The Shadowed One had also sent Amphibax to monitor events from the seas surrounding the island.

Unknown to the Piraka, the waters below Voya Nui are mutagenic, and they were unknowingly exposed to this mutagen during their journey through the tunnel…

They were mutated into snake like beings with their own heads. They then killed all of the Zyglak in the Stone Cord and fought the Toa Mahri in which they were winning until an electrical attack stopped them. When the Toa Mahri asked where they were Axonn simply stated they had been taken care of. In fact, they had actually been taken for interrogation by the Order of Mata Nui. Though Zaktan was not likely give up the information he holds, The Order interrogated and would pry it from his mind if they had to. The Piraka were imprisoned on Daxia. When Daxia was destroyed, they survived and were fused with each other and other species when they were thrown in Energized Protodermis.

Dark Hunter Missions

When they were members of the Dark Hunters, these six went on several missions, but only a few are known:

7,000 Years Ago: Vezok and Hakann team up to steal a treasure from a besieged Toa fortress. Hakann had extracted information on this fortress from a Dark Hunter, who was later killed by the

Shadowed One for his infidelity. Vezok has Hakann "distract" (that is, get beaten up by) the guards while he goes after the treasure. Hakann was planning to do exactly the same to Vezok. He finds a tablet labeled "Makoki stone" and realizes it has hidden inscriptions detailing the operations of the Brotherhood of Makuta. After escaping the fortress, both are caught by the Dark Hunter "Ancient" (who also wanted the Makoki stone) and forcibly recruited, joining the other four Skakdi who were already members. The three then left the Toa to be killed by the neighboring tribe of Frostelus. The only one who survived was a new Toa of Fire named Lhikan. This Toa later bartered the Makoki stone back from the Dark Hunters.

5,000 Years Ago: Zaktan leads the others (except for Avak) in an unsuccessful revolt against the Shadowed One. The Shadowed One tries to execute Zaktan by disintegration, but everyone is surprised to see Zaktan survive as a mass of protodites, making him a monster.

4,000 Years Ago: Vezok, Reidak, and Avak free the Kanohi Dragon from its prison in order to pressure Turaga Dume into allowing a Dark Hunter base in Metru Nui. At Dume's refusal, Vezok tries to kill him but Toa Lhikan, Toa Nidhiki, and nine other Toa (one of them most likely Tuyet) intervene. With neither side willing to pick a fight at the moment, the Hunters leave and let the Toa deal with the dragon. They do this by transporting it to another island, where Roodaka lives.

3,000 Years Ago: When Thok fails to kidnap Turaga Dume in the latest of a series of failures concerning Metru Nui, the Shadowed One loses patience and has the Dark Hunters invade the city. Though initially successful, hundreds of Toa rally to Metru Nui's defense. After months of fighting, Hakann watches Toa Nidhiki betray his brothers, and catches Toa Lhikan also watching. Hakann opts not to warn the other Hunters about Lhikan, as doing so would mean he would be caught and jailed, but instead offers Lhikan a deal: if Lhikan lets the Hunters leave Metru Nui freely after his trap is sprung, he can have the Makoki stone back. Lhikan remembers what other Toa sacrificed for the stone, he agrees; adding the condition that the Hunters must take Nidhiki with them.

250 Years Ago: In the war with the Brotherhood; Zaktan, Reidak,

and Thok are a few of the Hunters dispatched to guard a base. Thok loots the base, and Zaktan explores it as well, but a tip-off from Roodaka that the base was once the Brotherhood's encourages Zaktan to take a closer look. What he finds is the Brotherhood's master plan: schemes, calculations, backup plans, prophesies… Stunned at first, Zaktan vows to use this knowledge to his advantage, and destroys the records before he leaves.

## Powers and Tools

Each of the six Piraka was equipped with a dual-use weapon and a Zamor Launcher; the launchers were loaded with spheres full of the Antidermis virus that could enslave Matoran and make them mindless drones. Each Piraka also had a vision power, a unique personal power, and an elemental power; but they could not activate their elemental powers on their own (with the exception that Hakann, Vezok and Thok use these powers as "ammo" for their weapons). Two Piraka must combine their elemental powers in order to use them.

All of the Piraka came from the Skakdi species. The Skakdi had been given their vision and elemental powers through species-wide tampering by the Brotherhood of Makuta; it's unknown which of the Piraka's other powers are also due to this tampering (though we know that Zaktan's protodites were not).

## Bionicle Heroes

In *Bionicle Heroes*, the Piraka were the last bosses of an area to fight. In the game, they had captured the Ignika to morph the island's inhabitants. The Piraka were the last bosses fought in a section of *Bionicle Heroes* . Once you defeated a Piraka, you could use him as an extra playable character in his area, plus, have him in the Piraka Playground. Once you defeat the final boss, Vezon, he replaces the other Piraka as an extra playable character. He is not seen in the Piraka Playground. In the DS and Gameboy Advance versions, the last villains were all of the Piraka and they were NPC's. Also, the Piraka Playground was not present.

---

Mr. Burns: So, do we have a deal?

Zaktan: Fine. But we're warning you and your playmates, Burns. An alliance is a contract, and contracts, like humans, expire.

Crocker: On this planet, we have a saying: "The enemy of my enemy is my friend."

Thok: We also have a saying: "We don't care."

Vlad Plasmius: That is rude. No wonder you guys had a hard time with the Toa.

Zaktan: Shut up!

This could be the worst deal they ever did.

Later at the estate we were watching TV and playing card games and reading books.

Derpy Hooves then came flying in and she crashed into Lori on the sofa!

Lori: OOF! Ow.

Lola: Derpy you have to be careful!

Me: Lola, she can't help it, If anyone has ever looked at her eyes, they would know that Derpy suffers from an eye condition that affects her motor and coordination skills. Never the less, she's still a pony and girl who deserves respect. Despite a few slip ups, she does work hard every day at being the best pony or girl she can be.

Nico: That's right!

Derpy said nothing and some of the others gave Lola a glare. A few others nodded in agreement with me. Derpy gave me a hug as a few tears pricked her eyes.

Derpy: Thank you, Nopony's ever stood up for me before.

Me: Aww you're welcome Derpy. That's what friends do.

I gave her some muffins and she loved them.

Nico: Hey look!

We saw a moving truck head passed us and we saw that it was heading down the street to the house next door to the old Loud House.

Sandman: We're getting new neighbors?

Me: From the looks of things yes.

Nico: Wonder what they'll be like.

We looked and saw that they were a brown hair man and a blond hair woman and they had a son. Nico saw what them and he recognized them from somewhere.

Me: Their a nice family of three. Lets go see.

We went to see them and we saw that they were moving into the house next door to the Loud's old House.

The Springfield Mafia, Cantwell, Po Kong, Chief Wiggum, Rich Texan, Comic Book Guy, Snake and Waffle Woman appeared.

Fat Tony: Can me, my boys, Cantwell, Po Kong, Wiggum, Rich Texan, Comic Book Guy, Snake, and Waffle Woman go with you guys to check up on these new neighbors.

Me: You all sure can.

Nico: I got a really bad feeling about this guys. I have a feeling that I know those people.

Me: How do you know them Nico?

Nico: I'm not allowed to talk about it.

Me: Understood.

We walked up to them.

Bowser Jr: Howdy, new neighbors!

Jeff: Howdy everyone! Wow! The legendary and world famous Team Loud Phoenix Storm! It's an honor to meet you all.

Me: Pleasure is ours.

Jeff: We are the Miller's. I'm Jeff.

Carly: I'm Carly.

Ryan: And I'm Ryan.

Me: Pleasure to meet you.

Nico looked at the Miller's with a glare that said we meet again.

May saw the Miller's look back at him with the same glare and it was very suspicious. The Miller's were hiding something big.

Carly: But it's a great honor to meet you J.D. Want a couple of peaches?

Me: Sure.

I took one and ate it and it was really juicy and flavorful.

Me: (Eating) Mmm! Juicy and delicious.

Applejack: Would you like some apples?

Jeff: EW! No thank you but thanks for offering.

Me: (In my head) Hmm.

Lincoln and Clyde were having suspicions and they were looking around the house and saw some strange things. They had peach propaganda and more all over.

Cantwell: Lincoln, Clyde we're going!

Lincoln: Coming!

They came back. Back at the estate Nico was looking at the Miller House from out the window.

Cantwell: Lincoln, you and Clyde better have a good reason for snooping around!

Lincoln: We think that the Miller's are really spies.

Me: Spies? What kind of spies?

Clyde: We think they work for an evil Organization called S.U.S.P.E.N.S.E. - Secret Underground Society of Peach Entrepreneurs Nixing Sour Exports.

Me: That's a mouthful.

Nico gasped when he heard that name!

Nico: Oh man! I knew it was them!

Me: What do you mean Nico?

Nico: The Miller's are part of that organization. It's an Agricultural Terrorist Organization.

We gasped!

Me: What do they plan to do?

Nico: Their goal is to destroy the entire country's fruit supply and replace it all with peaches.

We gasped again!

Me: That will cripple the entire country's economy and send us back to the Stone Age!

Applejack: Why do they want to destroy all of the country's fruit?

Nico: Because they think peaches are the superior fruit.

May: How do you know all this Nico?

Nico: Because I'm also an Agent for the C.I.A. and the FBI and I was tasked to take them down. Before I joined you guys, I was visited by Director Wray of the FBI and he gave me a huge assignment. My mission was to go undercover and infiltrate the S.U.S.P.E.N.S.E. Organization and gather enough evidence on their plans. The Miller Family is my primary target. They are the organizations most dangerous members.

Me: That's insane!

May: No kidding! We were never told about all this!

Nico: I didn't want you all to blow my cover.

Me: Lincoln, Clyde, we'll go with you and find out what they have planned. If we have terrorists in the area, then the city and all our food are in serious trouble.

Stone Man: Hang on, guys. We can't be reckless this time. If we confront the Millers about this, it'll be their word against ours.

Maria: Stone Man's right. The last thing we want is to lost the trust of the public again.

Me: That's right. We have to gather some proof. We can't act unless we have proof.

Laney: Right! But if we're really dealing with terrorists, then this could be a fight that could get people hurt.

Me: Yeah and we'll take the fight to another planet.

Lana: Where is this organization located?

Me: Well based on what Nico said and told us I would say it's somewhere in Georgia because it's the Peach state

Wiggum: How about I go with Lincoln and Clyde to go get proof? I am a cop, after all.

Me: Good idea Chief. You better take Lou, Eddie, Joe, Tom and Sheila with you. They can help you out.

Lou: Just like old times huh Chief?

Wiggum: Good idea and it sure is Lou. Sheila has been helping me become a better cop ever since I joined the Masters of Evil.

Nico: Awesome.

Joe Swanson: All right lets go.

Later the Millers were planting peach trees in their backyard and they were beautiful.

Power Girl approached the Millers in their backyard.

Power Girl: Excuse me? I hope you two are enjoying the neighborhood so far. But I just have one question. What's your opinion on Mr. Burns and his group?

Jeff: He's a monster. He always hates everything and shows no love for the planet.

Carly: No he doesn't. And that organization of his is evil.

While Power Girl was keeping the Miller's distracted we went in and searched and the best place to find an evil lair was in the basement.

We went downstairs and found high tech equipment.

Me: So far nothing but look at all this equipment.

Wiggum: There has to be something here.

Me: Hmm.

Nico: I think I know what it is.

Nico went to the wall and started feeling for something. He hit a secret lever and the wall opened and it revealed a hidden control console!

Computer: Total Cherry Destruction in T-Minus 1 hour.

We gasped in shock!

Me: WHOA! Lincoln, Clyde, you were right!

Maria: WHOA!

I pressed the big red button and aborted the mission. Laney snagged some photos and gathered some evidence.

Me: Lets head back to the estate and formulate a plan.

Nico: Right.

We went back to the estate.

We met back in the Estate.

Rich Texan: Well, at least we know the Millers aren't working for Burns and his gang.

Me: No they aren't and we know now that they are indeed Nico's targets.

Nico: Yeah!

Me: Now we have to arrest them and make sure they don't escape.

Nico: Yeah.

Xion: First, let's go over what we found in their house.

Me: We found out that they are trying to destroy the entire states cherry supply which makes up for more than 70% of the country's economy.

Laney: And they are really terrorists working for the one of the most dangerous eco-terroristic organizations in the world.

Poison Ivy: Which is in Georgia and I know how they think because I'm a former eco-terrorist.

Nico: That's good. And we found that control console and a bunch of S.U.S.P.E.N.S.E. propaganda.

Me: Yeah. This is more than enough evidence to put them away for good and we stopped them from destroying the country's cherries.

Po Kong: Personally, I like both peaches and cherries.

Jared: Me too.

Eddy: I like cherries too.

Nico: Yeah.

Me: All right guys. We can't let these guys get away with their crimes. Lets get them!

Donna: Hang on. We still can't be reckless about this. We still have the element of surprise since they don't know we're on to them.

Me: Right sorry. We've got to set up a trap somehow.

Joe Swanson: We can always do what I did when I tried to get Bobby Brigs to talk: Wear a wire.

Nico: That's genius!

Me: Good thinking. Okay uh, who will volunteer for that?

Jared: I will dad. I've always wanted to go undercover.

Me: I knew you would be up for this son.

Nico: I have one of their outfits for this.

Nico gave Jared a uniform for S.U.S.P.E.N.S.E. and Joe equipped him with a wire.

Jared: Here we go.

Waffle Woman: (to Hook) Hook, you stay outside in case something goes wrong.

Hook agreed.

We were hiding in the bushes of the old Loud House and we were invisible.

Jared was talking to the Millers and we were listening and The Gotham Royal York Police and the FBI were listening in too. The Miller's told Jared that they are part of S.U.S.P.E.N.S.E. and that they were sent to Michigan to destroy the entire state's cherry and replace it all with peaches so that the country will see how superior peaches are. They also told him that they plan to destroy all the country's fruit all over and replace it all with peaches. We were shocked and we got the evidence we needed to put them away for good.

Lisa and Director Wray gave them the thumbs up.

Me: Awesome. We have the evidence. Well done my son. Lets move in.

We had bulletproof vests on and guns ready.

Me: (whispering) Here we go.

We went up to the door.

3… 2… 1…

BANG!

We busted in and had our guns ready.

Jeff: What the?!

Kevin Levin: (to the Millers) Speaking of personal experience, I know con men when I see them. And you two are bad con men!

Me: That's right! You three are under arrest!

Wiggum and the cops pulled out guns.

Wiggum: Don't even make a move Peach Juice Larry's!

Jeff: Nico! I knew you were with Team Loud Phoenix Storm.

Nico: And I always knew you were gonna come Jeff. You are not gonna get away from me this time.

Me: This time you are are going to prison!

Comic Book Guy: You two are the worst. Neighbors. Ever!

Me: Make that 3 Worst Neighbors ever!

Lola: You're not destroying the entire country's food supply on our watch!

Nico: You got two choices Miller's. You either surrender to us and go to jail peacefully or we fight and kick your fucking butts and then drag you there kicking and screaming!

Ryan: You'll never take us alive!

He pulled out a peach smoke bomb and I fired a laser blast at it and blew it out of his hands.

Me: You aren't going anywhere. Now we do this the hard way! We fight!

Eli: It's Butt-Kicking Time!

Me: (Cracks Knuckles) We were on to your plot the very minute Lincoln and Clyde here discovered your plans.

Carly: Oh man!

We pulverized the living shit out of them and tied them up.

The severely injured Hook tried to crawl away from the Piraka Gang as they approached him.

Vezok: Team Loud Phoenix Storm. Masters of Evil. Like little children, always fighting. Making a mess out of the universe. Then we've got to clean it up. There's only one way you survive, Constructicon. Tell us where he's hiding. Where is J.D. Knudson?

Hook: Never! (spits at Vezok)

Avak: (laughs) Never is here!

Avak brought out his Zamor Launcher and was about to kill Hook with it.

But then the Toa came and blasted the Piraka down with elemental blasts and sent them flying and they crashed into a wall.

Tahu: I had a feeling you all would be here Hakann!

Gali: You have a lot of nerve showing yourselves here!

Lewa: Especially after everything you did to Voya Nui and all of Mata Nui!

We came with the Miller's all tied up and beaten and we saw the Piraka!

Me: The Piraka Gang!? What the fuck are THEY doing here!?

Hakann: We were hired to kill you J.D. Knudson.

Po Kong: Not if I sit on you all first!

Hakann: We were also hoping to fight the more stronger Masters of Evil members like Dark Spicer and Vypra. Instead, we get 7 yellow morons and a fat green bitch!

Concrete Man: The 8 of them are more than enough to help us take you dirtbags down!

Impact Man: Yeah! You have a lot of nerve!

Lincoln: You guys are jerks and need to be destroyed!

Laney: YEAH!

Lynn avoided a blast from Reidak's Zamor Launcher. But the blast hit the Millers instead.

Lynn: Whoops!

Reidak: (laughs) Aww. Looks like those 3 aren't going to make it. But you shouldn't cry too hard about them. In your eyes, they were terrorists.

Snake: (to us) Dudes, they might be terrorists. But we can't let the Millers die!

Varie: I'm on it!

Varie went and healed them.

Nico: You guys are heartless freaks!

Nico fired an energy blast at Hakann but he dodged it.

Nico: Okay. These guys are professionals. So this is going to be harder then we thought.

Tahu: Leave this to us, The Guardians and the Winx Club.

Zarya: And let us help out against them.

Me: Go get them. Our usual battles should be starting now.

And right on cue came Shiv, Professor Calamitous, Saïx, Koragg, Loki, Number 7, King Hiss and Evil Green Ranger.

Me: Shiv, Professor Calamitous, Saïx, Koragg, Loki, Number 7, King Hiss and Evil Green Ranger.

Koragg: You guys have your hands full.

King Hiss: Indeed they do.

Shiv: I take it you guys found out about the Millers?

Maria: We sure did.

Calamitous: I actually like cherries.

Number 7: The Millers are idiots to try and get rid of them.

Saïx: (sees the Piraka Gang) And it looks like Burns hired some mercenaries to get rid of you guys.

Me: Those are not just mercenaries. Those are the ruthless Piraka Gang.

Gali: They come from the island of Voya Nui and they want to find the Mask of Life to destroy everything.

Tahu: They are dishonorable and must be destroyed.

Shiv: The Piraka from Bionicle!? Oh man! I know them! I played with their toys years ago.

Nico: They are cool though.

Me: As toys but not in real life.

?: I think they are awesome too!

A figure came out and it was BULLDOZER ORG from episode 8 of Wild Force!

---

**Bulldozer Org** is (as his name implies) a bulldozer-themed Org and is one of the main villains of the three-part Soul Bird story arc episode, he serves as the main villain of the episode "Soul Searching", the second episode of the Soul Bird story arc.

This bulldozer-like monster was first seen by Toxica and Jindrax as he chops down trees in a forest, he agreed to serve them. He was then enlarged off-screen by Toxica and did battle with the Wild Force Rangers, the Rangers summon the Wild Zords and formed the Wild Force Megazord, it was unaffected by the Megazord's Fin Blade, and he gives a beating to the Megazord, they had the upper hand thanks to the Polar and Black Bear Wildzords and were about to use the Double Knuckle Bear Blaster attack, but the Red Lion Wildzord got sick, and the Org was easily able to finish it off, the Red Lion Wildzord tried to fight back, but he was quickly out match, Bulldozer Org was about to make the final strike on the Red Lion Wildzord until the other Wildzords came in to protect the Red Lion Wildzord, Cole then went on in the search for the Soul Bird, while the Zords were able to make a beat down on the monster, Bulldozer Org was still too tough, and to make matters worst, the Black and Polar Bear Wildzord's breath attacks have no effect on Bulldozer Org, but the Red Ranger found the Gorilla Wildzord and gave the Bulldozer Org a beating, they combined the Wildzords with the Gorilla Wildzord and formed the new Kongazord, Bulldozer Org was no match and was defeated by the Kongazord's Double Knuckle Final Strike.

---

Cole Evans: Bulldozer Org!

Bulldozer Org: I'm back guys. Been a while.

Me: I remember you all too well! You were enlarged right off the bat and you took down the Wild Force Megazord when the Red Lion was drained because of the Bear Brothers being too powerful for it to handle. It was also where the Gorilla Wildzord made its appearance and beat you.

Bulldozer Org: That's right J.D. You are as sharp as you are tough.

Me: Never missed an episode.

Bulldozer Org: This is my first time fighting you Rangers at normal size.

Cole Evans: It sure is and the Red Lion is now back to full strength.

Me: He sure is. Now things are gonna be fun.

?: It will be the last battle you all ever face.

A cold breeze was felt and a figure emerged from the mist and out came the 3rd Member of the 4 Saint Beasts: SEIRYU THE AZURE DRAGON OF THE EAST!

---

**Seiryū** (青（せい）龍（りゅう）, *Literally meaning:* Blue Dragon) was one of the Saint Beasts who attempted to cause havoc in the

Human World. He was voiced by Mitsuo Senda in the Japanese version. In the Filipino dub of the anime, they use the standard name of **Blue Dragon** .

Spirit Detective Saga

After Byakko's supposed defeat, Seiryū asks Suzaku for permission to take care of the intruders, and is granted his request. Kurama, knowing the Blue Dragon's territory, warns the group before they proceed. Briefly following Team Urameshi's arrival into Seiryū's lair, Byakko, apparently still alive, enters through the door and pleads for his teammate's help. Instead, Seiryū, clearly lacking sympathy, unleashes the ice dragon technique, freezing and decapitating the white tiger with a kick, then spitting on Byakko's frozen head. Hiei, inwardly enraged at the cruel action, decides to take Seiryū on, letting Yusuke battle the leader.

Seiryū falls to pieces the moment the battle begins, as Hiei slashes him within a page. The anime however, lengthens the fight significantly; Seiryū sends a barrage of ice at Hiei, causing him to run around the room at top speed. Eventually, Seiryū appears to freeze Hiei's leg; Hiei, however, revealing that he is impervious to ice attacks, charges at Seiryū, expeditiously slicing his body in 16 different places, causing the Saint Beast to shatter like ice.

Dark Tournament Saga

Seiryū is mentioned briefly during Kurama's match with Toya. In the English anime, Hiei said to the Masked Fighter (later revealed as Genkai) that Seiryū was a fool who thought he could get by on half of his lessons and that if there was a true master of ice, it would be Toya. However, in the Japanese version, Hiei mentioned that Seiryū was a true master of the ice technique and that Hiei luckily defeated him quickly enough before he could reveal any more dangerous techniques.

---

Lola: Whoa! Who is that?

Seiryu: You may call me Seiryu.

Me: The Azure Dragon of the East!

Seiryu: That is correct. We were told that you know all about the four divine guardians.

Me: Read a lot about them and Hiei destroyed you from what I remember.

Hiei: That's right.

Eli: But which Number do you have?

He pulled out a Number Card and it was NUMBER 73: ABYSS SPLASH!

We gasped.

Eli: Number 73: Abyss Splash!

Heidi: I'll face this clod.

Heidi went up to him.

Seiryu: (to Heidi) You may have defeated Dartz. But let's see how you do against me!

Heidi: I plan to. The Champion of Seiryu the Blue Dragon VS The Evil Saint Beast.

Sweetie Belle: Yeah they don't know who they are dealing with.

---

Bulldozer Org was next.

Cole Evans: This is gonna be interesting.

Sunset Shimmer: It sure is. The Phoenix VS a Bulldozer. This is gonna be fun.

Sunset Shimmer spread her fire wings and grew phoenix tail feathers. But then a Phoenix Cry was heard.

Gusty: Whoa!

Nico: We didn't do the Phoenix Cry entrance.

Lola: No I think that's something else.

Laney: LOOK!

They saw where Laney was pointing and they saw a huge phoenix fly across the sky and it was amazing!

Sunset Shimmer: WHOA!

The Phoenix was really the Phoenix Zord of the 12 Legendary Myth Wildzords!

Sunset Shimmer: WHOA! It's the Phoenix Zord!

Laney: WOW! We found the 2nd Legendary Myth Wildzord! So cool!

Lola: It's magnificent!

Then the Phoenix Zord saw Sunset and knew that she would be her perfect partner.

A ring of fire appeared on Sunset Shimmer's right ring finger and it formed into a powerful spirit ring. It was in the shape of a flame and it had a fire gem with a phoenix in it.

Sunset Shimmer: The Phoenix chose me.

Isabelle came.

Isabelle: The Phoenix is perfect for you Sunset. And it's a really great spirit for you. The symbolism and meaning of the Phoenix as an animal spirit ties tightly to the myths and legends surrounding this creature. Certainly, there are differences depending on culture and era, but some commonalities arise. Phoenix represents rebirth, magic, renewal, safety, transformation, permanence, inventiveness and the sacredness of life. They also represent fire, immortality, reincarnation and resurrection. It's also the symbol grandpa chose for the team. And after Twilight saved you from yourself you rose from the ashes as a brand new person.

Sunset Shimmer: That's amazing.

Then a ball of fire came down and Sunset Shimmer held out her hand and it landed on her hand and didn't burn her and it formed into a fire colored Animal Crystal. It was the Animal Crystal for the Phoenix Zord!

See you all tomorrow.

# Attack of The Wedgie Bandit

It was a beautiful day in the forests of Eastern Canada. I was riding my Rapidash and pulling the hover carriage. Eli and Nunnally were riding in it and most of us were flying and riding horses.

Me: YEAH!

Nico: WHOO! This is awesome!

Lincoln: What do you think Eterna City will be like when we get there?

Ash: You'll see when we get there. It's beautiful.

We went over into New Brunswick, Canada and we saw Eterna City.

Blackarachnia: So this is Eterna City?

Ash: It sure is. It's really cool huh?

Me: It's beautiful. This is really cool.

Nico: It sure is. Wow. This is a beautiful place.

May: It sure is.

Me: Wow.

We went into the city and it was beautiful. It was like it was part of the forest.

Me: Wow. It's like it's one with all of the forest.

Eli: It sure does feel like it.

Nico: Yeah.

?: Wow! This is a surprise.

We saw a woman with orange hair and it was Gardenia.

Ash: Hey Gardenia!

Gardenia: Ash it's great to see you again.

Ash: Same here.

Gardenia: Wow! Team Loud Phoenix Storm! It's an honor!

Shikamaru: It's nice to meet you, Gardenia.

Gardenia: Same here and it is such an honor to meet the famous Team Loud Phoenix Storm.

Me: You too. We were told so much about you from James here.

James (Pokemon): That's right and it's really good to see you again. Thank you for taking care of Cacnea for me.

Gardenia: It was no problem. Let me show you all around my gym.

We went to the Eterna City Gym and it was a really awesome gym. The gym arena had a forest in the middle of it.

Crumplezone: This is a nice gym, Gardenia.

Laney: I'll say! Wow! It's like a jungle and it's like my room back home.

Lincoln: It sure is and it's amazing.

Gardenia: Thanks guys. I specialize in Grass Pokemon and it's awesome.

Me: It sure is. And I have a Pokemon you might like.

I called out my Calyrex!

Me: Meet Calyrex.

Gardenia: (Gasp) Oh wow!

She hugged it.

Gardenia: I never saw a Pokemon like you.

Me: Calyrex is a Galarian Pokemon.

Gardenia: Galar? Whoa that is amazing!

Lincoln: It sure is. We've had several encounters with Pokemon from the Galar Region.

Me: Yep. We met the legendary Pokemon Eternatix and I caught him and a Galarian Moltres.

Gardenia: That is so cool!

Me: It sure is. And we have good news for you. Team Galactic is dead.

Gardenia: Are they really!?

Me: Yep. They were destroyed all by us.

Nico: Yep. And some of them are in prison and 2 of their members are redeemed.

Gardenia: Awesome!

Blur: Are you glad Team Galactic's gone?

Gardenia: You bet I am. They were a major menace.

Me: Worse than that. They were trying to use the power of Dialga and Palkia to destroy the entire universe and remake it in their own image.

Gardenia: That's terrible!

Me: It was. But Commanders Jupiter and Mars are reformed.

Commander Mars: It's true.

Gardenia: Wow! That's amazing! You all saved us all from destruction.

Me: More than that. We saved the whole universe from them.

Nico: We sure did and the major Pokemon Teams are all gone forever.

Me: Yep. The Flames of Valor killed Team Rocket.

Laney: The Mystic Freeze extinguished Team Flare.

Lily: The Lightning of Instinct blew Team Galactic Apart.

Varie: The Alpha Ocean Drowned Team Aqua.

Carol: The Omega Volcano Destroyed Team Magma.

Lori: And the Delta Sky destroyed Team Plasma.

Nico: We've now seen the last of every Pokemon Villain team.

Gardenia: Thank goodness.

Me: Yep.

Gardenia is now part of Team Loud Phoenix Storm.

Later that night at the estate, I was doing some research on how Princess Luna turned into Nightmare Moon. I was figuring out what drove her to become a monster of pure evil that wants to plunge the world into eternal night.

Me: Hmm. What could've caused Princess Luna to become this way. She was jealous about Princess Celestia's day being loved. Hmm.

I was looking up entities and Nightmare Moon and then I stumbled upon a rather interesting villain that did it: SHADOWFRIGHT!

---

**Larry**, who prefers the nickname **Shadowfright**, is the main antagonist of the second arc (sometimes called the Nightmare Arc) of the *My Little Pony: Friendship is Magic* comic series.

Shadowfright leads the Nightmare Forces. Their origin is not revealed, but they joined with or possibly even created Nightmare Moon (possibly the outside force who magnified Luna's jealousy and bitterness to transform her, although the TV series may yet reveal a different villain to be this force).

They told her what to do to get ponies to fear her, and she promised them a kingdom of their own. When the Mane 6 used the Elements of Harmony to restore Luna and destroy the evil in her, Luna thought the Nightmare Forces would wither and die without her. Instead they went to the moon where they would be granted one more chance through the cycle of the new moon.

Role in the comics

In Issue 5, the Nightmare Forces gave the Mane 6 nightmares, and captured Rarity, taking her to the nightmare dreamscape on the moon. In Issue 6, Shadowfright was successful in turning Rarity into their new queen, Nightmare Rarity (hinted at being possessed by the spirit of the original Nightmare Moon). He and his minions gave the other ponies nightmares as they traveled to the moon to rescue Rarity, but were pulled out of the nightmares by Spike and Luna. Shadowfright, hinting at a secret Luna kept from everypony, tried to convince her to become Nightmare Moon again. She declined, and Shadowfright revealed Nightmare Rarity.

In Issue 7, Shadowfright was defeated by Rainbow Dash when she caused him to crash, but he recovered and nearly captured Luna, but Twilight zapped him with a magic spell allowing Luna to escape before Shadowfright captured Rainbow Dash, while his minions captured the others. When his sidekick lost the key to the dungeon, Shadowfright sent him to find it. Later, both trapped Spike with their tails when he entered the Nightmare Forces' castle.

In Issue 8, Shadowfright destroys Spike's Fire Ruby before he and his army attack Ponyville, but with the help of Twilight and the others, Luna destroyed the Nightmare Forces and decorrupted the moon creatures they were possessing. Shadowfright was a corrupted or possessed birdlike creature who, once restored to his true form, prefers to be called Larry.

Powers

Shadowfright is made of pure darkness, which allows him to reshape his body into whatever he needs for attacking, including tentacles and hammers.

Like most Nightmare Forces, he is able to fly.

He may also possess the ability to induce nightmares in others.

---

Me: (GASP) Shadowfright did it! He made Luna into Nightmare Moon and caused her to become like that by magnifying her jealousy and bitterness!

Nico came down.

Nico: What happened J.D.?

Me: Look at this Nico.

I showed him the info on Shadowfright and it was shocking!

Nico: So this Shadowfright is the monster responsible for turning Princess Luna into Nightmare Moon!? He's pure evil!

Me: No kidding. If we destroy Shadowfright we can destroy Nightmare Moon forever. But she will return during the April 12th War.

Nico: Yeah that we won't deny. Laney's dream was a warning and a message.

Me: Then it's not too late. Nico you come with me.

Nico: Where are we going?

Me: To the Nightmare Landscapes on the Dark Side of the Moon.

It's time to end the terror of Shadowfright for good.

Nico: Lets do it!

We were off to the moon.

---

Me and Nico landed on the Dark Side of the Moon and we saw that it was dark and desolate.

Me: (Echoing) Wow. So this is the Dark Side of the moon.

Nico: (Echoing) I wonder why we can't see the Dark Side?

Me: The Moon never rotates. It's tidally locked and always has the light side face the Earth.

Nico: Wow. I can't see a thing here.

Me: Me neither. And the stars provide little light.

Salem: Let me help.

Salem shined a beam of light through her symbol on Nico's forehead. It was like a flashlight.

Nico: Wow! That's cool!

Me: That's really clever. Thanks Salem.

Salem: You're welcome J.D.

Nico: That's what I call being Light-headed. (Rimshot)

Me: (Laughs!) That was a good one!

Nico: Yeah.

We got to searching.

Me: He could be anywhere.

We looked around and then a shadowy dark figure came out and it had glowing red eyes! It was SHADOWFRIGHT!

Me: Shadowfright!

Shadowfright: (As Maurice Lamarche) So the famous J.D. Knudson and Nico Chan has come.

Me: To make you pay for your crimes. You turned Princess Luna into Nightmare Moon and made her resent Princess Celestia! You made her cause so much pain and suffering when you made her become Nightmare Moon! It was because of you that she was banished into the moon for 1,000 years!

Nico: That's right! You will pay for your crimes you walking cloud of smog!

Me and Nico held out our hands.

Me and Nico: SUPER HAKAI!

We obliterated Shadowfright and erased him from existence forever.

Me: Good riddance.

Princess Luna then felt a blast of light come into her and the monster that was Nightmare Moon left her forever.

Princess Luna: I'm free!

We went to the light side of the moon and looked at the Earth from there.

Me: Wow. The Earth is so beautiful from here.

Nico: It sure is. It's like a jewel floating in the endless voids of space.

Me: It sure is.

Princess Luna then came.

Me: Princess Luna?

Princess Luna: J.D., Nico?

Me: We found out that a monster named Shadowfright was responsible for turning you into Nightmare Moon. He made you do all those terrible things eons ago and he enhanced your jealousy and resentment towards Princess Celestia.

Princess Luna was shocked.

Princess Luna: Shadowfright of the Nightmare World. I thought he was gone forever.

Me: Me and Nico Super Hakaied him and destroyed him forever.

Nico: It's true. We destroyed him forever.

Princess Luna then hugged us both and cried hard in happiness.

Princess Luna: (Crying) Thank you so much! You freed me from the very monster that hurt me!

Me: It was our pleasure Princess. But Nightmare Moon will return during the April 12th War.

Nico: That's right.

Princess Luna: (Crying) But you all can destroy her. I know you can.

Me: Thank you Princess.

Later we went back to the Estate and went to sleep.

But little did we know that tomorrow was gonna be one of the weirdest days we've ever encountered.

---

Later we woke up and had breakfast.

Jewel Man went and got the paper.

Jewel Man: Wonder what's on the newspaper today.

Jewel Man looked at today's paper and he saw in Big Bold letters "WEDGIE BANDIT ON THE LOOSE."

Jewel Man: "Wedgie Bandit on the Loose. City paralyzed with fear as mysterious criminal giving wedgies to people!?" Oh man!

Jewel Man came and told me everything!

Me: A Wedgie Bandit!? You got to be fucking kidding.

Jewel Man: This is no joke J.D. Someone is REALLY striking fear into the city by giving everyone wedgies.

I looked at the paper.

Me: 52 Wedgied victims in the last 24 hours!? Whoa! This guy is a Serial Wedgier!

Nico: That's not even a real word.

Me: I know but it was the best I could describe it.

Everyone came down.

Loki Loud: Hey, guys. What are you looking at?

Me: Take a look at this.

I showed them the paper and they read it and were shocked!

Loki Loud: A Wedgie Bandit!? This has to be a joke.

Me: This isn't a joke Loki. This bandit is giving wedgies to people all over the city. 52 people, maybe more have been struck by him in the last 24 hours.

Nico: That's crazy! At least people aren't getting hurt.

Varie: That is good but their underwear is gonna be stuck inside their butts.

Tso Lan: This is one crook that we're just hearing about right now.

Me: If this crook has been doing all these wedgies that fast then we need to catch him now.

Nico: I agree. We need to catch him before he strikes again.

Laney: Whoever this Wedgie is, is doing a really good job of eluding police.

Lola: But he won't elude us!

Me: We have to be ready for him. Lets get him!

Saïx, Shiv, Koragg, Calamitous, Number 7, King Hiss, Evil Green Rangers and Loki (Power Rangers) appeared.

Saïx: Me, Shiv, Koragg, Calamitous, Number 7, King Hiss, Evil Green Ranger, and Loki will go with you guys.

Me: Awesome.

Koragg: But it looks like the Wedgie Bandit got to us too.

Out came Jimbo, Dolph, Kearney and Krusty and they had their underwear pulled over their heads.

Numbuh 4: Geez! He Atomic Wedgied you guys.

Jimbo: Worse than that. He got us by tying our underwear together and pulled us up in a flagpole and then pulled our underwear over our heads.

Krusty: It was horrible.

Zillus Zox: The 4 of you wait in the medbay. We'll heal you guys after this crook is arrested.

Jimbo: Good idea.

Bart: I can have Shauna come look after you Jimbo.

Jimbo: Thanks Bart.

They went to the Medbay.

Me: We'll bring the other victims in too. We got to find this crook and fast. Lets roll!

We were off to the city to find the Notorious Wedgie Bandit.

---

We were in the city and it was in a state of fear as the Wedgie Bandit was terrorizing the city. There was no one out on the streets and they were all hiding inside.

Me: The city is like a Ghost Town.

Shiv: Now, if I were a Wedgie Bandit, where would I hide?

Me: Good question. He could be anywhere in the city. We're gonna have to split up and cover more ground.

Nico: Good idea. Me and May will check the park.

Me: Okay. Everyone you take a certain part of the city and if you see anything, Use a flare gun.

Maria: Right!

Me: Okay. Fan out!

We fanned out and the search for the Wedgie Bandit was on.

Everywhere we went we found victim after victim after victim.

Evil Green Ranger: You see anything, Loki?

Loki: Nothing. But we did find 5 of his victims here in the slums of the city.

Evil Green Ranger: We found 6 more victims here in the mall.

Me: There are some in the office buildings too.

Leslie: We sense some more victims nearby.

Me: Where Leslie?

Leslie: Over in the restaurant district.

Varie: I found a bunch here at the museum.

Laney: There's a few hanging here at the zoo.

Vince: Even the firefighters and police have been wedgied.

Me: Man! This Wedgie Bandit is worse than any criminal we've ever busted. But at least no one is hurt. Get them over to the medbay and fast.

Varie: Right!

Me: Nico, find any in the park?

Nico: Negative. The park is clean. No wedgied victims.

Me: That's weird. Why would the Wedgie Bandit leave the park alone? Regroup at the park when your searches are done.

Hunter: (German Accent) Affirmative.

We regrouped at the park.

Koragg: Does this fiend have any honor at all?

Me: Well no people are getting hurt Koragg. And wedgies are just pranks. There's nothing honorless about pranks. Unless you count Dark Luan's diabolical pranks.

Luan: That's true.

Koragg: Good point.

Cynder: Let's go over what we know so far.

Me: Right. The Wedgie Bandit is fast and elusive.

Nico: He targeted a bunch of people all over the city but left the park alone. Like he doesn't want to harm anyone there.

Rainbow Dash: I did however find a clue.

She pulled out a strand of pink hair.

Me: A strand of pink hair.

Sakura Haruno: That's not one of mine. Mine is lighter than that.

Me: Hmm. Lisa can you run a DNA scan?

Lisa Loud: Affirmative.

King Hiss: Pinkie, you have pink hair, don't you?

Pinkie Pie: I do. But not that color.

Lisa Loud: That's because this hair is not from Equestria. It's Human and the name of the person this hair belongs to is Trina Riffin!

An image came up and it was a girl with pink hair, a purple hair band, a white shirt and purple skirt and pink and white socks with black shoes.

Courtney gasped with shock and that shock turned into pure rage as she knew that girl!

Courtney: (GROWLS) TRINA!

Me: Do you know her Courtney?

Courtney: Unfortunately yes. She was a bully that made me look like a total fucking idiot in school up in Canada! (GROWLS) I WILL KILL HER FOR RUINING MY LIFE!

Eli: Whoa man! Sounds like you have a bad history with her.

Courtney: She is a nightmare!

Starlight Glimmer: Care to fill the rest of us in on who Trina is?

Courtney: I sure can. We went to school together before we went on Total Drama.

Gwen (Total Drama): Trina is the Spawn of Satan. She is evil incarnate. She hates everything and claims she is the greatest thing since sliced bread.

Duncan: It's true. She did far worse than anything I did that landed me in Juvie.

Zoey: She also hates her brother Corey. He has an awesome band.

Me: Wait you mean Grojband!? OH WOW! I love all their songs and they are so awesome.

Lincoln: They sure are. I like them too.

Courtney: I'll tell you her full history.

She told us everything.

---

Trina Riffin is the main antagonist in the Canadian TV series Grojband. She is Corey Riffin's cruel, snobbish and evil 16-year-old sister who wants nothing to do with Grojband whatsoever and best friend of Mina She has an obsessive crush on a guy named Nick Mallory, and whenever she does not get her way, she gets furious, her eyes turn red, and she magically brings out her diary and pen to write her secrets in anger.

In every episode (except "Dreamreaver Pt. 1" and "A Knight to Remember"), whenever she finishes writing in her diary, Corey always takes it as inspiration for the band's songs. She also has pupaphobia (also known as a phobia over puppets) and is secretly a closet math geek.

She is voiced by Alyson Court, who also voiced Poodle from Almost N*** Animals and Soon in Bakugan.

In the episode "Smash Up Terby", she was so enraged that when she drove without looking, she nearly ran over Allie and Kate in the process. In the same episode, she barfed all over everyone on a ride including herself and excluding Nick and she used Mina's tongue to clean off her face.

In the episode "No Strings Attached", she made Mina plant bombs inside of Grojband's mechanical robots which were for an animatronic puppet band for a little kid show that was being shot live as well as being shot in front of a live studio audience of little kids. She made them explode in the middle of the show, covering a bunch of little children in the audience in burning mechanical shrapnel.

In the episode "Indie Road Rager", she tried to get the other drivers to ram through Corey and his friends by convincing them that they each vandalized their vehicles, though it was Mina that pulled it off. Later, after her plan failed and learned that Corey stole her stuffed moose, she tried run them off the road by using a monster truck.

In the episode "Monster of Rock", she overheard that Grojband was going to be playing music in the sewer, so she made Mina dump some toxic waste down the sewer pipes so that she could kill them just so that she wouldn't have to listen to their music.

In the episode "Super Zeroes", Corey told everybody that Grojband was a band of real superheroes and everybody believed him. Trina wanted to prove that they weren't, so she tied Mina to a metal pole on top of the tallest building in Peaceville during a thunderstorm. In the same episode, she even made a suicide threat by jumping off of the tallest bulding in Peaceville and attempting to kill herself to prove to everybody that Grojband was not a band of superheroes because if they were, they would have saved her. She was however saved, but she was so unhappy about being alive that she went into diary mode.

In the episode "Ahead of Our Own Tone", Corey, Kon, and Laney were using a time machine and then Trina threw a guitar at it, causing it to break and go out of control while it was in the process of going forward in time. This caused the time machine to break down and Corey, Kon, and Laney were unable to get back to the past again, causing them to be stuck one year in the future for the rest of the series. In the same episode, she took complete control of the internet with her mind and mind controlled the rest of Peaceville to be her slaves, ruling over the city with an iron fist for a year.

In the episode "Love in a Nethervator", she was trapped in a broken elevator with Nick and Mina. She told Nick that she could hear the sounds of both of their hearts beating. She then heard Mina's heart beating and she demanded Mina to stop making her heart beat, so Mina forced herself to stop breathing and she passed out on the floor.

In the episode "Rock the House," there was a flashback that showed Trina being so bad at sewing that when she did it, she caught the sewing machine on fire. Later in the episode, there was another flashback that showed the entire gymnasium of the school on fire all because of Trina trying out for being a cheerleader.

In the episode "Kon-Fusion," she put Mina on a food cart, and shoved her into Grojband and The Newmans, causing them all to get painfully hurt and fall into the fusion mixer, making them all fuse bodies with each other all in an attempt to kill Corey. She was disappointed to see that she failed, and then started senselessly beating Mina's face with a skillet as punishment for not killing Corey.

In the episode "The Bandidate," Trina became the mayor of Peaceville and made everyone her slaves.

In the episode "Hologroj," she mistook a bunch of holographic versions of Grojband for the real Grojband and she attacked them with a broom. Later, she threatened the real Grojband that if they don't leave the garage, she would do it again. In the same episode, she talked to Mina about how happy she would be if her brother Corey died.

In the episode "The Snuffles with Snarffles," she abused a sick dog named Snarffles and she teamed up with an evil cat to build a laser drill which she wielded around the garage and tried to kill Grojband and Snarffles.

In the episode "Soulin' Down the Road," she drove her car through the garage door without opening it while Grojband was taking a picture in front of it. In the same episode, her soul became trapped inside of the body of her car which gave her the ability to control it. She broke into the mall with it and started destroying everything, then threatened the people there to try clothes and makeup on her or else she'd run them over. After Nick Mallory got hit when he and Pinktastic were about to kiss, Trina started crying loudly. Kin later realeased Trina's soul who is going to sadness diary mode. Trina was crying and screaming in the diary mode. She wrote flames in sadness diary mode. After she was done, her soul went back into her body.

In the episode "Hear Us Rock Part 2," Grojband got into a band battle with The Orb Experience. If The Orb Experience won, they would destroy the world, if Grojband won, the world would be saved. The band battle was to take place on the meteor that was going to destroy the world. Trina teamed up with G'ORB and they planned a betrayal on Grojband. She ditched Grojband's intruments back on Earth and got G'ORB to freeze Nick's body and carry it to the asteroid with her. This was all part of her plan to make herself and Nick the only two living Earthling organisms in the universe while she watched the entire world get destroyed and for everyone else including Mina and Grojband to die just so that she could sit back and laugh while she dated Nick Mallory.

---

We gasped in total shock!

Me: She's a monster!

Lola: She has worse anger management issues than Eva does!

Me: No kidding!

Calamitous: It's obvious that Trina is too fast for us. But maybe we can lure her into a trap.

Me: Good idea. Hmm.

I started thinking.

Me: You can jump in at any time Fred.

Fred Jones: Okay here's what we do.

We got to work and we set up a net trap. Our plan was to lure her with a picture of Nick Mallory tied to a fishing pole and have her come into the trap.

Nadira: Is Nick Mallory an old target of Trina?

Courtney: She is actually always fawning like a lovesick puppy over him.

Gwen (Total Drama): She follows him all over the place like a fangirl.

Sasuke: (Shudders) I know that feeling. She wants to get inside his pants.

Me: I have a feeling she didn't succeed.

Gwen (Total Drama): No she didn't thankfully. Her best friend Mina turned on her as she was fed up with all of her abuse and now all of Peaceville knows all of her true colors.

Nico: Whoa.

Number 7: There she is.

Me: (Whispering) Here we go.

Laney was using the fishing rod.

Trina: Ooh! A picture of Nick Mallory!

She was reeling it in.

Trina: Come back!

She followed the picture as it was being reeling in and then she was in the right spot.

Me: Now.

Nico cut the rope and the net closed and caught Trina!

Trina: WHAT!? LET ME OUT OF THIS THING NOW!

Me: Caught you at last!

Courtney unmasked her.

Courtney: Hello Trina.

Trina: Courtney! I didn't know you were part of Team Loud Phoenix Storm!

Courtney: You made my life a living nightmare Trina! And now you are gonna pay dearly for everything you did to me!

Then Dr. Cabelleron appeared.

Me: Dr. Cabelleron!

Daring Do: What are you doing here!?

Dr. Cabelleron: (Spanish Accent) Isn't it obvious Daring Do? I've been helping Trina!

Ilia: Cabelleron's helping you as well?!

Trina: Uh yeah you fucking morons!

Me: Why are you doing all this!?

Trina: REVENGE!

Me: Revenge? For what?

Trina: On my stupid brother and his fans! I vowed to destroy all the fans of my brother's stupid band and ruin their lives like he ruined mine!

Dr. Cabelleron: And it was easy! After you helped Daring Do ruin my latest attempt to get the Sapphire of Hunab-Ku, I vowed to destroy you all to get revenge!

Somnambula: (Egyptian Accent) You are a dishonorable slimebucket Cabelleron.

He saw Somnambula alive and back after 1,000 years of being trapped in Limbo for the first time ever!

Dr. Cabelleron: Somnambula is real!?

Somnambula: You look like you've seen a ghost.

Me: Uh yeah she's real! She was trapped in Limbo for over 1,000 years with the legendary Pillar's of Harmony. But thanks to Twilight Sparkle, Sunburst, Starlight Glimmer and me we freed them.

Then Whiteout, Dai Gui the Demon Sorcerer of Earth, Heat Wave, Vulture, Riddler, Diabolico, Zexion and Dr. Viktor appeared.

Me: Whiteout, Dai Gui, Heat Wave, Vulture, Riddler, Diabolico, Zexion and Dr. Viktor.

Vulture: Yes it's us.

Tso Lan: Nice to have you with us brother.

Bai Tza: Indeed.

Dai Gui: **Always ready to have fun.**

Whiteout: Vypra told us what was going on with the Wedgie Bandit.

Maria: And we found out that Dolph, Jimbo, Kearney, and Krusty were victims as well.

Dai Gui: **This whole mess was very challenging for both of our groups.**

Heat Wave: Please tell me you guys caught him!

May: It's actually a girl.

Vulture: And I'm guessing she has an accomplice, right?

Me: Yep. And you're looking at him.

Daring Do: It's one of my archenemies, Dr. Cabelleron.

Courtney: And the Wedgie bandit is really Trina Riffin. She is an old bully from my school days up in Canada.

They gasped!

Whiteout: Whoa man! I didn't know she was that dangerous.

Me: She was a monster.

?: Big time.

A figure came out and it was SNIPSTER from episode 9 of Ninja Storm!

---

**Snipster** is a scissor-themed rabbit monster and the primary antagonist of the episode "Snip It, Snip It Good".

Snipster was a monster that was found in Klimosha by Zurgane, after explaining to Lothor about Snipster's abilities, Lothor sent the rabbit monster to the Blue Bay Harbor's Environmental Conference to cause chaos during a peace conference. He first had an army of Kelzaks to distract the Red and Yellow Rangers so that they wouldn't interfere. While Red and Yellow were preoccupied, Snipster snuck into the Conference and used his Chaos Cut ability. He escaped and caused more people to argue, but that got the Red and Yellow Rangers' attention. They morphed and did battle with Snipster, but the monster put them under his spell as well. They began to argue at each other while the monster landed clean hits on the Rangers, but the Red and Yellow Rangers were able to come to their senses thanks to Sensei and the Rangers destroy Snipster in the Ninja Shadow Battle. Snipster grew large thanks to the Scroll of Empowerment and the Rangers summon the Ninja Storm Megazord to take on Snipster, but not after Cam told the Blue Ranger to break open the Jade Turtle, the Rangers equipped the Serpent Sword, but it was no match, and Snipster had the upper hand, with the help of Cam unlocking the newest Power Sphere #3 - the Turtle Mace, the Storm Megazord was able to destroy Snipster for good.

---

Tori Hanson: Snipster!

Snipster: Been a long time rangers.

Me: I remember you! You were sent by Lothor to disrupt an

Environmental Peace Conference in Blue Bay Harbor and you used a spell that turned Shane and Dustin against each other. And you caused a bunch of people to argue.

Snipster: That's right J.D. Good memory.

Me: Never missed an episode. But that was one of the most brutal episodes ever.

Nico: It sure was. Chaos broke out.

Me: Yeah it sure did.

Snipster: Well, since my powers won't work on you guys… (uses Chaos Cut on Cabelleron and Trina)

Trina: I WILL NEVER WORK WITH AN UGLY HORSE WITH A SKULL MARK!

Cabelleron: OH LETS GO SISTER!

DING DING DING!

Laney and Lola came with referee suits on.

Laney: All right now we want a nice clean fight. Shake hands and come out fighting.

They did so and started fighting brutally.

Me: That's a funny cartoon gag.

Nico: Yeah it was.

We laughed at that.

But then another figure came out and it was SUZAKU THE VERMILLION PHOENIX OF THE SOUTH!

---

**Suzaku** (朱雀, *Suzaku* ), also known as the **"Crimson Sparrow"** is the leader of The Four Saint Beasts and one of the main antagonists of the Spirit Detective Saga's *Maze Castle arc* . He is also one of the archenemies of Yusuke Urameshi (alongside Younger Toguro, and Sensui). His name can also be taken as "Ho-ou". He is called **"Lazarus** " in the Philippine anime dub.

When the insects infiltrated the Human World, Koenma ordered Yusuke to defeat Suzaku and take control of the weapon in his possession; The Makai Whistle. For this, each of his team members must face a Saint Beast and win. The only one to really reach Suzaku's tower was Yusuke, while Kurama, Kuwabara, and Hiei were busy fighting demons created from plants to safeguard the tower. He is informed by Murugu that there is one human that Yusuke cares for dearly and would die to protect; Keiko Yukimura. Suzaku sends a horde to capture Keiko and hold her hostage so Yusuke can watch her suffer.

Yusuke fires a spirit gun, but it is easily sidestepped. Suzaku releases a Storm of Torment that breaks through Yusuke's defenses. He realizes that he can not hold Yusuke's physical wires while using only one hand (the other is holding the whistle), so he makes six copies of himself. After climbing, two of the clones hold Yusuke while the others watch Keiko and Botan being attacked by the humans possessed. Yusuke fires a powerful shotgun that almost destroys Suzaku. Suzaku then consumes his copies and is fully healed before making the six copies of himself again.

Suzaku tries to hit Yusuke with Prism of Storm Torment, but his tentacle was damaged during Yusuke's first attack, cutting the power of his attacks in half. Yusuke's spiritual energy is exhausted, but Keiko's fear of death dampens his vital energy. In doing so, he fires an explosion that destroys the clones of Suzaku and defeats Suzaku, as well as destroying the whistle and disintegrating Murugu. As he was dying, Suzaku marvels at the strength of the bond between Yusuke and Keiko and comments that this allowed Yusuke to defeat him.

---

Suzaku: It's an honor and a thrill to meet you all in person. I am Suzaku, Leader of the Saint Beasts.

Me: The Vermillion Phoenix of The South!

Suzaku: That's right J.D. and I heard many big things about you and how you did so much for the world. But I'm afraid this is as far as you will go.

Me: We'll see about that. Yusuke told me all about you.

Suzaku: (to me) Enjoy the last moments of your life knowing that you wasted today worrying about wedgies!

Me: Oh I wouldn't be so sure Suzaku. Your other lackeys didn't put up much of a challenge. You even gave Yusuke a hard time from what I was told. You gave him one helluva beating. Not bad for an A Class demon.

Suzaku: Indeed. I'm impressed you all managed to overpower my associates so easily.

Me: It's what they get for messing with the powers of the gods. Which Number do you have?

Suzaku revealed he had a Number Card and it was NUMBER 64: RONIN RACCOON SANDAYU!

We gasped.

Eli: Number 64: Ronin Raccoon Sandayu!

Me: This is gonna be good.

Nico: Lets get it on.

We powered up and went at them.

---

Battle 1: Squirrel Girl, Rarity, Sweetie Belle, Thunder Terror, Sassy Saddles, Sapphire Shores, Mistmane, Sable Spirit, Runo, Jewel Man and Ring Man VS Whiteout

---

Whiteout was first.

Whiteout: (to Squirrel Girl) Was this the first time Courtney told you about Trina?

Squirrel Girl: As a matter of fact it was. Trina was the worst ever bully in school when Courtney and everyone on Total Drama went to school. Trina tormented all the kids and made them look like a bunch of braindead idiots.

Rarity: What a monster! I hope Courtney destroys her!

Sweetie Belle: Me too! She is an absolute menace!

Thunder Terror: I know that feeling guys. Trina is worse than me and my brothers all combined.

Sassy Saddles: (British Accent) I know and she is a monster.

Sapphire Shores: She sure is. I don't like her already.

Mistmane: Me neither. She needs to be put in her place and learn a huge lesson in humility.

Sable Spirit: Big time.

Runo: Yeah.

Whiteout: I agree with you all on that and tell Courtney that I'm sorry all that happened.

Runo: We'll tell her that.

Whiteout: Lets do it.

They went at her.

Squirrel Girl, Rarity, Sweetie Belle, Thunder Terror, Sassy Saddles, Sapphire Shores, Mistmane, Sable Spirit, Runo, Jewel Man and Ring Man: SQUIRREL JEWEL THUNDER STYLE FORMATION ART: SCURRY OF THUNDER!

Cornelia: We sure did and she is an awesome nature lover.

Applejack: She sure is and she has an amazing selection of Grass Pokemon.

Apple Bloom: And Laney loved her gym. It looked like her room at home.

Frozen Fright: It sure did and it was awesome.

Apple Fritter: I think so too.

Big Mac: Eeyup.

Autumn Blaze: I think so too. It's so awesoome that she has that many beautiful plants in her room.

Rockhoof: (Scottish Accent) Indeed laddies.

Sunset Shimmer: She was Courtney's bully in school.

Pepperdance: Yeah she was the worst ever bully from what she told

us.

Wallflower: Yeah no kidding. She is a monster.

Cayenne: Much worse than what Cozy Glow was.

Gusty: Maybe not that bad but right up there.

Vulture was next.

Vulture: (to Hay Lin) Sorry you guys failed to stop Trina from giving so many people wedgies.

Hay Lin: Well technically we didn't fail at anything because she didn't kill anyone.

Rainbow Dash: Yeah wedgies are just pranks and they didn't harm anyone.

Vulture: Well that's a relief. As long as no one got hurt.

Scootaloo: Yeah but they will be feeling really sore in their butts for a while.

Magma Gloom: You're telling me. Ouch.

Lightning Dust: No kidding. I never gave anyone a wedgie and those are crazy.

Spitfire: That's a relief. As long as they don't get hurt.

Daring Do: That's true. But Dr. Cabelleron has put many ponies in Equestria by causing pain and all that to me.

Vulture: I hope you all send him to prison forever.

Vapor Trail: We all will. Also I heard from Numbuh 2 that Numbuh 4 gave a kid a wedgie that was so bad that it fused into his butt and was permanently stuck inside him.

Agony: You mean Jerry of Bully Island. That was a bad wedgie.

Sky Stinger: That must've really hurt him.

Angel Wings: Yikes! No kidding!

Soarin: That kid must be in a lot of pain.

Night Glider: No kidding. A Permanent Wedgie like that would make you out of your mind with pain.

Flash Magnus: Yeah. He must be really insane with pain.

Shun: No kidding.

Rainbow Dash: Maybe I can help him out when we're done here.

Hay Lin: How can you do that? A permanent wedgie means you're stuck with it forever.

Rainbow Dash: Lisa showed me a really awesome technique to get rid of permanent wedgies.

They went at him.

Tecna: (British Accent) I honestly have no idea. She was moving so fast that it was beyond understanding.

Fluttershy: It's faster than what I fly at.

Tree Hugger: But she will get her just desserts in due time dudes.

Mage Meadowbrook: But the important thing is she is gonna soon be going to prison for all those wedgies.

Derpy Hooves: You got that right Mage Meadowbrook.

Marucho: I agree!

Riddler: Thank goodness. But what is wrong with your friend there?

Marucho: Oh you mean Muffins? She can't help it. She has an eye condition that affects her motor and coordination skills.

Musa: Maybe maybe not. But if she did I think Chris turned her down really quickly.

Starlight Glimmer: Yeah what Trina did makes her a demon in human form.

Thorax: You got that right Starlight. She is worse than Chrysalis was when J.D. and everyone destroyed her. (To Alternate Chrysalis) No offense.

Alternate Chrysalis: None taken. But we'll be ready for that monster when the time comes.

Diabolico: She can become anyone from what I remember.

Musa: Only those in Equestria. But J.D. took that precaution. He used a powerful spell that marks her with a pitch black aura that tells us who she is no matter who she changes into.

Trixie: That's really clever.

Clover: It sure is. J.D. thinks of everything and is always one step ahead of the villains.

Juniper Montage: He sure does.

Roxy: After we cash in a huge bounty on him.

Roxy pulled out a flyer and on it was a picture of Dr. Cabelleron with a no sign over him and it had a really hefty bounty on him: 100,000,000 bits.

Zexion: 100,000,000 bits? That's really good.

Twilight Sparkle: Bounty Hunting is really profitable.

Luster Dawn: It sure is and I hope you get to cash in the bounty

Twilight since you did helped Rainbow Dash get into the Daring Do series.

Twilight Sparkle: I may consider that.

Princess Celestia: I think it's good that Dr. Cabelleron is gonna go to prison for his crimes.

Princess Luna: Indeed sister. He deserves it too.

Star Swirl: Absolutely.

Princess Cadance: He sure does. After everything he did.

Princess Amore: You said it.

Flurry Heart: Aunt Twilight got me into the Daring Do series too and it's amazing that Darin Do can do so many awesome adventures.

Zexion: Indeed. Those books are really enjoyable. What was it that Dr. Cabelleron was after this time?

Roxy: He was after a powerful mystical sapphire called the Sapphire of Hunab-Ku. It's a legendary sapphire blessed by the Mayan Goddess of the Ocean and legends say that it would give the user incredible powers over water.

Zexion: Wow! That's amazing. And where did you find such a sapphire?

Diamond Tiara: We found it all the way over in Brazil.

Silver Spoon: It was located in a temple long forgotten about 100 miles north of Manaus.

Star Swirl: Yeah it was!

---

Dr. Viktor was next.

Dr. Viktor: (to Will) How long do you think Trina was posing as the Wedgie Bandit?

Will Vandom: We got the story on her in the paper today. So we're gonna have to wait on that to figure it out.

Pinkie Pie: But the pranks she was doing were really funny!

Maud Pie: (Monotonously) Pinkie, you know wedgies are not funny.

Marble Pie: No they aren't.

Limestone Pie: I may like to boss around my siblings and be a total jerk but I have honor. I would never stoop to that.

Somnambula: That's a good thing.

Dr. Viktor: It sure is and I heard that Dr. Cabelleron saw that you were back.

Snipster was next.

Snipster: So I get to face all 9 Jinchuriki?

Eli: 10 Jinchuriki.

The 10 Jinchuriki sprouted their tails from 10 to 1. Eli had 10 tails, Naruto had 9 tails, Killer B had 8 tails, Fu had 7 tails, Utakata had 6 tails, Han had 5 tails, Rōshi had 4 tails, Yagura had 3 tails, Yugito Nii had 2 Tails and Gaara had 1 tail.

Utakata: Indeed we are.

Han: This is gonna be really fun.

Rōshi: I'm always up for a fun fight.

Yagura: Same here and it's gonna be awesome.

Yugito: Yeah it is.

Gaara: This is gonna be good.

Shane Clarke: Lets give him a good show.

They fired a massive Tailed Beast Bomb Kamehameha.

Nico fired a red Kamehameha Wave.

Rangers: FIRE!

The Rangers fired a powerful Lightning Cannon Blast!

The blasts all combined and they slammed into Snipster and carried him high into the sky and into space where he exploded with unbelievable power!

***KRABBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOO***

The explosion was so massive, so powerful and so devastating that it shook much of the planet even from space and it obliterated Snipster in an instant. When the blast faded nothing was left of Snipster.

Shane: WHOA! That was powerful!

Nico: That was what I call Overkill. But Snipster you have failed this universe.

Naruto: He sure has.

Troy Burrows: Rangers, That's a Super Mega Win.

## Battle 10: Me VS Suzaku the Vermillion Phoenix of the South & Number 64

---

I was facing Suzaku and it was gonna be a very powerful honor to fight him.

Me: If you were able to give Yusuke a hard time then it will be an honor to fight you Suzaku.

Suzaku: Indeed. This is gonna be good.

I took off my sleeveless trench coat.

Me: Nico hold on to this for me will you?

Nico came.

Nico: Sure.

I gave it to him and then Nico fell to the ground and the coat crashed into the ground with a thunderous thud.

Nico: WHOA! WHAT THE!? How heavy is this coat?

Me: It's a special weighted coat. Leni made it for me for my birthday and I lined it with magic that makes it feel like it weighs 500 million tons.

Nico: 500 Million Tons!? HOLY SHIT! That is amazing!

Me: I know.

Nico lifted it and got it away.

Suzaku: That is very impressive that you are able to lift that much weight.

Me: (Stretches) Yeah! (Cricks Neck) And it's good for giving me a boost in speed. Now lets see how fast you are at my fastest.

Suzaku: Gladly.

I went at him as fast as a beam of light and I punched him all over and kicked him in the face and stomach and more and really let him have it and more and really thrashed him all over and Suzaku got up and he had blood dripping from his mouth and nose.

Suzaku: Impressive. Now to show you some of my powers.

He had a bolt of lightning form in his hand and it was surging with incredible power. It was his signature technique STORM OF TORMENT!

---

**Storm of Torment** (暗黒雷迅拳, *Ankoku Raijin Ken*, translated as *Dark Lightning Swift Fist* ; Dark Lightning Fist" in the English manga, also known as" Swift Bolt of Darkness Attack ") Suzaku wraps his fist with electricity and scans his opponent. Even though he barely touched Yusuke, the spiritual detective's body ran with electricity because the beams of light in the attack sought out the nearest person. Despite this great offensive power, he can be blocked with immense amounts of spiritual energy, as Yusuke defended against him by concentrating his spirit energy around his fists. This technique can also be used to hold an opponent in place and torture him if it is used by more than one Suzaku clone.

Suzaku: (Echoing) STORM OF TORMENT!

He fired a blast of lightning at me and I ran fast as light and dodged the blast and it hit the ground and exploded with incredible power!

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I stopped as he stopped.

Suzaku: You continue to amaze me every second J.D. No one has EVER been able to dodge that before.

Me: First times for everything.

Suzaku: But I've only begun to fight. PRISM OF SEVEN!

**Prism of Seven** (暗黒妖籠陣, *Ankoku Yōrōjin*, translated as *Dark Demon Cage Formation* ) also known as "Dark Spectral Siege Formation": Suzaku assumes his position and charges his energy. He then begins to multiply, two at a time, until there is a total of seven Suzaku's.

He made 6 copies of himself.

Me: Impressive. I didn't know you had that kind of power. No wonder Yusuke had a hard time.

Suzaku's: (In Unison) Indeed. Now watch what I can do.

They jumped into the air.

Suzaku's: PRISM OF SEVEN LIGHTNING WAVE!

**Prism of Seven Lightning Wave** (七獄暗黒雷光波, *Shichigoku Ankoku Raikō Ha*, translated as *Seven Gaol Dark Lightning Light Wave* ): All seven of the Suzakus shoot arrows of condensed lightning through an arc of electricity.

They fired arrows of powerful lightning at me and I ran fast and the blasts exploded in massive explosion of fire as I ran towards the Suzaku's.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOMMMMMMMM!
KRABBBBBBBBBOOOOOOOOOOOOOOOOOMMMMMMM!
KRABBBBBBOOOOOOOOOOOOOOOMMMMMMM!
KRABBBBBOOOOOOOOOOOOOOMMMMMM!
KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMM
KRABBBBBBBOOOOOOOOOOOOOOOOOOOMMMMMMM!

I flew into the air and smashed and pulverized the clones and kicked the Real Suzaku down.

Me: That was really impressive. Your power makes you like a living thunderstorm.

Suzaku got up and used a technique called PRISM OF SEVEN RESTORATION.

**Prism of Seven Restoration** (回復, *Kaifuku*, translated as *Restoration* ): Suzaku can consume the souls of his copies, healing himself in the process. This ability was never titled in the original Japanese version.

Suzaku: Indeed. You are a truly worthy and formidable adversary J.D.

Me: I get that a lot. I'm honored that you think so. You would make an incredibly worthy member of the Masters of Evil. You put up an amazing fight.

Suzaku: I'm glad you think so. But if I were to join the Masters of Evil, who would you recommend as my archenemy?

Me: I would recommend Fu the 7-Tails Jinchuriki. She has as much power as you do.

Suzaku: So I have seen during her battle with Snipster. But I will consider it. Thank you for giving me a good fight J.D.

Me: It was my pleasure.

We shook hands and he gave me the Number Card.

Me: Fu is really looking forward to having you as an archenemy.

Suzaku: I can tell.

Me: She's very fast too. Just like you and me.

Suzaku: I can tell.

Suzaku left.

Nico came up to me.

Nico: Wow! J.D. you were incredible.

Me: He showed an awesome amount of techniques and Fu now has an awesome archenemy coming her way.

Nico: She sure does. Suzaku is really a cool guy. He has honor just like a lot of people we know.

Me: He sure does.

Nico gave me back my coat and I put it back on.

Me: Thanks Nico.

Nico: You're welcome. But wow. I didn't know you were capable of lifting that much weight on you.

Me: You never asked.

Nico: Touché. But that's amazing.

Me: It sure is.

---

We regrouped and we were facing Trina and Dr. Cabelleron.

Courtney: I've had it with you Trina!

Troy: You won't wedgie anyone else ever again!

Megaforce Rangers: Legendary Ranger Mode: Dragon Blitzkreig!

The Megaforce Rangers turned into the Changeman Rangers!

Woody Woodpecker then flew and pecked Dr. Cabelleron all over and it really hurt. And he didn't see him fly all over him.

Woody Woodpecker: Guess who? (Trademark laugh)

He pecked him all over some more.

Courtney: Trina it's time for me to get some well deserved payback! (Cracks Knuckles) I WILL MAKE SURE YOU SUFFER!

Duncan: Babe put these on.

Duncan handed her metal spiked boxing gloves.

Courtney: Thanks Duncan.

She put them on.

Me: Lets rip her apart!

Eli: It's Butt-Kicking Time!

Ripping Friends: IT'S RIPPING TIME!

We went at them and viciously smashed and pulverized Dr. Cabelleron and Trina all over the place. Blazvatan smashed them into pulp all over.

Paige: You give explorers everywhere a bad name Cabelleron! PHOENIX STYLE NINJA ART: WE ARE ONE!

Paige floated into the air and fire swirled around her as she sang We Are One by 12 Stones and she fired a massive blast of fire and it formed into the armies of Rome and it slammed into Cabelleron and burned him all over.

Paige: This will hurt too! PHOENIX STYLE NINJA ART: LIGHT OF ROME!

Paige floated into the air and she sang the Roman Anthem and fired a wave of fire and it formed into the armies of the Roman Soldiers. They hit Cabelleron and knocked him down and burned him.

Paige: And for good measure. PHOENIX STYLE NINJA ART: ROMAN EMPIRE!

Paige fired a blast of fire and it formed into the armies of the Roman Empire from thousands of years ago and they smashed and burned Cabelleron all over the place.

Courtney: This is for all the humiliation you put me through! This is for laughing at me when I had my period! FIRE STYLE NINJA ART: MEGA FIRE TSUNAMI RASENSHURIKEN!

Courtney formed a massive flaming rasenshuriken and threw it and it hit Trina and exploded in a massive vortex of flames and it burned her all over the place real bad.

Courtney: This is for putting a worm in my sandwich! FIRE STYLE NINJA ART: GREATER FIREBALL BLAST!

Courtney fired a massive ball of fire and it hit Trina and exploded with incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Courtney: This is for shoving my face in a toilet full of diarrhea! FIRE STYLE NINJA ART: GREAT FIRE FIST PUNCH!

She had fire form around her fist and she punched Trina in the stomach and burned her in a massively deadly flaming punch that hurt like hell.

Crumplezone: Lets show some teamwork!

Blackarachnia: Lets do it! Blackarachnia, TERRORIZE!

Blackarachnia tranformed!

Crumplezone: CYBER KEY POWER!

He used the Velocitron Cyber Planet Key and it turned his booster engines into deadly cannons on his shoulders.

Blackarachnia: Lets do it!

Blackarachnia, Shikamaru and Blur used the Animatron, Hidden Leaf and Velocitron Cyber Planet Keys and they enhanced Blackarachnia's weapons, Shikamaru's shadow powers and Blur's Electro Laser 100-fold.

Crumplezone and Blackarachnia: CRUMBLE BLACK WIDOW BLAST!

Crumplezone fired a laser blast and Blackarachnia fired a powerful barrage of bullets from her legs and the blasts hit Dr. Cabelleron and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion knocked her down and she was enraged.

Courtney: I'm not the same girl you knew anymore!

Trina: How so TWERP-NEY!?

KRASMASH!

Courtney smashed Trina's face in with a powerful punch and knocked out her teeth and braces.

Courtney: And this! IS FOR PISSING ME OFF!

Courtney fired a massive blast of fire and it enveloped Trina and she screamed in pain as she was burning all over.

She was burning badly all over and May blasted her with ice and extinguished her all over.

Courtney: These burns are your scars from me! Live with them.

We tied them up.

Riddler: Well, we made two arrests today.

Diabolico: One was Trina.

Daring Do: And the other was Cabelleron.

Zexion: Now, no one will have to be wedgied ever again.

Dr. Viktor: As Fred would say: Mystery Solved!

Me: You got that right.

We high-fived and it was awesome!

Me: Lets head to Lynn's Table to celebrate.

We all agreed.

Courtney: (To the viewers) Now we have seen the last of Trina and Cabelleron and they will never terrorize the world again.

Me: No they won't.

We got the people who got wedgied healed. Cabelleron was brought in by Twilight Sparkle and given his bounty. Trina was found guilty of numerous counts of assault & battery, attempted murder and more. She was sentenced to 91 life sentences in the Jupiter Prison without possibility of parole and she is the cellmate of Icky Vicky.

THE END

---

Another awesome chapter done.

This was a really funny original chapter and I saw Grojband and got the idea for Trina being the wedgie bandit. I hope you all had a good laugh from this. NicoChan11, JediAvatarOfShinobi, XP4Universe, Omegahatchiyak12 and ninjakingofhearts gave me the ideas for this. Thanks guys. Next up is an interesting and very awesome adventure as we journey to find the Flying Island of Beast Wars Transformers and it's gonna be really interesting seeing an awesome paradise that flies through the air in the Ural Mountains of Russia. And we're going to face the terrifying Barraki from Bionicle on Overflow's home planet for the battle. It's gonna be so cool!

See you all tomorrow.

# Mystery of The Alien Flying Island

We were over in Cloudsdale and walking around and enjoying the sights of the Pegasi City in the Sky.

Me: Wow! This is so cool that all the awesome Pegasi live here.

Nico: It sure is.

Rainbow Dash: Yeah. But the coolest part about Cloudsdale is where we make the weather. You'll like it.

We went to the Cloudsdale Weather Factory and we saw that it was really cool!

---

Thunderclouds raged above the factory.

Me: WHOA! So this is where all of Equestria's Weather comes from.

Rainbow Dash: It sure is.

We went in and we saw that we were in the snowflake making department.

**Rainbow Dash** : This is where they make the snowflakes. Each one is hoofmade. As you can see, it's a delicate operation.

Me: Wow. I can tell and they do say that no two snowflakes are alike.

Nico: That's true.

Laney: This is amazing.

We saw the pegasi make snowflakes and it was delicate.

Next we were in the Rainbow Making Department. We saw rainbow water pouring down into step tanks.

**Rainbow Dash** : And here's where they make the rainbows!

Me: Wow! This is amazing!

Laney: I didn't know rainbows were made like this.

Nico: Me neither. This is really cool.

Me: It sure is. It's amazing how they make each band of color perfectly.

Rainbow Dash: Yeah it's a really big Pegasi secret.

Me: Wow.

Sunset Shimmer: This is really cool.

Pinkie Pie dipped her hoof in the rainbow liquid and tasted it.

**Pinkie Pie** : [slurp] (Face changes different colors and fire comes out of her mouth at red) [pants] Spicyyyyyy!…

**Applejack** : [laughs]

**Rainbow Dash** : Yeah, rainbows aren't really known for their flavor.

Me: Hmm.

I dipped my finger into the rainbow liquid and tasted it and I got the same reaction and rainbow fire formed in my hands.

Me: WHOA! That is lethal and good.

Rainbow Dash: I figured you would like it J.D.

Nico: Yeah that's J.D. for you.

We saw where they make the clouds.

Me: Whoa this must be where they make the clouds.

Rainbow Dash: It sure is.

The ponies poured water into the buckets and the machines formed clouds.

Me: Wow! This is amazing.

We saw rooms where they keep the wind, lightning, hail, and even tornadoes. It was awesome!

We just got back from the Cloudsdale Weather Factory when the military began to surround us.

Maria: What's the meaning of this?

Lynn: You got some nerve pointing guns at us! You want a piece of me? I'll tear you apart!

May: Whoa, whoa, whoa! Drop your weapons!

Gabriel came outside to see this.

Gabriel: Stop! That's my son and his friends you're threatening! (to the military officer) Tell them to lower their weapons!

Military officer: Tell them first.

Gabriel: What?!

Military officer: Mr. Agreste, there's nothing I can do. (gestures to someone approaching) Talk to him.

That someone was Mr. Wertz.

Me: Mr. Wertz!

Wertz: Your Redemption Squad team, as well as all other teams under Team Loud Phoenix Storm, is deactivated, Agreste. You are to cease all operations and return to your estate pending further orders.

Arcee: We only take such orders from the President!

Wertz: Well, it just so happens that he's given me permission to do this. I have operational command now. Burns and his group have waged a war against you all that's endangering millions of lives! And causing so much property damage! Well, no more! We're going to win this war like we have won other ones, with a coordinated military strategy.

Laney: This guy's out of his mind.

Me: He always has been out of his fucking mind.

William: You're gonna need every asset that you've got.

Wertz: What we need is to draw up battle plans while we explore every possible diplomatic solution.

Gabriel: Like what, handing over the J.D. and the Loud Kids so that Burns and his group leave the Earth alone?!

Wertz: (thinking for a moment) All options are being considered.

Me: You fucking bastard! Mr. Burns put you up to this! He falsified this!

Nico: That fucking liar!

Nightbird: Look, whatever the Sullen 6 are up to, sending the Piraka gang after us is just the start.

Gabriel: There is no negotiating with Burns and his group. They've already tried this before!

Wertz: I'm ordering you to stand down. You won't be needing this anymore. (takes Gabriel's Miraculous ring from him) Get your asses back to your estate! (gestures to me) And take that piece of shit to a prison cell!

POW!

I punched Wertz in the face and broke his nose and then Eli kicked him in the balls!

I took and gun and shot his testicles.

Me: You make me fucking sick!

?: All of you stand down now! That's an order!

Me: I know that voice.

Commander Feral came.

Me: Commander Feral. Boy are we glad to see you.

We certainly hadn't expected to hear Commander Feral's voice after a long time.

Ulrich: (about to stab Wertz with his sword) Any last words, asshole?

Feral: Don't do it, Ulrich! (to the soldiers) Hold your fire! Hold it! (to the Swat Kats) Swat Kats, lower your weapons.

T Bone: (sarcastically): Nice to see you too, Feral.

Feral: (to Ulrich) Hey, the Enforcers didn't want it this way. You gotta believe me, Ulrich. It's a new world order now and Wertz is calling the shots.

Me: Bullshit! This is no world order.

I went over and searched Wertz and pulled out a document.

Me: Lets see.

I found a fraudulent document that was forged by Burns and Wertz saying that it was an order from the President for us to be disbanded.

Me: This letter is a fake!

The military was shocked.

Lisa examined it and found lots of inconsistencies with the document of Wertz and the Sullen 6 and a document made by the President.

Lisa Loud: J.D. is indeed correct. This document is a fraud.

Military Officer: We've been deceived!

Nico: He is a fucked up lunatic that wants nothing more than to rule the world.

Me: I should just kill him here and now.

Nico: Nah. Let him be taken back to prison.

Wertz was taken away.

Adrien: (sees Wertz being taken back to prison) Thanks for standing up to that asshole, dad.

Gabriel: (puts his Miraculous ring back on) It was my pleasure, Adrien. No one messes with my family.

Feral: (to us) Look, despite the issues me and the Enforcers sometimes have with the Swat Kats, it really is good to see you all again.

Tempest Shadow: No problem, Feral. You're just doing your jobs.

Me: Yeah and it's great to see you too Feral. We owe you one.

Nico: Yeah. Now it's personal. I'm going to kill the entirety of the Sullen 6.

Naruto: We all will.

Me: But it is good to see you again. How have the citizens of Megakat City been?

Feral: Doing good now that some of our most dangerous enemies have been dealt with.

Me: Cool.

* * *

In the Western Pacific Ocean, The Sullen 6 were hatching a plan to kill us. And they had in their employ some of the most dangerous enemies to the Toa: THE BARRAKI!

The **Barraki** were an alliance of warlords, comprised of Pridak, Kalmah, Mantax, Carapar, Takadox and Ehlek. Once leaders of the League of Six Kingdoms, they were at one point banished to the Pit, where they were transformed into abnormal creatures by the Mutagen contained in the water. After being trapped there, they escaped and sought to claim the Mask of Life, which had inadvertently wound up in Mahri Nui. After a lengthy ordeal with the Toa Mahri, the Mask of Life was used to revive Mata Nui, with the Barraki failing to fulfill their mission.

Eventually, the Order of Mata Nui had Carapar and Takadox join a strike team bent on find and freeing Makuta Miserix. During the course of their mission, Carapar was killed by Tren Krom and Takadox abandoned everyone else.

Following the Battle of Bara Magna and the collapse of the Great Spirit Robot, the remaining Barraki evacuated onto Spherus Magna, where they were cured of the Pit's Mutagen.

League of Six Kingdoms

The League of Six Kingdoms was originally created by Mata Nui as a more effective way to keep the peace, but they turned on him and attempted to seize power for themselves. During their time as warlords, the Barraki conquered many lands, and made an alliance with Xia. The six Barraki each led their own army, but the overall commander was Pridak's. Smaller units were called legions. One such type of legion was a Matoran Rear Guard Unit, which consisted of 53 Matoran. The only reference to one was one destroyed by Pridak's command. Battle leaders were also present throughout Barraki armies.

At its height, the League had command of almost the entire Matoran Universe (except for Metru Nui, Artakha and the far Southern Islands), headed from their capital at Xia. They were not as powerful as the Brotherhood, but were stronger than the Toa and Dark Hunters.

The League's ultimate goal was no less than the overthrow of the

Great Spirit Mata Nui himself. However, on the eve of their major offensive 80,000 years ago, the Brotherhood of Makuta launched a preemptive strike, allied with the Toa and spearheaded by Teridax. The League armies were quickly decimated and the Barraki captured. Makuta was about to publicly execute them (despite the Toa's objections) when a stranger named Botar intervened and teleported himself and the Barraki away. Unknown to the world, the Barraki were banished to an isolated cavern called The Pit. Makuta often pondered the Barraki's ambitions afterwards, and his own plan to seize control was partly inspired by their attempt.

## The Pit

One thousand years ago, in the Great Cataclysm, the dome surrounding the Pit caved in, tearing down the barrier between The Pit and the waters of the outside ocean. While The Pit quickly flooded, a mutagenic agent in the water mutated the prisoners into freakish sea beasts and allowed them to survive. The Barraki were able to escape to the surrounding region, but no farther, essentially expanding The Pit into the sea. They have also formed new armies of the native sea life. Sometime later, the floating island of Voya Nui entered the region, and a portion of land including a Matoran settlement (called Mahri Nui) sank into The Pit, crushing a fortress Ehlek had built. The Barraki have since terrorized the Matoran, and none have gotten a clear look at their attackers and returned to tell the tale.

This hiding in the shadows ended when a squid noticed a Kanohi Mask of great power sinking down to Mahri Nui and reported it to its master, Kalmah. Word soon spread to the rest of the Barraki, Takadox had Carapar kidnap the Matoran who claimed the mask, Kyrehx, and hypnotized her into telling all she knew. From her account, he recognized the mask as the legendary Ignika Mask of Life. He then had Carapar return her to the city as part of some scheme, and also had him stop Ehlek, who had used the mask as an excuse to launch an all-out assault on the Matoran. Meanwhile, Pridak captured a scouting patrol and demanded the mask from them, revealing to them - particularly their leader, Defilak - who the Barraki were and what they had attempted. Kalmah and Mantax started following the mask's current holder, Dekar. Unfortunately, they were too late to stop Dekar from trying to destroy the mask - even more unfortunately, the mask itself took action to stop Dekar.

A Venom Eel, enlarged to giant proportions by the Ignika, emerged and began attacking everything in sight. As Pridak's captives took the opportunity to escape, Takadox attempted to hypnotize the beast into obeying. Ehlek and Carapar used the distraction to start snooping in Pridak's lair, finding a new arrival to The Pit: a being named Brutaka. Once he realized the Mask of Life was in the region, he demanded that the Barraki take him to it, though he warned that six Toa would be coming after it soon.

As Takadox failed to entrance the Venom Eel and was knocked away, Pridak caught Mantax leaving the scene, claiming he was trying to find help for Kalmah. They were soon joined by Ehlek and Carapar, who were playing along with Brutaka's demands. Adding Kalmah to their group, the six confronted Dekar, and Brutaka tried to get the mask from him by claiming he was part of a group loyal to Mata Nui. But Dekar didn't accept his claims, and neither did the Barraki, they decided to have him dragged off by a giant Squid. After that was taken care of, the Barraki walked in and took the mask, which began to glow so brightly that all of Mahri Nui was blinded. When the glow subsided, the Barraki found themselves scattered around the cave, and Pridak more feral than usual, clinging to the mask, and attacking anyone who dared get to close. After Takadox calmed the Barraki leader down with his hypnotism powers, the group went to greet the newest arrivals to the pit, the Toa Mahri. The Barraki assumed the Toa were condemned to the Pit as they were, and Toa Hahli played along on behalf of the group, letting the Barraki think they were potential allies.

But while the Barraki considered working with the Toa, they still kept them under the guard of their loyal sea Rahi. Meanwhile, Pridak informed the rest of the Barraki that the Ignika was slowly cracking and leaking power, and that when it shattered, they could bathe in it's energies and return to their original forms. In the meantime, the Barraki decided that since they could not trust each other with the mask, they should give it to Ehlek's lieutenant Nocturn, since they believed he wasn't smart enough to use it. Just afterward, Kalmah and Carapar found the Toa in the process of escaping their guards.

The two Barraki tried to stop them, but unfortunately Toa Kongu summoned an ancient sea beast. The two fled into the black water, leaving the Toa behind. Kongu's summoned horror went to do battle with the giant venom eel. Back at Razor Whale's Teeth, Nocturn had grown tired of the Ignika. After tossing it aside, he discovered he had been given the power to kill anything he touched. Nocturn took the mask and decided to find Pridak in order to "shake his hand", not noticing a Gadunka growing due to the mask's power.

Carapar and Kalmah headed to Kalmah's cave, where they found Mantax and Takadox feasting on Kalmah's squids while Pridak tortured Ehlek to find out where Nocturn had taken the Ignika. Kalmah reported the Toa's escape, and reasoned that they must have taken the mask. Pridak then ordered the Barraki to split up and find, meanwhile, had encountered Hydraxon, seemingly back from the dead and determined to recover all the escaped prisoners. After defeating Nocturn, Hydraxon took the Ignika but decided that the mask was too dangerous to exist, so he took aim at it with his Cordak Blaster and fired.

Later, Mantax encountered Toa Hahli, who fed his suspicion that another Barraki might be betraying him. Toa Jaller and Toa Kongu were willing to cut a deal, but Kalmah and Carapar gave the condition that they had to kill Pridak first. Most of all, Toa Hewkii provoked a fight between Ehlek's eels and Pridak's sharks, sparking a full-scale war between the two of them. And while the entire ocean had become a battlefield for the Barraki armies, Mantax's rays were last seen headed straight for Mahri Nui - with Hahli in the lead. Mantax stole the Ignika and told the Toa to have the Barraki meet him in the Pillars of Salt. By then, Barraki Mantax had discovered evidence of betrayal within the group. When he eventually retrieved the Mask of Life, he used it as a bargaining chip to force the traitor to reveal himself. Takadox gave himself away by trying to kill Mantax at the first opportunity, but the Toa Mahri had reclaimed the mask and the other Barraki allowed Takadox to live until they were dealt with. Unfortunately, one Toa got away with the mask and the other five simply vanished, leaving the Barraki again trapped without hope.

Freedom

Soon after Teridax took control of the Matoran Universe and exiled Mata Nui's spirit into the Kanohi Ignika, two of the Barraki, Takadox and Carapar, were captured and imprisoned by the Order of Mata Nui. The two were subsequently conscripted into a strike team led by Brutaka, along with Lariska, Brutaka, Roodaka, and Spiriah. Takadox was left behind on Artidax but later escaped on a boat used by the Toa Mahri, and on Tren Krom's island Carapar was disintegrated.

During Teridax's reign of the Matoran Universe, the Barraki teamed up with "The Shadowed One" to march on Metru Nui and conquer it for themselves after the Dark Hunter leader would infect Makuta with viruses that he had procured. When "The Shadowed One" failed to arrive, Pridak chose to march anyway. The Barraki were unable to reach Metru Nui before Teridax's death, and they and their armies instead left the Matoran Universe for the newly reformed Spherus Magna. Along with restoring the planet to life, Mata Nui also reversed the mutation effects on those who had been affected by the mutagen in The Pit, including the Barraki.

Ehlek: So you want us to kill Team Loud Phoenix Storm?

Jock: Got that right, dude.

Goobot: Our sensors indicate they'll be at the Ural Mountains of Russia.

Pridak: Fine. (to Plankton) But you and your friends better not double cross us after this job is done, Plankton. Otherwise, I'll personally find out what you taste like!

Burns: Excellent. Kill all of them and leave none alive and make sure their deaths are bloody and gruesome.

Ehlek: With pleasure.

---

Optimus Primal was doing some interesting research. But then he saw something unusual.

Optimus Primal: Everyone I think I found something!

We came to Optimus Primal's lab.

Ransack: Hey, Primal Is the computer picking up something?

Optimus Primal: As a matter of fact yes it is. It's picking up an Energon reading in the Ural Mountains in Russia.

Me: Weird. Energon in that part of the world?

Optimus Primal: But something else is odd here. The Energon signal is moving.

Nico: Moving Energon? That is really strange.

Lincoln: No kidding.

Me: We better go check it out.

Whiteout, Dr. Viktor, Dai Gui the Demon Sorcerer of Earth, Heat Wave, Vulture, Diabolico, Zexion and Riddler then appeared.

Whiteout: Can me, Dr. Viktor, Dai Gui, Heat Wave, Vulture, Diabolico, Zexion, and Riddler come with you guys to investigate this Energon reading?

Me: You all sure can.

Dai Gui: We heard what happened and we're really sorry this happened.

Nico: It's no big deal. But now we will kill the Sullen 6 more than ever.

Zexion: But that Wertz guy will never have sex with anyone ever again.

Me: No he won't.

We laughed.

Blitzwing: (to Maria and William) Do you two have any plans for

Valentine's Day?

Maria: We're gonna go to the restaurant where Carly and Jack had their date, then go to a movie and then to a baseball game.

William: Yeah it will be fun.

Nico: Awesome!

May: Me and Nico should have a date too.

Me: Same with me and my girls.

Lincoln: And me and my girls.

Clyde: And me, Syd and Chloe.

Naruto: And me and all my wives.

Me: We have a lot of dates planned.

Nico: We sure do.

Fu: Yep. And J.D. thanks for having me get Suzaku as my archenemy.

Me: You're welcome Fu.

Vulture: I'll fly alongside you guys on the way to the island.

Me: We're not really sure if this weird Energon source is an island. We're gonna have to find out ourselves.

Nico: Good idea. Lets head out.

We were off to the Ural Mountains in Russia.

* * *

We arrived in the Ural Mountains of Russia and it was beautiful.

Wave Man: How much further?

Nico: We should be just about there.

Me: Look at that fog bank.

Nico: Wow. That is a really low fog cloud.

Me: Lets head in.

We flew in to the fog bank and then we saw an incredible sight! We saw a huge floating island completely concealed from view and floating over the lands of Southern Siberia!

Me: WHOA!

Nico: WHOA! WHOA! A flying island!

Naruto: What is a Flying Island doing all the way out here?

Me: Lets land and take a look.

Eli: Be careful guys. It could be booby-trapped.

Me: Okay.

We landed on the island and it was really beautiful and amazing. It had a beautiful forest and it had a beautiful crystal clear blue lake and it had a magnificent monument in the middle of it.

Me: Wow. This island is beautiful.

Nico: It sure is. It would make a great sanctuary.

Laney: It sure would.

Riddler: If there are booby traps, I can probably disable them.

Eli: I'm not sure these are the kinds of traps that can be disabled. The Force is telling me that they are spiritually activated.

Me: I have a feeling they are marked. But we'll keep our eyes peeled.

Nico: That obelisk there looks interesting.

Me: Hmm. I wonder.

I fired a laser blast and it hit a rock. But then I saw the obelisk charge up.

Me: Uh oh.

I formed a force field and it fired at the force field and the beam exploded with incredible power!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Then the explosion faded we were all protected and I dropped it.

Scorponok (BW): WOW! THAT'S a real blaster!

Blackarachnia: Just be careful guys. In case you haven't noticed it's activated by our powers and weapons.

Me: We'll have to be careful as we explore.

Waspinator: Waspinator have bad feeling about this!

Me: I do too. But this island is amazing. Whoever made this island really thought of everything.

Tigatron: Truly this is a world of wonder. Here in Southern Siberia, this warm, tiny, lush, peaceful tropical ecosystem somehow exists. And it's totally hidden.

Me: I know. It's breathtaking.

Nico: Wait I see a mark on a rock.

Me: Hmm.

I picked up a rock and threw it and the mark glowed red and then a pitfall activated.

Me: Whoa! This island IS loaded with traps.

Eli: The Force was right.

We walked around the island and it was beautiful.

Me: Wow. This island is amazing.

Dai Gui: I sense more traps on this island.

Me: It looks like they are all over the place.

I looked through my binoculars and saw a mark on a tree, one on a rock on an arch of rocks and one on a canyon wall and one on another rock.

Me: Yeah they are all over.

Nico: That symbol that shows where they are is very unusual.

Shanan: It sure is. But I see a symbol on top of the monument.

Laney: Can you make out what it is?

Shanan: I'll fly and get closer.

Me: Okay.

Shanan spread her wings and flew to the obelisk and she looked at it and saw a symbol on top. It was a triangle with an eye in the middle and she gasped in shock when she recognized it.

Shanan: Oh man!

She flew back to us.

Shanan: This island was made by the Vok.

Me: The Vok? You mean the same aliens that seeded Earth with Energon and made the Standing Stones that we found in Paraguay?

Shanan: That's right.

Nico: Whoa! This is the 2nd artifact of the Vok that we found.

Lincoln: But it's one of the most beautiful we've seen.

Laney: It sure is. I wouldn't mind calling this island a vacation spot or a sanctuary.

Naruto: I think it would be perfect too.

Dai Gui: Indeed.

Blackarachnia: This is just one situation we can't afford to be reckless about.

Me: I know. We have to be careful. We use our powers or weapons and we get blasted.

Airazor: And there's traps all over this place.

Nico: No kidding. If Megatron were here he would be after the power in that Obelisk.

Optimus Primal: You're right about that Nico. All Megatron ever cared about was megalomania and how to conquer the galaxy.

Scorponok (BW): I don't know what I was thinking following that monster.

Me: I know. Lets keep looking. We came to find Energon and the computer showed that it was here on this island.

Zexion: I'm starting to wonder if there really was any Energon here to begin with.

Shanan: The Vok put Energon all over Earth. That's why it's so rich in it.

Optimus Primal: Shanan is right. When we landed here the field readings were totally off the scale. There is so much Energon here.

Me: But mining Energon is gonna be really tricky.

Zexion: How so?

Me: Energon in its natural form is highly unstable.

Eli: That's right. If it gets hit with explosives or exposed to high temperatures it explodes.

Dinobot: That's why we have to be careful around it.

Me: Also it's highly radioactive. But it only affects Cybertronians. If they stay transformed for too long it shorts them out.

Cheetor: Yeah it's really risky.

Tigatron: That's why we have to be careful in large fields of Energon.

Lola: That's right. But maybe this island has a huge amount of Energon that lifts it off the ground.

Rhinox: That is highly possible Lola. If the Energon were unstable and there was a big enough concentration, it could lift this island off the ground.

Optimus Primal: My thoughts exactly.

Nico: Yeah.

Energon Scorponok: Aren't we all immune to radiation now?

Me: Yes we all are. But I'm not sure how our powers have affected you guys somehow. That part is still a mystery to me.

Nico: Hmm. We'll have to look into that later.

Me: Yeah. I'm not sure what kind of radiation Energon emits but it only affects Cybertronians. That I know. But how our powers have affected you guys and made you impervious to Energon Radiation still is a mystery to me.

Dr. Viktor: I suggest we find some way to get this Energon out of here.

Me: If we find it.

Nico: It might be in the obelisk. Lets look.

Me: Good idea. But be careful guys.

Lincoln: Right.

We walked on and kept our eyes peeled for traps and not use our powers or we were gonna get blasted.

We got to the obelisk.

Me: Wow. This obelisk is amazing.

Mr. Boss: Anyone got any ideas?

Me: Hmm. There has to be a door somewhere.

Nico: Yeah.

Laney: Let me check.

Laney went and looked around the obelisk.

Laney: Hmm. There is no door.

Me: Hmm. This is gonna be crazy but we'll have to blast our way in.

Nico: Are you crazy!? We'll get blasted if we do!

Me: That's why I'm going to make a diversion. You blast the wall after I'll draw its fire.

Nico: Okay. But be careful.

Me: Okay.

I flew into the air.

Me: I hope this works.

I fired a laser blast at a rock and the obelisk charged up and fired at me and I teleported and it missed.

Nico: Now!

Nico fired an energy blast and blasted a hole into the obelisk.

Nico: Yeah!

I landed.

Me: At least it takes a while for it to recharge.

We went in and saw a reactor.

Me: This must be the reactor that powers the whole island.

Nico: It sure is. The Energon Signal must be underneath it.

Me: Lets find it.

We walked around.

The Barraki just arrived at the Island we were on.

Takadox: This is the island. Just like Goobot said.

Carapar: (contacts Plankton) Are you sure Team Loud Phoenix Storm is here, Plankton? Because if they aren't, just remember Pridak's earlier threat!

Plankton: They are there Carapar. You'll find them. Just follow their energy signals.

Carapar: You're right. I sense them. They are here.

Later we got the energon and there was a lot of it.

Me: Wow! This is a lot of Energon.

Lincoln: It sure is. Lola was right.

Optimus Primal: This island is bristling with Energon.

Laney: Lots of it.

Heat Wave: Wait I see something.

Me: What is it?

He went to the lake and he saw something.

Heat Wave saw a manta shaped figure in the shadows.

Heat Wave: (approaches the figure) Black Manta?

The figure stepped out to reveal not Black Manta, but Mantax of the Barraki!

Heat Wave (in shock): Yikes! Not Black Manta!

Onua: Mantax!

Me: It's one of the Barraki!

Gali: The Barraki are here!

We saw Pridak of Ice, Kalmah of Fire, Takadox of Water, Ehlek of Air, Mantax of Earth and Carapar of Stone.

Me: So you are the Barraki that the Toa were talking about.

Ehlek: Indeed we are.

Carapar: And we were hired to kill all of you.

Kalman: That's right.

Kickback: How stupid are you guys?! As soon as you're done killing us, Burns and his gang are going to betray you!

Kalmah: (laughs) Oh, please. We're quite aware of the treachery fo the Sullen 6. If they DO double cross us, we'll be dining on them for dinner!

Nico: Hey get in line, some of us already called dibs on killing them!

Me: Yeah! Also you don't want to attack us anyway. If you use your weapons, that monument behind us will blast you.

Kalmah: Oh really?

Takadox: Lets put that theory to the test.

He fired his squid launcher at a rock and then the Monument activate and fired its beam at the Barraki and it hit the ground and exploded.

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion blew them into the lake.

They emerged and came back.

Me: See what I mean?

Ehlek: Okay you're right! We'll have to take the fight somewhere else.

Me: Good.

Then Duskmon, Grumblemon, Ranamon, Arbormon, Mercurymon, Knightbrace, Control Freak and Condiment King appeared.

Me: Duskmon, Grumblemon, Ranamon, Arbormon, Mercurymon, Knightbrace, Control Freak and Condiment King.

Grumblemon: Yes that's right.

Ranamon: How are y'all doing.

Me: Better.

Duskmon: I see you guys found out the source of the Energon reading.

William: We sure did.

Grumblemon: There really is a lot of Energon.

Ranamon: Don't forget that obelisk.

Arbormon: (notices the Barraki) And it looks like Burns sent his next group of hitmen to kill you guys.

Me: Yeah. The Barraki.

Tahu: They are very dangerous monsters that were banished to The Pit.

Nico: Not only that but Burns and his syndicate fabricated a false document made by them to tell us and you to disband.

Duskmon: We heard about that.

Grumblemon: That's terrible.

Mercurymon: Good thing you all outsmarted them.

Me: We can't fight here though. If we do that obelisk behind us will blow us to smithereeens.

Ranamon: We saw the power it has. It's amazing.

Knightbrace: And really powerful.

Shanan: This whole island was built by the Vok.

Control Freak: The same creatures that built those Standing Stones in Paraguay?

Nicole: That's them.

Control Freak: Wow.

?: This is crazy.

A figure came out and it was TERMITETRON back for round 2. Or round 1 in this case because he missed out on the fight.

Connor McKnight: Termitetron.

Termitetron: Looks like my real fight can begin.

Nico: Awesome.

Termitetron: It's about time I got to fight you Rangers! I didn't get the chance when you all were going after Cruella. Which is understandable.

Connor McKnight: That's true.

Kira Ford: This is gonna be fun.

Duskmon: I have just the planet for all of us to fight on.

Duskmon snapped his fingers and we were standing on the waters of an incredible water planet. It was really the home planet of Overflow in the Andromeda Galaxy: CASCAREAU!

---

Cascareau is a planet located within the Andromeda Galaxy. It is an aquatic world where the Cascan make their home.

Society

The dominant species of the planet appears to be the Cascan, armored humanoid creatures that reside deep within the waters due to the dangerous surface overridden with predators, harsh hurricanes, and pirates. Other sea creatures include a giant turtle like species, an eel like species, and a fish like species. There are also the Silent Tentacle Sentinels guarding the serpent glass bank.

Culture

The Cascan people spend much of their time collecting Serpent Glass for their exoskeleton. When they grab enough Serpent Glass they bring it to the bank that holds Serpent Glass. Pirates try to sneak into the bank in order to steal the Glass. Often ending up caught by the Silent Tentacle Sentinel guards.

Landscape

The planet is covered with water and has various purple land. There is some water currents that lead to the various moons surrounding the planet.

---

We saw around us and it was incredible.

Me: WHOA! This planet is amazing!

Duskmon: This is the planet Cascareau, Overflow's home planet.

Me: WHOA! So this is the planet Cascareau!

Nico: WOW! The water flows all the way up to its moons!? That's amazing!

Girl Jordan: This is incredible!

Riley: Wow! This is amazing!

Ben: I've always wondered what Overflow's home planet would be like.

Chione: Me too.

Me: And this is the 5th planet we've been to for one of your aliens in the Andromeda Galaxy.

Ben: It sure is. Wow!

Mantax: You made a grave mistake bringing us here. Us Barraki love fighting in underwater environments!

Diabolico: Well, it's only fair that the 6 of you die in your element.

Varie: That's nothing the Neptune Crusaders can't handle! We live in the water!

Girl Jordan: And you will die in it!

Luna: Yeah!

Gali: Get ready for an aquatic showdown!

Me: Lets get them!

We went at them.

---

## Battle 1: Jeri Katou, Fluttershy, Tree Hugger, Zecora, Discord, Mage Meadowbrook, AncientSphinxmon, Alice, Alpha Hydranoid, Leomon, Tai & Agumon, Ransack and Crumplezone VS Duskmon

---

Duskmon was first.

Duskmon: (to Jeri) All that Energon can be used as fuel for our Autobot and Decepticon friends.

Jeri Katou: They have been mining it for a long long time and it was what caused the Great Wars with the Autobots and The Decepticons.

Fluttershy: That's right I remember reading about that. That was a terrible series of battles.

Tree Hugger: War is not cool dudes. It brings a lot of pain and suffering.

Zecora: War has not been well liked in many places, and brings shock and horror to the soldiers faces.

Discord: Indeed. I may be the embodiment of chaos and I have seen the terrors that war brings but even for me War is too much for me.

Mage Meadowbrook: It sure is awful.

AncientSphinxmon: War always is. Look at the battle that happened between us and Lucemon.

Alice: That was awful.

Alpha Hydranoid: It sure was from what we were told.

Leomon: Absolutely. It's an awful sight.

Tai: Yeah. We were at war with the Dark Masters and it was a battle to save our worlds.

Agumon: That was terrible.

Duskmon: I bet it was. Lets get it on!

Tai: Gladly! Lets do it!

Agumon: Right!

Tai activated his digivice!

Agumon: AGUMON WARP DIGIVOLVE TO…

He turned into WarGreymon!

WarGreymon: (Echoing) WARGREYMON!

He was ready for action!

They went at him.

Jeri Katou, Fluttershy, Tree Hugger, Zecora, Discord, Mage Meadowbrook, AncientSphinxmon, Alice, Alpha Hydranoid, Leomon, Tai & WarGreymon, Ransack and Crumplezone: COURAGE NATURE FLAME STYLE FORMATION ART: FURIOUS WAR STORM MEGABLAST!

They spun in a powerful Tetradecagon formation and fired a massive blast of fire and energy and the blast hit Duskmon and exploded!

---

Grumblemon was next.

Grumblemon: (to Earth) I think Wertz tried to help Burns shut us down so he could access the Supernoobs' technology.

Earth: He always was that fucked up from what Tyler and Shope told us. He was one crazy and nutty fruit cake. He probably is just as bad as Margaret White.

Applejack: Yeah he might just be up there. We were told so much about how dangerous he is.

Apple Bloom: J.D. punched him in the face and shot him in the crotch.

Frozen Fright: Yeah is was awesome!

Grumblemon: Yikes! That must've really hurt.

Apple Fritter: That freak had it coming for a long time.

Big Mac: Eeyup.

Granny Smith: That guy is more crazier than a tapeworm in a manure bin.

Coloratura: I think so too. He is wacky and crazy. It's like he lost his brain.

Autumn Blaze: You got that right. I can't stand mad people like him.

Babs Seed: Me neither. I hope he likes the torture sessions you give him.

Grumblemon: I know he won't. After the Royal Defenders redeemed themselves, most of our cells in our prison are vacant.

AncientVolcanomon: You all should put up a sign that says vacancy on it.

They laughed.

Julie: That's funny!

Mimi: That was a good one!

Palmon: It sure was.

Stella Zhau: I think so too.

Lillymon: Me too Stella. It was a good one.

Grumblemon: That was a funny joke. Lets get it on.

Mimi: Ready Palmon?

Palmon: Yeah!

Mimi activated her Digivice.

Palmon: PALMON WARP DIGIVOLVE TO…

Apple Bloom: Yeah it was!

## Battle 3: Stacy Bolton, Rarity, Sweetie Belle, Thunder Terror, Sassy Saddles, Sapphire Shores, Mistmane, Sable Spirit, Marucho, AncientMermaidmon, Joe & Gomamon, Skull Man and Wave Man VS Ranamon

Ranamon was next.

Ranamon: (to Stacy) Those Barraki would probably give all kinds of sharks a good scare!

Stacy: You're telling me. Even though me and my brothers are now half shark, they would really scare us.

Rarity: Indeed they would darling. And I hate those ugly savages.

Sweetie Belle: I do too. But thank goodness the Neptune Crusaders and the Toa are gonna take them down.

Thunder Terror: And that is good that they are. They deserve it.

Sassy Saddles: (British Accent) Indeed. They are a menace to everything.

Sapphire Shores: You are not kidding about that.

Mistmane: They brought all this on themselves.

Sable Spirit: Absolutely. They deserve death.

Marucho: You got that right.

AncientMermaidmon: Their looks alone would scare all the fish everywhere.

Joe: I agree with you on that.

Gomamon: Me too.

Ranamon: I agree. Lets get it on.

Joe: Lets do it!

Gomamon: YEAH!

Joe's Digivice activated.

Gomamon: GOMAMON WARP DIGIVOLVE TO…

He turned into Vikemon.

---

Arbormon was next.

Arbormon: (to Kari) Any plans for Valentine's Day?

Kari: I'm not really sure. I have been thinking about asking T.K. out on Valentines Day, I just haven't thought that far yet.

Gatomon: You'll think of something Kari and T.K. has been there for you ever since you became a Digidestined.

Rainbow Dash: That's right and from what Nico told us you have had amazing adventures.

Kari: That's true.

Lightning Dust: Just give it some thought. You'll think of something.

Spitfire: Yeah there's still plenty of time.

Kari: Thanks guys.

Arbormon: Glad you will think of something. Also I heard that Salem is back and inside Nico?

Scootaloo: She sure is and she told us that this is her punishment for all the crimes she did on Remnant.

Magma Gloom: It's her way of redeeming after causing so much pain and suffering to Remnant over the eons.

Vapor Trail: It's good she wants to redeem herself.

Sky Stinger: I'm glad she is.

Angel Wings: We all were amazed that Nico used that Spirit Bomb on her.

Arbormon: I can tell. But how did Salem tell you all she was coming back?

Soarin: She told J.D. about it.

Night Glider: She told him that she was gonna come back and be inside Nico and protect him like a guardian angel and make sure that all the threats that invade his mind never happen.

Indigo Zap: This is a very big way for her to atone herself.

Lemon Zest: It sure is. In a way Nico has essentially become part of the Redemption Squad through her.

Sugarcoat: If it's possible maybe Salem can participate in the usual battles and head back in to his body when she's done.

Arbormon: That's a great idea!

Sour Sweet: She deserves a second chance.

Sunny Flare: That's right.

Frosty Orange: Definitely.

Flash Magnus: We didn't know the full extent of Salem's background until she told us all about it.

AncientTroiamon: It was really sad what happened to her.

Cody: It sure was.

Armadillomon: Yeah she needs all the help she can get to get better.

Tarantulas: She sure does.

Waspinator: Waspinator agree.

Shun: I do too.

Arbormon: Indeed. Lets get it on!

Cody: Yeah!

Cody had Armadillomon digivolve.

She turned into Angewomon!

Angewomon: (Echoing) ANGEWOMON!

Tarantulas: Time for some action. Tarantulas, TERRORIZE!

He transformed.

Waspinator: Waspinator, TERRORIZE!

Waspinator transformed.

They went at him.

They spun in an Icosikaipentagon formation and it fired elemental blasts of ten elements: Fire, Water, Wind, Earth, Light, Darkness, Wood, Metal, Ice and Lightning and they formed into 10 angels of said elements and they hit Arbormon and knocked him down.

Kari: ALL RIGHT!

Angewomon: That was really good.

Rainbow Dash: AWESOME!

Lightning Dust: YEAH!

Scootaloo: Yeah it was!

## Battle 5: Davis Motomiya & Veemon, Sunset Shimmer, Pepperdance, Cayenne, Wallflower, Gusty the Great, AncientWisemon, Runo, Matt & Gabumon, Blackarachnia and Beast Wars Inferno VS Mercurymon

Mercurymon was next.

Mercurymon: (to Davis) Are you glad your fellow Digidestined are fighting in the battles this time?

Davis: We sure are. But most of us don't have archenemies yet.

Veemon: Don't worry Davis. They'll find someone.

Matt: Yeah we're considering this practice till we have our own archenemies.

Gabumon: That's right and it's gonna be so fun.

Sunset Shimmer: It sure is. I love having fun in these battles.

Pepperdance: Me too. They are so much fun.

Mercurymon: Indeed they are. For the next series of battles, I'll turn into Sakkakumon for the next set of usual battles.

Cayenne: That was really cool! It was awesome seeing 10 separate worlds inside you.

Wallflower: It sure was. I thought it was awesome.

Gusty: That's what I heard. It sure sounded cool.

AncientWisemon: Indeed.

Runo: I can't wait to see that. This is gonna be interesting.

---

Control Freak was next.

Control Freak: (to Nicole) For the next monster I'll summon, I'm gonna bring old friends of Yoshi's.

He summoned the bandits from Yoshi's Island of Super NES from 1995.

Nicole: The Bandits of Yoshi's Island from 1995. I had a lot of fun with that one. Took a lot of effort to get a perfect score on that one on all the levels.

Control Freak: The Goddess of Video Games always wins.

Nicole: I always love a good game.

Twilight Sparkle: You sure do Nicole.

Luster Dawn: And I love how you beat all the games like they are no big deal.

Nicole: Thanks girls. But it's all for fun. I love a good game.

Princess Celestia: And she's a great teacher. She is teaching Lily her secrets.

Princess Luna: What secrets are those?

Nicole: I'm teaching Lily all my tricks and secrets. She's my protege in becoming another Goddess of Video Games.

Princess Luna: Wow! That's amazing. She sure has come far from what I heard.

Princess Cadance: She sure has and it's amazing that she has come a long way.

Princess Amore: She sure has.

Flurry Heart: I like video games myself and I like playing them with Aunt Twilight and Sunset Shimmer.

Nicole: I've also been giving them some pointers on different games.

Control Freak: Wow! You have a lot of talent and skills.

Shining Armor: She sure does. I'll have to see it all in action some day.

Minuette: I always love some good fun.

Twinkleshine: Me too. It's awesome.

Gali: We're not going to send you and your teammates to the Warp this time, Pridak. No, you're going to the same place Teridax is and give him this message.

Pridak: What message?

Gali: That we'll be ready for him the next time he shows himself.

The last thing Pridak ever saw was Gali's Aqua Axes coming down on his head.

Killing him instantly and we sent them into the River of Fire!

Another awesome chapter done!

The Flying Island from Beast Wars was one of my favorite artifacts from the show and it was really mysterious and amazing. The next Beast Wars Artifact we're gonna face is the Planet Buster and it's gonna be a dangerous artifact as we try and stop it from destroying the planet. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys. The next chapter is for Super Monkey Robot Team Hyperforce Go and we're gonna go after Mandarin and the Sullen 6 and we're gonna make all those monsters pay. We're gonna save

Mandarin from himself.

See you all tomorrow.

# End of The Sullen 6

It was a lot of tension on both sides. Both us and the Sullen 6 were in a lot of pressure. But the Sullen 6 were madder than shit and infuriated as hell.

We see me and Burns in a split screen.

Me and Burns: (to our respective groups) What the fuck is wrong with us?!

Wolfgang: (Australian Accent) Nothing's wrong with me. I'm actually very comfortable. Thanks for asking though.

Me: We should've thrown the Sullen 6 into the Warp by now!

Burns: We should've destroyed Team Loud Phoenix Storm by now! They've messed with us for too long!

Nico: J.D. calm down.

Me: Right. Sorry. Just really pissed about all this. I'm just so upset that the Sullen 6 were hurting us.

Nico: I know J.D. but maybe one of the usual battles will clear your mind.

Me: Thanks Nico.

Burns: YOU PEOPLE ARE FUCKING USELESS! I SHOULD KILL ALL OF YOU RIGHT NOW!

Vlad Plasmius: (Sarcastically) Well excuse us for failing your worshipness!

Burns: TRYING IS NOT GOOD ENOUGH! I WANT ALL THOSE KIDS DEAD AND YOU ALL KEEP FAILING! IT'S SO HARD FOR ME TO LISTEN YOU! I HATE YOU ALL SO MUCH! (Season 3 Episode 24)

King Goobot V: Oh shut up Burns! You weren't any help back there either!

Burns: I DON'T CARE! I WANT ALL THOSE FUCKING KIDS DEAD! AND THEY WILL DIE EVEN IF I HAVE TO DESTROY THIS ENTIRE PLANET AND TAKE THEM WITH IT!

They gasped!

Vlad Plasmius: Now Burns that's too much! I've already had to deal with my loss that nearly destroyed the planet once!

Burns: I don't care! Team Loud Phoenix Storm is an absolute menace to us!

Me: It's not like the 6 of them are that dangerous like the Darkness, Trigon, or even Eon!

Burns: I mean, those heroes have proven that their spirits can easily be broken!

Goobot: Well, maybe if I hadn't been forced to work with these buffoons…

Plankton: I'll show you who's a Buffoon, you stupid egg person!

Marceline: Relax, J.D. Sure, the Sullen 6 haven't faced justice right away. But at least the people they could've hurt in the past week are safe thanks to us.

Me: Yeah that is true. But I still hate all those fuckwads for trying to break our spirits!

SpongeBob: I do too! And Plankton will pay for it!

Jimmy Neutron: Same with Goobot!

Tyler: I will enjoy killing Jock!

Homer: And I will rip that fuckbucket Burns apart! I FUCKING HATE HIM SO MUCH!

Me: I think you and everyone else in Springfield does and so does much of the country.

Lisa Simpson: He's right dad.

Nico: And I hate him too for trying to hurt May.

Lincoln: We all hate them.

Laney: We sure do.

Springer: You can't seriously be blaming us for how the Sullen 6 are still out there. We're doing the best we can!

Lori: Well, maybe that literally isn't even enough anymore!

Me: Lori that's enough. I'm not blaming anyone for the Sullen 6 being still at large but it was not our fault that they were released from prison. If anyone is to blame for all this it was because of the Digimon Emperor. He made Nico do all that against his will and it was because of him that they are trying to break our spirits.

Nico: That's right! He made me release them against my will.

Salem: But it wasn't your fault Nico. You all were warned about all this and tried your hardest to prevent it but it was all supposed to happen.

Me: Salem is right guys. It was all foretold that this would happen. Don't you see what's happening? The Sullen 6 are trying to break our spirits and trying to break us up so that they can destroy everything uncontested. They want to rule the world and the universe all for themselves. They're trying to kill us so that they can destroy everything. We can't let them do that.

Laney: That's right! The Sullen 6 are monsters and they need to be destroyed once and for all.

Lana: They have tormented us for the last time and we won't let them get away with it anymore.

Nico: That's right!

Astrotrain: (hesitantly) Um… guys. Blitzwing might need some help on patrol right now and-

Lola: (raises eyebrow) And what?

Astrotrain: (sheepishly) And I think all 13 of you guys are acting like jerks at the moment. Regardless of what the Sullen 6 are doing at the moment.

Lynn: (growls) If you've got something to say Astrotrain, you might as well spit it out!

Me: Lynn quiet! Go ahead Astrotrain.

Astrotrain: Okay. Look, I know what the Sullen Six have done aren't exactly innocent. But acting like them isn't going to help matters.

Marinette: (Lola, Lynn, and Lori are about to protest) Don't even think about protesting about this. You guys are acting irrationally. Astrotrain's merely comparing your attitudes to the situation to what we know about the Sullen 6 right now. And he's right. The Sullen 6 are the type of people who are willing to do whatever it takes to achieve success. Your current actions reflect their own. So Astrotrain's correct. You guys are acting as if you guys are like the Sullen 6.

Me: That's right guys! By doing this you're letting them win. The Sullen 6 are monsters that will do whatever it takes to win. Even bomb the whole planet with nukes to kill all the very people we care about. They are just that ruthless and dangerous and by acting like them you are letting them win and breaking our spirits.

They knew we were right.

Lori: Oh you're right.

Later, Man Ray and The Dirty Bubble were out on a walk and they ran into none other than the one-eyed malignant microbe Sheldon J. Plankton himself.

Man Ray: Plankton.

Plankton: Man Ray. Dirty Bubble.

Dirty Bubble: Out for a walk?

Plankton: Yep. Burns yelled at me and my team earlier.

Man Ray: Sorry to hear that.

Plankton: What about J.D. and the others?

Dirty Bubble: They've got the same problem as your team.

The three of them stood in silence.

Plankton: Look, despite everything that happened, I still think of you two as my friends. So, if you two go back to the estate right now, I can promise you that I'll tell my team this conversation never happened. But if you two stay here for any more than a minute, then I can't make any promises.

Man Ray: We wish you the best of luck, Plankton.

Dirty Bubble: If there's anyone in Burns' group that we want to survive this, it's you.

Plankton: Thanks guys. You are true friends.

Plankton left.

DON'T PUSH YOUR LUCK PLANKTON. YOU WILL DIE A HORRIBLE DEATH FOR YOUR CRIMES.

Back at the Sullen 6 Headquarters, they were forming a plan.

Jock: (to Burns) So what's the plan now, "Fearless Leader"?

Burns: We'll do what I should've planned to do all along. We're gonna go to the world of Shuggazoom City and plunge it into eternal night and kill Team Loud Phoenix Storm once and for all!

Back at the estate we were getting ready.

Dreamcatcher: Well, time to visit Shuggazoom City.

Lincoln: What about me, J.D., and my sisters?

William: (to me and the Loud Kids) You guys are staying here to get more therapy with Dr. Lopez. The last thing we need are your anger issues messing this mission up.

Nico: (smiles apologetically) Sorry, guys. But at least I'll be back to my usual job of leading the team in your absence.

Me: Sorry but no can do guys. We're going.

Lori: Yeah we're coming with you like it or not!

William: No you are not! I'm ordering you all to stay back!

Nico: Quiet William. I'm second in command and I give the orders when J.D. is not around. Now J.D. are you sure you want to go?

Me: Yes we're sure. And William don't ever do that again.

William: Sorry.

Nico: Good.

Arbormon, Duskmon, Grumblemon, Ranamon, Mercurymon, Knightbrace, Control Freak and Condiment King appeared.

Arbormon: Can me, Duskmon, Grumblemon, Ranamon, Mercurymon, Knightbrace, Control Freak and Condiment King go with you guys?

Me: You all sure can.

Grumblemon: And if any of you step out of line I'll back your heads open with my club.

Nico: That's not needed Grumblemon but thank you.

Grumblemon: You're welcome.

Me: Lets get them guys. Activate teleporter.

Lisa Loud: Activating.

We were beamed to Shuggazoom City.

## SHUGGAZOOM CITY

We were in Shuggazoom City.

Nebula: Here we are in Shuggazoom City.

Me: Wow. It's amazing.

Laney: It sure is.

William: It's incredible. It's like we went to the future again.

Nico: It sure feels like it.

Lana: And that giant robot over there looks awesome.

We saw the home base of the Super Robot Monkey Team Hyperforce.

Me: Wow! That robot looks amazing.

Nico: It sure does. Lets go take a look.

We walked up and went into the robot.

We saw that it was also an awesome and amazing starbase.

Nico: Wow! This place is amazing.

Me: It sure is. Wow. It's really high-tech.

Laney: It sure is. Wow.

Lola: Very amazing.

We saw a kid a monkey robot playing chess.

Me: Hey it's Chiro.

Nico: Cool.

We went up to them.

Duskmon: Are you Chiro?

Chiro: Who wants to know? (Sees us) Wow! Team Loud Phoenix Storm! It's such an honor to meet you all.

Me: Same here Chiro and it's great to see you again. We owe you all for helping us in the war with Barodius.

Chiro: Think nothing of it J.D. That monster and his minions are all dead now.

Me: They sure are and the universe can be at peace now that Barodius is Super Hakaied.

Chiro: Indeed.

Antauri: Wow! Team Loud Phoenix Storm. It's such an honor to see you all.

Sparx: It's an honor to have you all here.

Me: Same here and it's a great honor to see you all again.

Antauri: Sorry we haven't been properly introduced. I'm Antauri.

Sparx: I'm Sparx.

Gibson: Name's Gibson.

Otto: I'm Otto.

Nova: Name's Nova.

Jinmay: And I'm Jinmay. It's an honor to meet you all.

Nico: Same here. We owe you all for helping us take down Barodius and his minions.

Chiro: Think nothing of it.

Amorpho: You and Jinmay sound similar to Tara and Beast Boy. (Gwen clears her throat) And Gwen and Kevin.

Chiro: We sure do don't we?

Jinmay: That sure is coincidental.

Tara: Our voices really do sound alike.

Gwen: Yes they do.

Kevin Levin: That's very interesting.

Me: Lets not forget Caleb. He also sounds like you Kevin.

Caleb: It's true.

Kevin Levin: Good point.

Me: That's all very coincidental.

Tara: Imagine that.

Me: We heard all about all your adventures and all the enemies that you faced.

Chiro: I know. You won't believe all the enemies we have. Our most dangerous enemy is The Skeleton King.

Chiro went over the history of their enemies.

---

The Skeleton King.

The **Skeleton King** is the main antagonist of the cartoon series *Super Robot Monkey Team Hyper Force Go!* . He is an undead galactic conqueror who is bent on unsealing the ancient demonic beings known as Dark Ones. He is also the arch-nemesis of Chiro, the protagonist of the show.

There is some evidence that he could be Chiro's father because in one episode, the Skeleton King has a collection of Chiro's toys.

He is voiced by Mark Hamill, who did the voice for the Joker in the *Batman: The Animated Series* and animated films that followed, Undergrowth in *Danny Phantom*, Maximus in the *Fantastic Four* animated series, the Hobgoblin in *Spider-Man: The Animated Series*, Kavaxas in *Tales of the Teenage Mutant Ninja Turtles*, Stickybeard in *Codename: Kids Next Door*, Flint in Disney's *Buzz Lightyear of Star Command*, Niju in *Balto II: Wolf Quest* by Universal Pictures, Solomon Grundy in the DC Animated Universe, Fire Lord Ozai in *Avatar: The Last Airbender*, Trickster in *The Flash*, Dictatious Maximus Galadrigal in *Trollhunters*, ShiverJack in Disney's *Jake and the Never Land Pirates*, Agent Goodman in Disney's *Recess: School's Out*, Popsicles in the 2016 reiteration of *The Powerpuff Girls*, Alvin the Treacherous in the *How to Train Your Dragon* series, and as Luke Skywalker in *Star Wars* .

The Skeleton King used to be a genius scientist called the Alchemist who used his knowledge of both magic and science to benefit Shuggazoom City. One day, he accidentally opened a portal (which was meant to be an interdimensional window of sorts) to an immensely-evil dimension known as the Netherworld and was infected by an evil monster that was one of the Netherworld's denizens known as the Dark Ones. He built the Super Robot Monkeys to protect the world from the evil monsters whose essence would soon transform him into their worst enemy. Once he finished modifying the robots, he submitted himself to the transformation into the Skeleton King.

After his revival in the final episode, the Skeleton King became much more powerful than his previous form.

Goals and Ambitions The Skeleton King wants nothing else than to take over the world and enslave the inhabitants. However, he is merely a servant to far more powerful entities, the Dark Ones, and his goal in Shuggazoom is to release the Dark One Worm, his true master. He completes this in the second season finale only for the worm to be decapitated. The worm regenerates and merges with the Skeleton King's head becoming the Skeleton King Worm. Before he could destroy Planet Earth on his galaxy destroying quest, the

Hyperforce destroy the worm. The Skeleton King would make his final return in the final episode with a large army of the dead for final conquest. The series ended before we saw his final fate. Partners in crime

The Skeleton King has worked with multiple villains in the series, but the most recurring villain that he has worked with is Mandarin, the once member to the monkey team. He has also teamed up with Jinmay but she became a good friend of the monkey team after it. He has another villainous ally, the sorceress named Valina who later was betrayed and killed by him after his resurrection.

## Mandarin

**Mandarin** is the secondary antagonist of the *Super Robot Monkey Team Hyper Force Go!* series.

He was voiced by James Hong, who also voices Professor Chang in *Teen Titans*, the Warlock in *Regular Show*, and Ho Chan in *2012 Teenage Mutant Ninja Turtles* .

### Roles

He was the first monkey built by the Alchemist and the original leader of the Monkey Team until he became evil and betrayed the rest of the Hyperforce then he was imprisoned in the HOOP (Hostile Outlaw Observation Prison) and replaced by Chiro. He tried to become Chiro's mentor, seeing Chiro as a child that should be raised by him. After a battle with the Hyperforce, Mandarin escaped and hid in a cave where the Skeleton King found him and offered power that he could not refuse.

In the episode "Hidden Fortress", it's shown that Mandarin has become some kind of large, muscular Hulk-like brute and was working for the Skeleton King. At the end of the episode "Versus Chiro", Mandarin gets replaced by… another Mandarin.

This Mandarin is commonly believed to be a formless clone of Mandarin, dubbed Skelemandarin. These two characters are fundamentally different, but share a need for vengeance against the monkey team.

During the release of the Dark One Worm, Skelemandarin had his arm severed by Chiro and was thrown into the pit of Doom. He was eaten by The Worm. Miraculously, he survives the entirety of season 3 with no food or water, alone, fighting off terrible creatures the entire time, with one arm. Somehow, he either builds or regrows a replacement for his lost limb in the form of a bony claw.

He is directly responsible for unleashing the Dark Ones on Shuggazoom City and turning his creator into the Skeleton King in the first place, but was too young and notably, not sentient enough to think about the consequences of his actions.

## Fate

He was fired by the Skeleton King and dragged unceremoniously away by two red formless. His current whereabouts are unknown but there's a possibility that he could be in one of Skeleton King's dungeons. According to a recent interview with Ciro Nieli, he's alive. Since the season two episode "Versus Chiro", he has not appeared besides flashbacks. In the final episode of the show, Mandarin's Clone is alive, clawless, but serving at the newly resurrected Skeleton king's Side. Or rather, on his shoulder.

## Personality

Not much is known about Mandarin from the monkey team and most of them seem to not like to talk about him but Antauri will if he *has* to.

Antauri described Mandarin as the smartest, strongest, and the wisest of the robot monkeys, once having a good heart. Mandarin is fascinated by strange, dark, and powerful things, and is led astray by his darker tendencies and selfish needs. The former leader overall has a mysterious, complex, and abnormal personality, being prone to making many promises that he struggles to keep. Even back when he was a young robot monkey and an infant he was unpredictable, authoritative, serious, slightly naughty and maybe even quite rebellious. He has amde deals with other characters, such as Skeleton King, Chiro, and Otto. He seems to have a lack of understanding when it comes to most things, leading to the theory that he barely loved his comrades at all and treated them like soldiers instead of a family. His aggressiveness leads to violence and he has an unhealthy desire for battle in certain episodes.

His growing ambitious side probably overpowered his remaining goodness quite until he became unstable, bitter, murderous, greedy, arrogant, unforgiving, impulsive and hostile. This is revealed when he betrayed the team. He's very dangerous and obsessive because he screams when things don't go his way, cannot control his anger and has a fascination with Chiro. In "Secret of the Sixth Monkey" he has a clear obsession of wanting to rule Shuggazoom. He appears to care about battle and power more than anything else.

In the flashback in "Snowbound" he is presented as foolish, cruel, seemingly with little or no conscience. One of his notable weaknesses is that he is tempted easily and quickly led astray, especially by Skeleton King. He's also not as intelligent as he thinks he is because this is proven in "Secret of the Sixth Monkey", "Hidden Fortress" and "Versus Chiro".

In later episodes he is less of a threat but his clone is very evil and threatening compared to him.

The original Mandarin appears to be greatly unforgiving of the Hyperforce at the time of the betrayal and during the many years after that. Chiro described him as being obsessed with learning, saying- "It's all just learn, learn, learn with him". He is sometimes shown to panic. This is shown in "Versus Chiro" when he speaks quickly and stammers. He often tries to escape from his problems, as seen in "Secret of the Sixth Monkey" when he jumps into his escape pod. Mandarin appears to believe that things will go his way all the time because of his power and intimidation but often things don't go his way and this makes him enraged and shocked.

When he was good he seemed to have been very respected by the Hyperforce, especially Otto and Antauri.

## Valeena

**Valeena**, sometimes spelled as **Valina**, better known as the **Skull Sorceress** and the **Skull Witch**, is a diabolical witch with a lich-like physical appearance fitting her evil nature, who is a loyal disciple of the malevolent Skeleton King and an antagonist from the Super *Robot Monkey Team Hyper Force Go!* .

Valina was once a member of the Skeletal Circle, a secret cult of Shuggazoom citizens who worshiped the Skeleton King. The group's leaders, Ma and Pa Sheenko, were her loving yet somewhat critical parents who chose her to accept the Skeleton King's power. The Skeleton King's influence saw her fit to rule the Savage Lands, which is a large, hidden jungle which lied in a series of caves beneath the surface of Shuggazoom.

When the Monkey Team and Jinmay attempted to rescue Chiro from the Skeleton King's jungle hidden beneath the badlands, Valeena attempted to kidnap Jinmay, and the rescued Chiro and the rest of the Monkey Team chased after her. She then summoned one of the Dark Ones that was fused with the head and essence of the Skeleton King, atop the Dark Ones' forgotten pyramidal temple within the Savage Lands in an attempt to destroy the Monkey Team. When the Dark One was injured by Antauri, she lost her power, and was defeated by Chiro. She was tossed into a vat of formless ooze as the savage lands and the jungle beneath it were destroyed.

Valeena returned only to wind up trapped in a medallion which comes under Mandarin's possession in the same episode. When Mandarin abused her power to create the Monkey Team's worst fears, she trapped him and wanted to use the Skeleton King's skull to resurrect him.

Valeena and Mandarin did, finally, resurrect the Skeleton King at last, but instead of being rewarded by her master, he killed her with a powerful energy blast that reduced her to ashes (though Chiro tried to prevent this).

## The Formless

**The Formless**, also known as the **Formless Minions**, **Skeleton-Men** and **Bone Drones**, are the black-and-white shape-shifting skeletal creatures that are created from some kind of black ooze and act as the foot soldiers of the Skeleton King's army. They also serve as the main antatgonists in the first season of Super Robot Monkeys team Hyperforce Go.

## History

The Formless don't speak or have any expression, are devoid of fear, absolutely loyal to Skeleton King, and never question his orders. Formless, individually, are not very smart.

The Formless Minions are known to ride on motorcycles during their attacks on Shuggazoom for faster mobility, able to transform their hands into various weapons and amass themselves into a gigantic monster to attack The Super Robot.

Other than standard grunt-type Formless there exist various types of Formless that battle the Super Robot Monkey Team. Formless built to be larger and stronger, Glider Formless capable of flight, the Hyperformless, Formless created by Skeleton King given to the original Mandarin with copycat abilities of Hyperforce, Formless ridden by other formless that look like giant slugs, and Beast Formless roaming wild in the zone of wasted years with shape of cat, dinosaur, spider, dragon, Pteranodon, Python etc.

The Formless were created out of the black ooze kept within The Pit Of Ooze. The very corrupt magic of the Dark Ones whose essence also gives power to the Skeleton King. However, this is not always the case: When Chiro regressed to a monkey and rushed to a jungle ruled by Valeena where is located in The Zone of Wasted Years in his attempt to resurrect Antauri there were many Beast Formless (just as vicious and aggressive as Skeleton King's Formless) lived in the jungle that is not from Skeleton King's ooze pit. So long as Citadel of Bone and Skeleton King are intact, Formless under SK's control can be mass-produced infinitely.

It should be noted that although they are nothing more than nuisances to Hyperforce, to ordinary citizens of Suggazoom they pose more than a formidable threat. When defeated, they lose their corporeal form and are reduced to black ooze. Sometimes these oozes come to life and retreat to where they came from when not completely obliterated.

In the final episode of *Super Robot Monkey Team Hyper Force Go!*, new Warrior Formless legion, along with old Formless minions, are created by Skeleton King for a big final decisive battle against the

Hyperforce, but the ultimate showdown never took place due to the show being canceled.

We gasped.

Me: OH MAN!

Nico: I've heard about The Skeleton King. He is a really dangerous monster!

Eli: He's pure evil! Even the Jedi have a lot of problems with him. I have a feeling that the Sullen 6 will have the Formless with them.

Nunnally: How do you know that?

Eli: The Force is telling me that.

Chiro: Who are the Sullen 6?

Me: 6 of our most dangerous enemies that are out to kill us.

I went over the history of the Sullen 6 and told them everything.

They gasped in horror!

Chiro: That's horrible!

Nico: Yeah and I swore to kill them for hurting May here.

May: Yeah!

Me: They lied to Earth and everyone on it and more. They are monsters from the worst parts of Hell.

Sparx: We'll gladly help you all out.

Nova: Yeah! No one hurts the greatest heroes ever to grace the universe and lives to tell about it!

Me: Yeah you said it Nova! But thank you. Also I think Mandarin can be redeemed.

Chiro: What?

Me: I said I think Mandarin can be redeemed?

As soon as I told the Monkey Team that Mandarin can be redeemed, Chiro, Sparx, and Otto started laughing. Chiro even started crying at the same time.

Knightbrace: What's so funny?

Chiro: (wipes tear away) Sorry. It's just that we thought you guys said Mandarin can be redeemed.

Me: Uh I did.

Otto: No way Mandarin can be redeemed. Not after all the crap he's pulled.

Sparx: Now, what were you guys saying again?

Antauri: I think they were being serious.

Me: I think Mandarin CAN be redeemed.

Chiro: No he can't!

Me: Yes he can Chiro.

Eli: The Force told me. I know there's good in him still. He may be consumed by darkness but he just forgotten who he was.

Me: And we managed to help a lot of villains and save them from themselves. William?

William: It's true guys. We of the Redemption Squad are all former villains.

Everyone in the Redemption Squad revealed what happened and all that.

Chiro: Whoa! That's amazing!

Clayface: It's happened when J.D. and everyone saved us from ourselves.

Francis: J.D. is a true friend and a great mentor. He saved me from myself when I was bullying him and he helped me.

Nico: It's true.

Chiro: Wow.

Me: I know it seems like Mandarin can't be redeemed. But everything he did was not his fault. It was the Skeleton King that drove him to do it.

Tempest Shadow: That's right and I know how he feels.

Twilight Sparkle: But we can get through to him. We just have to remind him of who he is.

Eli: And I can do that with the Force.

Nico: That's right.

Me: Just let us give him a chance after we knock some sense into him.

Chiro: All right.

Me: Also some of us are having a bad day because of everything the Sullen 6 are doing to us.

Nova: I know how we can get your minds off those 6 assholes! (gives Jinmay a Baron O'Beefdip toy and Gibson a robot alien toy)

Jinmay: I think I know what your idea is.

Jinmay and Gibson are then putting on a puppet show using Baron O'Beefdip and a robot alien.

Baron O'Beefdip: La la la! Mr. Robot, our moody friends sure could use a good chuckle. Why don't you sing them a song, and lift their spirits?

Gibson: I'm sorry, Jinmay. But puppet shows aren't my thing. (drops the robot)

Jinmay: Ooh, you're not even trying! You pick that up, Mister!

Annoyed, Lynn pulls a cord on Baron O'Beefdip's back. A flame shoots out of the toy's mouth, barbecuing the puppet show alongside with Jinmay and Gibson's heads.

Livewire: Who even gives a toy real flames?!

Eddy: Nice toy!

Me: WHOA! That is lethal!

Edd: That reminds me of one of the toys you have that does that Ed.

Ed: It sure does.

Condiment King: Instead of doing puppet shows, why don't we show you guys the usual battles?

Me: I was just about to suggest that Buddy.

Nico: But still that was funny how Ed's toy does that.

Me: Yeah that is pretty silly.

Lincoln: Glad I don't have toys like that. No offense Ed.

Ed: None taken.

Me: Didn't you do that when you were pissed off Ed?

Ed: Yeah it was not pretty. It felt like my mind was invaded by an anger causing parasite.

Eddy: Shut up Ed.

Me: Lets head outside.

We went outside and Brain Freezer, Whiger, Villamax, Weather Wizard, Molten Man, King Shark, Vulkanus, Whirlwind and Koragg then appeared.

Me: Brain Freezer, Whiger, Villamax, Weather Wizard, Molten Man, King Shark, Vulkanus, Whirlwind and Koragg? There's nine of you this time?

Brain Freezer: No Koragg got word about you guys being in a bad mood so he came with to help you blow off some steam J.D. and have another battle as well.

Me: Oh that makes sense. And me and the Mystic Force Rangers get a great thrill out of the battles with their enemies.

Nick Russell: We sure do.

Aylene: Hey Brainfreezy.

Brain Freezer: Oh Hey babe.

Me: Aww.

Brain Freezer: Have you guys calmed down?

Lori: We literally have.

Lola: We still want to kill Burns and his group though.

Whiger: Don't we all?

Weather Wizard: That's a nice giant robot you got there, Chiro.

Villamax: It almost reminds me of a Megazord.

Chiro: It sure does.

Me: I was just about to point that out. That is so cool!

Tommy Oliver: It sure is.

Me: Yeah. Aylene what do you and Brain Freezer have planned for Valentine's Day?

Aylene: We're gonna go to a movie, then to an awesome restaurant and then go bowling.

Me: Cool!

?: Sounds like you guys have a lot of problems.

A figure came out and it was Hydrax again.

Me: Hydrax.

Z: Nice to see you back for round 2.

Hydrax: Heard you've been feeling stressed out, J/D.

Me: Blame Burns and his group for that.

Hydrax: Maybe this will help. (kisses me on the lips)

My face turned atomic red and steam came shooting out of my shirt. I laughed goofily.

Nico: That always is so cute.

Me: (Blubbers) Wow! I think I have the perfect archenemy for you Hydrax.

Hydrax: You do? Who?

Me: Ino Yamanaka. She would be perfect for you. Her family owns a flower shop and she uses Flower Style techniques and all that.

Hydrax: Cool!

Nico: Good idea. Vypra will have to be notified on that.

Mercurymon: And now for the fun part. MERCURYMON SLIDE EVOLUTION!

He turned into SAKKAKUMON!

Sakkakumon: (Echoing) SAKKAKUMON!

Brain Freezer: (to Bloom) Who even made that Baron O'Beefdip toy anyway?

Bloom: I honestly have no clue. But the company that makes those will probably get their pants sued off.

Aylene: I agree. But Ed told us that when he was really pissed off because he had a rock in his shoe, he showed that his toy has a flamethrower feature.

Rarity; That is absolutely crazy! I would never allow that for a toy.

Sweetie Belle: Me neither. That's nuts.

Thunder Belle: It sure is. Though it would be perfect for me and my brothers. Because well you know.

Mistmane: That's true.

Sable Spirit: That's right. But we'll have to be careful for that.

Twilight Sparkle: They are trying to destroy their friendships.

Princess Celestia: Yeah and we have to make sure that the sullen 6 pay for their crimes.

Alice: That's right. We need to destroy them all.

Me: That was so awesome! Whoo! I feel so much better.

Sarah Gunnerson: That's great!

Koragg: Glad you are J.D.

Nick Russell: That was always fun.

Battle 10: S.P.D. Rangers, Megaforce Rangers, Ino, Stygian,

# Diamond Tiara, Silver Spoon, Toxic Horror, Louie PoisonSea and Lola VS Hydrax - Wood Realm

---

Next was Hydrax in the Wood Realm of Sakkakumon.

Jack Landors: This is gonna be awesome.

Ino: And it will be an honor to face my future archenemy.

Hydrax: I'm always looking forward to all this. Show me what you got Ino.

Ino: With pleasure. Brains and Beauty gets the job done.

Ino and Hydrax went at each other and punched and kicked and clashed violently with each other and they were really fairing well. Ino and Hydrax fired flower blasts at each other and they exploded on contact and they were really going at each other.

Stygian: (British Medieval Accent) Wow! Ino and Hydrax are perfect for each other as archenemies.

Diamond Tiara: J.D. made a great choice for Ino.

Toxic Horror: He sure did.

Louie PoisonSea: Yeah he did.

Silver Spoon: Yep.

Ino and Hydrax were done clashing and they were panting and sweating hard.

Lola: Wow! They really went at each other.

Sky Tate: For about 2 hours. Wow! That's impressive.

Hydrax: It sure was. Whew! I think this fight is done.

Troy: Agreed. Ino did a great job up against you.

Lola: She sure did. Wow! All that training with Asuma, Lady Tsunade and us really paid off.

Ino: It sure did. Thanks guys. This was fun.

Hydrax: Indeed.

* * *

We regrouped.

Me: Well that was fun.

Chiro: It sure was. AWESOME JOB!

Otto: Yeah you guys were great!

Sparx: Yeah you were!

Me: Thanks guys. And Ino, I'm very proud of you. Your training has come a long way. You and Hydrax are perfect for archenemies.

Ino: Thanks J.D.

Me: You're welcome. Lady Tsunade and Asuma would be proud too.

Nico: They sure would.

Spymaster, Madame Masque and Griffin then appeared.

Me: Spymaster, Giuletta Kristina Nefaria A.K.A. Madame Masque and Johnny Horton A.K.A. Griffin.

Spymaster: It looks like you guys could use our help.

Elec Man: Thanks. You guys came at the right time!

Me: You all sure did. Thank you all for showing up.

Masque: We would gladly help our friends.

Control Freak: First, we need to find the Tar Monster and take it out. Which video game villain can I summon for that job?

Nicole: I think I have just the villain. Gorgon the boss of Area 6 in Star Fox.

Control Freak: Great choice!

He summoned said villain.

Fox McCloud: WHOA! You summoned the Gorgon from Area 6.

Control Freak: I sure did.

Me: Lets find the Tar Monster.

We went out to find it.

Splash Woman: There's the Tar Monster. Right over there!

We saw it in an alley.

Me: That sticky abomination is going back into the tar pits where he belongs.

Nico: Time for some action!

Astrotrain: Lets do it!

Wolfgang: Lets do it mates!

Astrotrain, Wolfgang, Springer and Marceline used the Earth, Skylands and Ooo Cyber Planet Keys and they enhanced Springer's wind funnel laser, Wolfgang's Undead Music Powers, Astrotrain's Ionic Disruptor Rifle and Marceline's powers 100-fold.

Astrotrain and Wolfgang: IONIC UNDEAD MUSIC BLAST!

Astrotrain fired an Ionic blast and Wolfgang fired a blast of undead music.

Springer and Marceline: WIND OF THE VAMPIRE!

Springer fired a wave of wind and Marceline fired waves of darkness.

The Gorgon fired a laser blast and the blasts all combined and obliterated it in an instant.

But then at a warehouse we were hiding and we saw a bunch of the Skeleton King's minions The Formless!

Me: The Formless.

But watching the Formless come out was heroes that we're going to meet on February 21st: The CYBORG 00 TEAM!

---

00 Cyborg **Joe Shimamura** (島村ジョー, *Shimamura Jō* ) - **Cyborg 009**, and the main character/leader

He is super-humanly strong, resistant to damage, can leap large distances, and can breathe underwater. His most prominent ability is the power to move at a speed so fast that everything else looks like a statue to him, this is triggered by a switch embedded in his teeth. Shimamura is unable to touch any living creatures, such as humans, when he's in this state, as the high speeds would kill or otherwise seriously maim the creature through air friction. During each of the series, he acts as the field leader and first line attack of the 00 Cyborgs.

Joe is originally from Japan, although he is actually half-Japanese whose unknown father was presumably a soldier in the US Army stationed in Japan after World War II. A delinquent youth who was shunned by his peers because he was a half-breed, he escaped from a juvenile detention facility before being captured by Black Ghost. In the 2001 anime, after his father disappeared and his mother died on the steps at his childbirth, he was an orphan taken in by a Catholic priest from Kanazawa along with their street friends, Mary Onodera (perhaps a tribute to Shotaro Ishinomori, his birth name being Shotaro Onodera), Shin'ichi Ibaraki, and Masaru Oyamada. When he turned 18, his mentor was killed by Black Ghost members after they used a group of children that he raised in the church as guinea pigs for the Cyborg project; Joe was wrongfully blamed, then captured by the priest's killers and made into a cyborg. In the 1960 and 1980 film versions, Joe was a famous racer, nicknamed "Hurricane Joe", who gets into a crash and is recovered by Black Ghost (similar to 004's origin), who then adds several body enhancements during the process of being turned into a cyborg.

**Ivan Whisky** (イワン·ウイスキー, *Iwan Uisukī* ) - **Cyborg 001**

Originally from Russia, Ivan was born with a severe illness which his father Gamo, a famous brain surgeon, tried to cure but went mad trying to do so. Gamo performed numerous brain enhancement processes on Ivan in his attempt to cure him which granted the young child a mental capacity far exceeding that of a normal human. However, the implants were inserted against the wishes of Ivan's mother, Erika (whom, Gamo killed in the manga). Ivan's enhanced brain gives him several psychic powers, including, telepathy, telekinesis, and extrasensory perception. However, he sometimes falls asleep at inopportune times due to still being a baby and his body not being able to handle such powers.

Ivan would later fell into the custody of Black Ghost, who dubbed him the first member of the organization's 00-Cyborg program. He was one of the 00 Cyborgs who were frozen until more advanced technology and procedures were developed. While still a pacifier-sucking infant, he is talented in scientific analysis and can telepathically converse at an adult level. He acts as the 00 Cyborgs central command and emergency psychokinetic defense.

**Jet Link** (ジェット·リンク, *Jetto Rinku* ) - **Cyborg 002**

Unmistakable with his swept-back hair, confident smile and longer-than-real-life nose, Jet has thrusters built into his feet, allowing him to fly at speeds of up to Mach 5. Jet is also equipped with an earlier, less powerful acceleration mode, later refined in 009.

In the 2001 anime continuity, Jet was originally 001, but was replaced by Ivan. Jet comes from New York City in the United States and was the leader of the Jets gang on Manhattan's West Side. (In the manga, his character is introduced in a scene which parodies the opening scenes of the movie *West Side Story* ). He was intercepted by Black Ghost members when he stabbed a Puerto Rican gang member to death, who took him away from the scene to be made into a cyborg later. He has a brash personality which often conflicts with his peers, but he's a loyal, good-hearted member of the team. He provides air support and rescue.

**Françoise Arnoul** (フランソワーズ·アルヌール, *Furansowāzu Arunūru* ) - **Cyborg 003**

She has enhanced vision and hearing, allowing her to see through walls and sense objects an enormous distance away; and is also an excellent pilot, technician, and a machine whiz.

Françoise was originally a ballet dancer from France. Her brother Jean ( **Jean-Paul** in the English dub), a member of the French Air Force returning to Paris on a one-week leave, was to meet Françoise at the train station. However, she was kidnapped by Black Ghost operatives, despite repeated attempts by her brother to save her along the way. In the third anime series, Black Ghost offers a fake professional dancing career so they can kidnap her. She is the only female member of the team, 003 rarely fights though she will when needed and she's often seen either directing the battle under Gilmore's guidance or caring for 001. In the 2001 anime, she was one of the 00 Cyborgs who were frozen until more advanced technology and procedures were developed; she's chronologically in her 50s, being 19 when captured. Her jobs include reconnaissance, advance warning, and caring for 001. She and Joe seem to have a romantic relationship.

**Albert Heinrich** (アルベルト·ハインリヒ, *Aruberuto Hainrihi* ) - **Cyborg 004**

Albert was originally from Germany (specifically, East Berlin). He and his fiancée, Hilda attempted to escape to West Berlin in the guise of circus performers. When Albert forgot to retrieve his forged identification from a guard, he panicked and sped off. The border guards opened fire on the truck, injuring Albert and killing Hilda in the process. Black Ghost agents arrived on the scene and lied to Albert, telling him they'd take him to a hospital.

004 often has a gruff exterior which belies his friendly personality and disgust with war, and he is also a skilled combat tactician. He was the last of the 00 Cyborgs you were then frozen until more advanced technology and procedures were made and is

chronologically the oldest of the group, being already 30 years old when captured. The extent of his injuries also resulted in him receiving the most extensive cyborg modifications: the fingertips on his right hand conceal machine gun barrels, his left hand has razor-sharp edges, and he has missiles hidden in his knees. In the 2001 series, upon waking up as a cyborg, Albert was stricken with despair and developed suicidal tendencies, aggravated by the side effects of his modifications which caused him additional physical pain and strain. This ultimately forced Black Ghost to halt the cyborg program for decades, and put the existing cyborgs in suspended animation until technology developed sufficiently to make future cyborg soldiers more stable. He is most often frontline advance and anti-personnel.

**Geronimo Jr.** (ジェロニモ·ジュニア, *Jeronimo Junia* ) - **Cyborg 005**

Also called "G-Junior" for short, he was originally from an undisclosed part of the southwest United States (either Arizona or New Mexico). G-Junior is a Native American who was unable to find work because of widespread racism. He was approached to be a Native American chief in a sideshow, but G-Junior simply punched the sideshow owner in the face, refusing to further the stereotypes about his culture. Black Ghost agents overheard the conversation and offered G-Junior a job far from home. G-Junior accepted, admitting that he really had no home anymore (In the 2001 series he was a freelance construction worker bribed into accepting a very promising job offer by disguised Black Ghost agents). Geronimo was the first created when Black Ghost resumed its cyborg soldier program. His principal job is line defense and artillery, typically using boulders as missiles against aggressors.

Physically, he is the strongest as well as the biggest of the 00 Cyborgs; he also has heavily armored skin. He is a quiet, reserved man with a deep reverence for nature and life, and it's speculated that he may have a sort of sixth sense that allows him to sense changes in the nature and possibly other people's thoughts.

**Chang Changku** (張々湖, *Chanchanko* ) - **Cyborg 006**

Chang was originally from China. He was an impoverished Chinese farmer who once owned a pig farm; almost all of his pigs ran away and he was starving and suffering under heavy taxes. Hopeless, Chang decided to end his misery by hanging himself, but was "saved" by a bullet from Black Ghost which cut the noose. Chang fainted and was later delivered to the Black Ghost laboratory (In the 2001 series, he owned a restaurant, thus explaining why he's such a good cook, but accidentally burned it down after doing a fire-breathing trick, which resulted in him losing everything. Black Ghost agents then abducted him after he fainted from the shock). He's a jovial fellow who is well-versed in the ways of cooking; his refined cuisine and happy personality always manage to bring his teammates back to good spirits. His role, aside from food preparation, is anti-personnel and line advance.

Chang's power allows him to breathe huge flames which he uses to create tunnels in the earth and attack enemies with underground explosions.

**Sir Great Britain** (グレート·ブリテン, *Gurēto Buriten* ) - **Cyborg 007**

007 has the incredible ability to reshape his cellular structure at will, allowing him to take the form of any object, creature, or person he wishes. With his superb acting skills, he can also blend in with the enemy to use sneaky maneuvers and attacks. His powers make 007 a master of infiltration/espionage; by morphing into a dangerous animal or gigantic form he can also be very useful in field combat.

Great Britain, whose real name is unknown, was originally from the United Kingdom. He was once a famous and talented stage actor with a broad knowledge of famous shows but a weakness for Alcohol caused his downfall. In the 2001 TV series, Great Britain was in love with an actress named Sophie, who worked with him. Later he became more famous and gradually ignored his past love. One financial problem after another arose, and the once great thespian was reduced over time to a penniless nobody who would do anything for a drink or a smoke. Black Ghost agents, noticing his plight, easily lured Great Britain into their vehicle with an alcoholic beverage. Later when he escapes with the other cyborgs he returns to the United Kingdom and finds out that his ex-girlfriend had a daughter, Rosa. With the possibility that she might be his child, Great Britain tries to talk to her but is unfortunately rejected and scorned for his past actions (Rosa believed him to have betrayed Sophie), to be redeemed only in the end when he replaces a main actor in Rosa's theatrical play and manages to befriend her. Great Britain is very lighthearted and is a very amiable guy to boot. Giving credence to his personality as a comic relief, there is a running gag where Great Britain often takes the form of a precocious, almost super deformed, spoiled child fearing for his own life.

In the 1960s anime versions, he is a child rather than an adult, in an attempt by the producers to appeal to a younger audience. Though Ishinomori initially disapproved of this, he later temporarily mirrored it in the manga version by having Gilmore alter 007's body to make the child form his standard form in a one-shot titled "The Man in the High Castle" (though this change was quickly discarded soon after).

**Pyunma** (ピュンマ) - **Cyborg 008**

Pyunma, the only member of the team with real combat training, has mechanical lungs that allow him to survive for very long periods of time underwater.

Pyunma was originally from an undisclosed part of Africa (eventually revealed to be Kenya in 1992). Originally, Pyunma was to have been made a slave along with the people of his tribe, but he escaped from his chains and ran off. Cornered by the slave drivers, all seemed lost until the slave drivers were shot dead by Black Ghost agents from out of nowhere. Holding Pyunma at gunpoint, they led him to their plane so he could be taken to the cybernetics laboratory. In the 2001 series, Pyunma was a guerilla fighter who fought against the tyrant ruling his land along with his friends Kabore and Mamado, but was caught in the crossfire during a nocturnal fight, and then Black Ghost people kidnapped him. Pyunma is a serious fighter and decision-maker when the situation demands it. His talents include guerrilla-style land maneuvers plus undersea recon and demolition. Near the end of the 2001 series, he is given an unwanted rebuild that leaves him with a silver-scaled fishlike body; he is initially horrified by it, but after a talk with 004 he accepts it and even gives his new parts an effective and ingenious use in a fight. In the original 1960s and 1970's incarnations, Pyuma's body design was inspired in the darky iconography of older American cartoons. This is in contrast to the seriousness of the character's no-nonsense, battle-trained personality. In the 80s movie *Chou Ginga Densetsu*, Pyunma was redesigned as less caricatured and more naturalistic; this same revamped design was updated for the 2001 series.

Cyborg 002: (sees the Formless Minions) What are those? They don't look like they're part of Black Ghost.

Cyborg 001: They're the Skeleton King's minions. And it's up to us to keep them from attacking Team Loud Phoenix Storm!

Joe: Lets go!

Just as one of the Formless was about to sneak up on us, Joe blasted it with his laser blaster and blew it apart. I didn't see where the blast came from.

The Cyborg 00 Team jumped down and kicked and punched some of the Formless and they blasted and smashed and pulverized them all over the place and blew them apart.

Cyborg 009: And that's the end of that.

They then see Manaphy walking towards them.

Cyborg 003: (to Manaphy) Hey there, Manaphy. Can you please keep our involvement in this battle a secret from J.D. and the others until the time is right?

Manaphy: I promise.

Cyborg 004: Thank you. See ya round.

They left.

We saw that the Formless were gone.

Me: Whoa.

Nico: HEY! Where's most of us!

Luna: Oh no! The Formless got them!

Me: Come on!

Most of the Loud Kids, Grumblemon, Man Ray, and Dirty Bubble were being held as prisoners by several Formless, as well as Iron Maniac and Plankton.

Plankton (To Man Ray and Dirty Bubble): Look, guys. Because I still think of you two as friends, I'm offering you two a choice. Ditch Team Loud Phoenix Storm and join me and my team.

Man Ray: Sorry, Plankton. But you've already chosen your side. And we've chosen ours.

Plankton: (solemnly) Fine. But for old times sake, I'll make your deaths quick and painless.

That's when Burns walked up to them.

Burns: Prisoners? You're keeping prisoners?

Iron Maniac: Well, duh.

Burns: You need to teach them about respect. This was all business, but now it's personal. Do you understand me?

Iron Maniac: (laughs) I get it. No prisoners, only trophies. (grabs Lincoln) Starting with you!

Grumblemon: Hey, let him go! (a Formless punches him back)

Iron Maniac just laughed as he took Lincoln away from the others, dragged him to the middle of the area and placed him on his knees

Iron Maniac: (laughs and aims repulsor at Lincoln) Turn around, loser.

Lincoln: (smiles sadly at his sisters) Sorry, guys. We had a hell of a ronudup.

But then Luna and Lily blasted the Formless and kicked Jock in the face!

Lily: You leave our bro alone you heartless fuckers!

POW!

I kicked Jock in his face.

Me: You fuckups have messed with us for the last time! Prepare to die!

They retreated. But I formed a force field lined with Ecto-ranium energy and prevented them from escaping.

Me: You guys aren't going anywhere! We finish this now!

Gantu: Let them go for now. We still need to find where the rest of them and Mandarin is. (whispers to me) Plus, Manaphy placed a tracker on Jock while he wasn't looking.

I saw that Gantu was right and that the tracker was on the back of Jock's helmet.

Me: (In my head) (Smirks) Clever.

Later we waited.

Mercurymon: So, has the tracker pinpointed Mandarin's location?

Gantu: It sure has. It's at a distant alien dark planet called Neormitas.

Chiro: I know where that is.

Me: It's time we end this for good!

William: (to me and the Loud Kids) Before we go after those assholes, I want to apologize for earlier. No hard feelings?

Me: No hard feelings William.

Lori: All literally water under the bridge.

Everyone agreed.

Me: Awesome.

Vypra and ALL the Masters of Evil appeared.

Vypra: Let us help you all.

Dark Spicer: I can't wait to kick those fuckers asses.

Me: Awesome. Now lets go tear those motherfucking sons of bitches apart and rid the entire universe of them for good!

Nico: Yeah!

Everyone: YEAH!

We went to planet Neormitas.

---

We were on the Dark Planet, Neormitas and it was located 29 light years from Earth.

We arrived at a dark cliff and we saw MANDARIN!

Me: Mandarin!

Mandarin: So the famous Team Loud Phoenix Storm has made it.

Chiro: Get down here, Mandarin!

Mandarin: (jumps down) So, even after all that's been going on lately, you still think you can save me?

Chiro: I trust J.D. completely on this. But when this is over, you and I are going to have a talk.

Mandarin: (laughs) When this is over, you and your friends will all be dead!

Sparx: (to Air Man) Still think Mandarin can be redeemed?

Air Man: Yes. Yes, we do.

Me: Absolutely. Mandarin you are still a good monkey robot and there is still good inside you. You can still be a good person and give up this ridiculous crusade of powerlust and madness. It's never too late for you to redeem yourself and do the right thing.

Mandarin: NO! I will…

Me: YOU CAN DO IT MANDARIN!

I grabbed him.

Me: Mandarin don't you remember all the fun you had with Sparx and your friends? Don't you remember all the fun times you and your friends saved the universe from the forces of the Skeleton King and the good deeds you did to save everyone? Remember all those times and you can be saved?

He remembered and he did it all through the goodness in his heart.

Mandarin: I remember. I remember helping all those people and loving how I felt good.

Me: Awesome.

Then the Sullen 6 came out.

Me: You fuckers are gonna pay for everything you've done to us!

Cole Evans: And we'll make sure it's REALLY painful. Lets do it!

Wild Force Rangers: WILD ACCESS!

The Wild Force Rangers transformed.

Cole: **"Blazing Lion!"**

Taylor: **"Soaring Eagle!"**

Max: **"Surging Shark!"**

Danny: **"Iron Bison!"**

Alyssa: **"Noble Tiger!"**

Merrick: **"Howling Wolf!"**

Cole: **"Guardians of The Earth, United We Roar! Power Rangers… !"**

All: **"… Wild Force!"**

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind them.

Me: Before we fight, I want to know why you are doing all this?

Burns: Why? We'll tell you Why!

They ranted for 95 minutes and telling us that they ruined everything they planned for taking over the world and all that and that everything was going perfectly until we interfered and ruined their lives. They vowed that if they ever got out of prison that they would find a way to turn the whole world against us and make sure everyone suffered for viewing us as heroes. But as they ranted on, Luan was broadcasting the whole conversation to Earth with a hidden microphone behind her back. They told us they they are the ones that paid Wertz to falsify that fake disbandment order, they also were the ones that hired the Barakki and the Piraka to come and kill us and that they were also the ones that made Nico and May suffer by capturing May and trying to get information out of me and they also revealed that they were gonna destroy the Earth after everything we did to them. They decided that if they couldn't have Earth then no one would and the human race would be no more than just a worthless faded memory and a worthless stain from the universe erased from existence forever. Now everyone on Earth knows their true colors.

Me: YOU HEARTLESS MOTHERFUCKING FUCKPOTS!

Luan: (Smirks) Thank you.

She pulled out a microphone and the Sullen 6 gasped.

Iron Maniac: What have you all done!?

Luan: The whole world knows your true colors now! You guys are finished!

Troy: We've got your back, Chiro!

Megaforce Rangers: Legendary Ranger Mode: Lightmask Squad!

The Megaforce Rangers turned into the Maskman Rangers from 1988.

Gia: Lets get them!

Ranamon: (to Iron Maniac) Sugar, I hope you and your friends are ready for a world of pain!

Me: We're gonna make your world of pain a universe of pain!

Nico: You tried to ruin our lives one too many times and it ends now!

Vince: That's right!

Me: Sullen 6, In the name of Team Loud Phoenix Storm…

Dark Spicer: Here's your warning…

Eli: IT'S BUTTKICKING TIME!

Me: CHARGE!

We went at them and I fired an energy blast and it hit Mandarin and separated his good from his evil and it formed EVIL MANDARIN!

---

Battle 1: Cole Evans, Roxy Rocket, Ruby Rose, Dante Vale, Chiro, Jinmay and Danny Phantom VS Vlad Plasmius

---

Vlad Plasmius was first.

Vlad Plasmius: I'm going to enjoy all this!

Danny: I'm Going GHOST!

Danny turned into Danny Phantom!

He fired energy blasts and they dodged the blasts and Danny fired a ghostly sonic wail and his friends fired energy weapons and they hit Plasmius all over and exploded. Cole fired his Lion Blaster and the blasts hit Plasmius all over the place and exploded. Wrenges and Jinmay and Chiro blasted and smashed Vlad all over and Ruby Rose and Dante Vale slashed and blasted him all over. Jinman and Chiro fired blasts of energy and kicked and pulverized Vlad all over.

Cole: LION BLASTER! CANNON MODE!

He fired a massive Cannon blast and the blast hit Vlad and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Danny: You are through Plasmius!

Jack Fenton: I DON'T KNOW WHAT I EVER SAW IN YOU AS A FRIEND YOU JERK!

Danny, Sam, Tucker, Dani, Jazz, Jack, Maddie, Valerie, Star, Sidney Poindexter, Johnny 13, Kitty, Skulker and the Ghosts of the Ghost Zone: GHOST ZONE ULTRA BLAST!

They fired a massive blast of energy and the blasts all hit Vlad and exploded with incredible power!

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Plasmius grabbed Danny by the throat and started to tighten his grip on it.

Plasmius: Do you have any last words, Daniel?

But suddenly, Roxy Rocket grabbed Plasmius, threw him off Danny, and used an Ecto-Ranium dagger to slice his head clean off.

Danny: You are finished Plasmius!

Vlad Plasmius melted into ectoplasmic goo dead and Vlad Masters fell to the ground unconscious and he had part of his black hair back after so long!

Danny: You are going back to jail Vlad Masters!

Danny tied him up.

---

Battle 2: Taylor Earhart, Spymaster, Yang, Sophie Casterwill, Antauri, and SpongeBob VS Plankton

---

Plankton was next.

Sophie Casterwill: (British Accent) We're gonna make sure you never get your filthy hands on the Krabby Patty Secret Formula!

Yang: After everything you did you don't deserve it!

Taylor: That's right! You're finished Plankton!

SpongeBob: I don't know what Mr. Krabs ever saw in you as a friend Plankton but it stops now!

Antauri: But it's time for you to go!

Chaor: Big time!

They fired laser and energy blasts and blasted Plankton all over.

Plankton had a huge robot ready.

Taylor: EAGLE BLADE DANCE FEATHER STORM!

Taylor pulled out her Crystal Saber and fired blades of yellow energy and they slashed Plankton's robot all over the place. Antauri slashed and smashed Plankton all over with his ghost claws.

SpongeBob, Patrick, Sandy, Mr. Krabs, Princess Mindy, Mrs. Puff, Pearl, Squidward, Squilliam, Neptune Crusaders, Karen and all of Bikini Bottom: BIKINI BOTTOM PRIDE MEGABLAST!

They fired a massive energy blast and it hit Plankton and exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Plankton, in his robot, was pummeling Spongebob.

Plankton: Die, you stupid Sponge! Die!

But SpongeBob was immune to the blows and Plankton fired a beam of energy from his robot's chest that knocked Spongebob to the ground.

Plankton: Once I'm done with you, that stupid squirrel is gonna be next!

Plankton was about to finish Spongebob off when his robot stopped.

Plankton: What the?

Plankton got out of his robot to see that Spymaster had ripped out some wires.

Spymaster: (smirks) Oops. Did I do that?

Spongebob got up and saw that Evil Mandarin was about to attack Laney. Thinking quickly, Spongebob grabbed Plankton.

SpongeBob: You will not bring my family into this Plankton! Mr. Krabs will BE GLAD YOU'RE DEAD!

He threw Plankton towards Evil Mandarin's direction. Evil Mandarin slashed at Laney but Plankton got in the way of the attack. As a result, Evil Mandarin's attack ended up killing Plankton easily.

Laney: Take that you one eyed monster!

SpongeBob: YEAH!

---

Battle 3: Max Cooper, Wiggum, Girl Jordan, Blake Belladonna, Zhalia Moon, Sparx, Nico, Homer, Mona, Mindy Simmons, Bart, Lisa and Maggie VS Mr. Burns

---

Mr. Burns was next and it was time for an overdue date with death!

Zhalia Moon: You've cheated death for far too long Burns!

Homer: I will kill you for everything you've done!

Blake Belladonna: You make me sick Burns! You've tormented all of Springfield and you are one of the reasons why it was destroyed.

Max Cooper: That's right!

Wiggum: We'll give you two choices. One: You can come to prison quietly or 2: We can kill you and leave you here to die.

Nico: Please be number 2.

Burns: How about no choice!?

They went at him and pulverized and blasted him all over the place and really kicked him all over. Sparx used his magnet hands and smashed him with metal and more.

Girl Jordan: THIS IS FOR TURNING MY FATHER INTO A FUCKING FREAK OF NATURE!

Girl Jordan blasted him all over the place with water.

Homer: THIS IS FOR RUINING SPRINGFIELD FOR FAR TOO LONG!

Homer blasted him all over with incredible donuts.

Bart: This is for NOT PAYING ME WHEN I SUED YOU IN MY

LAWSUIT! (Season 2 Episode 10)

He shoved Mr. Burns in Bart's butt and Bart farted in his face and poisoned Burns.

Nivenna blasted Burns all over the place.

Max Cooper: BLUE SHARK JAW CRUNCH!

Max had his Crystal Saber fire a blue energy blast and it formed into a shark and it chomped on Burns and he screamed in pain.

Homer, Bart, Lisa, Sideshow Bob, Cantwell, Springfield Scumbags, Moe Szyslak, Lou, Eddie, Mrs. Krabappel, Ms. Hoover, Ned Flanders, the kids of Springfield and Mr. Smithers: SPRINGFIELD JUSTICE MEGABLAST!

They all fired a massive blast of energy and the blast hit Burns and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Homer: WHY YOU LITTLE!? (STRANGLES BURNS) I'LL TEACH YOU TO NOT PAY ME AND NOT GIVE ME MY MONEY!

Homer strangled Mr. Burns all over the place like in a dream he had. (Season 2 Episode 22)

Homer got all of Burn's money out of his pocket's as well as lots of gold and jewels and more. Homer then smashed him into the ground.

As the nearby generator to the darkness machine activated, Burns smirked at Nico, Homer, and Wiggum.

Burns: (to Nico) I just helped bring an entire city to its knees. You think you're a hero, huh? YOU THINK YOU'RE A HERO?!

Burns was obviously insulting everything he has ever done, the risks he's taken, the mistakes he's corrected, the lessons he had learned regarding responsibility and power, and all the obstacles that he'd faced since the day he had joined Team Loud Phoenix Storm. He might not be the leader like me was but Nico still managed to accomplish many great things with the help of my friends. Nico may not have been there since the beginning, but he never ignored the call to arms in exchange for a normal life. Nico matured from those days when he first fought the Digimon Emperor. He did not refuse to come when he was needed. This was his duty to his planet, my race, and his friends whose lives were on the line and he would do everything in his power to help them.

But Burns would never understand something like that. He was trying to destroy everything just so that he could have power in the aftermath. He ruled over Springfield with an iron fist for God knows how long, turned Nico unwillingly into a spy against his friends, held his wife hostage, ordered Jock to attempt an execution of Lincoln, formed the Sullen 6 all just to hurt Nico and his friends, and simply was the worst monster in a suit that he and us had ever seen. He neither wanted nor deserved forgiveness for what he'd done.

And so, Nico and Salem took turns answering Burns.

Nico: I might be a hero.

That's when Salem took over.

Salem: But I'm not!

Salem grabs Mr. Burns by his neck.

Salem: You are just a worthless and greedy motherfucking bastard that doesn't give a flying fuck about anyone but himself! Nico *is* a hero and I am not! But YOU WILL NEVER BE WORTH ANYTHING!

With a shout, Salem swung Nico's fist into the older man. The impact knocked Mr. Burns right into the generator he'd previously reactivated. As the electricity surged throughout the man's body, he regained control of my body. Nico, Homer, and Wiggum watched as Burns was fried in a rather uncomfortable manner. Wiggum and Homer looked away. But Nico couldn't look away as the man he had promised to kill was being electrocuted to death and then he disintegrated into ashes in an instant as if time had finally caught up with him after so long.

Mr. Burns was dead in an instant and the generator was destroyed.

Homer: GO BACK TO HELL YOU MOTHERFUCKING BASTARD!

Bart Simpson mooned Burns's ashes.

---

Battle 4: Danny Delgado, Griffin, Emerald Sustrai, Gibson, Lok Lambert and Jimmy Neutron VS King Goobot V

---

King Goobot V was next.

Lok: Your race deserved to be destroyed because of how big a danger they were to the universe!

Emerald: That's right and they brought all that on themselves!

Danny: And they paid for it!

Jimmy: Now you will meet their fate too!

Griffin: YEAH!

They went at him and punched and pulverized him all over the place and blasted him with all kinds of lasers and energy blasts. Ninren blasted him all over the place and more. Gibson smashed Goobot all over the place with his Driller Hands.

Danny: It's time for you to feel the power of the Bison! BLACK BISON BLAST!

Danny fired a blast of energy form his Crystal Saber and it formed into a black bison and it smashed into Goobot.

Jimmy Neutron, Cindy, Carl, Sheen, Libby and the kids of Retroville: RETROVILLE VENGEANCE STRIKE!

They fired a massive blast of energy and it hit Goobot and exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Griffin just ripped Goobot out of his suit.

Griffin: You die!

Griffin then tore Goobot's body to shreds.

Jimmy Neutron: That was for trying to sacrifice our parents!

Cindy: Now we can do the one thing we love doing the most to villains like you.

They cooked him for lunch and ate him.

Danny: Villains always taste good when eaten.

They laughed.

Jimmy Neutron: (Laughs) That is right.

---

Battle 5: Merrick, Touch and Go, Arkayna, Weiss Schnee, Nova, Tyler Bowman and Edd VS Jock Jockerson.

---

Jock Jockerson was next.

Merrick: All you are is nothing but a big bully Jock!

Edd: This time you will die!

Amy Anderson: A most horrible death!

Arkayna: And suffer for it!

They went at him and they slashed and blasted Jock all over the place and really messed him up. Dhilas smashed and blasted him all over. She smashed him all over with her fists.

Merrick: WOLF PACK ROAR!

Merrick used the power of the Wolf Crystal and fired an energy blast and it formed into a deadly wolf pack.

Tyler, Shope, Kevin, Roach and Amy: SUPERDUDE MEGASTRIKE BLAST!

They fired a massive blast of energy and it hit Jockand exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

But he got back up and knocked down Tyler and Edd.

Jock, in his Iron Maniac suit, stood over a defeated Tyler and Iron Boy, about to kill them with his repulsors.

Iron Maniac: (laughs insanely) End of the line, morons! Iron Maniac: Superior! Team Loud Phoenix Storm: Inferior!

But then, Touch and Go managed to get the jump on Iron Maniac.

Mr. Touch: (restrains Iron Maniac's arms) It's time for you to get a new tune, Jockerson.

Iron Maniac: Oh yeah? What's that?

Mr. Go: Silence is golden!

Mr. Go then grabbed Jock's head and ripped it off his body.

He was dead in an instant.

Mr. Touch: Tell Mr. Wertz hello for us in Hell.

---

Battle 6: Alyssa Enrilé, Madame Masque, Dew Gayl, Zarya Moonwolf, Otto, Timmy Turner & his fairies and Me VS Crocker

---

Crocker was last.

Me: It's over for you Crocker! You're finished!

I unsheathed my Sword of Harmony.

Alyssa: You will never terrorize our planet ever again!

Me: This is our universe and you are not welcome in it!

We went at him and smashed and slashed him all over the place with indiscriminate fury. Accato blasted him all over and more. He slashed Crocker all over with his saw hands.

Alyssa: TIGER PROWL STRIKE!

Alyssa fired a pink blast of energy from her Crystal Saber and it hit Crocker and exploded all over.

Me: You became a fucked up lunatic to the core and you deserve nothing more than burning in hell!

Timmy: YEAH! You will never torture fairies ever again!

Timmy, Chloe, Cosmo, Wanda, Poof, Anti-Wanda, Jorgen, All the Fairies of Fairy World, Trixie Tang, and Timmy's Friends: FAIRY WORLD ALLIANCE ULTRA BLAST!

They fired a huge blast of magic and it hit Crocker and exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

But then he punched Timmy and Madame Masque and knocked them down.

Crocker was standing over the defeated Timmy and Madame Masque.

Crocker: Finally, Turner. I've defeated you and your (Spazes) FAIRIES!

But now was not the time to celebrate. Crocker saw that all of the other Sullen 6 members were killed. That meant he was the only one left.

Then there was Mandarin a tool which was slowly losing its usefulness. He was no fool he could tell that Mandarin was starting to get attached to giving him orders. Soon he would be nothing and that foolish monkey would rule.

Well, not on his watch.

Crocker: Time to show him that I'm still in charge.

With that, Crocker walked over to where Mandarin was.

Evil Mandarin: Goodbye, Chiro. And good riddance!

But as Evil Mandarin was about to kill Chiro, he suddenly cried out in pain as something struck him in the back. As he moved, he revealed his attacker: Crocker, armed with his Wandzooka.

Crocker: This. Is. My. World! (punches Evil Mandarin) If you think I would let you rule over Shuggazoom City and finish off Team Loud Phoenix Storm, then you were sorely mistaken!

I kicked Crocker in the face.

Me: You have no honor Crockfuck and that shows how fucked up in the head you are!

I looked at my device and it showed that his brain was at 99,995% Insanity and when it hits 100,000% his brain will explode and blow his head clear off his shoulders!

Crocker: I wonder what it would be like, for one of us to be without the other?

Me: Time to find out.

Crocker opened fire on me. His Wandzooka missed the first and second time, and he would've fired again if I had not thrown the Sword of Harmony at his chest. Using both his arms, I grabbed the Sword while going around Crocker and slashing open his chest, exposing his black heart. Crocker managed to regain his balance and used his Wandzooka, firing a shot at my feet.

But I dodged it and fired an energy blast straight at Crocker's chest.

It went around and hit his back and blasted a hole in his back. Then I stabbed Crocker in the back with my sword and skewered him all the way through his black heart.

99,999… 100,000%!

His brain read 100,000% Insanity and then his head exploded!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

His blood and brain guts splattered all over the place in big mess. He was dead instantly.

Me: Hell is too good for you Crockerfucker!

Chiro: And you will never torment Mandarin again!

Cole Evans: Lets do it!

They formed the Jungle Sword.

Cole Evans: JUNGLE SWORD! SAVAGE SLASH!

They slashed Evil Mandarin!

Chiro and his friends: MONKEY FORCE MEGABLAST!

They fired a rainbow blast and it went at Evil Mandarin

I fired a blast of energy and the blasts hit Evil Mandarin and obliterated him in an instant.

Mandarin came up to us.

Mandarin: It's funny. We both had a duty to protect Shuggazoom City. The only difference was that I was the one who really stepped up.

Chiro: No. It was never about Shuggazoom City. It was always about you. Whatever nobility you may have had once, or think you've had, was long gone when you joined up with Skeleton King.

Mandarin: Say what you want, Chiro. But you have to admit. The two of us are very much alike.

Chiro: We are nothing alike.

Mandarin: I wanted to control Shuggazoom City because I thought I was right. You fight me because you believe you are right.

Chiro: You know what? I'm really tired of your schemes.

Mandarin: And I… I… (slumps to the ground) am tired of fighting.

Otto: Say what?

Mandarin: I sue for peace, Monkey Team. I will cease all contact with Skeleton King. It is over. All this - (gestures around them) is over. Even endless fighting must end sometime. There are fights more greater then the one we had today. And I will devote my existence not to attacking you or your friends but to protecting the universe once again. I have spent far too long destroying, and it has brought me nothing. Nothing. So I wish to try fighting for good and see if that brings me.. something.

Chiro: And I'm supposed to believe your words? I'm supposed to accept this call for redemption from you? After all the lies and deceits? After all the attempts to lay waste to an entire city?

Mandarin: Honestly, Chiro, it does not matter to me what you believe. You still have a lot of fight in you, even though you should be exhausted by now. You can feel free to annihilate me. I no longer care what you do. All I ask is that whatever decision you make, make it quickly.

Me: He's telling the truth Chiro. These are words from his heart. He wants to redeem himself and he wants to show you how much he wants to prove it. Give him a chance to prove it.

Chiro: Oh all right.

Molten Man: Looks like we've seen the last of the Sullen 6.

King Shark: And we managed to help redeem one of the Monkey Team's enemies.

Vulkanus: Don't forget about the Tar Monster. He's dead as well.

Chiro: (to Mandarin) Don't ever make me regret giving you this chance.

Whirlwind: Relax, Chiro. I guarantee that he'll stay good this time.

Me: That's right. But lets go home and celebrate and give everyone the good news.

Luan: That's right. Now everyone knows that they have been duped.

Lincoln: They sure do.

But then the evil spirits of the Sullen 6 all appeared.

Me: You six will never be welcome in our universe! (Holds hand out to them) HAKAI!

They screamed as they glowed purple and were completely obliterated in an instant and they were erased from existence forever.

Plankton: (Fading) I WENT TO COLLEGE! (GONE)

Crocker: (Fading) CURSE YOU TO HELL MOTHER! (GONE)

Burns: (Fading) I HATE YOU ALL SO MUCH! (GONE)

They were gone and dead. Vlad Masters was taken back to prison where he will die. He was put in the Neptune Prison for all eternity and this time he will not be released and he earned a special cell in Solitary Confinement. He will never get his ghost powers back as his cell is now lined with Ecto-Ranium and made him completely ghost free. But either way, Vlad Plasmius has been silenced forever and he will never steal another dollar or cent or cheat his way into anything again.

Me: We've now officially seen the last of the Sullen 6. Lets head home and tell everyone on Earth the great news.

Nico: Good idea.

We went back home and the influence of the Sullen 6 and the Digimon Emperor faded from memory forever. Dark Spicer found the Skeleton King's ship and fired a Superlaser blast at it and it destroyed it in a massive fiery explosion and blew it to smithereens and killed the Skeleton King and his minions forever and banished his minions to the Warp and sealed the Skeleton King into the Book of Vile Darkness. As everything was getting back to normal, people all over the world have been sending their apologies to us and gave us lots of fruit baskets full of fruit and cookies. Everyone was so completely blind to the Sullen 6's lies and deceit.

Chiro: (To the viewers) This was an epic chapter! I hope you all loved it as much as we have.

Me: We all sure did. But now we can put this awful part of our adventures behind us.

Nico: Yep.

Lincoln: Good riddance.

We had our names cleared and we had our reputation restored.

THE END

---

Another awesome chapter down.

Super Monkey Robot Team Hyperforce Go was a great show! It was awesome and it was an absolute darn shame that they cancelled it before the battles with the Skeleton King could be decided and it left the show in a huge cliffhanger! WHAT A RIP! NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys. Get ready to laugh your socks off as we do a bunch of silly and crazy forms of shenanigans as Samson gets a jellyfish on his head that will fry his brain and make him go COMPLETELY CRAZY!

See you all tomorrow.

# Crazy Shenanigans of Samson

In Nico's room he was working at his desk on his computer. He was putting together an awesome and really funny cartoon. He was making a funny cartoon based on us and it was like the Angry Dad Cartoon.

He put the animation to the test and it was Angry Lola.

Angry Lola: Oh what a day in pageants. Lets see what's going on in the paper.

She looked at the paper and it said "YOU SUCK ANGRY LOLA!"

WAH WAH!

Angry Lola: (ENRAGED) THAT'S OPINION! NOT NEWS!

She roared and her head inflated and her eyes exploded out of her head.

Nico: (LAUGHS) That was great!

Venom: Nico, are you working on a cartoon?

Nico: I sure am. It's based on Angry Dad and I based in on all of us. It's called Angry TLPS.

Venom: Ooh! We got to see it when you're finished.

Nico: You guys will be in for a huge laugh.

Nico just finished it later and it was gonna be really funny.

Black Canary: Nico, you know J.D. and the others are gonna kill you for this, right?

Nico: I don't think they will. If they can laugh at Homer's laughingstock cartoon they can laugh at this.

Black Canary: Okay then.

Nico showed us the funny cartoon and we were laughing hysterically.

Lola: Wait a minute. Angry TLPS is us!

Ransack: (laughs) Check it out. You guys have been famous for an hour now!

Me: (LAUGHS) This is so funny! It's Just like Angry Dad!

Nico: You think this is funny?

Me: ABSOLUTELY! (LAUGHING HYSTERICALLY)

The next clip showed me at a space station.

Angry Me: This is an easy job. Now to press this button.

He pressed a big red button and then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The entire planet blew up!

WAH WAH!

Angry Me: (ENRAGED) NOT AGAIN! (HEAD EXPLODES)

WAH WAH!

I laughed hysterically!

Me: OH THAT IS FUNNY!

Wheelie: Nico packed a pistol for self defense in case you guys got pissed at him for this.

Me: I had a feeling he would. But man Nico this is really good! Almost Golden Globe worthy.

Nico: Thanks guys. I'm glad you liked it all.

Vypra and the Masters of Evil came.

Vypra: We saw your funny cartoon you made Nico. This is really funny!

Dark Spicer: Yeah it was hilarious!

Me: Nico based it off the Angry Dad cartoon that Bart made and based it on us.

Lola: It was really funny!

We were laughing hysterically.

Lincoln: (Laughs) That is so funny!

Then the phone rang.

Bright Man: I'll get it. (Answers) Hello? Team Loud Phoenix Storm Estate, Bright Man speaking.

Lazlo was on the phone.

Lazlo: Bright Man! It's Lazlo!

Bright Man: Hey, Lazlo. What's up?

Lazlo: We need your help guys! Samson has gone crazy!

Bright Man: Crazy!? How?

Lazlo: Edward dared Samson to take a risk with a deadly jellyfish that washed up on shore from Leaky Lake and he touched it and got electrocuted and then it latched onto his head and made him crazy!

Bright Man: Oh man! We're on our way! (Hangs up)

Me: What's wrong?

Bright Man told us everything.

We gasped.

Me: We better get over there and fast!

Villamax, Vulkanus, Whirlwind, Molten Man, King Shark, Brain Freezer, Whiger, and Weather Wizard then appeared.

Villamax: Me, Vulkanus, Whirlwind, Molten Man, King Shark, Brain Freezer, Whiger, and Weather Wizard should come with you guys just in case.

Me: Good idea. Lets head out guys!

Luan: I hope Samson is not that crazy like me!

We were off to Leaky Lake, Wisconsin.

---

We arrived at Leaky Lake in Wisconsin and we landed at Camp Squirrel Bean.

Thundercracker: Everything seems normal.

Me: I don't think so Thundercracker. Something isn't right.

Nico: Yeah I feel it.

I smelled Chocolate.

Me: (Sniffs) Do you guys smell chocolate.

We went to the lake and we saw that it was now a ginormous lake of chocolate pudding!

Whiger: Is this chocolate pudding?!

Me: (Licks it) Yep. It's chocalate pudding.

We saw that the whole lake was one enormous lake of pudding!

Me: WHOA! Leaky Lake is now an enormous pool of pudding!

Mary K.: OH BOY!

She dove in and began eating it all.

Bai Tza: Me and the Neptune Crusaders will refill it.

Lily: I was just about to suggest that.

Varie: Good idea!

French Narrator: (French Accent) 45 minutes later.

Mary came out and she had a really nasty stomachache from eating all that pudding and she had her aura massively surging with intense power.

Mary K.: Oh man. I don't feel so good.

Varie: Oh boy. She must've accidentally eaten some of the fish.

Stalker: We must be ready for whatever else lies ahead.

SNAP!

We then had bear traps snapped on to our butts and they hurt like hell!

Me: YYYYEEEEEEEEEEEEOOOOOOOOOOOOOOOOOOOOOWWWWWWW

Nico: OUCH!

Weather Wizard: Whoever did this is a professional!

Me: Bright Man says it's Samson.

We heard maniacal and crazy laughter and we saw Samson and he had an orange jellyfish on his head and he was laughing like an insane nut and causing mayhem and more.

Elena Validus: Hey, Samson. You okay?

Samson: CRAZY! (LAUGHS CRAZILY) CRAZY CRAZY!

FFFAAAAAAAARRRRRTTTTTT!

Samson farted in my face and laughed like a lunatic!

Me: (VOMITS)

Samson: CRAZY!

SpongeBob: Why is there a jellyfish on your head?

Sam: CRAZY!

I grabbed the jellyfish and then…

ZZZZZZZZZZZZZZZZZZZAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

Me: (SCREAMS IN PAIN!)

It electrocuted me with over 500 quintillion volts of electricity and I let go and I was badly burned and had smoke coming out of parts of my body.

Me: (In pain) Ow.

Brain Freezer: I'm freezing the jellyfish off!

He laughed maniacally and fired a blast of ice and ended up freezing Samson and the jellyfish in a block of ice.

But the Jellyfish used its electricity to melt the ice.

Me: Got anymore bright ideas?

Samson then pointed a skunk at me and he sprayed me with it!

FFAAAAAAAAAAAAAAARRRRRRRRRRRRTTTTTTTTTTT!

I SMELLED HORRIBLE!

Proto Man: You take that jellyfish off before you hurt somebody!

Samson: (LAUGHS CRAZILY) RUSTWAD!

Proto Man: WHAT THE HELL DID YOU JUST CALL ME!?

He grabbed the jellyfish and got electrocuted badly and exploded all over!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOMMMMMMMM!

Eli: WHOA! That is one lethal jellyfish!

Nunnally: No kidding! We'll get incinerated if we touch that thing.

King Shark: I'm chomping the jellyfish off!

He went for him. But the Jellyfish touched him and zapped him badly and sent him crashing into a dumpster full of rabid raccoons and they mauled him all over.

Me: OOH! YIKES!

Fluttershy called the raccoons away.

King Shark: Ow. I'm gonna need a lot of rabies shots.

Randy: If we wear rubber gloves, we should be okay!

Me: I was just about to suggest that.

Clyde: Just as long as they are vinyl. I can't have latex.

Lisa Loud: I have us all covered Clyde.

Lisa gave us all rubber gloves and we put them on.

Twilight Sparkle: First J.D. lets get you de-skunked.

Twilight used her magic and got me un-skunked.

Me: Whoo! Thanks Twilight.

Twilight: You're welcome.

Me: Lets get him!

(BENNY HILL CHASE THEME PLAYS)

We went at Samson as he was laughing his head off like a maniacal nutcase. We chased him all over the place like in a Benny Hill show.

Whirlwind: Get back here, you!

Samson: PEANUT BUTTER SHORTCAKE!

He smashed a porcupine pie into Whirlwind's face and it stabbed him all over with porcupine quills and he screamed in pain.

Charmcaster: Let's see how magic does against this thing!

She fired a beam of magic at him and she saw that the Jellyfish was immune to magic!

Samson laughed crazily and then…

CRRRAAAAAAAAAAAAAAAAAAAAAAAASSSSSSSSSSSHHHHHHHHHH!

He smashed a piano on her and she emerged with piano key teeth.

He kept smashing us all over with one crazy shenanigan after the other and we were getting smashed and pulverized all over.

Molten Man: Anyone got anymore ideas?

We were all beaten up and mangled and it was like reliving Luan's crazy pranks all over again.

Me: That jellyfish is a monster!

Nico: I know! We need Samson's parents here.

Slinkman came.

Slinkman: Good grief! You guys look like you got run over by a bunch of trains! Samson's parents are on their way.

Nico: (Dizzily) Thanks Samson. (Faints)

FWOMP!

Me: Ow.

Teen Titans Lightning: Since I use electricity as well, I'll get the jellyfish off.

Me: OW! Go for it.

Teen Titans Lightning grabbed the Jellyfish and just as Samson's parents pulled in, Lightning got the Jellyfish off.

Teen Titans Lightning: There.

Samson's parents came out and we saw that they were really Jellyfish which means that Samson was adopted.

Me: His parents are jellyfish?

Nico: That must mean he's adopted.

Stanley: Samson are you all right?

Samson: (Groans) Oh man! What happened? I have got the worst headache.

Jimmy: Well I'll be! Stanley!

Stanley: Jimmy! Well this is a surprise.

Me: Samson are you all right?

Samson: I think so but man! What happened to you guys?

Me: (Groans) Apparently your little jellyfish friend here made you go bonkers because of Edward's dare.

Varie: We're gonna have to have a little talk with him before our usual battles.

Me: No kidding! EDWARD GET YOUR BEAVER-TAILED BUTT OUT HERE!

He came out.

Edward: It was just a dare! I didn't think it would turn out this bad.

Vulkanus: It's fine. But next time you see something strange, don't touch it.

Me: It's all right you didn't know. Ouch.

Nico: I'm all right though. But was this what it was like when you did those deadly pranks Luan?

Luan: Yeah it was and it was really crazy.

Me: Don't remind me.

Varie: Me neither.

Sunset Shimmer: But at least we're all okay.

Laney: Some of us are. Luckily I always come prepared.

Nico: How so Laney?

Laney: I always carry my Anti-April-Fools-Day Contingency Plans for just such an emergency.

Me: Smart thinking.

Nico: Laney really thought this through.

Me: She was always one step ahead of Luan whenever this was needed. She REALLY outsmarted Luan the 3rd time with those body doubles.

Nico: Wow! You guys will have to tell me how that all happened later on.

Me: Deal.

Roquefort, Katnappe, Common Cold, Technus, Xaldin, Beautiful Gorgeous, Ghost, Atomic Skull and Man Boy then appeared.

Me: Roquefort, Katnappe, Common Cold, Technus, Xaldin, Beautiful Gorgeous, Ghost, Atomic Skull and Man Boy.

Man Boy: Yep it's us.

Xaldin: Oh man! What happened to all of you?

Nico: Samson had a jellyfish on his head and it made him go cuckoo bonkers. He did all kinds of crazy pranks on us that are worse than Luan's pranks.

Common Cold: Oh man!

Roquefort: I see you guys had your hands full.

William: No kidding!

Katnappe: I didn't think it was possible for jellyfish to latch onto someone's head.

Common Cold: Well, I didn't think that Samson was even capable of committing such pranks.

Technus: Well, I, Technus, would've gotten that jellyfish off easily.

Me: Easy for you to say. It electrocuted us with powerful electricity and torched us.

Katnappe: Lets get you all healed up so we can have the usual battles.

Me: Okay.

We went to Nurse Leslie's office and he was healing us up.

Nurse Leslie: Samson and that jellyfish really did a number on you all.

Nico: That's an understatement.

Lincoln: Yeah.

Sakura Haruno: Yeah he really did a number on you.

Varie: But at least we're all okay.

Nico: Yeah.

Sakura pulled a bear trap off my butt and Ino pulled porcupine quills out of Whirlwind's face.

Ino: Ouch. These pranks you guys had done on you were brutal.

Whirlwind: That's an understatement.

I was telling Nico all about what Luan did after I moved to Michigan.

Nico: Whoa! She did all those terrible pranks.

Me: Yeah I told your brother about some of them remember?

Nico: Oh right I remember that. That was crazy!

Me: Yeah it was.

I went over what happened during the events of Chapters 12, 18 and 39 and they were crazy.

When I was done everyone that hadn't heard it gasped in shock!

Eli: Oh yeah! I remember those pranks! Those were awful and scary and dangerous.

Nunnally: I remember hearing about all that. That was nuts.

Katnappe: At least you're all okay.

Me: Yeah and after the Body Double day, Luan got her powers in Light.

Luan: It's true. And I'm still amazed by Laney's plans to outsmart me every time.

Nico: I can see that. Laney sure is smart when it comes to preparations.

Xaldin: She sure is.

Laney: Oh stop guys.

They healed us all and we were out in the main camp courtyard.

Me: Okay now we're ready for the usual battles.

?: Awesome! This is gonna be good.

A figure came out and it was MAGMA, The First Member of the Ten Terrors from episode 24 of Mystic Force!

---

**Magma** was the first of the Ten Terrors chosen to fight the Mystic Force Power Rangers while Udonna left to find Leanbow. He was an Ifrit (a type of fire demon) who used a club with a ball in chain as his weapon. He serves as the main antagonist of the episode "The Light".

Magma was the first Terror that Necrolai meets when she enters the chamber. Magma was wrathful and asked her who is her and what she was doing in the cave of Terrors. Necrolai told them that the Master was defeated again and they had to help conquer the world. The Terrors listened to her and agreed to help conquer the surface world. They arrived in the human world, when sky turned dark, and told people of Briarwood to give the Light, who is actually Nick Russell, the Red Ranger and leader of Mystic Rangers. Terrors easily defeated Rangers's Manticore Megazord and left. When he was sent to punish humans on the surface, he lit a radio tower to show how much time the people had left before he punished them, Daggeron summoned the Solar Streak Megazord to battle Magma, but it was quickly out matched, after defeating the Solar Streak Megazord he shrunk down to Daggeron's size, the Mystic Rangers came to help Daggeron, unfortunately Magma was too strong and easily defeated them, when the tower burnt down he was about to use the Volcanic Force to destroy the city, but the Mystic Rangers came to the rescue and blasted him in the back, He offered to play a game with the Rangers, lighting another radio tower on fire and saying that if defeats all of the Mystic Rangers, the Ranger would lose, if even one Ranger was left standing when the tower burned down, the Rangers would win. Magma beat the Rangers fairly easily, but Madison's passion of wanting to save the people of earth compelled her to use a powerful Tidal Wave attack, causing Magma pain. Out of anger Magma grew to giant size to battle the megazords. He could seemingly not be stopped in his giant form, but as he was about to fight the Rangers, the other Terrors noticed that the tower had burned out; Magma had lost the game. Sculpin threw his trident at Magma, Magma said that he made the rules of the game and he lost, Nick was shocked as Magma warned the Rangers that that the rules of the darkness show no mercy, but they have nine other terrors to defeat, in his last words he said "this is just the beginning!", after words he is turned to stone and exploded, making him the first Terror to be destroyed.

---

Nick Russell: Magma!

Me: I remember you! You are the first of the Ten Terrors and you were sent to destroy the city!

Magma: That's right. Good memory on you.

Me: Never missed an episode.

Magma: That's right, Rangers. The Ten Terrors are back. And this time, the so-called Master isn't here to get in our way!

Me: I'm always up for an awesome challenge!

Nick Russell: Me too.

?: Don't forget the two of us.

2 more figures came out and it was Screamer and a new monster. It was KARAKASA THE CHINESE UMBRELLA QUEEN from The 3rd Season of the Japanese version of the Mighty Morphin Rangers!

---

**Karakasa** (カラカサ *Karakasa*, 37 & 53) is also known as the Chinese Umbrella Queen. She had a humanoid form as well as a fully-looking apparition form.

She captured Saizou and Seikai and forced them to dance with the Dorodoros. With a little help from Hakamenrou and Ninjaman her spell was broken. She grew with Daimaou, however, Super Muteki Shogun saw Daimaou off, while Kakure Daishogun and Samuraiman killed Karakasa off, prompting her soul to ascend to the sky and self-destruct.

Karakasa reappeared, along with all the other defeated Youkai, within the Seal Door after their master Daimaou was finally contained there by the Kakurangers. Reeling that they were now powerless in captivity, the Youkai all vowed that they would one day be reborn and regain their power, cursing humanity.

---

Me: Karakasa! One of the Japanese Power Rangers Monsters!

Nico: This is a first. I think this is gonna be cool!

Chan Lee: This is gonna be interesting.

Nico: Yeah. But why are you here too Screamer?

Screamer: I'm here to test Noriko here to see if she is worthy of being my archenemy.

Noriko: You want me to be your archenemy? Awesome!

Hikaru: This is gonna be cool!

?: I WANT MY CAMP BACK!

Another figure came back and it was ALGONQUIN C. LUMPUS! THE DISGRACED AND LUNATIC FRAUDULENT SCOUTMASTER OF CAMP KIDNEY!

Me: Lumpus!

Qin: Not him again!

Twilight Sparkle: Who is he?

Me: His name is Algonquin C. Lumpus. He was the scoutmaster here. But he was revealed to be nothing more than a total fraud because he locked the real scoutmaster, Heffer, in the broom closet for the entire Summer and stole his job and did all kinds of stupid things. He was arrested a while back and sent to a maximum security nuthouse and he escaped and attacked Camp Kidney. We killed him and ate his corpse for dinner.

Sunset Shimmer: WHAT!?

Rarity: He is crazy!

Applejack: He's more crazy than a firefly getting hit by a bug zapper.

Nico: That's putting it mildly.

Lumpus: I'm here to get Camp Kidney back!

Slinkman: It was never your camp to begin with!

Me: You stole that job from Heffer! You are nothing more than a deranged lunatic!

Twilight Sparkle: You are just a bad moose!

Sunset Shimmer: And you would rather make enemies than have friends because you don't care about them!

Nico: Yeah! But you tasted really good in a stew.

Me: Yep. But how did you come back Lumpus?

Lumpus: Thanks to this!

He pulled out a Number Card and it was NUMBER 41: BAGOOSKA THE TERRIBLY TIRED TAPIR!

We gasped.

Eli: Number 41: Bagooska the Terribly Tired Tapir!

Luan: You sure were.

Nico: Yeah.

Samson: (To the viewers) This was one crazy day. Hope you all had a great laugh.

Me: You know we all did.

We laughed.

Another awesome chapter done.

S Is For Crazy on Camp Lazlo was one of the funniest episodes ever and it made NicoChan11 laugh so hard that it wet his pants. Also it made me laugh a lot. Samson was one crazy cupcake in that one. It aired on March 13, 2008 and it was funny! NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys. Tomorrow is Valentines Day and it's gonna be a great holiday of Lamore as we celebrate with love in the air. We're gonna go to the Bikini Bottom Valentines Day Carnival and prevent him from going on a destructive rampage in the SpongeBob episode Valentine's Day.

See you all tomorrow.

# VALENTINE'S DAY

HAPPY VALENTINE'S DAY 2021 EVERYONE!

---

Today was February 14th, 2021 and it was the day where love is in the air: Valentine's Day. It was a beautiful day for love and marriage.

Poromon, Poliwag, Manaphy, and Horsea: HAPPY VALENTINE'S DAY, EVERYBODY!

Me: And a good old Happy Saint Valentines Day to you guys too.

We saw all of our favorite couples making out. We saw William and Maria, Nico and May, Tom and Sarah, Lori and Bobby, Jack and Carly, Rice and Sean, Vypra and Dark Spicer, Eli and Nunnally, Vince and Carol, Nick F. and Lori Jimenez, Aylene and Brain Freezer, Homer and Mindy, Hunter & Nemo, and many of us making out and kissing.

Me: Ah. L'amore.

It was one of the most amazing days of love ever because of love being in the air.

Maria: Before we go on our respective plans, how about we visit Bikini Bottom's Amusement Park?

Me: Great idea Maria.

Lily: There's an awesome Valentines Day carnival going on today.

Varie: Awesome!

Nico: I love Valentine's Day carnivals.

Aylene: Me too.

Naruto: So awesome.

Shiv: F.Y.I., there won't be any usual battles today since it's Valentine's Day.

Lynn: We know Shiv. Love is in the air and it won't get in the way of our fun date with love.

Lena: I know sis.

Lily: Hey Lena, I have an awesome gift for you.

Lena: What is it?

Lily spread her wings of water and enveloped Lena in a ball of water and she used her powers to cure Lena of her schizophrenia and she was better.

The water faded and Lena got up.

Lena: What? What happened?

She gasped and saw the hallucinations she was seeing for most of her life gone and she didn't hear the voices in her head anymore!

Lena: I don't see the Hallucinations and I don't hear the voices anymore! What happened!?

Lily: I cured you. Lisa discovered that my healing water in my wings can cure diseases like schizophrenia.

Lena: (Gasp) (Hugs Lily) OH THANK YOU LILY! THANK YOU!

Lynn: WOW! That's awesome! Lena it looks like you are now forever cured!

Rita: Wow! Lily you did really well! Now we can call the doctors and tell them.

Lily: Thanks mom.

Manaphy: Honestly, we should've just cured you right away.

Lena: I know. But I can tell that Lily was just waiting for the right moment.

Lily: I didn't even know my healing water could cure schizophrenia. I guess I just forgot about it.

Me: That's all right. But it's great that you are cured Lena.

Lena: And I'm back to normal! Lincoln, I'm so sorry I tried to kill you. My own mind became my own worst enemy.

Lincoln: It's not your fault Lena. But thank goodness you're all cured.

Me: Yeah and Water is the most purifying force of the Elemental Forces of Nature.

Twilight Sparkle: It sure is. But wow.

Me: I know. Twilight does Equestria have its own version of Valentine's Day?

Twilight Sparkle: It sure does. But we call it Hearts and Hooves Day.

Me: Cool! Love among horses and ponies. Lets head to the ocean.

We went to Bikini Bottom.

---

**SpongeBob:** *[opens his house door with a bunch of hearts in his arms]* Happy Valentine's Day, Bikini Bottom! *[throws hearts everywhere. He hands one to Squidward and Squiliam and they smile in happiness. He gives one to Mrs. Puff, but her boat runs into a fire hydrant. He gives Plankton's cousin Clem a tiny heart using tweezers. SpongeBob and us leaps over to Sandy's place]*

**Sandy:** Happy Valentine's Day, SpongeBob. I'm nuts for you. *[gets out an acorn nut with an arrow stuck through it]*

**SpongeBob:** *[puts the acorn away and takes out a bottle of chocolate syrup]* Well, I'm bubbles for you, Sandy. *[blows a chocolate heart bubble]*

**Sandy:** *[Opens a door on her helmet for the chocolate heart to go into; eats it]* Mmmm, chocolate. Mighty tasty.

We all arrive.

Me: Hiya SpongeBob.

SpongeBob: Hey guys.

Applejack: Howdy Sandy. How have you been?

Sandy: Great guys. How have y'all been?

Me: Great. Happy Valentines Day.

SpongeBob: Thanks guys.

Electro: Hey, SpongeBob! You feeling happy now that Plankton's dead?

SpongeBob: I am more than happy Max and Happy Valentines day to you all.

Me: Thanks SpongeBob.

Nico: This is gonna be so cool having fun at the carnival.

SpongeBob: I have a special plan for Patrick.

Me: Can we hear it?

Sandy: Sure. Patrick's gonna love the giant chocolate balloon you made for him. *[a chocolate balloon is shown and then SpongeBob and Sandy run over and Sandy gets into the basket]*

Me: Wow! What a chocolate balloon.

Sandy: Take me through the plan again.

**SpongeBob:** Okay. *[SpongeBob blows a chocolate carnival]* Step one: *[manly voice]* Patrick and I get to the Valentine's Day carnival. *[a chocolate SpongeBob and Patrick fly in and hop onto the carnival]* Step two: I position Patrick and myself on top of the Ferris wheel. *[both of them hop over to the Ferris wheel where it rides up to the top. Blows a chocolate hot air balloon]* Step three: You arrive at designated checkpoint for maximum visual contact. *[the balloon* *floats over above the carnival]* Step four: Patrick is thrilled. Mission accomplished. *[chocolate bursts all over the screen and then we see Patrick with a Valentine's Day shirt and putting a big rock on the ground and pounds the rock into the shape of a heart and picks it up and SpongeBob and us arrive.]* Hi, Patrick.

**Patrick:** *[imagines the heart is talking to him]* Hello?

**SpongeBob:** Patrick, it's me, SpongeBob.

**Patrick:** SpongeBob, what are you doing in there?

**SpongeBob:** Patrick!

**Patrick:** Oh, my gosh! Sponge… SpongeBob is stuck inside this rock! *[screams]* Hold on, buddy, I'll get you out! *[smashes the rock into a pile of dirt]* SpongeBob? SpongeBob?

**SpongeBob:** Patrick…

**Patrick:** SpongeBob! *[cries and rubs the pile of dirt against the side of his face]* SpongeBob… !

**SpongeBob:** Patrick, I'm right behind you! *[Patrick turns around]*

**Patrick:** There you are. *[holds the pile of dirt in his hands]* Happy Valentine's Day! Here's your present.

Me: I'll fix that.

I snapped my fingers and heart the rock heart fixed.

Patrick: All right! Happy Valentines Day everyone!

Me: Thanks Patrick.

**SpongeBob:** And I have a present for you!

**Patrick:** You do?

**SpongeBob:** It's the greatest… *[Patrick gets excited]*… the bestest… *[Patrick gets more excited]*… the most fantabulous… *[Patrick gets even more excited]*… present ever! *[bounces and rolls* *all around all excited and overjoyed]* But you can't have it yet. *[Patrick stops rolling and bouncing around]*

**Patrick:** Huh? Why not?

**SpongeBob:** Because it's not ready yet.

**Patrick:** Is it ready now?

**SpongeBob:** Not yet.

**Patrick:** How about now?

**SpongeBob:** Do you want to ruin the surprise?

**Patrick:** Yes!

Ed: Naughty naughty mister.

Eddy: Shut up Ed.

**SpongeBob:** Uh-uh-uh-uh-uh!

**Patrick:** Oh, come on, please!

**SpongeBob:** Hmmm… nope, sorry.

**Patrick:** *[grabs on to SpongeBob's legs and feet]* You gotta tell me!

**SpongeBob:** No can do! *[laughs]* You'll just have to wait!

Me: Lets go!

*[SpongeBob walks off with Patrick still hanging on his legs and feet]*

**Patrick:** Please. Oh please… *[still hanging on his legs we see SpongeBob walking through the middle of nowhere]*… please-please-please-please. Tell me-tell me-tell me. Please?!

**SpongeBob:** Okay, Patrick, here we are.

We arrived at the Valentine's Day Carnival!

**Patrick:** *[gasps as he sees the carnival]* You got me a carnival? Mine! All mine, mine, mine, mine. *[Patrick runs inside the carnival and SpongeBob runs in behind him with us following]* Mine, mine, mine! All right, everybody out! This is my carnival!

**SpongeBob:** It's not the carnival.

Robo Blaze: The Valentine's Day carnival looks amazing!

Me: It sure does and it's perfect for loving everyone.

Nico: (Whispers to me) I hope Mindy and Sandy's gift is perfect for Patrick.

Me: (Whispers to Nico) I know. I have a feeling it will be.

**Patrick:** Oh.

**SpongeBob:** *[takes a quarter out of his pocket]* Here, why don't you take this quarter and…

**Patrick:** *[snatches it from SpongeBob]* Oh my gosh, a quarter! I've always wanted a quarter!

**SpongeBob:** It's not the quarter.

**Patrick:** Oh.

**SpongeBob:** Now, take that quarter and buy some cotton candy… *[Patrick interrupts and SpongeBob's finger deflates]*

**Patrick:** Cotton candy! I can't believe it! *[Patrick chases the cotton candy seller]* Cotton candy!

**Cotton Candy Seller:** Hey, get away! Hey!

**Sandy:** Sandy to SpongeBob. *[SpongeBob takes out a walkie-talkie where Sandy's voice is coming from]* Sandy to SpongeBob. Come in, SpongeBob.

**SpongeBob:** Ten-four, Sandy, SpongeBob here. *[we see Sandy closing in with the balloon on the carnival]*

**Sandy:** *[floating toward the carnival in the balloon]* Me and Mindy got a visual on the carnival. You want me to bring her in?

**SpongeBob:** Ohh, not yet, Sandy. Patrick's still trying to guess what his Valentine is.

**Sandy:** *[chuckles]* You are such a kidder. Sandy out. That SpongeBob… *[a group of orange flying oysters are heading toward the balloon]* Scallops… chocolate-eating scallops!

Mindy: Uh oh!

**Patrick:** So if it's not cotton candy, then what is it? I can't take it!

**SpongeBob:** You'll have to guess!

**Patrick:** *[points at a tent]* This tent?

**SpongeBob:** No.

**Patrick:** *[holds up a man who is waiting in line for Heart-A-Whirl]* This guy?

**SpongeBob:** No. *[we see micro-organisms crawling around; it's Patrick's view through a microscope]*

**Patrick:** This paramecium?

**SpongeBob:** *[laughs]* Nope.

**Patrick:** *[giggles]* Heh, you're a sly one. I can't find here in the carnival… because it's on top of Mount 'Climb Up and Fall Off'. *[runs up the mountain and falls off then runs back to SpongeBob]* It wasn't there either!

**SpongeBob:** Are you sure? *[runs up mountain and falls off again; SpongeBob uses his walkie-talkie to tell Sandy something]* SpongeBob to Sandy, you can bring it in now. *[Sandy is using a whip to shoo the scallops away and Mindy is blasting them with water balls]*

**Sandy:** Uhh, SpongeBob, we got ourselves a little problem. I got a pack of chocolate-eating scallops trying to rustle the balloon! Hi-yah! Get away, you sweet-toothed varmints! Hi-yah! I'm going to be a little late!

**SpongeBob:** Late? But what about… *[Patrick still jumping on and off mountain]*… Patrick?

**Sandy:** Hing-ya! Take him up to the Ferris wheel and I'll meet you there! Sandy out!

**SpongeBob:** *[puts away the walkie-talkie]* If Patrick doesn't get his valentine… *[screams]*

**Patrick:** *[suddenly appears from behind, all bruised]* I'm pretty sure it's not up there, SpongeBob!

**SpongeBob:** Patrick! Uhh, actually it's on the Ferris…

**Patrick:** Ferris wheel! *[he grabs SpongeBob and runs toward it; cut to them on the Ferris wheel being brought to the top]* I'm ready for the greatest Valentine's present in the whole world now, SpongeBob.

**SpongeBob:** Well, this is where you're gonna get it… I hope. Just keep looking out there, pal.

May: (to Nico) After everything that happened the past week, we've earned this.

Nico: Yes we have.

Me: Actually it was over the last 20 days. They were hell.

Nico: Right yeah. We had to deal with Organization XIII, The Digimon Emperor and now the Sullen 6.

Lincoln: I call it the 20 Days of Darkness.

Me: Good name buddy.

SpongeBob: [SpongeBob *talks to Sandy again on the walkie-talkie]* SpongeBob to Sandy, SpongeBob to Sandy, come in, Sandy!

*[Sandy is still fighting the chocolate eating scallops]*

**Sandy:** Sandy to SpongeBob, I got my ox in a ditch here! I'm way off course! The scallops are eating the balloon! They're everywhere! *[One scallop bites the balloon and the air goes out and it floats down]* Aw, shoot! We're going down, SpongeBob! Switch to plan B!

**SpongeBob:** No, no, B, Sandy! No, B! *[Patrick is smiling big waiting for his surprise]* Uh, Patrick, you know how sometimes you plan something special and things don't just work out?

**Patrick:** No… no… eh-gee! Holy mackerel! Is it hot up here or what?! *[rips off his shirt and moves the ferries wheel seats back and forth and then up and down. Next, the ferries wheel is jumping up and down and then SpongeBob puts out his hand/arm]*

**SpongeBob:** Patrick, here it is! *[Patrick stares at SpongeBob's hand/arm]*

**Patrick:** What's that?

**SpongeBob:** It's a handshake… a friendly handshake.

**Patrick:** A handshake? That's the big gift? You got me a handshake?

**SpongeBob:** A friendly handshake. Happy Valentine's Day! *[Patrick shakes his hand and stares it and makes a grumpy looking face.*

Me: Which ride should we try first?

May: How about the Roller Coaster?

Nico: Great idea!

We went on to the Roller Coaster and we had an awesome fun time.

Laney: WEEEEEEEEEEEE!

Eli: THIS IS FUN!

Nunnally: YEAH IT IS!

Vypra: SO FUN!

Horsea: Spongebob, don't you think Patrick is feeling a bit neglected?

SpongeBob: I know. But Sandy is running late. We just have to wait.

Me: Oh boy. Those stupid clams. If they eat his gift all hell is gonna break loose.

Poromon: I want to eat the cotton candy!

Nico: All right.

Nico got him some cotten candy.

Lincoln bought some candy and chocolate for his harem.

Rainbow Dash: Awesome! Thanks Lincoln.

*[SpongeBob laughs and throughout their playtime in the carnival, Patrick has the same grumpy look on his face]*

*[Later, the scene cuts to them sitting in the bench.]*

Poliwag: Hey, Patrick. You feeling ok?

Patrick: Yeah. I'm okay.

Patrick went to SpongeBob and sighed.

Patrick: I've been thinking. At first, a handshake doesn't seem like much, but really it's the thought that counts… [a woman walks up with a box shaped like a heart full of chocolates in her arms]

Fran: Hey, SpongeBob, I just wanted to thank you for this box of chocolates.

SpongeBob: Uh, no problem, Fran. [walks off]

Patrick: And even though I was expecting more… [a man with roses walks up]

Dave: Thanks for the roses, SpongeBob. Happy Valentine's Day.

SpongeBob: You too, Dave. [walks off]

Patrick: And not that it matters that we've been friends for so long… [some woman walks by with a bike]

Female Fish: Hey, SpongeBob, thanks for the bike! [talking to Patrick] Can you believe this guy? I just met him this morning! [Patrick begins to fume]

Patrick: So, as I was saying…

Me: (In my head) Uh oh.

Male Fish: Excuse me, do you guys have the time?

Patrick: [explodes in anger and screams with rage, which is followed by him picking up and throwing the fish across the screen] [House of Horror music starts playing] Patrick needs love, too! [Patrick goes psycho freaky. A crashing sound is heard. He furiously bangs his stomach like a gorilla, grunts angrily as he runs closer towards the screen, angrily approaches a balloon cart, then furiously cuts the balloon strings from a salesman and furiously smashes the balloon cart with his buttocks. Cut to scene where children play with a guy in a heart suit; the children run off as Patrick approaches] I defy you, Heart man! [Patrick angrily rips the suit in half and continues his rampage]

Me: EVERYONE RUN FOR YOUR LIVES!

**P.A. System:** Attention everyone, there's a chubby pink starfish on the loose! *[everyone runs screaming; Patrick sees a twirl-around ride that has hearts on it and goes mad over it]*

**Patrick:** Heart on stick must die! *[goes to the pole and tries to pick it up; gives up eventually in tiredness; Patrick sees a little girl eating a heart-shaped lollipop and turns red in anger]* Heart on stick must die! *[grabs it, breaks it, and stuffs it in his mouth. The girl screams as Patrick takes the lollipop.]*

**SpongeBob:** *[gasps]* Patrick!

**Patrick:** *[Turns around with an evil look on his face; angrily grumbles gibberish, making everyone scared and run to a dead-end at the Goo Lagoon dock; Patrick roars with rage]* (ROARS LIKE THE HULK)

Snake: Dude, just calm down!

Patrick: DO NOT TELL PATRICK TO CALM DOWN, YELLOW MAN! (punches Snake)

POW!

Me: PATRICK!

Furi and Bane grabbed him.

Furi: LEMME TELL YOU SOMETHING, PATRICK STAR! FURI'S GONNA MAKE YOU CRY IN PAIN IF YOU DON'T STOP!

Patrick roared like Godzilla!

Firefly saw Sandy.

Firefly: Look! Sandy's here!

Sandy: Yee-haw! Get along, little shellfish! Gallop, you scallops! [whipping the scallops as she lands in the carnival with the balloon and letting scallops go]

SpongeBob: Yeah! Sandy's here!

Me: All right!

Nico: Perfect timing!

SpongeBob: Woo-hoo! Look, Patrick, it's here! It's here! The best Valentine in the whole wide world is right behind you! [jumping up and down pointing behind Patrick]

Patrick: [ignores SpongeBob] Sure it is.

SpongeBob: I'm telling you, it's right there! Turn around!

Patrick: Uh-uh.

SpongeBob: Patrick, just turn around! [Patrick still wouldn't listen. Everyone is yelling at Patrick to turn around, but he doesn't]

Me: Turn around you idiot!

Crowd: Turn around! You nincompoop! Why you!

Patrick: You must think I'm pretty dumb, huh?

Me: Because you don't have a brain stupid!

Crowd: Yes! Turn around!

Patrick: No.

Varie: Do it!

Crowd: Turn around! Turn around!

Patrick: Nuh-uh. I'm gonna say this once and I'm not going to say it again, so pay attention. I am not, I repeat, not going to turn around for any reason… ever!

Sandy: Howdy, Patrick!

Patrick: [turns around] Hi, Sandy! [notices the chocolate balloon, then is confused and speaks gibberish]

Me: SURPRISE!

SpongeBob: Happy Valentine's Day, Patrick! [Patrick jumps for joy and jumps on the balloon]

Patrick: Yay! My valentine! Hey, is this solid chocolate?

SpongeBob: Patrick, no! [Patrick bites the balloon and chocolate explodes everywhere.]

POP!

[SpongeBob and Patrick are in the mess]

Me: (Slurps) Yummy!

Patrick: Aw, SpongeBob… you didn't have to get me anything.

Laney: Delicious chocolate.

Me: But I have an idea on what to do with all this chocolate.

I made many kinds of chocolates with different fillings like caramel and strawberry ice cream for me and my harem.

Lincoln made ice cream bites with rice crispies and strawberry ice cream for him and his harem.

Nico made Brazilian Truffles for him and May.

Naruto made Salted Caramel Brownies for him and his wives.

Vypra and Dark Spicer made Red Velvet Cake Pops.

And Lynn Sr. made Peanut Butter and Chocolate Cheesecake for him and Rita. We made all kinds of treats and desserts.

Me: Sorry your Valentines Day didn't turn out like you planned SpongeBob.

SpongeBob: That's all right J.D. But this was so much fun!

Patrick: Yeah it was! It was awesome!

Princess Mindy: And I got to have fun with you all and you Patrick.

Princess Mindy kissed Patrick and he melted into a puddle of slime out of love.

We laughed.

We had an awesome Valentines Day.

# Skills of The Black Ninja

We were helping Rarity get her reputation back after Suri Polomare stole her fashion designs. Suri was nothing but a bully and she had to be stopped no matter what. I saw a flash of rainbow energy in Rarity's eyes and knew that this was the answer to getting the first key of 12 Keys of Harmony.

Rarity: Suri what you are doing is wrong! You are using other ponies fashions for your own gain!

Everyone gasped!

Me: That's not right Suri! There's no honor in that and there is no generosity in that!

Coco: That's right Suri! I believed all your lies for far too long and it's not right. You took advantage of Rarity's generosity and used it against her and stole her fashions for her own selfish purposes.

Me: True Generosity comes from the heart and it's true generosity that shows how pure your heart can be in terms of fashion and friendship. (Rainbow Energy Flashes in my eyes)

Suri: But… But…

Princess Celestia: That's right Suri!

Suri: Princess Celestia!

She knelt before her.

Me: Hello Princess. Thank you for coming.

Princess Celestia: You're welcome J.D. and for Rarity's amazing fashions I give her the title of Best Fashion Mogul in Equestria.

We cheered for her.

But then I had a flash of light come out of my chest and then a ball of light turned into a key that looked like my cutie mark. It was the Key of Hope.

Me: (Gasp)

Rarity had the same thing happen to her and she had the Key of Generosity form in front of her.

My key landed in my hand.

Me: The Key of Hope.

Rarity: The Key of Generosity.

Nico: We have two of the keys.

Me: And 10 more to go. But we can find them if we figure out what is needed in terms of the 12 Elements of Harmony.

We had two keys down and 10 to go.

---

Later we were watching TV.

Dive Man: Homer, is it true that you used to work as a fireman? (Season 18 Episode 19)

Homer: It sure was. Me, Apu, Moe and Skinner were known as Volunteer Fireman back then.

Me: Oh that is awesome!

Nico: Wow! That is a very risky job. Firefighting is awesome and dangerous.

Carter Grayson: And I should know because I am a firefighter.

Me: I remember that Carter and that is so cool.

Ryu: What was it like being firefighters?

Homer: It was amazing! And we got to go in and save people.

Skinner: It was a lot of work but it was great.

Apu: (Indian Accent) It sure was but the praise we got for it was amazing.

Me: It sure is rewarding and the chili that Firefighters make is amazing.

Carter Grayson: You got that right J.D. We firefighters live on the stuff.

Nico: I love firehouse chili. Especially the nuclear hot spicy kind.

We laughed.

Me: That's awesome.

Homer: And we started stealing stuff.

Bombshell: Did you guys really start stealing stuff?

Homer: Unfortunately yes. But we were stealing from Burns.

Me: Well that's all right. As long as it's from a dead man that we all despise more than anything.

Nico: Yeah.

Skinner: Yeah but I realized that it was wrong.

Me: That's good you did.

Perceptor: (to Skinner) I'm surprised you were the first one to realize that stealing was wrong.

Skinner: Yeah but being a firefighter gave us a huge sense of responsibility.

Me: But stealing from people… no, Monsters like Burns is all right.

Nico: Well said.

Lincoln: And we'll never see that jerk again.

Me: And Grim told me that the Burns in Hell got Hakaied and Banished to the Warp.

Grim: (Jamaican Accent) It's true mon. And he definitely deserves it.

Nico: Big time.

Varie: Good riddance. That monster deserves to spend every second of his afterlife in the Warp and being tortured forever.

Vince: You got that right.

Lincoln: And the world is now a much better place without them.

Apple Bloom: You said it Lincoln.

---

Later we were getting ready for our next mission.

Triggerhappy: Where are we going this time?

Me: We got word that a village is about to be under attack in Angola on the Skeleton Coast.

Nico: Wow! I remember seeing that place during the Super Race.

Twilight Sparkle: Super Race?

Me: Oh right some of you don't know about this but there was a huge Super Race that spanned around the world and we went 40,000 miles around the planet in 8 hours.

Nico: That was one of the most fun races we've ever had.

Lincoln: Yeah it was.

I went over what happened during the events of chapter 782.

Twilight Sparkle: WHOA! That is amazing!

Sunset Shimmer: Wow! That must've been really fun!

Me: It was awesome!

Nico: It was a really awesome race.

Sunset Shimmer: I remember seeing that on TV. That was so cool!

Lincoln: It was awesome.

Me: The most awesome races we participated in were when we went around Venus, Mars and Pluto. Also this was Mars before it was Terraformed. Mars used to be as red as a rusty nail before. Now it's fully Terraformed.

Sunset Shimmer: Wow!

Lincoln: That was so cool!

Laney: It sure was. Also we got to see the entire solar system as well as the Mariana Trench, through that cave in Russia, the Alps and Italy.

Sunset Shimmer: Wow! We'll have to participate in another race to see what it's like.

Me: You'll love it. It's so much fun.

Nico: It sure is. We always have a great time with them.

Naruto: Yep and the Masters of Evil always like participating in them too.

Lincoln: Yep.

Me: Lets get ready to head out.

Man Boy, Ghost, Roquefort, Katnappe, Common Cold, Technus, Beautiful Gorgeous, and Atomic Skull then appeared.

Man Boy: Can me, Ghost, Roquefort, Katnappe, Common Cold, Technus, Beautiful Gorgeous, and Atomic Skull go with you guys?

Me: You all sure can. We're going to Angola at a village in Skeleton Coast.

Atomic Skull: Skeleton Coast is a ship graveyard from what I read about.

Princess Cadance: I hope you don't mind me bringing the twins along.

Me: Not at all Cadance. They are family of Twilight and you and they are gonna love seeing an awesome adventure.

Flurry Heart: My baby sisters are gonna love it.

Laney: They sure are.

Me: Lets head out!

We were off to Angola, Africa.

## SKELETON COAST, ANGOLA, AFRICA

We arrived at Skeleton Coast.

Me: Here we are guys.

Ravage: Is this the place?

We saw that it was a desolate place and it had lots of ships that were rusted and rotted out and it was dry and creepy.

Me: Yep this is it. Welcome to Skeleton Coast, Angola.

Nico: Wow! This place is creepy and hot.

Varie: Not Sahara Desert hot but right up there.

We saw the village a mile ahead of us.

Me: That must be the village up there.

Lily: And I see bubbles and figures in the water.

Out of the water came huge giant lobsters!

Me: Giant Lobsters!

Samurai Jack: Looks like we're up against Lobster Robots again.

Me: Lets get them!

We went at the lobsters.

Technus: I, Technus, will take control of these robots!

I slashed a Lobster and it was really a REAL GIANT LOBSTER as blood and guts splattered everywhere!

Me: These are real lobsters!

Nico: Looks like we're having a giant seafood buffet for dinner.

Lincoln fired blasts of lightning and some of the lobsters were electrocuted and they short-circuited and exploded in massive fiery explosions.

KRABBBBBBBOOOOOOOOOOOOOOOOOMMMM!
KRABBBBBBBOOOOOOOOOOOOOOOOOOOOMMMMMMM!
KRABBBBBBBBOOOOOOOOOOOOOOOOMMMMMM!
KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

Lincoln: Looks like some of the lobsters are robots.

Me: Just like old times huh Jack?

Samurai Jack: It sure is.

Ashi: This is gonna be fun!

We slashed lobsters all over left and right and the corpses of the lobsters were really piling up and all that.

Rico the Robot: How can some of these lobsters be real this time?

Me: (SLASHES A LOBSTER) Well when we were the Brave 12, Aku's robots were what we fought on a daily basis.

Fu: (Blasts a Lobster) Yeah and it was awesome and powerful.

Vince: I remember that! That was intense!

But little did we know that the lobsters were just the beginning, for watching us from the roofs of the village huts was a black figure. It was The BLACK NINJA! It looked like a black ninja totally one with the shadows and it had a pitch black sword and had red eyes.

---

The **Shinobi** (also known as **Warrior of the Night** or simply **The Ninja** ) is a minor antagonist in *Samurai Jack* . He is a silent robotic ninja who specializes in striking from the shadows, and was one of the many subordinates that Aku sent to kill Jack.

Character Outline

Shinobi was a humanoid robot about Jack's height, wearing a black ninja outfit called a *Shinobi Shizoku* that covered his entire body, save for a dark red visor with glowing red eyes. Wielding a pitch-black katana, he was a master of stealth and assassination and practiced against Samurai Jack droids to perfect his art.

Synopsis

Shinobi first appeared in what seemed to be some sort of temple where Jack was praying. After swiftly and silently infiltrating the temple, he approached the Samurai and quickly cut him down before the latter could reach for his blade. However, this was revealed to be a simulation in order for Aku to test the bounty hunter's skills. Satisfied, the Master of Darkness sent Shinobi to kill Jack.

The robotic ninja is later seen stalking Jack in a jungle, but before he could attack, a small boy ran out of some bushes while a robotic lobster-like creature was chasing him. Deciding to bide his time, Shinobi hid in the shadows and continued to follow Jack as the latter defeated the robot and accompanied the boy to his village. He continued to observe Jack from the sidelines as the samurai destroyed the horde of robotic lobsters attacking the village. When the boy lingered behind to watch Jack's fight, Shinobi kidnapped him and fled to an abandoned tower near the beach.

Taking the bait, Jack soon arrived at the tower to find the boy hanging from the ceiling. Shinobi attacked while the samurai was distracted, but Jack narrowly evaded the strike and freed the boy from his bonds. With the "bait" fleeing the tower, Shinobi fought Jack for a while, using the shadows to strike from unexpected angles. Realizing the ninja's strategies, Jack decided to fight in kind, using the light instead of the darkness to hide. With the playing field leveled, the two warriors clashed fiercely, but the setting sun slowly depleted the tower's light, tipping the fight in Shinobi's favor.

When the light in the tower was all but gone, Shinobi moved in for the kill, which proved to be his undoing. Seeing the beam in front of him vibrating from the ninja landing on it, Jack used his sword to reflect the last sliver of light into Shinobi's eyes. Blinded by the light, the robotic assassin dropped his guard for a fatal instant, allowing Jack to throw his sword and impale him to a post. As the light faded from Shinobi's electronic eyes, he slid down the post, being cut in half by the sword still impaled in his body.

Shinobi was presumably erased from existence after Aku's destruction in the past, since he was created to slay Jack.

Powers and Abilities

**Master Infiltrator** : Shinobi could infiltrate any area or building without being detected, even by Jack.

**Martial Arts Master** : Though he specialized in assassination, Shinobi was highly proficient in hand-to-hand combat, utilizing punches and kicks in conjunction with his sword to catch his opponents off-guard.

**Master Swordsman** : Shinobi was extremely skilled with his sword, matching (possibly slightly exceeding) Jack in open combat.

**Darkness Camouflage** : Shinobi's signature ability allows him to become completely invisible as long as he is in darkness; even a simple shadow is enough to make him impossible to detect.

However, his presence can still be detected by his interaction with the environment, such as footprints left on the ground or vibrations from his landing on an object.

Ghost: We should get the civilians to safety first!

Me: Good idea! Bro, get them outta here and fast! (Slashes a lobster)

Naruto: Right! Everyone follow me to safety!

The civilians were following Naruto!

We were slashing the Lobsters all over the place with incredible fury and blasting them and cooking them all over.

Bonecrusher: I'll dig a hole with my vehicle mode so the lobsters fall in it!

Me: Go for it!

He did so and dug a huge deep hole and the lobsters all fell in and Lola blasted them with fire and cooked them and some of the lobsters exploded.

Me: Yeah!

Lily: We're not done yet! These little ones were just an appetizer. The Main Course is coming!

A figure came and out of the ocean with a roar came the largest and biggest lobster of them all and he was huge!

Nico: WHOA! THAT ONE IS HUGE!

Atomic Skull: Have you guys fought that thing before?!

Me: Yes we have!

We fired blasts of energy and blasted it all over and then we slashed it all over the place and it feel to the ground and exploded in a massive explosion of flames.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The giant lobster was dead and so were all the Lobsters and some of them were cooked and put in bags for our seafood buffet dinner.

Nico: YEAH!

Me: That was awesome!

Samurai Jack: It sure was.

Me: Just like old times.

Varie: It sure was.

The villagers came and cheered wildly for us.

But then I saw a reflection in one of the villagers eyes and I saw the Black Ninja land behind me and he had his black Katana ready and I looked behind me and clashed my sword with his and we clashed violently and he jumped and kicked at me and I dodged his kick and punched him in the face and he went flying and landed in front of us.

We gasped.

Me: The Black Ninja!

Nico: WHOA! So he's the Black Ninja from your journey's as the Brave 12.

Me: That's him and he was one of the deadliest foes that Aku sent to kill us.

Mindwipe: I'll use my mind control powers on him. (uses mind control on the Black Ninja)

But the Mind Control Powers didn't work.

Mindwipe: What the!?

Me: He's a robot Mindwipe.

Nico: And a really deadly one from what I read.

Twilight Sparkle: This is gonna get ugly.

Roquefort: Time to fight ninja with ninja. (to the Cheese Ninjas) Cheese Ninjas! Attack!

They went at the Black Ninja. But then…

SLASH SLASH SLASH SLASH SLASH SLASH SLASH SLASH SLASH SLASH SLASH SLASH SLASH!

The Cheese Ninjas were sliced and diced into a million pieces and Nico ate them.

Me: He gave us a really hard time when we faced him. He slashed my stomach open when we faced him the last time.

Lisa Loud: Indeed. We were there when we saw it.

Vince: But thanks to J.D.'s powers he healed instantly.

Fu: Yeah it was intense.

Nico: Whoa!

Headstrong: We need to fall back and come up with a plan!

Me: No he'll follow us all over until he kills us. Aku made him so he could kill us!

Samurai Jack: That's right. Aku made him to use the darkness of the shadows.

Me: This is one of Aku's most deadliest minions.

Eli: It sure is. I've read about that and this ninja was deadly.

Katnappe: Well, we can't just be reckless about this!

Maria: Okay. Good point!

Me: He's not gonna give us that chance!

He went at us and I clashed with the Black Ninja all over and sparks were flying everywhere! He jumped and kicked at me and I ducked and he kicked me in the face and punched me and kicked me and the punched me in the face with incredible force and sent me crashing into Nico.

CRASH!

Me: (Groans)

I had blood dripping from my mouth.

Me: OW!

Nico: WHOA! You weren't kidding about this guy. He is dangerous.

Me: He's worst than that. He's deadly! Fall back everyone!

The Cheese Shogun sent millions of Cheese Ninjas to hold him off while we hid.

The Black Ninja continued to destroy more Cheese Ninjas while we hid behind a building.

Divebomb: Okay. That should give us some time to think of a plan.

Nico: What are we gonna do? He's lethal.

Me: But he's still a very formidable and worthy foe. But I do have a plan. Ashi, you and Jack will hold him off while we have our usual battles and then we'll all join in later on.

Twilight Sparkle: But isn't that gonna be dangerous?

Me: No Ashi and her sisters were trained from Birth. The Daughters of Aku were considered the most deadliest force ever known that we saved from themselves.

Vince: It's true. Ashi slaughtered an entire army all by herself.

The girls gasped in sheer amazement.

Sunset Shimmer: Whoa.

Fluttershy: My goodness.

Rarity: Incredible.

Twilight Sparkle: Wow. Now I really want to read that book.

Me: It's a great story. You're in for a really awesome adventure in our travels as the Brave 12.

Lily: Yep.

Katnappe: Let me hold him off as well.

Me: Okay. Be careful.

Samurai Jack: The Shinobi is the Warrior of The Night. Trained to use the Darkness of the Shadow. I know of the Shinobi's arts as well.

He took off his gi and turned it around and it was pure white on the inside.

Samurai Jack: But I have been trained to use the Light.

He became a white ninja.

Me: I remember this. This is so cool.

Common Cold: I'll help hold him off too!

Me: Okay. But it's best if you stay in the air. He won't reach you up there. Roquefort, keep those Cheese Ninjas coming. We're gonna need a massive number of them.

Roquefort: Right.

Needle Man then saw a card in the Ninja's Pocket.

Needle Man: Wait. Is he using a Number Card?!

Eli: Yes he is! The Force is telling me that he has Number 42: Galaxy Tomahawk!

Nico: That must be how he is predetermining our move sets.

Me: Yeah. Lets go!

Ashi and Jack, Common Cold, Katnappe, Fu and Kakashi held the Ninja and then The Wrecking Crew, The U-Foes, Man Ray, The Dirty Bubble, Steam Smythe, Mojo Jojo, Radioactive Man and P'andor came and with them were The GOLDEN GUT and Dr. Strange's old foe Karl Amadeus Mordo A.K.A. BARON MORDO!

---

Baron Mordo

**Karl Amadeus Mordo**, better known **Baron Mordo**, is a major villain from *Marvel Comics* and the secondary antagonist of the Dr. Strange series. He is a powerful and evil sorcerer whom happened to be the Ancient One's former pupil until he attempted to assassinate his mentor but is foiled by the new apprentice Stephen Strange, leading to Baron Mordo being cast out and Dr. Strange eventually becoming "Sorcerer Supreme." Mordo would clash with Dr. Strange on a multitude of occasions, at times with the backing of the demon Dormammu, going so far as successfully impersonating Dr. Strange for a short period of time.

Originally a Transylvanian nobleman born in Varf Mandra, Baron Karl Amadeus Mordo became a student of the Tibetan sorcerer known as the Ancient One. When Mordo plotted to kill his teacher, the Ancient One's visitor Dr. Stephen Strange learned of the plot, forcing Mordo to cast restraining spells to prevent him from warning his master or attacking him. However, Strange selflessly decided to accept the Ancient One's offer to learn magic in order to help the old man, and the Ancient One freed him from those spells, revealing he was fully aware were in place. The Ancient One trained him as a formidable enemy of Mordo and Mordo was exiled by the Ancient One.

Mordo later entered service to one of Dr. Strange's enemies, Dormammu, the Ruler of the Dark Dimension, becoming his emissary.

## Powers and Abilities

Mordo's abilities were similar to those of Doctor Strange, but Mordo was particularly skilled at astral projection and hypnosis, as well as mesmerism. He was more than willing to use powerful black magic and invoke demons, both of which Strange was reluctant or unable to do, although both acts would sometimes backfire on Mordo.

## TV Appearances Spider-Man Animated Series

Mordo was a recurring villain in the *Spider-Man Animated Series* as an enemy of Spider-Man and his ally Dr. Strange.

A former student of the Ancient One, he attempted to overthrow him but Stephen Strange discovered his plan and attempted to warn the Ancient One but Mordo used a spell to silence him. Fortunately the Ancient One already knew of Mordo's plan and effortlessly stopped it, banishing Mordo from his tutelage and taking Strange on as his apprentice. Mordo goes onto become high priest of the Dread Dormammu whom he seeks to release from the Dark Dimension. He controls a cult of worshippers whom he keeps under his control by casting illusions that delude them into believing that they are being reuinited with loved ones.

Mordo pursues the powerful Wand of Watoomb, brainwashing Mary-Jane Watson into becoming a member of his cult, showing her visions of her father. When Peter Parker comes to rescue her, Mordo brainwashes him by showing him visions of his deceased parents. He then sends his puppets, including Peter to raid Strange's temple and bring him the Wand of Watoomb. Using his Spider-Powers, Spider-Man overwhelms and his assistant Woo with the help of the other cultists. Mary-Jane makes off with the Wand but Strange captures Spider-Man and releases him from Mordo's mind-control. They then go to Mordo's temple where he is using the Wand in a ritual to open a portal to the Dark Dimension. Spider-Man gets the Wand off Mordo whilst Woo fights off the cultists. Mordo attacks Strange but proves no match for him. He pleads with Dormammu for help and Dormammu sends his servant some of his own powers from beyond the portal. Spider-Man jumps through the portal to fight Dormammu and is joined by Strange. They retrieve the Wand from Dormammu and escape, by which time Mordo has fled.

He was voiced by the late Tony Jay, who was most well-known for voicing Galactus in the Marvel Animated Universe, Shere Khan in *The Jungle Book 2* and *Talespin*, Monsieur D'Arque in *Beauty and the Beast*, and Judge Claude Frollo in *The Hunchback of Notre Dame* .

Film Appearances *Doctor Strange: Sorcerer Supreme*

Baron Karl Amadeus Mordo is the secondary antagonist of the animated television movie, *Doctor Strange: Sorcerer Supreme* . Depicted as a fierce warrior, he and his fellow students are shown pursuing demonic beasts through downtown New York. Mordo however, is more concerned with killing the monsters than in actually protecting innocent civilians, causing more damage than the monsters themselves in his pursuit of them. This particulary shown where he, against Ancient One's suggestion to killed nearest Chinou (a species of invading demonic monster where at that time, two members of their kind sent for Sanctum Sanctorum) by divided his team into two groups so they can simultaneously killed two beast, resulting many of his friends got killed. Although a good fighter, he is pompous and not a particularly skilled sorcerer and his fellow students regard him with a mocking contempt due to him seeing himself as leader and his recklessness and lack of concern about their well being. He believes that he will be chosen as the Sorcerer Supreme, but the Ancient One denied it, saying that he never even contemplated him for the position (particulary for his recklessness that killed many of his friends when fighting Chinous) and feels Dr. Stephen Strange is more worthy in such position due to the doctor never obsessed with it. He instead giving him the task of training Strange in the art of combat.

When trained Stephen, Mordo took his anger on Stephen whom just learned how to use magic. In spite of his injured hands newly restored with his own sorcery through Ancient One's guidance, Strange was no match for Mordo, whom goes to killed him out of frustation. However, that is the moment where Strange realized that his skill in magic far superior than he believed: He discovered that he can absorb other's magic and turned it against them. Thanks to it, Stephen managed to defeat Mordo albeit accidently, enraged the disillusioned sorcerer until being stopped by Wong.

Humiliated, Mordo turns to the dark god Dormammu, offering to help him in his plan and Dormammu accepts his assistance. Although Mordo helps Dormammu succeed in entering the world, he is confronted again by Strange who once again effortlessly defeats him. Mordo howls in rage at his inability to defeat Strange before Dormammu, probably feeling embarrassed for Mordo at this point, devours him.

## Marvel Cinematic Universe Doctor Strange

In the *Marvel Cinematic Universe*, Mordo is played by Chiwetel Efiojor, who also played Victor Sweet in *Four Brothers*, Luke in *Children of Men* and voiced Scar in the 2019 film *The Lion King* .

Rather than being a villain, Mordo started off as a hero who made his debut in *Doctor Strange* as an ally of Stephen Strange. However, the main antagonist Kaecilius (played by Mads Mikkelsen) does bear some similarities to Mordo in comics, being a former student of the Ancient One who turned to the path of evil. That, coupled with Kevin Feige's statement where he found Mordo's descend into villainy in the comics too predictable for the audience, resulted his *Marvel Cinematic Universe* incarnation deliberately given a different route in his character development where in the series' proper, the result of his inability to comprehend the necessity to break the rules of nature should the situation calls for it.

Mordo eventually becomes disillusioned with the Ancient One's ideals, having witnessed Strange bend the rules of nature to defeat Dormammu and Kaecilius. Breaking off all ties with the Mystic Arts, Mordo embarks on a mission to eliminate the other sorcerers of the world, beginning with the Ancient One's former pupil Jonathan Pangborn by depriving him of his ability to walk, much to Jonathan's horror.

## Golden Gut

The **Golden Gut** is an evil sumo wrestler made out of solid gold who has attempted to destroy the Crimson Chin and all of Chincinnati. Currently, the Golden Gut only made one appearance in the entire series as a brief appearance in the episode Fairy Fairy Quite Contrary where he knocked the Crimson Chin off of the building with his large gut.

Golden Gut: (Japanese Accent) My future archenemy will be Clyde McBride. Hai!

Clyde McBride: Wow! This is gonna be so awesome!

Baron Mordo: Indeed and my archenemy is gonna be young Eli.

Eli: WOW! This is gonna be awesome!

Nico: Yeah!

Wrecker: Man, this place is a mess.

May: That's an understatement.

Ironclad: Are these lobstors?

Maria: Believe it or not, they are.

Man Ray: Wait. Is that a ninja?

Steam Smythe: It looks like it.

Me: That's not just a ninja. It's a ninja that we faced on our journeys as the Brave 12. He is a very deadly foe.

Varie: He gave us a run for our money on our journey to destroy Aku.

Piledriver: Whoa! I read about that. That was intense!

Lincoln: He was tough though. But that Number Card he has on him made him tougher than ever.

Me: It sure did. And he is a deadly foe now.

?: He isn't the only two foes you have to face.

We saw 2 figures come out and they were the LAVADACTYLS from Episode 12 of Operation Overdrive and OCULOUS from episode 25 of Mystic Force!

---

Lavadactyls

The **Lavadactyls** were robotic pterodactyl mechs and were one of Moltor's creations and also the Zords of the Lava Lizards.

A trio of mechanical Pterodactyl-like creatures, each piloted by a Lava Lizard and capable of shooting lasers from their mouths. Their purpose was to ambush the Rangers and Tyzonn during their quest for the Toru Diamond and the fight against Bullox. They all were destroyed by Mack in the newly dispatched Sonic Streaker.

Moltor created a Cybernetic Rex who launched two swarms of these. The first swarm was destroyed by the DriveMax Ultrazord, the second swarm by the Battlefleet ship.

Oculous

**Oculous** was a red-eyed robotic Cyclops and was one of the Ten Terrors. He was the sharpshooter of the Ten Terrors and was known as the "Cunning Hunter". He used a sniper rifle with a bayonet as his weapon. He was the second Terror to battle the Rangers and gets fought as the main antagonist in the episode "The Hunter".

When Necrolai first entered the lower sanctum where the Ten Terrors dwelled, Oculous was on the verge of firing on her with his sniper rifle, before Gekkor intervened. Necrolai told them that the Master was defeated again, Imperious was destroyed, and they had to help conquer the world. The Terrors listened to her and agreed to help conquer the Surface World. When they arrived in the human world, the sky turned dark, and they told the people of Briarwood to give them Light, who is actually Nick Russell, the Red Ranger. They easily defeated Rangers' Manticore Megazord and left.

After Magma (the first Terror to fight the Rangers) was destroyed, Oculous became the second Terror chosen by the Stone of Judgement to challenge the Rangers. Oculous arrived to the city and encountered the Rangers, offering to spare their lives if they sacrificed Nick, The Light. The Rangers refused and attempted to escape, but Oculous easily took out Vida, Madison, Xander, and Chip from his other dimension, leaving Nick wounded and desperate. When Phineas told Nick to look into his "heart", Nick summoned Fire Heart and combined with him, summoning the Mystic Battlizer and becoming the Red Dragon Fire Ranger. Oculous summoned Necrolai and a horde of Hidiacs and Styxoids. Nick defeated numerous Hidiacs & Styxoids before firing at Oculous, destroying him completely, making his friends rematerialize. This makes Oculous the second Terror to be destroyed and the first Terror to be destroyed by the Rangers

---

Mack Hartford: The Lavadactyls!

Charlie Thorn: And Oculous!

Me: I remember both of you! The Lavadactyls were the Zords made for the Lava Lizards by Moltor and Oculous you were the 2nd of the 10 Terrors that was faced and Nick used his awesome Fire Heart Battlizer to defeat you and save his friends! That was epic!

Oculous: Indeed it was. That was a great fight. And I did the same thing to the rangers. Except for you and Chip.

We saw that the rest of the Mystic Force Rangers except for Chip and myself are gone.

Me: Whoa! Just like on TV. This is gonna be awesome!

Lavadactyl: Are you surprised to see us at normal size, Rangers?

Mack Hartford: I sure am. Now it's gonna be fun.

Rose Orton: Yeah it is!

Me: This is gonna be good.

Mindwipe: He really WAS a robot.

Eli got the Number card from him and Ink Rose got the Ninja's black katana.

Ink Rose: But this will come in handy for me.

Me: But that's the last we've seen of the black ninja.

Dirty Bubble: Looks like the Black Ninja's been dealt with.

Mojo: And so are the lobsters.

Samurai Jack: But there are more of Aku's minions that will appear in the future.

Radioactive Man: But we'll be ready for them.

P'andor: Now, what do we do with these lobster corpses?

Me: We're gonna cook them in a seafood buffet. We're hungry.

Nico: Care to join us?

Mojo: We'd be honored.

We rounded up the corpses of the lobsters and went back home and got the sand out of them and we made all kinds of dishes for them.

Samurai Jack: (To the viewers) Hope you liked this battle as much as we have. It was epic.

Me: It sure was. Just like old times.

We had a great dinner and then Manaphy was on the phone. She was on the phone with Joe.

Joe: Manaphy, remember when I said to keep our involvement in the battle against Mandarin a secret?

Manaphy: Yep. Why?

Joe: Well, forget about that. We need you to tell JD and the others about us in a plan to take Black Ghost down.

Manaphy: Understood.

Later Manaphy told me everything in my room.

Me: Are you serious Manaphy? You met the Cyborg 00 team when we were fighting the Sullen 6 and Mandarin?

Manaphy: I sure did and they told me to keep their appearance a secret.

Me: Wow.

Manaphy: Joe needs to you to call him back so that we can help take down Black Ghost once and for all.

Me: Luckily I do have a plan.

I got to calling Joe and he answered on the Hologram Phone.

Joe: Hello J.D. It's an honor to meet you.

Me: Same here Joe. I heard so much about you and everything that happened with the 9 of you and Black Ghost and you have the deepest of my condolences.

Joe: Thank you.

Me: You're welcome. But luckily I do have a plan where we can take down all of Black Ghosts forces little by little at a time. Since the headquarters of Black Ghost is scattered all over the world, we can reduce their weapons production significantly by taking out their bases one at a time. Me and one of the Underground Girls will head out and take down each base from above and below. To make sure we don't have them know it's us, we'll attack from the air, underground and in the sea.

Joe: That's genius! Great thinking!

Me: Thank you. The closest base of Black Ghost is located in the Rockie Mountains in Wyoming in a hidden base in the Teton Mountains.

Joe: Okay. Be careful.

Me: Will do. And we'll meet you for the grand battle at their main headquarters in Russia.

Joe: Understood.

He hung up and I called Sydney into my room.

Sydney: I'll go with you on this first assault, J.D.

Me: Thanks Sydney. The first base we're going after is in the Teton

Mountains of Wyoming.

Sydney: That's halfway around the country.

Me: But it's the closest one there is. Lets go.

We were off to Wyoming.

We arrived and I used my powers to find the base of Black Ghost and I found it hidden in a mountain.

Me: Target sighted.

Sydney: Lets destroy it. But first. Cover your eyes J.D.

Me: Okay.

I did so and she took off her clothes and groaned in pain and Sydney turned into Quarry.

Quarry: Good to be out again.

Me: Lets do it.

We went into the base and slashed and blasted the guards and more all over and then we left the base 47 minutes later. I covered my eyes and gave Sidney back her clothes.

Me and Sidney fired small energy blasts and they went underground and into the base and the whole mountain exploded!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The whole base was destroyed and it obliterated all the weapons and crew in it.

Me: Take that. That's one base down and who knows how many to find.

Sydney: Yep.

We went back.

THE END

---

Another awesome chapter done.

The Black Ninja from episode 40 of Samurai Jack was beyond a shadow of a down the most deadliest foe in that part of the series before the Daughters of Aku. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys. Get ready to laugh your heads off and experience the laughter and crazy funny shenanigans as we go to Las Vegas and take down Dorian Tyrell and the Las Vega Mafia and kill them all and make them pay for their crimes. It's gonna be so funny as we help Loki and the Mask.

See you all tomorrow.

# The Crazy Shenanigans of The Mask

Things were starting to get in the Estate. Over the last few days, people from all over the world came to the estate and they were sending us apologies all over like weeds and more. Sunset Shimmer knew that they were deceived by the Sullen 6 and were forced to turn against us and that it wasn't their fault.

Sunset Shimmer had a rainbow energy flow through her eyes and she forgave all of them for us. It was a great day for her. And then she had an unexpected sight happen. She had a beam of light come out of her chest and it was the Key of Forgiveness and it was in the shape of her cutie mark.

Later in Rainbow Falls, it was called that because it had amazing and really beautiful rainbow waterfalls, we were there to help Rainbow Dash qualify for the Wonderbolts tryouts and she managed to pull off a huge and successful tryout with us and her friends cheering her on and she earned a great ribbon and a pin. The pin then turned into the Key of Loyalty and it looked like her cutie mark. It was awesome. We had 4 keys.

Later back at the estate we were watching TV and having fun with card games. Sunset Shimmer was playing Wizards Chess with Apple Bloom and Ginny Weasley was watching them.

Sunset Shimmer: Hmm. Knight to H3.

The Knight piece moved.

Sunset Shimmer: This is so awesome.

Apple Bloom: It sure is.

Ginny: (British Accent) You guys are learning fast in this.

Apple Bloom: I know. Hmm.

She looked over it.

Apple Bloom: Queen to H3.

The Queen moved to said space and it unsheathed its sword and smashed it to pieces.

Sunset Shimmer: So awesome.

Avatar June: Didn't you guys have a huge Goosebumps adventure where you all destroyed Horrorland?

Me: We sure did and we call that mission The Amusement Park From 100 Hells.

Nico: Yeah. That was one of our most Harrowing missions.

Twilight Sparkle: Wow!

Sunset Shimmer: That was for Nico's book One Day at Horrorland right?

Me: That's right. And that Amusement Park was no joke.

I pulled up a map on the computer and showed them where Horrorland was.

Me: Horrorland was right here about 30 miles from the Springfield Nuclear Crater.

Bender: Wow! That's not very far from the sight of that rotten town.

Nico: No it wasn't.

Wanda: There are actually a lot of Goosebumps Books about Horrorland.

Me: And a Computer Game too. That was a good one.

Nico: I remember that.

Twilight Sparkle: What was Horrorland like?

Me: Well let me tell you. Horrorland was a Nightmare Park from Hell.

I went over everything that happened during the events of chapter 771 and told them about what Horrorland had in it and more.

**HorrorLand** is a horror-themed amusement park in an unknown location run by creatures known as Horrors.

HorrorLand was a little-acknowledged part of the *Goosebumps* world up until the release of the *Goosebumps HorrorLand* book series in which monsters from throughout the *Goosebumps* series join together in an attempt to get rid of their enemies, the main characters from the original *Goosebumps* series. HorrorLand was created by a man named Kit Katzman in the 1970's and its staff is mostly creatures called Horrors.

HorrorLand rides and attractions

The following rides and attractions are located in HorrorLand:

Deadly Doom Slide

The **Deadly Doom Slide** is an attraction. Way back during the park´s 10th Anniversary Year, attendance started to die off. People were bored with the same old rides all over again. But, then Bill Board: Head of the HorrorLand Advertising came up with a plan to make the park frightening again. First, the Horrors bought the ten haunted acres of the cemetery next to it and used the tombstones to build several things over the park leaving many ghosts homeless and unhappy. Then a contest came in to design the scariest slide ever. Instead of picking one, the horrors picked 10 random designs and constructed the Doom Slide.

The slides in the Doom Slide are:

**The Ear Wax Alley, The Electric Banshee, The Worm Belly, The Dragonbreath Drive, The Just-a-Drop, The Hairy Luge, The Carpenter´s Delight, The Sewer Slide, The Infinity Dreadful, The So That´s where all the Axes Went!**

The **Carnival of Screams** is the only area visitors have access to when they enter the park. They must earn 10 frights to get into

Vampire Village. It is the least scary area.

It's known rides include:

**Calamity Canyon**

**Wheel of Misfortune**

**HorrorLand Derby**

**Monster Mash**

**Dead Ringer**

**Bumper Carnage**

The following rides have been closed:

**Ghost Train**

**Terrible Teacups**

**Ferris Squeal**

## House of Mirrors

The **House of Mirrors** is a small building made out of glass. Once inside, a person will sooner or later get trapped inside a room of glass where the walls will close in and try to crush them until a chute opens and they slide out. The official story is a horror supermodel trashed the place, but it obviously was closed to avoid guests escaping to Panic Park.

## Coffin Cruise

The **Coffin Cruise** is an attraction where a person is put inside an open casket that floats down a river until the casket slams shut and the person is left in the darkness. Near the end, spiders crawl over the person. The coffin cruise is said to be lethal. It crosses the Mind Swamp in which brains float in the water. It is between Black Lagoon Water Park and Vampire Village.

## Werewolf Village

The **Werewolf Village** is one of the many monster villages found throughout HorrorLand. It is a real working neighbourhood inhabited exclusively by Werewolves. It was created because at HorrorLand's start when its monsters were all roommates, a werewolf´s roommate would disappear on every full moon. A forest spot called Wolfsbane Forest was picked and added a few things.

The main attractions are:

**Make Me Howl!** - A shop where they will transform you into a werewolf digitally.

**Moment of Paws** - A werewolf-run spa where it turns out that werewolves are really good masseuses and hairdressers.

**Wolfgang´s Music Shop** - A place where you can purchase werewolf howl recordings, moon-themed songs, and CDs of the most famous all-werewolf band ever called Howie and the Howlers.

**Fur Sure!** - A clothing store where all the clothes are made of shredded werewolf fur.

**Over the Moon Souvenirs** - A gift shop selling silver bullet key-chains, wolf cub dolls, miniature Werewolf Village play sets, jars of authentic werewolf drool, and wolf´s tooth necklaces.

**Wolf It Down** - The only vegetarian werewolf restaurant with the house specialties being tofu one-armed shepherd pie, cub club cheese sandwiches, and little pigs lettuce in a salad.

**The Werewolf Petting Zoo** - Visitors to HorrorLand can pet many kinds of werewolves from snuggly gray little cubs to mean gigantic adult ones.

**The Wolfsbane Forest** - A deep dark forest where giant bugs crawl in the trees. The Wolfsbane Forest is the feeding place for many werewolves and home to their distant, rare, and dangerous cousin called the White Wolf.

Horror Rapids
